LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Undeveloped & Church	NC-2 Indoor Retail & Service District & CB-1 Community Based Facilities District
South	Hospital	HC-2 Highway Commercial District
East	Undeveloped	NC-4 Neighborhood Institutional District
West	Maison du Lac Subdivision	PUD Planned Unit Development Overlay

EXISTING LAND USE:

Existing development: No

Multi occupancy development: Yes

COMPREHENSIVE PLAN:

Planned Districts - Coordinated development on several parcels, usually at a higher density – but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, *e.g.*) uses, as well as the supporting infrastructure and public services they will require (*See "Small Area Plans," below*). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

Single Family Residential – Conservation - These planned districts would include clustered single family residential uses, at a density – within the overall tract – which is similar to that of adjoining residential uses, and conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure. Such individual Planned Residential – Conservation developments should aim to achieve contiguity among adjoining conservation areas in adjacent developments.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from NC-4 Neighborhood Institutional District to A-4A Single-Family Residential District. This site is located on the south side of Maison du Lac Blvd, west of LA Highway 1085. The 2025 future land use plan calls for the area to be developed as a planned district with residential uses and conservation areas. The zoning change is being requested to allow for the addition of garden homes to the abutting Maison du Lac PUD. Staff does not have any objection to the request considering that the site is directly abutting some existing residential uses, at a similar density.

Note that a request for a PUD Planned Unit Development Overlay has also been submitted for the site (ZC00-03-020)

STAFF RECOMMENDATION:

The staff recommends that the request for an A-4A Single-Family Residential District designation be approved.
