ADMINISTRATIVE COMMENT

St. Tammany Parish Government is establishing a Tree Bank Program, which is intended to maintain the canopy balance of protected trees in St. Tammany Parish. The program involves payment into a Parish escrow account for trees affected by new development when all other mitigation options are not feasible. The program revenue will be utilized to fund landscape projects within public rights-of-way with preference given to water quality and erosion control projects.

This ordinance will amend the Code of Ordinances to include the Tree Bank Program fee formula into Chapter 2 (Administration) Section 2-009.00 Parish Fees and Service Charges. A related ordinance to establish the Tree Bank Program is also on the October 2014 agenda for introduction.
