Performance Obligation (\$14,400)

Honorable Council Members:

The Performance Obligation in the amount of \$14,400 expires July 30, 2014 and is scheduled for review by the Parish Council at the June 5, 2014 meeting.

The following punch list items remain:

1. Roadside ditches are silted up and need to be regraded to provide positive flow;
2. Outfall ditches are silted up and need to be regraded to provide positive flow;
3. Swales between lot fill are not functioning and must be constructed in accordance with sheet F-1; dated 9-6-06 prepared by Cooper Engineering, Inc.
4. Silt abatement measures are not functioning. Best Management Practices need to be employed to prevent siltation. It will be necessary that your engineer furnish a silt abatement plan for review by our Watershed Coordinator.
5. The signs need to be installed along with blue reflectors all in accordance with latest signage specifications;
6. As-Built drawings are needed upon completion of the regrading of all ditches, swales and signage;
7. The ASPHALT roadway linear cracks need to be cleaned out and approved crack filler material needs to be applied;
8. Roadway shoulders need to be constructed in accordance with the approved drawings
9. Clean out all cross culverts.

This office has not received notification from the developer's engineer that the punch list items have been accomplished.

Therefore, this obligation must be extended for six (6) months or until the work is satisfactorily accomplished.

Sincerely,

Mr. Charles E. Williams, P.E.
Parish Engineer, Director of Engineering
