LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Residential	A-3 Suburban District
South	Residential	A-4 Single-Family Residential District
East	Residential	A-3 Suburban District
West	Residential	A-3 Suburban District

EXISTING LAND USE:

Existing development: Yes

Multi occupancy development: No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from A-3 Suburban District to HC-2 Highway Commercial District. The site is located along the north west corner of Louisiana Highway 22 and Louisiana Highway 1085; being Lot 21, Square 5, Live Oak Hills Subdivision; Madisonville. The 2025 Future Land Use Plan designates the site to be developed with residential uses that vary in site design and density.

The subject site is currently developed with an existing mobile home and is flanked by property that conforms to the A-3 Suburban District. There are existing properties to the west of the subject site which have been rezoned to accommodate various levels of commercial zoning classifications along the north and south sides of Highway 22. The applicant has submitted a concurrent request to rezone the 1.9 acres to the east of the subject property (2021-2414-ZC) that, if rezoned will make up the total 2.59-acre development site. This proposed development site will abut the intersection of Louisiana Highway 1085 and Louisiana Highway 22, which has been slated for the development of a future round-about to help traffic concerns through the Louisiana Department of Transportation and Development. A change in zoning will allow the site to be developed with moderately scaled retail, office, and service uses, generally located along major collectors and arterials. The reason for the request is to accommodate a proposed gas station.

Allowable uses within the HC-2 Highway Commercial District are as follows: All uses permitted in the HC-1 Highway Commercial District and Banks and financial institutions (greater than 3,000 square feet), Convenience stores (with gas), when the criteria of section 130-2213(51) are met, Drive-in restaurants, Liquor stores, Any private office use that is a permitted use in the NC district over 20,000 square feet, Clubs, lodges, fraternal and religious institutions, meeting halls (over 20,000 square feet), Veterinary clinics (with outdoor kennels), Parcel post delivery stations, Mini-warehouses, Commercial kennels, Outdoor storage yards that do not occupy an area greater than 50 percent of land area, and are enclosed by an eight-foot opaque perimeter fence, located on the same parcels, and are accessory to an existing mini-warehouse, not to be located on the street side, Lodging, 100 rooms or less (including apartments, hotels, motels), Automotive repair and service facilities not to exceed 10,000 square feet, Automotive sales not to exceed two acres of display and storage, Outdoor retail sales and storage yards, Portable storage containers used for storage, and Outdoor display area of pre-assembled building, pool and playground equipment.
