**DEVELOPMENTAL AGREEMENTS**  
**Disposition Report for the August 2, 2007**  
**Parish Council Meeting**

Developmental agreements are essentially a contract between the developer and the Parish which specifies what a developer is willing to provide, on a voluntary basis, in terms of improving the infrastructure within a given area, in order to mitigate the impact of his new development. This may include a cash impact fee per lot, in-kind services, or a combination of both. Typically, each developmental agreement is recorded in the Parish Courthouse prior to the recordation of the final subdivision plats. If the agreement involves the collection of impact fees to satisfy the terms of the contract, the funds collected can be used for improvements within the respective Council District where the development is located. Typical projects whereby the funds can be allocated and expended are, but not limited to: road and drainage improvements, recreation, lighting, beautification, Tammany Trace enhancements and donations to non-profit organizations such as the Economic Development Foundation and St. Tammany Parish Animal Control.

**Summerfield Estates Subdivision, Ward 8, District 9**

The developer has agreed in principle to participate in the Parish's voluntary developmental agreement process by donating a one-time \$17,500.00 cash impact fee, which represents a \$500.00 per lot fee for the thirty-five (35) lots within the subdivision.

The developer has stated that this amount was negotiated with the councilman for the area, Mr. Barry Bagert, prior to the initial zoning hearing; however, not with the administration. Therefore, the staff recommends approval of the proposal subject to review and agreement by the administration relative to the amount to be donated.

*Note: All developmental agreements are subject to additional negotiations and or amendment prior to the final agreements being recorded for public record, if applicable.*
