### SITE ASSESSMENT

#### ACCESS ROAD INFORMATION

**Type:** Parish

**Road Surface:** 2 lane asphalt

**Condition:** Good

#### LAND USE CONSIDERATIONS

##### SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Residential	A-1 (Suburban District)
South	Residential	A-3 (Suburban District)
East	Residential/Undeveloped	A-1 (Suburban District) & A-3 (Suburban District)
West	Residential/Vacant	A-1 (Suburban District) & A-3 (Suburban District)

#### EXISTING LAND USE:

**Existing development?** Yes

**Multi occupancy development?** No

#### COMPREHENSIVE PLAN:

**Planned Districts** - Coordinated development on several parcels, usually at a higher density – but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, *e.g.*) uses, as well as the supporting infrastructure and public services they will require (*See "Small Area Plans," below*). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

**Single Family Residential – Conservation** - These planned districts would include clustered single family residential uses, at a density – within the overall tract – which is similar to that of adjoining residential uses, and conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure. Such individual Planned Residential – Conservation developments should aim to achieve contiguity among adjoining conservation areas in adjacent developments.

#### STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-1 (Suburban District) to A-1 (Suburban District) & RO (Rural Overlay). The site is located on the south side of Meadowlark Drive, west of Rousseau Road, being 15258 Meadowlark Drive, Covington. The 2025 future land use plan calls for the area to be developed as a Planned District, with single family residences and conservation area. The site is currently developed with a large agricultural building. The zoning change is being requested in order to make the current use conform with the appropriate zoning.

#### STAFF RECOMMENDATION:

The staff recommends that the request for a RO (Rural Overlay) designation be approved.
