LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Undeveloped	HC-1 (Highway Commercial District)
South	Commercial	HC-3 (Highway Commercial District)
East	Commercial	HC-3 (Highway Commercial District)
West	Commercial	HC-2 (Highway Commercial District)

EXISTING LAND USE:

Existing development? Yes

Multi occupancy development? Yes

COMPREHENSIVE PLAN:

Planned Districts - Coordinated development on several parcels, usually at a higher density – but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, *e.g.*) uses, as well as the supporting infrastructure and public services they will require (*See "Small Area Plans," below*). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

Mixed Use – Commercial – Conservation - These planned districts would include mixed uses, except for residential uses, – at varying densities - and conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from HC-3 (Highway Commercial District) & PBC-1 (Planned Business Center) to PBC-1 (Planned Business Center). The site is located on the north side of Northpark Blvd, west of Lake Drive, east of Park Place. The 2025 future land use plan calls for the area to be developed as a planned district with commercial uses at varying density including conservation areas. A portion of the site is currently developed as the Chevron Office Complex. The zoning change to PBC-1 will allow expansion the office and supporting uses in a campus type setting. Staff has no objection to the request.

STAFF RECOMMENDATION:

The staff recommends that the request for an PBC-1 (Planned Business Center) designation be approved.
