The Department of Engineering recommends the installation of Signage to be installed in District 9.

As per MUTCD, when signs with arrows are used to indicate the restricted parking zones, the signs with the arrows should be set at an angle of not less than 30 degrees and not more than 45 degrees with the line of traffic flow in order to be visible to approaching traffic.

1. Install NO PARKING Left Arrow sign on Bradford, 30' for mailbox 509.
2. Install NO PARKING Double Arrow sign at the intersection of Bradford and N. Buckingham just behind wooden street signs.
3. Install NO PARKING Right Arrow sign on N. Buckingham, near address 505 Driveway as shown on the map.
