LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Residential and Undeveloped	A-4 Single-Family Residential
South	Undeveloped	A-4 Single-Family Residential
East	Undeveloped	A-4 Single-Family Residential
West	Undeveloped	A-4 Single-Family Residential

EXISTING LAND USE:

Existing development: No

Multi occupancy development: No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from A-4 Single-Family Residential District to A-4A Single-Family Residential District. The site is located on the east side of Homestead Street, on the south side of Robindale Drive, and on the west side of Estate Street; being Lots 7, 8, and 9, Square 14, Robindale Subdivision, Covington. The 2025 Future Land Use Plan designates the site to be developed with residential dwellings that vary in site design and density.

A majority of the platted lots within the existing Robindale Subdivision, which was approved in 1960 comprise an average width of 75 ft. and an average square footage of 12,750 sq. ft. The requested A-4A Single-Family Residential District allows a minimum lot width of 60 ft. and a maximum density of six units per acre. A change in zoning will allow a higher density in the surrounding area.

	Zoning	Max Density	Min. Lot Width
Existing	A-4 Single-Family Residential District	Four units per acre	90 ft.
Proposed	A-4A Single-Family Residential District	Six units per acre	60 ft.
