LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

Table with 3 columns: Direction, Surrounding Use, Surrounding Zone. Rows include North, South, East, West with corresponding use and zone information.

EXISTING LAND USE:

Existing development: No Multi occupancy development: No

COMPREHENSIVE PLAN:

Planned Districts - Coordinated development on several parcels, usually at a higher density - but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, e.g.) uses, as well as the supporting infrastructure and public services they will require (See "Small Area Plans," below). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

Mixed Use - Commercial - Conservation - These planned districts would include mixed uses, except for residential uses, - at varying densities - and conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure.

STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from I-2 Industrial District to CBF-1 Commercial Based Facilities District. The site is located on the north side of Hard Hat Row, being Lot 21, Phase 1, Covington Industrial Park. The 2025 Future Land Use Plan designates the site to be developed as a Planned District which includes a mix of commercial and industrial uses.

The subject property is currently an undeveloped parcel which functions as part of an office warehouse development site within an existing industrial park. The reason for the request is to allow the professional baseball training facility to the southwest of the subject property to expand operations and develop the property as an outdoor training field, which is not currently permitted within the I-2 Industrial District.

Zoning Change Request table with 5 columns: Zoning Classifications, Max Building Size, Max Height, Max Lot Coverage, Purpose. Rows compare I-2 Industrial District and CBF-1 Community Based Facility District.
