SURROUNDING LAND USE AND ZONING:

Multi occupancy development: Yes

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from A-6 Multiple Family Residential District to A-5 Two-Family Residential District. The site is located on the north side of Lakeview Drive, east of US Highway 11; Slidell. The 2025 Future Land Use Plan designates the site to be developed with residential uses that vary in site design and density.

The subject site consists of 27.83 acres located along the north side of Lakeview Drive and is currently developed with a mix of single-family, two-family, and multi-family residential dwellings. The north side of Lakeview Drive was rezoned to A-6 Multiple Family Residential District through the 2009-2010 Parish-wide Comprehensive Rezoning process. The A-6 Multi Family District does not allow for the construction of single-family residential dwellings.

Multiple rezoning requests to accommodate the construction of single-family dwellings along the northern portion of Lakeview Drive have been submitted over the years. As such, the current request is to rezone all properties along the northern portion of Lakeview Drive from A-6 Multiple-Family Residential District to A-5 Two Family Residential District, which allows single-family dwellings as a permitted use. A change in zoning will allow the existing single-family dwellings to come into compliance with the correct zoning classification as well as allow for the future development of single-family residential dwellings along Lakeview Drive.

	Zoning	Max Density	Permitted Uses
Existing	A-6 Multi-Family Residential District	One unit per 4,000 sq. ft. of property	Multiple-family dwellings, townhouses, condominiums, and nursing homes
Proposed	A-5 Two Family Residential District	Eight dwelling units per acre	One single-family dwelling; Two Family dwellings
