LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Undeveloped	A-3 Suburban District
South	Residential	A-3 Suburban District
East	Residential	A-3 Suburban District
West	Commercial	NC-4 Neighborhood Institutional District

EXISTING LAND USE:

Existing development: Yes **Multi occupancy development:** No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from A-3 Suburban District to A-4 Single-Family Residential District. The site is located on the north side of Harry Lemons Road, east of LA Highway 59, Mandeville. The 2025 Future Land Use Plan designates the site to be developed with residential uses that vary in site design and density.

The subject site is flanked by property that is zoned A-3 Suburban District to the north, east, and south and property that is zoned NC-4 Neighborhood Institutional District to the west along Harry Lemons Road.

The purpose of the existing A-3 Suburban District is to provide a single-family residential environment on half-acre lot sizes. The purpose of the requested A-4 Suburban District is to provide single-family residential dwellings on quarter-acre lot sizes. Although a change in zoning will increase the allowable density along the eastern portion of Harry Lemons Road, staff has determined that the requested A-4 zoning classification may act as an appropriate buffer between the existing commercial and residential uses.

	Zoning	Max Density	Min Lot Width
Existing	A-3 Suburban District	Two units per acre	100 ft.
Proposed	A-4 Suburban District	Four units per acre	90 ft.

The purpose of the request is to accommodate a future minor subdivision.
