STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from I-1 Industrial District to I-2 Industrial District. The site is located on the west side of Industrial Drive, north of Browns Village Road, Slidell. The 2025 Future Land Use Plan designates the site to be developed with various types and levels of industrial uses.

The applicant is petitioning to rezone 1.53 acres from I-1 Industrial District, which allows moderately-scaled industrial uses to I-2 Industrial District, which allows large-scale industrial uses. The subject site is currently developed with an existing Transmission Repair Shop. A change in the current zoning designation will allow for more intense industrial uses to be located inside an established industrial area. As the subject site is flanked on all sides by existing industrial uses, the permitted uses within the requested I-2 zoning designation will be buffered by the existing, lower intensity I-1 Industrial District. As such, staff is not opposed to the request.
