LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Residential	A-4 Single-Family Residential District
South	Residential	NC-4 Neighborhood Institutional District
East	Residential	A-4 Single-Family Residential District and NC-4 Neighborhood Institutional District
West	Residential	A-4 Single-Family Residential District and NC-4 Neighborhood Institutional District

EXISTING LAND USE:

Existing development: Yes

Multi occupancy development: No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from A-4 Single-Family Residential District and NC-4 Neighborhood Institutional District to A-4 Single-Family Residential District and MHO Manufactured Housing Overlay. The site is located on the south side of Violet Street, east of Rose Street, being lots 3, 4, 5, 6, 7 & 8, Square 24, West Abita Springs Subdivision; Abita Springs. The 2025 Future Land Use Plan designates the site to be developed with residential dwellings that vary in site design and density.

The subject property is undeveloped and is located within an existing residential area. There is no MHO Manufactured Housing Overlay in the immediate vicinity, however the area is developed with both stick-built and manufactured homes.
