LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Residential	Town of Pearl River
South	Residential	Town of Pearl River
East	Residential	A-4 (Single Family Residential District)
West	Residential	A-2 (Suburban District)

EXISTING LAND USE:

Existing development? Yes **Multi occupancy development?** No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from HC-2 (Highway Commercial District) to A-4 (Single Family Residential District). The site is located on the south side of D.G.Holley Road, west of Watts Road. The 2025 future land use plan designates the area to be developed with residential uses. The site was previously zoned Rural and rezoned to HC-2 Highway Commercial District, as part of the Comprehensive Rezoning.

There is an existing single family residence on the site. The zoning change is being requested in order to bring the site into compliance with the existing residential uses. Staff has no objections to the request and feels that the A-4 Single Family Residential Zoning District is definitely more appropriate for the site.

STAFF RECOMMENDATION:

The staff recommends that the request for an A-4 (Single Family Residential District) designation be approved.
