South	Industrial	I-1 (Industrial District)
East	Commercial & Industrial	HC-3 (Highway Commercial District)
West	Undeveloped & Bayou Vincent	I-1 (Industrial District)

EXISTING LAND USE:

Existing development? Yes **Multi occupancy development?** Yes

COMPREHENSIVE PLAN:

Conservation – Areas designated for uses of land, water, flora and fauna that appear naturally. Such uses may include such activities as extraction or production for commerce; human enjoyment, hunting, fishing, or other recreation within natural landscapes; or preservation of natural systems. The concept of “conservation” includes a private landowner’s understanding of responsibility to wisely manage land resources so that they remain in good condition for future generations (often simple referred to as “good stewardship”); this concept may also include the conservation of energy through efficient transportation options as well as through climate responsive building design, as well as the conservation of historic, scenic, or otherwise serviceable buildings and landscapes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from I-1 (Industrial District) to I-2 (Industrial District). The parcels are located along J. F. Smith Blvd & Mechanical Drive, Johnny F. Smith Memorial Business Park. The 2025 future land use plan designates the area to be preserved as a conservation area. However, the site is already developed as an Industrial Park. The objective of the request is to allow for larger buildings and a variety of more intensive uses, allowable under the I-2 zoning district. Staff has no objection to the request.

STAFF RECOMMENDATION:

The staff recommends that the request for an I-2 (Industrial District) designation be approved.
