LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Undeveloped	I-4 Heavy Industrial District
South	Outdoor Storage Yard	PUD Planned Unit Development Overlay
East	Undeveloped	PUD Planned Unit Development Overlay
West	I-10	

EXISTING LAND USE:

Existing development? Y/N

Multi occupancy development? Y/N

COMPREHENSIVE PLAN:

Planned Districts - Coordinated development on several parcels, usually at a higher density – but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, *e.g.*) uses, as well as the supporting infrastructure and public services they will require (*See "Small Area Plans," below*). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

Mixed Use – Other – Conservation – These planned districts would include mixed uses – at varying densities - and conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from PUD (Planned Unit Development Overlay) to I-1 (Industrial District). The site is located on the east side of Howze Beach Road, south of Paul Street. The 2025 future land use plan calls for the area to be developed as a Planned District including a mix of uses at a variety of density. Staff does not have any objection to the request, considering the I-4 Heavy Industrial zoning abutting the site to the north.

Note that site has been rezoned to PUD as part of the Lakeshore Estate Subdivision rezoning request in 2001. However, the site is not part of the subdivision.

STAFF RECOMMENDATION:

The staff recommends that the request for an I-1 (Industrial District) designation be approved.
