#### GENERAL INFORMATION

##### ACCESS ROAD INFORMATION

**Type:** State Highway

**Road Surface:** 2 Lane Asphalt

**Condition:** Good

##### LAND USE CONSIDERATIONS

##### SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Residential	A-6 Multiple-Family Residential District
South	Commercial	NC-2 Indoor Retail and Service District
East	Undeveloped	A-6 Multiple-Family Residential District
West	Residential	A-4 Single-Family Residential District

##### EXISTING LAND USE:

**Existing development:** No

**Multi occupancy development:** No

##### COMPREHENSIVE PLAN:

**Residential** - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

##### STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from A-4 Single-Family Residential District and NC-1 Professional Office District to NC-4 Neighborhood Institutional District. The site is located on northwest corner of South Military Road and Ranch Road, Slidell. The 2025 Future Land Use Plan designates the site to be developed with residential uses that vary in site design and density.

The petitioned property is currently undeveloped and abuts single-family residences to the west, townhomes to the north, undeveloped property to the east, and an existing commercial development to the south. The purpose of the requested NC-4 Neighborhood Institutional District is to allow for the location of uses which provide services to nearby residential uses. Staff is not opposed to the request as the site fronts a state highway to the east and is adjacent to existing commercial development to the south and multi-family residential development to the north.
