COMPREHENSIVE PLAN:

Conservation - Areas designated for uses of land, water, flora and fauna that appear naturally. Such uses may include such activities as extraction or production for commerce; human enjoyment, hunting, fishing, or other recreation within natural landscapes; or preservation of natural systems. The concept of "conservation" includes a private landowner's understanding of responsibility to wisely manage that resource so that it remains in good condition for future generations (often simple referred to as "good stewardship"); this concept may also include the conservation of energy through efficient transportation options as well as through climate responsive building design, as well as the conservation of historic, scenic, or otherwise serviceable buildings and landscapes. Means to achieve conservation are myriad and include both private and public sector initiatives – such means will be considered in subsequent phases of the New Directions 2025 planning process.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-3 (Suburban District) to A-3 (Suburban District) & MHO (Manufactured Housing Overlay). The site is located on the west side of Eagle Street, south of Bobby Jones Blvd., being lot 4, Square 47, Hillcrest Country Club Subdivision. The 2025 Future Land Use Plan calls for conservation in this area. The zoning change is being requested to allow for the placement of a manufactured home on a lot, which is part of an existing subdivision. The subdivision is primarily composed of mobile homes. Staff has no objection to the request.

STAFF RECOMMENDATION:

The staff recommends that the request for a MHO (Manufactured Housing Overlay) designation be approved.
