District)

LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Undeveloped	A-2 Suburban District
South	Undeveloped	A-2 Suburban District
East	Residential	A-2 Suburban District
West	Commercial/Undeveloped	HC-3 Highway Commercial District

EXISTING LAND USE:

Existing development? Yes Multi occupancy development? No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-2 (Suburban District) to HC-2 (Highway Commercial District). The site is located on the south side of US Highway 190, east of Lake Road, west of Bayou Lacombe, being 28214 Highway 190, Lacombe. The 2025 Future Land Use plan calls for the area to be developed with residential uses. There is an existing commercial building on the site which has been in operation since 2001. Note that the parcel was zoned C-1 Neighborhood Commercial District prior to the Comprehensive Rezoning Plan in 2009. Staff does not object to the requested rezoning, considering the location of the site, along a major collector and in close proximity to some existing commercial uses.

STAFF RECOMMENDATION:

The staff recommends that the request for a HC-2 (Highway Commercial District) designation be approved
