STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from A-2 Suburban District to HC-2 Highway Commercial District. The site is located on the northwest corner of Williams Road and Camp Salmen Road; being 59668 Williams Road; Slidell. The 2025 Future Land Use Plan designates the site to be developed with various forms of commercial uses.

The subject property is currently developed with an existing auto repair shop and is therefore considered a legal non-conforming use which does not comply with the property's current zoning classification. The site is flanked by property that is zoned A-2 and developed with single-family dwellings. The purpose of the A-2 Suburban District is to allow for single-family residential environments on large, multi-acre lots. The purpose of the requested HC-2 Highway Commercial District is to allow moderately scaled retail, office and service uses, generally located along major collectors and arterials. A change in zoning will allow commercial uses within an existing residential neighborhood.

Allowable uses within the HC-2 Highway Commercial District are as follows: All uses permitted in the HC-1 Highway Commercial District and Banks and financial institutions (greater than 3,000 square feet), Convenience stores (with gas), when the criteria of section 130-2213(51) are met, Drive-in restaurants, Liquor stores, Any private office use that is a permitted use in the NC district over 20,000 square feet, Clubs, lodges, fraternal and religious institutions, meeting halls (over 20,000 square feet), Veterinary clinics (with outdoor kennels), Parcel post delivery stations, Mini-warehouses, Commercial kennels, Outdoor storage yards that do not occupy an area greater than 50 percent of land area, and are enclosed by an eight-foot opaque perimeter fence, located on the same parcels, and are accessory to an existing mini-warehouse, not to be located on the street side, Lodging, 100 rooms or less (including apartments, hotels, motels), Automotive repair and service facilities not to exceed 10,000 square feet, Automotive sales not to exceed two acres of display and storage, Outdoor retail sales and storage yards, Portable storage containers used for storage, and Outdoor display area of pre-assembled building, pool and playground equipment.
