WHEREAS, in October 2002, the Council approved an ordinance that requires a conditional use permit approval of the St. Tammany Parish Zoning Commission in order to place a mobile home on property that is zoned SA (Suburban Agricultural) District and located within the Growth Management Area of St. Tammany Parish; and

WHEREAS, Forest Glen Subdivision (in Lacombe, Louisiana, in Section 48, Township 8 South, Range 12 East, Ward 4 & 7, District 7) is located in a SA (Suburban Agricultural) Zoning District and is situated within the Growth Management Area of St. Tammany Parish;

WHEREAS, there are a large number of mobile homes in the Forest Glen Subdivision, a considerable number of conditional use permit applications to place mobile homes in this subdivision have been submitted to the Planning Department for review, and all of the conditional use permits that were submitted for review since October 2002 have been approved by the Zoning Commission;

WHEREAS, the Department of Planning and the Zoning Commission have recommended approving a blanket conditional use procedure, waiving the public hearing process for conditional use permit applications to place a mobile home in Forest Glen Subdivision, the Council having concurred with the recommended approval of such procedure; and

WHEREAS, the Council recognizes that there may be other subdivisions that also have large numbers of mobile homes, which may warrant the utilization of such a blanket conditional use procedure, following the Zoning Commission's recommendation and Council's consideration and approval of the particular subdivision.

THE PARISH OF ST. TAMMANY HEREBY ORDAINS that the St. Tammany Parish Code, Appendix C, Land Use Ordinance 523, is amended to enact a new Subparagraph 5b of Paragraph R, Section 3.03 Minimum Standards, and to reenact the existing Subparagraph 5b as Subparagraph 5c, as follows:

SECTION 3.03 MINIMUM STANDARDS

Should the property be situated on a corner of intersection of two or more streets, then in this event, the said petition shall be executed and obtained from 100% of the property owners, on both sides of said streets and/or roads, within a radius of 500 feet thereof and all abutting property owners; and the site of the manufactured home or mobile home is located in a residential subdivision or residential neighborhood consisting of (1/2) one-half or more occupied manufactured homes or mobile homes, and:

b. In lieu of the procedures set forth in Subparagraph 5a, an applicant for a conditional use permit, to place a mobile home in a subdivision that has received prior *Zoning Commission consideration and Council consideration and approval for utilization of the blanket conditional use procedure* for administrative issuance of such permits, may be issued a permit through the administrative process, without the necessity of public hearing and approval of the permit by the Zoning Commission, provided the applicant meets the requirements set forth in i through v, which are set forth immediately herein above, and the following requirements:
