5.2904A SITE AND STRUCTURE PROVISIONS

A. Minimum Lot Area

No new lot shall be created that is less than twenty thousand (20,000) square feet in area.

B. Minimum Area Regulations

1. Minimum Lot Width - For each zoning lot provided with central water and sewerage facilities, the minimum lots width shall not be less than sixty (60) feet. For each zoning lot without central water or sewerage facilities, the minimum lot width shall be eighty (80) feet.

2. Street Planting Areas - All areas along the street(s) or road (or roads) which a property abuts shall comply with the standards of Section 7.0106 "Street Planting Areas" of these regulations.

3. Side and Rear planting areas - All areas located along the side and rear interior property lines shall comply with the Section 7.0107 "Side and Rear Buffer Planting Area Requirements" of these regulations.

4. Transitional Yard - Where a MD District adjoins a residential district, transitional yards shall be provided in accordance with the following regulations:

a. Where lots in a MD District front on a street and at least eighty (80) percent of the frontage directly across the street between two (2) consecutive intersecting streets is in a residential district, the setback regulations for the residential district shall apply to the said lots in the MD District

b. In a MD District, where a side lot line coincides with a side or rear lot line of property in an adjacent residential district, a yard shall be provided along such side lot line. Such yard shall be equal in dimension to the minimum side yard which would be required under this ordinance for a residential use on the adjacent property in the residential district.

c. In a MD District, where a rear lot line coincides with a rear or side lot line of property in an adjacent residential district, a yard shall be provided along such rear lot line. Such yard shall be equal in dimensions to the minimum rear yard which would be required under this ordinance for a residential use on the adjacent property in the residential district.

d. In a MD District, where the extension of a front or side lot line coincides with the front line of an adjacent lot located in a residential district, a yard equal in depth to the minimum setback required by this ordinance on such adjacent lot in the residential district shall be provided along such front or side lot line for a distance of at least 25 feet, including the width of any intervening alley from such lot in the residential district.

C. Maximum Lot Coverage

The lot coverage of all principal and accessory buildings on a zoning lot shall not exceed fifty (50) percent of the total area of the lot. However, parking and landscape requirements for the intended use must be met in all instances. Therefore, maximum lot coverage may in some cases be less. For the purpose of this zoning classification, exterior fenced areas used for housing of non-human primates or other purposes would not be considered "coverage." These fenced areas would be considered "open areas" when making lot coverage calculations.
