LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Undeveloped & Interstate ramp	PBC-1 (Planned Business Center)
South	Undeveloped	A-4 (Single Family Residential District)
East	Undeveloped	A-6 (Multiple Family Residential District) & A-4 (Single Family Residential District)
West	Undeveloped	NC-5 (Retail & Service District) & NC-2 (Indoor Retail & Service District)

EXISTING LAND USE:

Existing development? No **Multi occupancy development?** Yes

COMPREHENSIVE PLAN:

Planned Districts - Coordinated development on several parcels, usually at a higher density – but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, *e.g.*) uses, as well as the supporting infrastructure and public services they will require (*See “Small Area Plans,” below*). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

Single Family Residential – Conservation - These planned districts would include clustered single family residential uses, at a density – within the overall tract – which is similar to that of adjoining residential uses, and conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure. Such individual Planned Residential – Conservation developments should aim to achieve contiguity among adjoining conservation areas in adjacent developments.

Case No.: ZC15-07-058

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-4 (Single Family Residential District) & A-6 (Multiple Family Residential District) to A-7 (Multi Family Residential District). The objective of the request is to rezone 2.89 acres to A-7, making it consistent with the abutting 15.612 acre parcel of land, recently approved to be rezoned to A-7 (ZC15-04-034). The second request is from A-6 (Multiple Family Residential District) & NC-2 (Indoor Retail and Service District) to NC-5 (Retail & Service District). The objective of the request is to make the zoning of the 9.61 acre parcel of land consistent with the adjacent parcel, to the west, which is already zoned NC.5.

The 2025 future land use plan calls for the area to be developed as a planned district which would include a mix of commercial and residential uses and promote the preservation of the environmental features of the site. Both requests meets the 2025 future land use plan. Staff does not have any objections to the request.

STAFF RECOMMENDATION:

The staff recommends that the request for an A-7 (Multi Family Residential District) & a NC-5 (Retail & Service District) designation be approved.
