Several levels or forms of commercial structures include: limited or specialty; neighborhood service centers; generous “highway commercial” uses; offices; public uses; planned mixed commercial and residential centers, and the traditional village or town central business district.

STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from NC-4 Neighborhood Institutional District to I-1 Industrial District. The site is located on the north side of Louisiana Highway 36, east of Daisy Street; Abita Springs. The 2025 Future Land Use Plan designates the site to be developed with several forms of commercial uses.

The purpose of the existing NC-4 Neighborhood Institutional District is to provide for the location of uses which offer neighborhood level services in close proximity to residential development. The purpose of the I-1 Industrial District is to provide for the location of industrial uses of moderate size and intensity. The subject site is south of an existing residential subdivision, east of residential uses that are currently zoned NC-4 and west of an existing commercial site within Abita Springs city limits which is developed with Abita Lumber Company.
