LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Undeveloped	I-2 (Industrial District)
South	Undeveloped	I-1 (Industrial District)
East		I-2 (Industrial District)
West	Warehouse Undeveloped	NC-6 (Public, Cultural, Recreational District)

EXISTING LAND USE:

Existing development? No **Multi occupancy development?** No

COMPREHENSIVE PLAN:

Conservation – Areas designated for uses of land, water, flora and fauna that appear naturally. Such uses may include such activities as extraction or production for commerce; human enjoyment, hunting, fishing, or other recreation within natural landscapes; or preservation of natural systems. The concept of “conservation” includes a private landowner’s understanding of responsibility to wisely manage land resources so that they remain in good condition for future generations (often simply referred to as “good stewardship”); this concept may also include the conservation of energy through efficient transportation options as well as through climate responsive building design, as well as the conservation of historic, scenic, or otherwise serviceable buildings and landscapes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from I-1 (Industrial District) to I-2 (Industrial District). The site is located on the west side of Johnny Lane, north of JF Smith Avenue. The 2025 future land use plan designates the area to be preserved as a conservation area. However, the site is planned to be developed with industrial uses, being part of the JF Smith Industrial Park. The objective of the request is to allow for larger buildings and a variety of more intensive uses, allowable under the I-2 zoning district. Staff has no objection to the request.

STAFF RECOMMENDATION:

The staff recommends that the request for an I-2 (Industrial District) designation be approved.
