LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Residential	A-4 Single-Family Residential District
South	Residential	A-4 Single-Family Residential District
East	Residential	A-4 Single-Family Residential District MHO Manufactured Housing Overlay
West	Residential	A-4 Single-Family Residential District

EXISTING LAND USE:

Existing development: Yes

Multi occupancy development: No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from A-4 Single-Family Residential District to A-4 Single-Family Residential District and MHO Manufactured Housing Overlay. The site is located on the east side of Rose Street, being lots 33, 35 & 37, Square 1, West Abita Springs Subdivision. The 2025 Future Land Use Plan designates the site to be developed with residential uses that vary in site design and density.

The entire West Abita Springs subdivision and the abutting Abita Nursery subdivision is zoned A-4 Single-Family Residential District. The subject site is abutting property that has been rezoned to A-4 Single-Family and MHO Manufactured Housing Overlay. The neighborhood is comprised of a mixture of existing stick built and manufactured homes.

The reason for the request is to allow for the electrical connection of an existing manufactured home.
