LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Residential	A-1 Suburban District A-2 Suburban District
South	Residential and Undeveloped	A-2 Suburban District and MHO Manufactured Housing Overlay
East	Undeveloped	A-3 Suburban District
West	Residential and Undeveloped	A-1 Suburban District

EXISTING LAND USE:

Existing development: No

Multi occupancy development: No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from A-1 Suburban District TO A-2 Suburban District. The site is located on the south west corner of Joiner Wymer Road and Bunny Lane; Covington. The 2025 Future Land Use Plan designates the site to be developed with residential uses that vary in site design and density.

The purpose of the existing A-1 Suburban District is to provide single-family residential dwellings that are primarily located in less populated areas at a low-density. The purpose of the requested A-2 Suburban District is to provide single-family residential dwellings on one-acre lot sizes.

	Zoning	Max Density	Min Lot Width
Existing	A-1 Suburban District	One unit per five acres	300 ft.
Proposed	A-2 Suburban District	One unit per acre	150 ft.

The reason for the request is to accommodate a minor subdivision.
