LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Undeveloped	NC-4 Neighborhood Institutional District
South	Residential	A-3 Suburban District
East	Undeveloped	A-3 Suburban District
West	Louisiana Highway 1090 and Interstate 59	A-3 Suburban District

EXISTING LAND USE:

Existing development: No

Multi occupancy development: No

COMPREHENSIVE PLAN:

Commercial - Sales outlets for goods and services. Several levels or forms of commercial structures include: limited or specialty; neighborhood service centers; generous "highway commercial" uses; offices; public uses; planned mixed commercial and residential centers, and the traditional village or town central business district.

Residential Infill – New residential uses developed on undeveloped tracts within existing residential districts that are compatible with, or improve upon, those existing uses. Such uses may be allowed a greater density of use, in exchange for public benefits that would be provided.

STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from A-3 Suburban District to PF-1 Public Facilities District. The site is located on the east side of Louisiana Highway 1090, north of Crowes Landing Road; Pearl River. The 2025 Future Land Use Plan designates the site to be developed with commercial uses at various intensities and residential infill development.

The subject property is developed with an existing church which is located on a parcel which is currently zoned A-3 Suburban District. The site is adjacent to undeveloped property zoned NC-4 Neighborhood Institutional District to the north, undeveloped property zoned to accommodate residential uses to the east, and a residential neighborhood to the south. A change in zoning will allow for the existing religious institution to come into compliance with the correct zoning classification.
