PR2022 01 - STAFF IMPACT NOTES

Civil Division Comments: The proposed property for Pearl River annexation is located within Area One of the existing Growth Management Agreement with Pearl River (Section 2.1). Annexation appears consistent with the Agreement. As per Section 5.3, Parish concurrence, but not approval, is required for Area One properties.

Sales taxes arising in Area One are already payable 100% to Pearl River (Section 4.2.1). This would include delivery points as well based on location of delivery (Section 4.5). Annexation appears to not result in any change to 100% payable to Pearl River.

Parish zoning is A-2 and Pearl River has proposed R-1 zoning. Per Section 6.2, the more restrictive drainage/traffic impact regulations of either jurisdiction apply to this property. Section 4.6 (more intensive commercial/industrial uses) does not appear to apply with the residential zoning proposed.

With this annexation, Swann Road (between Hwy 41 and Crawford Lane) appears to be within Town limits on both sides. Pearl River shall also annex and maintain as per LSA R.S. 33:224. A portion of Crawford Lane (abutting subject property) will also be within Town limits on both sides.

Publics Works agrees with Civils response, With this annexation, Swann Road (between Hwy 41 and Crawford Lane) appears to be within Town limits on both sides. Pearl River shall also annex and maintain as per LSA R.S. 33:224. A portion of Crawford Lane (abutting subject property) will also be within Town limits on both sides.

Finance - No sales tax revenue has been generated by this property. Should this property generate Sales Tax District No. 3 proceeds in the future and STP concurs, Sales Tax District No. 3 proceeds shall be paid (100%) to the Town of Pearl River.

DES - No DES issues

Planning - The proposal is consistent with the Louisiana Revised Statutes relative to annexation.

The proposal is consistent with the sales tax agreements with the Town of Pearl River, as per notes from DA Civil Division.

The proposal does not appear to be an intensification of zoning.

Engineering Comment: The property being annexed is an existing developed property. There is not a provision in the annexation agreement that defines the engineering requirements for Article 5. Annexation Procedure related to previously developed residential property that has been subsequently annexed; therefore, any renovations, remodels, site work, etc. performed on the property shall be permitted and reviewed by the Town of Pearl River, and shall not cause an adverse impact to adjacent properties, right of way(s), and/or drainage features located within Unincorporated St. Tammany Parish.
