LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Undeveloped	A-4A (Single-Family Residential District)
South	Undeveloped	NC-4 (Neighborhood Institutional District)
East	Undeveloped	A-4A (Single-Family Residential District)
West	Undeveloped & Single Family Residential	A-4A (Single-Family Residential District)

EXISTING LAND USE:

Existing development? No

Multi occupancy development? No

COMPREHENSIVE PLAN:

Planned Districts - Coordinated development on several parcels, usually at a higher density – but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, *e.g.*) uses, as well as the supporting infrastructure and public services they will require (*See "Small Area Plans," below*). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

Mixed Use – Commercial – Conservation - These planned districts would include mixed uses, except for residential uses, – at varying densities - and conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-4A (Single-Family Residential District) to NC-1 (Professional Office District). The 2025 future land use plan calls for the area to be developed with a variety of commercial uses compatible with its surroundings. The site is located at the intersection of 9th Street being a minor arterial & Falconer Drive, being a major arterial giving access to residential neighborhoods and commercial businesses. Considering the location of the site and the designation of the 2025 future land use plan, staff has no objections to the request.

STAFF RECOMMENDATION:

The staff recommends that the request for a NC-1 (Professional Office District) designation be approved.
