LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Undeveloped	A-2 Suburban District
South	Undeveloped/Industrial	I-1 Industrial District
East	Undeveloped	I-2 Industrial, A-2 Suburban District
West	Undeveloped	A-2 Suburban District

EXISTING LAND USE:

Existing development? No **Multi occupancy development?** No

COMPREHENSIVE PLAN:

Conservation - Areas designated for uses of land, water, flora and fauna that appear naturally. Such uses may include such activities as extraction or production for commerce; human enjoyment, hunting, fishing, or other recreation within natural landscapes; or preservation of natural systems. The concept of "conservation" includes a private landowner's understanding of responsibility to wisely manage that resource so that it remains in good condition for future generations (often simple referred to as "good stewardship"); this concept may also include the conservation of energy through efficient transportation options as well as through climate responsive building design, as well as the conservation of historic, scenic, or otherwise serviceable buildings and landscapes. Means to achieve conservation are myriad and include both private and public sector initiatives – such means will be considered in subsequent phases of the New Directions 2025 planning process

STAFF COMMENTS:

The petitioner is requesting to change the zoning from I-1 (Industrial District) & I-2 (Industrial District) to NC-6 (Public, Cultural, Recreational District) (4.61 acres), I-1(Industrial District) (4.13 acres) & I-2 (Industrial District) (19.17 acres). The site is located at the end of Johnny Lane, north of J.F. Smith Avenue. The 2025 Future Land Use Plan calls for the area to be used for conservation purposes. The 4.61 acre parcel requested to be rezoned to NC-6 is currently zoned I-1. The change to NC-6 would allow for recreational and cultural uses, which would be more in compliance with the objectives of the 2025 plan than the current industrial zoning. Second, the 4.13 acre parcel requested to be rezoned to I-1, is currently zoned I-1 and I-2. This request would create a decrease of the intensity of the existing zoning. Finally, a portion of the 19.17 acre parcel, requested to be zoned to I-2, is already zoned I-2 and abuts industrial zoning on two sides. Staff does not object to the three requested zoning changes.

STAFF RECOMMENDATION:

The staff recommends that the request for a NC-6 (Public, Cultural, Recreational District) (4.61 acres), an I-1(Industrial District) (4.13 acres) and an I-2 (Industrial District) (19.17 acres) designation be approved.
