**DEVELOPMENTAL AGREEMENTS  
Disposition Report for January 4, 2007  
Parish Council Meeting**

Developmental agreements are essentially a contract between the developer and the Parish which specifies what a developer is willing to provide, in terms of improving the infrastructure within a given area, in order to mitigate the impact of his new development. This may include a cash impact fee per lot, in-kind services, or a combination of both. Typically, each developmental agreement is recorded in the Parish Courthouse prior to the recordation of the final subdivision plats. If the agreement involves the collection of impact fees to satisfy the terms of the contract, the funds collected can be used for improvements within the respective Council District where the development is located. Typical projects whereby the funds can be allocated and expended are, but not limited to: road and drainage improvements, recreation, lighting, beautification, Tammany Trace enhancements and donations to non-profit organizations such as the Economic Development Foundation and St. Tammany Parish Animal Control.

**Terra Bella Subdivision, Ward 1, District 1**

The developer has agreed in principle to participate in the Parish's voluntary developmental agreement process by donating in three equal installments, a total cash impact fee in the amount of 1.5 million dollars. The first installment of \$500,000.00 shall be paid to the parish upon issuance of a "work order" for Phase 1; the second, a \$500,000.00 payment upon filing of the Phase 1 final subdivision plat; and the third; a \$500,000.00 payment upon the filing of the final plat for Phase 2.

The agreement was successfully negotiated between the administration and the developer.

*(The Planning Commission recommend approval at their December 12, 2006 meeting.)*

*Note: All developmental agreements are subject to additional negotiations and or amendment prior to the final agreements being recorded for public record, if applicable.*
