REQUESTED CHANGE: From NC-5 Retail and Service District to HC-2A Highway Commercial District

LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Undeveloped	HC-3 Highway Commercial District
South	Undeveloped	NC-5 Retail & Service District
East	Undeveloped	NC-5 Retail & Service District
West	Undeveloped	NC-5 Retail & Service District

EXISTING LAND USE:

Existing development: No Multi occupancy development: Yes

COMPREHENSIVE PLAN:

Planned Districts - Coordinated development on several parcels, usually at a higher density – but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, e.g.) uses, as well as the supporting infrastructure and public services they will require (See "Small Area Plans," below). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

Single Family Residential – Conservation - These planned districts would include clustered single family residential uses, at a density – within the overall tract – which is similar to that of adjoining residential uses, and conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure. Such individual Planned Residential – Conservation developments should aim to achieve contiguity among adjoining conservation areas in adjacent developments.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from NC-5 Retail and Service District to HC-2A Highway Commercial District. This site is located on the south side of East Brewster Road, across from Stirling Blvd. The 2025 future land use plan calls for the area to be developed as a planned district with residential uses and conservation areas. Staff does not have any objection to the request considering the parcel is located in close proximity to some existing high intensity commercial uses and that the parcels of land located across from the site are zoned HC-3 Highway Commercial District & PBC-1 Planned Business Center.

Note that the RBCO (Regional Business Center Overlay) will remain in effect as it was previously approved under ZC13-08-063.

STAFF RECOMMENDATION:

The staff recommends that the request for a HC-2A Highway Commercial District designation be approved.
