LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Residential and Undeveloped	A-4 Single-Family Residential District, MHO Manufactured Housing Overlay
South	Residential and Undeveloped	HC-3 Highway Commercial District
East	Residential and Undeveloped	A-4 Single-Family Residential District and NC-2 Indoor Retail and Service District
West	Commercial and Undeveloped	A-4 Single-Family Residential District and NC-2 Indoor Retail and Service District

EXISTING LAND USE:

Existing development: No

Multi occupancy development: No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from A-4 Single-Family Residential District and NC-2 Indoor Retail and Service District to I-1 Industrial District. The site is located on the north side of US Highway 190, west of Henderson Drive and east of Thompson Road; being Farm Lot 511 of the Forest Glen Subdivision, Lacombe. The 2025 Future Land Use Plan designates the site to be developed with commercial uses at various densities.

The subject site consists of 2.96 acres which is split zoned with both A-4 Single-Family Residential District and NC-2 Indoor Retail and Service District. The applicant is requesting to rezone the property that is currently zoned NC-2 and fronts on US Highway 190 as well as a portion of the property that is zoned A-4 Single-Family Residential District to I-1 Industrial District. The site is flanked by properties with the same zoning designations as the petitioned property. A change in zoning to the requested I-1 Industrial District would allow for more intensive uses than what are currently permitted in the surrounding area. As such, staff objects to the request for the I-1 designation.
