LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Undeveloped/Residential	Town of Pearl River
South	Undeveloped & Cell Tower	A-4 (Single-Family Residential District)
East	I-59	
West	Residential	A-4 (Single-Family Residential District)

EXISTING LAND USE:

Existing development? Yes

Multi occupancy development? Yes

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-4 (Single-Family Residential District) to A-4 (Single-Family Residential District) & RO (Rural Overlay). The site is located on the north side of West Porter's River Road, west of I-59, being 39311 West Porter River's Road, Pearl River. The 2025 future land use plan calls for the area to be developed with residential uses. There is an existing single family residence on the property. The owner is requesting a Rural Overlay to operate a kennel on the site. Staff does not have any objections to the request considering that the rural overlay allows the uses permitted under A-4 zoning and also allows for agriculture related uses, including kennel.

STAFF RECOMMENDATION:

The staff recommends that the request for a RO (Rural Overlay) designation be approved.
