LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Undeveloped	A-2 Suburban District
South	Residential	A-2 Suburban District
East	Undeveloped	A-2 Suburban District
West	Residential	A-1 Suburban District

EXISTING LAND USE:

Existing development: Yes **Multi occupancy development:** No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning classification from A-2 Suburban District to NC-1 Professional Office District. The site is located on the east side of LA Highway 1077, north of Baham Road; Covington. The 2025 Future Land Use plan designates the site to be developed with residential uses that vary in site design and density.

The subject property is currently developed with an existing single-family residence which fronts LA Highway 1077 and is surrounded on all sides by residential dwellings and undeveloped property. The purpose of the existing A-2 Suburban District is to provide for the location of single-family residences at a density of one dwelling unit per acre. The purpose of the requested NC-1 Professional Office District is to provide for the location of small professional offices in close proximity to residential development.

A change in zoning will allow the applicant to operate any of the following permitted uses: Law offices; Architectural offices; Accountant offices; Real estate offices; Insurance offices; Business offices; Daytime doctor, dentist, and chiropractor offices; Veterinary clinics, provided the use is within a detached, single-tenant building; Other professional offices; One-single-family dwelling.

If approved, the property must comply with landscaping, parking, and drainage standards required for all commercial developments and the building must pass Fire Marshal inspection.
