LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Vacant	A-3 (Suburban District)
South	Vacant	NC-4 (Neighborhood Institutional District)
East	Vacant/Pond	A-3 (Suburban District)
West	Electrical Substation & Gas Station	HC-2 (Highway Commercial District)

EXISTING LAND USE:

Existing development? No **Multi occupancy development?** Yes

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-3 (Suburban District) to A-6 (Multiple Family Residential District). The site is located at the end of Oak Crest Drive, east of Lee Road, north of Stafford Road, being lot 33, Barker's Corner Estates. The 2025 future land use plan calls for the site to be developed with residential uses. Staff does not have any objections to the request considering that the site is abutting commercial zoning on the south side and on west side, which is currently developed with a gas station and an electrical substation.

Note that the A-6 zoning district allows for multi family residential development at a maximum net density of one unit per four thousand (4000) square feet of property.

STAFF RECOMMENDATION:

The staff recommends that the request for an A-6 (Multiple Family Residential District) designation be approved.
