

ST. TAMMANY PARISH COUNCIL

RESOLUTION

RESOLUTION COUNCIL SERIES NO. C-2507

COUNCIL SPONSOR: BINDER/DAVIS

PROVIDED BY: ENGINEERING

RESOLUTION ESTABLISHING WARRANTY OBLIGATIONS.

Whereas, the Department of Finance and the Department of Engineering have notified the Parish Council that certain securities for subdivision Warranty Obligations are maturing in the near future; and

Whereas, these Warranty Obligations have been reviewed by said Departments which have made recommendations thereon to the Parish Council:

THE PARISH OF ST. TAMMANY HEREBY RESOLVES, by the St. Tammany Parish Council acting in it's capacity as the governing authority, that is hereby accepts the recommendations of the Department of Finance and the Department of Engineering, and approves the following action regarding Warranty Obligations as shown.

BE IT FURTHER RESOLVED, that failure to renew or to post an acceptable security on its due date will cause same to be called, and the Department of Finance and the Department of Engineering are hereby authorized and directed to do so.

WARRANTY

<u>NAME OF SUBDIVISION</u>	<u>RECOMMENDATION</u>

**Re: River Highlands Subdivision, Phase 1
Warranty Obligation (\$21,300)**

Honorable Council Members:

The Extended Warranty Obligation in the amount of \$21,300 expires December 7, 2008 and is scheduled for review by the Parish Council at the November 6, 2008 meeting.

The developer was notified on August 6, 2008 by the Department of Engineering of the punch list items required and for his engineer to certify to this office at least sixty (60) days prior to the expiration of the obligation, that the punch list has been completed. If not, the obligation will be automatically called.

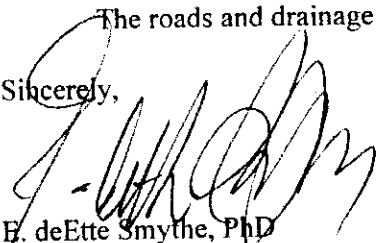

This office has not received such notification. Therefore, this obligation must be called.

The following punch list items remain:

1. Rain wash erosion has created severe crevasses in road shoulders, roadside ditches, outfall ditches and detention ponds; all erosion must be repaired. A mature stand of grass is required before the Warranty Obligation can be released;
2. Invert elevations of all ditches must be confirmed by the developer's engineer;
3. Cross culverts must be cleaned out;
4. Restore all traffic and street name signs;
5. Replace blue reflectors as needed;
6. Advise this office as to the status of the left turn and traffic signal at LA Hwy 190 north into the subdivision. Need certification from LA DOTD;
7. Roadside ditches need to be regraded to remove silt. New AS-BUILT elevations are needed to ensure positive flow;
8. Adequate silt abatement measures are not being employed to prevent silt from washing into roadway. This must be installed immediately;
9. Roadway needs to be broomed for a meaningful inspection to be made;
10. Southside road ditch has been replaced with subsurface drainage. The size must be verified to ensure that the subsurface conforms to Parish requirements;
11. As-Built drawing needs to be revised.

The roads and drainage are to be maintained by the Parish.

Sincerely,

E. deEtte Smythe, PhD
Director of Engineering

**Re: Versailles Subdivision, Phase 5B-2
Warranty Obligation (\$3,500)**

Honorable Council Members:

The Warranty Obligation in the amount of \$3,500 expires December 6, 2008 and is scheduled for review by the Parish Council at the November 6, 2008 meeting.

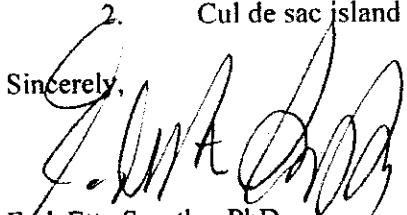

The developer was notified on August 6, 2008 by the Department of Engineering of the punch list items required and for his engineer to certify to this office at least sixty (60) days prior to the expiration of the obligation, that the punch list has been completed. If not, the obligation will be automatically called.

This office has not received such notification. Therefore, this obligation must be extended for one (1) year or until the work is satisfactorily accomplished.

The following punch list items remain:

1. Roadside swales need to be graded to have positive flow;
2. Cul de sac island needs to be dressed and seeded.

Sincerely,

E. deEtte Smythe, PhD
Director of Engineering

**Re: Country Lane Patio Homes S/D, Phase 1
Warranty Obligation (\$21,100)**

Honorable Council Members:

The Warranty Obligation in the amount of \$21,100 expires December 27, 2008 and is scheduled for review by the Parish Council at the November 6, 2008 meeting.

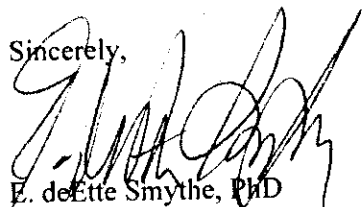

The developer was notified on August 26, 2008 by the Department of Engineering of the punch list items required and for his engineer to certify to this office at least sixty (60) days prior to the expiration of the obligation, that the punch list has been completed. If not, the obligation will be automatically called.

This office has not received such notification. Therefore, this obligation must be extended for one (1) year or until the work is satisfactorily accomplished.

The following punch list items remain:

1. Roadway needs to be broomed for a meaningful inspection to be made;
2. Repair roll-over curbs where necessary;
3. Subsurface drainage needs to be inspected and certified by the design engineer that the subsurface drainage is free of silt since no silt abatement measures are being employed at the site;
4. Traffic signs need to be repaired where damages have occurred;
5. AS-BUILT drawing needs to be revised to show the invert elevations of the 10 foot private drainage servitude along the east line of Phase 1.

Sincerely,

E. deEtte Smythe, PhD
Director of Engineering
