LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

| <u>Direction</u> | <u>Surrounding Use</u> | <u>Surrounding Zone</u> |
|------------------|-----------------------------|--|
| North | Undeveloped and Residential | A-2 Suburban District and MHO Manufactured Housing Overlay |
| South | Residential | A-2 Suburban District |
| East | Undeveloped and Residential | A-2 Suburban District |
| West | Residential | A-2 Suburban District |

EXISTING LAND USE:

Existing development: No

Multi occupancy development: No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes

STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from A-2 Suburban District to A-2 Suburban District and MHO Manufactured Housing Overlay. The site is located on the southeast corner of Charles Anderson Road and Chris Kennedy Road; Pearl River. The 2025 Future Land Use Plan designates the site to be developed with residential uses that vary in sight design and density.

Staff is not opposed to the request as a manufactured home is consistent with the site's residential comprehensive plan designation.
