LAND USE CONSIDERATIONS

SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Undeveloped	A-2 Suburban District
South	Undeveloped	A-2 Suburban District
East	Undeveloped	A-2 Suburban District
West	Residential	A-2 Suburban District

EXISTING LAND USE:

Existing development: No Multi occupancy development: No

COMPREHENSIVE PLAN:

Conservation - Areas designated for uses of land, water, flora and fauna that appear naturally. Such uses may include such activities as extraction or production for commerce; human enjoyment, hunting, fishing, or other recreation within natural landscapes; or preservation of natural systems. The concept of "conservation" includes a private landowner's understanding of responsibility to wisely manage that resource so that it remains in good condition for future generations (often simple referred to as "good stewardship"); this concept may also include the conservation of energy through efficient transportation options as well as through climate responsive building design, as well as the conservation of historic, scenic, or otherwise serviceable buildings and landscapes. Means to achieve conservation are myriad and include both private and public sector initiatives – such means will be considered in subsequent phases of the New Directions 2025 planning process.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-2 Suburban District to CB-1 Community Based Facilities District & RO Rural Overlay. This site is located on the south side of Dr. T. J. Smith Sr. Expressway, east of South Receiving Station Road, being 37000 Dr. T.J. Smith, Sr. Expressway, Slidell. The 2025 future land use plan calls for the area to be developed in a manner which it would allow for the preservation of the natural landscape of the site. The site is currently developed with as a paintball field. The zoning change to CB-1 is being requested in order to bring the existing use in compliance with the appropriate zoning and the request to rezone to Rural Overlay is to allow for the future construction of a single family residence on the site. Staff does not have any objections to the request.

STAFF RECOMMENDATION:

The staff recommends that the request for a CB-1 Community Based Facilities District & RO Rural Overlay designation be approved.
