LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Undeveloped	A-4 Single-Family Residential District
South	Residential	A-2 Suburban District
East	Residential	A-4 Single-Family Residential District
West	Residential	A-1 Suburban District

EXISTING LAND USE:

Existing development: No **Multi occupancy development:** Yes

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from A-4 Single-Family Residential District to PF-1 Public Facilities District. The site is located on the east side of Louisiana Highway 434, south of Berry Todd Road being Lots 11A, 11B, and 11C; Lacombe. The 2025 Future Land Use plan designates the site to be developed with residential uses that vary in site design and density.

The purpose of the requested PF-1 Public Facilities District is to provide for the location of governmental and institutional uses to the public. The reason for the request is to accommodate the new proposed location for the Council on Aging St. Tammany. Although flanked by residential uses, the site is located along a State Highway and could provide needed centralize services to the residents of St. Tammany Parish.
