LAND USE CONSIDERATIONS
SURROUNDING LAND USE AND ZONING:

<u>Direction</u>	<u>Surrounding Use</u>	<u>Surrounding Zone</u>
North	Undeveloped	A-2 Suburban District
South	Undeveloped and Residential	A-2 Suburban District and A-4A Single Family Residential District
East	Undeveloped	A-3 Suburban District
West	Residential	A-2 Suburban District

EXISTING LAND USE:

Existing development: No **Multi occupancy development:** No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from A-2 Suburban District to A-3 Suburban District. This site is located on the north side of Philip Smith Road, west of LA Highway 434, Lacombe. The 2025 future land use plan calls for the area to be developed with residential uses with varying degrees of density and site design. Staff feels that there is no compelling reason to recommend approval of the request considering the site is surrounded by exiting residential uses which conform to the A-2 Suburban District designation. While there is higher density residential zoning to the east side of LA Highway 434, the site is surrounded by properties zoned A-2 on the north, south and west sides.

Note that the objective of the request is to allow for the creation of two single-family residential parcels.

STAFF RECOMMENDATION:

The staff recommends that the request for the A-3 Suburban District designation be denied.
