ACCESS ROAD INFORMATION

Type: Parish **Road Surface:** 2 lane asphalt **Condition:** Good

LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Boat Repair	I-2 (Industrial District)
South	Indoor Sports Facility	I-2 (Industrial District)
East	Vacant	I-2 (Industrial District)
West	Undeveloped	I-2 (Industrial District)

EXISTING LAND USE:

Existing development? No **Multi occupancy development?** No

COMPREHENSIVE PLAN:

Planned Districts - Coordinated development on several parcels, usually at a higher density – but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, *e.g.*) uses, as well as the supporting infrastructure and public services they will require (*See "Small Area Plans," below*). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

Commercial– Industrial– Conservation – These planned districts would be limited to commercial and industrial uses – at varying densities, as well as conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from I-2 (Industrial District) to CB-1 (Community Based Facilities District). The site is located on the west side of Winward Drive, north of LA Highway 1085, being lots 4 & 5, Northpointe Subdivision. The 2025 future land use plan designates the area to be developed as a planned district limited to commercial and industrial uses, as well as area that would provide for open space and conservation areas, at a variety of densities. Staff feels that there is no compelling reason to recommend approval of the request, considering that the site is surrounded by industrial zoning.

The zoning change is being requested in order to develop the 4 acre site with an outdoor recreational facility.

STAFF RECOMMENDATION:

The staff recommends that the request for a CB-1 (Community Based Facilities District) designation be denied.
