**STAFF COMMENTS:**

The petitioner is requesting to change the zoning classification from I-1 Industrial District to I-2 Industrial District. The site is located on the west side of Production Drive, south of JF Smith Avenue, north of Browns Village Road, Slidell. The 2025 Future Land Use Plan designates the site to be developed with various types and levels of industrial uses.

The applicant is petitioning to rezone 2.69 acres from I-1 Industrial District, which allows moderately-scaled industrial uses to I-2 Industrial District, which allows large-scale industrial uses. The subject site is currently developed with an existing industrial warehouse. A change in the current zoning designation will allow for more intense industrial uses to be located inside an established industrial area. The subject site is adjacent to industrial uses to the north, east, and west, and abuts industrial and neighborhood commercial uses to the south. Staff is not opposed to the requested I-2 zoning designation as the petitioned property is within an existing industrial corridor and more intense industrial uses will be buffered by existing, less intense industrial uses.
