STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from I-1 Industrial District to I-2 Industrial District. The site is located on the west side of Production Drive, north of Browns Village Road, Slidell. The 2025 Future Land Use Plan designates the site to be developed with various types and levels of industrial uses.

The subject site is currently developed with an existing office warehouse use. A change in the current zoning designation will allow for more intense industrial uses to be located inside an established industrial area. As the subject site is flanked on most sides by existing industrial uses, the permitted uses within the requested I-2 zoning designation will be buffered by the existing, lower intensity I-1 Industrial District. As such, staff is not opposed to the request.
