**COMPREHENSIVE PLAN:**

**Residential** - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

**STAFF COMMENTS:**

The petitioner is requesting to change the zoning classification from A-4 Single-Family Residential District and PUD Planned Unit Development Overlay to A-4 Single-Family Residential District. The site located on the north side of Harrison Avenue, west of Abita River Drive, Covington. The 2025 Future Land Use Plan designates the site to be developed with residential uses that vary in site design and density.

The petitioned property is currently located within the Abita Ridge, Phase 1. The applicant is requesting to remove the PUD Planned Unit Development Overlay designation from the subject property, which would therefore retain the existing underlying zoning designation of A-4 Single-Family Residential. Staff does not object to the request.
