Re: Guste Island Estates Subdivision, Parcel D-2 (The Oaks)  
Warranty Obligation - \$64,300.00 - Letter of Credit #530

Honorable Council Members,

The extended Warranty Obligation in the amount of \$64,300.00 expires October 9, 2021 and is scheduled for review by the Parish Council at the September 2, 2021 meeting (rescheduled for September 29, 2021 due to Hurricane Ida).

The developer was notified on June 14, 2021 by the Department of Engineering of the punch list items required. The developer's engineer shall certify to this office at least sixty (60) days prior to the expiration of the obligation, that the punch list has been completed. If not, the obligation will be automatically called.

The following punch list items remain:

1. Roadside ditches need to be regraded to remove silt and provide positive flow;
2. There are several locations where all or parts of concrete panels need to be replaced as discussed and agreed upon during the joint on-site inspection held between St. Tammany Parish representatives and the developer's engineer of record and contractor on September 3, 2020.

In addition to the punch list items, the following items were observed during the inspection and need to be addressed:

- a. Blue reflectors need to be reinstalled in the vicinity of all fire hydrants;
- b. The roadside shoulder is rutted along Scarlet Tanager Drive near Lot #281 and needs to be reestablished.

This office is working with the developer and the developer's engineer to satisfactorily accomplish the outstanding punch list items. This obligation must be extended for one (1) year or until the work is satisfactorily accomplished.

This is a public access subdivision and the Parish is responsible for all maintenance specifically outlined in the Recorded Plat File #5311.

Sincerely,

A handwritten signature in blue ink, appearing to read "Daniel P. Hill".
