LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Land Use</u>	<u>Zoning</u>
North	Undeveloped	SA (Suburban Agricultural) District
South	Undeveloped	SA (Suburban Agricultural) District
East	Undeveloped	SA (Suburban Agricultural) District
West	Residential	SA (Suburban Agricultural) District

EXISTING LAND USE:

Existing development? Yes

Multi occupancy development? No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from SA (Suburban Agricultural) District to C-1 (Neighborhood Commercial) District. The site is located on the south side of U.S. Highway 190, east of Bremerman Road, west of Johns Road. Currently, the subject property is occupied by a residence and a snowball stand. The proposed rezoning is not consistent with the adjacent land use and with the 2025 Future Land Use Plan which designates the site for future residential use.

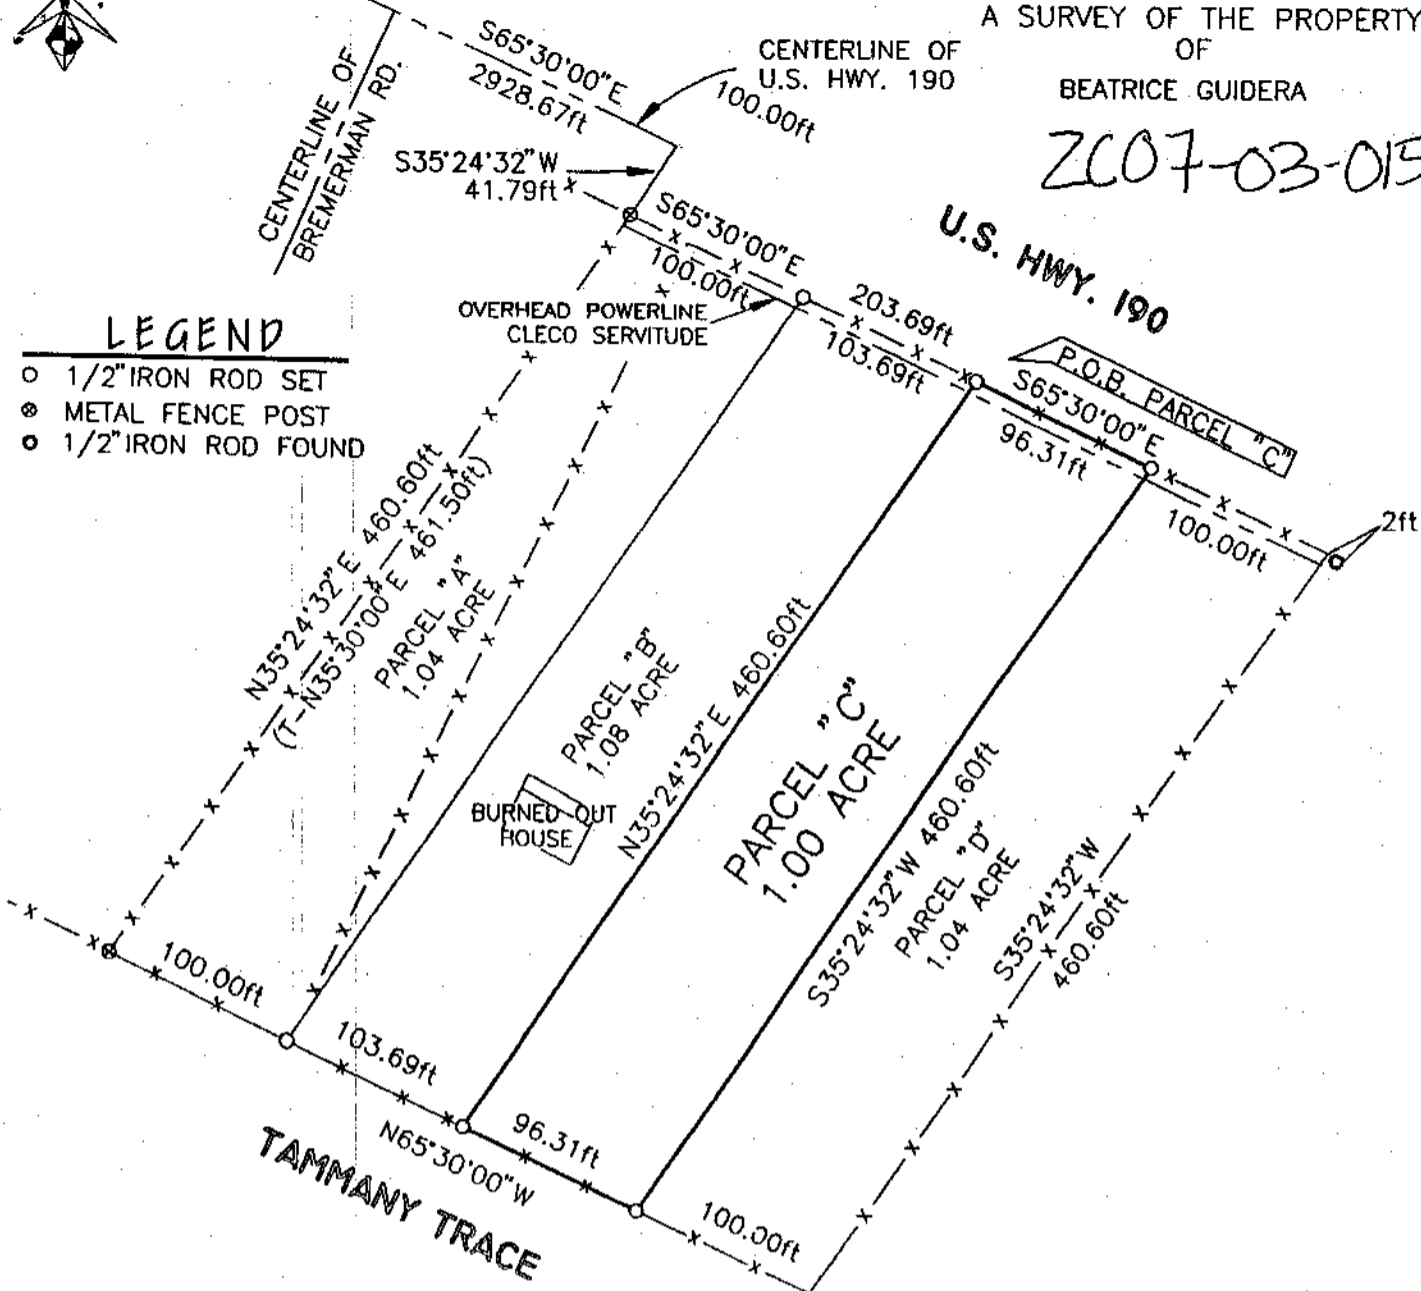

STAFF RECOMMENDATION:

The staff recommends that the request for a C-1 (Neighborhood Commercial) District designation be denied.
