ORDINANCE

ORDINANCE CALENDAR NO: 5849AA

ORDINANCE COUNCIL SERIES NO: 17-3824

COUNCIL SPONSOR: STEFANCIK

PROVIDED BY: COUNCIL ATTORNEYS

INTRODUCED BY: MR. TANNER

SECONDED BY: MR. GROBY

ON THE 3 DAY OF AUGUST , 2017

AN ORDINANCE ADOPTING AND ENACTING A NEW 2017 CODE OF ORDINANCES OF ST. TAMMANY PARISH, LOUISIANA; PROVIDING FOR THE REPEAL OF CERTAIN PROVISIONS NOT INCLUDED THEREIN; PROVIDING PENALTIES FOR THE VIOLATION THEREOF; PROVIDING FOR THE MANNER OF AMENDING SUCH CODE; AND PROVIDING WHEN SUCH CODE AND THIS ORDINANCE SHALL BECOME EFFECTIVE.

WHEREAS, in order to provide transparent and user friendly access to the laws and codes of St. Tammany Parish Government, including the Charter, Code of Ordinances and appendixes thereto, St. Tammany Parish Government partnered with Municipal Code Corporation (Municode) to reformat and organize the 1998 Code of Ordinances of St. Tammany Parish, As Amended; and

WHEREAS, by partnering with Municode, the Charter, Code of Ordinances and its appendixes will be available online in a searchable, user friendly format making access to the laws of St. Tammany Parish Government easier for the public, Parish employees and outside agencies; and

WHEREAS, no substantive changes were made to the Code of Ordinances beyond those required to eliminate conflicts within itself, correct references to the prior Police Jury form of government where appropriate, and formatting and organizational changes making the Code of Ordinances and appendixes more user friendly, intuitive and appropriate for an online database.

THE PARISH OF ST. TAMMANY HEREBY ORDAINS:

Section 1. The Code entitled the "Code of General Ordinances of St. Tammany Parish, Louisiana," published by Municipal Code Corporation, consisting of chapters 1 through 130, each inclusive, is adopted.

Section 2. All ordinances of a general and permanent nature enacted on or before this adoption date and not included in this Code or recognized and continued in force by reference therein, are repealed save and except that the 1998 St. Tammany Parish Code of Ordinances and its Appendices, including but not limited to Subdivision Regulations Ordinance 499 and the Unified Development Code, amended through March 2017 and currently published on the St. Tammany Parish Government website, which shall remain in effect as to the intent of the law unless specifically repealed. Ordinances enacted after March 2017 but prior to the adoption of this ordinance do not appear in the attached new code but remain adopted and enacted as if contained herein, and will appear in the first supplement to the new code.

Section 3. The repeal provided for in section 2 hereof shall not be construed to revive any ordinance or part thereof that has been repealed by an ordinance that is repealed by this ordinance.

Section 4. Unless another penalty is expressly provided, every person convicted of a violation of any provision of the Code or any ordinance, rule or regulation adopted or issued in pursuance thereof shall be punished by a misdemeanor punishable by a term of imprisonment of up to 30 days in the Parish Jail or a fine of not less than \$ 300.00 nor more than \$ 500.00 or both. Each act of violation and each day upon which any such violation shall continue or occur shall constitute a separate offense. The penalty provided by this section, unless another penalty is expressly provided, shall apply to the amendment of any Code section, whether or not such penalty is reenacted in the amendatory ordinance. In addition to the penalty prescribed above, the Parish may pursue other remedies such as abatement of nuisances, injunctive relief and revocation of licenses or permits.

Section 5. Additions or amendments to this Code when passed in such form as to indicate the intention of the Parish to make the same a part of this Code shall be deemed to be incorporated in the Code, so that reference to the Code includes the additions and amendments.

Section 6. Ordinances adopted after this adoption date that amend or refer to ordinances that have been codified in this Code shall be construed as if they amend or refer to like provisions of the Code.

REPEAL: All ordinances or parts of Ordinances in conflict herewith are hereby repealed.

SEVERABILITY: If any provision of this Ordinance shall be held to be invalid, such invalidity shall not affect other provisions herein which can be given effect without the invalid provision and to this end the provisions of this Ordinance are hereby declared to be severable.

EFFECTIVE DATE: This Ordinance shall become effective fifteen (15) days after adoption.

COUNCIL STAFF COMMENTS MUNICODE ADOPTING ORDINANCE

The attached “Pre-Press Copy” represents a draft, paper version of the Parish Code which will also appear on www.municode.com in a searchable online format. This “Pre-Press Copy” reflects changes made to address a change in the form of Parish Government (Police Jury to Parish Council/President) and to make the code more user friendly and compatible with an online format.

Since the printing of the “Pre-Press Copy”, the Council Attorneys have made an additional review and noted some necessary changes to the Parish Code. Ordinances adopted after March of 2017 that changed the Parish Code are not reflected in this copy (including new Council Rules), and the Personnel Policies in Appendix B do not reflect the most recent Personnel Policies. These corrections, in addition to any corrections requested by any Councilmember after reviewing these volumes, will be forwarded to Municode and will be reflected in the first supplement to the Parish Code. Supplements will occur regularly online and annually in print each time the Parish Council adopts an ordinance that amends the Parish Code.

Summary Changes for First Supplement:

- Bracket language will be removed in some locations.
- Article VII in Chap. 2 should be entitled “Parish Purchasing Procedures”
 - Sec. 2-273 should be old sec.2-110.00 (“A,B,C,D” and “X”s are typos).
 - Sec. 2-274 should be old sec. 2-007.00
 - Sec. 2-341 should be used for old sec. 2-110.02 thru 2-110.04
 - delete old sec. 2-110.01
- In Section 2-104, additional research will be done on whether administration should be added to this section.

PREFACE

The Code of Ordinances contained herein constitutes a recodification of the general and permanent ordinances of St. Tammany Parish, Louisiana.

Source materials used in the preparation of the Code were the 1998 Code, and ordinances subsequently adopted by the parish council through March 2, 2017. The source of each section is included in the history note appearing in parentheses at the end thereof. The absence of such a note indicates that the section is new and was adopted for the first time with the adoption of the Code. By use of the comparative tables appearing in the back of this Code, the reader can locate any section of the 1998 Code, as updated, and any subsequent ordinance included herein.

The chapters of the Code have been conveniently arranged in alphabetical order, and the various sections within each chapter have been catchlined to facilitate usage. Notes which tie related sections of the Code together and which refer to relevant state law have been included. A table listing the state law citations and setting forth their location within the Code is included at the back of this Code.

Chapter and Section Numbering System

The chapter and section numbering system used in this Code is the same system used in many state and local government codes. Each section number consists of two parts separated by a dash. The figure before the dash refers to the chapter number, and the figure after the dash refers to the position of the section within the chapter. Thus, the second section of chapter 1 is numbered 1-2, and the first section of chapter 6 is 6-1. Under this system, each section is identified with its chapter, and at the same time new sections can be inserted in their proper place by using the decimal system for amendments. For example, if new material consisting of one section that would logically come between sections 6-1 and 6-2 is desired to be added, such new section would be numbered 6-1.5. New articles and new divisions may be included in the same way or, in the case of articles, may be placed at the end of the chapter embracing the subject, and, in the case of divisions, may be placed at the end of the article embracing the subject. The next successive number shall be assigned to the new article or division. New chapters may be included by using one of the reserved chapter numbers. Care should be taken that the alphabetical arrangement of chapters is maintained when including new chapters.

Page Numbering System

The page numbering system used in this Code is a prefix system. The letters to the left of the colon are an abbreviation which represents a certain portion of the volume. The number to the right of the colon represents the number of the page in that portion. In the case of a chapter of the Code, the number to the left of the colon indicates the number of the chapter. In the case of an appendix to the Code, the letter immediately to the left of the colon indicates the letter of the appendix. The following are typical parts of codes of ordinances, which may or may not appear in this Code at this time, and their corresponding prefixes:

CHARTER	CHT:1
RELATED LAWS	RL:1
SPECIAL ACTS	SA:1
CHARTER COMPARATIVE TABLE	CHTCT:1
RELATED LAWS COMPARATIVE TABLE	RLCT:1
SPECIAL ACTS COMPARATIVE TABLE	SACT:1
CODE	CD1:1
CODE APPENDIX	CDA:1
CODE COMPARATIVE TABLES	CCT:1
STATE LAW REFERENCE TABLE	SLT:1
CHARTER INDEX	CHTi:1
CODE INDEX	CDi:1

Indexes

The indexes have been prepared with the greatest of care. Each particular item has been placed under several headings, some of which are couched in lay phraseology, others in legal terminology, and still others in language generally used by local government officials and employees. There are numerous cross references within the indexes themselves which stand as guideposts to direct the user to the particular item in which the user is interested.

Looseleaf Supplements

A special feature of this publication is the looseleaf system of binding and supplemental servicing of the publication. With this system, the publication will be kept up to date. Subsequent amendatory legislation will be properly

edited, and the affected page or pages will be reprinted. These new pages will be distributed to holders of copies of the publication, with instructions for the manner of inserting the new pages and deleting the obsolete pages.

Keeping this publication up to date at all times will depend largely upon the holder of the publication. As revised pages are received, it will then become the responsibility of the holder to have the amendments inserted according to the attached instructions. It is strongly recommended by the publisher that all such amendments be inserted immediately upon receipt to avoid misplacing them and, in addition, that all deleted pages be saved and filed for historical reference purposes.

Acknowledgments

This publication was under the direct supervision of Jim Jenkins, Senior Code Attorney, and Nicole C. Fluitt, Editor, of the Municipal Code Corporation, Tallahassee, Florida. Credit is gratefully given to the other members of the publisher's staff for their sincere interest and able assistance throughout the project.

The publisher is most grateful to Mr. Michael Sevante for his cooperation and assistance during the progress of the work on this publication. It is hoped that his efforts and those of the publisher have resulted in a Code of Ordinances which will make the active law of the parish readily accessible to all citizens and which will be a valuable tool in the day-to-day administration of the parish's affairs.

***Editor's note**—The Home Rule Charter of St. Tammany Parish, Louisiana, was approved by the voters on October 3, 1998. Amendments are indicated by parenthetical history notes following amended provisions. The absence of a history note indicates that the provision remains unchanged from the original. In addition, any provisions regarding the repealer, jurat, affidavit or notice of publication, publication date, or the adoption or effective date of the ordinance or Act have been omitted. Obvious misspellings and punctuation errors have been corrected without notation. The style used for headings has been made uniform and consistent with those appearing in the Code. The same system of capitalization has been used as it appears in the Code of Ordinances. Additions made for clarity, such as consistent state statute citations and catchline modifications, are indicated by brackets [].

A HOME RULE CHARTER FOR A PRESIDENT-COUNCIL GOVERNMENT FOR ST.
TAMMANY PARISH

Prepared by the St. Tammany Parish Home Rule Charter Commission May 4, 1998

Approved by the voters of St. Tammany Parish October 3, 1998

Amended by the voters of St. Tammany Parish November 21, 2015 (see Sec. 2-07 G below)

PREAMBLE

We, the people of St. Tammany Parish, in order to establish an elected and accountable government that is responsive to and representative of all the citizens of the parish; that recognizes and acknowledges all constitutional rights granted by federal and state sovereignty; that undertakes planning and policy making to preserve and enhance the quality of life and the environment for ourselves and future generations; and that provides services and leadership needed and desired by the citizens in an efficient and effective manner, do ordain this Charter in trust with God for St. Tammany Parish.

ARTICLE I. INCORPORATION, FORM OF GOVERNMENT, BOUNDARIES,
POWERS

Sec. 1-01. Home Rule Charter.

The St. Tammany Parish Home Rule Charter Commission has proposed and the electors have adopted this, their Home Rule Charter, hereinafter referred to as "Charter," under the authority of article VI, section 5 of the Louisiana Constitution of 1974, hereinafter referred to as "constitution." The St. Tammany Parish Government is therefore a local governmental subdivision which operates under a Home Rule Charter and, subject to said Charter, is authorized as hereinafter provided to exercise any power and perform any function necessary, requisite or proper for the management of its local affairs.

Sec. 1-02. Form of government.

The plan of government provided by this Home Rule Charter shall be known as the "president-council" form of government. It shall consist of an elected president who shall be the chief executive officer and head of the executive branch and an elected council which shall be called the St. Tammany Parish Council and shall constitute the legislative branch of the government.

Sec. 1-03. Boundaries.

The boundaries of St. Tammany Parish shall be those in effect as of the effective date of this Charter and shall be subject to change thereafter as provided by law.

Sec. 1-04. General powers.

A. Except as otherwise provided by this Charter the parish government shall continue to have all the powers, rights, privileges, immunities and authority heretofore possessed by St. Tammany Parish under the laws of the state. The government shall have and exercise such other powers, rights, privileges, immunities, authority and functions not inconsistent with this Charter as may be conferred on or granted to a local governmental subdivision by the constitution and general laws of the state, and more specifically, the government shall have and is hereby granted the right and authority to exercise any power and perform any function necessary, requisite or proper for the management of its affairs, not denied by this Charter, or by general state law, or inconsistent with the constitution.

B. The parish shall prepare, enact, enforce and maintain comprehensive plans for the development of the parish.

Sec. 1-05. Special powers.

The parish government shall have the right, power and authority to pass all ordinances requisite or necessary to promote, protect and preserve the general welfare, safety, health, peace and good order of the parish, including, but not by way of, limitation, the right, power and authority to pass ordinances on all subject matters necessary, requisite or proper for the management of its affairs, and all other subject matter without exception, subject only to the limitation that the same shall not be inconsistent with the constitution or expressly denied by general law applicable to parish government.

Sec. 1-06. Joint cooperative agreements.

The parish shall have the right, power and authority to enter into cooperative agreements and inter-governmental contracts with local governments and regional, state and federal authorities.

ARTICLE II. PARISH COUNCIL

Sec. 2-01. Composition, qualifications and election.

A. The legislative power of the parish government shall be vested in a council consisting of 14 members, or such other number of councilmembers as may be determined by the electorate, elected from single-member districts for four year terms, one from and by the qualified electors in each district as defined in the section "Election of Officials."

B. A councilmember shall be at least 18 years of age and a qualified elector of the district from which elected at the time of qualification.

C. A councilmember shall have been legally domiciled and shall have actually resided for at least one year immediately preceding the time established by law for qualifying for office in an area which, at the time of qualification, is within the district from which elected.

D. A councilmember shall continue to be legally domiciled and to actually reside within the district from which elected during the term of office. Should the legal domicile and/or actual residence of a councilmember change from the district from which elected, unless changed by reapportionment, the office shall automatically become vacant, which vacancy shall be filled as set out hereinafter.

Sec. 2-02. Reapportionment.

A. Following official publication of the ten year federal census by the United States Bureau of the Census and at least six months prior to the next election for councilmembers following publication of the census, the council by ordinance shall, if necessary, alter, change or rearrange council district boundaries so as to provide for population equality among the districts as near as reasonably practicable. To the extent possible council districts shall be compact and be composed of contiguous territory. If it is necessary to provide for a new apportionment plan it shall be in compliance with all federal and state law, including, but not limited to, section 2 of the Voting Rights Act of 1965 as coded and amended at 42 USC 1973, so long as the governing authority of this parish is required to comply with the provisions of this federal statute.

B. The reapportionment plan shall provide for a single member district for each member of the council.

Sec. 2-03. Forfeiture of office.

A councilmember shall forfeit the office if such member during the term of office:

- (1) Lacks any qualification for the office prescribed by this Charter; or
- (2) Is convicted of a state or federal felony.

Sec. 2-04. Vacancy in council office.

A. The office of a councilmember shall become vacant upon death, resignation, removal from office in any manner authorized by law, forfeiture of office, failure to take office, or as otherwise provided in this Charter and not inconsistent with state law.

B. A vacancy on the council shall be filled by appointment within 15 days after the vacancy occurs by a person meeting the qualifications for that office by the favorable vote of a majority of the remaining members of the council.

C. If one year or less of the unexpired term remains when the vacancy occurs, the appointee shall serve out the remainder of the term.

D. If the vacancy occurs more than one year before the expiration of the term, the appointee shall serve until the office is filled by the vote of the qualified electors voting in an election called by the council for that purpose and the person elected assumes the office. In such case, the council, within 15 days after the vacancy occurs, shall call an election to fill the vacancy. The election shall be held according to the timetable and procedures established by state law for the filling of vacancies in elected local offices.

Sec. 2-05. Compensation.

A. The salary of a councilmember shall be \$1,200.00 per month.

B. The council may, by ordinance, change the salary of councilmembers, provided that no ordinance increasing the salary shall be adopted during the last year of a term and provided further that a change shall not become effective during the current term of the councilmembers adopting the ordinance.

C. Councilmembers shall, upon presentation of properly documented receipts, be reimbursed for reasonable expenses incurred in carrying out official duties of the office in accordance with travel and expense policies established by the council by ordinance.

Sec. 2-06. Prohibitions.

A. A councilmember shall hold no other elected public office, nor be a compensated official or employee of the parish government during the term for which elected to the council. Nothing in this section shall prohibit a councilmember from serving as a member of a charter commission, constitutional convention or political party committee.

B. A councilmember shall not hold any compensated appointive parish government office or employment until two years after expiration of the term for which elected. Compensation means any thing of economic value which is paid, loaned, granted, given, donated, or transferred or to be paid, loaned, granted, given, donated, or transferred for or in consideration of personal services.

C. Except as specifically provided in this Charter, neither the council nor any of its members shall remove, direct or supervise any administrative officers or employees whom the president or any subordinates of the president are empowered to appoint. However, councilmembers shall have the authority to consult with and discuss problems and issues with administrative officials at the level of supervisor and above.

D. No councilmember shall serve on a board or commission of the parish government having administrative or policy making authority unless the ordinance or state law creating such board or commission specifies that one or more members of the council shall serve on such board or commission.

Sec. 2-07. Council meetings and rules.

A. At the first regular meeting of a newly elected council and annually thereafter, a chair and vice chair shall be elected by the council from among the councilmembers. The chair shall preside at meetings of the council, supervise or delegate supervision of council employees, and carry out such other duties as the council may authorize.

B. In the absence or disqualification of the chair, the vice chair shall preside. In the absence or disqualification of both the chair and vice chair, the council shall designate one of its other members as temporary presiding officer. The chair, vice chair and temporary presiding officer shall be voting members of the council.

C. The council shall meet regularly at least once a month at such times and places as the council may prescribe. Special meetings may be held on the call of the presiding officer of the council or a majority of the authorized membership of the council with such notice as may be required by state law. To meet a public emergency affecting life, health, property or public safety, the council may meet upon call of the president, the presiding officer of the council or a majority of the authorized membership of the council at whatever notice it shall be convenient to give. The call convening a special or emergency meeting of the council shall state the objects of the meeting. The power of the council to act at a special or emergency meeting shall be limited, under penalty of nullity, to the objects specifically enumerated in the call.

D. All meetings of the council and its committees shall be open to the public in accordance with the provisions of general state law.

E. The council shall determine by resolution its own rules and order of business and shall provide for keeping a record of its minutes and proceedings. All official actions of the council shall be published in the official journal within 30 days of the action taken.

F. At all regular meetings of the council, the council shall operate from an agenda which shall have been published at least two days, excluding Saturdays, Sundays and holidays, prior to the meeting. The agenda for special or emergency meetings shall be made available to the public as soon as practical prior to the meeting. Items not on the agenda may be considered upon approval by two-thirds of the authorized membership of the council.

G. The council shall provide by ordinance a procedure whereby interested persons shall be given an opportunity to be heard at council meetings on any matter relating to parish government [and on the meeting agenda].

H. All voting shall be by roll call, and the ayes and nays shall be recorded in the minutes of the council by the individual vote of each councilmember. Not less than a majority of the authorized membership of the council shall constitute a quorum to transact business, but if a quorum is lost during a meeting, a smaller number may recess from time to time and compel the attendance of absent members in the manner and subject to the penalties prescribed by council rules.

Sec. 2-08. Investigations.

The council may make investigations into the affairs of the parish government and the related conduct of any parish official, officer, employee, department, office or agency. For this purpose the council may subpoena witnesses, administer oaths, take testimony and require the production of evidence. Investigations shall be for a specified purpose submitted in writing and may be undertaken only by the affirmative vote of a majority of the authorized membership of the council. Any person who fails or refuses to obey any lawful order of the council may be cited for contempt. No councilmember shall vote on any matter under such investigation in which said councilmember has a conflict of interest.

Sec. 2-09. Independent audit.

The council shall provide for an annual independent post fiscal year audit, and such additional audits as it deems necessary, of the accounts and other evidence of financial transactions of the parish government, including those of all parish government departments, offices or agencies. Audits may be by the state or the council may designate an independent auditor to make such audits. The independent auditor shall be without personal interest in the affairs subject to audit, shall not participate in budget preparation and adoption, and shall be a certified public accountant or firm of such accountants. The audit report shall be submitted to the council at one of its regularly scheduled meetings and shall be a public record, and a summary thereof shall be published at least once in the official journal.

Sec. 2-10. Council employees.

A. The council shall, by vote of a majority of its authorized membership, appoint a clerk of the council who shall serve at the pleasure of the council. The clerk shall give notice of council meetings to its members and the public, keep the journal of its proceedings, be official secretary of the council and perform such other duties as are assigned to the position by this Charter or by the council.

B. The council may, by ordinance approved by two-thirds of its authorized membership, authorize the hiring of such other employees as may be necessary to assist the council in carrying out its duties and responsibilities. Such employees shall serve at the pleasure of the council.

C. The council shall, by ordinance approved by two-thirds of its authorized membership, fix the salaries of its employees.

Sec. 2-11. Action requiring an ordinance.

A. An act of the council having the force of law shall be by ordinance. An act requiring an ordinance shall include, but not be limited to, those which:

- (1) Adopt or amend an administrative code.

- (2) Provide a fine or other penalty or establish a rule or regulation for violation of which a fine or other penalty may be imposed.
- (3) Levy taxes, assessments and charges.
- (4) Adopt the operating budget and capital improvement budget and appropriate funds for the parish government.
- (5) Grant, renew or extend a franchise.
- (6) Provide for raising revenue.
- (7) Regulate the rate or other charges for service by the parish government.
- (8) Authorize the borrowing of money in any manner authorized by law.
- (9) Incur debt in any manner authorized by law.
- (10) Dispose of any real property owned by the parish government.
- (11) Convey or lease or authorize the conveyance or lease of any lands or property of the parish government.
- (12) Acquire real property on behalf of the parish government.
- (13) Adopt or modify the official map.
- (14) Adopt or modify regulations for review and approval of plats.
- (15) Adopt or modify subdivision controls or regulations.
- (16) Adopt or modify the zoning plan, maps and regulations.
- (17) Amend or repeal any ordinance previously adopted.
- (18) Propose amendments to this Charter.

B. All ordinances shall be codified in accordance with article VI, section 10 of the Constitution of the State of Louisiana.

C. An act of the council which is not to have the force of law may be enacted by resolution. A resolution may be used by the council for purposes such as a formal expression of will of the council; to authorize a person or persons to sign legal and financial documents for a project or purpose previously approved by ordinance; and as may be authorized by this Charter. The president's veto authority shall not apply to resolutions.

D. All ordinances and resolutions shall be passed by the favorable vote of at least a majority of the authorized membership of the council, except as otherwise provided in this Charter.

Sec. 2-12. Ordinances in general.

A. *Form.* Every proposed ordinance shall be introduced in writing and in the form required for final adoption. No ordinance shall contain more than one subject which shall be clearly expressed in its title. The enacting clause shall be "The Parish of St. Tammany hereby ordains..." Any ordinance which repeals or amends an existing ordinance or part of the parish code shall set out in full the ordinance, sections or subsections to be repealed or amended, and shall indicate matters to be omitted by enclosing it in brackets or by strikeout type and shall indicate new matters by underscoring or by italics.

B. *Procedure.* An ordinance may be introduced by any member at any regular or special meeting of the council. Upon introduction of an ordinance, the clerk shall distribute a copy to each councilmember and to the president, shall file a reasonable number of copies in the office of the clerk and such other public places as the council may designate within ten days after introduction. The clerk shall publish the ordinance by title, except that ordinances proposing amendments to the Charter shall be published in full, together with a notice setting out the time and place for a public hearing thereon and for its consideration by the council. The public hearing shall follow the publication by at least seven days, may be held separately or in connection with a regular or special council meeting and may be adjourned from time to time. All persons interested shall have an opportunity to be heard. After the hearing the council may adopt the ordinance with or without amendment or reject it. If the ordinance is amended as to any matter of substance, the council may not adopt it until the ordinance or its amended sections have been subjected to all the procedures herein required for a newly introduced ordinance, except that this procedure shall not apply to amendments to a bond sale ordinance.

C. [*Final approval.*] With the final approval of ordinances by the president, or the council in case of a veto by the president, such enacted ordinances shall be published in full or in summary at the council's discretion in the official journal by the clerk of the council within 15 days after adoption. Every enacted ordinance, unless it shall specify another date, shall become effective at the expiration of 15 days after final adoption.

Sec. 2-13. Submission of ordinances to the president.

A. Every ordinance adopted by the council shall be signed by the presiding officer or the clerk of the council. The clerk of the council shall certify to its passage, and it shall be presented to the president within ten days after adoption. The clerk of the council shall record upon the ordinance the date and hour of its delivery to the president.

B. Within ten days after the president's receipt of an ordinance, it shall be returned to the clerk of the council with the president's approval or with the president's veto. The clerk shall record upon the ordinance the date and hour of its receipt from the president. If the proposed

ordinance is not signed or vetoed by the president within ten days after receipt, it shall be considered adopted. If the ordinance has been adopted, it shall be considered finally enacted and become effective as provided in the section on "Ordinances in General."

C. If the ordinance is vetoed, the president shall submit to the council through the clerk a written statement of the reasons for the veto. The veto statement shall be published in full in the official journal by the clerk as soon as practical thereafter. All ordinances vetoed by the president shall be vetoed in full, except that the president shall have authority to veto individual appropriation items in the ordinances adopting the operating and capital improvement budgets and amendments thereto.

D. Ordinances vetoed by the president shall be submitted to the council by the clerk of the council no later than the next regular meeting held after publication of the veto statement. Should the council vote, not later than the second regular meeting held after publication of the vetoed ordinance, to override the president's veto of the ordinance by the favorable vote of at least two-thirds of its authorized membership, said ordinance shall be considered finally enacted in accordance with the section on "Ordinances in General" and become law irrespective of the veto by the president. The procedure for overriding vetoed ordinances shall apply to individual appropriation items in the operating and capital improvement budgets vetoed by the president.

E. The right of the president to veto as provided in this section shall apply to all ordinances adopted by the council, except ordinances for: plans for reapportionments; amendments to this Charter; establishing, altering or modifying council procedure; appropriating funds for auditing or investigating any part of the executive branch; or as may be otherwise provided by this Charter.

Sec. 2-14. Emergency ordinances.

A. To meet a public emergency affecting life, health, property or public safety, the council may adopt, upon a vote of a majority of the authorized membership, an emergency ordinance at the meeting at which it is introduced, provided that no such ordinance may be used to levy taxes or special assessments; grant or extend a franchise; incur debt, except as provided in the section on "Emergency Appropriations"; adopt or amend an official map, platting or subdivision controls or zoning regulations; or change rates, fees or charges adopted by the parish government. Each emergency ordinance shall contain a specific statement describing the emergency. After adoption, the ordinance shall be printed and published as soon as practical thereafter.

B. Notwithstanding the provisions of the section on "Submission of Ordinances to the President," an emergency ordinance adopted by the council shall be presented to the president within six hours after adoption. Within 12 hours after the president's receipt of an emergency ordinance, it shall be returned to the council with the president's approval, or with the

president's veto. If the proposed ordinance is not signed or vetoed by the president within 12 hours after receipt, it shall be considered adopted. If the emergency ordinance has been adopted, it shall become effective immediately. If the emergency ordinance is vetoed, the president shall submit to the council a written statement of the reasons for the veto. The clerk shall record upon the emergency ordinance the dates and hours of its delivery to and receipt from the president. Should the council vote, not later than 12 hours after receipt of the vetoed emergency ordinance from the president, to readopt the emergency ordinance by the favorable vote of at least two-thirds of its authorized membership, said emergency ordinance shall be considered finally adopted and become law immediately upon readoption, irrespective of the veto by the president. Upon final approval by the president, or the council in case of a veto by the president, such adopted emergency ordinance shall be published by title in the official journal as soon as practical thereafter.

C. Emergency ordinances shall be effective for no longer than 30 consecutive days after final adoption, except that the council, by the favorable vote of two-thirds vote of its authorized membership, may extend the life of the emergency ordinance for a period not to exceed an additional 30 consecutive days.

Sec. 2-15. Codes of technical regulations.

The council, by ordinance, may adopt any standard code of technical regulations by reference. The procedure and requirements governing the adopting of such codes shall be as prescribed for ordinances generally, except that a period of 60 days shall be allowed between the time of introduction and adoption of the ordinance. During this interim, copies of any proposed code shall be available for public review. A copy of each adopted code of technical regulations as well as the adopting ordinance shall be authenticated and recorded by the clerk of the council in the official records of the parish government. Such adopted codes of technical regulations shall be published by title or by reference in the official journal by the clerk as soon as practical following such final adoption.

Sec. 2-16. Authentication and recording of ordinances and resolutions; printing and distribution.

A. All finally enacted ordinances and resolutions shall be authenticated, numbered and recorded by the clerk of the council. All ordinances shall be indexed and codified in a book or books kept for this purpose. All resolutions shall be indexed and recorded in the minutes of the council meeting at which the resolution was approved.

B. The council shall cause each ordinance and each amendment to this Charter to be printed or otherwise reproduced promptly following enactment. Such printed or reproduced amendments and ordinances, including codes of technical regulations adopted by reference pursuant to the section on "Codes of Technical Regulations," shall be available in the office of the clerk of the council for review by any citizen. Copies may be distributed to the public at no cost or sold to the public at cost.

Sec. 2-17. Power to levy taxes.

A. The power to perform any service or provide any facility granted to the parish government by this Charter or by the constitution and general laws of the state shall in all cases carry with it the power to levy taxes and to borrow money within the limits and in accordance with procedures prescribed by the constitution and general laws of the state. The council shall have and is hereby granted all of the authority to levy and collect taxes, to incur debt, and to issue bonds and other evidences of indebtedness, as is now or hereafter conferred on governing authorities of local governments by the constitution and general laws of the state, or as may be hereafter specially conferred by the electors of the parish.

B. Any tax being levied by St. Tammany Parish on the effective date of this Home Rule Charter is ratified.

C. All proposals to levy property taxes in excess of that which the constitution authorizes to be levied without a vote of the people shall be submitted to the voters for approval in accordance with the election laws of the state.

D. All proposals to renew, levy a new or increase an existing sales and use tax shall be submitted to the voters for approval in accordance with the election laws of the state.

Sec. 2-18. Powers of enforcement.

For the purpose of carrying out the powers generally or specially conferred on the parish government, the council shall have the power to grant franchises, to require licenses and permits and fix the fees to be paid therefor, to charge compensation for any privilege or franchise granted or service rendered, and to provide penalties for the violation of any ordinance or regulation, as provided by law.

ARTICLE III. EXECUTIVE BRANCH**Sec. 3-01. Executive authority.**

The president shall be the chief executive officer of the parish government and shall exercise general executive and administrative authority over all departments, offices and agencies of the parish government, except as otherwise provided by this Charter.

Sec. 3-02. Election.

The president shall be elected at large by the qualified voters of the parish according to the election laws of the state for a four year term. A person who has served as president for more than two and one-half terms in three consecutive terms shall not be eligible to qualify as a candidate for president for the succeeding term.

Sec. 3-03. Qualifications.

A. The president shall be at least 18 years of age and a qualified elector of the parish at the time of qualification and shall have been legally domiciled and shall have actually resided within the parish for at least three years immediately preceding the time established by law for qualifying for office.

B. The president shall continue to be legally domiciled and to actually reside within the parish during the term of office. Should the legal domicile or actual residence of the president change from the parish, the office shall automatically become vacant, which vacancy shall be filled as set out hereinafter.

Sec. 3-04. Forfeiture of office.

The office of president shall be forfeited if during the term of office the officeholder: (1) lacks at any time any qualification for the office prescribed by this Charter, or (2) is convicted of a felony under state or federal law.

Sec. 3-05. Vacancy in office of president.

A. The office of president shall become vacant upon death, resignation, removal from office in any manner authorized by law, forfeiture of office, failure to take office, or as otherwise provided in this Charter and not inconsistent with state law.

B. A vacancy in the office of president shall be filled by appointment within 15 days after the vacancy occurs of a person meeting the qualifications for that office by the favorable vote of a majority of the authorized membership of the council.

C. If one year or less of the unexpired term remains when the vacancy occurs, the appointee shall serve out the remainder of the term.

D. If the vacancy occurs more than one year before the expiration of the term, the appointee shall serve until the office is filled by the vote of the qualified electors voting in an election called by the council for that purpose and the person elected assumes the office. The council, within 15 days after the vacancy occurs, shall call an election to fill the vacancy. The election shall be held according to the timetable and procedures established by state law for the filling of vacancies in elected local offices.

E. The person filling the vacancy shall receive the same compensation as the president.

Sec. 3-06. President's temporary absence.

A. When the president is absent from and unavailable to the parish for more than 24 hours, the powers and duties of the office of president shall be exercised by the chief administrative officer.

B. The president shall file with the clerk of the council the name of the department head designated to exercise the powers and duties of the office of the president in the event both the president and chief administrative officer are absent from and unavailable to the parish. The president may change the name of the department head so designated by filing with the clerk of the council a statement changing the name of the designated department head. In the absence of such a filing, the department head shall be designated by the chair of the council.

C. If a temporary absence of the president extends to more than 30 consecutive days, the office shall become vacant and shall be filled in accordance with the section on "Vacancy in Office of President," except that the council, by the favorable vote of a majority of its authorized membership, may authorize a longer absence.

D. If the president is temporarily absent from and unavailable to the parish for more than 60 days within a 12-month period, the council, upon the favorable votes of two-thirds of its authorized membership, may declare the office vacant.

Sec. 3-07. President's disability.

A. Disability of the president may be determined either by action of the president or by action of the council as follows:

- (1) Whenever the president transmits to the clerk of the council a written declaration stating inability to discharge the powers and duties of the office, and until the president transmits to the clerk of the council a written declaration to the contrary, the office of president shall be filled in the same manner as in the section on the "President's Temporary Absence."
- (2) Whenever a majority of a panel of three medical physicians, designated by resolution adopted by the favorable vote of at least a majority of the authorized membership of the council, transmits to the clerk of the council its written declaration that the president is unable to discharge the powers and duties of the office, the office of president shall be filled in the same manner as in the section on "President's Temporary Absence." The person filling the office shall serve until a panel of three medical physicians, designated by resolution adopted by the favorable vote of at least a majority of the authorized membership of the council, transmits to the clerk of the council its unanimous written declaration that the president's disability has ended. The medical physicians shall review the president's disability at least once every three months until such time as it has been determined that the disability has ended by a unanimous vote of the three medical physicians.

B. Should the president, due to disability, be unable to discharge the powers and duties of the office for a period exceeding six consecutive months, the council shall have the authority upon the favorable vote of at least a majority of its authorized membership to declare the office

of president vacant due to disability or to extend the disability for a period not to exceed an additional six consecutive months. Provided, however, that the council shall hold a public hearing on the issue before granting any such extension.

C. The person filling the office during the president's disability shall receive the same compensation as the president.

Sec. 3-08. Compensation.

A. At the beginning of each term of the president, the salary of the president shall be the average of the salaries of the St. Tammany Parish sheriff, assessor and clerk of court. The salary of the president shall be adjusted on January 1 of each year to the average of the salaries of the St. Tammany Parish sheriff, assessor and clerk of court.

B. The president shall be eligible for health and hospital insurance, retirement benefits and any other such benefits which are available to employees of the parish government and to three weeks of vacation each year.

C. The president shall, upon presentation of properly documented receipts, be reimbursed for reasonable expenses incurred in carrying out the official duties of the office.

D. The president, in carrying out the official duties of the office, shall have the option of using an automobile provided by the parish government or to use the president's personal automobile and to be reimbursed for mileage in accordance with mileage reimbursement authorized by the United States Internal Revenue Service.

Sec. 3-09. Powers and duties of the president.

A. The president as chief executive officer of the parish government shall have the following powers and duties:

- (1) See that all laws, provisions of this Charter and acts of the council, subject to the president's direction and supervision, are faithfully executed.
- (2) Appoint and suspend or remove for just cause all parish government employees and appointive administrative officers provided for by or under this Charter, except as otherwise provided by this Charter or other personnel rules adopted pursuant to this Charter. The president may authorize any administrative officer who is subject to the president's direction and supervision to exercise these powers with respect to subordinates in the officer's department, office or agency.
- (3) Direct and supervise the administration of all departments, offices and agencies of the parish government, except as otherwise provided by this Charter.
- (4) Prepare and submit the annual operating budget and five year capital improvement budget to the council.

- (5) Sign contracts for projects, equipment, professional services and materials and supplies specifically identified in the approved operating and capital improvement budgets or as specifically identified by ordinance. Contracts for projects, equipment, professional services or materials and supplies not so identified shall be submitted to the council for approval.
- (6) Submit to the council and make available to the public, within 90 days after the end of the fiscal year, a complete report on the finances and administrative activities of the parish government as of the end of the fiscal year.
- (7) Make such other reports as the council may reasonably request to enable the council to conduct its functions.
- (8) The president shall attend all meetings of the council and keep the council fully advised as to the financial condition and future needs of the parish government and make such recommendations to the council concerning the affairs of the parish government as deemed desirable.
- (9) Perform such other duties as are specified in this Charter or may be required by the council, not inconsistent with this Charter.

Sec. 3-10. Prohibitions.

A. The president shall be a fulltime official and shall hold no other elected public nor any other compensated appointive parish government office or employment during the term of office for which elected. The president shall not engage in any activity unrelated to parish government business that would interfere with or detract from the performance of duties as president.

B. The president shall not hold any compensated appointive parish government office or employment until two years after expiration of the term for which elected. Compensation means any thing of economic value which is paid, loaned, granted, given, donated, or transferred or to be paid, loaned, granted, given, donated, or transferred for or in consideration of personal services.

C. In the event a person is elected to the office of president while a participant in a contract with the parish government, either individually or with a firm, the contract shall be null and void upon the date the person is elected to the office of president.

ARTICLE IV. ADMINISTRATION

Sec. 4-01. General provisions.

A. Except as otherwise provided by this Charter, all departments, offices and agencies shall be under the direction and supervision of the president. The directors of all departments and agencies created by or under this Charter shall be appointed by the president, subject to council approval, and shall serve at the pleasure of the president, except as otherwise provided by this Charter.

B. The salaries of the chief administrative officer and directors of the departments and agencies appointed by the president shall be set by the president, subject to approval by the council.

Sec. 4-02. Chief administrative officer.

A. The president shall appoint a chief administrative officer who shall serve at the pleasure of the president. The chief administrative officer shall, subject to the direction of the president, supervise all departments, offices and agencies of the parish government under the direction and supervision of the president, except the legal department, and perform such other functions as may be directed by the president, including, but not limited to, maintenance and upkeep of the computer informational system, building maintenance, public access TV channel, building supervision and personnel administration.

B. The chief administrative officer at the time of appointment shall have a master's degree in public administration or a related field from an accredited college or university, and at least three years experience as a chief administrative officer or head of a major department, or higher, in a governmental organization.

Sec. 4-03. Legal department.

A. The district attorney of the judicial district serving St. Tammany Parish shall serve as legal adviser to the council, president and all departments, offices and agencies and represent the parish government in legal proceedings.

B. No special legal counsel shall be retained by the parish government, except by written contract for a specific purpose approved by the favorable vote of a majority of the authorized membership of the council. Such authorization shall specify the compensation, if any, to be paid for such services.

Sec. 4-04. Department of finance.

A. The director of the department of finance shall direct and be responsible for:

- (1) Collection (except where specifically otherwise provided for by law) and custody of all monies of the parish government from whatever source.
- (2) Assistance to the president in the preparation of the annual operating budget and the capital improvement budget.
- (3) Maintenance of a record of indebtedness and the payment of the principal and interest on such indebtedness.
- (4) Ascertaining that funds are available for payment of all contracts, purchase orders and any other documents which incur a financial obligation for the parish government, and that such documents are in accordance with established procedures.

- (5) Disbursement of parish funds.
- (6) Administration of a uniform central accounting system for all parish departments, offices and agencies.
- (7) Preparation of a monthly statement of revenues and expenditures which shall be completed and made available for public inspection not later than 30 days after the end of each month.
- (8) Procurement of all personal property, equipment, materials, supplies and services required by the parish government under a central purchasing system for all departments, offices and agencies in accordance with applicable state law, council policy and administrative requirements.
- (9) Investment of idle funds, as permitted by law.
- (10) Preparation of all intergovernmental grant applications on behalf of the parish government and informing departments, offices and agencies of all relevant local, state and federal programs.
- (11) Maintenance of an inventory of all parish real and personal property.
- (12) Administration of parish insurance programs and policies.
- (13) Other such activities as may be directed by the president.

Sec. 4-05. Department of public works.

- A. The director of the department of public works shall direct and be responsible for:
 - (1) Construction and maintenance performed by the parish government on roads, sidewalks, bridges and drainage facilities.
 - (2) Monitoring all contract construction work.
 - (3) Operation of facilities for the repair and maintenance of parish government vehicles and equipment.
 - (4) Monitoring and regulating utility operations within parish rights-of-way.
 - (5) Providing flood zone determination.
 - (6) Other such activities as may be directed by the president.

Sec. 4-06. Department of engineering.

- A. The director of the department of engineering shall direct and be responsible for:
 - (1) Planning, designing and overseeing construction of certain public improvements.
 - (2) Reviewing development of subdivisions.
 - (3) Surveying and mapping.

- (4) Securing permits from the U.S. Army Corps of Engineers.
- (5) Reviewing requests for permission to enter parish rights-of-way.
- (6) Engineering services to all departments and agencies.
- (7) Applying for and overseeing the expenditure of state and federal grants for parish infrastructure improvements.
- (8) Other such activities as may be directed by the president.

Sec. 4-07. Department of development.

A. The director of the department of development shall direct and be responsible for:

- (1) Preparation and maintenance of a comprehensive long range plan for parish wide development, including an overall plan for land use by public, commercial and residential interests; traffic and transportation issues; economic and demographic growth; water and drainage concerns and such other items as may be directed by the parish council.
- (2) Airport administration.
- (3) Solid waste disposal.
- (4) Development of plans for economic growth of the parish, including transportation activities.
- (5) Community development block grants.
- (6) Other such activities as may be directed by the president.

B. The long range plan in item (1) above shall be presented by the director to both the parish council and the planning and zoning commissions in January of each year to ensure coordination of efforts and allow for public input.

Sec. 4-08. Department of planning and permits.

A. The director of the department of planning and permits shall direct and be responsible for:

- (1) Regulating land use and building and development of subdivisions within the unincorporated areas of the parish.
- (2) Interpretation of land use controls.
- (3) Maintaining and updating the St. Tammany Parish land use map.
- (4) Issuing building permits.
- (5) Enforcing building codes and zoning ordinances.
- (6) Other such activities as may be directed by the president.

Sec. 4-09. Department of community action.

A. The director of the department of community action shall direct and be responsible for:

- (1) Providing information and processing applications for community service programs, including, but not limited to, weatherization, mortgage and rental assistance, utility assistance and heat relief.
- (2) Developing homeless shelter assistance programs.
- (3) Administering food stamp office, food and commodities distributions and emergency food bank.
- (4) Other such activities as may be directed by the president.

Sec. 4-10. Personnel policies and procedures.

A. It shall be the policy of the parish government to employ those persons best qualified to perform the functions of the parish government and to foster effective career service in parish government. All appointments and promotions in the service of the parish government and of each of its departments, offices and agencies shall be made on the basis of merit and fitness.

B. The chief administrative officer shall serve as personnel officer until such time as the president, upon approval by the council, appoints a personnel director. If the position of chief administrative officer is vacant, the president shall designate a department head to serve as personnel officer. The personnel officer shall:

- (1) Administer personnel rules and regulations governing the classified service, including working hours, attendance regulations, leaves of absence, sick leave and vacation leave.
- (2) Maintain a uniform classification and pay plan for all positions in the classified service.
- (3) Administer an employee grievance procedure for dismissals, demotions and other disciplinary matters, subject to review by the personnel board.
- (4) Administer personnel policies for employees not a part of the classified service.
- (5) Perform such other duties and functions as may be directed by the president.

C. The administration of the classified service, including the classification and pay plans of the parish government, shall be governed by written rules and regulations to be known as "Personnel Policies."

D. The personnel policies and rules and position descriptions in effect in the parish government at the time this Charter becomes effective shall continue in effect until amended by the council by ordinance or as they may conflict with this Charter. Within six months after assuming office, the personnel officer shall propose to the president and the council changes necessary to cause the "Personnel Policies" and position descriptions to conform to the parish plan of government. Such changes shall be adopted by ordinance.

E. The following shall not be members of the classified personnel system of the parish government:

- (1) Elected officials of the parish government.
- (2) Employees hired on a temporary or contractual basis.
- (3) Chief administrative officer.
- (4) Executive secretary to the president.
- (5) Directors of departments and agencies.
- (6) Employees appointed directly by the council.

F. A personnel board of five members is hereby created. The board members shall be electors of the parish, hold no other public office or position in St. Tammany Parish government, have resided in the parish for at least two years, and shall receive no compensation. Four members shall be appointed by the council from nominees submitted from organizations listed below and the fifth member shall be appointed by the parish council.

G. The parish council shall appoint members of the personnel board as follows:

- (1) One from a list of three nominees submitted by the Greater Slidell Area Chamber of Commerce.
- (2) One from a list of three nominees submitted by the St. Tammany West Chamber of Commerce.
- (3) One from a list of three nominees submitted by the St. Tammany Bar Association.
- (4) One from a list of three nominees submitted by the East St. Tammany Ministerial Alliance.
- (5) One by the parish council.

The persons nominated do not have to be members of the nominating organization. If a named nominator ceases to exist, the parish council shall select an organization within the parish to be the nominator.

H. The terms of the first appointees shall be as follows:

- (1) The term of the appointee of the Greater Slidell Area Chamber of Commerce shall be one year.
- (2) The term of the appointee of the St. Tammany Bar Association shall be two years.
- (3) The term of the appointee of the East St. Tammany Ministerial Alliance shall be two years.
- (4) The term of the appointee of the St. Tammany West Chamber of Commerce shall be three years.

- (5) The term of the person appointed by the council shall be three years.

Thereafter all appointments will be for three years.

I. The nominated organizations shall make such nominations within 30 days after the effective date of this Charter, and the council shall make appointments within 30 days after the nominations are received. Should the council fail to make an appointment from the list submitted within the allotted 30 days, the first named nominee shall automatically become a member of the personnel board. Should an organization fail to make the nominations within 30 days, the council shall call a public hearing to discuss and develop the list of candidates. Whenever the term of a board member expires or there is a vacancy in an unexpired term, the council shall make an appointment in the same manner as that designated for that member being replaced.

A member of the personnel board may be removed by the parish council for cause after being served with written specifications of the charges and being afforded an opportunity for a public hearing thereon by the parish council.

J. The personnel board shall:

- (1) Serve as a review board for personnel policies and rules established by the parish council.
- (2) Hold hearings on dismissals, demotions and other disciplinary matters as may be provided in the rules. On appeal to the personnel board by an employee relative to the actions of the employer, the burden of proof shall be on the employee. The decisions of the personnel board in these matters shall be final, subject to judicial review.
- (3) Perform such other quasi-judicial duties as may be required under the rules developed pursuant to this section.

K. A fulltime employee of the parish government who has been employed by the parish at least one year prior to the time of adoption of this Charter shall continue to be an employee of the parish government and shall continue without competitive test or other method approved by the council, but shall be subject in all other respects to this section.

Sec. 4-11. Other departments.

Except as otherwise provided by this Charter, all parish government departments, offices and agencies and functions in existence on the effective date of this Charter, insofar as they do not conflict with this Charter, shall continue in existence as organized on that date until reorganized in accordance with the section on "Administration Reorganization."

Sec. 4-12. Administration reorganization.

A. The president may propose to the council the creation, change, alteration, consolidation or abolition of parish departments, offices and agencies and the reallocation of the functions, powers, duties and responsibilities of such departments, offices or agencies, including those provided for in this Charter.

B. Upon receipt of the president's proposed plan of reorganization, the presiding officer of the council shall cause to be introduced an ordinance to implement the proposed reorganization plan. The ordinance shall follow the same procedure as provided in the section on "Ordinances in General" of this Charter.

C. The reorganization plan submitted by the president shall become effective if the council fails to act on the proposed reorganization within 90 days of its submission to the council.

ARTICLE V. FINANCIAL PROCEDURES

Sec. 5-01. Fiscal year.

The fiscal year of the parish government shall be January 1 through December 31, subject to change by the council by ordinance.

Sec. 5-02. Operating budget preparation and adoption.

A. At least 90 days prior to the beginning of each fiscal year, the president shall submit to the council a proposed operating budget in the form required by this Charter. At the meeting of the council at which the operating budget is submitted, the council shall order a public hearing and shall cause to be published in the official journal, at least ten days prior to the date of such hearing, the time and place thereof, a general summary of the proposed budget and the times and places where copies of the proposed budget are available for public inspection. At the time and place so advertised, the council shall hold a public hearing on the budget as submitted. Changes in the proposed operating budget by the council shall be by the favorable vote of at least a majority of the authorized membership of the council. Upon final adoption, the budget shall be in effect for the budget year and copies shall be filed with the clerk of the council. The budget as finally adopted shall be reproduced and sufficient copies shall be made available for use by all offices, departments and agencies of the parish government. Copies shall be available for public use in the office of the clerk of the council. Additional copies may be purchased at cost by the public.

B. Upon failure of the council to adopt a budget before the end of the current fiscal year, the budget for the prior year shall continue in effect until amended by the council.

Sec. 5-03. The operating budget document.

The operating budget for the parish government shall present a complete financial plan for the ensuing fiscal year and shall consist of at least three parts as follows:

Part I shall contain: (1) a budget message, prepared by the president, which shall outline the proposed fiscal plan for the parish government and describe significant features of the budget for the forthcoming fiscal period; and (2) a general budget summary which, with supporting schedules, shall show the relationship between total proposed expenditures and total anticipated available funds for the forthcoming fiscal period and which shall compare these figures with corresponding actual figures for the last completed fiscal year and estimated figures for the year in progress.

Part II shall contain: (1) detailed estimates of all proposed expenditures, showing the corresponding estimated expenditures for each item for the current fiscal year and actual figures for the last preceding fiscal year with explanations of increases or decreases recommended related to performance standards or workload measurements, to the extent of availability of such information; (2) manning or organizational tables for each of the departments, agencies or programs; (3) detailed estimates of all anticipated revenues and other income available for appropriation, showing the corresponding estimated revenue or income for each item for the current fiscal year and actual figures of the last preceding fiscal year with explanations of increases or decreases; (4) delinquent taxes for current and preceding years, with the estimated percentage collectible; (5) statement of the indebtedness of the parish government, showing debt redemption and interest requirements, debt authorized and unissued, and conditions of the sinking funds; and (6) such other information as may be requested by the council. The total of proposed expenditures shall not exceed the total of estimated revenues and other funds legally available for expenditure.

Part III shall contain: a proposed complete draft of the appropriation ordinance. All appropriations shall be by department and/or program.

Sec. 5-04. Amendments to operating budget.

A. *Supplemental appropriations.* If during the fiscal year the president certifies that there are available for appropriation funds in excess of those estimated in the operating budget, the president may present a supplement to the budget for the disposition of such funds, and the council by ordinance may make supplemental appropriations for the year up to the amount of such excess in the same manner required for adoption of the budget.

B. *Emergency appropriations.* To meet a public emergency affecting life, health, property or the public peace, the council may make emergency appropriations. Such appropriations shall be made by emergency ordinance in accordance with the provisions of this Charter. To the extent that there are no available unappropriated funds to meet such appropriations, the council may

by such emergency ordinance borrow money in sums necessary to meet the emergency. The repayment of such sums shall be a fixed charge upon the revenues of the fiscal year next following the fiscal year in which the sums are borrowed.

C. *Reduction of appropriations.* If at any time during the fiscal year it appears to the president that the funds available will be insufficient to meet the amount appropriated, the president shall report to the council without delay, indicating the estimated amount of the deficit, any remedial action taken and recommendations as to any other steps to be taken. The council shall then take such further action as it deems necessary to prevent a deficit.

D. [*Reduction by ordinance.*] Subject to the limitations in subsection F of this section, the council may, by ordinance, reduce any appropriation at any time.

E. *Transfer of appropriations.* At any time during the fiscal year, the president may transfer part or all of any unencumbered appropriation within programs or departments. The president shall report to the council at its next meeting the transfers made. An unencumbered appropriation balance may be transferred from one department, office or agency to another or from one program to another only upon council action by ordinance.

F. *Limitations.* No appropriation for debt service may be reduced or transferred and no appropriation may be reduced below any amount required by law to be appropriated.

Sec. 5-05. Capital improvement budget.

A. Each year, no later than the time of submission of the operating budget for the ensuing fiscal year, the president shall prepare and submit to the council a capital improvement budget covering a period of at least five years. The capital improvement budget shall include new or expanded physical facilities that are relatively large, expensive and permanent. Capital improvements shall include, but not be limited to, major street, drainage, recreation and public building projects and other major construction or renovation projects. The amount indicated to be spent during the first year of the capital improvement budget shall be the capital improvement budget for that year.

B. The capital budget shall include:

- (1) A general summary of its contents.
- (2) A list of all capital improvements and acquisitions which are proposed to be undertaken for at least the five fiscal years next ensuing with appropriate supporting information as to the necessity for such improvements and acquisitions.
- (3) Cost estimates, method of financing and recommended time schedules for each such improvement or acquisition.
- (4) The estimated annual cost of operating and maintaining the capital improvement to be constructed or acquired.

The information shall be revised and extended each year with regard to capital improvements still pending or in process of construction or acquisition.

C. At the meeting of the council at which the capital improvement budget is submitted, the council shall order a public hearing on such capital improvement budget and shall cause to be published in the official journal, at least ten days prior to the date of such hearing, the time and place thereof, a general summary of the proposed capital improvement budget and the times and places where copies of the proposed capital improvement budget are available for public inspection. At the time and place so advertised, the council shall hold a public hearing on the capital improvement budget as submitted. Changes in the proposed capital improvement budget by the council shall be by the favorable vote of at least a majority of the authorized membership of the council. The capital improvement budget shall be finally adopted not later than the end of the fiscal year. The capital improvement budget as finally adopted shall be reproduced and sufficient copies shall be made available for use by all offices, departments and agencies of the parish government. Copies shall be available for public use in the office of the clerk of the council. Additional copies may be purchased at cost.

D. Amendments to the finally adopted capital improvement budget shall be by ordinance in accordance with provisions of this Charter relative to ordinances.

Sec. 5-06. Administration of operating and capital improvement budgets.

A. No payment shall be made or obligation incurred against any allotment or appropriation except in accordance with the approved operating budget and capital improvement budget and appropriations duly made and unless the president or the president's designee first certifies that there is a sufficient unencumbered balance in such allotment or appropriation and that sufficient funds therefrom are or will be available to cover the claim or meet the obligation when it becomes due and payable. However, this provision shall not limit the authority to borrow funds in anticipation of revenues as provided in the general laws of the state. Any authorization of payment or incurring of obligation in violation of the provisions of this Charter shall be void and any payment so made illegal; such action shall be cause for removal of any official, officer or employee who knowingly authorized or made such payment or incurred such obligation or who caused such payment to be authorized or made or obligation to be incurred. Such persons shall also be liable to the parish government for any amount so paid.

B. Nothing in this Charter shall be construed to prevent passage of any ordinance making or authorizing payments or making of contracts for capital improvements to be financed wholly or partly by the issuance of bonds or to prevent the making of any contract or lease providing for payments beyond the end of the fiscal year. Contracts for professional services not covered by the public bid law shall be for a period not to exceed the term for which the councilmembers and the president are elected.

C. Deficit spending is prohibited, except for emergencies as provided in the section on "Amendments to Operating Budget."

Sec. 5-07. Lapse of appropriations.

Every appropriation, except an appropriation for a capital expenditure, shall lapse at the close of the fiscal year to the extent that it has not been expended or encumbered. An appropriation for a capital expenditure shall continue in force until the purpose for which it was made has been accomplished or abandoned. The purpose of any such appropriations shall be deemed abandoned if three years pass without any disbursement from or encumbrance of the appropriation.

Sec. 5-08. Bonded debt.

The parish government is empowered to incur bonded debt in accordance with this Charter and the constitution and general laws of the state. When voter approval is required, no resolution shall be passed calling for an election to incur a bonded debt until an engineering and economic feasibility report shall have been made to the council and a summary thereof published in the official journal at least 45 days prior to the proposed date of the election, unless the council is required to call such an election pursuant to a petition as provided for under the general laws of this state.

Sec. 5-09. Facsimile and electronic signatures.

Facsimile and electronic signatures are authorized for negotiable instruments and multiple certificates of indebtedness in those cases where an official is required by law to sign.

ARTICLE VI. INITIATIVE AND REFERENDUM

Sec. 6-01. Initiative and referendum.

The electors of the St. Tammany Parish government shall have the power, except as herein restricted, to propose to the council passage, amendment or repeal of ordinances and to vote on the question if the council refuses action. This power shall not extend to the proposing or repealing of ordinances making or reducing the appropriation of money, to the repeal or reduction of any taxes, or to changing the salaries of the government's officers or employees. The initiative power shall be exercised in the following manner:

- (1) The person or persons proposing the exercise of this power shall submit the proposal to the council which shall specify within 30 days a form of petition for circulation in one or multiple copies as the proposer may desire. The petition shall contain the full text of the proposed ordinance.

- (2) Within 60 days after the form of the petition shall have been specified, the person or persons circulating the petition shall obtain the signatures of at least ten percent of the total registered voters of the parish. If the proposed ordinance pertains to an area which is less than parish wide, the number of signatures on the petition shall be 20 percent of the registered voters in the affected area. There shall be noted after each signature on the petition the date signed and the address of the signer. Each person circulating a copy of the petition shall attach a sworn affidavit to it stating the number of signers and the fact that each signature was made in the presence of the circulation of the petition.
- (3) The signed petition shall be filed with the council within 60 days of the specification of the form of the petition and, upon filing, the council shall order a canvass of the signatures through the office of the parish registrar of voters to determine their sufficiency and authenticity. The council's canvass shall be completed within 30 days. If the number of signatures is insufficient or the petition is deficient as to form or compliance with this section, the council shall notify the person or persons filing the petition of such sufficiency or deficiency and allow 30 days for filing of additional papers, at the end of which time the sufficiency and correctness of the petition shall be finally determined.
- (4) Within 30 days after a petition has been certified as sufficient and correct by the council, the council shall cause the proposed ordinance, and a summary thereof, to be published in the official journal of the parish government at least once together with a notice of the date, time and place when and where it will be given a public hearing, which notice shall appear at least seven days prior to the time advertised for the hearing. At the time and place so advertised the council shall hold a public hearing. No later than ten days after the public hearing, the council shall either:
 - a. Adopt the proposed ordinance submitted in an initiative petition, without substantive amendments, or effect the repeal referred to by such petition; or
 - b. Determine to submit the proposal to the electors.
- (5) If the council adopts an ordinance following the submission of an initiatory petition as provided above, it shall not amend or repeal the ordinance by its own action within one year following the date of submission of the petition proposing the ordinance, but it may submit proposals amending or repealing such ordinances to a vote of the electors. After the expiration of one year, the ordinance may be amended or repealed as any other ordinance.
- (6) If an initiative ordinance is submitted to a vote of the electors as provided above, the election shall take place at the first election already scheduled for other purposes or a special election which occurs at least 30 days after the date the council votes to submit the proposal to the electors. The results shall be determined by a majority vote of the electors voting on the proposal.

- (7) If a majority of the qualified electors voting on a proposed initiative ordinance vote in its favor, it shall be considered adopted upon certification of the election results. If conflicting ordinances are approved at the same election, the one receiving the greatest number of affirmative votes shall prevail to the extent of such conflict.
- (8) If the proposed ordinance pertains to an area less than parish wide but has an impact parish wide, the proposed ordinance shall be considered adopted only if approved by the voters parish wide and by the voters in the area to be affected. No parish wide vote shall be required if the impact of the proposal and its costs are limited to the affected area. In such a case, the proposed ordinance shall be considered adopted if approved by the voters in the area to be affected.
- (9) An ordinance adopted by the electorate through the initiative process shall not be amended or repealed by council action for a period of one year after the election at which it was adopted, but it may be amended or repealed any time by a vote of the electorate. After one year, such ordinance may be amended or repealed in the same manner as any other ordinance.
- (10) Ordinances adopted through the initiative process shall not be subject to veto by the president.

ARTICLE VII. AMENDING OR REPEALING THE CHARTER

Sec. 7-01. Amending or repealing the Charter.

A. Proposals to amend or repeal this Charter may be made by a two-thirds vote of the authorized membership of the council or by petition signed by not less than 20 percent of the total number of registered voters of the parish. A petition shall contain the full text of the proposed amendment, amendments or repeal of the Charter. The procedures and time limits for filing such a petition shall be the same as for an initiative ordinance as provided in paragraphs (1), (2) and (3) of initiative and referendum.

B. Within 30 days after a petition shall have been certified as sufficient and correct by the council, the council shall cause the amendment, amendments or repeal provisions being proposed to be published in the official journal of the parish government.

C. Proposals to amend or repeal this Charter shall be submitted for ratification to the qualified electors of the parish at an election already authorized for other purposes or a special election which occurs at least 30 days after publication of the proposed amendments or repeal. The results shall be determined by a majority vote of the electors voting on any particular proposal.

D. Proposals by the council and by petition may be submitted to the voters at the same election and voters may, at their option, accept or reject any or all such proposals. Should conflicting proposals be approved at the same election, the one receiving the greater number of affirmative votes shall prevail to the extent of such conflict.

E. Upon passage or rejection of an amendment proposal by the voters, at least two years shall lapse before the same issue can again be submitted to the voters.

F. Except as provided in the section on "Severability," no proposal to amend this Charter shall be submitted during the first one year of operations under this Charter. No proposal to repeal this Charter shall be submitted during the first three years of operations under this Charter. No amendment or repeal shall shorten the term for which any incumbent official was elected or reduce the salary of office for that term.

ARTICLE VIII. GENERAL PROVISIONS

Sec. 8-01. Legal process.

[The] legal process against the parish government shall be served upon the president or in his absence, upon the presiding officer of the council.

Sec. 8-02. Code of ethics.

All officers, officials and employees of the parish government shall be subject to provisions of the state code of ethics pertaining to local governments and to ordinances relative to the code of ethics for the parish government insofar as they do not conflict with the state code of ethics or this Charter.

Sec. 8-03. Bonding of officers.

Parish government officers and employees designated by the council shall give bond in the amount and with the surety prescribed by the council. The premiums on such bonds shall be paid by the parish government.

Sec. 8-04. Oaths of office.

All elected officials of the parish government shall take the following oath of office to be administered by any qualified person:

"I, ..., do solemnly swear (or affirm) that I will support the constitution and laws of the United States and the constitution, laws of this state and the charter of this parish and that I will faithfully and impartially discharge and perform all the duties incumbent upon me as ..., according to the best of my ability and understanding, so help me God."

Sec. 8-05. Advisory boards and commissions.

A. The council, by resolution, and the president may appoint advisory boards and commissions to provide advice regarding the operations of the parish government. No such board or commission shall have administrative or legislative authority.

B. A member of an advisory board or commission shall receive no compensation for service and shall serve at the pleasure of the appointing authority.

C. Members of all existing advisory boards and commissions shall complete their terms of office, except as may be provided by this Charter or by action of the council.

D. All meetings of advisory boards and commissions shall be open to the public in accordance with state law.

E. This section shall not apply to a board or commission created by ordinance or in accordance with general state law.

Sec. 8-06. Administrative boards and commissions.

A. This section pertains to boards and commissions created by ordinance or in accordance with general state law.

B. The council and the president may appoint members to boards and commissions as provided in ordinances and general state laws creating such boards and commissions, provided that no board or commission shall be composed of an even number of members and the number of board or commission members shall not be the same as the number of councilmembers.

C. No such board or commission shall have legislative authority.

D. Members of all existing administrative boards and commissions shall complete their terms of office, except as may be provided by this Charter or by action of the council.

E. All meetings of administrative boards and commissions shall be open to the public in accordance with state law.

F. The council may, by ordinance, create, consolidate, merge, abolish or reorganize any administrative boards or commissions in existence at the date this Charter becomes effective or as may be created in the future.

Sec. 8-07. Reconstitution of government.

In the event of war or public disaster that incapacitates the president and/or a majority of the council, the remaining members of the council may act on an emergency basis and shall appoint such other officials as are necessary to reconstitute the parish government. It shall be the intent of this section that these emergency powers shall subsist only so long as an emergency exists and the regularly constituted elections shall be held as soon as it is judicially determined that conditions permit their being held.

Sec. 8-08. Control over local public agencies and special districts.

A. The parish council shall have general power over any local public agency heretofore created by the governing authority of St. Tammany Parish or hereafter created by the council including, without limitation, the power to abolish the agency and require prior approval of any charge, tax levy or bond issued by the agency.

B. The parish government may consolidate and merge into itself any special district or local public agency, except a school district, situated and having jurisdiction entirely within the boundaries of the parish. Upon the consolidation and merger, the parish government shall succeed to and be vested with all of the rights, revenues, resources, jurisdiction, authority and powers of the special district or local public agency. A consolidation and merger shall become effective only if approved by a majority of the electors voting thereon in the parish as a whole and by a majority of the electors voting thereon in the affected special district. A local public agency shall be consolidated and merged only if approved by a majority of the electors voting in the parish as a whole.

C. If the special district or local public agency which is consolidated and merged has outstanding indebtedness, the authority provided by this section shall not be exercised unless provision is made for the retirement or assumption of the indebtedness.

Sec. 8-09. Recall.

A. Any elected official of the parish government may be removed from office by the electors of the parish through a recall process. The recall procedure shall be the same as is provided in the general laws of the state.

B. If, in a recall election, the majority of those voting vote for recall, the official named in the recall petition shall be removed ipso facto from office, and the vacancy thereby created shall be filled as in the case of ordinary vacancies in accordance with this Charter. The person recalled shall not be eligible for appointment to fill the vacant position.

Sec. 8-10. Removal by suit.

Any elected official of the parish government may be removed from office by court suit as provided for in the constitution and general laws of the state.

ARTICLE IX. TRANSITIONAL PROVISIONS**Sec. 9-01. Continuation of actions.**

A. All writs, actions, suits, proceedings, civil or criminal liabilities, prosecutions, judgments, sentences, contracts, franchises, debt or other obligations due by St. Tammany Parish, rights or causes of action, claims, demands, titles and rights existing on the effective date of this Charter shall continue unaffected. All sentences for punishment for ordinance violations or for crime shall be executed according to their terms.

B. All actions, ordinances, and administrative rules and regulations of St. Tammany Parish in force prior to the effective date of this Charter shall, insofar as they are not inconsistent with this Charter, remain in full force and effect until amended or repealed by the council or until they expire by their own limitation.

Sec. 9-02. Special districts.

Any special district heretofore established and existing in St. Tammany Parish shall continue to exist to effectuate the purpose for which it was created, to complete any works begun or authorized therein, to pay the debts of the district and to levy taxes and other charges as may have been or may be legally authorized in the district.

Sec. 9-03. Fees, charges and tax levies.

A. Constitutional limitations on the maximum property tax millages that can be levied without voter approval shall continue to be applicable to St. Tammany Parish.

B. Special or local assessments on property for improvements are to be maintained and may be imposed on property owners in accordance with state.

C. All fees, charges and taxes levied by St. Tammany Parish shall continue to be levied by the parish government until changed by the council by ordinance or by a vote of the people when a vote is required for tax purposes.

D. Receipts from fees, charges, rentals and royalties, taxes, federal and state grants, and shared revenues and taxes applicable to special districts, which are less than parish wide geographically, shall be used only for services to be rendered in those geographic areas.

E. The levy of property tax millages above the constitutional maximum previously approved by the voters of St. Tammany Parish or a special district shall continue to be levied by the parish government and used for the approved purposes. Such levies may be renewed upon the favorable vote of the electors within the geographical area involved.

Sec. 9-04. Special legislative acts.

All special legislative acts pertaining to St. Tammany Parish insofar as they are in conflict with the provisions of this Charter, shall henceforth be inoperative and of no effect.

Sec. 9-05. Retirement systems.

No pension and retirement plans for employees of St. Tammany Parish in existence at the time this Charter is approved shall be affected in any way by this Charter. The plans shall remain in full force and effect and shall be carried out and regulated in accordance with applicable laws and procedures.

Sec. 9-06. Declaration of intent.

This Charter shall be liberally construed in aid of its declared intent which is to establish for the people of St. Tammany Parish effective home rule free from legislative interference as to the structure and organization of its local government, and with the power and authority to manage its local affairs, all as contemplated and intended by the provisions of article VI, sections 5 and 6 of the constitution.

Sec. 9-07. Severability.

If any provision of this Charter is declared invalid for any reason, that provision shall not affect the validity of this Charter or any other provisions thereof.

Sec. 9-08. Violation of Voting Rights Act.

In the event the Civil Rights Division of the United States Department of Justice or any court of competent jurisdiction declares any part of this Charter to be in violation of the Voting Rights Act prior to the date the Charter becomes effective, the St. Tammany Parish Charter Commission shall reconvene for a period not to exceed 90 days for the purpose of drafting and proposing amendments to the Charter to resolve the cited violations of the Voting Rights Act and submitting the amendments to the electors of St. Tammany Parish.

Sec. 9-09. Schedule of transition.

The provisions of this Charter pertaining to the election of parish government officials created hereunder shall become effective on the date this Charter is adopted. The remaining provisions of this Charter shall become effective on the date of taking of office of the newly elected officials provided for by this Charter, such date being established in the section on "Election of Officials."

Sec. 9-10. Election of officials.

A. The first election for officials under this Charter shall be held at the same time as the primary and general elections for the governor of Louisiana in 1999. Subsequent elections shall be held on corresponding dates every fourth year thereafter.

B. Officials elected under provisions of this Charter in the election of 1999 shall take office on the second Monday in January next following their election. Thereafter, officials elected under provisions of this Charter shall take office at noon on the second Monday in January next following their election.

C. All elected officials of the St. Tammany Parish government elected under provisions of the parish council system shall continue to hold their offices and discharge the duties thereof until the officials elected under provisions of the Charter take office. Thereafter, their offices shall cease to exist.

D. Districts for councilmembers shall be the same as those existing for parish councilmembers at the time the Charter is adopted or as may be changed by action of the Civil Rights Division of the United States Department of Justice, any court of competent jurisdiction, reapportionment or as the number of councilmembers may be changed by the electorate.

Sec. 9-11. Required approval by electors.

The Charter shall become effective only if approved by a majority of those voting on the Charter.

Sec. 9-12. Charter ballot.

The ballot form for the referendum on this proposed Charter shall be:

"Shall the Home Rule Charter and plan of government for St. Tammany Parish prepared and submitted by the duly yes constituted Charter Commission according to article VI, no section 5 of the Constitution of Louisiana and other applicable law, be adopted?"

C. C. The abbreviation "C.C." refers to the Louisiana Civil Code, as amended.

C. C. P. The abbreviation "C.C.P." refers to the Louisiana Code of Civil Procedure, as amended.

C. Cr. P. The abbreviation "C.Cr.P." refers to the Louisiana Code of Criminal Procedure, as amended.

Ch. C. The abbreviation "Ch.C." refers to the Louisiana Children's Code, as amended.

Charter. The term "the Charter," or "parish Charter" or "Charter" means the St. Tammany Parish Home Rule Charter, as amended.

Code. The term "Code" or "this Code" means the Code of Ordinances, Parish of St. Tammany, Louisiana, as designated in section 1-1.

Council, parish council or local governing authority. The terms "council," "councilmembers," "parish council" or "local governing authority" mean the St. Tammany Parish Council.

Computation of time. Whenever a notice is required to be given or an act to be done a certain length of time before any proceeding shall be had, the day on which such notice is given or such act is done shall not be counted in computing the time, but the day on which such proceeding is to be had shall be counted, unless it is a legal holiday, in which event the period runs until the end of the next day which is not a legal holiday. A half-holiday is considered as a legal holiday. A legal holiday is to be included in the computation of a period of time allowed or prescribed, except when:

- (1) It is expressly excluded;
- (2) It would otherwise be the last day of the period; or
- (3) The period is less than seven days.

State law reference—Similar provisions, La. C.C.P. art. 5059.

Delegation of authority. Whenever a provision of this Code requires the head of a department of the parish to do some act or perform some duty, it shall be construed to authorize the head of the department to designate, delegate and authorize subordinates to do the required act or perform the required duty unless the terms of the provision designate otherwise.

Gender. A term importing one gender only shall extend and be applied to other genders and to firms, partnerships and corporations as well.

Generally. All general provisions, terms, phrases and expressions contained in this Code shall be liberally construed in order that the true intent and meaning of the parish council may be fully carried out. In the interpretation and application of any provisions of this Code, they shall be held to be the minimum requirements adopted for the promotion of the public health, safety, comfort, convenience and general welfare. Where any provision of the Code imposes greater restrictions upon the subject matter than another more general provision imposed by the Code or other law, the provision imposing the greater restriction or regulation shall be deemed to be controlling.

Joint authority. All terms giving a joint authority to three or more persons or officers shall be construed as giving such authority to a majority of such persons or officers.

May. The term "may" shall be construed as being permissive.

Month. The term "month" means a calendar month.

Must. The term "must" shall be construed as being mandatory. However see also "shall" as defined below.

Nontechnical and technical words. Terms and phrases shall be construed according to the common and approved usage of the language; but technical words and phrases and such others as may have acquired a peculiar and appropriate meaning in law shall be construed and understood according to such meaning.

Number. A term importing the singular number only may extend and be applied to several persons and things as well as to one person and thing.

Oath. The term "oath" shall be construed to include an affirmation in all cases in which, by law, an affirmation may be substituted for an oath, and in such cases the terms "swear" and "sworn" shall be equivalent to the terms "affirm" and "affirmed".

Officers, boards, commissions. Whenever reference is made to officers, boards or commissions by title only, such as "parish council" or "planning commission," such references shall be read as though followed by the words "of St. Tammany Parish, Louisiana."

Or, and. The term "or" may be read "and," and the term "and" may be read "or," if the sense requires it.

Parish. The term "the parish" or "this parish" means the Parish of St. Tammany, Louisiana.

Person. The term "person" shall extend and be applied to a number of persons and to associations, clubs, societies, firms, partnerships and bodies politic and corporate, as well as to individuals.

Property. The term "property" includes real and personal property.

R.S. The abbreviation "R.S." means the latest edition or supplement of the Louisiana Revised Statutes.

Shall. The word "shall" in its usual signification denotes a mandatory duty. However, words and phrases will be read with their context and will be construed according to the common and approved usage of the language. Technical words and phrases, and such others as may have acquired a peculiar and appropriate meaning in the law, will be construed and understood according to such peculiar and appropriate meaning. Except in those cases where the particular phrase or provision declares that the duty is mandatory, the determination of whether a requirement should be given mandatory or directory effect is to be based on a comparison of the results to which each such construction would lead. A mandatory provision generally prescribes, in addition to requiring the doing of the thing specified, the result that will follow if they are not done; whereas, if directory, their terms are limited to what is required to be done.

Signature or subscription. The term "signature" or "subscription" includes a mark when the person cannot write.

State. The term "the state" or "this state" shall be construed to mean the State of Louisiana.

Street. The term "street" shall be construed to embrace streets, avenues, boulevards, roads, alleys, lanes, viaducts and all other public highways in the parish.

Tense. Terms used in the past or present tense include the future as well as the past and present.

Week. The term "week" shall be construed to mean seven days.

Year. The term "year" means a calendar year.

State law reference—Similar provisions, R.S. 1:3 et seq., 47:2.

Sec. 1-3. Redesignation of certain terms to conform to parish council as used in the Home Rule Charter from police jury.

(a) Wherever and whenever in this Code the words and/or title "police jury" appears or is used, directly or indirectly, substituted therefor shall be the words and reference to the "parish council."

(b) And generally, wherever and whenever any other words, phrases, titles, offices, agencies, commissions, committees or departments are used or referred to under the former police jury form of government, substituted therefor shall be the counterpart thereof, or the office, agency,

commission, committee or department designated with the function thereof by the parish council, parish president, or parish administration consistent with the provisions of authority in the Home Rule Charter, and any reorganization of parish government made under the Charter.

(Code 1998, § 1-002.01; Ord. No. 84-60, 3-15-1984; Ord. No. 88-902, 1-21-1988)

Sec. 1-4. Headings to sections, source notes, indexes and table of contents not part of law.

The catchlines of the several sections of this Code, printed in boldface type, are intended as mere catchwords to indicate the contents of the sections and shall not be deemed or taken to be titles of such sections, or as any part of the sections, nor, unless expressly so provided, shall they be so deemed when any of such sections, including the catchlines, are amended or reenacted. The history notes appearing in parentheses after each section, the table of contents appearing at the beginning of the Code and each chapter, and the references and editor's notes scattered throughout the Code indicate the source of matter contained in the sections, are not intended to have any legal effect, but are merely intended for the convenience of the user of the Code.

(Code 1998, § 1-003.00)

Sec. 1-5. Effect of repeal of ordinances.

(a) The repeal of an ordinance shall not revive any ordinances in force before or at the time the ordinance repealed took effect.

(b) The repeal of an ordinance shall not affect any punishment or penalty incurred before the repeal took effect, or any suit, prosecution or proceeding pending at the time of the repeal, for an offense committed under the ordinance repealed.

(Code 1998, § 1-004.00)

Sec. 1-6. Severability of parts of Code.

The sections, paragraphs, sentences, clauses and phrases of this Code are severable, and if any phrase, clause, sentence, paragraph or section of this Code shall be declared unconstitutional, unenforceable or invalid by the valid judgment of any court of competent jurisdiction, such unconstitutionality, unenforceability or invalidity shall not affect any of the remaining phrases, clauses, sentences, paragraphs and sections of this Code, since the same would have been enacted by the parish council without the incorporation in this Code of any unconstitutional, unenforceable or invalid phrase, clause, sentence, paragraph or section.

Sec. 1-7. Amendments to Code; effect of new ordinances; amendatory language.

(a) All ordinances passed subsequent to this Code which amend, repeal or in any way affect this Code, may be numbered in accordance with the numbering system of this Code and printed for inclusion therein. When subsequent ordinances repeal any chapter, section or subsection or any portion thereof, such repealed portions may be excluded from this Code by omission from

reprinted pages. The subsequent ordinances as numbered and printed, or omitted in the case of repeal, shall be prima facie evidence of such subsequent ordinances until such time as this Code and subsequent ordinances numbered or omitted are readopted as a new Code of Ordinances.

(b) Amendments to any of the provisions of this Code may be made by amending such provisions by specific reference to the section number of this Code in substantially the following language: "That section ____ of the Code of Ordinances of St. Tammany Parish is hereby amended to read as follows:...." The new provisions shall then be set out in full as desired.

(c) In the event a new section not heretofore existing in this Code is to be added, the following language may be used: "Code of Ordinances of St. Tammany Parish, Louisiana, is hereby amended by adding a section to be numbered ____, which said section reads as follows:...." The new section shall then be set out in full as desired.

(Code 1998, § 1-006.00)

Sec. 1-8. Altering Code.

It shall be unlawful for any person in the parish to change or amend by additions or deletions, any part or portion of this Code, or to insert or delete pages or portions thereof, or to alter or tamper with such Code in any manner whatsoever which will cause the law of the parish to be misrepresented thereby. Any person violating this section shall be punished as provided in section 1-9.

(Code 1998, § 1-007.00)

Sec. 1-9. General penalty for violation of Code; separate offenses.

Whenever in this Code, or in any ordinance of the parish, any act or omission is prohibited or is made or declared to be unlawful or a misdemeanor, or whenever in said Code or ordinance the doing of any act or the failure to do any act is declared to be unlawful or a misdemeanor or is prohibited, and no specific penalty is provided therefor, and state law does not provide otherwise, or for a greater penalty, the violation of any such provision of this Code or any ordinance shall be a misdemeanor punishable by a term of imprisonment of up to 30 days in the parish jail or a fine of not less than \$300.00 nor more than \$500.00 or both. Unless specifically provided otherwise, or the context thereof so dictates, each day any violation of any provision of this Code or any ordinance shall continue shall constitute a separate offense.

(Code 1998, § 1-008.00; Ord. No. 80-100, 12-18-1980)

State law reference—Penalty for ordinance violations generally, R.S. 33:1236(25), 33:1243.

Sec. 1-10. Officers, employees not liable to fine for failure to perform duties.

No provision of this Code designating the duties of any parish officer or employee shall be construed so as to make such officer or employee liable for any fine or penalty provided in this

Code for a failure to perform such duty, unless the intention of the parish council to impose such a fine or penalty on such officer or employee is specifically and clearly expressed in the section creating the duty.

(Code 1998, § 1-009.00)

Sec. 1-11. Jurisdiction.

Except as otherwise provided, the provisions of this Code shall apply only in the unincorporated areas of the parish.

(Code 1998, § 1-010.00)

Sec. 1-12. Prior offenses, penalties and rights not affected by adoption of Code.

(a) Nothing in this Code or the ordinance adopting this Code shall affect any offense or act committed or done or any penalty of forfeiture incurred or any contract or right established or accruing before the effective date of this Code.

(b) Nothing contained in this chapter shall be construed as abating any action pending under or by virtue of any general ordinance of the parish repealed in this chapter, and all general ordinances contained in this Code shall be deemed to be continuing and not a new enactment of the same ordinance. This chapter shall not be deemed as discontinuing, abating, modifying or altering any penalty accrued or to accrue or as affecting the liability of any person or as waiving any right of the parish under any ordinance or section thereof in force at the time of the adoption of this Code.

Sec. 1-13. Supplementation of Code.

(a) By contract or by parish personnel, supplements to this Code shall be prepared and printed whenever authorized or directed by the parish council. A supplement to the Code shall include all substantive permanent and general parts of ordinances passed by the parish council or adopted by initiative and referendum during the period covered by the supplement and all changes made thereby in the Code. The pages of a supplement shall be so numbered that they will fit properly into the Code and will, where necessary, replace pages which have become obsolete or partially obsolete, and the new pages shall be so prepared that, when they have been inserted, the Code will be current through the date of the adoption of the latest ordinance included in the supplement.

(b) In preparing a supplement to this Code, all portions of the Code which have been repealed shall be excluded from the Code by omission thereof from reprinted pages.

(c) When preparing a supplement to this Code, the codifier (meaning the person, agency or organization authorized to prepare the supplement) may make formal, nonsubstantive changes in ordinances and parts of ordinances included in the supplement, insofar as it is necessary to do so to embody them into a unified Code. For example, the codifier may:

- (1) Organize the ordinance material into appropriate subdivisions;

- (2) Provide appropriate catchlines, headings and titles for articles, sections and other subdivisions of the Code printed in the supplement and make changes in such catchlines, headings and titles;
- (3) Assign appropriate numbers to articles, sections and other subdivisions to be inserted in the Code and, where necessary to accommodate new material, change existing article or section or other subdivision numbers;
- (4) Change the words "this ordinance" or words of the same meaning to "this chapter," "this article," "this section," "this subsection," etc., as the case may be; and
- (5) Make other nonsubstantive changes necessary to preserve the original meaning of ordinance articles or sections inserted into the Code; but, in no case, shall the codifier make any change in the meaning or effect of ordinance material included in the supplement or already embodied in the Code.

Sec. 1-14. Ordinances not affected by adoption of Code.

Nothing in this Code or the ordinance adopting this Code shall affect any ordinance or resolution:

- (1) Accepting, abandoning, naming, establishing, locating, relocating, paving or improving any road, public way or servitude in the parish;
- (2) Adopting or amending any budget or making any appropriations;
- (3) Levying annual taxes or imposing parish fees or service charges;
- (4) Relating to any special assessment or local improvement;
- (5) Authorizing or granting any contract;
- (6) Authorizing the execution of any document;
- (7) Promising or guaranteeing the payment of money by or to the parish, or authorizing the issuance of any bonds or other evidence of indebtedness;
- (8) Pertaining to any specific election, or the calling of regular or special elections, or promulgating the results of such elections;
- (9) Providing for the compensation of parish officers or employees;
- (10) Granting any franchise which has not expired;
- (11) Relating to zoning not codified in this Code;
- (12) Employing or regulating any employee or other personnel, or providing benefits;
- (13) Granting a franchise or approving a transfer of same;
- (14) Dedicating or accepting any plat or subdivision, or vacating such plat or subdivision;

- (15) Providing administrative actions, such as the fixing of salaries, the establishment of agencies, etc., not inconsistent with the provisions of this Code;
- (16) Prescribing traffic regulations at specific locations, such as through or stop streets, loading zones, speed limits, etc., not inconsistent with this Code;
- (17) Adopted for purposes which have been consummated;
- (18) Which is temporary, although general in effect;
- (19) Which is special, although permanent in effect.

And all such ordinances are hereby recognized as continuing in full force and effect to the same extent as if set out at length in this Code.

ARTICLE I. IN GENERAL**Sec. 2-1. Saturday to be a holiday.**

All Saturdays shall be legal holidays and all Wednesdays shall be full working days, except when a legal holiday falls on Wednesday.

(Code 1998, § 2-001.00; Ord. No. 251, Bk. 4, P. 292)

State law reference—Similar provision, R.S. 1:55.

Sec. 2-2. Working of prisoners.

(a) Any prisoner serving a sentence in the parish jail who is willing to perform manual labor upon any of the public roads, streets, public buildings, public grounds, public works or public improvements, shall be placed in charge of the sheriff in order to perform whatever form of labor upon any of the above named projects as may be determined by the parish government.

(b) Any prisoner or prisoners that are worked outside of the prison as herein set forth shall be under the control and in charge of the sheriff, who shall be responsible for discipline and working conditions.

(c) Any prisoners who perform labor as herein set forth, shall be given credit on their respective sentences as provided by the judge who sentenced them to jail.

(Code 1998, § 2-002.00; Ord. No. 152, Bk. 2, P. 553)

Sec. 2-3. Reimbursement of expenses by inmates/prisoners.

(a) Reimbursement of medical, psychiatric and dental expenses, and for the expenses of prescription and nonprescription drugs:

- (1) In compliance with and under the authority of R.S. 15:705 and other applicable laws, an inmate's commissary or drawing account shall be debited for said inmates' medical, psychiatric or dental expenses, and prescription and over the counter medication expenses at the time the expenses are incurred or as soon thereafter as the inmate's commissary or drawing account has sufficient assets for reimbursement for medical, psychiatric and dental expenses, and prescription and over the counter medication expenses, and the parish government shall be reimbursed for its expenditures from such funds.
- (2) Except as provided for in subsection (3) of this section, reimbursements for medical, psychiatric and dental expenses, and prescription and over the counter medication expenses shall be made prior to any other withdrawal from an inmate's commissary or drawing account.
- (3) This section shall not prohibit the withdrawal of funds for the purpose of payments under the Crime Withdrawal Reparations Act, court costs as authorized by law, and other withdrawals specifically authorized by the sheriff, in that order.

- (4) Written rules and regulations shall provide for the collection of medical, psychiatric and dental expenses, and prescription and over the counter medication expenses and for freezing assets in an inmates' commissary or drawing account, as well as other matters consistent herewith. The commissary or drawing account may be frozen regardless of the source of the assets contained therein.
- (5) The medical, psychiatric and dental service and prescription and over the counter medication reimbursements shall be conditioned upon the following:
 - a. Inmates shall be informed of the reimbursements at the time a request for medical, psychiatric or dental services or prescription and over the counter medication is made; and
 - b. No inmate shall be refused medical, psychiatric or dental treatment or prescription or over the counter medication for lack of funds.
- (6) The amount of reimbursement from an inmate for his visits to doctors, hospitals, psychiatrists and dentists, and for receipt of prescription or nonprescription drugs, shall be the actual cost for the particular expense incurred. In addition, the following copayments shall be made by the inmates upon receiving medical or dental treatment:
 - a. If the inmate has private medical/hospital insurance coverage, the copayment shall be \$25.00 or the amount provided for by the insurer, whichever is greater.
 - b. If the inmate does not have private medical/hospital insurance coverage, the copayment shall be \$25.00 per visit.
- (7) Any inmate who is discharged or transferred to another facility shall remain liable for any reimbursement authorized by this section.
- (8) If at any time an inmate's commissary or drawing account does not have sufficient funds to reimburse the costs of medical, psychiatric or dental service expenses or prescription or over the counter medication expenses, the account shall carry a negative balance until such time as funds are deposited into that account. The account shall be frozen regardless of the source of the assets therein, and the inmate shall withdraw no amounts therefrom until all costs are paid. When funds become available, the medical, psychiatric and dental service and prescription and over the counter medication reimbursement shall be immediately deducted from the account.
- (9) If an inmate is discharged with a negative balance in the commissary or drawing account due to unpaid medical or dental expenses or prescription or over the counter medication expenses and that inmate is subsequently returned to any parish correctional facility, the unpaid balance shall immediately be collected from the new commissary or drawing account established upon entry to the correctional facility in accordance with the provisions outlined herein.

(10) Any inmate who is covered by a private medical, psychiatric, dental or health care insurer or any public medical, psychiatric or dental assistance program, shall file a claim for payment or reimbursement of any medical, psychiatric or dental services or prescription or over the counter medication provided while inmate is in any parish correctional facility.

(11) For purposes of the above provisions, the following are defined:

Commissary or drawing account means any account under the control of the correctional facility from which an inmate may withdraw funds.

Inmate means any person confined to a parish correctional facility, but shall not include inmates sentenced to the department of public safety and corrections who are in the custody of the sheriff.

Sheriff means the sheriff of the parish.

(b) In accordance with R.S. 15:705(A)(1)(B), any inmate incarcerated in the parish jail shall be responsible for reimbursement for the costs of room and board during his incarceration provided such reimbursement is approved by the judge who sentenced the inmate and provided the amount of such reimbursement is a uniform and reasonable amount established by the department of public safety and corrections by rule. The applicable collection of reimbursement provisions set forth in subsection (a) of this section, and for freezing assets in an inmates' commissary or drawing account, shall be applicable to the collection of reimbursement for the costs of room and board.

(c) The sheriff is authorized to obtain restitution from any inmate incarcerated in the parish jail, including any inmate sentenced to the department of public safety and corrections who is in the custody of the sheriff, who damages or destroys property.

- (1) The amount of restitution shall be the actual costs or any portion thereof of repairing or replacing the property.
- (2) The sheriff is authorized to freeze the assets in the inmate's drawing account and prohibit withdrawals therefrom until the expenses are paid. The drawing account may be frozen regardless of the source of the assets contained therein. This subsection shall not prohibit the withdrawal of funds for the purpose of payments under the Crime Victims Reparations Act, court costs as authorized by law, other payments required by the sentencing judge, and other withdrawals specifically authorized by the sheriff, in that order.
- (3) Any offender who is transferred to another facility or discharged shall remain liable for the restitution authorized under this subsection.

- (4) For purposes of this subsection, the assets of an inmate's drawing account shall not be reduced below \$5.00.

(Code 1998, § 2-002.01; Ord. No. 96-2535, 11-21-1996; Ord. No. 10-2315, 8-5-2010)

State law reference—Similar provision, R.S. 15:705.

Sec. 2-4. Parish prison; trespassing.

(a) No person shall remain on the grounds of the parish prison, and shall be deemed as trespassing, after being instructed to leave said property by any law enforcement officer or any other official prison personnel.

(b) This section shall not apply to any law enforcement officer nor to any individual who is transacting lawful prison, or judicial system, business.

(c) Any person found to be in violation of this section shall be subject to a fine of not more than \$100.00 and/or imprisonment for a period of not more than ten days.

(Code 1998, § 2-002.02; Ord. No. 02-0573, 11-7-2002)

Sec. 2-5. Voluntary work release program.

The purpose and intent of this section shall be to authorize the sheriff of the parish to establish a voluntary work release program for parish inmates sentenced to parish time sentences.

- (1) The sheriff shall establish written rules and regulations for the implementation and administration of the work release program consistent with the provisions of R.S. 15:711 and shall determine those inmates who may participate in the release program. The sheriff shall submit the program to the judges of the 22nd Judicial District Court for approval.
- (2) Any inmate sentenced to participate in a court-approved workday release program shall pay a fee to defray the cost of participation in the program. Any fee shall be established within the program and approved by the court.
- (3) Every inmate with work release privileges shall be liable for personal and living expenses, including the cost of his room, board, clothing and other necessary expenses incident to his employment or placement while not confined in jail.
- (4) The wages of any inmate so employed shall be collected by the sheriff, or by his designated agent, and the sheriff shall keep a ledger showing the financial status of each inmate on the program.
- (5) The wages of any such inmate shall be disbursed by the sheriff pursuant to the court-approved program for the purposes established in the program, including restitution to victims of crimes committed by the inmates.

- (6) The wages of an inmate so employed shall not be less than the customary wages for an employee performing similar services.
 - (7) Notwithstanding the provisions of this chapter, or state law to the contrary, any inmate who has been convicted and sentenced as an inmate assigned to the state department of corrections, shall be prohibited from participation in this parish's work release program.
 - (8) No inmate employed in the work release program shall be employed in a position which would necessitate his departure from the parish.
 - (9) The work, labor or job to be performed by an inmate shall not be determined by the governing authority of the parish.
- (Code 1998, § 2-003.00; Ord. No. 03-0704, 7-10-2003)

Sec. 2-6. GO-STAT (St. Tammany Area Transit) created.

(a) GO-STAT (St. Tammany Area Transit) is hereby established as the parish's new transit authority.

(b) The currently appointed members of the parish transit authority are vacated and the parish chief administrative officer is hereby appointed as the oversight administrator of GO-STAT.

(Code 1998, § 2-004.00; Ord. No. 1126, 3-13-1980; Ord. No. 09-2035, 4-2-2009)

Sec. 2-7. Parish journal.

The selection of the official parish journal of the parish shall be made at the regular meeting of the parish council for a term to coincide with the fiscal year of the parish.

(Code 1998, § 2-005.00; Ord. No. 80-07, 7-10-1980)

Sec. 2-8. Fee for delinquent special assessment payments.

(a) *Amount of fee.* The parish administration is authorized to charge special assessment property owners a delinquent fee. This fee shall be at a rate of one percent per month, not to exceed five percent per annum, on the sum total of principal and interest due for the billing period. The penalty fee shall be calculated starting 30 days after the due date on the invoice.

(b) *Due date of special assessment payment.* Unless otherwise stated in the special assessment ordinance, the parish administration will establish the due date as 30 calendar days prior to the payment date of the bond issue. The invoices shall be sent to the property owners 45 calendar days prior to the invoice due date.

(c) *Notification of parish council of properties delinquent more than two years.* The parish administration shall notify the parish council of special assessment properties that are delinquent more than two years. The parish council will then determine the action to be taken. (Code 1998, § 2-006.00; Ord. No. 81-197, 5-21-1981)

Sec. 2-9. Audits and minutes of meetings to be furnished to parish council.

(a) All departments, offices, agencies, boards and commissions under the jurisdiction of the parish council shall comply fully with the requirements of applicable federal, state or local law relative to the conduct of independent post-audits of their accounts and other evidences of financial transactions. Audits may be by the state, if applicable, or by private auditors who shall be without personal interest in the affairs subject to audit, shall not participate in budget preparation and adoption, and shall be by a certified public accountant or a firm of such accountants.

(b) One copy of all final audits conducted pursuant to requirements of this section and copies of any other audits that may be conducted by parish departments, offices, agencies, boards and commissions whether or not required by law, shall be submitted to the parish council at its first regularly scheduled meeting held after the release of said audit by the person or firm performing the audit and such audits shall thereafter be of public record.

(c) One copy of the minutes of each meeting of any parish agency, board or commission must be transmitted to the parish council within ten working days of the acceptance or adoption thereof by such body; said agency, board or commission shall designate one of its members with the responsibility for compliance.

(d) Responsibility for compliance with this section insofar as the audit provision is concerned shall rest with the chief financial officer of the particular department, office, agency, board or commission receiving the audit or having the audit performed.

(e) Wilful failure to timely comply with the requirements of this section shall constitute grounds for the recall of any or all appointees of the agency, board or commission by the parish council.

(f) All departments, offices, agencies, boards and commissions under the jurisdiction of the parish governing authority as defined under the Governmental Accounting Standards Board (GASB) Statement No. 34 shall be required to submit to the director of the department of finance two copies of their fiscal year end financial statements in the format so designated by the director of the department of finance. The statements must be submitted within 30 calendar days of the close of the organization's fiscal year. Failure to comply with these requirements shall subject the governing board to the provisions of subsection (e) of this section. (Code 1998, § 2-008.00; Ord. No. 82-341, 4-15-1982; Ord. No. 83-717, 11-17-1983)

ARTICLE III. PARISH COUNCIL

Sec. 2-71. Salaries.

(a) The 2011 monthly compensation to be received by all elected members of the parish council, pursuant to Ordinance C.S. No. 06-1464, adopted December 7, 2006, shall be \$2,300.00 per month. Monthly compensation for 2012 through 2015 shall remain at the 2011 level. On January 1, 2016, and every January 1 thereafter, council member salaries will increase by the average percentage increase of all parish government employees for that year as determined by the director of finance. Monthly compensation for subsequent years shall remain at this level unless amended by the council pursuant to parish Charter section 2-05(B).

(b) Reimbursements.

- (1) Councilmembers are entitled to reimbursement for reasonable expenses incurred in carrying out their official duties.

- (2) Reimbursement shall be authorized only upon submission of properly documented receipts.
 - (3) Authorized items for reimbursement:
 - a. Mileage shall be reimbursed for the use of a personal vehicle for out-of-parish business-related travel. Mileage shall be based on the most current federal/state standard mileage rate. Reimbursement requests shall be documented from the vehicle's actual odometer reading or calculated using the recommended route of travel.
 - b. Expenses incurred for lodging and meals to attend out-of-parish government functions, when such lodging and meals are not prepaid by the parish.
 - (c) Cellular phone stipend program.
 - (1) Councilmembers are entitled to a cellular phone stipend to cover the reasonable expenses incurred in the performance of their official duties.
 - (2) Stipends will be paid in accordance with a multi-tier program with each tier representing an allotment of minutes and features necessary for councilmembers to conduct business according to individual need.
 - (3) Councilmembers will each be placed in a tier level of stipend according to the number of minutes and features they require after consulting with the council administrator.
 - (4) The council administrator will review annually the tier level of stipend with each councilmember to confirm the appropriate amount of stipend is being paid according to actual minutes and features used during the previous year.
 - (5) Council staff members requiring a cellular phone as part of their duties will also participate in this stipend program.
- (Code 1998, § 2-030.00; Ord. No. 09-2017, 3-5-2009; Ord. No. 11-2452, 2-3-2011; Ord. No. 14-3210, 10-2-2014)

Sec. 2-72. Officers.

DIVISION 2. CODE OF ETHICS

Sec. 2-124. Code of ethics for the government of the parish.

(a) The code of ethics which shall bind and apply to all officers, officials and employees of the parish, whether appointed or elected, paid or unpaid, except the judicial department, shall be the code of ethics of the state as is contained in R.S. title 42, ch. 15 (R.S. 42:1101 et seq.), as amended.

(b) In addition to the state code of ethics referenced hereinabove, the following provisions shall apply to all officers, officials and employees of the parish, whether appointed or elected, paid or unpaid, except the judicial department.

(Code 1998, § 2-050.00; Ord. No. 81-196, 5-21-1981; Ord. No. 90-1257, 4-19-1990)

Editor's note—Ordinance No. 90-1257 states in part that "it is the desire of this governing body to establish a more stringent code of ethics for the parish council than is currently

provided by R.S. title 42, ch. 15 and referenced in the Code of Ordinances" and further said ordinance states that "this ordinance shall become effective and be deemed enacted immediately upon publication."

Sec. 2-125. Selection of persons for professional services.

(a) Each person who is to be retained or employed to perform professional services for the parish or any of its departments, districts, boards or commissions shall be selected by the parish council from the list of those persons submitting statements of qualification and/or proposals.

(b) Any person submitting a statement of qualification and/or proposal shall submit to the parish council data concerning his experience, previous projects undertaken, present projects now being performed by him, scope and amount of work on hand, the names of key personnel who will be assigned to the project, and any other information that may be appropriate in selecting the person for the particular project under consideration. The parish council by resolution, may develop standard questionnaire forms to be used for submitting such data and may, from time to time, amend such forms by resolution to require additional information. The parish council shall not consider any person who does not submit a completed questionnaire forms.

(c) Any person submitting a statement of qualification and/or proposal shall also execute and submit an affidavit attesting:

- (1) That affiant has not and will not employ any person, corporation, firm, association or other organization, either directly or indirectly, to secure the public contract under which he is to receive payment, other than persons regularly employed by the affiant whose services in connection with the project or in securing the public contract are in the regular course of their duties for affiant;
- (2) That no part of the contract price was paid or will be paid to any person, corporation, firm, association or other organization for soliciting the contract, other than the payment of their normal compensation to persons regularly employed by the affiant whose services with the project are in the regular course of their duties for affiant; and
- (3) That the affiant shall state any and all campaign contributions he has made to elected officials of the parish council during the current term, and that he has not made any contributions to or in support of elected officials of the parish council through or in the name of another person either directly or indirectly.

(d) The parish council shall not consider any person who does not have the appropriate professional license and/or occupational license as required by law; nor shall the parish council consider any person who does not submit the questionnaire and affidavit required by this section or who submits an incomplete questionnaire or affidavit. Any false or misleading information on any questionnaire or affidavit shall be a basis for voiding the contract and prohibiting the affiant from being considered on any future project for a period of 24 months.

(e) The following guides, among other factors that the parish council deems appropriate, shall be used by the parish council in selecting persons for professional services:

- (1) Professional training and experience, both generally and in relation to the type and magnitude of work required for the particular project;
- (2) Capacity for timely completion of the work, taking into consideration the person's current and projected workload and professional and support manpower;
- (3) Past and current professional accomplishments, for which opinions of clients or former clients and information gathered by inspection of current or recent projects may be considered;
- (4) The nature, quantity and value of parish work previously performed and presently being performed by the person, it being generally desirable to allocate such work among persons who are desirous and qualified to perform such work;
- (5) Past performance by the person on public contracts, including any problems with time delays, cost overruns, and design inadequacies for which said person was held to be at fault, involved in prior projects as evidenced by documentation provided by the administration; and
- (6) An analysis of whether problems as indicated in subsection (5) of this section resulted in litigation between the public entity and the person performing professional services, particularly if he is currently involved in unsettled litigation with a public entity or has been involved in litigation with a public entity where the public entity prevailed.

(f) The parish council may, for each individual job or project, establish those qualifications and guidelines which it deems necessary to select the person to be retained or employed for such job or project.

(g) As used in this section:

Campaign contribution means a gift, conveyance, payment, deposit of money, and/or anything of economic value (including, but not limited to, tickets for fund raiser events) which was, is and shall be paid, loaned, granted, given, donated, transferred, and/or is the forgiveness of a loan or a debt by any person for the purpose of supporting, opposing, or otherwise influencing, directly or indirectly, the nomination or election of an individual elected to or seeking nomination to public office, whether or not such is made before or after the election.

DIVISION 3. NOTIFICATION OF CAPITAL IMPROVEMENTS, SPECIAL
PROGRAMS, ETC.

Sec. 2-157. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Capital improvement means the erection of any parish building structure or bridge, or the replacement or closing thereof or any portion thereof except as shown in routine maintenance; same shall also refer to parish road improvements requiring scarifying, or shaping of the base, or the overlay thereof of more than 25 feet or the pulling of ditches of more than 200 linear feet, the widening or deepening or cleaning of bayous or drainage canals to whatever extent shall constitute a capital improvement for the purposes hereof; the replacement of any culvert which is situated under any parish road and which replacement would require a delay or detour of vehicular traffic shall also constitute a capital improvement for the purposes hereof.

Detour means the rerouting of vehicular traffic to affect road, bridge or other repairs.

Routine maintenance means and includes the filling of potholes, the fixing of a bridge guardrail or patching the surface thereof or any overlay or shaping of a road/road base if less than 25 feet or the pulling of ditches of less than 200 linear feet.

Special programs, as used herein, mean any federal, state or local special program in which funds, food, commodities, produce, dairy products, building materials, insulation and the like

are distributed in whole or in part to individuals through an agency of the parish; the term "special programs" shall not include welfare, medicare, medicaid or veterans or unemployment programs and the like which are a matter of general classification and universal application. (Code 1998, § 2-051.00; Ord. No. 83-552, 3-17-1983)

Sec. 2-158. Notice required.

The administration shall designate a person thereby to be responsible for notice to the parish council members, or their successors in office, required hereunder. (Code 1998, § 2-052.00; Ord. No. 83-552, 3-17-1983)

Sec. 2-159. Parish council members to whom notices are to be transmitted.

For all capital improvements performed or authorized by the parish, the district parish council member, or his successor in office, in whose district the work is to be performed, shall be notified in writing of the capital improvement proposed to be undertaken at least 24 hours prior to the commencement of work; the written notice shall specify the approximate commencement time and the nature and extent of the capital improvement. (Code 1998, § 2-053.00; Ord. No. 83-552, 3-17-1983)

Sec. 2-160. Special programs.

In the event of special programs as defined in section 2-157 within the parish, the administration's designee shall notify all parish council members, or their successors in office, in writing thereof at least one calendar week prior to the distribution and the writing shall designate the nature of the program and the time, date and place of the distribution and which parish agency is involved in the distribution. (Code 1998, § 2-054.00; Ord. No. 83-552, 3-17-1983)

Sec. 2-161. Emergencies.

In the event of a bona fide emergency, that is, where life or property is imperiled due to an act of God or a natural or manmade catastrophe, or arising from conditions beyond the control of the parish, no written notice shall be required, if otherwise required herein; however the administration's designee shall make good faith effort to contact by telephone the parish council members required to be contacted hereunder. (Code 1998, § 2-055.00; Ord. No. 83-552, 3-17-1983)

Sec. 2-162. Improvements or programs under control of other than parish agency.

Should the capital improvements or special programs within the parish be under the total administration and control of other than a parish agency, no notice is required, unless the chief administrative officer or administration is made aware thereof, in which event the notices as required hereunder shall be transmitted to the required parish council members. (Code 1998, § 2-055.01; Ord. No. 83-552, 3-17-1983)

Sec. 2-163. Violation; penalties.

The willful failure of the administration's designee to issue the required notices hereunder, or failure by the administration to make such designation of a parish employee, shall constitute a violation hereof and the employee violating these provisions is subject to suspension from parish employment without pay for one week for the first offense; thereafter, if the violation again occurs by the same employee, it shall constitute cause for termination of employment. (Code 1998, § 2-056.00; Ord. No. 83-552, 3-17-1983)

Sec. 2-164. Utilization of parish approved bond counsel.

All boards and commissions under the governing authority of the parish council shall utilize the parish approved bond counsel of record for all projects requiring capital financing. (Code 1998, § 2-057.00; Ord. No. 96-2546, 11-21-1996)

Sec. 2-183. Duties of departments.

(a) The general duties and responsibilities of each office and/or department herein shall be as follows:

- (1) To perform such services as is necessary to carry out its legislative functions.
- (2) To ensure the safety, health and well-being of the citizens of this parish.
- (3) To be responsive and responsible to the needs of the citizens of the parish.
- (4) To perform other such activities not enumerated herein as directed by the Charter, the president, chief administrative officer and/or deputy chief administrative officer.

(b) The further duties of these offices, agencies and/or departments shall be as follows:

- (1) The office of the president shall include the parish president, chief administrative officer, one or more deputy chief administrative officers, chief financial officer, executive counsel, and such administrative assistants and clerical staff necessary to perform the charges mandated by the Charter and effectively govern the day-to-day affairs of parish government. The president shall also possess those powers outlined in the parish Charter, together with those inherent duties and powers not otherwise enumerated in the Charter as are necessary to operate the affairs of the parish. All duties previously listed for the parish manager shall now be transferred to the position of the chief administrative officer (CAO); the CAO is directly answerable to the president. The CAO shall have the authority to establish a hierarchy and/or chain of command between and among the departments and officers, except the legal department and

finance department, who shall answer directly to the president. The prior parish Code is amended accordingly. The office of the CAO shall include the legislative liaison and shall carry out intergovernmental relations.

- (2) The department of finance, under the direction of the chief financial officer, shall provide such administrative and technical support to ensure that the finances of the parish are maintained and fiscally sound. This department shall maintain all parish accounting, budgeting, collection of funds, financial reporting, investing and maintenance of indebtedness; distribution of parish funds shall be included in the powers and duties of this department. Custodian of securities for developmental obligations to this parish shall likewise be the responsibility of this department. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.
- (3) The department of public works shall include, but is not limited to, infrastructure maintenance, drainage maintenance, vehicle maintenance and Tammany Trace maintenance. This department shall be responsible for the scheduling, coordinating and administration of public works activities in this parish that involve or that in any way are related to the maintenance of all parish roads, bridges and/or drainage structures. This department shall also be responsible for administration of the district capital projects and the lighting districts. This department shall oversee all activities and maintain all documentation for parish road and/or drainage maintenance activity. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department. This department shall include the sub-department of engineering which shall be supervised by a director who, in turn, is under the supervision of the director of the department of public works. The sub-department of engineering shall include, but is not limited to, the oversight and administration of major road, drainage and capital projects. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department as provided for in this Code and any other applicable regulations. The director of public works shall be, at the time of his appointment, a professional engineer licensed by the state professional engineering and land surveying board and shall have been engaged in the practice of engineering for a period of five years.
- (4) The department of facilities management shall include, but is not limited to, the general upkeep, maintenance and repair of all parish-owned grounds, buildings and movables. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.
- (5) The department of environmental services shall provide control, monitoring and inspection of water and sewer services as well as regulatory authority over solid waste collection, hauling, transfer and disposal, septage, on-site wastewater treatment, individual water wells and litter enforcement and abatement. The department shall also

continue to implement the authorities of the former environmental services commission (R.S. 33:4064.1 et seq.) transferred to the parish by Act 146 of the First Extraordinary Session of the 2000 Louisiana Legislature, and operate and maintain parish-owned water and sewer utility systems. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.

- (6) The department of planning and development shall serve as a one-stop department for all permitting, planning, development, zoning and land use regulation within the parish. This department shall oversee the administration of all land use control and building permitting activities of the parish, including but not limited to permitting of land clearing and site development. Said duties shall include those outlined in R.S. 33:101—33:119 (Planning), 33:4780.40—33:4780.50, and/or this Code, as same may be amended, restated and/or recodified from time to time. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department. All references in this Code to the department of planning shall mean the department of planning and development.
- (7) The department of human resources shall administer all payroll functions and general oversight of payroll; recruiting and staffing; employment and regulatory compliance; employee orientation, development and training; personnel rules and policy development and documentation; compensation and benefits administration; employee safety, welfare, wellness and health; records management; administration of employee grievance procedure for dismissals, demotions and other disciplinary matters; and employee services and counseling. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.
- (8) The legal department.
 - a. The president shall appoint an executive counsel who shall serve at the pleasure of the president. The executive counsel shall:
 - 1. Subject to the council's approval pursuant to Home Rule Charter section 4-01(A), be the director of the legal department;
 - 2. Direct the legal department and its respective staff members, including attorneys;
 - 3. Serve as legal adviser to the president, parish employees and all departments comprising parish administration, all as directed by the parish president;
 - 4. Represent and/or direct representation for the parish president and parish administration in conjunction with parish government in legal proceedings; and
 - 5. Co-administer with council attorneys all legal proceedings and litigation involving parish government and jointly represent the parish government with council attorneys in such proceedings.

- b. All attorneys in the legal department shall be parish president appointed attorneys subject to section 3-09 of the Home Rule Charter. The legal department shall include the office of risk management. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.
- c. Pursuant to Home Rule Charter section 4-03(A), the district attorney of the judicial district serving the parish shall, upon the request of the parish government:
 - 1. Serve as legal adviser to any departments, offices, and agencies of the parish government; and
 - 2. Represent the parish government in legal proceedings;
 provided, however, that the district attorney has no conflict of interest with respect to any such matter for which such a request is made.
- d. Nothing herein shall alter or change the procedure for retaining special legal counsel as set forth in Home Rule Charter section 4-03(B).
- (9) The department of technology shall provide technology systems and services, geographical information services and archive management to the parish. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.
- (10) The department of animal services shall pursue the health, safety and welfare needs of animals and citizens in the parish by protecting citizens from dangers and nuisances caused by uncontrolled animals, enforcing the legal protections of animals from mistreatment and by promoting, motivating and enforcing responsible pet ownership. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.
- (11) The department of fire services shall serve as liaison among the independent fire districts and the parish. The department shall assist the independent fire districts to provide the best available fire protection to their communities. The department shall assist the homeland security and emergency operations department in planning and preparing for emergencies. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.
- (12) The department of homeland security and emergency operations shall develop, manage, coordinate and maintain a comprehensive and effective preparation and response to all hazards that may occur or which pose a threat to property, health, safety and/or welfare of residents of the parish. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.
- (13) The department of health and human services shall include serving as liaison for community service and health care agencies, programs and facilities. The department shall coordinate emergency special needs shelters and coordinate with the department

of homeland security and emergency operations. The department shall coordinate outreach services to outlying areas of the parish to provide health and human services. This department shall be responsible to provide information and the processing of applications for community service programs and homeless shelter assistance programs. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.

- (14) The department of public information shall include the public information office and Access St. Tammany, the government access channels. The department shall be responsible for all related communications and information distribution functions as deemed necessary by the parish government. These offices shall provide such administrative and technical support as is necessary to service the needs of the parish, and its citizens. Said duties shall include, but not be limited to, media relations, Access St. Tammany production and programming, maintenance of the parish websites, responsibility for the parish's social media outlets and all other actions necessary to carry out the functions of the department.
- (15) The department of grants shall include the preparation of all intergovernmental grant applications on behalf of the parish; oversight, financial administration and general administration of and compliance with awarded grants; and informing departments, offices and agencies of all relevant local, state and federal grant programs. The department shall be responsible for administration of the transit program. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.
- (16) The department of culture, recreation and tourism shall be responsible for administration of programs and initiatives related to culture, recreation and/or tourism, such as arts programs, Camp Salmen, I-10 Twin Span Fishing Pier, Tammany Trace and other public recreation venues and programs. The department shall promote and encourage tourism in the parish. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.
- (17) The department of economic development shall be responsible for promoting the parish for attraction of business; increasing business investment; developing economic opportunity; retaining of existing businesses; and developing of business recruitment capabilities. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.
- (18) The department of procurement shall be responsible for all procurement, purchasing of goods, materials and services and contracting on behalf of the parish. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.

- (19) The department of inspections and enforcement shall be responsible for enforcing this Code and conducting inspections, under the direction of the parish chief building official, relative to land use regulations; permitting; building, electrical, mechanical, and plumbing codes; and fill ordinances. Said duties shall include, but not be limited to, any and all actions necessary to carry out the functions of the department.

ARTICLE VII. PURCHASING PROCEDURES FOR PARISH BOARDS AND COMMISSIONS

Sec. 2-273. Purchasing procedures.

(a) The parish shall follow the purchasing procedures in accordance with R.S. 38:2181 et seq. (Public Contracts) and this section.

(b) The director of finance, purchasing supervisor and purchasing technician have the authority to issue, amend, administer and/or terminate purchase orders on behalf of the parish upon receipt of a properly authorized requisition or written notice of cancellation from a parish department. The director of finance will ensure that requisitions meeting the following criteria are reviewed and approved as indicated prior to initiating any contract action:

(1) *Materials, supplies and equipment.* The parish president shall review and approve requisitions that meet state law requirement for "advertisement for bids," not to exceed \$20,000.00. Those exceeding \$20,000.00 must be approved by the parish council, unless specifically identified in the capital outlay budget adopted by the council.

(2) *Contracts for professional services.*

a. *Establishment of professional service list.*

1. Each June, the purchasing department will advertise for the submission of request for qualifications from all interested professional service vendors.
2. Upon receipt, the purchasing department will separate the vendors into specific categories, prepare the official "Professional Service List" and shall make the list available to all parish departments.
3. Additional vendors may submit their qualifications during the year, at which time the purchasing department will revise the professional service list and distribute to all departments.

b. *Selection of vendor for professional service contract.*

1. The director of the awarding department shall identify the project and verify that same is an approved expense under the current year operating and capital budgets, if applicable.

2. The director of the awarding department shall select three vendors from the professional list, based upon the qualifications needed for the specific project, who in his opinion would be best suited to perform the tasks required.
 3. The director of the awarding department, through the purchasing department, shall issue a request for proposals to each of the three vendors for the specific project.
 4. Upon receipt and review of the RFPs, the director shall present his recommendation for the award of the professional service contract to the CAO.
 5. The CAO shall provide the council administrator with a copy of the recommendation upon which the council administrator shall notify the appropriate councilmembers and advise the CAO of any issues of concern.
 6. The CAO will then issue a contract and purchase order.
- (3) *Real property.* Purchase of land and buildings must be approved by the parish council.
- (4) *Public works contracts.* The term "public works contracts" are defined as the erection, construction, alteration, improvement or repair of any public facility or immovable property owned, used or leased by the parish must be approved as indicated:
- a. Public works projects (excluding roads and bridges) up to \$150,000.00 shall be approved by the parish president. Projects exceeding this amount must be approved by the parish council, unless specifically identified in the capital outlay budget adopted by the council.
 - b. Public works roads and bridges improvements (excluding minor repair) must be on the current capital improvement list as approved by the parish council.
- (5) *Notice of contract approval.*
- a. Upon approval of any professional services or public works contract as authorized by this section, written notice of the contract and its approval shall be provided to the parish council office.
 - b. Dividing or splitting purchase requirements in order to circumvent the monetary limitations imposed by state law and this section is strictly prohibited. The director of finance shall monitor and challenge such request and report any violations to the parish president for appropriate action.
 - c. The act of an employee who orders and/or accepts supplies and services prior to the submission of an approved requisition and in advance of a purchase order being issued is deemed as an unauthorized commitment. Such a commitment is not legal and does not obligate the parish to pay for the supplies or services rendered. A personal liability may be levied against the individual making the unauthorized commitment. The parish president has the authority to ratify

unauthorized commitments which do not require council approval, however, they will not be routinely approved. A review shall be implemented prior to determining the appropriate action.

- d. The parish president will appoint department heads and/or individuals having the authority to review, approve, or submit requisitions for supplies, materials and services in writing and assign monetary limitations of approval as appropriate. Those appointees will ensure that there is a valid requirement and that sufficient funding within their budget is available for requisitions that are submitted. Unfunded requirements must be approved in accordance with budgeting procedures within this Code.
- e. The parish president may implement internal controls, purchasing procedures, and amplify this section as deemed necessary to prevent fraud, waste, and abuse of public funds.

(Code 1998, § 2-007.00; Ord. No. 81-265, 9-22-1981; Ord. No. 97-2706, 7-25-1997; Ord. No. 98-2929, 8-20-1998; Ord. No. 03-0627, 3-6-2003; Ord. No. 03-0764, 10-2-2003; Ord. No. 09-2125, 9-3-2009)

Sec. 2-274. Purchasing procedure.

The established purchasing procedures for the parish shall be as follows:

- (1) Purchases under \$1,500.00 X.
- (2) Purchases \$1,500.00—\$4,999.00 X.
- (3) Purchases \$5,000.00—\$9,999.00 X.
- (4) Purchases exceeding \$10,000.00 X.
- (5) Purchases exceeding \$500.00, but less than \$1,500.00 shall require no competitive bidding, but three telephone quotes shall be obtained by the purchasing office, if time permits.
- (6) Purchases of \$1,500.00 or more, but less than \$5,000.00 shall be made by soliciting telephone or facsimile quotations lower than the accepted bidders by the purchasing office. If quotations lower than the accepted quotation are received, the rejection shall be recorded in the purchase file.
- (7) Purchases of \$5,000.00 or more, but less than \$10,000.00 shall be made by sending out written quotations for bids to at least five bona fide qualified bidders by the purchasing office. Additionally, the public entity may advertise at its discretion. If quotations lower than the accepted quotation are received, the reasons for their rejection shall be recorded in the purchase file.

- (8) Purchases in excess of \$10,000.00 will be forwarded to the purchasing office for public advisement.

(Code 1998, § 2-110.00; Ord. No. 95-2276, 9-21-1995)

Sec. 2-275. Approval required; review.

All said boards and commissions shall require the approval of the parish council for all capital construction and renovation projects with a cost in excess of \$10,000.00, and furthermore, the parish government may review purchasing procedures of said boards and commissions in order to:

- (1) Ensure compliance with this article; and
- (2) Ensure that procedures are in place which require a release from vendors, suppliers and/or subcontractors before final payment is issued.

(Code 1998, § 2-110.02; Ord. No. 95-2276, 9-21-1995)

Sec. 2-276. Violation.

Violation of the established purchasing procedures shall constitute "just cause" for the removal of one or all members appointed to a board or commission created by the parish council.

(Code 1998, § 2-110.03; Ord. No. 95-2276, 9-21-1995)

Sec. 2-277. Personal liability.

The willful or wanton misconduct on part of any board member or members in connection with directives of this article may result in personal liability for any damages sustained by the parish council as consequence thereof.

**DIVISION 2. 22ND JUDICIAL DISTRICT CHILDREN/YOUTH PLANNING
BOARD***

Sec. 2-367. Created.

(a) In accordance with R.S. 46:1941.1 et seq., there is hereby created the 22nd Judicial District children and youth planning board to be composed of members appointed by the governing authorities of the parish and Washington Parish.

(b) The sole responsibility of parish government herein is the establishment and appointment of the board and nothing contained in said statutes mandates that the parish is responsible for funding operational expenses of the board.

(Code 1998, § 2-116.00)

Sec. 2-368. Purpose and function of board.

(a) The purpose of the 22nd Judicial District children and youth planning board is to assist in the formulation of a comprehensive plan for the development, implementation, and operation of services and programs that address the needs of children and youth, including those at risk for, or identified with, social, emotional or developmental problems, including, but not limited to educational failure, abuse, neglect, exposure to violence, juvenile or parental mental illness, juvenile or parental substance abuse, poverty, developmental disabilities and delinquency.

(b) The board is intended to encourage collaborative efforts among local stakeholders for assessing the physical, social, behavioral and educational needs of children and youth in their respective communities and for assisting in the development of comprehensive plans to address such needs. The infrastructure for planning is intended to be data-driven in order to select appropriate evidence-based programs which will maximize available resources.

(Code 1998, § 2-116.01)

Sec. 2-369. Legislative authorization.

(a) The state legislature authorizes the establishment of children and youth planning boards to assist in development, implementation and operation of services which encourage positive development, diversion of children and youth from the criminal justice and the foster care system, reduction in the commitments of youth to state institutions, and providing community response to the growing rate of juvenile delinquency.

***State law reference**—Children and Youth Planning Boards Act, R.S. 46:1941.1 et seq.

(b) The coordination and implementation of services shall include, but are not limited to, prevention, early intervention, diversion, alternatives to home displacement, alternatives to incarceration and treatment services. Through such boards, the state intends to foster and promote a continuum of community-based services and systems reflecting service integration at the state and community or local levels.

(c) The state children's cabinet, a state agency within the office of the governor, shall facilitate the creation of children and youth planning boards by offering guidance and technical assistance to local communities and governing authorities, including resource identification, needs assessments, monitoring and performance evaluation, strategic planning and other forms of assistance and support.

(Code 1998, § 2-116.02)

Sec. 2-370. Board composition; terms; duties.

(a) The 22nd Judicial District children and youth planning board shall encompass the parishes of St. Tammany and Washington and consist of 14 members, ten appointed by the parish governing authority and four appointed by the Washington Parish governing authority.

(b) Those appointed shall include, but need not be limited to: members of the education community, criminal justice community, health care community, social services community, faith-based community, business and labor communities and parenting and youth organizations.

(c) Terms of all members shall be for a period of two years. Vacancies shall be filled by the original appointing authority in the same manner provided by state law.

(d) Board members representing the parish shall include eight appointed by the parish council and two appointed by the parish president.

(e) The duties and responsibilities of board members shall be as provided in R.S. 46:1941.8. (Code 1998, § 2-116.03; Ord. No. 05-1204, 10-6-2005)

There is hereby created the parish tourist and convention commission, being formed for the purpose of promoting conventions and tourism in the parish.

(Code 1998, § 2-061.00; Ord. No. 658; Ord. No. 85-516, 9-21-1985; Ord. No. 85-529, 12-9-1985; Ord. No. 90-1348, 10-18-1990; Ord. No. 02-0515, 8-1-2002)

Sec. 2-432. Powers of board of commissioners.

The board of commissioners of the tourist and convention commission created in this article shall have those powers as designated in R.S. 33:4574 through 33:4574.3.

(Code 1998, § 2-062.00; Ord. No. 658; Ord. No. 85-516, 9-21-1985; Ord. No. 85-529, 12-9-1985; Ord. No. 02-0515, 8-1-2002)

Sec. 2-433. Membership.

(a) The parish tourist and convention commission shall be composed of seven regular members who shall be known as commissioners; and two alternate members who shall serve when called upon to constitute a meeting quorum or other purpose necessary to commission function. The commissioners shall serve without compensation and shall be registered voters of the parish.

***State law reference**—Tourist commissions creation, purpose, directors and powers, R.S. 33:4574.

(b) Six regular commissioners shall be appointed by the parish council, one regular commissioner shall be appointed by the parish president.

(c) To the extent reasonably possible, there shall be equal representation of both the east side and west side of the parish in the make-up of the commission, based upon the individual domiciles of the commissioners.

(d) One commissioner shall be a member of the parish hotel/motel and campground association.

(e) The two alternate members shall be appointed by the parish council.

(f) Each commissioner and alternate member appointed by the parish council shall be appointed for a term of three years, pursuant to state law (R.S. 33:4574F(2)). Terms shall be staggered in order to enhance and promote continuity of service by the commission. The commissioner appointed by the parish president shall serve a one year term and be domiciled in Ward 8 or Ward 9 during every other term of office and shall be domiciled in the remainder of the parish during the alternate years.

(g) All commissioners appointed as outlined hereinabove may be selected from a list of names submitted to the parish council and president by the tourist commission nominating committee containing the nominees' resumes and verification of their interest in one or more aspects of the tourist industry. Alternate members shall be appointed directly by the parish council.

(h) Commission membership shall not be term limited. However, any incumbent commissioner seeking a third or higher term on the commission must participate in the nominating committee process prior to being considered for reappointment by the parish council.

(Code 1998, § 2-063.00; Ord. No. 02-0515, 8-1-2002; Ord. No. 02-0557, 10-10-2002; Ord. No. 08-1762, 3-6-2008; Ord. No. 11-2626, 11-3-2011)

Sec. 2-434. Tourist commission nominating committee; nomination and appointment procedures.

(a) There is hereby created a tourist commission nominating committee which shall serve as an advisory board to parish government for purposes of submitting nominations for appointment to the tourist and convention commission. It is the desire and intent of parish government to involve as many different elements of the parish community interested in the tourism industry as possible in the selection process for commissioners.

(b) The committee shall consist of 15 members comprised of the following:

(1) There shall be 11 members appointed by the following organizations with each organization having one appointment:

a. The parish hotel/motel and campground association;

- b. Northshore Chapter of the Louisiana Restaurant Association;
- c. The parish-East chamber of commerce;
- d. The parish-West chamber of commerce;
- e. The parish art association;
- f. The parish economic development foundation;
- g. Young men's business club of Slidell;
- h. Slidell heritage foundation;
- i. Northlake Nature Center, Inc.;
- j. The parish commission on cultural affairs;
- k. Tammany Trace Foundation.

The parish council may substitute member organizations at any time by ordinance.

- (2) There shall be three committee members nominated and appointed by the parish council. Nothing herein shall preclude councilmembers from being nominated for appointment.
- (3) There shall be one committee member nominated and appointed by the parish president. Nothing herein shall preclude the parish president or his designee from assuming the appointment.

(c) Neither a commissioner of the tourist and convention commission nor any commission staff may serve as a member of the nominating committee. An alternate member to the commission may also be a nominating committee member.

(d) Whenever a vacancy occurs or a new appointment is required for a parish council appointment to the tourist and convention commission, the parish council shall request the tourist commission nominating committee to convene and compile a list of not less than two nominations for submission for appointment to fill the vacancy. For purposes only of convening the committee, the representative of the parish hotel/motel and campground association or the state restaurant association shall serve as the contact member. Each time the committee meets, it shall elect a chairperson to conduct the meeting.

(e) Any individual, group or association in the parish that has an interest in one or more aspects of the tourist industry may submit to the nominating committee the names of potential commissioners together with a resume and verification of the individual's interest in the tourist industry. Thereafter, the committee shall screen the qualifications and may consider nominating the individual for appointment as a commissioner of the parish tourist and convention commission when a vacancy occurs.

(Code 1998, § 2-064.00; Ord. No. 02-0515, 8-1-2002; Ord. No. 11-2626, 11-3-2011)

Sec. 2-435. Officers of the tourist commission.

The commissioners so appointed shall elect from among themselves a chairperson who shall serve as such for one year. In addition to the chairperson, the commission shall elect from its membership a vice-chairperson, secretary and treasurer. The office of secretary and treasurer may be combined if the commission so elects.

(Code 1998, § 2-065.00; Ord. No. 658; Ord. No. 85-516, 9-21-1985; Ord. No. 85-529, 12-9-1985; Ord. No. 90-1348, 10-18-1990; Ord. No. 02-0515, 8-1-2002)

Sec. 2-436. The parish commission on cultural affairs.

The parish commission on cultural affairs is the official local art agency and humanities commission of the parish. As such, this commission is specifically authorized to seek any and all grants of any nature whatsoever. It shall be comprised of nine members with appointments parish wide. There shall be five members nominated and appointed by the parish council. There shall be four members nominated and appointed by the parish president.

(Code 1998, § 2-068.00; Ord. No. 00-0157, 6-1-2000; Ord. No. 03-0629, 3-6-2003; Ord. No. 08-1753, 2-14-2008)

Secs. 2-437—2-455. Reserved.**ARTICLE XI. SPECIAL DISTRICT BUDGETS****Sec. 2-456. Legislative intent.**

(a) Preparation and adoption of a budget by a special district in which the law requires that the parish council also approve such budget, shall fully comply with the provisions herein and any preparation and adoption of the budget by the special district contrary to any provisions of this article is hereby expressly prohibited.

(b) It is the intent of the parish council that this article shall apply to all special districts created pursuant to and under authority of section 19 of article VI of the state constitution of 1974; those special districts continued in existence and provided for in the transitional provisions of article XIV, section 16 of the state constitution of 1974; and any and all other special districts created by constitutional, state statutory or local ordinance authority or a combination of one or more authorities, when any law ordinance requires that the parish council approve the budget of the political special district or political subdivision.

(Code 1998, § 2-071.00; Ord. No. 84-64, 3-15-1984)

Sec. 2-457. Preparation; contents.

(a) The governing board or commission of each district shall cause to be prepared a comprehensive budget presenting a complete financial plan for the ensuing fiscal year.

(b) The chief executive or administrative officer of the political subdivision or, in the absence of such positions, other appropriate official, shall prepare the proposed budget.

(c) The budget document setting forth the proposed financial plan shall include the following:

- (1) A budget message signed by the budget preparer which shall include a summary description of the proposed financial plan, policies, and objectives, and a discussion of the most important features.
- (2) A consolidated statement for the ensuing fiscal year showing the estimated fund balances of the political subdivision at the beginning of the year, estimates of all revenues and receipts to be received, recommended expenditures for current expenses and permanent improvements and the estimated fund balances at the conclusion of the fiscal year.
- (3) Statements for the last completed fiscal year, estimates covering the entire current fiscal year, and projections for the ensuing fiscal year, as follows:
 - a. A statement of revenues and receipts, itemized by source. The revenue statement shall include any unexpected surpluses, delinquent taxes, and the estimated percentage of taxes collectable.
 - b. A statement of expenditures, itemized by agency, department, or organizational unit, showing the amounts for each major function, program or service, or both. The expenditure statement shall distinguish between ordinary recurring expenses of operation, unusual expenses, and capital outlay. There shall be narrative explanations of the spending agency, office, department, or other organizational unit as to its purpose and policies, increases and decreases in items, and other appropriate descriptive or qualitative data. Capital outlay items may be incorporated in a budget document containing both operating and capital outlay expenditures or in a separate capital budget document. There shall be a clear description of all capital improvements and acquisitions, estimates of costs, method of financing, recommended time for initiation and completion, and the estimated annual cost of operating and maintaining such capital improvements or acquisitions.
 - c. Statements of the general fund and each special or restricted fund, showing the resources available at the beginning of the fiscal year, revenues and receipts, expenditures, and the fund balances at the end of the fiscal year.
 - d. A statement of the total outstanding indebtedness, the amount of debt authorized but unissued, the annual debt redemption and interest requirements, and the condition of sinking funds or other assets held for redemption of debt. Any interim loans shall be identified.

(d) The total of proposed expenditures shall not exceed the total of estimated funds available for the ensuing fiscal year.

(e) A budget proposed for consideration of the governing authority of any district, political subdivision or special district shall be accompanied by complete and adopted appropriation ordinance or other legal instrument necessary to adopt and implement the budget. The instrument of adoption of the budget shall contain appropriate language and provisions to the effect that the budget is adopted by the board or commission subject to the final approval of the parish council before said budget is considered finally legally adopted and implemented and said instrument of adoption shall be signed by the chairperson of the board or commission and such other officials as may be required by law. The clerk or secretary of the board or commission shall certify that the legal instrument is official, true and correct and shall show on the face of said instrument, a roll call vote of the members voting on said instrument.

(Code 1998, § 2-072.00; Ord. No. 84-64, 3-15-1984)

Sec. 2-458. Completion and submission to governing authority of special district.

The proposed budget for political subdivisions of special districts shall be completed and submitted to the governing authority of that political subdivision or special district by the person or officer required by this article or other provision of law to prepare the budget at such time to allow for the budget to be made available for public inspection no later than 15 days prior to the date scheduled for the adoption by the board or commission of the political subdivision or special district. If the special district or political subdivision does not have a legal or official office, inspection shall be available only at the office of the parish council.

(Code 1998, § 2-073.00; Ord. No. 84-64, 3-15-1984)

Sec. 2-459. Notice; public hearing.

(a) Upon completion of the proposed budget and, if applicable, its submission to the governing authority of that political subdivision, the political subdivision shall cause to be published a notice stating that the proposed budget is available for public inspection. The notice shall also state that a public hearing on the proposed budget shall be held with the date, time and place of the hearing specified in the notice. Where applicable, publication shall be in the official journal of the political subdivision. Where there is no requirement that the political subdivision have an official journal, publication shall be in the official journal of the governing authority of the parish in which the political subdivision is located. In cases where the political subdivision is located within the boundaries of more than one parish, publication shall be in the official journal of the governing authority of each parish.

(b) No proposed budget shall be considered for adoption or otherwise finalized until at least one public hearing has been conducted on the proposal. Nothing herein shall prohibit one or more political subdivisions from conducting joint public hearings.

(c) No proposed budget shall be considered for adoption or otherwise finalized until a general summary indicative of the proposed budget has been published. The summary may be published in the same advertisement as the notice of availability of the proposed budget and the public hearing, but shall be published at least ten days prior to the date of the first public hearing and shall include the amount of estimated funds available and anticipated expenditures.

(Code 1998, § 2-074.00; Ord. No. 84-64, 3-15-1984)

Sec. 2-460. Public inspection.

The proposed budget of a political subdivision shall be available for public inspection at the legal office of the governing authority of the special district and at the office of the parish council for a minimum period of 15 days prior to its adoption by the political subdivision or district. If the special district or political subdivision does not have a legal or official office, or if the office is a private business or residence, public inspection shall be at the office of the parish council, Administrative Complex, in Covington, Louisiana, or other officially designated public place of the parish council.

(Code 1998, § 2-075.00; Ord. No. 84-64, 3-15-1984)

Sec. 2-461. Adoption.

(a) All action necessary to adopt and otherwise finalize and implement the budget for an ensuing fiscal year shall be taken prior to the end of the fiscal year in progress.

(b) Upon completion of all such action, all political subdivisions or special districts shall certify to the public that the budget has been adopted by publishing such notice in the same manner as herein provided for the notice on availability of the proposed budget and a public hearing.

(c) The adopted budget shall be balanced with approved expenditures not exceeding the total of estimated funds available.

(d) The adopted budget shall contain the same information as that required for the proposed budget according to section 2-457(c).

(Code 1998, § 2-076.00; Ord. No. 84-64, 3-15-1984)

Sec. 2-462. Appropriation ordinances.

Before the beginning of the fiscal year, the governing authority shall enact an ordinance or resolution making appropriations for the ensuing fiscal year. The amounts appropriated for the several offices, departments, boards, commissions and other spending agencies shall not exceed

the amounts fixed therefor in the budget adopted by the governing authority. Nothing contained in this section shall be construed to prohibit the governing authority from amending or making an appropriation to and for a contingent fund to be used in cases of emergency. (Code 1998, § 2-077.00; Ord. No. 84-64, 3-15-1984)

Sec. 2-463. Failure to make appropriation, budget; reappropriation.

(a) If, at the end of any fiscal year, the appropriations necessary for the support of the political subdivision for the ensuing fiscal year have not been made, then 50 percent of the amounts appropriated in the appropriation ordinance or resolution for the last completed fiscal year shall be deemed reappropriated for the several objects and purposes specified in such appropriation ordinance or resolution.

(b) If, at the end of any fiscal year, a political subdivision or special district has not adopted, in accordance with this article and other applicable law, a budget for the ensuing fiscal year with the necessary appropriations, then subject to subsection (a) of this section, those political subdivisions or special districts which are required by law to have their budgets approved by the parish council or parish governing authority shall within ten days thereof serve notice of their failure to adopt a budget for the ensuing fiscal year to the parish council, said notice to be by certified mail. Upon receipt of such notice, the parish council shall have the option of scheduling a joint public hearing with the board or commission of the political subdivision or special district to consider adoption of the budget whereat a majority vote of both bodies present shall prevail, or, the parish council president may return the matter to the political subdivision or special district which will suffice as a requirement that an acceptable budget must be adopted by said political subdivision or special district within 45 days from date of said letter.

(c) Under no circumstances shall a political subdivision or special district exceed a period of 90 days into any ensuing fiscal year without adopting a budget in compliance with law.

(d) Considering the application of subsection (a) of this section to those political subdivisions or special districts which have not adopted a current budget for the ensuing fiscal year, it is the intent of this article that until a budget is adopted in compliance with law, no expenditures or funding can occur for any objects or purposes under subsection (a) of this section other than for those objects or purposes identified and contained in the prior budget. Any attempt to expand the appropriations or funds to new objects and purposes is hereby expressly prohibited. (Code 1998, § 2-078.00; Ord. No. 84-64, 3-15-1984)

Sec. 2-464. Contracts.

(a) During the fiscal year, no office, department, board, commission or other spending agency shall expend or contract to expend any money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money for any of the purposes for

which provisions are made in the appropriation ordinance or resolution, in excess of the amounts appropriated in said ordinance or resolution for such office, department, board, commission, other expending agency, or purpose for such fiscal year. Any expenditure or contract, verbal or written, made in violation of this section shall be void and no monies belonging thereto shall be paid thereon.

(b) Any official of a political subdivision who knowingly authorized or made such payment or incurred such obligation or caused such payment or disbursement to be authorized or made such obligation to be incurred also shall be liable to the political subdivision for any amount so paid. However, no official of a political subdivision shall be held liable if the official has formally submitted a written memorandum to the governing authority of the political subdivision stating that approving such obligation will cause a violation to occur or will cause payment or disbursement to be authorized that exceeds the expenditures approved in the appropriation ordinance. For the purposes of this section, the term "official" shall mean any officer or employee of the political subdivision who is subordinate to the governing authority.

(c) The members of the governing authority shall not be personally liable for expenditures which are within the budget adopted in accordance with the provisions of this article, but which exceed revenue collections.

(d) Nothing contained in this section shall prevent the making of contracts for governmental services or for capital outlay for a period exceeding one year if such contracts are allowed otherwise by law. Any contract so made shall be executory only for the amounts agreed to be paid for such services to be rendered in succeeding fiscal years.

(e) All contracts for services, labor, public works or capital outlay shall be separately identified with certainty by contractor name and amount in the appropriation ordinance of the budget or in any amendments thereto provided however that nothing contained herein shall prohibit the political subdivision or special district from administering to emergencies as provided for in law and in section 2-467.

(Code 1998, § 2-079.00; Ord. No. 84-64, 3-15-1984)

Sec. 2-465. Filing.

(a) Upon the adopting of the budget, the governing authority of the political subdivision or special district shall cause a copy of such budget to be filed in the office of the legislative auditor within 30 days after commencement of the budget year or, within such other required time as law or the legislative auditor may require. Exemption from this requirement is allowed only in those cases where the political subdivision or special district files with the parish council a copy of a certification or letter from the legislative auditor at the time it submits its budget to the parish council, stating that the particular political subdivision or special district is not required by law or the legislative auditor's office to file its budget with the legislative auditor.

(b) It shall be the duty of the chairperson of any board or commission of any political subdivision or special district to report any communicated noncompliance found by the legislative auditor to the president of the parish council within 15 days of receipt of said communication attaching a copy of any alleged noncompliance to the report.
(Code 1998, § 2-080.00; Ord. No. 84-64, 3-15-1984)

Sec. 2-466. Approval by the parish council.

After receipt of the budget and appropriating instrument of the political subdivision or special district in the form and extent as required in this article, the clerk or secretary of the parish council shall cause the budget to be placed on the agenda of the next regular parish council meeting in compliance with law as to subject matter notice and posting of the agenda or at the next scheduled special meeting, whichever is earlier. The parish council shall review the entire budget and either accept it or reject it. Should the budget be rejected because of any objection to any part or parts therein, the budget shall be returned to the board or commission of the political subdivision or special district with suggestions or instructions of what must be corrected or accomplished in order to obtain parish council approval. Once the board or commission of the political subdivision or special district complies with these requirements, it shall resubmit the budget to the clerk or secretary of the parish council in accordance with the procedures for submitting initial budgets established in other provisions of this article; provided, however, that any reconsideration of the budget by the board or commission of a political subdivision or special district does not have to comply with the provisions of advertisement or public inspection. Minimal requirements of the open meetings law however will be required.
(Code 1998, § 2-081.00; Ord. No. 84-64, 3-15-1984)

Sec. 2-467. Amendments.

Where there is a governing body of the political subdivision, any amendment involving transfer of funds from one department, office, agency or other entity to another or from one program or function to another or increases in expenditures resulting from revenues exceeding amounts estimated, shall require the approval of the governing body.
(Code 1998, § 2-082.00; Ord. No. 84-64, 3-15-1984)

Sec. 2-468. Emergencies.

Nothing in this article shall prohibit the expenditure of funds in cases of an emergency. For purposes of this article, the term "emergency" means an unforeseen mischance bringing with it destruction or injury of life or property or the imminent threat of such destruction or injury.
(Code 1998, § 2-083.00; Ord. No. 84-64, 3-15-1984)

Sec. 2-469. Violations.

(a) Violations of this article may be enforced by legal proceedings seeking mandamus, injunction or declaratory relief to require compliance herewith.

(b) Noncompliance with any provisions of this article shall be grounds for removal of any member of any board or commission of the political subdivisions or special districts covered herein for any willful refusal, failure or negligence to perform any of the requirements or provisions herein. It shall also be grounds for removal from office of any member of any board or commission when any officer or employee under the employment and general supervision of the board or commission willfully refuses or fails to perform any duty established herein which has been assigned said officer or employee by the board or commission or by law, provided however, that it shall be a defense to the removal of any member of a board or commission that said employee or officer has been disciplined by the board or commission prior to the institution of or the notice of a removal hearing by the appointing authority of the board or commission members.

(c) The duties herein established are deemed lawful and mandatory duties and any willful refusal or failure to perform any of said duties may subject the violator of same to criminal malfeasance as provided for by law.

(Code 1998, § 2-084.00; Ord. No. 84-64, 3-15-1984)

Secs. 2-470—2-491. Reserved.**ARTICLE XII. COMMUNICATION DISTRICT AND EMERGENCY PHONE SYSTEM*****Sec. 2-492. Communication District No. 1.**

(a) *Established.* There is established a communication district entitled "St. Tammany Communication District No. 1," which shall comprise all of the territory lying wholly within the parish. The district shall be a political and legal subdivision of the state, with power to sue and be sued in its corporate name and to incur debt and issue bonds. The issuance of debt shall be as prescribed in R.S. 33:9101.

(b) *Purpose.* The purpose of the district is to shorten the time required for a citizen to request and receive emergency aid. The district is to establish the number 911 as the primary emergency telephone number for use by the district.

***State law reference**—Power of parish governing authority to create and maintain communication districts, R.S. 33:9101 et seq.

(c) *Appointment of board of commissioners.* The board of commissioners shall be comprised of seven members. There shall be six members nominated and appointed by the parish council. There shall be one member nominated and appointed by the parish president. Appointments shall be as follows:

- (1) One member representing the parish governing authority;
- (2) One member representing the parish sheriff's office;
- (3) One member representing parish hospitals;
- (4) Two members representing law enforcement agencies;
- (5) Two members representing fire protection districts.

(d) *Compensation.* The St. Tammany Communication District No. 1 commissioners may receive a per diem of \$75.00 for attendance at regular and special meetings of the commission for a maximum of 24 meetings per year payable from the funds of the district. Elected officials of parish government attending meetings as ex-officio members of the commission shall not be eligible for receipt of the per diem.

(e) *Powers; methods; funding.* The powers of the commission, methods available, and funding for the district shall be as prescribed in R.S. 33:9103—33:9106.

(f) All members must be qualified electors of the parish. Term shall be prescribed in R.S. 33:9103.

(Code 1998, § 2-010.00; Ord. No. 86-620, 5-15-1986; Ord. No. 96-2475, 7-18-1996; Ord. No. 98-2949, 9-24-1998; Ord. No. 00-0109, 2-17-2000; Ord. No. 00-0157, 6-1-2000)

Sec. 2-493. Misuse of 911 enhanced emergency phone system and penalty.

(a) It shall be unlawful for any adult person, without proper cause, to dial into and use the parish enhanced emergency phone system (911) for any purpose other than requesting police, fire or emergency medical service. Proper cause for use of the parish enhanced emergency system (911) shall be constituted when there is a legitimate and justified purpose for the presence of police, fire or emergency medical personnel at the location indicated by the 911 generated call. The automatic location identifier and the automatic number within the parish enhanced emergency phone system (911) shall constitute evidence of the location of a violation of this section.

(b) Any adult person violating the provisions of this section shall, upon conviction thereof by a court of law, be punished by a fine of not less than \$100.00, nor more than \$500.00, or by imprisonment of not more than 30 days in the parish jail or both.

(c) Any minor violating the provisions of this section shall be dealt with in accordance with juvenile court law and procedure as set out in the Louisiana Statutes Annotated Code of Juvenile Procedure.

(d) Any parent, guardian, or other adult person having the care and custody of a minor found guilty of violating this section shall be punished by a fine of not less than \$100.00, and not more than \$500.00.

(e) Each transmission of/and dialing of the parish enhanced emergency phone system telephone number (911) shall constitute a separate offense under the penalties provided for in this section.

(f) **Presumption of violation.** In any prosecution charging a violation of any law or regulation governing the use without proper cause of the parish enhanced emergency phone system (911), proof that the home from in which the call was placed that was in violation of any such law or regulation, together with proof that the defendant named in the complaint was, at the time of such violation, the registered owner of such home, shall be considered only presumptive evidence that the registered owner of such home was the person who placed such call without proper cause at the time such violation occurred.

(Code 1998, § 2-010.01; Ord. No. 90-1298, 6-21-1990)

Sec. 2-494. Fixed location charge (E-911).

The parish governing authority authorizes the parish Communications District No. 1 Board, pursuant to R.S. 33:9101 et seq., as amended by Act 1029 of the 1999 Louisiana Legislature, the emergency telephone service charge (911 service charge) paid by service users of a fixed location wire line (a.k.a. landline telephone exchange service line), whose service address is within the boundaries of the parish Communications District No. 1, to be converted to a flat fee of \$0.60 per access line per month for each residential service user and \$1.60 per access line per month for each business service user.

(Code 1998, § 2-010.02; Ord. No. 99-3189, 11-18-1999; Ord. No. C-0152, 8-3-2000)

Sec. 2-495. Wireless charge (E-911).

The parish governing authority authorizes the parish Communications District No. 1, pursuant to R.S. 33:9106, and Act 1029 of the 1999 Regular Session of the Louisiana Legislature, to begin collecting \$0.85 per month per subscriber per device from wireless service providers providing service within the district.

ARTICLE XIII. ADJUDICATED PROPERTIES*

Sec. 2-514. Sale of adjudicated property.

(a) *Definition.* For the purposes of this section, adjudicated property shall be defined as property that has been procured through legal process that warrants the right of the parish governing authority to seek property for non-payment of property taxes or for any other reason relevant to lien, debts or donation as prescribed by state law.

***State law reference**—Authority of local governing authorities to dispose of adjudicated properties, R.S. 47:2121 et seq.

(b) *Sale of adjudicated property after expiration of redemption period.* After declaration of the council by ordinance that the property is deemed surplus, the office of the parish president may, after the expiration of period fixed by law for redemption of adjudicated property, sell the property in the manner specified within this section.

(c) *Advertising sale of adjudicated property after expiration of redemption period.* Any person desiring to be notified in the event specific immovable property will be subject to a post-adjudication sale may file a request for the notice in the mortgage records of the parish where the immovable property is located.

(d) *Appraisement of property.* The office of the parish president, at its option, may have any adjudicated property offered or solicited for sale, appraised by an appraiser licensed in the state to determine the fair market value of said property.

(e) *Minimum acceptable bid; adjudication to tax debtor or his representatives on payment of taxes and assessments.*

- (1) The property shall be adjudicated to the last and highest bidder for cash, payable in current money of the United States, at the time of the adjudication. If the office of the parish president elects to have the property appraised, no bid shall be accepted which is less than two-thirds of the appraised value. If no appraisal is requested by the governing body, the minimum bid shall be at least the total amount of statutory impositions, government liens and costs of sale.
- (2) At any moment before the actual adjudication takes place, whether the property was appraised or not, if the tax debtor, his heir, administrator, executor, assign, or successor, pays to the tax collector of the parish all taxes or charges imposed pursuant to R.S. 33:1236, or paving or other local improvements assessments due upon the property, including all interest, costs, penalties, taxes or charges imposed pursuant to R.S. 33:1236, or paving or local improvement assessments which have accrued since the date when the property was adjudicated to the parish to the tax debtor, his heirs, administrator, executor, assign, or successor, as the case may be, by preference over all other bidders, though they may bid larger sums.
- (3) The office of the parish president may elect to allow an adjoining landowner to purchase adjudicated property for the price of \$1.00; provided that the office of the parish president receives sufficient evidence, in its discretion, that the adjoining landowner has maintained the subject adjudicated property for at least one year prior to the sale as per R.S. 47:2202(B).

(f) *Act of sale.* The act of sale shall be without any warranty or recourse whatsoever (including warranty of title), even for the return or any reduction of the purchase price, but with subrogation to all rights and actions of warranty that the parish may have. These waivers of warranty shall be self-operative regardless of whether the waivers are contained in the act of

sale, regardless of whether they are clear and unambiguous, and regardless of whether they are brought to the attention of the acquiring person. The parish shall reserve all oil, gas and other mineral rights in and to the property to be conveyed, but shall convey the surface rights of the said property.

(Code 1998, § 2-007.01; Ord. No. 94-2040, 8-18-1994; Ord. No. 95-2161, 2-9-1995; Ord. No. 01-0315, 5-3-2001; Ord. No. 11-2537, 6-2-2011; Ord. No. 15-3382, § 2-007.01, 9-3-2015)

Sec. 2-515. Adjudicated real estate/immovable property.

(a) Any and all real estate and/or immovable property that is otherwise adjudicated in the future or previously has been adjudicated to the parish in any previous year will now be subject to the following program.

(b) The office of the parish president shall hereinafter be charged with the duty and responsibility to develop a program of reclamation of such property, including, but not limited to, identification of affected property, retention of necessary staff to place any program into effect, establishing a fee schedule, and oversight of all programs, together with advertisement, selling such properties where necessary and reasonable, all as per law.

(c) The office of the parish president is specifically authorized to establish such an administrative program to immediately address the magnitude of properties currently adjudicated to the parish since 1974. The office of the parish president is likewise exclusively vested with the power and authority to seek out and search all properties since 1974 and to formulate, in conjunction with the state land office, a plan of identification, redemption, listing, sale or whatever else is necessary to dispose of such property.

(d) The office of the parish president is authorized to negotiate terms and conditions of any sales, enter listing agreements, sign purchase agreements, and such other actions necessary to transfer the parish's interest in and to such properties, all as per law.

(e) Funds received from the sale of such properties shall be dedicated to the general fund.

(f) The office of the parish president shall adhere to the requirements of the parish Charter as to the sale of such properties.

(g) The office of the parish president shall have the option to exercise the method and/or procedure under this article necessary to dispose of such properties as per:

(1) The current parish ordinance; or

(2) That which is delineated in state law as to the sale of adjudicated property.

(Code 1998, § 2-007.02; Ord. No. 01-0315, 5-3-2001; Ord. No. 11-2537, 6-2-2011; Ord. No. 15-3382, § 2-007.02, 9-3-2015)

Sec. 2-516. Donation of adjudicated property authorized.

(a) Pursuant to the authority provided by the state constitution article VII, section 14(B) and (C), the parish hereby establishes a program to promote affordable, safe and decent workforce housing for low to moderate income individuals/families in partnership with Habitat for Humanity St. Tammany West in order to facilitate the donation of adjudicated properties to HFHSTW when a determination is made, by separate ordinance, that such property is available for donation by the parish in accordance with the stated purpose.

(b) The parish president is hereby authorized to execute a cooperative endeavor agreement with Habitat for Humanity St. Tammany West to ensure that the program serves only those individuals and/or families that are truly eligible, which shall include the following: Any property to be donated by the parish to HFHSTW will only be used for construction of single-family homes sold to qualifying individuals/families of low to moderate income at no profit and with no interest charged; qualifying individuals/families must have an income between 30 percent and 60 percent of area median income (AMI); the potential homeowner has to work and/or already live in the parish; the sale must include a "first buy-back option" clause that allows Habitat for Humanity St. Tammany West an opportunity to purchase the property before it can be offered for sale to any other party.

ARTICLE XIV. CODE VIOLATIONS AND ADMINISTRATIVE ADJUDICATIONS**Sec. 2-541. Procedure for Code violations.**

(a) *Procedures.* Whenever a violation of this Code occurs or is alleged to have occurred, any person may file a written complaint. Such complaint stating fully the cause and basis thereof, shall be filed with the designated administrative department to administer and enforce this Code. He shall record properly such complaint, immediately investigate and take action thereon as provided by this Code. During the investigation, the following determination will be made and properly noted:

- (1) Whether the condition creating an emergency is a health or safety hazard;
- (2) Whether the condition is on private property or public property;
- (3) Whether the condition is a violation of this Code;
- (4) The specific section (chapter and section) of this Code which has been violated;
- (5) Whether the condition is a permit violation:
 - a. If the violation is a health or safety hazard, see subsection (f) of this section;
 - b. If the violation is a permit violation, see subsection (g) of this section.

(b) *Posting.* The director of permits and inspections, director of the departments of public works and/or development, and all persons appointed as acting inspectors of the parish are empowered to serve, personally, domiciliary or by registered mail, a citation and/or summons upon persons charged with violations of any provision of this Code for the parish or to post a notice of violation at the place of violation. The inspectors are not authorized to arrest or otherwise take a violator into custody. The designated administrative department shall enforce this Code.

- (1) If the reported condition is determined to be in violation during the investigation, the location of the violation shall be posted with a violations notice stating:
 - a. Nature of violation (description) not limited to possible penalties;
 - b. Date of posting; and
 - c. Inspector's signature.
- (2) For the record, the inspector should try to obtain as much of the following information as possible:
 - a. The description of the property where the violation has occurred, i.e., lot number and square;
 - b. The owner of the property, name and address;
 - c. Who or what caused or created the violation, name and address;
 - d. Names and addresses of witnesses or neighbors;
 - e. How long this condition has existed.

(c) *Review.* Once the posting has occurred, the inspector's supervisor will review the case, and a numbered file on each violation will be established. Also, an attempt will be made to communicate to the property owner or the person or firm responsible for the violation. The desired action will be to correct the violation within the next five working days. If the communication indicates that the violator will correct the violation and pay the required penalties, after the five working day period has expired and/or the required penalties have been paid, no further action will be required. An inspection will be made to ensure that the violation has been cleared.

(d) *Notification.* After the five working day period has expired and the violation continues to exist, the inspector's supervisor will notify the owner or creator of the violation by certified mail. The notice will include the following:

- (1) File number and date of letter;
- (2) Specific ordinance (chapter and section) that is in violation;
- (3) Written description of the violation;
- (4) Location of the violation;

- (5) Number of days to correct the violation before further action is taken;
- (6) Monetary penalties that exist will continue to mount on a daily basis (see subsection (h) of this section, penalties of this section);
- (7) Reimbursement costs may be collected (subsection (i) of this section, reimbursement of cost of this section).

(e) *Follow-up.* After the time has expired to correct the violation and no action has occurred to correct the violation and remit the penalties, the inspector's supervisor will submit copies of the numbered violation file to the district attorney's office for further legal action to accomplish the following:

- (1) Have the violation corrected.
- (2) Cause the violator to remit payment of the penalties and reimbursement costs.

(f) *Dangerous conditions.*

- (1) If a violation is determined to endanger the safety and/or health of adjacent residences, properties or the public, the inspector's supervisor will inform the director of the department of public works of the dangerous condition. If the director of the department of public works determines that the condition presents an imminent and substantial danger, he shall send a letter to the person responsible for the dangerous condition demanding that he cease and desist the use or activity that is determined to be a health or safety hazard and that he perform any remedial measures necessary immediately or that suit will be filed within 24 hours. This letter should also contain information concerning possible criminal penalties for violation of the parish ordinances.
- (2) The letter may be sent by certified mail or be hand delivered by an authorized administrative official. In the event the activity or use poses an immediate and apparent danger to human life, the cease-and-desist letter need not be sent and suit may be filed immediately.
- (3) If the prohibited activity has not ceased and remedial action has not taken place, the director of development, director of permits and inspections or the director of public works will request that the district court issue an order that the activity be enjoined and/or any other order necessary to abate, contain or remove the dangerous condition.

(g) *Permit violation.*

- (1) If during the field inspection it is determined that the violation is a building permit violation, the inspector will post the property with the following:
 - a. Immediately upon obtaining knowledge of such violation, the building inspector for the parish shall affix in a prominent place on the premises a yellow citation and/or summons briefly stating building permit requirements of the parish and

ordering the owner, lessor or tenant to immediately cease all construction on said premises until a fully issued building permit has been obtained from the parish department of permits and inspections.

- b. Said citation and/or summons shall also contain a statement that the department of permits and inspections shall not accept any application for a late permit without charging a mandatory \$50.00 per day late penalty for each day following the citation of said violation; however the maximum of aggregate late penalties shall not exceed \$2,000.00. Should such violation continue, it will be considered as a separate offense. Said penalty shall be non-waivable.
 - c. Said citation and/or summons shall be executed in triplicate with the original copy being affixed to the premises, duplicate copy being retained in the permanent records of the department of permits and inspections, and the triplicate copy being forwarded within ten days of the issuance to the district attorney's office.
 - d. Nothing herein shall interfere with the ability of the district attorney's office to obtain an injunction at any time in order to prevent further construction on the premises and/or proceed in a civil action to collect any late penalties.
 - e. If, after the end of a 90 day period from when the building inspector initially obtained knowledge that a building permit has not been obtained by the violator, the penalty provisions as stated in subsection (b) of this section shall be reinstated.
- (2) Furthermore, at the end of each 90 day period thereafter, the penalty provisions in subsection (b) of this section shall automatically be reinstated until a building permit has been obtained.
- (3) The owner or tenant of any building, structure, premises, or part thereof, any architect, builder, contractor, agent or other person who commits, participates in, assists in, or maintains such violation may each be found guilty of a separate offense and suffer the penalties herein provided.
- (4) Nothing herein contained shall prevent the parish from taking such other lawful actions as is necessary to prevent or remedy any violation.
- (h) *Penalties.*
- (1) Whenever this Code is violated, penalties will be enforced. The purpose of these penalties is to deter the general public from violating this Code.
- (2) In order to accomplish the foregoing objective, the following are the monetary penalties adopted to enforce this Code:
- a. Any posting for violation \$50.00 for the first five working days of the posting.

- (4) Order violators to correct violations within a stipulated time.
- (5) Take necessary and lawful measures to affect correction of the violation if the violator fails to do so within the time allocated by the hearing officer.

- (6) To place, or cause to be placed, liens against the immovable property located within the parish in or on which the violation occurred, if the violator fails to remit payment for any cost and/or fines, within 30 days of the levy of the same.
 - (7) Take such actions as are necessary to protect the safety, health and welfare of the citizens and property of this parish.
 - (8) Assume such inherent powers as are necessary to protect the safety, health and welfare of the citizens and property of this parish.
- (Code 1998, § 1-012.10)

Sec. 2-562. Hearing practice and procedures.

(a) Prior to holding an administrative hearing for any violation set forth herein, and any other ordinance violations that may be determined by the parish council, the parish agency or department having enforcement responsibility shall notify the property owner, if he is an alleged violator, or both the alleged violator and the owner of any property on which a violation is alleged, if the alleged violator is not the property owner, at least 15 days in advance of the date that such a hearing is scheduled. The notification shall state the time, date and location of the hearing, and state the alleged violations; and it shall be sent by certified or registered U.S. Mail to the owner or violator, or both, or personally served on the owner or violator, or both. The date of the postmark shall be deemed to be the date of delivery. Any notification so sent and returned by U.S. Post Office shall be considered as having fulfilled the notification requirement; provided, that in the case of such a returned notice, if the person to be notified has a telephone number listed in the parish phone directory at least one attempt shall be made to notify him by telephone. Proof of notification and attempts at service and telephone notice shall be entered in the record of each case prior to the hearing.

(b) In addition to the personal or mail service required by subsection (a) of this section, if a violation relates to immovable property, a copy of the notice shall be affixed in a prominent location on the property on which a violation is alleged, or if safe access to the property is not reasonably practicable, on some prominent fixture on the adjacent public right-of-way as near as possible to the property, at least five days in advance of the date of the hearing. It shall be unlawful for any person other than an agent of the parish to remove such notice posted on the public right-of-way prior to the commencement of the hearing.

(c) The notice of violation shall be, as much as possible, in laymen's language susceptible of understanding by a person of normal capacity, and shall, in large print, inform the person noticed of the need to appear at the hearing and the risk of penalties and liens which may be imposed.

(d) Failure of any person charged with a violation to appear at the hearing shall be considered an admission of liability for the charged violation; provided that the notice requirements established in subsections (a), (b) and (c) of this section have been satisfied, and

provided further that a hearing officer, in his sound discretion and for good cause shown, may vacate an order issued on the basis of such an admission and reopen the proceedings, and may do so when requested in writing by the violator or by the appropriate director.

- (1) In case of application for an administrative re-hearing by the violator, the violator shall timely notice the director within 15 days of the issuance of the notice of the final order of a request for a referring.
- (2) In such a request, the violator shall submit any and all proof that he deems necessary to demonstrate "good cause" for such a rehearing.
- (3) In such a case, the director shall have exclusive authority to recommend or not recommend a rehearing to the hearing office.
- (4) The director shall submit his recommendation to the hearing officer within 15 days.
- (5) The hearing officer shall deny or grant a rehearing within 15 days of receipt of the director's recommendation.
- (6) The Administrative Procedure Act (title 49) shall specifically not apply to this limited procedure of a request for a rehearing.

(e) Any order compelling the attendance of witnesses or the production of documents shall be enforced by the 22nd Judicial District Court for the parish or by any other court of competent jurisdiction, in the same manner as any subpoena in a civil matter.

(f) Complaints may be initiated by the public and violation notices will be issued upon the submission of affidavits and/or documentary evidence sufficient to prove the existence of health, housing, fire code, environmental or historic district ordinance violations, or any matters involving licensing and permits and any other ordinance violations that may be determined by the parish, as determined by the enforcement agency or department director.

(g) Any administrative adjudication hearing held under the provisions of this chapter shall be conducted in accordance with the rules of evidence of the Administrative Procedure Act, R.S. title 49, as may be amended from time to time. Testimony of any person shall be taken under oath and shall be recorded. The person charged with the ordinance violation may present any relevant evidence and testimony at such hearing and may be represented by an attorney at law. However, his physical presence shall not be required at the hearing, and a failure to appear shall not be deemed an admission under subsection (d) of this section, if documentary evidence, duly verified by such person, is submitted to the hearing officer prior to the date of the hearing.

(h) In determining the amount of any fine or penalty, the hearing officer shall consider the age, financial circumstances and physical and mental capacity of the violator and the degree of hardship which the fine or penalty will impose, shall weigh those factors against the degree of

culpability of the violator and the gravity of the offense, and the damage to the public health, safety, welfare and convenience and the cost to the parish or to others occasioned by the offense.

(i) Within five legal days of the close of the hearing, the hearing officer shall issue a final order stating whether or not the person charged is liable for the violation; the amount of any fine or costs assessed against him and a date by which the violation shall be corrected. Any order assessed against him and a date by which the violation shall be corrected. Any order assessing a fine, or costs and/or stipulating a correction date may be enforced by the courts of the parish. The final order shall be served in the same fashion as the original notice or, if the violator has counsel of record, by mailing or delivering the order to counsel. The final order shall notify the violator of his right of appeal and shall, so much as possible, conform to the stylistic and typographical requirements established for the notice of violation.

(j) The hearing officer may, for each separate violation, order the payment of fines and hearing costs, the total of which shall not exceed the maximum which may be imposed on a misdemeanor by the courts of this parish; provided, however, that no civil fines or hearing costs imposed may exceed those specified for the criminal violation of the same ordinance. All such fines and costs shall be paid into the general fund, unless it is otherwise provided by law.

(k) The hearing officer, for good cause, may suspend all or a portion of his final order and may make any suspension contingent on the fulfillment of some reasonable condition.

(l) The director of the department of finance shall have the authority, pursuant to the provisions of R.S. 33:4754, and any other applicable statutes, to sell, dispose and/or alienate such properties.

(m) Except as may otherwise be applicable, any criminal sanctions or other enforcement actions that may be brought, such as injunctive relief, are not affected by these provisions.

(Code 1998, § 1-012.12)

Sec. 2-563. Nonexclusivity of procedures.

The procedures and remedies established by this chapter shall not be deemed exclusive and may be employed in the civil enforcement of an ordinance before, during or after the employment of any other civil enforcement mechanism provided by law, or before, during or after the commencement or conclusion of enforcement action in a civil or criminal court, unless the civil courts have definitely exonerated the alleged violator of the violation charged.

(Code 1998, § 1-012.14)

Sec. 2-564. Liens.

(a) The hearing officer shall record or cause to be recorded a certified copy of an order imposing a fine or other charge in the public records of the parish after 30 days from the issuance of the final order. The costs of such recordation shall be assessed to the property in

question. The hearing officer may assess a reasonable fee for the costs of lien certificate preparation and title examination. Once recorded, the certified copy of this order shall constitute a lien against the land on which the violation exists.

(b) Any lien placed against such immovable property under this chapter shall be included in the next annual ad valorem tax bill and must be paid along with such taxes, subject, however, to any valid homestead exemption. Failure to pay the liens shall cause any parcel of immovable property which is not subject to a bona fide homestead exemption to be subject to the same provisions of law as govern tax sales of immovable property, except as may otherwise be authorized by statute, including the authority set for in the provisions of R.S. 33:4754. Except as may otherwise be provided, any lien placed against immovable property that has a legal homestead exemption from taxes will become payable 90 days after the death of the owner thereof or immediately upon transfer of title to a new owner, whichever comes first.

(c) Any fee or charge assessed by the assessor's office shall be added to the tax bill and thereafter paid to the assessor upon payment of such taxes.

(Code 1998, § 1-012.16)

Sec. 2-565. Appeals.

(a) Any person or persons jointly or severally aggrieved by any decision of the parish hearing officer may present a petition to the district court of the parish along with payment of such reasonable costs as may be required by the clerk. Such petition shall be duly verified, set forth that the decision is illegal, in whole or in part, and specify the grounds of the illegality. The petition shall be presented to the court within 30 days after the filing of the decision of the hearing officer.

(b) Upon the presentation of such petition, the court may allow a writ of certiorari directed to the hearing officer to review the decision of the hearing officer and there shall be prescribed therein the period of time within which a return may be made and served upon the relator's attorney. Such period shall be not less than ten days but may be extended by the court. The allowance of the writ shall not stay the proceedings upon the decision or any enforcement thereof unless the person who files the appeal for writ of certiorari furnishes security prior to filing notice of appeal with the agency of the parish designated by ordinance to accept such payments in the amount to be fixed by the hearing officer sufficient to assure satisfaction of the finding of the hearing officer relative to the fine, fee, penalty, costs of the hearing, and costs, if any, of correcting the violation.

(c) The parish hearing officer shall not be required to return the original papers acted upon by the hearing officer, but may return certified or sworn copies thereof or such portions thereof as may be called for by the writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

(d) If, upon the hearing, it shall appear to the court that testimony is necessary for the proper disposition of the matter, the court may take additional evidence or appoint a referee to take such evidence as it may direct. Such referee shall report the same to the court with his findings of fact and conclusions of law and his report shall constitute a part of the proceedings upon which the determination of the court shall be made.

(e) The court may reverse or affirm, wholly or in part, or may modify the decision brought up for review. All issues in any proceedings under this section shall have preference over all other civil actions and proceedings. The appellant and the parish shall be parties in such civil action and proceeding; the parish hearing officer shall not be a party to such civil action and proceeding.

(Code 1998, § 1-012.18)

Sec. 2-566. Record requirements.

(a) At its commencement by notice to the alleged violator, every civil adjudication proceeding shall be assigned a docket number and a style in the form of "In the Matter of" or in the form of "Parish of St. Tammany versus" followed by the name of the alleged violator. The record pertaining to each proceeding shall be maintained as a separate file in a manner similar to the fashion in which the clerks or court maintain the records of civil cases.

(b) Each department or agency charged with the enforcement of an ordinance within the scope of this article shall maintain a log or index of all civil adjudication proceedings, which shall set forth information including but not limited to the following:

- (1) The style and docket number of the case and the date it was commenced;
- (2) The ordinance allegedly violated;
- (3) The date of the alleged violations;
- (4) The address or other description of the property on which the alleged violation occurred;
- (5) A statement as to whether any civil or criminal court proceedings pertaining to the alleged violations are or were pending, the dates of any hearings, trials, or continuances, and the dates of their commencement and/or termination and, if the case is terminated, of its final disposition;
- (6) A statement as to the dates of any hearing and of any final order in the case and as to whether and when any lien was filed;
- (7) A statement as to the date of filing and disposition of any appeal;
- (8) The hearing officer shall review this log or index regularly to ensure that no civil or criminal remedies of the parish are permitted to prescribe.

(Code 1998, § 1-012.20)

Sec. 2-567. Superceding ordinance.

When this article is applied, its provisions shall supercede all ordinances, or parts of ordinances, previously adopted and in conflict herewith.

ARTICLE XV. REAL ESTATE TRANSFERS TO PARISH

Sec. 2-598. Title insurance required.

When a third party and/or any prospective transferor seeks to donate/dedicate/transfer/sell any interest in and to immovable property, including, but not limited to, real estate, rights-of-way and servitudes, said person or entity shall provide:

- (1) A title insurance policy in favor of the parish on the caption of the property to be dedicated, donated, transferred or sold.
- (2) Such dedication, donation, sale or transfer of any interest in and to immovable property shall be in the name of the parish.
- (3) Any such title insurance policy shall be in an amount to be mutually established between the transferor and the parish.
- (4) Transferor shall be responsible for all costs of any insurance policy premiums.
- (5) Transferor shall be responsible for all costs of any title examination and/or curative work.
- (6) Transferor shall pay for all recordation costs.
- (7) Transferor shall be deemed to include any person or entity that sells, dedicates, donates or transfers an interest of such property.
- (8) Transferor shall use the parish standard forms or documents and/or that which may be specifically approved by the office of the parish president.
- (9) The requirements of subsections (1) through (8) of this section shall not supercede any other the parish ordinance or regulation.

(Code 1998, § 1-020.00)

Sec. 2-599. Transfers in perpetuity.

Where such dedication/donation/sale/transfer is intended and/or needed in perpetuity, including, but not limited to, real estate, rights-of-way and servitudes as determined by the office of the parish president, the requirements of section 2-598 shall apply.
(Code 1998, § 1-020.01)

Sec. 2-600. Title; costs.

Where such dedication/donation/sale/transfer is not intended or is not needed in perpetuity, including, but not limited to, real estate, rights-of-way and servitudes, as determined by the office of the parish president, then:

- (1) Such dedication, donation, sale or transfer of any interest in and to immovable property shall be in the name of the parish.
 - (2) Transferor may be responsible for all costs of any title examination
 - (3) Transferor shall be responsible for all costs of curative work.
 - (4) Transferor may be required to pay for all recordation costs.
 - (5) Transferor shall be deemed to include any person or entity that sells, dedicates, donates or transfers an interest of such property.
 - (6) Transferor shall use the parish standard forms or documents and/or that which may be specifically approved by the office of the parish president.
 - (7) The requirements of subsections (1) through (6) of this section shall not supercede any other parish ordinance or regulation.

Secs. 2-601—2-618. Reserved.**ARTICLE XVI. MORATORIUMS****Sec. 2-619. Definitions.**

As used in this article, the following terms shall have the meanings ascribed to them in this section, unless the context indicates a different meaning:

Advertised, as used herein, requires public notice of a public hearing in the official journal of the parish and, if appropriate so as to provide for wider notification, same shall be additionally published in a newspaper with greater circulation in the area which is the subject matter of the ordinance. Same shall be published one time, at least five and not more than ten days before the public hearing.

General nature, means more than one such structure and/or applicable to a defined portion or area within the unincorporated limits of the parish which encompasses more than one such structure.

Moratorium means the delay in the issuance, ceasing, halting, negating, recall or avoidance of building permits for the construction of dwellings, single-family or multifamily, townhouses,

condominiums, schools, libraries, commercial buildings, industrial construction or of any private or public buildings of whatsoever nature or kind, and accessory buildings and structures thereto.

Public hearing means a meeting at the place and time advertised, open to the general public. Same shall be conducted either by the governing body of the parish or by a committee of its members appointed and designated by the governing body. Such meeting shall be conducted under the normal and regular rules applicable to such hearings. Said public hearing may alternatively and/or be further conducted when the ordinance is considered for adoption. (Code 1998, § 5-051.00; Ord. No. 84-119, 6-21-1984)

Sec. 2-620. Declared only by ordinance.

No building moratorium or cessation of construction and/or the ceasing and desisting of the issuance of building permits of a general nature in any portion of the unincorporated limits of the parish shall be declared or mandated except by ordinance of the governing body of the parish.

(Code 1998, § 5-052.00; Ord. No. 84-119, 6-21-1984)

Sec. 2-621. Required time between introduction and adoption of ordinance.

A minimum lay-over period of 26 calendar days is required between the date and time of the introduction of the ordinance and the time of its adoption.

(Code 1998, § 5-053.00; Ord. No. 84-119, 6-21-1984; Ord. No. 03-0667, 5-1-2003)

Sec. 2-622. Individual building permit, land use, enforcement.

Nothing herein shall be construed to repeal or abrogate the administrative procedures and functions of building permit consideration or issuance by any proper agency or department of the parish for an individual building permit or land use; nor are the rights, powers, duties and functions of enforcement under the existing ordinance for building violations in any way repealed, abrogated or curtailed.

(Code 1998, § 5-054.00; Ord. No. 84-119, 6-21-1984)

Sec. 2-623. Emergency ordinances.

(a) Nothing herein shall be construed to preclude the parish council, should it determine that same is necessary under its police power because of imminent danger to health, safety or welfare, to impose by emergency ordinance a moratorium against the issuance of building permits in a specified and clearly defined area of the parish; provided that said emergency ordinance shall be adopted by a simple majority of the membership of the parish council or its successor in office; and provided further that said emergency ordinance shall remain valid, binding and enforceable for a period of time not to exceed 30 calendar days from the date of its adoption, or for such lesser time as may be imposed in the ordinance.

(b) Thereafter, the moratorium may be reimposed on a greater or more restricted specific defined area for successive periods of 30 calendar days by the adoption of successive emergency ordinances.

(c) Alternatively and including during any 30 period of an emergency ordinance, a regular ordinance may be introduced and thereafter adopted in due course imposing the moratorium as hereinabove recited for such time as the parish council may determine to be feasible and proper as is hereinabove recited.

(Code 1998, § 5-055.00; Ord. No. 84-119, 6-21-1984)

Sec. 2-624. Vacation.

A moratorium as herein imposed may be vacated, in whole or in part, either by resolution or ordinance of the governing body.

(Code 1998, § 5-056.00; Ord. No. 84-119, 6-21-1984)

Sec. 2-625. Parish-wide emergencies.

This article shall not be applicable in the event of a bona fide parish-wide emergency.

(Code 1998, § 5-057.00; Ord. No. 84-119, 6-21-1984)

Sec. 2-626. Judicial relief not denied.

Nothing herein shall be construed as to deny any person judicial relief if said person feels aggrieved thereby.

(Code 1998, § 5-058.00; Ord. No. 84-119, 6-21-1984)

Sec. 2-627. Violation; penalty.

After a moratorium is imposed as is herein provided, it shall be unlawful for any person in concert, to violate same by commencement or continuation of construction or by issuing a building permit, and said actions are prohibited. Violation shall constitute a misdemeanor, punishable under section 1-9. Each day of such violation constitutes a separate offense.

*Subdivision V. Mandatory Impact Fees***Sec. 2-769. Short title, authority and application.**

(a) *Title.* This section shall be known and may be cited as the "St. Tammany Parish Impact Fee Ordinance."

(b) *Authority.* The parish council has the authority to adopt the ordinance codified herein pursuant to the parish Home Rule Charter and the state constitution of 1974.

(c) *Application.* The parish impact fee ordinance shall apply to all lands within the unincorporated portion of parish as follows:

- (1) Any property that is located south of the urban growth boundary line, which is the area hereinafter defined as the "service area."
- (2) In addition, this subdivision shall apply to any property located north of the urban growth boundary line and is zoned for nonresidential use or is zoned for an intensity of development of two dwelling units per acre or greater when said residential development requires the review and approval of the planning commission in accordance with the major subdivision process as defined in this section.

(Code 1998, § 2-009.00(B)IV.A; Ord. No. 04-0990, 11-4-2004; Ord. No. 05-1038, 1-6-2005; Ord. No. 05-1069, 3-3-2005; Ord. No. 06-1369, 9-7-2006; Ord. No. 13-2876, 1-3-2013)

Sec. 2-770. Purpose.

The establishment of a system or the imposition of road and drainage impact fees within the unincorporated area is intended to ensure that new development contributes its proportionate share of the cost of providing, and benefits from the provision of, improvements to the major road system and the major drainage system.

(Code 1998, § 2-009.00(B)IV.B; Ord. No. 04-0990, 11-4-2004; Ord. No. 05-1038, 1-6-2005; Ord. No. 05-1069, 3-3-2005; Ord. No. 06-1369, 9-7-2006; Ord. No. 13-2876, 1-3-2013)

Sec. 2-771. Definitions.

Certain words or phrases unique to this transportation impact fee ordinance shall be construed as herein set out unless it is apparent from the context that they have a different meaning.

Building permit means that permit required to be issued before any building or construction activity can be initiated on a parcel of land.

Commercial means retail, office or institutional uses as defined in this section.

Commencement of construction means scheduling of an on-site inspection by an employee of the parish for compliance with applicable development regulations. This status can be verified by a site visit as deemed necessary by the impact fee administrator.

Drainage capital improvement means an improvement to the major drainage system. It includes preliminary engineering, engineering design studies, land surveys, land acquisition, engineering, permitting, including use of mitigation bank projects, water quality permits, coastal and environmental projects, construction of all necessary features of regional stormwater systems, including regional retention and detention ponds and preservation of natural drainage systems, including land acquisition and wetland mitigation efforts that are part of a parish-wide environmental mitigation plan and/or ten-year capital plan. Improvements required to meet parish ordinance requirements for on-site retention or detention shall not be considered drainage capital improvements.

Drainage impact fee study means the drainage impact fee study prepared by Duncan Associates in July 2012.

Existing development means the most intense use of land within the 12 months prior to the time of commencement of impact-generating development.

Expansion of the capacity of a road includes any widening, intersection improvement, signalization or other capital improvement designed to increase the existing road's capacity to carry vehicles.

Fee payer means a person commencing impact-generating development who is obligated to pay a road or drainage impact fee in accordance with the terms of this impact fee subdivision.

Impact fee administrator means the parish employee primarily responsible for administering the provisions of this impact fee subdivision or his designee.

Impact-generating development is an approved development of land to permit a use of land that will contain or convert to more dwelling units or floor space than the most intense use of the land within the 12 months prior to the commencement of impact-generating development in a manner that increases the generation of vehicular traffic or creates additional impervious cover.

Impervious cover means manmade surfaces that are impenetrable by water and do not allow percolation into the underlying natural surface, including the footprint of buildings and paved surfaces such as roads, sidewalks, driveways and parking lots.

Industrial means manufacturing, warehousing or mini-warehouse uses as defined in this section.

Institutional means a governmental, quasi-public or institutional use, or a nonprofit recreational use, not located in a shopping center. Typical uses include elementary, secondary or higher educational establishments, day care centers, hospitals, mental institutions, nursing homes, assisted living facilities, fire stations, city halls, court houses, post offices, jails, libraries, museums, places of religious worship, military bases, airports, bus stations, fraternal lodges, parks and playgrounds.

Major drainage system means the system of regional stormwater detention and retention ponds, natural and manmade stormwater conveyance systems, wetlands and water quality elements within the parish for flood prevention and to ensure adequate water quality.

Major road system means the system of major roadways within the service area that is comprised of those roads identified in the road impact fee study and the attached major road system list, including those roadways that are subsequently included in the major road system list by resolution of the governing authority. The major road system excludes Interstates and U.S. highways.

Major subdivision process means the process required by the parish subdivision Ordinance No. 499 as outlined in sections 125-96 through 125-215, specifically being the approval process for subdivisions which requires a hearing, review and approval of the planning commission in accordance with R.S. 33:101—33:120.

Manufacturing means an establishment primarily engaged in the fabrication, assembly or processing of goods. Typical uses include manufacturing plants, welding shops, wholesale bakeries, dry cleaning plants and bottling works.

Miniwarehouse means an enclosed storage facility containing independent, fully enclosed bays that are leased to persons for storage of their household goods or personal property.

Mobile home park means an area developed or intended to be developed for occupancy by two or more mobile homes that are used for dwelling purposes, and spaces are rented individually to residents.

Multifamily means a dwelling unit that is connected to one or more other dwelling units.

Nonsite-related improvements means road capital improvements and right-of-way dedications for improvements to the major road system that are not site-related improvements.

Office means a building not located in a shopping center and exclusively containing establishments providing executive, management, administrative or professional services, and which may include ancillary services for office workers, such as a restaurant, coffee shop, newspaper or candy stand, or child care facilities. Typical uses include real estate, insurance, property management, investment, employment, travel, advertising, secretarial, data processing, telephone answering, telephone marketing, music, radio and television recording and broadcasting studios; professional or consulting services in the fields of law, architecture, design, engineering, accounting and similar professions; interior decorating consulting services; medical and dental offices and clinics, including veterinarian clinics and kennels; and business offices of private companies, utility companies, trade associations, unions and non-profit organizations.

Person means an individual, corporation, governmental agency or body, business trust, estate, trust, partnership, association, two or more persons having a joint or common interest, or any other entity.

Retail means establishments engaged in the selling or rental of goods, services or entertainment to the general public. Such uses include, but are not limited to, shopping centers, discount stores, supermarkets, home improvement stores, pharmacies, automobile sales and service, banks, movie theaters, amusement arcades, bowling alleys, barbershops, laundromats, funeral homes, vocational or technical schools, dance studios, health clubs and for-profit golf courses.

Road capacity means the maximum number of vehicles that have a reasonable expectation of passing over a given section of a road during an hour without exceeding level of service, expressed in terms of vehicles per hour.

Road capital improvement means a nonsite related improvement that expands the capacity of the major road system within the service area. It includes the transportation planning, preliminary engineering, engineering design studies, land surveys, alignment studies, right-of-way acquisition, engineering, permitting and construction of all necessary features undertaken to accommodate additional traffic resulting from new traffic-generating development, including, but not limited to:

- (1) Construction of new through lanes;
- (2) Construction of new bridges;
- (3) Construction of new drainage facilities in conjunction with new road construction;
- (4) Purchase and installation of traffic signals, including new and upgraded signalization;
- (5) Construction of curbs, gutters, sidewalks, medians and shoulders, landscaping and infrastructure to maintain the landscaping, and lighting of intersections, interchanges, and other roadway areas as determined necessary for safe use of the roadway, when undertaken in conjunction with capacity-expanding road improvements;
- (6) Relocating utilities to accommodate new road construction;
- (7) The construction and reconstruction of intersections to increase capacity;
- (8) The widening of existing roads;
- (9) Bus turnouts;
- (10) Acceleration and deceleration lanes;
- (11) Interchanges;
- (12) Traffic control devices;
- (13) Roundabouts, including lighting landscaping and signage related to roundabouts; and

- (14) Environmental mitigation of the impacts of road capital improvements, including land acquisition and wetland mitigation efforts that are part of a parish-wide environmental mitigation plan and/or payment of Army Corps of Engineers-mandated mitigation fees.

Road impact fee study means the road impact fee study prepared by Duncan Associates in July 2012.

Rural drainage impact fee means those fees paid in accordance with these regulations on any property located outside of the service area in accordance with section 2-769(c).

Rural road impact fee means those fees paid in accordance with these regulations on any property located outside of the service area in accordance with section 2-769(c).

Service area means the unincorporated area of the parish located south of the urban growth boundary line.

Single-family detached means a building arranged or designed to be occupied by one family, including mobile homes not located in a mobile home park, the structure having only one dwelling unit and not attached to any other dwelling unit.

Site-related improvements mean those road capital improvements and right-of-way dedications that provide direct access to the development. The term "direct access improvements" include, but are not limited to, the following:

- (1) Driveways and streets leading to and from the development;
- (2) Right- and left-turn lanes leading to those driveways and streets;
- (3) Traffic control measures for those driveways; and
- (4) Internal streets. Credit is not provided for site-related improvements.

Trip means a one-way movement of vehicular travel from an origin (one trip end) to a destination (the other trip end).

Urban growth boundary line means the line established by parish Ordinance No. 499, which is described as follows:

- (1) Beginning at the intersection of the Tangipahoa Parish line and the section corner common to sections 7 and 19, Township 6 south, Range 10 east, proceed east following the southern boundary of sections 7, 8, 9, 10, 11, 12, Township 6 south, Range 10 east and section 7, Township 6 south, Range 11 east, to the section corner common to sections 7, 8, 17, and 18, Township 6 south, Range 11 east;
- (2) Thence proceed in a southeasterly direction along the centerline of the Bogue Falaya River to the section corner common to sections 22, 27, and 45, Township 6 south, Range 11 east;

- (3) Thence proceed east, following the southern boundary of sections 22, 23, and 24, Township 6 south, Range 11 east and sections 19, 20, and 21, Township 6 south, Range 12 east to the section corner common to sections 21, 22, 27, and 28, Township 6 south, Range 12 east;
- (4) Thence proceed south to the section corner common to sections 27, 28, 33, and 34, Township 6 south, Range 12 east;
- (5) Thence proceed east following the southern boundary of sections 26 and 27, Township 6 south, Range 12 east to the section corner common to sections 25, 26, 35, and 36, Township 6 south, Range 12 east;
- (6) Thence proceed in a southerly direction along the common boundary of sections 35 and 36, Range 12 east, Township 6 south and subsequent section line boundaries to the intersection of said section lines and the centerline of Louisiana Highway 36;
- (7) Thence proceed in a southeasterly direction along the centerline of Louisiana Highway 36 to the intersection of Louisiana Highway 36 and the centerline of Louisiana Highway 41;
- (8) Thence proceed in a southeasterly direction along centerline of Louisiana Highway 41 to the intersection of Louisiana Highway 41 and the centerline of Louisiana Highway 41 Spur;
- (9) Thence proceed in a southeasterly direction along the centerline of Louisiana Highway 41 Spur to the point where Louisiana Highway 41 Spur intersects with Interstate 59;
- (10) Thence proceed in a northerly direction along the centerline of Interstate 59 to a point where it intersects with the old U.S. Highway 11 right-of-way;
- (11) Thence proceed in an easterly direction following the centerline of the old U.S. Highway 11 right-of-way to the intersection of said line and the Mississippi State Line.

Vehicle-Miles of Travel (VMT) means the product of the average number of vehicles traveling during the afternoon peak hour of adjacent street traffic on a weekday and the distance (in miles) that they travel on the major road system.

Warehouse means an establishment primarily engaged in the display, storage and sale of goods to other firms for resale, as well as activities involving significant movement and storage of products or equipment. Typical uses include wholesale distributors, storage warehouses, moving and storage firms, trucking and shipping operations and major mail processing centers. (Code 1998, § 2-009.00(B)IV.C; Ord. No. 04-0990, 11-4-2004; Ord. No. 05-1038, 1-6-2005; Ord. No. 05-1069, 3-3-2005; Ord. No. 06-1369, 9-7-2006; Ord. No. 13-2876, 1-3-2013)

Sec. 2-772. Time of fee obligation and payment.

(a) Any person or government body that causes the commencement of impact-generating development within the unincorporated parish in the service area, or outside the service area, but zoned for a residential density of two dwelling units per acre or more when said develop-

ment requires the review and approval of the planning commission in accordance with the major subdivision process as defined in this section or any nonresidential use, shall be obligated to pay a road and drainage impact fee, pursuant to the terms of this transportation impact fee subdivision. The fee shall be determined and paid in accordance with the impact fees schedule in effect at the time of the issuance of the final plat approval/building permit and the following schedule:

- (1) *Residential subdivisions.* At the time of final plat approval or within 90 days of recordation of final plat if the appropriate security is posted as approved by the director of public works and the director of finance. If deemed appropriate by the director of public works and the director of finance, a second, third or fourth 90-day period may be granted.
- (2) *Commercial subdivisions.* At the time of final plat approval if the size of the end user is known, else at the time of the issuance of a building permit. The payment at final plat approval may be deferred for a period of 90 days of recordation of final plat if the appropriate security is posted as approved by the director of public works and the director of finance. If deemed appropriate by the director of public works and the director of finance a second, third or fourth 90-day period may be granted. If the end user is unknown, or the square footage of the end user is altered, the balance of the fee shall be paid at the time of the issuance of a building permit.
- (3) *Individual commercial or residential structures.* At the time of issuance of a building permit for the development.

(b) If any credits are due pursuant to section 2-776, they shall also be determined at the time of payment. The fee shall be computed separately for the amount of construction activity covered by the permit, if the building permit is for less than the entire development. If the fee is imposed for an impact-generating development that increases road or drainage impacts because of a change in use, replacement or redevelopment of an existing building or use, the fee shall be determined by computing the difference in the fee schedule between the new impact-generating development and the existing development. The obligation to pay the impact fee shall run with the land.

(Code 1998, § 2-009.00(B)IV.D; Ord. No. 04-0990, 11-4-2004; Ord. No. 05-1038, 1-6-2005; Ord. No. 05-1069, 3-3-2005; Ord. No. 06-1369, 9-7-2006; Ord. No. 13-2876, 1-3-2013)

Sec. 2-773. Exemptions.

The following shall be exempt from the terms of this impact fee subdivision. An exemption must be claimed by the fee payer at the time of application for a building permit.

- (1) Alterations or expansion of an existing building where no additional dwelling units are created, the use is not changed and:
 - a. For the purpose of road impact fees, no additional vehicular trips will be produced over and above that produced by the existing use; or

- b. For the purpose of drainage impact fees, no additional impervious cover is created.
- (2) The construction of accessory buildings or structures which:
 - a. For the purpose of road impact fees, will not produce additional vehicular trips over and above that produced by the principal building or use of the land; or
 - b. For the purpose of drainage impact fees, will not result in additional impervious cover being created.
- (3) The replacement of a destroyed or partially destroyed building or structure with a new building or structure of the same size and use, provided that:
 - a. For the purpose of road impact fees, no additional trips will be produced over and above that produced by the original use of the land; or
 - b. For the purpose of drainage impact fees, no additional impervious cover will be created.
- (4) Any development for which a completed application for a building permit was submitted prior to January 1, 2005, provided that the construction proceeds according to the provisions of the permit and the permit does not expire prior to the completion of the construction.
- (5) Any conditional use, PUD-Planned Unit Development, or subdivision for which a public hearing has been held prior to January 1, 2005, provided that the construction proceeds according to the provisions of the conditional use or subdivision approval within specified time lines.
- (6) Any development which has an approved voluntary developmental agreement in place as of January 1, 2005.
- (7) Structures associated with uses recognized as agricultural by the state.
- (8) If a manifestly unreasonable financial hardship is demonstrated by an applicant for a single-family residential building permit, as determined by the impact fee administrator, the impact fees relative to roads and drainage may be waived, subject to the following parameters:
 - a. A manifestly unreasonable hardship shall be defined as a situation where the demonstrated income of the property owner falls within the parameters set by the most recent U.S. Department of Housing and Urban Development—Public Housing and Section 8 Income Limits for Very Low income (50 percent of regional median income).
 - b. Adequate financial documentation shall be presented to the impact fee administrator to determine qualifications for said waiver.
 - c. No individual may receive more than a single waiver of said fees.

(9) Procedure for exemption review.

- a. The determination of any exemption shall be undertaken through the submission of an application for exemption, which shall be submitted to the impact fee administrator.
- b. If the proposed application involves an exemption for any alteration, expansion or replacement of any existing structure, the following documentation must be provided:
 1. A site survey showing the existing structures and the improvements being proposed; and
 2. Documentation confirming no additional dwelling units are created, the use is not changed and no additional vehicular trips will be produced or impervious cover created over and above that produced by the existing use.
- c. If the proposed application involves another type of permitted exemption, the following documentation must be provided:
 1. Documents evidencing a completed building permit application being submitted prior to January 1, 2005, and completion of construction prior to expiration of the building permit issued; or
 2. Documentation evidencing an approved voluntary developmental agreement in place as of January 1, 2005.
- d. The impact fee administrator shall notify the parish council chair of any application for exemption agreement within three days of receipt of said application.
- e. Within ten days of receipt of the proposed application for exemption agreement, the impact fee administrator shall determine if the application is complete. If it is determined that the proposed agreement is not complete, the impact fee administrator shall send a written statement to the applicant outlining the deficiencies. The impact fee administrator shall take no further action on the proposed application for exemption agreement until all deficiencies have been corrected or otherwise settled.
- f. Once the impact fee administrator determines that the proposed application for exemption agreement is complete, it shall be reviewed within 30 days. The application for exemption agreement shall be approved if it complies with the standards in subsections (1) through (8) of this section.
- g. If the application for exemption agreement is approved by the impact fee administrator, an exemption agreement shall be prepared and signed by the applicant and the parish.

- (10) Appeal of exemption decision. A fee payer affected by the decision of the impact fee administrator regarding an exemption may appeal such decision to the parish council by filing with the impact fee administrator, within ten days of the date of the written decision, a written notice stating and specifying briefly the grounds of the appeal. The impact fee administrator shall place such appeal on the council's agenda for the next regularly scheduled meeting. The parish council, after a hearing, shall affirm or reverse the decision of the impact fee administrator based on the standards in subsections (1) through (8) of this section. If the parish council reverses the decision, it shall direct the impact fee administrator to grant the exemption in accordance with its findings. The decision of the parish council shall be final.
- (Code 1998, § 2-009.00(B)IV.E; Ord. No. 04-0990, 11-4-2004; Ord. No. 05-1038, 1-6-2005; Ord. No. 05-1069, 3-3-2005; Ord. No. 06-1369, 9-7-2006; Ord. No. 13-2876, 1-3-2013)

Sec. 2-774. Establishment of fee schedule.

(a) Any person who causes the commencement of impact-generating development, except those persons exempted or preparing an independent fee calculation study pursuant to section 2-775, shall pay a road and drainage impact fee in accordance with the following fee schedules. The definitions in this impact fee subdivision shall be used to determine the appropriate land use type.

- (1) Road impact fee schedule—Revised schedule (effective January 4, 2013):

Single-family detached per dwelling unit	\$1,077.00
Multifamily per dwelling unit	\$598.00
Mobile home park per pad	\$361.00
Retail per 1,000 square foot	\$1,681.00
Office per 1,000 square foot	\$2,078.00
Institutional per 1,000 square foot	\$545.00
Manufacturing per 1,000 square foot	\$1,030.00
Warehousing per 1,000 square foot	\$444.00
Mini-storage per 1,000 square foot	\$201.00

- (2) Drainage impact fee schedule—Revised schedule (Effective January 4, 2013):

Single-family detached per dwelling unit	\$1,114.00
Multifamily per dwelling unit	\$441.00
Mobile home park per pad	\$622.00
Commercial per 1,000 square foot	\$720.00
Industrial per 1,000 square foot	\$540.00

- (b) For the purposes of applying the impact fee schedules to nonresidential development, square feet shall be interpreted as follows:
- (1) In the road impact fee schedule, square feet refers to gross floor area, defined as the gross floor area of all buildings, measured from the outside surface of exterior walls, but excluding enclosed parking and loading areas.

- (2) In the drainage impact fee schedule, square feet refers to the ground floor area of all buildings, including enclosed parking structures, measured from the outside surface of exterior walls.

(c) If the type of impact-generating development for which a building permit is requested is not specified on the above fee schedule, the impact fee administrator shall determine the fee on the basis of the fee applicable to the most nearly comparable type of land use on the fee schedule.

(Code 1998, § 2-009.00(B)IV.F; Ord. No. 04-0990, 11-4-2004; Ord. No. 05-1038, 1-6-2005; Ord. No. 05-1069, 3-3-2005; Ord. No. 06-1369, 9-7-2006; Ord. No. 13-2876, 1-3-2013)

Sec. 2-775. Independent fee calculation study.

(a) The impact fee may be computed by the use of an independent fee calculation study at the election of the fee payer, or upon the request of the impact fee administrator, for any proposed land development activity interpreted as not one of those types listed on the fee schedule, or as one that is not comparable to any land use on the fee schedule, or for any proposed land development activity for which the impact fee administrator concludes the nature, timing or location of the proposed development makes it likely to generate impacts costing substantially more or less to mitigate than the amount of the fee that would be generated by the use of the fee schedule.

(b) The preparation of the independent fee calculation study shall be the sole responsibility and cost of the fee payer.

(c) Any person who requests to perform an independent fee calculation study shall pay an application fee for administrative costs associated with the review and decision on such study.

(d) The independent fee calculation study for the road impact fee shall be calculated by the use of the following applicable formula:

- (1) *Road impact fee formula.*

$$\text{Fee} = \text{VMT} \times \text{Net Cost/VMT.}$$

$$\text{VMT} = \text{PHT} \times \% \text{ New} \times \text{Length} \div 2.$$

PHT = Trip ends during the PM peak hour during an average weekday.

% New = The percent of trips that are primary trips, as opposed to passerby or diverted-link trips.

Length = The average length of a trip on the major roadway system.

÷ 2 = Avoids double-counting trips for origin and destination.

Net cost/VMT = Cost/VMT-Credit/VMT, calculated to be \$592.00 per daily peak hour vehicle-mile of travel on the major roadway system in the road impact fee study.

(2) *Drainage impact fee formula.*

$$\text{Fee} = \text{SF} \times \text{Net Cost/SF.}$$

SF = Square feet of impervious cover.

Net cost/SF = Cost/SF - Grant/SF - On-Site/SF - Rev/SF, calculated to be \$0.36 per square foot of impervious cover in the drainage impact fee study.

Cost/SF = Cost per square foot of impervious cover for regional drainage improvements that eliminate the need for on-site retention, calculated to be \$1.02 in the drainage impact fee study.

Grant/SF = Grant funding credit per square foot of impervious cover, calculated to be \$0.11 in the drainage impact fee study.

On-Site/SF = The cost per square foot of impervious cover for on-site retention, calculated to be \$0.58 in the drainage impact fee study.

Rev/SF = Revenue credit per square foot for drainage district or other taxes or fees used for improvements to the major drainage system, calculated as the net present value of future payments over a 20-year period.

(e) For the purpose of road impact fees, the fee calculation shall be based on data, information or assumptions contained in the road impact fee study or independent sources, provided that:

- (1) The fee calculation is based on the long-term impacts of the development, rather than the unique characteristics of the proposed initial occupant or user; and
- (2) The independent source is an accepted standard source of transportation engineering or planning data, or a local study on trip characteristics carried out by a qualified traffic planner or engineer pursuant to an accepted methodology of transportation planning or engineering.

(f) Procedure.

- (1) An independent fee calculation study shall be undertaken through the submission of an application for an independent fee calculation. A potential fee payer or the impact fee administrator may submit such an application.
- (2) Within ten days of receipt of an application for independent fee calculation study from a fee payer, the impact fee administrator shall determine if the application is complete. If the impact fee administrator determines that the application is not complete, a written statement specifying the deficiencies shall be sent by mail to the person submitting the application. The application shall be deemed complete if no deficiencies are specified. The impact fee administrator shall take no further action on the application until it is deemed complete.

- (3) When the impact fee administrator determines that the application is complete, the application shall be reviewed and the impact fee administrator shall render a written decision in 30 days on whether the fee should be modified and, if so, what the amount should be, based on the standards in subsection (g) of this section.

(g) Standards. If, on the basis of generally-recognized principles of impact analysis, it is determined that the data, information and assumptions used by the applicant to calculate the independent fee calculation study satisfy the requirements of this section, the fee determined in the independent fee calculation study shall be deemed the fee due and owing for the proposed impact-generating development. The adjustment shall be set forth in a fee agreement. If the independent fee calculation study fails to satisfy the requirements of this subsection, the fee applied shall be that fee established for the impact-generating development in section 2-774.

(h) Appeal of decision.

- (1) A fee payer affected by the administrative decision of the impact fee administrator on an independent fee calculation study may appeal such decision to the parish council, by filing with the impact fee administrator within ten days of the date of the written decision a written notice stating and specifying briefly the grounds of the appeal. The impact fee administrator shall place the appeal on the council's agenda for the next regularly scheduled meeting.
- (2) The parish council, after hearing, shall have the power to affirm or reverse the decision of the impact fee administrator. In making its decision, the council shall specify the reasons for its decision and apply the standards in subsection (g) of this section. If the council reverses the decision of the impact fee administrator, it shall direct the administrator to recalculate the fee in accordance with its decision. In no case shall the council have the authority to negotiate the amount of the fee or waive the fee. The decision of the council shall be final and not subject to further administrative appeal.

(Code 1998, § 2-009.00(B)IV.G; Ord. No. 04-0990, 11-4-2004; Ord. No. 05-1038, 1-6-2005; Ord. No. 05-1069, 3-3-2005; Ord. No. 06-1369, 9-7-2006; Ord. No. 13-2876, 1-3-2013)

Sec. 2-776. Credits.

(a) Any person initiating impact-generating development may apply for credit against road or drainage impact fees otherwise due, up to, but not exceeding, the full obligation for impact fees proposed to be paid pursuant to the provisions of this impact fee subdivision, for any contributions, construction or dedication of land accepted or received by the parish for road capital improvements or drainage capital improvements, except as provided in subsection (c) of this section.

- (1) Credit for road capital improvements shall only be used to offset road impact fees otherwise due from the impact-generating development for which the improvement was made.

- (2) Credit for drainage capital improvements shall only be used to offset drainage impact fees otherwise due from the impact-generating development for which the improvement was made.
- (3) Credit may be given for road or drainage capital improvements that are not located in the immediate vicinity of the impact-generating development.
- (4) Credit may be given against drainage impact fees for wetland donation, preservation and/or improvements, addition of water quality elements, channel improvements, and other work that has a positive impact on the major drainage system.

(b) Credits for contributions, construction or dedication of land for road capital improvements or drainage capital improvements shall be transferable within the same development, but shall not be paid for other public facilities. The credit shall not exceed the amount of the applicable impact fees due and payable for the proposed impact-generating development.

(c) When deemed appropriate for the furtherance of necessary infrastructure improvements, the parish government may enter into development agreements, as authorized under R.S. 33:4780.21, as part of credit agreements established in accordance with this section, subject to all limitation of this section and the applicable statutes.

(d) Credit shall be in an amount equal to fair market value of the land dedicated for right-of-way at the time of dedication, the fair market value of the construction at the time of its completion, or the value of the contribution or payment at the time it is made for construction of a capital road improvement or a drainage capital improvement.

(e) Credits may include any dedication, construction, or contributions made by outside parties subject to the limitations of this section.

(f) Procedure for credit review.

- (1) The determination of any credit shall be undertaken through the submission of an application for credit agreement, which shall be submitted to the impact fee administrator.
- (2) If the proposed application involves a credit for any contribution, the following documentation must be provided:
 - a. A certified copy of the development approval in which the contribution was agreed;
 - b. If payment has been made, proof of payment; or
 - c. If payment has not been made, the proposed method of payment.
- (3) If the proposed application involves credit for the dedication of land:
 - a. A drawing and legal description of the land;

- b. The appraised fair market value of the land at the date a building permit is proposed to be issued for the impact-generating land development activity, prepared by a professional real estate appraiser who is a member of the member appraisal institute (MAI) or who is a member of senior residential appraisers (SRA), and if applicable, a certified copy of the development permit in which the land was agreed to be dedicated.
- (4) If the proposed application for credit agreement involves construction:
 - a. The proposed plan of the specific construction prepared and certified by a duly qualified and licensed Louisiana engineer or contractor;
 - b. The projected costs for the suggested improvement, which shall be based on local information for similar improvements, along with the construction timetable for the completion thereof. Such estimated cost shall include the cost of construction or reconstruction, the cost of all labor and materials, the cost of all lands, property, rights, easements and franchises acquired, financing charges, interest prior to and during construction and for one year after completion of construction, costs of plans and specifications, surveys of estimates of costs and of revenues, costs of professional services, and all other expenses necessary or incident to determining the feasibility or practicability of such construction or reconstruction.
- (5) The impact fee administrator shall notify the parish council chair of any application for credit agreement within three days of receipt of said application.
- (6) Within ten days of receipt of the proposed application for credit agreement, the impact fee administrator shall determine if the application is complete. If it is determined that the proposed agreement is not complete, the impact fee administrator shall send a written statement to the applicant outlining the deficiencies. The impact fee administrator shall take no further action on the proposed application for credit agreement until all deficiencies have been corrected or otherwise settled.
- (7) Once the impact fee administrator determines that the proposed application for credit agreement is complete, it shall be reviewed within 30 days. The application for credit agreement shall be approved if it complies with the standards in subsections (1) through (5) of this section.
- (8) If the application for credit agreement is approved by the impact fee administrator, a credit agreement shall be prepared and signed by the applicant and the parish. It shall specifically outline the contribution, payment, construction or land dedication, the time by which it shall be completed, dedicated or paid, and any extensions thereof and the dollar credit the applicant shall receive for the contribution, payment or construction.

(g) Appeal of credit decision. A fee payer affected by the decision of the impact fee administrator regarding credits may appeal such decision to the parish council by filing with the impact fee administrator, within ten days of the date of the written decision, a written notice stating and specifying briefly the grounds of the appeal. The impact fee administrator shall place such appeal on the council's agenda for the next regularly scheduled meeting. The parish council, after a hearing, shall affirm or reverse the decision of the impact fee administrator based on the standards in subsections (f)(1) through (5) of this section. If the parish council reverses the decision, it shall direct the impact fee administrator to readjust the credit in accordance with its findings. The decision of the parish council shall be final.

(h) Amendments to credit agreement. Any amendments to a credit agreement must meet all standards and conditions of this section including the procedure for credit review outlined in subsection (f)(6) of this section.

(Code 1998, § 2-009.00(B)IV.H; Ord. No. 04-0990, 11-4-2004; Ord. No. 05-1038, 1-6-2005; Ord. No. 05-1069, 3-3-2005; Ord. No. 06-1369, 9-7-2006; Ord. No. 13-2876, 1-3-2013)

Sec. 2-777. Fee expenditures.

(a) The parish shall establish the following impact fee accounts:

- (1) The parish shall establish the appropriate road impact fee escrow accounts, as deemed necessary by the director of finance, for the purpose of ensuring that fee payers receive sufficient benefit for road impact fees paid on projects in accordance with the standards of this section.
- (2) The parish shall establish the appropriate drainage impact fee escrow accounts, as deemed necessary by the director of finance, for the purpose of ensuring that fee payers receive sufficient benefit for drainage impact fees paid on projects in accordance with the standards of this section.

(b) All road impact fees collected by the parish shall be immediately deposited into the appropriate road impact fee account. All drainage impact fees collected by the parish shall be immediately deposited into the appropriate drainage impact fee account.

(c) All proceeds in the road and drainage impact fee accounts not immediately necessary for expenditure shall be invested in an interest-bearing account. All income derived from these investments shall be retained in the applicable impact fee account. Records of the road and drainage impact fee accounts shall be available for public inspection.

(d) Each year, at the time the annual budget is reviewed, the impact fee administrator shall recommend appropriations to be spent from the impact fee accounts to the parish council. After review of the recommendation, the council shall approve or modify the recommended expenditures of the impact fee account monies. Amendments of the list of these projects during

the course of the fiscal year may be made by resolution of the council. Any amount not appropriated from the impact fee accounts, together with any interest earnings, shall be carried over to the following fiscal period.

- (1) Expenditures of the road impact fee fund shall be only for nonsite-related improvements to the major road system in the service area, provided that funds collected prior to January 4, 2013, may be spent anywhere in the parish in accordance with the provisions of the prior impact fee subdivision.
 - (2) Expenditures of the drainage impact fee fund shall be only for drainage capital improvements that benefit the service area, provided that funds collected prior to January 4, 2013, may be spent anywhere in the parish in accordance with the provisions of the prior impact fee subdivision.
 - (3) Expenditures shall be made from the rural road impact fee fund only for nonsite-related improvements to the major road system outside of the service area, but in such a manner as to address the road impacts of the development from which the funds were collected.
 - (4) Expenditures shall be made from the rural drainage impact fee fund for drainage capital improvements outside of the service area, but in such a manner as to address the drainage impacts of the development from which the funds were collected.
 - (e) Each year, the impact fee administrator shall prepare a report to the parish council identifying the expenditures of the previous year for the projects for which the council approved funds.
- (Code 1998, § 2-009.00(B)IV.I; Ord. No. 04-0990, 11-4-2004; Ord. No. 05-1038, 1-6-2005; Ord. No. 05-1069, 3-3-2005; Ord. No. 06-1369, 9-7-2006; Ord. No. 13-2876, 1-3-2013)

Sec. 2-778. Refunds.

(a) *Expiration of permit.* Effective January 4, 2013, if a building permit expires or is canceled without commencement of the construction, the fee payer shall be entitled to a refund, without interest, of the impact fee. The fee payer shall submit an application for the refund to the impact fee administrator within 90 days of the expiration of the permit. Failure to submit the application for refund within the time specified constitutes a waiver of any claim to such monies. Upon review of the completed application, the impact fee administrator shall issue the refund if it is clear the building permit has expired without the commencement of construction.

(b) *Refund of fees not spent.* Any fees collected may be returned to the fee payer or the fee payer's successor in interest if the fees have not been spent within ten years from the payment of the impact fee, along with interest of three percent a year. Fees shall be deemed to be spent on the basis of the first fee collected shall be the first fee spent. The refund shall be administered by the impact fee administrator, and shall be undertaken through the following process:

- (1) A refund application shall be submitted within one year following the end of the tenth year from the date on which the building permit was issued on the proposed development. The refund application shall include the following information:
 - a. A copy of the dated receipt issued for payment of the fee;
 - b. A copy of the building permit; and
 - c. Evidence that the applicant is the successor in interest to the fee payer.
- (2) Within ten days of receipt of the refund application, the impact fee administrator shall determine if it is complete. If the impact fee administrator determines that the application is not complete, a written statement specifying the deficiencies shall be forwarded by mail to the person submitting the application. Unless the deficiencies are corrected, the impact fee administrator shall take no further action on the refund application.
- (3) When the impact fee administrator determines that the refund application is complete, it shall be reviewed within 30 days, and shall be approved if it is determined that the fee payer or a successor in interest has paid a fee which has not been spent within the period of time permitted under this impact fee subdivision. The refund shall include the fee paid plus interest.

(c) *Appeal of refund decision.* A fee payer affected by a decision of the impact fee administrator may appeal such decision to the parish council by filing with the impact fee administrator, within ten days of the date of the written decision, a written notice stating and specifying briefly the grounds of the appeal. The impact fee administrator shall place such appeal on the council's agenda. The council, after a hearing, shall affirm or reverse the decision of the impact fee administrator based on the standards in this section. If the parish council reverses the decision of the impact fee administrator, it shall direct the administrator to readjust the refund in accordance with its findings. In no case shall the council have the authority to negotiate the amount of the refund. The decision of the parish council shall be final.

(Code 1998, § 2-009.00(B)IV.J; Ord. No. 04-0990, 11-4-2004; Ord. No. 05-1038, 1-6-2005; Ord. No. 05-1069, 3-3-2005; Ord. No. 06-1369, 9-7-2006; Ord. No. 13-2876, 1-3-2013)

Sec. 2-779. Periodic review.

At least once every five years, the impact fee administrator shall recommend to the parish council whether any changes should be made to the road impact fee study or the drainage impact fee study and the ordinance codified herein. The purpose of this review is to analyze the

effects of inflation on actual costs, to assess potential changes in needs, to assess any changes in the characteristics of land uses, and to ensure that the road and drainage impact fees will not exceed a proportionate share of the costs attributable to new development.

DIVISION 6. GOVERNMENT ACCESS CHANNEL

Sec. 2-853. Generally.

(a) The parish government access channel (GAC-TV) provides duplication (dubbing) of master program tapes of regularly scheduled public meetings, special public meetings (if they are videotaped), and programs produced in-house. No program will be duplicated prior to being cablecast over the government access channels.

(b) No facilities will be made available for viewing master program tapes.

(c) Under no circumstance will master video tapes be permitted to leave the GAC-TV office.

(d) All dub requests must be in writing, and paid for in advance (no exceptions). Dubs will be completed in the order in which they are received in the GAC-TV office.

(e) The time given for completion of dubs is estimated and not guaranteed.

(f) Duplication (dubs) will be done only as duplicating equipment and staff are available during regular work hours (8:00 a.m.— 4:30 p.m.) Monday through Friday. Under no circumstance will overtime be incurred for duplication requests.

(g) GAC-TV fees for video tape duplication (straight VHS dubs only, no editing out segments):

- (1) Zero to one hour programs \$15.00;
- (2) One to two hour programs \$20.00;
- (3) Two to three hour programs \$25.00;
- (4) Three to five hour programs \$30.00;
- (5) Five to six hour programs \$35.00.

(h) Other charges. A surcharge of \$250.00, in addition to duplication fees, will be charged for duplication of all parish tapes that have been archived with the secretary of state.

(i) Delays/priority.

- (1) Requests by the parish staff will take priority over all dub requests and may cause a delay in completion time.

- (2) The parish staff will not be responsible for delays in completing dub requests caused by equipment and technical problems.
 - (3) The parish staff will not be held responsible for program tapes found damaged or missing from tape files, or tapes that have incurred technical problems, such as partial loss of audio and/or video during taping of programs.
- (Code 1998, § 2-009.00(E); Ord. No. 97-2689, 7-24-1997; Ord. No. 03-0798, 12-4-2003)

Secs. 2-854—2-884. Reserved.

DIVISION 7. SERVICE MONITORING FEE

Sec. 2-885. Uniform service monitoring fee.

A uniform service monitoring fee of two percent on gross sales derived from the unincorporated portions of the parish is hereby imposed on all municipally owned utility companies currently operating in the parish without a valid, written service agreement, on all renewed service agreements with municipal utility companies currently operating in the parish with a valid, written service agreement, and on all publicly owned utility companies that wish to establish a franchise service area in unincorporated portions of the parish in the future pursuant to R.S. 33:4361, said service agreement fee is being imposed to fund the monitoring of all activities associated with the placement and location of public utilities in parish rights-of-way.

(Code 1998, § 2-009.00(F)1; Ord. No. 97-2710, 8-21-1997)

Sec. 2-886. Service agreement fee computation.

The service agreement fee will be computed according to a two percent schedule and payable quarterly on or before April 15 for the first quarter, July 15 for the second quarter, October 15 for the third quarter, and January 15 for the fourth quarter. Attached to the payment of the franchise fee will be a statement showing the gross sales or revenue derived from the unincorporated portions of the parish for the months reported. Delinquent balances shall accrue interest at 12 percent per annum beginning on the first day following the due date of the payment.

(Code 1998, § 2-009.00(F)2; Ord. No. 97-2710, 8-21-1997)

DIVISION 8. MANAGEMENT INFORMATION SERVICES

Subdivision I. In General

Secs. 2-906—2-928. Reserved.

Subdivision II. Geographic Information System

Sec. 2-929. Purpose.

The geographic information system provides for the preparation and sale of data whether in paper or digital format. This data is a compilation of data from various sources at various scales and accuracy's.
(Code 1998, § 2-009.00(G)1; Ord. No. 05-1161, 8-4-2005)

Sec. 2-930. Sale of GIS data.

The department of GIS or such other agency as the director of management information services (primarily known as MIS) shall designate, may develop, implement and maintain a geographic information system (GIS) primarily for the use of the various agencies of the parish and, if authorized by the director of MIS or a designee, for the limited use of other persons, or entities. The GIS, as the same may be further defined in writing by the director of MIS, shall be made up of digital data ("GIS data") electronically created, collected, formatted, manipulated or otherwise maintained by the parish.
(Code 1998, § 2-009.00(G)1.A; Ord. No. 05-1161, 8-4-2005)

Sec. 2-931. Procedures for requesting GIS data.

Parish department of MIS will not accept any GIS request by telephone. All GIS data/map request should use the data/map request form. All requests must be paid in advance. All requests, must be submitted by postal service, fax, email or in person.
(Code 1998, § 2-009.00(G)1.B; Ord. No. 05-1161, 8-4-2005)

Sec. 2-932. Fees for GIS data/maps.

(a) Fixed rate costs (previously formatted digital images).

Paper maps/paper maps on other media:	
30 by 40 paper	\$35.00
8.5 by 11 paper	\$5.00
8.5 by 14 paper	\$7.00
11 by 17 paper	\$10.00
Paper map on CD media	\$7.00
Paper map on DVD media	\$12.00
Paper map on floppy disk media	\$3.00

If multi-media is required, the first media will be at the price listed above. The additional media will be charged at an hourly rate of \$50.00 an hour (minimum quarter hour billing), plus cost of media.

(b) Layers (digital source data files - Shapefiles, imagery, coverage). The parish GIS information is organized into layers. Below is a list of the layers and their availability at this time. This is the most popular option for engineering, planning and architectural firms that need the source data in digital format for use in their own GIS or CAD software packages. The parish holds the right to change the contents of this list at any time without notice.

Note: The layers listed below may be requested for production on paper or paper map on media and will be charged at the fixed rate cost above and (if needed) the custom rate cost below.

Due to an existing license agreement, the parish department of MIS is only authorized to provide copies of the centerline road file with the associated data to other government agencies.

- (c) Custom rate costs (any image that requires additional effort from staff other than simply running map generating programs). The cost of this data will be at an hourly rate of \$50.00 per hour (minimum quarter hour billing) plus media, as listed above.
- (d) Postage (if required) will be billed as follows: \$2.00 per package plus postage.
- (e) GIS data subscription. The parish department of MIS allows for public and private entities to receive regular updates of the GIS data through biannual or quarterly updates. The parish department of MIS charges a fee based on the subscription schedule identified in the table below:

<i>Government Agencies</i>	<i>Number of Updates</i>	<i>Annual Cost</i>
Quarterly subscription	4	\$2,500.00
Biannual subscription	2	\$1,250.00

<i>Private Sector</i>	<i>Number of Updates</i>	<i>Annual Cost</i>

Sec. 2-933. License required for digital source data files.

The following information is an overview of information authorized and not authorized in the parish geographical data licensing agreement.

- (1) It shall be unlawful for any person or entity, other than another governmental entity, to acquire, maintain or use any application GIS data without first obtaining a mutual,

signed license agreement (hereinafter "license") issued by the director of MIS or designee and in a form prescribed by the same, under the conditions set forth in this section and upon the payment of a fee as also provided for in this section;

- (2) All GIS licenses issued pursuant to this section shall be executed by the person or entity requesting the GIS data ("licensee") and shall set forth the purposes for which the licensee intends to use the GIS data. The director of MIS or a designee shall either approve or deny the licensee's proposed use of the data and if such use is approved, the license shall be issued upon the agreement of the licensee that it acknowledges and will comply with the following expressed conditions and understandings;
- (3) The licensee will not copy, reproduce, disseminate, transmit, license, sublicense, assign, lease, release, publish, post on the internet, transfer, sell, allow the use of, permit access to, distribute, allow interactive rights to, or otherwise make the GIS data available to any other person or entity in any form whatsoever, except as specifically provided for in the license and authorized by the director of MIS;
- (4) The licensee will keep and maintain the GIS data in a secure manner, will keep a record of the location of the GIS data, and will return the GIS data to the parish or destroy the GIS data and inform the parish of the same upon the cessation of the use of the GIS data;
- (5) The licensee guarantees and has an ongoing and continual duty to notify any employees, agents, contractors or other individuals having access to the GIS data as a part of the licensee's authorized use of the GIS data of the restrictions set forth in this section and in the license, and to ensure that the employees, agents, contractors or other individuals comply with the same;
- (6) The licensee acknowledges and understands that the GIS data is not a legally recorded map, survey, or legal document and that the GIS data may contain errors; the GIS data is for reference only and the licensee will not use or rely upon the GIS data in any other way;
- (7) The licensee acknowledges and understands that the parish has provided the GIS data on an "AS IS" basis and makes no representations, guarantees, or warranties regarding this GIS data whatsoever, including but not limited to representations, guarantees or warranties that the GIS data is fit for any purpose or is accurate, complete or correct; and further that the parish expressly disclaims any and all liability of any nature whatsoever arising out of any use of the GIS data by the licensee or by any other person or entity; licensee specifically releases the parish from any claims or losses related hereto;
- (8) The licensee shall defend, release, indemnify and save and hold harmless the parish and its officers, agents and employees from any and all claims, damages, demands, liabilities, losses, actions, suits, costs, expenses, legal fees, judgments, causes of action or other

legal, equitable or administrative proceedings of any kind whatsoever, of or by anyone whomsoever, regardless of the legal theory(ies) upon which premised, which in any way result from, are connect with, or arise out of, directly or indirectly, the actions or omissions of the licensee in connection with any use of the GIS data obtained by the licensee or any other person or entity, including actions or omissions of the licensee's officers, employees, agents, representatives, invitees, licensees, sub-consultants, or any other individual obtaining access to the GIS data provided by the parish to the licensee;

- (9) The licensee will, upon request from the parish, use its best efforts to assist the parish in identifying any unauthorized use of the GIS data by any person or entity that may have gained possession of the GIS data provided by the parish to the licensee;
 - (10) The licensee understands that any person who violates the terms and conditions of this division by failing to pay or violating any portion of this division, shall be guilty of an infraction and may be fined \$25,000.00, plus a reasonable attorney fee, all parish administrative costs and court costs. In the event there are multiple violations, each violation will be deemed a separate offense;
 - (11) If any copying or reproduction of the GIS data is specifically provided for in the license and authorized by the director of MIS or designee, the licensee shall affix a copyright and limitation on use notice, in the form, manner and location as is specified in the license, to all copies or reproductions of the GIS data that the licensee guarantees.
- (Code 1998, § 2-009.00(G)1.D; Ord. No. 05-1161, 8-4-2005)

Sec. 2-934. Third party access.

If it is necessary for licensee to make the GIS data available to agents, contractors, consultants or other third parties for licensee's business purposes, licensee must obtain from each agent, contractor, consultant or other third party a signed copy of the parish government geographical data licensing agreement.

(Code 1998, § 2-009.00(G)1.E; Ord. No. 05-1161, 8-4-2005)

Sec. 2-935. Data sharing.

The following information is an overview of information authorized and not authorized in the attached the parish geographical data licensing sharing agreement.

- (1) When it is in the best interest of the parish government and other parties or entities to enter into an agreement to share data, a GIS sharing agreement will be required.
- (2) Licensee and the parish agrees to reformat, re-project and copy the digital maps, at no cost to the licensee, and to permit the licensee to use said digital maps for the purposes of maintaining and updating a digital GIS layer, provided that the licensee does not reformat or copy or distribute the digital maps and otherwise complies with the terms of this agreement.

- (3) The licensee agrees to update, maintain and provide at no cost to the parish government the digital GIS data developed using their GIS.
 - (4) The licensee agrees to update files and deliver to the parish in ArcView format (SHP) quarterly.
 - (5) The licensee agrees that the digital maps will not be reformatted or copied, nor be further reproduced, distributed or permitted to be used by any other person, firm, corporation, association or entity.
 - (6) Failure to fulfill the terms of the sharing agreement will result in payment in full for the cost of the layers provided, as part of the agreement.
- (Code 1998, § 2-009.00(G)1.F; Ord. No. 05-1161, 8-4-2005)

Sec. 2-936. Deposit of funds.

Parish government GIS department previously established the parish mapping fund. All fees collected under this division shall be deposited in this fund. All monies in the mapping fund shall be used to replenish supplies used to fill data request.

(Code 1998, § 2-009.00(G)1.G; Ord. No. 05-1161, 8-4-2005)

Sec. 2-937. Miscellaneous.

The digital maps provided by the parish shall remain the property of the parish, which shall retain all rights commensurate with ownership, including the right to sell, release, license, and use or provide the digital maps to others as it deems appropriate in its sole discretion.

(Code 1998, § 2-009.00(G)1.H; Ord. No. 05-1161, 8-4-2005)

Sec. 2-938. Venue.

In the event of a dispute, all claims shall be brought in the 22nd Judicial District Court.

(Code 1998, § 2-009.00(G)1.I; Ord. No. 05-1161, 8-4-2005; Ord. No. 09-2050, 5-7-2009)

ARTICLE I. IN GENERAL

Secs. 4-1—4-18. Reserved.

ARTICLE II. AIRPORT ZONING

Sec. 4-19. Intergovernmental agreement.

The parish council will enter into an intergovernmental agreement with the City of Slidell, subject to the following conditions:

- (1) There is not a transfer of ownership of land to the Slidell Airport;
- (2) That a long term lease for 99 years be established;
- (3) That the City of Slidell be allowed to annex the airport area;
- (4) That the City of Slidell be required to manage the airport directly;
- (5) That in the event the City of Slidell chooses to allow a third party lease, they will provide the parish with a six-month notice, and the parish will have the option to either approve such third party lease or return the management of the airport to the parish;
- (6) Additionally, the City of Slidell will annex Airport Road from the point which they own today north of Interstate 12 to the Slidell Airport; and
- (7) That the parish will continue to provide maintenance and police responsibility on said road.

(Code 1998, § 3-001.01; Ord. No. 90-1216, 1-18-1990)

Editor's note—By inter-governmental agreement dated January 25, 1990, management of the Slidell Airport was transferred to the City of Slidell. Said agreement recorded in COB 1411, folio 224 and MOB 1362, folio 880 of the official records of St. Tammany Parish, Louisiana.

Sec. 4-20. Airport hazard ordinance.

(a) To provide protection from the hazard created by structures or trees that in effect reduce the size of the area available for the landing, takeoff and maneuvering of aircraft, and in the interest of the public health, public safety and general welfare to prevent airport hazards to the extent legally possible, and by the exercise of its police power as the governing authority of the parish, the said parish council hereby designates this article as the "Airport Hazard Ordinance."

(b) It is further declared that both the prevention of the creation or establishment of airport hazards and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which political subdivisions may raise and expend public funds and acquire land or interest in land.

(Code 1998, § 3-002.00; Ord. No. 91-1543, 12-19-1991; Ord. No. 10-2387, 11-4-2010)

Sec. 4-21. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, unless the context otherwise requires:

Airport (Abita) means the parish regional airport generally located south of the state Highway 36 approximately three miles southeast of Abita Springs, Louisiana.

Airport (Slidell) means the Slidell Municipal Airport generally located north of Interstate 12 at the northern end of Airport Road, Slidell, Louisiana.

Airport elevation means the highest point of an airport's usable landing area measured in feet from mean sea level.

Airport hazard means any structure or object of natural growth located on or in the vicinity of a public airport, or any use of land near such airport, which obstructs the airspace required for the flight of aircraft in landing or takeoff at such airport or is otherwise hazardous to such landing or takeoff of aircraft.

Airport manager (Abita) means the person appointed by the parish president to manage the day-to-day operation of the regional airport.

Airport manager (Slidell) means the person appointed by the mayor of Slidell to manage the day-to-day operation of the Slidell Airport.

Approach, transitional, horizontal, and conical zones. These zones apply to the area under the approach, transitional and conical surfaces defined in FAR part 77.

Federal Aviation Administration (FAA) means the agency of the United States Department of Transportation with authority to regulate and oversee all aspects of civil aviation in the United States.

Height means, for the purpose of determining the height limits in all zones set forth in this article and shown on the zoning map, the datum shall be mean sea level elevation unless otherwise specified.

Local governing authority means the entity with jurisdiction over building permits, zoning and other similar regulatory functions for the property in question.

Nonconformance use means any preexisting structure, object of natural growth, or use of land which is inconsistent with the provisions of this article or an amendment thereto.

Nonprecision instrument runway means a runway having an existing instrument approach procedure utilizing air navigation facilities with only horizontal guidance, or area type navigation equipment, for which a straight-in nonprecision instrument approach procedure has been or planned, and for which no precision approach facilities are planned or indicated on an FAA planning document or military service's military airport planning document.

Person means an individual, firm, partnership, company, association, joint stock association or governmental entity. The term "person" also includes a trustee, receiver, assignee or similar representative of any of them.

Primary surface means a surface longitudinally centered on a runway. When the runway has a specially prepared hard surface, the primary surface extends 200 feet beyond each end of that runway; but when the runway has no specially prepared hard surface, or planned hard surface, the primary surface ends at each end of that runway. The width of the primary surface of a runway will be that width prescribed in part 77 of the Federal Aviation Regulations (FAR) for the most precise approach existing or planned for either end of that runway. The elevation of any point on the primary surface is the same as the elevation of the nearest point on the runway centerline.

Runway means a defined area on an airport prepared for landing and takeoff of aircraft along its length.

Structure means an object constructed or installed by man, including, but without limitation to, buildings, towers, smokestacks, earth information and overhead transmission lines.

Tree means any object of natural growth.

Utility runway means a runway that is constructed for and intended to be used by propeller driven aircraft of 12,500 pounds maximum gross weight and less.

Visual runway means a runway intended solely for the operation of aircraft using visual approach procedures with no straight-in instrument approach procedure and no instrument designation indicated on an FAA approved airport layout plan, a military service's approved military airport layout plan, or by any planning document submitted to the FAA by competent authority.

(Code 1998, § 3-002.03; Ord. No. 80-29, 8-21-1980; Ord. No. 91-1543, 12-19-1991; Ord. No. 10-2387, 11-4-2010)

Editor's note—Ord. No. 91-1543, 12-19-1991 consolidated sections 3-002.01—3-002.15 into section 3-002.03 entitled Definitions herein, renumbering said definitions as subsections 1—16 inclusive, added subparagraph (4) "Airport Manager", reinstated a Board of Adjustment changing the name to the "Airport Hazard Adjustment Board" in subparagraph (10) and omitted "and approved" from subparagraph 14. Ord. No. 10-2387, 11-4-2010 expanded definition of Airport Manager to add St. Tammany Regional Airport, abolished the Airport Hazard Adjustment Board, and added definitions 17 and 18.

Sec. 4-22. Airport zones.

In order to carry out the provisions of this article, there are hereby created and established certain zones which include all of the land lying within the approach zones, transitional zones, horizontal zones and conical zones as they apply to a particular airport.

- (1) Such zones are shown on Slidell Airport Hazard Zoning Map consisting of one sheet prepared by Hamilton, Meyer and Associates, and dated June 23, 1980, which is

attached to Ordinance No. 91-1543 and made apart hereof by reference. An area located in more than one of the following zones is considered to be only in the zone with the more restrictive height limitation. The various zones are hereby established and defined as follows:

- a. *Horizontal zone.* The horizontal zone is hereby established by swinging arcs of 10,000 feet radii from the center of each end of the primary surface of each runway, and connecting the adjacent arcs of drawing lines tangent to those arcs. The horizontal zone does not include the approach and transitional zones.
 - b. *Conical zone.* The conical zone is hereby established as the area that commences at the periphery of the horizontal zone and extends outward therefrom a horizontal distance of 4,000 feet. The conical zone does not include the precision instrument approach zones and the transitional zones.
 - c. *Precision instrument runway approach zone.* The inner edge of this approach zone coincides with the width of the primary surface and is 1,000 feet wide. The approach zone expands outward uniformly to a width of 16,000 feet at a horizontal distance of 50,000 feet from the primary surface. Its centerline being the continuation of the centerline of the runway.
 - d. *Runway larger than utility with a visibility minimum as greater than three-fourths mile nonprecision instrument approach zone.* The inner edge of this approach zone coincides with the width of the primary surface and is 1,000 feet wide. The approach zone expands outward uniformly to a width of 3,500 feet at a horizontal distance of 10,000 feet from the primary surface. Its centerline is the continuation of the centerline of the runway.
- (2) Such zones are shown in the parish regional airport—Airport layout plan update—Airport airspace plan consisting of one sheet (being three of eight) prepared by Buchart Horn, Inc. and dated June 4, 2008, and made apart hereof by reference. An area located in more than one of the following zones is considered to be only in the zone with the more restrictive height limitation. The various zones are hereby established and defined as follows:
- a. *Horizontal zone.* The horizontal zone is hereby established by swinging arcs of 10,000 feet radii from the center of each end of the primary surface of each runway, and connecting the adjacent arcs of drawing lines tangent to those arcs. The horizontal zone does not include the approach and transitional zones.
 - b. *Conical zone.* The conical zone is hereby established as the area that commences at the periphery of the horizontal zone and extends outward therefrom a horizontal distance of 4,000 feet. The conical zone does not include the precision instrument approach zones and the transitional zones.

- c. *Precision instrument runway approach zone.* The inner edge of this approach zone coincides with the width of the primary surface and is 1,000 feet wide. The approach zone expands outward uniformly to a width of 16,000 feet at a horizontal distance of 50,000 feet from the primary surface. Its centerline being the continuation of the centerline of the runway.
- d. *Runway larger than utility with a visibility minimum as greater than three-fourths mile nonprecision instrument approach zone.* The inner edge of this approach zone coincides with the width of the primary surface and is 1,000 feet wide. The approach zone expands outward uniformly to a width of 3,500 feet at a horizontal distance of 10,000 feet from the primary surface. Its centerline is the continuation of the centerline of the runway.

(Code 1998, § 3-003.00; Ord. No. 80-29, 8-21-1980; Ord. No. 91-1543, 12-19-1991; Ord. No. 10-2387, 11-4-2010)

Sec. 4-23. Airport zone height limitations.

Except as otherwise provided in this article, no structure or tree shall be erected, altered, allowed to grow, or be maintained in any zone created by this article to a height in excess of the applicable height limit herein established for such zone. Such applicable height limitations are hereby established for each of the zones in question as follows:

- (1) *Transitional zones.* Slopes upward and outward seven feet horizontally for each foot vertically beginning at the sides of the same elevation as the primary surface and the approach zones, and extending to a height of 150 feet above the airport elevation which is 27 feet above mean sea level. In addition to the foregoing, there are established height limits sloping upward and outward seven feet horizontally for each foot vertically beginning at the sides of and at the same elevation as the approach zones and extending to where they intersect the conical surface. Where the precision instrument runway approach zone projects beyond the conical zone, height limits sloping upward and outward seven feet horizontally for each foot vertically shall be maintained beginning at the sides of and at the same elevation as precision instrument runway approach surface, and extending to a horizontal distance of 5,000 feet measured at 90 degree angles to the extended runway centerline.
- (2) *Horizontal zone.* Horizontal zones are 150 feet above the airport elevation or a height of 178 feet above mean sea level.
- (3) *Conical zone.* Slopes upward and outward 20 feet horizontally for each foot vertically beginning at the periphery of the horizontal zone and at 150 feet above the airport elevation and extending to a height of 350 feet above the airport elevation.
- (4) *Precision instrument runway approach zone.* Slopes upward 50 feet vertically beginning at the end of and at the same elevation as the primary surface and extending to a

horizontal distance of 10,000 feet along the extended runway centerline; thence slope upward 40 feet horizontally for each foot vertically to an additional horizontal distance of 40,000 feet along the extended runway centerline.

- (5) *Runway larger than utility with a visibility minimum greater than three-fourths mile nonprecision instrument approach zone.* Slopes upward 34 feet horizontally for each foot vertically beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 10,000 feet along the extended runway centerline.
- (6) *Height limitations.* Nothing in this article shall be construed as prohibiting the growth, construction or maintenance of any tree or structure to a height up to 50 feet above the surface of the land. Where an area is covered by more than one height limitation, the more restrictive limitation shall prevail.

(Code 1998, § 3-004.00; Ord. No. 80-29, 8-21-1980; Ord. No. 91-1543, 12-19-1991)

Editor's note—Amendment by Ord. No. 91-1543, 12-19-1991 changed the numbering of subsections from A—F to (1)—(6) and added "¾" to the caption of subtitle (4).

Sec. 4-24. Use restrictions.

Notwithstanding any other provisions of this article, no use may be made of land or water within any zone established by this article in such a manner as to create electrical interference with navigational signals or radio communication between the airport and aircraft, make it difficult for pilots to distinguish between airport lights and others, result in glare in the eyes of pilots using the airport, impair visibility in the vicinity of the airport or otherwise in any way create a hazard or endanger the landing, takeoff or maneuvering of aircraft intending to use the airport.

(Code 1998, § 3-005.00; Ord. No. 80-29, 8-21-1980; Ord. No. 91-1543, 12-19-1991)

Sec. 4-25. Nonconforming uses.

(a) *Regulations not retroactive.* The regulations prescribed by this article shall not be construed to require the removal, lowering or other changes or alterations of any structure or tree not conforming to the regulations as of the effective date of the ordinance from which this article is derived, or otherwise interfere with the continuance of a nonconforming use. Nothing contained herein shall require any change in the construction, alteration or intended use of any structure, the construction or alteration of which was begun prior to the effective date of the ordinance from which this article is derived, and is diligently prosecuted.

(b) *Marking and lighting.* Notwithstanding the preceding provisions of this section, the owner of any existing nonconforming structure or tree is hereby required to permit the installation, operation and maintenance thereon of such markers and lights as shall be deemed

necessary by the airport manager to indicate to the operators of aircraft in the vicinity of the airport, the presence of such airport hazards. Such markers and lights shall be installed, operated and maintained at the expense of the local governing authority.

(Code 1998, § 3-006.00; Ord. No. 80-29, 8-21-1980; Ord. No. 91-1543, 12-19-1991; Ord. No. 10-2387, 11-4-2010)

Sec. 4-26. Permits.

(a) *Future uses.* No material change shall be made in the use of land and no structure or tree shall be erected, altered, planted or otherwise established in any zone hereby created unless a permit therefore shall have been applied for and granted.

- (1) However, a permit for a tree or structure of less than 75 feet of vertical height above the ground shall not be required in the horizontal distance of 4,200 feet from each end of the runway, except when such tree or structure, because of terrain, land contour or topographic features, would extend above the height limit prescribed for the respective zone.
- (2) Each application for a permit shall indicate the purpose for which the permit is desired with sufficient particulars to determine whether the resulting use, structure or tree would conform to the regulations herein prescribed. If such determination is in the affirmative, the permit shall be granted.

(b) *Existing uses.* No permit shall be granted that would allow the establishment or creation of an airport hazard or permit a conforming use, structure or tree to become a greater hazard to air navigation than it was on the effective date of the ordinance from which this article is derived or any amendments thereto or than it is when the application for a permit is made. Except as indicated, all applications for such a permit shall be granted.

(c) *Nonconforming uses abandoned or destroyed.* Whenever the airport manager determines that a nonconforming tree or structure, upon approval of parish building inspector, has been abandoned or more than 80 percent torn down, physically deteriorated or decayed, no permit shall be granted that would allow such structure or tree to exceed the applicable height limit or otherwise deviate from the zoning regulations.

(d) *Variances.* Any person desiring to erect or increase the height of any structure, or permit the growth of any tree, or use his property not in accordance with the regulations prescribed in this article, may apply to the airport manager for a variance from such regulations. Such variances shall be allowed where it is duly found that a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and relief granted would not be contrary to the public interest, but will do substantial justice and be in accordance with the spirit of this article, and as permissible by all applicable FAA regulation.

(e) *Hazard marking and lighting* Any permit or variance granted may, if such action is deemed advisable to effectuate the purpose of this article and be reasonable in the circumstances, be so conditioned as to require the owner of the structure or tree in question to permit the local governing authority at its own expense, to install, operate and maintain thereon such markers and lights as may be necessary to indicate to pilots the presence of an airport hazard. (Code 1998, § 3-007.00; Ord. No. 80-29, 8-21-1980; Ord. No. 91-1543, 12-19-1991; Ord. No. 10-2387, 11-4-2010)

Editor's note—Amendment by Ord. No. 91-1543, 12-19-1991 changed the numbering of subsections from A—E to (1)—(5) and 1, 2 to (a), (b); in subparagraph (3) changed "Airport Authority No. 1 of St. Tammany Parish" to "Slidell Airport Manager", changed "finds" to "determines", changed "Airport Authority No. 1 of St. Tammany Parish" to "Slidell Airport Manager", inserted ", upon approval of [the] Parish Building Inspector,"; in subparagraph (4) added "Hazard"; in subparagraph (5) changed "Airport Authority No. 1 of St. Tammany Parish" to "City of Slidell."

Sec. 4-27. Enforcement.

(a) It shall be the duty of the director of the parish department of planning to identify the potential conflict between any proposed structure and these regulations and refer them to the airport manager for review.

(b) It shall be the duty of the airport manager to administer and cause the enforce of the regulations prescribed herein through the various enforcement agencies of the local governing authority. Applications for permits and variances shall be made to the airport manager upon a form furnished by him. Applications required by the article to be submitted to the airport manager shall be promptly considered and granted or denied by him.

(Code 1998, § 3-008.00; Ord. No. 80-29, 8-21-1980; Ord. No. 91-1543, 12-19-1991; Ord. No. 10-2387, 11-4-2010)

Editor's note—Amendment by Ord. No. 91-1543, 12-19-1991 changed "Public Works" to "Development" and added "Airport Hazard."

Sec. 4-28. Appeals.

(a) Any person aggrieved or any taxpayer affected by any decision of the airport manager made in his administration of this article, may appeal to board of adjustment of the local governing authority.

(b) All appeals hereunder must be taken within a reasonable time as provided by the rules of the board of adjustment, by filing with the staff of the board of adjustment a notice of appeal specifying the grounds thereof. The staff of the board of adjustment shall forthwith transmit to the board of adjustment all the papers constituting the record upon which the action appealed from was taken.

(c) An appeal shall stay all proceedings in furtherance of the action appealed from unless the airport manager certifies to the board of adjustment, after the notice of appeal has been filed with it, that by reason of the facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed except by order of the board of adjustment on notice to the airport manager and on due cause shown.

(d) The board of adjustment shall fix a reasonable time for hearing appeals, give public notice and due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing, any party may appear in person or by agent or by attorney.

(e) The board of adjustment may, in conformity with the provision of this article, reverse or affirm, in whole or in part, or modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision or determination, as may be appropriate under the circumstances.

(Code 1998, § 3-010.00; Ord. No. 80-29, 8-21-1980; Ord. No. 91-1543, 12-19-1991; Ord. No. 10-2387, 11-4-2010)

Editor's note—Amendment by Ord. No. 91-1543, 12-19-1991, reorganized former subsections A—E to 1—5, in subparagraph 1 changed "this" to "his" and added "Hazard Adjustment" to each subparagraph.

Sec. 4-29. Judicial review.

Any person aggrieved, or any taxpayer affected, by any decision of the board of adjustment, may appeal to the court of proper jurisdiction as provided in R.S. 2:387 of the public laws of proper jurisdiction.

(Code 1998, § 3-011.00; Ord. No. 80-29, 8-21-1980; Ord. No. 91-1543, 12-19-1991; Ord. No. 10-2387, 11-4-2010)

Editor's note—Amendment by Ord. No. 91-1543, 12-19-1991, added "Hazard Adjustment."

Sec. 4-30. Conflicting regulations.

Where there exists a conflict between any of the regulations or limitations prescribed in this article and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, the use of land or any other matter, the more stringent limitation or requirement shall govern and prevail.

(Code 1998, § 3-013.00; Ord. No. 80-29, 8-21-1980)

Secs. 4-31—4-56. Reserved.

ARTICLE III. AIR TRAFFIC CONTROL

Sec. 4-57. Approaching aircraft.

(a) All approaching aircraft will conform with the traffic for the active runway. The active runway will be determined by contacting Unicom (122.8) for field advisory and/or reference to the landing direction indicator (LDI).

(b) Approaching aircraft and local traffic will use standard left-hand patterns for both runways.

(c) Entry will be made at a 45 degree angle to the downwind leg.

(d) Entry may also be made at a 45 degree angle to the upwind leg for aircraft approaching from the right of the active runway.

(e) Aircraft making a straight-in approach will determine visually and by radio that such an approach will not interfere with any aircraft making a standard traffic pattern.

(f) Said aircraft making a straight-in approach will announce such intentions on the radio to other aircraft in the traffic pattern.

(Code 1998, § 3-021.00; Ord. No. 81-192, 5-7-1981)

Sec. 4-58. Departing aircraft.

(a) All departing aircraft shall use the active runway in use at the time.

(b) Departing aircraft remaining in the traffic pattern will make standard left-hand traffic pattern. For aircraft departing south, maintain a straight-out climb to 1,000 feet, then a left- or right-hand turn may be made.

(Code 1998, § 3-022.00; Ord. No. 81-192, 5-7-1981)

Sec. 4-59. Traffic pattern altitude.

Traffic pattern altitude will be 800 feet, except that high performance aircraft requiring a higher level will use 1,300 feet. The downwind leg for light aircraft will be one-half mile from runway; for high performance aircraft one mile from runway.

(Code 1998, § 3-023.00; Ord. No. 81-192, 5-7-1981)

Sec. 4-60. Taxi speeds.

Taxi speeds on the runway will be such that the aircraft can stop in 30 feet and ten feet on the ramp, approximately 15 miles per hour and five miles per hour, respectively. Pilots are reminded to exercise extreme caution while maneuvering in the ramp area due to other aircraft and vehicular traffic.

(Code 1998, § 3-024.00; Ord. No. 81-192, 5-7-1981)

Sec. 4-61. Acrobatic flight; skydiving.

Acrobatic flight as defined in FAR 91.71 and skydiving are prohibited within the airfield boundaries, except with Federal Aviation Administration (FAA) waiver in conjunction with an approved air show or demonstration.

(Code 1998, § 3-025.00; Ord. No. 81-192, 5-7-1981)

Sec. 4-62. Runup.

Runup will be done at a 45 degree angle to ramp, taxiway or runway with tail toward grass.
(Code 1998, § 3-026.00; Ord. No. 81-192, 5-7-1981)

Sec. 4-63. Calm wind runway.

The calm wind runway will be Runway 17.
(Code 1998, § 3-027.00; Ord. No. 81-192, 5-7-1981)

Sec. 4-64. UNICOM.

This airport has UNICOM (122.8 MHZ).
(Code 1998, § 3-028.00; Ord. No. 81-192, 5-7-1981)

Sec. 4-65. Clearance.

Pilots are reminded that an announcement of intent to depart or land is not clearance. Each pilot shall visually clear the area before takeoff or landing.
(Code 1998, § 3-029.00; Ord. No. 81-192, 5-7-1981)

Sec. 4-66. Landing pattern.

The altitude for high performance aircraft is 1,300 feet; all other aircraft, 800 feet.
(Code 1998, § 3-030.00; Ord. No. 81-192, 5-7-1981)

Editor's note—A copy of the approach pattern and angles of approach is on file with the secretary of the parish council.

Sec. 4-67. Takeoff pattern.

Aircraft departing shall use a left- or right-hand turnout after leaving 1,000 feet.
(Code 1998, § 3-031.00; Ord. No. 81-192, 5-7-1981)

Editor's note—A copy of the takeoff pattern and angles of turn is on file with the secretary of the parish council.

Sec. 4-68. Monitoring of implementation of provisions.

The monitoring of the implementation of this article is vested in the board of commissioners of Airport Authority No. 1.
(Code 1998, § 3-032.00; Ord. No. 81-192, 5-7-1981)

Sec. 4-69. Authority to establish regulations.

The parish council herewith delegates, authorizes and empowers the Board of Airport Authority No. 1 to establish and promulgate regulations consistent herewith.
(Code 1998, § 3-033.00; Ord. No. 81-192, 5-7-1981)

Sec. 4-70. Penalty for violation.

It shall be unlawful to violate any of the terms and provisions hereof and shall constitute a misdemeanor punishable as is contained in section 1-9.

(Code 1998, § 3-034.00; Ord. No. 81-192, 5-7-1981)

Secs. 4-71—4-98. Reserved.

ARTICLE IV. AIRPORT AUTHORITY NO. 2*

Sec. 4-99. Created.

Airport Authority No. 2, created by resolution by the authority of the provisions of section 602 of title 2 of the Louisiana Revised Statutes of 1950, comprises Wards 1, 2, 3, 4, and 10 of the parish.

(Code 1998, § 3-035.00; Res. No. 11-21-1963)

***Editor's note**—Airport Authority No. 2 is also known as the Greater St. Tammany Airport and was created by a Resolution on 11-21-1963.

ARTICLE I. IN GENERAL**Sec. 6-1. Definitions.**

The definitions set forth in R.S. 26:2 (Alcohol Beverage Control Law—Definitions) and R.S. 26:241 (Alcohol Beverage Control and Taxation—Definitions), as amended, shall be effective as definitions of the words, terms and phrases used in this chapter. All words, terms and phrases used herein, other than those specifically defined elsewhere in this chapter, shall have the respective meanings ascribed to them in R.S. 26:1 and R.S. 26:241, as amended, and shall have the same scope and effect that the same words, terms and phrases have where used in R.S. 26:2 and R.S. 26:241, as amended.

Sec. 6-2. Misrepresentation of age.

It shall be unlawful for any individual under the age of 21 years to present or offer written, printed, or photostatic evidence of age and identity which is false, fraudulent, or not actually his own for the purpose of obtaining or purchasing alcoholic beverages or attempting to enter a licensed establishment where the sale of alcoholic beverage constitutes the main business.

(Code 1998, § 3-101.01; Ord. No. 94-2070, 9-15-1994; Ord. No. 94-2124, 11-17-1994)

State law reference—Similar provision, R.S. 14:333.

Sec. 6-3. Unlawful use of license.

It shall be unlawful for any individual to:

- (1) Display, cause or permit to be displayed, or to have in one's possession any canceled, revoked, suspended or fictitious operator's or chauffeur's license, or an operator's or chauffeur's license which has been intentionally altered, or has been caused to be altered;
- (2) Lend one's operator's or chauffeur's license to any person or knowingly permit the use thereof by another;
- (3) Display or represent as one's own any operator's or chauffeur's license not issued to him.

(Code 1998, § 3-101.02; Ord. No. 94-2070, 9-15-1994; Ord. No. 94-2124, 11-17-1994)

State law reference—Similar provision, R.S. 32:414.1.

Sec. 6-4. Violation; penalty.

(a) The use of a false or fictitious name and/or identification by anyone under 21 years of age for purposes of obtaining and/or purchasing alcoholic beverages or attempting to enter a licensed alcoholic beverage outlet shall constitute a misdemeanor, punishable by one or more of the following in accordance with R.S. 14:333:

- (1) A fine not to exceed \$200.00;

- (2) An appropriate amount of community service not to exceed 30 hours;
- (3) Suspension of violator's driver's license for not more than 90 days;
- (4) Twenty-five dollars finder's fee as set forth herein;
- (5) All court and other costs of the proceeding.

(b) Each violation hereof shall constitute a separate offense punishable as outlined herein. The imposition of a fine/penalty for any one violation shall not excuse the violation nor shall it be permitted to continue.

(c) Nothing contained herein shall prevent the parish from taking such other lawful action deemed necessary by the district attorney to prevent or remedy violations.

(d) The term "licensed premises" shall mean an establishment licensed under title 26 of the Louisiana Revised Statutes of 1950, as amended, where the sale of alcoholic beverages is a part of its business.

(Code 1998, § 3-101.03; Ord. No. 94-2070, 9-15-1994; Ord. No. 94-2124, 11-17-1994)

State law reference—Similar provision, R.S. 14:333(B).

Sec. 6-5. Enforcement.

Upon determination, any owner, merchant, seller or operator of a duly licensed alcoholic beverage outlet shall confiscate and surrender every false or fictitious identification to an agency responsible for enforcement hereof. Such person shall be eligible for the \$25.00 finders fee upon conviction of the guilty party by a duly authorized court. Said finders fee shall be taxed as costs of the proceeding and will be paid by the parish council upon receipt from the parish sheriff's office.

(Code 1998, § 3-101.04; Ord. No. 94-2070, 9-15-1994; Ord. No. 94-2124, 11-17-1994)

Sec. 6-6. Tax.

(a) By virtue of authority granted by Act 190 of the Louisiana Legislature of 1946, there is hereby levied, in addition to all other excises, licenses or privilege taxes presently imposed, a tax on all beer, porter, ale, fruit juices and/or wine, having an alcoholic content of not less than one-half of one percent or more than six percent, by volume, of \$1.50 per standard barrel of 31 gallons, or any like rate of any other quantity, or for the fractional parts of such barrel sold for consumption in the parish, within the meaning and intent of the provisions of Act 190 of the Louisiana Legislature of 1946.

(b) The tax herein levied shall be collected by any and all state wholesale dealers from their vendees purchasing for consumption in the parish on each sale and shall be remitted by said wholesale dealers to the collector of revenue of the state, for each month, on or before the 20th

day of each succeeding month, respectively, all in accordance with rules and regulations promulgated by the collector of revenue and as provided by section 19 of Act 190 of 1946 and for the account of the parish.

(c) Failure of the wholesale dealer to collect and remit the tax levied, when due, or failure to pay the tax when due, by a purchaser for consumption in the parish, shall ipso facto, render them liable for the amount of taxes found to be due together with a penalty of 20 percent of the amount of tax due, plus an additional amount of ten percent of the tax and penalty, as attorney's fees if referred to an attorney for collection.

(Code 1998, § 3-102.00; Ord. No. 100, Bk. 2, P. 148, 10-21-1946)

State law reference—Similar provisions, R.S. 26:492, 26:493.

Sec. 6-7. Verification of tax payment.

No alcoholic beverage permit or occupational license will be issued or renewed by the parish council without verification that all parish sales taxes owed by the applicant are paid in full.

(Code 1998, § 3-102.01; Ord. No. 00-0225, 11-2-2000)

Sec. 6-8. Sales tax certification.

The parish department of planning or the parish sheriff as tax collector, when applicable, will provide a sales tax certification form to the applicant to be attached to the original or renewal application for occupational and liquor licenses. The sheriff's office shall certify that all sales taxes owed the parish are paid or shall indicate the extent of the delinquency prior to the issuance of any permit or license.

(Code 1998, § 3-102.02; Ord. No. 00-0225, 11-2-2000)

Sec. 6-9. Revocation of license.

(a) The parish council, after public hearing, may revoke the alcoholic beverage and/or occupational license of any establishment doing business within unincorporated areas of the parish and owing taxes and/or license fees to the parish, if said taxes and/or license fees are delinquent for 60 days. Said revocation is in addition to any other recourse against the delinquent taxpayer permitted by this Code or state law.

(b) The revocation may be suspended if a payment schedule is worked out with the approval of the tax collector and the parish administration. If for any reason, the current taxes or license fees become delinquent or a payment on the payment schedule becomes more than 30 days delinquent, the payment agreement will be null and void and the current license revoked.

(c) The parish council will be notified in writing through the council clerk of any arrangements or revocations made by the tax collector and the delinquent party.

(Code 1998, § 3-102.03; Ord. No. 00-0225, 11-2-2000)

Sec. 6-10. Sheriffs authorization.

The parish sheriff, as tax collector, is authorized and empowered to take any and all actions which it, in the exercise of its discretion, deems necessary to promulgate the provisions of this section.

(Code 1998, § 3-102.04; Ord. No. 00-0225, 11-2-2000)

Sec. 6-11. Hours of operation.

(a) *Closing.* All businesses, establishments, persons, firms or corporations who are licensed by the parish to sell or dispense alcoholic beverages at retail, pursuant to a Class "A" permit, shall close their doors to entry at 2:00 a.m. daily and shall remain closed until 6:00 a.m. daily. No such Class A permittee, licensed for the retail sale of alcoholic beverages for consumption on the premises shall sell alcohol between the hours of 2:00 a.m. and 6:00 a.m. daily.

(b) *Exceptions.*

- (1) The provisions of this section shall not apply on the following days: January 1; the Saturday and Monday preceding Mardi Gras Day; and Mardi Gras Day itself.
- (2) Restaurants and cafeterias, which derive 60 percent or more of their total business from the sale of food items, shall be exempt from the closure provisions of this section provided, however, that such restaurants or cafeterias shall be prohibited from selling or dispensing alcoholic beverages between the hours of 2:00 a.m. and 6:00 a.m. daily.
- (3) All businesses, establishments, persons, firms or corporations who are licensed by the parish to sell alcoholic beverages at retail for off-premises consumption, pursuant to a Class "B" permit, shall be exempt from the closure provisions; provided, however, that such retail outlets shall be prohibited from selling or dispensing alcoholic beverages between the hours of 2:00 a.m. and 6:00 a.m. daily.

(c) *Penalties.* Any person or permittee who violates any provisions of this section shall be fined not more than \$200.00 for the first offense; not more than \$500.00 for the second offense; and for a third or subsequent offense, not more than \$500.00 and/or suspension and/or revocation of the permit to sell or dispense alcoholic beverages, as provided by law.

(Code 1998, § 3-104.00; Ord. No. 85-463, 8-15-1985; Ord. No. 97-2580, 2-20-1997; Ord. No. 97-2687, 7-24-1997)

Sec. 6-12. Open containers.

(a) *Definitions.* The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alcoholic beverage means any of the following:

- (1) Beer, ale, porter, stout, and other similar fermented beverages, including sake or similar products, of any name or description containing one-half of one percent or more of alcohol by volume, brewed or produced from malt, wholly or in part, or from any substitute therefor.

- (2) Wine of not less than one-half of one percent of alcohol by volume.
- (3) Distilled spirits which is that substance known as ethyl alcohol, ethanol or spirits of wine in any form, including all dilutions and mixtures thereof from whatever source or by whatever process produced.

Motor vehicle means a vehicle driven or drawn by mechanical power and manufactured primarily for use on public highways, but does not include a vehicle operated exclusively on a rail or rails.

Open alcoholic beverage container means any bottle, can, or other receptacle that contains any amount of alcoholic beverage and to which any of the following is applicable:

- (1) It is open or has a broken seal.
- (2) Its contents have been partially removed.

The term "open alcoholic beverage container" shall not mean any bottle, can or other receptacle that contains a frozen alcoholic beverage unless the lid is removed, a straw protrudes therefrom, or the contents of the receptacle have been partially removed.

(b) *Open containers off-premises.*

- (1) No holder of a permit for the retail sale of alcoholic beverages shall knowingly permit any individual, whether patron, customer, employee or otherwise, to remove any alcoholic beverage from the premises in a container of any type, whether glass, bottle, can, paper or plastic cup, go-cup or otherwise, unless said container is unopened and sealed.
- (2) No person, whether patron, customer, employee or otherwise, shall remove any alcoholic beverage from the premises of a holder of a permit for the retail sale of alcoholic beverages in a container of any type, whether glass, bottle, can, paper or plastic cup, go-cup or otherwise, unless said container is unopened and sealed.
- (3) All holders of permits for the sale of alcoholic beverages shall post a conspicuous notice inside their premises, as well as by each exit, stating that it is illegal to remove any alcoholic beverages from the premises in any type of unsealed or open container of any kind, and that said violators shall be subject to fine and/or imprisonment as provided in parish ordinances.
- (4) Unopened and sealed container shall be defined as a container of any type, whether glass, bottle, can, paper or plastic cup, go-cup or other receptacle which has not been opened, or on which a seal or stamp has not been broken, or which a straw does not protrude.

(c) *Exceptions.* The provisions of subsection (b) of this section shall not apply to the Saturday and Monday proceeding Mardi Gras Day and Mardi Gras Day itself.

(d) *Penalties.* Whoever violates any provision of subsection (b) of this section shall be fined not more than \$200.00 for each offense.

(e) *Possession of alcoholic beverages in motor vehicles.*

- (1) It shall be unlawful for the operator of a motor vehicle or the passenger in or on a motor vehicle, while the motor vehicle is operated on a public highway or right-of-way, to possess an open alcoholic beverage container, or to consume an alcoholic beverage, in the passenger area of a motor vehicle.
- (2) The term "passenger area" means the area designed to seat the driver and passengers while the motor vehicle is in operation and any area that is readily accessible to the driver or a passenger while in their seating positions, including the glove compartment. It shall not mean a locked glove compartment or behind the last upright seat, or any area not normally occupied by the driver or a passenger in a motor vehicle that is not equipped with a trunk.
- (3) The term "public highway or right-of-way" means the entire width between and immediately adjacent to the boundary lines of publicly maintained highways or roads when any part thereof is open to the use of the public.
- (4) Whoever violates the provisions of subsection (e) of this section shall not be taken into custody by the arresting officer, but instead shall be required either to deposit his driver's license with the arresting officer or give his written promise to appear. Furthermore, a violation of the provisions of this section shall not be included in the records kept by the commissioner required in R.S. 32:393.1.
- (5) Whoever violates the provisions of subsection (e) of this section shall be fined not more than \$500.00. Court costs shall be assessed in addition to the fine authorized by this subsection.
- (6) For purposes of enforcement of subsection (e) of this section, the observance of a glass, cup or other container that, on its face, does not indicate that the container contains an alcoholic beverage, shall not, absent other circumstances, constitute probable cause for a law enforcement officer to stop and question a person.
- (7) The provisions of subsection (e) of this section shall not apply to the following persons or in the following areas:
 - a. Any person operating or occupying a motor vehicle who, as a condition of his employment and while acting in the course and scope of such employment, is required to carry open alcoholic beverage containers, provided that the operator or passenger does not consume the alcoholic beverages.
 - b. Any paid fare passenger on a common or contract carrier vehicle, as defined in R.S. 45:162.

- c. Any paid fare passenger on a public carrier vehicle, as defined in R.S. 45:200.2.
- d. Any passenger in a courtesy vehicle which is operated as a courtesy vehicle.
- e. Any passenger of a self-contained motor home which is in excess of 21 feet in length.
- f. Possession of an open container of alcoholic beverage in the trunk of a motor vehicle.
- g. If the motor vehicle is not equipped with a trunk, possession of an open container or alcoholic beverages in any of the following areas:
 - 1. In a locked glove or utility compartment.
 - 2. In an area of the vehicle not normally occupied by, and not readily accessible, to the driver or passengers.
- h. Passengers and crew members riding on a parade float.
- i. Any passenger in a privately owned limousine the driver of which possesses a Class D commercial driver's license.

(Code 1998, § 3-105.00; Ord. No. 97-2581, 2-20-1997; Ord. No. 12-2872, 12-6-2012)

Sec. 6-14. Private club.

The term "private club" means any establishment which engages in the dispensing of alcoholic beverages of low or high content directly or indirectly through the sale of alcohol, containers, ice or nonalcoholic beverages intended for consumption in conjunction with alcoholic beverages. Also included in this definition is any establishment which permits patrons to introduce alcoholic beverages from external sources to the premises.

(Code 1998, § 3-155.07; Ord. No. 84-269, 11-15-1984)

Sec. 6-15. Violations; penalties.

(a) Any person convicted of violations of provisions of this chapter shall be guilty of a misdemeanor, and said conviction shall be grounds for revocation or suspension of a violator's permit, which permit may be revoked according to the laws of the parish and the state.

(b) In addition and/or in lieu of the above penalty, any alcohol beverage permit holder who is charged within the previous 12 months for violations hereof shall be subject to the following penalties:

- (1) Three violations: \$500.00 fine and 30-day suspension.

- (2) Four to six violations: \$1,000.00 fine and 60-day suspension.
 - (3) Seven or more violations: Revocation of license.
- (Code 1998, § 3-179.00; Ord. No. 94-2042, 8-18-1994)

Sec. 6-16. Prohibited acts.

No person in any ward of the parish holding a retail dealer's permit and no agent, associate, employer, servant or representative of any such person shall do or permit any of the following acts to be done on or about the licensed premises:

- (1) Permit or allow any individual to illegally carry a weapon or dangerous instrumentality upon licensed premises pursuant to R.S. 14:95 and/or to illegally use such weapons or dangerous instrumentalities in violation of R.S. 14:95 or any municipal ordinance.
 - (2) Illegally sell, offer for sale, distribute, possess, possess with intent to distribute or permit the use or consumption on or about the licensed premises of any kind or type of controlled dangerous substance as defined in R.S. 40:961 et seq.
 - (3) Permit or allow playing of live or recorded music and/or permit or allow any loud noise or nuisance, in violation of chapter 26, Nuisances.
 - (4) Permit or allow licensed premises to be in violation of any rules or regulations of the fire marshal or of any rules or regulations of any health or sanitation agency or department.
 - (5) Permit, allow or aid any person, whether on foot or in a motor vehicle, to visit or loiter in or about the licensed premises in such a manner as to obstruct any public road or highway, or to impede, restrict or otherwise interfere with an individual's access or right-of-way to any public road or highway.
 - (6) Intentionally or knowingly permit, allow or aid any person to violate any state, federal or municipal law in or about the licensed premises.
- (Code 1998, § 3-179.01; Ord. No. 89-1147, 9-21-1989)

Sec. 6-17. Violations; penalties.

Any person convicted of violations of provisions of this article shall be guilty of a misdemeanor, and said conviction shall be grounds for revocation or suspension of a violator's permit, which permit may be revoked according to the laws of this state.

Secs. 6-18—6-28. Reserved.

ARTICLE II. PERMITS**DIVISION 1. GENERALLY****Sec. 6-29. Permits required.**

(a) No private club or business shall permit the consumption of alcoholic beverages without the proper permit authorizing same by the parish and without the proper state permit.

(b) No permit will be issued for a shorter period than six months, beginning January 1 and July 1 of each year. All permits shall be paid for in advance, and shall be obtained before the beginning of the period for which same is issued.

(c) All applications for permits shall be filed in writing on a form and in the manner required by the designated administrative department, which application shall be passed upon and approved by the designated administrative department, or a majority thereof, applications for renewals of any permit at the time of its expiration shall be filed as hereinabove recited and shall be considered as an original application.

(Code 1998, § 3-156.00; Ord. No. 72, Bk. 1, P. 603; Ord. No. 84-269, 11-15-1984)

State law references—Power of parish to require permits from dealers of beverages of high alcoholic content, R.S. 26:74; power of parish to require permit from dealers of beverages of low alcoholic content, R.S. 26:274.

Sec. 6-30. Classes of permits.

(a) There shall be two classes of permits for the sale of beverages of high alcoholic content as follows:

- (1) *Wholesale permit.* For those selling such beverages at wholesale; and
- (2) *Retail permit.* For those selling such beverages at retail.

(b) There shall be five classes of permits for the sale of beverages of low alcoholic content as follows:

- (1) *Wholesale permit.* For those selling such beverages at wholesale;
- (2) *Class A retail dealer.* For those selling such beverages for consumption on or off the licensed premises;
- (3) *Class B retail dealer.* For those selling such beverages in sealed containers prepared for transportation and consumption off the licensed premises;

- (4) *Class R restaurant.* For those selling light wine for consumption in a restaurant/cafeteria. For the purpose herein, a Class R restaurant shall be defined as an establishment:
 - a. Which operates a place of business whose purpose and primary function is to take orders for and serve food and food items;
 - b. Which serves alcoholic beverages in conjunction with meals;
 - c. Which serves food on all days of operation;
 - d. Which grosses 60 percent of its average monthly revenue from the sale of food, food items and nonalcoholic beverages;
 - e. Which maintains separate sales figures for alcoholic beverages; and
 - f. Which operates a fully equipped kitchen used for the preparation of uncooked foods for service and consumption of such foods on the premises.
- (5) *Class LW light wine; restaurants and cafeterias.*
 - a. Before the operator of any restaurant and cafeteria where food or drink is legally sold, in which light wine is legally sold for consumption on the premises in connection with the consumption of food, shall engage in the business of handling such light wine, he shall obtain annually from the parish, before commencing such business, a permit to conduct such retail business, and for each such permit.
 - b. Nothing in this section is to be construed to take the place of any license or permit now or to be hereafter issued by the state or any municipality nor any fee or fees collected thereof.
 - c. As used in this section, the term "light wine" means any noneffervescent alcoholic beverage, known as still wine, derived from the juice of any fruit or synthesis thereof, of an alcoholic content of not more than 14 percent by volume.
 - d. The provisions of this section shall apply only to restaurants holding Class R permits.
- (c) Restaurants/cafeterias selling Class A alcoholic beverages will also require a Class R permit; restaurants/cafeterias selling wine will require a Class R and Class LW permit.
- (d) Special events permit.
 - (1) Special events are events open to the general public where alcoholic beverages are sold, or included as part of a general admission or other type of fee. Special events do not include private parties where no sales are made or a fee is charged.
 - (2) For special events, the parish will issue a special, temporary retail alcoholic beverage permit, or permit letter, through the Department of planning and development for the duration of up to three consecutive days only. A wholesaler can deliver beverages only

to the place listed on the permit and only on the days allowed by the permit. A maximum of 12 special event permits may be issued to any one person, partnership, corporation, or entity within a single calendar year. Multiple permits may be applied for and issued for a consecutive period of dates not to exceed 12 days total. Special event permits will not be required to pay an annual permit fee required by section 6-31.

- (3) All special event permits or permit letters issued by the parish, regardless of type, are retail alcoholic beverage permits. As such, and in accordance with the provisions of R.S. 26:85 and 26:273, any individual or organization engaged in business as a producer, manufacturer or wholesaler of alcoholic beverages or any organization whose membership is composed of persons engaged in business as a manufacturer or wholesaler of alcoholic beverages does not qualify for a special event permit, unless allowed an exception under state law.
- (4) Application for a parish special event permit or permit letter shall be made by submission of a completed and signed copy of the state office of alcohol and tobacco control (OATC) special event application form, to be filed with that office, to the parish department of planning and development no less than 12 days prior to the start date of the special event and an application fee of \$25.00.
- (5) Upon submission and approval of the above required documents and fee by the parish department of planning and development, a permit or permit letter will be provided to the applicant granting permission to sell or otherwise provide alcoholic beverages at the special event, subject to issuance of a state permit for the special event issued by the state OATC.
- (6) Once received, it is required of the applicant to provide a copy of the state OATC permit to the department of planning and development prior to the start date of the special event. Failure to provide a copy of the state OATC permit to the parish may result in an immediate revocation of the parish permit and the disallowance of the sale or other provision of alcoholic beverages at the special event.
- (7) A special event occurring on parish property must also comply with any requirements applicable to the use of parish property in addition to these provisions for the sale or inclusion of alcoholic beverages at the special event.

(Code 1998, § 3-157.00; Ord. No. 72, Bk. 1, P. 603; Ord. No. 94-1952, 4-21-1994; Ord. No. 14-3166, 7-10-2014)

Sec. 6-31. Permit fees.

- (a) The annual fee for permit to sell beverages of high alcoholic content, shall be as follows:
 - (1) Wholesale dealer, per year \$525.00.
 - (2) Retail dealer, first year \$525.00.

(3) Retail dealer, renewal \$325.00 (plus \$100.00 if previous year's gross sales were at least \$50,000.00); or plus \$200.00 if previous year's gross sales were at least \$100,000.00.

(b) The annual fee for permit to sell beverages of low alcoholic content shall be as follows:

- (1) Wholesale, per year \$125.00.
- (2) Class A Retail, per year \$72.00.
- (3) Class B Retail, per year \$60.00.
- (4) Class R Restaurant, per year \$25.00.
- (5) Class LW Light Wine, per year \$30.00.

(c) The fees required by the provisions of this section shall be paid to the sheriff and ex-officio tax collector of the parish.

(Code 1998, § 3-158.00; Ord. No. 72, Bk. 1, P. 603; Ord. No. 85-340, 2-28-1985; Ord. No. 87-830, 7-16-1987; Ord. No. 87-832, 7-16-1987; Ord. No. 94-1952, 4-21-1994)

Sec. 6-32. Permit applications generally.

All applications for permits required by this article shall be filed with the parish council. All applications for renewal of permits shall be filed with the parish sheriff on or before October 1. A copy of the renewal application shall be sent to the parish alcohol beverage control committee.

(Code 1998, § 3-159.00; Ord. No. 80-64, 10-23-1980; Ord. No. 89-1147, 9-21-1989; Ord. No. 89-1177, 10-19-1989)

Sec. 6-33. Probation of permit fee.

In the event a business shall commence prior to July 1 of any year, a whole year's permit fee shall be paid and collected, and if said business shall commence subsequent to July 1 of any year, one-half of the annual permit fee shall be paid and collected.

(Code 1998, § 3-160.00; Ord. No. 72, Bk. 1, P. 603)

Sec. 6-34. Location restrictions.

No permit required by the provisions of this article shall be granted for any premises situated within 500 feet or less distance of a public playground or of a building occupied exclusively as a church or synagogue, public library, school, full-time day care center as defined in R.S. 17:405(A)(4), or a correctional facility housing inmates, including, but not limited to, a halfway house. In the areas of the parish which are divided into subdivisions with streets, blocks and sidewalks, this distance shall be measured as a person walks using the sidewalk from the nearest point of the property line of the church or synagogue, public library, public playground, school, full-time day care center, or correctional facility housing inmates, including, but not limited to, a halfway house to the nearest point of the premises to be licensed as described in the

application, provided, however, that these restrictions shall not apply to any premises which are maintained as a bona fide hotel or fraternal organization. In the areas of the parish which are not divided into subdivisions with streets, blocks or sidewalks, the location restriction is extended to a distance of 500 feet of the church, synagogue, public library, school, full-time day care center, playground or a correctional facility housing inmates. In undeveloped rural areas of the parish which are not divided into subdivisions with streets, blocks or sidewalks, the distance shall be measured in a straight line from the nearest point to the nearest point of the respective premises or grounds. The restrictions contained in this section do not apply to a premises which are maintained as a bona fide hotel fraternal organization, nor to any premises which were licensed to deal in alcoholic beverages for a period of one year prior to January 21, 1943.

(Code 1998, § 3-164.00)

State law reference—Similar provisions, R.S. 26:81, 26:281.

Sec. 6-35. Effect of multiple locations of business.

(a) Any retail liquor dealer making delivery of spirits, wine, beer or other malt liquors, or any retail dealer in malt liquors making delivery of beer or other malt liquors, at places other than places of business specified on permit, except pursuant to prior specific orders received at such place of business, is subject to separate tax as retail liquor dealer, or retail dealer in fermented malt liquor, as the case may be, at such place where sales are made.

(b) Each such dealer who has paid the tax at one place of business does not incur further tax for the sales of beer or other malt liquors to another such dealer holding a proper tax stamp if the sales are consummated at the place of business where the latter's tax stamp is held.

(Code 1998, § 3-165.00; Ord. No. 72, Bk. 1, P. 603)

Sec. 6-36. Display of permit.

The permit required by the provisions of this article shall be prominently displayed by the licensee in his place of business so as to be easily seen and read by the public.

(Code 1998, § 3-168.00)

State law reference—Similar provisions, R.S. 26:76, 26:276.

Sec. 6-37. Unauthorized sales.

No person holding a retail dealer's permit, and no servant, agent or employee of the permittee shall sell, offer for sale, possess or permit the consumption on the licensed premises of any kind or type of beverages, the sale or possession of which is not authorized under his permit issued pursuant to this article.

(Code 1998, § 3-169.00)

State law reference—Similar provisions, R.S. 26:90, 26:286.

Sec. 6-38. Sales to minors.

(a) No person holding a retail dealer's permit and no servant, agent, representative or employee of the permittee shall, upon the licensed premises, sell or serve alcoholic beverages to any person under the age of 21 years, unless such person submits any one of the following:

- (1) A valid, current, state driver's license which contains a photograph of the person presenting the driver's license.
- (2) A valid, current, driver's license of another state which contains a photograph of the person and birth date of the person submitting the driver's license.
- (3) A valid, current, special identification card issued by the state pursuant to R.S. 40:1321 containing a photograph of the person submitting the identification card.
- (4) A valid, current, passport or visa issued by the federal government or another country or nation, that contains a permanently attached photograph of the person and the date of birth of the person submitting the passport or visa.
- (5) A valid, current, military or federal identification card issued by the federal government containing a photograph of the person and date of birth of the person submitting the identification card.

(b) Each form of identification listed in subsection (a) of this section must on its face establish the age of the person as 21 years or older, and there must be no reason to doubt the authenticity or correctness of the identification. No form of identification mentioned above shall be accepted as proof of age if it is expired, defaced, mutilated or altered. If the state identification card or lawful identification submitted is a duplicate, the person shall submit additional identification which contains the name, date of birth and photograph of the person. A duplicate driver's license shall be considered lawful identification for the purposes of this subsection, and a person shall not be required to submit additional information containing the name, date of birth and picture of the person. In addition, an educational institution identification card, check cashing identification card, or employee identification card shall not be considered as lawful identification for the purposes of this subsection.

(Code 1998, § 3-170.00)

Sec. 6-39. Minors on premises.

No person holding a retail dealer's permit and no servant, agent or employee of the permittee shall intentionally entice, aid or permit any person under the age of 18 years to visit or loiter in or about any place where alcoholic beverages or beer are the principal commodity sold, handled or given away.

(Code 1998, § 3-171.00)

Sec. 6-40. Employment of minors.

No person holding a retail dealer's permit and no servant, agent or employee of the permittee shall upon the licensed premises employ anyone under 18 years of age when the sale of alcoholic beverages constitutes the main business. If alcoholic beverages do not constitute the main business, anyone under the age of 18 may be employed as long as the minor's employment does not involve the sale, mixing, dispensing or serving of alcoholic beverages for consumption on the premises. If the sale or handling of alcoholic beverages does not constitute the main business and alcoholic beverages are not sold for consumption on the premises, an employee under the age of 18 years may be permitted to participate in the sale of packaged alcoholic beverages to collect the price and taxes and issue receipts therefor, or may be permitted to bag packaged alcoholic beverages, or both, where immediate supervision is provided.

(Code 1998, § 3-172.00)

Sec. 6-41. Sale to intoxicated persons.

No person holding a retail dealer's permit and no servant, agent or employee of the permittee shall upon the licensed premises sell or serve beverages of either low or high alcoholic content to any intoxicated person.

(Code 1998, § 3-173.00)

Sec. 6-42. Prostitutes on premises.

No person holding a retail dealer's permit and no servant, agent or employee of the permittee shall permit any prostitute to frequent the licensed premises, or to solicit patrons for prostitution on the licensed premises.

(Code 1998, § 3-174.00)

Sec. 6-43. B-drinkers.

No person holding a retail dealer's permit and no servant, agent or employee of the permittee shall employ or permit females, commonly known as B-drinkers to frequent the premises and solicit patrons for drinks or to accept drinks from patrons and receive therefor any commission or any enumeration in any other way.

(Code 1998, § 3-175.00)

Sec. 6-44. Disturbing the peace.

No person holding a retail dealer's permit and no servant, agent or employee of the permittee shall, upon the licensed premises, permit any disturbance of the peace or obscenity, or any lewd, immoral or improper entertainment, conduct or practices on the licensed premises.

(Code 1998, § 3-176.00)

Sec. 6-45. Lewd, immoral or improper conduct.

(a) No person holding a retail dealer's permit, and no servant, agent or employee of permittee shall permit any disturbance of the peace or obscenity, or any lewd, immoral or improper entertainment, conduct or practices on the licensed premises.

(b) The following acts or conduct on licensed premises are deemed to constitute lewd, immoral or improper entertainment as prohibited by this section and therefore no on-sale permit for beverages of low alcoholic content or high alcoholic content shall be held at any premises where such conduct or acts are permitted:

- (1) Employment or use of any person in the sale or service of alcoholic beverages in or upon the licensed premises while such person is unclothed or in such attire, costume or clothing as to expose to view any portion of the female breast below the top of the areola or of any portion of the pubic hair, anus, cleft of the buttocks, vulva or genitals.
- (2) Employment or use of the services of any hostess or other person to mingle with the patrons while such hostess or other person is unclothed or in such attire, costume or clothing as described in subsection (1) of this section.
- (3) Encouraging or permitting any person on the licensed premises to touch, caress or fondle the breasts, buttocks, anus, or genitals of any other person.
- (4) Permitting any employee or person to wear or use any device or covering, exposed to view, which simulates the breast, genitals, anus, pubic hair or any portion thereof.

(c) Acts or conduct on licensed premises in violation of this section are deemed to constitute lewd, immoral or improper entertainment as prohibited by this section and therefore no on-sale permit for beverages of low alcoholic content or high alcoholic content shall be held at any premises where such conduct and acts are permitted.

(d) Live entertainment is permitted on any licensed premises, except that no permittee shall permit any person to perform acts of or acts which simulate:

- (1) Sexual intercourse, masturbation, sodomy, bestiality, oral copulation, flagellation or any sexual acts which are prohibited by law.
- (2) The touching, caressing or fondling of the breast, buttocks, anus or genitals.
- (3) The displaying of the pubic hair, anus, vulva, genitals or nipple of the female breast.

(e) Subject to the provisions of subsection (c) of this section, entertainers whose breasts or buttocks are exposed to view shall perform only upon a stage at least 18 inches above the immediate floor level and removed at least three feet from the nearest patron.

(f) No permittee shall permit any person to use artificial devices or inanimate objects to depict any of the prohibited activities described above.

(g) The following acts or conduct on licensed premises are deemed to constitute lewd, immoral, or improper entertainment as prohibited by this section and therefore no on-sale permit for beverages of low alcoholic content or high alcoholic content shall be held at any premises where such conduct or acts are permitted, including the showing of film, still pictures, electronic reproduction or other visual reproductions depicting:

- (1) Acts or simulated acts of sexual intercourse, masturbation, sodomy, bestiality, oral copulation, flagellation or any sexual acts which are prohibited by law.
 - (2) Any person being touched, caressed or fondled on the breast, buttocks, anus or genitals.
 - (3) Scenes wherein a person displays the vulva or the anus or the genitals.
 - (4) Scenes wherein artificial devices or inanimate objects are employed to depict, or drawings are employed to portray, any of the prohibited activities described above.
- (Code 1998, § 3-176.01; Ord. No. 91-1535, 12-19-1991)

Sec. 6-46. Gambling.

No person holding a retail dealer's permit, and no servant, agent or employee of the permittee shall intentionally conduct illegal gambling, as defined by law, on the premises described in the application for the required permit.
(Code 1998, § 3-177.00)

Sec. 6-47. Billiards.

No person holding a retail dealer's permit and no servant, agent or employee of the permittee shall upon the licensed premises permit the playing of pool or billiards by any person under 18 years of age, or permit such a person to frequent the licensed premises operating a pool or billiard hall, except in a structure where the position of the pool or billiards playing area is separate and distinct from the area where alcoholic beverages are dispensed to patrons.
(Code 1998, § 3-178.00)

Secs. 6-48—6-67. Reserved.

DIVISION 2. QUALIFICATIONS AND APPLICATIONS

Sec. 6-68. Qualifications of applicants for permits generally.

(a) Applicants for state and local permits of all kinds which are within the scope of this article shall meet the following qualifications and conditions:

- (1) Is a person of good character and reputation and over 18 years of age. In considering a person's good character or reputation, the parish may consider a person's arrests in determining suitability.

- (2) Is a citizen of the United States and of the state and a resident of the state continuously for a period of not less than two years next preceding the date of the filing of the application.
- (3) Is the owner of the premises, have a bona fide written lease therefor, or be a commercial lessor or a noncommercial lessor licensed pursuant to R.S. 4:701 et seq., exclusively for the sole purpose of conducting charitable gaming.
- (4) Has not been convicted of a felony under the laws of the United States, the state or any other state.
- (5) Has not been convicted in this or any other state or by the United States of soliciting for prostitution, pandering, letting premises for prostitution, contributing to the delinquency of juveniles, keeping a disorderly place or illegal dealing in controlled dangerous substances.
- (6) Has not had revoked a license or permit to sell or deal in alcoholic beverages issued by the United States or any other state for two years prior to the application, or been convicted or had judgment against him involving alcoholic beverages by this state or any other state or the United States for two years prior to the application.
- (7) Has not been convicted of violating any of the provisions of the state laws regulating the sale of alcoholic beverages.
- (8) Has not been convicted of violation of the provisions of this article; if so, the granting or denial of a permit is within the discretion of the council.
- (9) Is not the spouse of a person whose application has been denied or whose permit has been revoked, unless judicially separated or divorced.
- (10) Have not been convicted of distributing or possessing with the intent to distribute any controlled dangerous substance classified in Schedule I of R.S. 40:964, on any premises licensed pursuant to this title, where the applicant held or holds an interest in the licensed business. The prohibition provided for in this subsection shall be for the lifetime of the offender.
- (11) If also applying for a video gaming license under the provisions of ch. 6 of title 27 of the Louisiana Revised Statutes of 1950, have not been convicted in this or in any other state or by the United States or any other country of theft or any crime involving false statements or declarations, or gambling as defined by the laws and ordinances of any municipality, any parish, any state, or the United States.
- (12) Not be the spouse of a person who does not meet the requirements of subsections (1) and (3) through (11) of this section; however, in such cases the age of the ineligible spouse shall be immaterial.

- (13) Not be the spouse of a person who does not meet the requirements of subsections (1) and (3) through (11) of this section; however, in such cases the age of the ineligible spouse shall be immaterial. For purposes of this subsection, the term "spouse" shall also include persons who are considered married outside of the United States, persons who ordinarily hold themselves out as husband and wife, or persons who file their state and federal income tax returns as either "married filing jointly" or "married filing separate."

(b) If the applicant is a partnership recognized by state law or anyone in partnership with or financed by another, all members of the partnership or all persons furnishing the money shall also possess all the qualifications required by the applicant. The application shall name all partners or financial backers and furnish their social security numbers and proper addresses. If a partner of a partnership applying for retail or manufacturer's permits is a corporation or limited liability company, the requirement as to citizenship and residency does not apply to officers, directors, stockholders and stockholders of the corporation or members of the limited liability company. The corporation or limited liability company shall either be organized under the laws of the state or qualified to do business within the state.

(c) If the applicant, or any other person required to have the same qualifications, does not possess the required qualifications, the permit shall be denied.

(d) If the applicant is a corporation or a limited liability company, all officers and directors and all stockholders or members owning in the aggregate more than five percent of the stock or of the membership interest in a limited liability company and the person or persons who shall conduct or manage the business shall possess the qualifications required of an applicant, to be shown by the affidavit of each accompanying the application. Each affidavit shall include the signatory's state department of revenue business account number, his social security number, and his correct home address.

- (1) The requirements as to citizenship and residence do not apply to officers, directors or stockholders of corporations or members of limited liability companies applying for retail permits; to officers, directors or stockholders or members of a manufacturer; or to officers, directors or stockholders of any corporation which on January 31, 2003, had held a wholesale dealer permit continuously for at least the past three years. The provisions of this subsection apply only to a corporation, limited liability company, partnership or any other legal business entity either organized under the laws of the state or qualified to do business within the state.
- (2) Notwithstanding any other provisions of law to the contrary, the parish may accept from a publicly traded or other corporation or entity, other than any gaming entity regulated pursuant to the provisions of R.S. 27:20 et seq., 27:41 et seq., or 27:301 et

seq., the necessary documentation of those persons described in subsection (e) of this section and three officers of the corporation in full satisfaction of the requirements of this section.

(e) If the applicant's business is to be conducted wholly or partly by one or more managers, agents, servants, employees or other representatives, those persons shall also possess the qualifications required of the applicant and shall furnish verification of suitability in accordance with R.S. 26:80(H)(6) (Qualifications of applicants for permits—Submission of spouses fingerprints to the office of alcohol and tobacco control); however, convicted felons may be employed by an applicant if, in the applicant's business, alcoholic beverages are not the principal commodities sold, handled or given away.

(f) If the applicant, or any other person required to have the same qualifications, does not possess the required qualifications, the permit may be denied; however, if a sales tax clearance is not issued, the permit shall be denied. Nevertheless, if the sales tax clearance request is not processed within the time limitations provided in R.S. 26:78, the permit shall be issued if all other qualifications are met by the applicant.

(g) Notwithstanding the provisions of subsections (a) and (b) of this section, a permit may be granted by the parish if the applicant has been pardoned, has had any misdemeanor conviction discharged or dismissed, or the applicant's civil rights have been restored, or, if the applicant is a firm, association, partnership, trust, domestic or foreign corporation, or other legal entity, the applicant has terminated its relationship with the person or persons whose action directly contributed to the applicant's conviction. The provisions of subsection (a) of this section shall not apply to any applicant who is also applying for a video gaming license under the provisions of ch. 6 of title 27 of the Louisiana Revised Statutes of 1950. In the granting of a permit, a conviction or plea of guilty or nolo contendere by the applicant shall not constitute an automatic disqualification of the applicant as otherwise required pursuant to the provisions of subsections (a), (d) and (e) of this section, if all of the following criteria are met:

- (1) The felony for which the applicant was convicted is not a crime of violence as defined in R.S. 14:2(B).
- (2) Ten years or more have elapsed between the date of application and the successful completion of any sentence, deferred adjudication or period of probation or parole and the final discharge of the defendant.

(h) All licensees and persons required to be qualified pursuant to the provisions of this chapter shall have a continuing duty to inform the parish of any action which they believe would constitute a violation of this chapter. No person who so informs the parish shall be discriminated against by an applicant or licensee because of supplying such information.

(i) All licensees and any other persons who have been found suitable in accordance with the provisions of this section shall maintain suitability throughout the term of the license.
(Code 1998, § 3-161.00; Ord. No. 72, Bk. 1, P. 603; Ord. No. 12-2706, 4-5-2012)

Sec. 6-69. Misstatements or suppression of facts in permit application.

Any misstatement or suppression of fact in an application or accompanying affidavit for a permit required by this article is a ground for denial or cancellation of the permit.
(Code 1998, § 3-162.00)

State law reference—Similar provision, R.S. 26:84, 26:282.

Sec. 6-70. Expiration assignment, etc., of permit.

(a) Permits issued under this article are not assignable or heritable and are good only from the time of issuance to December 31 of the year for which issued, unless sooner suspended or revoked.

(b) Where the location of the business is changed, the change shall be noted on the permit by the issuing authority.
(Code 1998, § 3-166.00; Ord. No. 72, Bk. 1, P. 603)

Sec. 6-71. Penalty for late renewal application; denial for same.

(a) Should any retail dealer or wholesale dealer in beverages of high alcoholic content fails to file his application for renewal of the parish permit required by this article for any ensuing year on or before October 1 of each year, a penalty shall be imposed of five percent of the amount due for the permit applied for during the month of November, or an additional five percent for each additional 30 days or fraction thereof during which the failure continues.

(b) Should any retail dealer or wholesale dealer in beverages of low alcoholic content fails to file his application for renewal of the parish permit required by this article for any ensuing year on or before October 1 of each year, a penalty shall be imposed of 25 percent over and above the regular fee.

(c) No renewal application shall be received or accepted after December 31 of each year for the ensuing year and if application for renewal has not been filed before December 31 the establishment is prohibited, and it shall be unlawful for the licensee to sell or dispense alcoholic beverages therein until a new application for permit is filed with the parish department of development, division of permits and issuance is authorized by the parish council.
(Code 1998, § 3-167.00; Ord. No. 80-64, 10-23-1980; Ord. No. 94-1952, 4-21-1994)

Secs. 6-72—6-100. Reserved.

DIVISION 3. APPROVAL, DENIAL, SUSPENSION AND REVOCATION

Sec. 6-101. Additional grounds for denial of permits.

In addition to any other causes enumerated in this article, the parish council may deny or cancel any permit required by this article for any one of the following causes:

- (1) If the holder of a permit to sell alcoholic beverages, or any of the persons who must possess the same qualifications fails to possess the qualifications required in section 6-68.
- (2) If the permit was granted to any person who is or has been engaged in an alcoholic beverage business with a person whose application for a permit has been denied or whose permit has been revoked.
- (3) If there was any misstatement or suppression of fact in the application for the permit.
- (4) If the holder of any permit has been convicted by any court of competent jurisdiction of any one of the following offenses:
 - a. Violation of the Sunday closing law;
 - b. Violation of any municipal or parish ordinance providing for closing hours.
- (5) If, without a proper license, a retailer allows any person to consume any alcoholic beverage on the licensed premises or on any parking lot or open or closed space within or contiguous to the licensed premises.
- (6) If any dealer or any person described in section 6-68(b) violates or has violated any provision of this article.
- (7) If any dealer fails to pay any excise taxes due by any regulated business to the state or to any parish or municipality.

(Code 1998, § 3-163.00; Ord. No. 80-64, 10-23-1980)

Sec. 6-102. Suspension, revocation of permits; hearing.

(a) Wherever the terms "cancel" or "cancellation" of a permit are used in this article, same shall be construed to mean and allow for either a suspension of a permit or the revocation thereof.

(b) For the purposes hereof, the term "suspension of a license" is meant as temporary cessation of sales of alcoholic beverages as imposed by the parish council or the proper agency of the state on the licensee after hearing for a time certain. No alcoholic beverage may be sold or dispensed at the licensed location during the period from the commencement of the period of suspension to its expiration as determined by the parish council or appropriate state agency.

(c) For the purposes hereof, the term "revocation of a license" is meant and construed as a prohibition against the licensee and also against the licensed premises from selling or dispensing alcoholic beverages for a period of one year. A revocation shall be imposed for a violation of the provisions of this article, as determined by the parish council or the proper hearing agency of the state.

(d) The term "hearing" shall be an administrative, public proceeding conducted by the parish council under rules of procedure established in this section and duly promulgated. Said proceeding may be instituted by either the parish law enforcement authority, any other law enforcement authority, the district attorney's office or by any citizen who have resided in the parish for six or more months prior to filing a complaint, where a violation of any provision of this chapter is alleged.

(e) Upon receipt of the citizen complaint, the secretary of the alcohol beverage control committee shall conduct a preliminary investigation to determine whether or not sufficient facts exist to justify conducting a hearing.
(Code 1998, § 3-180.00; Ord. No. 81-113, 2-5-1981; Ord. No. 89-1147, 9-21-1989)

Sec. 6-103. Authority.

(a) The parish department of development, division of permits, is authorized to approve applications for permits and issuance of alcoholic beverage licenses.

(b) The parish council shall be the authority to determine whether a parish permit is suspended or revoked under the provisions of this chapter.

(c) Nothing herein shall be construed, nor meant to contravene or usurp any power or authority granted to board of tax appeals, state or state office of alcoholic beverage control, department of public safety.

(Code 1998, § 3-185.00; Ord. No. 81-114, 2-5-1981; Ord. No. 94-1952, 4-21-1994)

Sec. 6-104. Determination to issue or withhold permit.

The right to determine what persons shall or shall not be licensed this chapter shall be exercised in the manner as provided by the sections under this article.

(Code 1998, § 3-185.01)

Sec. 6-105. Notice.

Whenever the parish council is to hold a hearing pursuant hereto, it shall issue a written summons or notice to the applicant for issuance or renewal, or the permittee as the case may be, directing him to show cause why the application should not be refused, or why the permit should not be suspended or revoked. The notice or summons shall state the time, place and hour of the hearing, which shall be not less than ten nor more than 30 calendar days from the date of the notice. The notice or summons shall enumerate the cause alleged for refusing the

application or for suspending or revoking the permit. When a petition has been filed opposing the issuance of the permit or asking for its suspension or revocation, a copy of the petition shall accompany the notice or summons.

(Code 1998, § 3-186.00)

Sec. 6-106. Location; open to the public.

(a) Hearings by the parish council shall be at the parish courthouse, Covington, or such other place within the parish as the parish council directs. The conduct of said hearings shall be open to the public.

(b) The parish council delegates all its authority to conduct hearings to the alcohol beverage control committee, sometimes hereinafter referred to as ABCC.

(Code 1998, § 3-186.01; Ord. No. 81-114, § 5, 2-5-1981; Ord. No. 89-1147, 9-21-1989)

Sec. 6-107. Failure of permittee or applicant to appear; continuances.

If a permittee or applicant who has been notified of a hearing does not appear, the hearing may proceed and the alcohol beverage control committee may consider and dispose of the case; however, in all cases, upon application or its own initiation, the parish council may grant continuances from time to time. If the continuance be to a fixed future date by written consent or is granted in the presence of the applicant, permittee or his counsel, no further notice of the hearing date need be given.

(Code 1998, § 3-187.02; Ord. No. 81-114, 2-5-1981; Ord. No. 89-1147, 9-21-1989)

Sec. 6-108. Failure to comply with subpoena.

If any person fails to comply with a subpoena issued by the alcohol beverage control committee or a witness refuses to testify in any matter which he may be lawfully interrogated, the alcohol beverage control committee, by majority vote of those present, shall adjudge him guilty of contempt and may fine him not more than \$100.00 or imprison him for not more than 30 days in the parish prison, or both. The parish sheriff shall execute the judgment of contempt.

(Code 1998, § 3-188.00; Ord. No. 81-114, 2-5-1981; Ord. No. 89-1147, 9-21-1989)

Sec. 6-109. Reopened cases.

When the alcohol beverage control committee withholds, suspends or revokes a permit, it shall retain jurisdiction to reopen the case at anytime upon petition or upon its own motion, and for good cause shown it may modify, revise or reverse its former findings, and all such reopened cases shall be heard and determined under the same rules or procedures as the original hearings.

(Code 1998, § 3-188.01; Ord. No. 81-114, 2-5-1981; Ord. No. 89-1147, 9-21-1989)

Sec. 6-110. Causes for withholding, suspending or revoking permits.

No permit shall be withheld, suspended or revoked, except for the causes specified in this chapter. However, if a person holds more than one permit and only one of them is withheld, suspended or revoked, the alcohol beverage control committee may withhold, suspend or revoke all of his permits.

(Code 1998, § 3-188.02; Ord. No. 81-114, 2-5-1981; Ord. No. 89-1147, 9-21-1989)

Sec. 6-111. Conviction of violation of alcoholic beverage ordinances upon refusal; suspension or revocation permits.

Conviction by a court of violation of the provisions of the parish alcoholic beverage ordinances is not a condition precedent to the refusal, suspension or a revocation by the alcohol beverage control committee. The alcohol beverage control committee may withhold, suspend or revoke permits for violations regardless of any prosecution in the court or of the result of any such prosecution.

(Code 1998, § 3-189.00; Ord. No. 81-114, 2-5-1981; Ord. No. 89-1147, 9-21-1989)

Sec. 6-112. Effect of revocation or suspension of permit upon other penalty.

The revocation or suspension of a permit is in addition to and not in lieu of or a limitation of any other penalty imposed by law.

(Code 1998, § 3-189.01; Ord. No. 81-114, 2-5-1981)

Sec. 6-113. Reissuance of permit after revocation.

When a permit is revoked for any legal cause, the alcohol beverage control committee may, at the same time, order that no local permit shall be issued covering the same premises until one year after the date of revocation.

(Code 1998, § 3-189.02; Ord. No. 81-114, 2-5-1981; Ord. No. 89-1147, 9-21-1989)

Secs. 6-114—6-148. Reserved.**ARTICLE III. DISPENSERS CERTIFICATE****Sec. 6-149. Required.**

No person or manager or supervisor of any person shall dispense beverages of any alcoholic content in any business licensed under this article without having been certified or qualified to do so by the sheriff of the parish and without having complied with the provisions of this article.

(Code 1998, § 3-191.00; Ord. No. 329, Bk. 5, P. 269; Ord. No. 81-302, 12-17-1981; Ord. No. 2015, 6-16-1994; Ord. No. 94-2042, 8-18-1994)

Sec. 6-150. Application; certificate.

(a) Each applicant desiring a certificate of qualification to dispense alcoholic beverages shall be photographed and fingerprinted by the sheriff's department of this parish.

(b) Each applicant shall pay, at the time of applying for a certificate to dispense alcoholic beverages, the following:

- (1) A processing fee as provided in R.S. 15:587 in the form of a cashiers check or money order made payable to the "Louisiana Department of Public Safety."
- (2) A license fee of \$30.00 payable to the sheriff of the parish. The sheriff shall determine and provide a uniform and consistent application for a dispensers license; and he shall determine the size and content of the license or certificate to dispense, he being herewith authorized, empowered and directed to do so.

(c) The application shall be sworn in writing and include a statement that the applicant possesses the qualifications required herein.

(Code 1998, § 3-192.00; Ord. No. 329, Bk. 5, P. 269; Ord. No. 652, Bk. 8, P. 39; Ord. No. 81-302, 12-17-1981; Ord. No. 85-509, 10-17-1985; Ord. No. 88-982, 9-15-1988; Ord. No. 94-2015, 6-16-1994; Ord. No. 94-2042, 8-18-1994)

State law reference—Processing fee for information provided as part of any regulatory or licensing scheme, R.S. 15:587.

Sec. 6-151. Qualifications.

Each applicant for a certificate of qualification to dispense alcoholic beverages shall possess the following qualifications:

- (1) Is a person of good character and reputation and 21 years of age to dispense and/or sell alcohol in any businesses establishment having a valid Class A parish liquor license;
- (2) Is a citizen of the United States and of this state or a resident alien, and a resident of the state continuously for a period of not less than one year next proceeding the date of the filing of the application, for those individuals employed in restaurants serving alcoholic beverages holding Class R parish liquor licenses when the principal business activity is the catering and/or serving of food with a minimum of 60 percent of said business gross revenue being generated from the sale of food items and nonalcoholic beverages. These individuals will not be required to meet the state citizenship and residency requirement. However, they must be 18 years of age and hold a special Class BR license. Any individual who is over the age of 18, and who is otherwise eligible for a special Class BR license, or who has already obtained such a license, may utilize such special license for the purpose of being employed at a country club or fraternal organization, provided it caters and/or serves food as an ordinary part of its business.

- a. *Investigation of applications.* The parish sheriff shall investigate all applications filed with the parish for issuance of licenses, and the applications for renewals filed

with that department under the delegation given him by the parish council, shall notify the department of development, division of permits, that the application has been approved or disapproved for issuance by him or that an application for renewal should be rejected. The decision to withhold a parish permit shall be made by the division of permits within two days after notice of the recommendation to that effect has been received from the sheriff. Within that period, the division of permits shall notify the applicant in writing by certified mail given to the address shown in the application, or by service through the sheriff's department thereof, of the sheriff's recommendation to withhold and the reasons assigned therefor. When so addressed and mailed, or served as the case may be, the notice shall be conclusively presumed to have been received by the applicant.

- b. *Opposition to issuance or renewal of permit.* Any person who has been a citizen of this parish for at least six consecutive months prior to the filing of the application may oppose the issuance of a permit or any renewal thereof at any time prior to its issuance, by filing a sworn petition of opposition with the parish council. The person must state in his affidavit of opposition that he, together with witnesses if any, will appear at a hearing to be conducted by the parish council to establish the allegations of the opposition and the particular cause or causes alleged as grounds for withholding or not reissuing the permit. In such event, the parish license shall be withheld pending the determination by the parish council at a hearing set for that purpose.
- c. *Examination of business by sheriff's department.* The sheriff's department shall make periodic examinations of the business of all persons holding permits from the parish. The parish sheriff, or any member of his department observing any violation of the provisions of this chapter shall prepare and file, upon information and belief based upon what has been observed, a petition for withholding, suspending or revoking of a permit, setting forth the facts and circumstances of the violations and asking that the parish council set a date, place and time as to when the applicant or permittee should appear and show cause why the permit should not be withheld, suspended or revoked.
- d. *Citizens.* A hearing may be initiated on the sworn petition of any citizen meeting the residency requirements as shown in section 6-104.
- e. *District attorney's office and any other law enforcement authority.* The district attorney's office and any other law enforcement authority, or any member of their respective departments observing any violation of the provision of this chapter may prepare and file, upon information and belief based upon what has been observed, a petition for withholding, suspending or revoking of a permit, setting forth the facts and circumstances of the violations and asking that the parish council set a date, place and time as to when the applicant or permittee should

appear and show cause why the permits should not be withheld, suspended or revoked. The notice or summons shall state the time, place and hour of the hearing, which shall be not less than ten nor more than 20 work days from the date of the notice. The notice or summons shall enumerate the cause or causes alleged for refusing the application or for suspending or revoking the permit. When a citizen's petition has been filed, a copy thereof shall accompany the notice or summons.

- f. *Service.* Service of the notice or summons shall be by registered mail or through the sheriff's department to the applicant or permittee at the address shown on the application or permit and when so addressed and mailed or service made, same shall be conclusively presumed to have been received.
1. Hearings shall be conducted by the alcohol beverage control committee of the parish council, which is comprised of seven members of the parish council to be appointed by the parish council president at a meeting, regular or special, at which meeting a simple majority of the parish council is present.
 2. The party seeking the withholding, suspension or revocation bears the burden of proof and shall present the case first.
 3. The parties to the hearing are entitled to be represented by an attorney-at-law of their choice and at their expense. The district attorney's office may represent the party seeking the withholding, suspension or revocation.
 4. Generally, the civil rules of evidence and procedure of the 22nd Judicial District Court shall be followed; however, the hearing is administrative in nature and is therefore informal, and it shall be so conducted as to afford all parties a fair, impartial and equitable opportunity to be heard.
 5. Any exceptions to the jurisdiction or to the complaint must be filed in writing prior to the hearing. Same shall be argued before commencement of the hearing and may be disposed of by the parish council at that time or referred to the merits of the hearing.
 6. The ABCC may issue subpoenas for documents or persons and it shall examine witnesses and receive testimony at the hearing. A notary public or proper party shall administer oaths to those testifying.
 7. A request for issuance of subpoenas, for persons or documents must be filed with the secretary of the ABCC by the party seeking production thereof at least five work days before the date of the hearing. The secretary of the ABCC shall issue such subpoena to the person or persons whose attendance is sought, with documents, through the sheriff's department to the address shown on the request. No transcript is required, nor is it necessary that the

testimony received be reduced to writing. Any party desiring same shall make prior arrangements with the ABCC secretary who shall select a court reporter to transcribe the proceedings at the expense of the party seeking the transcript.

8. The ABCC secretary shall receive and number all exhibits and shall retain them for not more than six months after the hearing is completed.
9. Issuance of all subpoenas shall be at the expense of the person requesting same, as shall be the witness fee, if any.
 - (i) While the hearing shall be conducted in a manner open to the public, the deliberations of the ABCC at the conclusion of the hearing are not; the ABCC may conclude to grant or deny the relief sought, and in the case a revocation only is sought, may issue an order of suspension.
 - (ii) The ABCC shall decide the issue by a majority vote of the majority present and its decision shall be announced in an open meeting by the presiding officer.
 - (iii) Alternatively, it may take any matter under advisement and issue a written decision, provided that the signatures of the majority and dissenting ABCC members, if any are affixed to the decision.
10. The decisions of the alcohol beverage control committee in withholding, suspending or revoking permits are final and binding on all parties unless appealed in the manner provided in R.S. 26:104 and finally reversed by the courts.
11. In accordance therewith, any party aggrieved by a decision of the alcohol beverage control committee may, within ten days of receipt of the ABCC's decision, take a devolutive appeal to the 22nd Judicial District Court.
12. Such appeals shall be filed in said district court in the same manner as original suits are instituted therein. The appeals shall be tried de novo. Either party may amend and supplement his pleadings and additional witnesses may be called and heard.
13. When there has been a previous criminal prosecution for the same or a similar act upon which the refusal, suspension or revocation of a permit is being considered, evidence of an acquittal in a court of competent jurisdiction is admissible in the trial of the appeal.
14. The proceeding in the district court arising hereunder shall be heard summarily by the court, without a jury, and shall take precedence over other civil cases; however, no action can be filed therein until the matter of refusal to

issue, suspension or revocation has been heard by the alcohol beverage control committee because otherwise the administrative remedy afforded shall not have been exhausted.

15. Within ten calendar days after the signing of the judgment by the district court, the alcohol beverage control committee or the applicant for a permit or permittee, as the case may be, may devolutively appeal the judgment to the appellate court of proper jurisdiction. These appeals shall be perfected in the manner provided for in civil cases and shall be devolutive only.
 16. Should district court determine the decision of the alcohol beverage control committee in withholding, suspending or revoking the permit was in error, the decision of the alcohol beverage control committee shall not be voided if the alcohol beverage control committee takes an appeal to the court of appeals within the time provided for suspensive appeals.
- (3) Has not been convicted of a felony under the laws of the United States, the state or any other state or country.
 - (4) Has not been convicted in this or any other state or by the United States or any other country of soliciting for prostitution, pandering, letting premises for prostitution, contributing to the delinquency of juveniles, keeping a disorderly place or illegal dealing in narcotics.
 - (5) Has not had a license or permit to sell or deal in alcoholic beverages by the United States, any state or by a political subdivision of any state authorized to issue permits for licenses revoked within one year prior to application, or been notified or had a judgment of court rendered against him involving alcoholic beverages by this or any other state or by the United States for one year prior to the application.
 - (6) Has not been adjudged by the state alcohol bureau control commission or convicted by any court of violation of the provisions of title 26 of the Louisiana Revised Statutes.
 - (7) Has not been convicted of violating any municipal or parish ordinances adopted pursuant to the provisions of R.S. 26:494.
 - (8) Has not had a certification of qualification to dispense alcoholic beverages issued by any other parish, municipality or state suspended or revoked.
 - (9) Must have completed the parish sheriff's course entitled "Responsible Alcohol Service" or the state office of alcohol and tobacco control "Approved Provider Responsible Vendor Program." Renewal applicants must have completed the parish sheriff's course entitled "Responsible Alcohol Service" or the state office of alcohol and tobacco control "Responsible Alcohol Service Course."
- (Code 1998, § 3-193.00; Ord. No. 329, Bk. 5, P. 269; Ord. No. 652, Bk. 9, P. 39; Ord. No. 81-114, 2-5-1981; Ord. No. 89-1093, 5-18-1989; Ord. No. 1147, 9-21-1989; Ord. No. 89-1212, 12-21-1989; Ord. Sec. 6-152. Issuance.

The sheriff may refuse to issue a certificate of qualification to dispense alcoholic beverages to any person who lacks any of the qualifications set forth herein or in the interest of the public health, safety and morals.

(Code 1998, § 3-194.00; Ord. No. 329, Bk. 5, P. 269; Ord. No. 81-302, 12-17-1981)

Sec. 6-153. Right of permittee to sell without certificate.

The holder of a permit to sell alcoholic beverages at a particular establishment issued pursuant to the provisions of this article may dispense alcoholic beverages at that establishment without having a certification of qualification.

(Code 1998, § 3-195.00; Ord. No. 329, Bk. 5, P. 269)

Sec. 6-154. Hiring person who does not possess certificate prohibited.

Any holder of a permit to sell alcoholic beverages who employs a person to dispense alcoholic beverages without that person having a certificate of qualification to do so issued by the sheriff shall be guilty of a misdemeanor.

(Code 1998, § 3-197.00; Ord. No. 329, Bk. 5, P. 269; Ord. No. 440, Bk. 6, P. 236; Ord. No. 81-302, 12-17-1981)

Sec. 6-155. Revocation or suspension.

Any act or failure of act by any person certified to be qualified to dispense alcoholic beverages under the provisions of this article, which is a violation of this article, shall subject such person to have his certificate to dispense alcoholic beverages suspended or revoked by the sheriff.

(Code 1998, § 3-198.00; Ord. No. 329, Bk. 5, P. 269; Ord. No. 81-302, 12-17-1981)

Sec. 6-156. Appeals.

Any person aggrieved by the decision of the sheriff to refuse to issue or to suspend or revoke a certificate of qualification may take a devolutive appeal therefrom to the parish council within 15 days of written notification of said decision. The appeal must be taken by submitting a written request therefor to the secretary of the parish council, and the parish council shall hear said appeal within 20 days of receipt of said notice of appeal by the secretary of the parish council. The decision of the sheriff shall be final unless appealed within the time and in the manner set forth above.

(Code 1998, § 3-199.00; Ord. No. 329, Bk. 5, P. 269; Ord. No. 81-302, 12-17-1981)

Sec. 6-157. License renewal.

The dispenser's certificate shall be valid for a period of two years from the date it is first issued; and shall be renewed for a like period within 90 days of the expiration date, in the same manner as the application for an original certificate.

(Code 1998, § 3-200.00; Ord. No. 85-509, 10-17-1985; Ord. No. 88-982, 9-15-1988; Ord. No. 94-2015, 6-16-1994; Ord. No. 94-2042, 8-18-1994)

Sec. 6-158. Violations and penalties.

Any person certified to be qualified to dispense alcoholic beverages under the provisions of this article found in violation of section 6-38 (Sale to Minors) by a court of appropriate jurisdiction shall be subject to the following penalties:

- (1) First offense: \$100.00 fine and five-day suspension.
 - (2) Second offense: \$250.00 fine and 30-day suspension.
 - (3) Third offense: \$500.00 fine and revocation of dispenser's certificate.

Physician means a physician licensed to practice medicine by the state board of medical examiners.

Volunteer nonprofit organization means an organization which, in its regular course of business, responds to a call for help and renders medical treatment and whose attendants are emergency medical personnel, a registered nurse or a physician and which is chartered as a nonprofit organization under section 501c of the United States Internal Revenue Code, as a volunteer fire department by the state fire marshal's office, or as a nonprofit organization by the state secretary of state.

(Code 1998, § 3-401.00; Ord. No. 06-1331, 7-6-2006)

Sec. 8-2. Adoption of state law concerning emergency medical services.

Pursuant to the authority provided by R.S. 33:1236(32), 33:4791.1, and all other applicable authority, and in accordance with the provisions set forth in this chapter, the parish regulates emergency medical services, ambulance services and aspects attendant to ambulance services and operations.

- (1) The parish hereby finds and declares the following:
 - a. The provision of consistently high quality emergency medical care and any and all aspects attendant to ambulance operation to be provided within a medically acceptable response time is essential to the health, safety and welfare of the parish and its people.
 - b. Privately operated ambulance services providing patient transportation service or emergency medical services fulfill a vital health and safety need within the parish.
 - c. The economic viability and stability of such privately operated ambulance services are a matter of statewide and local importance.
 - d. The policy of this parish is to promote medically acceptable and reliable, privately operated ambulance services, the furnishing of emergency medical services and any and all aspects attendant to ambulance operations in order to provide the benefits of that service to its citizens. In furtherance of this policy, the parish recognizes and affirms that the regulation of such privately operated ambulance service is an essential governmental function.
- (2) The parish will protect the public health, safety and welfare by licensing, controlling and regulating privately operated ambulance services, the furnishing of emergency medical services and any and all aspects attendant to ambulance operations within its jurisdiction by regulating the following:
 - a. Entry into the business of providing ambulance service, including emergency medical services, within the jurisdiction of the parish.

- b. Rates charged for the provision of ambulance services, in accordance with federal law relative to medical reimbursement, including emergency medical services.
 - c. Establishment of safety and insurance requirements.
 - d. Any other requirement adopted to ensure safe, reliable and responsive ambulance service, even if such requirement is anticompetitive in effect.
 - e. Limited or exclusive access by such ambulance service for the provision of emergency medical services to the 9-1-1 or other emergency communications dispatch of the local governing authority.
 - f. The establishment of safety and insurance requirements even if such requirements reduce the number of such private ambulance services that otherwise would operate within the jurisdiction of the parish.
- (3) The provisions of this section are being carried out as acts of government on behalf of the state as sovereign and, to the extent the parish deems necessary or appropriate, it may displace competition and provide a monopoly public service. All immunity of the state from liability under antitrust law has been extended to any governing authority acting within the scope of authority contained in R.S. 33:4791.1 and, when so acting, the local governing authority shall be presumed to be acting in furtherance of state policy.
- (4) Whenever the parish governing authority has adopted an ordinance, authorizing a contract between the parish and a specific provider of emergency and nonemergency ambulance services within the parish, and such contract has been duly executed in accordance with the enabling ordinance, a permit to operate emergency and/or nonemergency ambulance services in the parish shall not be issued, during the term of any such contract, or any extension thereof, to any other person or business applying for a permit to provide emergency and/or nonemergency ambulance services within the parish.
- (5) Nothing in this chapter shall be construed to authorize the regulation of ambulance services, emergency medical services or ambulance operations which are located on the site of any manufacturing facility solely for use thereon.
- (Code 1998, § 3-400.00; Ord. No. 06-1331, 7-6-2006)

Sec. 8-3. Parish standards for service providers.

No provider of emergency and/or nonemergency ambulance service shall be granted the right to respond on 9-1-1 emergency calls, unless they are duly authorized and permitted by the parish.

- (1) Certification of emergency medical personnel. All emergency medical personnel must meet and possess the following certification requirements:
 - a. Completion of the state's required approved educational program.

- b. Documentation that the applicant meets the qualifications and requirements as established by the department of health and hospitals, office of public health, bureau of emergency medical services.
 - (2) In lieu of the evidence required by subsection (1) of this section, an applicant may submit evidence that he has been duly licensed or certified in another state, territory or country or has received military training and certification as emergency medical personnel as defined in R.S. 40:1231, and meets the qualifications and requirements established by the department of health and hospitals, office of public health, bureau of emergency medical services.
 - (3) The certificate shall be renewed every two years provided the applicant seeking renewal completes the application and meets the requirements for renewal established by the department of health and hospitals, office of public health, bureau of emergency medical services, prior to the expiration date on his current certificate. An individual whose certificate expires by his failure to renew, as provided, may be reinstated provided the applicant submits a completed application and meets any additional requirements established by the bureau for an individual who has failed to timely renew his certificate.
- (Code 1998, § 3-400.01)

Sec. 8-4. Parish qualifications to operate ambulances; equipment; penalty.

- (a) *Qualifications to operate an ambulance.*
 - (1) No person or individual shall conduct, maintain or operate an ambulance on any street, alley or public way or place in the parish, unless the ambulance is staffed with a minimum of two persons, one of whom shall be a certified emergency medical technician.
 - (2) No person or individual:
 - a. Shall provide services in any capacity on any ambulance, unless he is a licensed emergency medical responder, a licensed emergency medical technician, a licensed advance emergency medical technician, a licensed paramedic, a licensed respiratory therapist, a licensed nurse practitioner, a licensed physician assistant, a licensed occupational therapist, a licensed registered or practical nurse, or a physician.
 - b. Except as provided in R.S. 40:1235.2(A), no individual shall transport any ill or injured person on a stretcher in a vehicle that is not staffed, equipped, insured and licensed as an ambulance under this chapter or the state laws.
 - c. Shall provide services in any capacity on any ambulance unless he holds an American Heart Association Health Care Provider, or American Red Cross Professional Rescuer, or the equivalent cardiopulmonary resuscitation certification that has been approved by the department of health and hospitals.

- d. Shall transport any ill or injured person by ambulance unless the sick or injured person is attended by a licensed emergency medical technician, a licensed advance emergency medical technician, a licensed paramedic, a registered nurse, or a physician in the patient compartment.
- (3) The department of health and hospitals has promulgated rules and regulations establishing a list of required medical and safety equipment which shall be carried as part of the regular equipment of every ambulance. No person shall conduct, maintain or operate an ambulance which does not carry with it, in fully operational condition, all of the equipment included in the list, which shall be consistent with the scope of practice for emergency medical technicians established in R.S. 40:1234 and which shall be based upon the recommendations of an advisory committee known as the ambulance standards committee.
 - (4) Nothing herein shall prohibit the transportation of an injured or ill person in an ambulance or industrial ambulance staffed by persons with less than the required qualifications in an emergency situation where there is no reasonable expectation of the prompt response by an ambulance staffed by persons with the required qualifications.
 - (5) Nothing herein shall prohibit a firefighter, law enforcement officer or good Samaritan from assisting an ambulance at the scene of an emergency or while transporting a patient to a medical facility at the request of the emergency medical technician.
 - (6) Nothing herein shall prohibit an individual without the required qualifications from riding in an ambulance for the purpose of training, observation or continuing education.
- (b) *Transportation of an injured or ill individual.* Nothing herein shall be construed to prohibit the transportation of an injured or ill individual in an invalid coach in an emergency situation where there is no reasonable expectation of the prompt response of an ambulance or industrial ambulance.
- (c) *Exceptions.*
- (1) The provisions of this section shall not apply:
 - a. To ambulances operated by a federal agency of the United States government.
 - b. To ambulances which are rendering mutual aid assistance to licensed ambulances in the case of a major disaster, be it natural or manmade, in which the licensed ambulances are insufficient or otherwise not capable of coping.
 - c. To ambulances which are operated from a location outside of the state to transport patients from a location outside of the state to a location inside the parish or to transport patients from a medical facility inside the parish to a point

outside the state, but no such ambulance shall transport any patient point to point within the parish, unless it has been issued a permit by the parish, except in the case of disaster as outlined in this section.

- (2) This provision shall not apply to individuals who are employed to function on licensed air ambulances solely to act as pilots.
- (3) The provisions of this section shall not apply to industrial ambulances providing transportation to employees who become sick or injured during the course of their employment from a job site to the nearest appropriate medical facility.
- (4) Whoever violates this section shall be guilty of a misdemeanor and upon conviction shall be fined not more than \$500.00 or imprisoned for not more than 30 days or both. The penalty prescribed by this section shall be doubled for any subsequent offense.
(Code 1998, § 3-400.02)

Sec. 8-5. EMT vehicle staffing requirements.

(a) *Vehicle requirements.* Any vehicle operated as an ambulance or medical transportation vehicle for transportation within the parish on an emergency basis or dispatched through 9-1-1 operations center or called by a private individual shall meet all criteria established for emergency calls. The ambulance or medical transportation vehicle must be staffed with a minimum of two persons, one of whom shall be a licensed emergency medical technician.

(b) *Requirements of staff.*

- (1) No person or individual shall provide services in any capacity on any ambulance unless he is a licensed emergency medical responder, a licensed emergency medical technician, a licensed advance emergency medical technician, a licensed paramedic, a licensed respiratory therapist, a licensed nurse practitioner, a licensed physician assistant, a licensed occupational therapist, a licensed registered or practical nurse, or a physician.
- (2) Except as provided in subsection (b)(1) of this section, no individual shall transport any ill or injured person on a stretcher in a vehicle that is not staffed, equipped, insured and licensed as an ambulance under this subpart.
- (3) No individual shall provide services in any capacity on any ambulance without holding an American Heart Association Health Care Provider or American Red Cross Professional Rescuer or the equivalent cardiopulmonary resuscitation certification that has been approved by the department of health and hospitals.
- (4) No individual shall transport any ill or injured person by ambulance unless the sick or injured person is attended by a licensed emergency medical technician, a licensed advance emergency medical technician, a licensed paramedic, a registered nurse or a physician in the patient compartment.

(Code 1998, § 3-402.00)

Sec. 8-6. Medical society criteria to be met.

Any ambulance operating in the parish shall meet criteria established by the state as to the minimum equipment, supplies, drug lists and standardized run form.
(Code 1998, § 3-403.00)

Sec. 8-7. Required insurance coverage.

(a) Each ambulance provider, as defined in this chapter, shall continuously have in effect the following minimum amounts of insurance:

- (1) Medical malpractice liability insurance in the amount of \$500,000.00.
- (2) Automobile liability insurance in the amount of \$500,000.00 in combined single limits and \$500,000.00 in the aggregate.
- (3) General liability insurance in the amount of \$500,000.00 per occurrence and \$500,000.00 in the aggregate.

(b) At the time of filing a permit application, each ambulance provider shall submit a certificate of insurance issued by its insurance carrier as proof of the minimum insurance coverage required by this section. Each ambulance provider shall also be required to notify the parish in writing at least 30 days prior to any material change in or cancellation of such coverage.

(c) For purposes of this section, the term "ambulance provider" means any entity owning, controlling or operating any business or service which, as a substantial portion of its business, furnishes, operates, conducts, maintains, advertises, engages in, proposes to engage in, or professes to engage in, the business or service of transporting persons who may need medical attention during transport. However, the term "ambulance provider" shall not include:

- (1) Agencies of the federal government;
- (2) Volunteer nonprofit organizations or municipal nonprofit organizations operating invalid coaches, as defined in R.S. 40:1231(7);
- (3) Entities rendering assistance to licensed ambulances in the case of a major disaster;
- (4) Licensed hospitals providing nonstretcher, nonemergency, noncritical interhospital transfer and patient transportation for diagnostic and therapeutic purposes when such transportation originates at a licensed hospital;
- (5) Entities operating ambulances from a location outside of the state to transport patients from a location outside of the state to a location inside the state or to transport patients from a medical facility inside to a point outside of the state; or
- (6) Entities providing transportation to employees who become sick or injured during the course of their employment from a job site to the nearest appropriate medical facility.

(Code 1998, § 3-404.00; Ord. No. 06-1331, 7-6-2006)

Sec. 8-8. Permit required; penalty.

(a) A permit shall be an authorization to operate an emergency and/or nonemergency ambulance for transportation services within the parish. A permit shall be required for any services in which point of origination and destination are within the parish. It shall be granted to qualified providers who meet all of the requirements of this chapter, except that no permit shall be issued in the following circumstances: whenever the parish governing authority has adopted an ordinance, authorizing a contract between the parish and a specific provider of emergency and nonemergency ambulance services within the parish, and such contract has been duly executed in accordance with the enabling ordinance, a permit to operate emergency and/or nonemergency ambulance services in the parish shall not be issued, during the term of any such contract, or any extension thereof, to any other person or business applying for a permit to provide emergency and/or nonemergency ambulance services within the parish.

(b) No person, either as owner, agent or otherwise, shall furnish, operate, conduct, maintain, advertise or otherwise engage in or profess to engage in providing emergency and/or nonemergency ambulance services in this parish, including medical transportation vehicle services, unless that person holds a currently valid permit to do so as issued by the governing authority of the parish.

(c) No permit shall be issued prior to obtaining a letter from the 9-1-1 board, certifying that all of the requirements and conditions of this article have been met. Additionally, a needs assessment performed by the 9-1-1 board, which documents the need for any additional service, shall be required whenever a specific provider contract and ordinance do not currently exist or has otherwise expired.

(d) Whoever violates this section shall be guilty of a misdemeanor and upon conviction shall be fined not more than \$500.00 or imprisoned for not more than 30 days or both. The penalty prescribed by this section shall be doubled for any subsequent offense.

(Code 1998, § 3-405.00; Ord. No. 06-1331, 7-6-2006)

Sec. 8-9. Annual permit fee.

An annual fee of \$50.00 for each permit issued shall be collected by the parish permit office. (Code 1998, § 3-405.01; Ord. No. 91-1488, 9-19-1991; Ord. No. 96-2400, 3-21-1996)

Sec. 8-10. Permit not transferable.

No certificated, provisional certification, permit, temporary permit, license or temporary permit, license or temporary license issued under this section shall be assignable or transferable by the person to whom it is issued. It may be transferable only upon approval by the governing authority of the parish.

(Code 1998, § 3-405.02; Ord. No. 91-1488, 9-19-1991; Ord. No. 96-2400, 3-21-1996; Ord. No. 06-1331, 7-6-2006)

Sec. 8-11. Suspension for violators.

(a) In the event of an existing specific provider contract, the provisions of the contract shall govern any violations by the specific provider.

(b) Except in the case of a specific provider contract, a violation of any of the above sections by a permittee shall be cause for a suspension of said permit for a period of 30 days. A second or subsequent violation within a three-year period would be cause for said permit to be suspended for a period of up to 90 days. In the event of a reported violation by a permittee, the permittee shall be provided written notice of the first violation, via certified mail, notifying the permittee that unless the violation is corrected within 30 days of said notice, or a hearing is requested before the parish quality assurance panel, the 30 day suspension shall become effective at the expiration of the 30 day notice or upon the decision of the panel. In the event of a subsequent violation within a three-year period, the permittee shall be notified to appear before the parish quality assurance panel, which shall have the authority to suspend a permit for a period of up to 90 days.

Secs. 10-2—10-20. Reserved.

ARTICLE II. LIVESTOCK***Sec. 10-21. Definitions.**

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Livestock means as set forth in R.S. 3:3002 (Local Regulation of Livestock on Public Highways—Definitions), as amended, shall be effective as the definition of that term as used in this article, and shall have the same scope and effect that the term has when used in R.S. 3:3002, as amended.

Parish is defined and shown in section 2-37.

***State law references**—Stock laws, R.S. 3:2801 et seq.; local regulation of livestock, R.S. 3:2531 et seq., 3:3001 et seq.; general authority to regulate cattle, R.S. 33:1236(5).

Rove means unfenced, untethered or unattended and whereby livestock or animals roam free and unsupervised off the property of the owner or custodian thereof.

(Code 1998, § 4-023.00; Ord. No. 221; Ord. No. 231; Ord. No. 542; Ord. No. 637; Ord. No. 83-527; Ord. No. 83-528; Ord. No. 83-726; Ord. No. 84-78; Ord. No. 85-359, 3-21-1985)

Sec. 10-22. Livestock prohibited to rove.

It shall be unlawful for any owner or any other person to whom the care, custody or control of the following described livestock or animals is entrusted to allow same to rove within the boundaries of the parish. The livestock or animals prohibited to rove include, but are not limited to, any of the following species; cattle, cows, buffalo, oxen, beefalo, sheep, hogs, goats, mules, horses and asses.

(Code 1998, § 4-024.00; Ord. No. 221; Ord. No. 231; Ord. No. 542; Ord. No. 637; Ord. No. 83-527; Ord. No. 83-528; Ord. No. 83-726; Ord. No. 84-78; Ord. No. 85-359, 3-21-1985)

Sec. 10-23. Enforcement.

(a) *Impoundment.* It shall be the duty of the sheriff of the parish to round up or collect any such livestock or animals allowed to rove, or found roving, in the parish. The sheriff shall transport same to a central corral or holding station which is under his control and/or supervision and shall hold same for reclaiming by the owner thereof for a period not to exceed 30 calendar days.

(b) *Notification of owner; reclamation.* The sheriff shall attempt to notify the owner thereof of the impoundment provided there is any brand or identification on the animal, or if the sheriff or any of his deputies have knowledge of the identity of the owner, however he is not obligated to make a search for the owner beyond that recited. If the owner is not known or cannot be found, the sheriff shall give notice by advertising in a newspaper of general circulation within the parish setting forth the name and address of the person taking up the livestock, the fact and location of the taking of possession and the place where the livestock is impounded, a description of the livestock as to kind, sex, marks, brand, color, and apparent age, the amount of the charges due for feeding and caring for the livestock, the amount of the fee for taking the livestock, and that the owner is unknown, or if known, that he cannot be located. This advertisement shall notify any person claiming to be the owner of such livestock to appear before the sheriff at a place named in the advertisement within 15 days from the date of the notice to prove such claim or ownership. If the owner appears and proves to the satisfaction of the sheriff that he is the owner of the stock impounded, the sheriff shall require the owner to pay the fees and costs provided for in subsection (c) of this section, together with the costs of advertisement.

(c) *Fees.* The sheriff shall be entitled to a fee of up to \$50.00 for the rounding up and transportation to the site of impoundment for each animal impounded. Additionally, the sheriff is entitled to receive up to \$10.00 per day per animal for the feeding of each animal, together with such additional sums as may be required to reimburse the sheriff for veterinary or medical care, including any expenses related thereto.

(d) *Sale at public auction.* In the event that the owner cannot be notified, or the owner does not claim the animal impounded and pay the fees provided for herein, the sheriff shall advertise the impounded animals for sale in a newspaper of general circulation in the parish where the sale is to take place, the fact of said sale, the date, and the place of the sale. The place of the sale shall be at some place open to the general public within the parish of impoundment or the nearest sale or auction barn to the place of impoundment, either in the parish of impoundment or in the parish adjoining parish of impoundment, and the sale shall take place within ten days after publication of one notice of said sale. The impounded livestock shall be auctioned to the last and highest bidder for cash.

(e) *Sales expenses.* From the price of the said sale shall be paid the sale expenses, including any commissions due to the auction agent and expenses set out in subsection (c) of this section and the balance of any funds shall be paid to the general fund of the parish sheriff's department.

(Code 1998, § 4-025.00; Ord. No. 221; Ord. No. 231; Ord. No. 542; Ord. No. 637; Ord. No. 83-527; Ord. No. 83-528; Ord. No. 83-726; Ord. No. 84-78; Ord. No. 85-359, 3-21-1985; Ord. No. 88-909, 2-18-1988)

Sec. 10-24. Liability.

Neither the sheriff nor his deputies, agents, servants and employees, nor any person shall be liable for any injury which any such livestock or animal may receive while it is being taken up or maintained in custody pending reclaiming or from the sale thereof after advertisement.

(Code 1998, § 4-026.00; Ord. No. 221; Ord. No. 231; Ord. No. 542; Ord. No. 637; Ord. No. 83-527; Ord. No. 83-528; Ord. No. 83-726; Ord. No. 84-78; Ord. No. 85-359, 3-21-1985)

Sec. 10-25. Violations.

(a) It shall constitute a misdemeanor for the owner or person to whom the care, custody and control of livestock or animals governed by the provisions of this article is entrusted to allow same to rove within the boundaries of the parish.

(b) It shall be a misdemeanor for any person to interfere with the enforcement of this article.

(c) Additionally, the owner or custodian thereof may be civilly liable for any damage caused or done by roving animals or livestock to the person or property of another.

(Code 1998, § 4-027.00; Ord. No. 85-359, 3-21-1985)

Sec. 10-26. Defense to charge of violation.

It shall be a defense to the charge of violation of this article if the roving of animals or livestock is not due to the fault of the owner or custodian thereof, for example, should a fence

be broken and the animals escape by an act of God or by vandalism of others and same could not be reasonably detected nor repaired; however, neglect or deterioration thereof shall not be a defense.

Sec. 10-561. Prohibited acts, exceptions; encouraged treatment of birds.

(a) *Prohibited.*

- (1) It shall be unlawful and a violation of this division for any person to hunt, trap, shoot, snare, cage, intimidate or molest any bird or wildlife, or to rob the nests of any wild bird or lairs of any wildlife within the above described areas; provided however, that same shall not apply to any bird or animal kept and maintained as a house pet and sold for such purpose by any bona fide pet store, nor to any birds or animals which constitute a nuisance to property and/or health. The feeding and care of birds and wildlife is permitted and encouraged.
- (2) It shall be unlawful for any person to discharge any firearm, gun or other weapon by which a bullet or projectile is launched by means of igniting gunpowder, compressed air, or gas, within a 400-foot perimeter zone of any designated parish bird and wildlife sanctuary.

(b) *Definitions.* For the purpose of this section, the following terms, words and phrases shall have the meanings ascribed to them in this subsection, unless the context clearly indicates different:

Firearms mean any handgun, pistol, revolver, rifle, shotgun, or musket of any caliber, machine gun, pellet gun, BB gun, or other mechanism which launches a bullet or any other type of projectile by means of igniting gunpowder, compressed air or gas.

Parish bird and wildlife sanctuary means those portions or parcel of ground located in the unincorporated area of the parish specifically declared and designated to be parish bird and wildlife sanctuary as described herein.

Perimeter means that area surrounding and incorporating all boundaries of Kings Forest Subdivision (present and future phases as developed), measured in a straight line outward a distance of 400 feet from the front, rear and two side lines, as shown on the subdivision plot, and being designated as parish bird and wildlife sanctuary.

(c) *Signs.* It shall be the sole obligation and expense of homeowners residing in the referenced subdivisions to obtain and place appropriate signs indicating a "St. Tammany Parish Bird and Wildlife Sanctuary". Permission is granted to place said signs on parish roads or rights-of-way, provided written approval therefor is first had and obtained from the department of public works.

(d) *Exemption.* Exempt herefrom are any law enforcement officers or agents and officials of state and federal agencies engaged in the pursuit of their duties, or any citizen lawfully discharging a weapon for the purpose of defending his life or property.

(e) *Violation; penalty.* Any violation of this section shall constitute a misdemeanor punishable in accordance with section 1-9.

ARTICLE IV. ANIMAL CONTROL AND WELFARE

Sec. 10-641. Applicability.

This article shall be known as the St. Tammany Parish Animal Control and Welfare Ordinance. The provisions of this article shall be in force throughout the unincorporated areas of the parish.

(Code 1998, § 4-120.00; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-120.00), 6-2-2016)

Sec. 10-642. Definitions.

For the purpose of this article, the following terms, phrases, words, and derivations shall have the meaning given herein, unless it shall be apparent from the context that a different meaning is intended:

Abandon means to completely forsake and desert an animal previously under the custody or possession of a person without making reasonable arrangements for its proper care, sustenance, and shelter.

State law reference—Similar provision, R.S. 14:102(2).

Administrative hearing means a hearing before the administrative hearing officer of the bureau of administrative adjudication, section 2-542.

Animal means any living creature except human beings, including, but not limited to, mammals, birds, fowls, reptiles and fish, except when referring specifically to the control of rabies when the term "animal" shall mean only mammals.

Animal control officer means an employee of the parish with enforcement authority as set forth in section 10-643.

Animal establishment means a facility operated as a pet shop, grooming shop, commercial, public, or private kennel, boarding or training animals for any purpose. Animal shelters operated by public authorities or veterinary medical facilities, accredited zoos or accredited institutions of higher learning are exempt from this definition. Animal establishments must be in compliance with all applicable zoning, land use and permit regulations, and must obtain a permit pursuant to section 10-667.

Animal shelter means the parish shelter that is operated by the parish department of animal services, as designated by the parish council.

At large. An animal shall be deemed to be at large when:

- (1) The animal is off the premises of its owner or keeper and not under the immediate control of a responsible person; or
- (2) The animal is left unattended while outdoors and upon unenclosed land.

Bite means any abrasion, puncture, tear or piercing of the skin actually or suspected of being caused by an animal.

Breeder means a person who breeds specific animals. An individual who breeds or raises, on his own premises, not more than a single litter of pups or kittens per year shall not be considered to be a commercial breeder for the purposes of this article.

Cat means any member of the *Felis catus* classification of the *Felidae* species (i.e., any domestic member of the feline family).

Commercial kennel/breeder means any person, partnership, or corporation engaged in the commercial breeding of animals for sale individually or in litter lots, or in the boarding, training, sale or hire of animals for compensation, or operation of a guard dog service. Animal hospitals operated by licensed veterinarians as a part of the practice of veterinary medicine, shelters operated by public authorities, and tax-exempt humane organizations shall not be considered commercial kennels. Commercial kennels/breeders must be in compliance with all applicable zoning, land use and permit regulations, and must obtain a permit pursuant to section 10-667.

Commercial livery stable means any stable where a charge is made for the use of any animal or where instructions in riding or the use of equine species are given for a fee. Commercial livery stables must be in compliance with all applicable zoning, land use and permit regulations.

Commercial stable means any stable where any charges are made to accommodate equine species. Commercial stables must be in compliance with all applicable zoning, land use and permit regulations.

Companion animal means an animal that is commonly considered a pet, or is considered by the owner to be a pet, including canines and felines.

Cruelty means every act or failure to act whereby unjustifiable physical pain or suffering is caused or permitted.

State law reference—Similar provision, R.S. 3:2462(2).

Dangerous animal means any animal that has been classified as a dangerous animal in accordance with the requirements and procedures set forth in the dangerous animal section of this article.

Dealer means any person, not a public entity, who, as a business, sells, exchanges, or donates or offers to sell, exchange, or donate animals to any person, including another dealer, pet shop, research facility or corporation.

Department means the parish department of animal services.

Dog means any member of the *Canis familiaris* classification of the *Canidae* species (i.e., any domestic member of the canine family).

Enclosure, except in the case of a primary enclosure or a secure enclosure or pen required for dangerous animals, means a fence or structure, whether or not it is located along the boundary of the property, that is constructed in such a manner as to:

- (1) Prevent any unattended animal, while outdoors and upon the premises of its owner or keeper, from going beyond or outside of the boundaries of the property; and
- (2) Not allow ready and unobstructed access to the animal by the general public.

Enclosure for dangerous animals; secure enclosure means a securely enclosed and locked pen or structure that must be designed and constructed to prevent the dangerous animal from escaping and from coming into contact with either a human being, other than the owner or keeper, or any other animal. The materials used to construct the enclosure or pen must prevent the animal from escaping by digging out, going over and going through the enclosure. The enclosure or pen shall provide a humane existence for the animal, protection from the elements, provide adequate exercise room, light and ventilation and shall be kept in a clean and sanitary condition. Additionally, in the case of a dangerous animal, the pen or structure must have minimum dimensions that measure four feet wide, ten feet long and six feet high. Such pen or structure shall have sides that are securely embedded in concrete, a secure top, and a bottom or floor that is permanently attached to the sides.

Enclosure, primary, means any structure used to immediately restrict an animal to a limited amount of space, such as a room, pen, run, cage, compartment or hutch.

Euthanasia means the humane destruction of an animal accomplished by a method that involves instantaneous unconsciousness and immediate death or by a method that involves anesthesia, produced by an agent which produces painless loss of consciousness, and subsequent death during such loss of consciousness.

Excessive animal noise means excessive or untimely barking, howling, yelping, or other animal noise that is unreasonably loud and intrusive or disturbing and which essentially interferes with the right of privacy within one's home or unreasonably interferes with the use of one's residential property, which is defined to include single-family, duplex or multifamily dwellings, nursing homes, outpatient surgical facilities and similar facilities.

Excessive odor means all obnoxious odors and stench of such unreasonable intensity and duration that it prevents or essentially interferes with a person's ability to use or enjoy his property.

Exposed to rabies. An animal has been exposed to rabies if it has been bitten by a known rabid animal or if it has been in contact with any animal known or suspected of being infected with rabies.

Grooming shop means a commercial establishment where animals are bathed, clipped, plucked or otherwise groomed. Grooming shops must be in compliance with all applicable zoning, land use and permit regulations, and must obtain a permit.

Impounded means taken into the custody of the parish department of animal services.

Livestock means cattle, buffalo, bison, oxen, and other bovine; horses, mules, donkeys, and other equine; sheep; goats; swine; domestic rabbits; fish, turtles, and other animals identified with aquaculture that are located in artificial reservoirs or enclosures that are both on privately owned property and constructed so as to prevent, at all times, the ingress and egress of fish life from public waters; imported exotic deer and antelope, elk, farm-raised white-tailed deer,

farm-raised ratites, and other farm-raised exotic animals; chickens, turkeys, and other poultry; and animals placed under the jurisdiction of the commissioner of agriculture and forestry and any hybrid, mixture, or mutation of any such animal.

Owner means any person, partnership, business, corporation, firm, investment stock company, association or other legal entity owning, keeping or harboring any animal or having in his care an animal on or about his premises.

Pet means a domesticated animal kept for companionship rather than primarily being kept for utility; for the purposes of this article, livestock shall not be included in the classification of pet.

Pet shop means any person or entity that sells at retail, animals bred by others or by a commercial breeder whether as owner, agent or on consignment, and that sells or offers to sell such animals to the general public at retail. Pet shops must be in compliance with all applicable zoning, land use and permit regulations, and must obtain a permit.

Police service dog or any dog affiliated with police service means any dog which is owned, or the service of which is used, by any law enforcement agency for the purpose of aiding in the detection of criminal activity, enforcement of laws, apprehension of offenders, or the location of missing individuals.

Private kennel means any person who maintains, within or adjoining his residence, a kennel housing more than five animals over four months of age, which animals are for that person's personal or recreational use or for exhibition in conformation shows, or field or obedience trials, and where the sale of offspring is not the primary purpose or function of the kennel. Private kennels must be in compliance with all applicable zoning, land use and permit regulations, and must obtain a permit.

Private stable means any stable operated by or for a private owner where no charge is made or other compensation is made for the use of facilities. Private stables must be in compliance with all applicable zoning, land use and permit regulations.

Proper food means providing each animal with daily food of sufficient quality and quantity to prevent unnecessary or unjustifiable suffering by the animal.

State law reference—Similar provision, R.S. 14:102(3).

Proper shelter means providing each animal with adequate shelter from the elements as required to prevent unnecessary or unjustifiable suffering by the animal. In the case of a pet or companion animal that is kept outdoors, a shelter must have a minimum of three sides, a waterproof roof and a dry floor. Such shelter shall provide proper protection from the sun, rain, cold and the wind. Housing for animals shall be structurally sound and maintained in

good repair. Housing for the animal shall allow, as a minimum, enough room for the animal to stand, sit and to turn around comfortably. Proper housing shall always remain easily accessible to the animal at all times.

State law reference—Similar provision, R.S. 14:102(5).

Proper veterinary care means providing each animal with veterinary care sufficient to prevent unnecessary or unjustifiable physical pain or suffering by the animal. An animal exhibiting symptoms such as persistent vomiting or diarrhea should be afforded veterinary care. An animal shall be afforded veterinary care if known or suspected to have suffered an injury, accidental or deliberate, and exhibits such signs as shock, swelling, broken bones, open wounds, blistering, partial or total paralysis, bleeding or other such signs, or animals who are debilitated and weakened or those exhibiting symptoms of bloat or other life-threatening illnesses. An animal who has exhibited signs of severe parasitic infestation or disease such as infection, discharge, weight loss, abnormal skin condition or hair loss, tremors, inability to bear weight on a limb or lameness or any other such sign over a period of 24 hours or more must be afforded veterinary care within 24 hours. This does not apply to conditions that are chronic or permanent and that have previously been diagnosed and treated or are under veterinary care.

State law reference—Similar provision, R.S. 14:102(6).

Proper water means providing each animal with daily supply of clean, fresh, potable water in a sanitary manner and in a sufficient quantity to prevent unnecessary or unjustifiable suffering by the animal.

State law reference—Similar provision, R.S. 14:102(4).

Public auction means any place or location where animals are sold at auction to the highest bidder regardless of whether such animals are offered as individuals, as a group or by weight.

Public kennel means a place or establishment other than the parish animal shelter, where animals not owned by the proprietor are sheltered, fed and watered in return for a fee as a business and is of access to the public. Public kennels must be in compliance with all applicable zoning, land use and permit regulations, and must obtain a permit.

Running loose, free or at large means not under the immediate control of a competent person and restrained by a substantial chain or leash. Electronic leashes utilizing an electrical charge as a means of restraint shall not serve as a replacement for a tangible chain or leash.

Serious bodily injury means bodily injury which involves unconsciousness, extreme physical pain or protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ or mental faculty, or a substantial risk of death.

Service animal means any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Tasks performed can include, among other things, pulling a wheelchair, retrieving dropped items, alerting a person to a sound, reminding a person to take medication, or pressing an elevator button. Emotional support animals, comfort animals, and

therapy dogs are not service animals under Title II and Title III of the ADA. Other species of animals, whether wild or domestic, trained or untrained, are not considered service animals either. The work or tasks performed by a service animal must be directly related to the individual's disability. It does not matter if a person has a note from a doctor that states that the person has a disability and needs to have the animal for emotional support. A doctor's letter does not turn an animal into a service animal.

Severely injured means any animal which because of major trauma, broken bones, blood loss or other easily apparent life-threatening condition, will not be expected to live and is in severe pain or suffering.

Stable includes any building, barn, or other premises whatsoever at which equine species are kept or from where they are let out for hire, working, training or riding, or from which equine species are provided and used to give instruction in riding, or where equine species are boarded. The term "stable" includes existing stables as well as new construction. Stables must be in compliance with all applicable zoning, land use and permit regulations.

Terminally ill means any animal that, because of apparent sickness or condition, is not expected to live and is in dire physical distress.

Unenclosed land means any occupied or unoccupied lot or parcel of land that does not have a fence or structure that meets the above definition of enclosure.

Vaccination means inoculation with a recognized anti-rabies vaccine, approved by the state department of health and hospitals (DHH).

Vicious animal means any animal previously classified as a dangerous animal, in accordance with the dangerous animal section of this article, and which is subsequently classified as a vicious animal in accordance with the requirements and procedures set forth in the vicious animal section of this article.

Wild or exotic animal means any live monkey, primate, raccoon, skunk, wolf, wolf-hybrid, squirrel, fox, fox-hybrid, coyote, coyote-hybrid, leopard, panther, tiger, lion, lynx or any other warm-blooded animal, bird, venomous snake, reptile, amphibian, or spider, which can normally be found in the wild state, or any crocodilian including, but not limited to, alligators, crocodiles, caimans and gavials. Ferrets, non-venomous snakes with a length not greater than six feet, rabbits, rodents and birds which have been bred and raised in captivity and which have never known the wild shall be excluded from this definition.

(Code 1998, § 4-121.00; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 11-2616, 11-03-2011; Ord. No. 16-3515, exh. A(4-121.00), 6-2-2016)

Sec. 10-643. Enforcement authority.*(a) Animal control officers.*

- (1) The animal control officers of the parish department of animal services (DAS) are employees of the parish who are authorized and empowered to administer and enforce the provisions of this article.
- (2) Any animal control officer is empowered to administer and enforce the provisions of this article that are within the jurisdiction of the bureau of administrative adjudication, and may seek the enforcement of any criminal violation of this article through the office of the district attorney of the 22nd Judicial District.
- (3) Any animal control officer who, if P.O.S.T. certified, shall exercise regular police powers of the state granted to law enforcement officers and shall be empowered to enforce all animal-related crimes defined by this article or state law including but not limited to animals at large, animal cruelty, dogfighting, animal theft, or any law or ordinance governing animal disease control. Any officer who has met the qualifications of P.O.S.T. and was P.O.S.T. certified on or after January 1, 2000, and has maintained firearm qualifications and worked continuously for a parish animal control agency shall be deemed to be P.O.S.T. certified (R.S. 3:2501).

(b) Sheriff of the parish. Nothing contained herein is intended to or shall abrogate or supersede the general police authority vested in the parish sheriff. The authority granted to P.O.S.T. certified employees of the parish department of animal services shall exist and be exercised concurrently with the general police authority vested in the sheriff. Said concurrent authority shall include enforcement of all sections of this article and the issuance of citations for violations.

(c) Interference with enforcement.

- (1) It shall be unlawful for any person to knowingly hinder, resist or oppose any animal control officer or employee in the performance of his duties.
- (2) It shall be unlawful for any person to knowingly interfere with or damage any animal trap owned or used by the animal control center or to molest or release an animal caught therein.

(Code 1998, § 4-122.00; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-122.00), 6-2-2016)

State law reference—Animal control agency officers generally, R.S. 14:2501 et seq.

Sec. 10-644. Offenses, procedures and penalties strictly governed by state law.

(a) Aggravated cruelty to animals. The crime of aggravated cruelty to animals shall be enforced in accordance with the authority, definitions, provisions and procedures that are currently set forth in R.S. 14:102 and 14:102.1 through 14:102.4, and any subsequent amendments thereto.

(b) *Dogfighting*. The crime of dogfighting shall be enforced in accordance with the authority, definitions, provisions and procedures that are currently set forth in R.S. 14:102.5 through 14:102.7, and any subsequent amendments thereto.

(c) *Injuring or killing of a police animal*. The crime of injuring or killing a police animal shall be enforced in accordance with the authority, definitions, provisions and procedures that are currently set forth in R.S. 14:102.8, and any subsequent amendments thereto.

(d) *Cockfighting*. The crime of cockfighting shall be enforced in accordance with the authority, definitions, provisions and procedures that are currently set forth in R.S. 14:102.23, and any subsequent amendments thereto.

(Code 1998, § 4-123.00; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-123.00), 6-2-2016)

Sec. 10-645. General duties of all animal owners.

(a) It shall be the duty of every owner of any animal or anyone having any animal in his possession or custody to exercise reasonable care and to take all necessary steps and precautions to protect other people, property, and animals from injuries or damage which might result from their animals' behavior, regardless of whether such behavior is motivated by mischievousness, playfulness, or ferocity.

(b) It shall be the duty of every owner of any animal or anyone having any animal in his possession or custody to care for said animal in a humane fashion and provide it with proper water, proper food, proper shelter, proper veterinary care and safe surroundings.

(c) In the event that the owner or keeper of any animal is a minor, the parent or guardian of such minor shall be responsible to ensure that all provisions of this article are complied with. (Code 1998, § 4-124.00; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-124.00), 6-2-2016)

Sec. 10-646. Public nuisance.

Every owner or keeper of animals shall exercise proper care and control of such animals so as to prevent them from creating or becoming a public nuisance. A violation of any of the following provisions shall constitute a public nuisance and is strictly prohibited:

- (1) *Excessive noises*. Excessive or untimely barking, howling, yelping, or other animal noise that is unreasonably loud and intrusive or disturbing and which essentially interferes with the right of privacy within one's home or unreasonably interferes with the use of one's residential property, which is defined to include single-family, duplex or multifamily dwellings, nursing homes, outpatient surgical facilities and similar facilities.
- (2) *Attack*. Attacking or molesting a person or animal or chasing vehicles.

- (3) *Animals at large.* No person shall suffer or permit any animal in his possession, or kept by him about his premises, to run loose, free or at-large on any street, sidewalk, alleyway, highway, common or public square, or upon any unenclosed land, or trespass upon any enclosed or unenclosed lands of another. The term "running loose, free or at large" means not under the immediate control of a competent person and restrained by a substantial chain or leash. Nothing in this part is intended to prevent any citizen of this state from lawfully hunting with a dog, provided the dog is accompanied by the owner or keeper.
- (4) *Enticing or releasing animals.* It shall constitute a violation of this article for any person to release any animal from, or to entice any animal to leave, the property of the owner or keeper of such animal.
- (5) *Scratching on or digging into or urinating or defecating upon lawns, shrubs, buildings or any property, either public or private, other than property of the owner or keeper.* In the case of nuisance by defecation, whether such nuisance shall take place in the presence of the owner or keeper or not, the owner or keeper must promptly remove all feces and dispose of them in a sanitary manner or be considered to be in violation of the provisions of this article.
- (6) *Premises maintained.* Premises on which animals, including fowl, are kept shall be maintained so as to prevent all obnoxious odors and stench of such unreasonable intensity and duration that it prevents or essentially interferes with a person's ability to use or enjoy his property, or the presence or breeding of flies, mosquitoes and other pests. Provisions shall be made for the removal and disposal of animal and food wastes, bedding, dead animals and debris. Disposal facilities shall be so provided and operated as to minimize vermin infestation, odors and disease hazards.
- (7) *Animals in heat.* Every female dog or cat in heat shall be confined so that the animal cannot come into contact with an un-neutered male, except for planned breeding.
- (8) *Cleanliness of containment areas.* All animal containment areas shall be maintained in order that excessive fecal matter and urine does not build up and create unsuitable living conditions for the animal and humans who enter the containment area; and does not create a health hazard and/or excessive odor. All animal containment areas should remain free of excessive water buildup and/or excessive flooding or continuous standing water.
- (9) *Dogs on school grounds.* Owners shall not permit their dogs on any school ground when school is in session, unless specifically authorized by the school board or principal.
- (10) *Animals in restaurants.* Dogs or other animals shall not be permitted in restaurants or other places serving food, establishments selling food or edible products, or in any place of business when prohibited by the owner of the business. This provision shall not apply to service animals.

- (11) *Animals as prizes.* Giving live animals as prizes is strictly prohibited and it shall be unlawful for any person to give away an animal as an advertising device, or as a game prize at any fair, festival or charity event. Raffling or auctioning an animal shall be permitted provided monetary consideration is given in exchange for a chance of winning the animal. For the purposes of this section, an animal shall include, but is not limited to, fish, rabbits, birds, cats and dogs.
- (12) *Animals restricted from parades and other public events.* Pets, animals or reptiles, other than those that have been authorized to participate in a parade or other public event by the organizer thereof, are prohibited from being within 150 feet of the parade route or the site of such public events for the duration of the parade or event.
- a. This prohibition shall apply to any pet, animal or reptile that is not within an enclosure on the property of the owner or keeper, even if it is under the immediate control of the owner or keeper by means of a leash, cage or hutch, for example.
 - b. In the case of a parade route, the distance is measured from the outer edge of the sidewalk or hard surface of the road or street (i.e., the concrete or asphalt) of the designated route.
 - c. In the case of the site of a public event, the distance is measured from the fence surrounding the site of the event or, if there is no fence, the boundary line of the property where the event is being held.
 - d. For the purposes of this prohibition, the duration of the parade or event shall include a two-hour period of time before the scheduled commencement of the parade or event and a two-hour period of time after the parade or event has ended.
- (13) *Prohibited.* No person shall sell, exchange, barter, trade, lease, rent, give away, or display for such purposes any live animal on any roadside, public right-of-way, parkway, median, park, playground, or other recreational area, flea market, commercial or retail parking lot, or property adjacent to such locations, that is generally accessible to the public, regardless of whether such access is authorized or not. Exception: This section shall not apply to humane societies, animal welfare groups, animal control agencies or non-profit organizations sponsoring animal adoption events.
- (14) *Penalties and enforcement for violating this section.*
- a. *Misdemeanor enforcement.* Whoever violates any provision of this section, or fails or neglects to perform any duty imposed by it, shall be fined not less than \$25.00 nor more than \$500.00, or imprisoned for not more than 30 days, or both. Additionally, upon conviction, such person shall be required to pay all court costs and the court may, in its discretion, order the payment of any reasonable costs incurred in the enforcement thereof, including the costs of boarding the animal and necessary medical care.

- b. *Administrative enforcement.* In lieu of, or in addition to, enforcement under the misdemeanor provisions of subsection (14)a of this section, whoever violates any provision of this section, or fails or neglects to perform any duty imposed by it, may be served with notice to appear before the parish administrative hearing officer in accordance with the provisions governing the bureau of administrative adjudication, section 2-542. If a particular section of this article provides for notice and hearing, the notice and hearing shall be governed by those provisions. In all cases where an animal is impounded, the hearing officer may order the payment of the costs of boarding and necessary medical care in addition to any other order.

(Code 1998, § 4-125.00; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 09-2163, 11-5-2009; Ord. No. 16-3515, exh. A(4-125.00), 6-2-2016)

Sec. 10-647. Animals at large; leash law.

It shall be unlawful for any person to suffer or permit any animal in his possession, or kept by him about his premises, to run loose, free or at-large on any street, sidewalk, alleyway, highway, common or public square, or upon any unenclosed land, or trespass upon any enclosed or unenclosed lands of another. The term "running loose, free or at large" means not under the immediate control of a competent person and restrained by a substantial chain or leash. Electronic leashes utilizing an electrical charge as a means of restraint shall not serve as a replacement for a tangible chain or leash.

(1) *Confinement by owner.*

- a. *Enclosure.* When not confined within the owner or keeper's dwelling or being exercised or transported outside the owner or keeper's premises, all animals owned or kept in the unincorporated portions of St. Tammany Parish shall be confined within an enclosure, which means a fence or structure, whether or not it is located along the boundary of the property, that is constructed in such a manner as to:
1. Prevent any unattended animal, while outdoors and upon the premises of its owner or keeper, from going beyond or outside of the boundaries of the property; and
 2. Not allow ready and unobstructed access to the animal by the general public. Electronic fences, incorporating the use of electrical charges as a means of restraint of an animal within a yard-like perimeter, may only be used as a secondary means of restraint and not as a replacement for actual fencing material or an enclosure.
- b. *Tethering of animals.* An owner or keeper of an animal, other than one deemed dangerous or vicious, may tether said animal only in a fashion conforming to the method indicated below:
1. Tethering shall only be used as a secondary means of restraint and shall not serve as an alternative to the enclosure requirements.

2. Tethering must occur only on a type configuration which permits the animal to move freely in all directions.
 3. Tethering must occur only with a lead rope, chain or cable at least 12 feet in length.
 4. Tethering must occur in an open area free of any choking hazards such as trees, bushes, poles, or other obstructions, with the exception of the object to which the lead is joined.
 5. Tethering by means of a lead rope, chain or cable that weighs more than one-eighth of the total body weight of the animal is strictly prohibited.
- (2) *Seizure and impoundment.* Any citizen may, or the sheriff, constable, or animal control officer shall seize any animal found to be at large. Any such animal may be turned over to the parish department of animal services. Animals found at large by the department of animal services may be seized and impounded; or as an alternative, the animal may be seized and returned to the owner or keeper and a notice of violation of this section may be issued to the owner or keeper.
- (3) *Penalties and enforcement for violating this section.*
- a. *Misdemeanor enforcement.* Whoever violates any provision of this section, or fails or neglects to perform any duty imposed by it, shall be fined not less than \$25.00 nor more than \$500.00, or imprisoned for not more than 30 days, or both. Additionally, upon conviction, such person shall be required to pay all court costs and the court may, in its discretion, order the payment of any reasonable costs incurred in the enforcement thereof, including the costs of boarding the animal and necessary medical care.
 - b. *Administrative enforcement.* In lieu of, or in addition to, enforcement under the misdemeanor provisions of subsection (3)a of this section, whoever violates any provision of this section, or fails or neglects to perform any duty imposed by it, may be served with notice to appear before the parish administrative hearing officer as set forth in section 2-542. The fine shall be not less than \$25.00 nor more than \$500.00 and the payment of any reasonable costs incurred in the enforcement thereof, including the costs of boarding the animal and necessary medical care.
- (4) *Escaped dogs and cats.* Should any dog or cat while at large be captured, or is sought to be captured, by officers of the department of animal services, and such dog or cat escapes said officers by entering the premises of the owner or keeper, the penalty and enforcement provisions of subsection (3) of this section shall be applicable. Should such dog or cat escape by entering the premises of a person other than the owner or keeper, and the person refuses to deliver such dog or cat to the animal control officer of

the department of animal services, the refusal shall be a violation of this article and such person shall be subject to administrative enforcement and the civil penalties provided for in subsection (3)b of this section.

- (5) *Redemption of impounded dogs or cats found at large.* The disposition and processing of any dog or cat found at large shall be in accordance with the provisions set forth in section 10-649(b).
- (6) *Dangerous and vicious animals.* Owners or keepers of dangerous and vicious animals shall be subject to the provisions and requirements set forth in sections 10-659 and 10-664.
- (7) *Exceptions.* Nothing in this section is intended to prevent any citizen of this state from lawfully hunting with a dog, provided the dog is accompanied by the owner or keeper, including recognizable breeds of hunting dogs when in the process of tracking or retrieving of game, during a properly supervised hunt, said breeds being hounds, retrievers, spaniels, setters and pointers.

(Code 1998, § 4-126.00; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-126.00), 6-2-2016)

Sec. 10-648. Licensing; registration; vaccination and tags.

(a) *License required; tag.* It shall be the duty of the owner or keeper of every dog, cat and ferret over three months old to register same with the parish department of animal services by the purchase of a license tag. Such license tag shall be dated and indicate the number of the license tag issued for the animal at the time it is vaccinated by a licensed veterinary or licensed veterinary technologist with appropriate anti-rabies vaccine at the owner's expense. The license tag shall indicate the current calendar year. The license tag shall be fastened to the animal's collar or harness and worn at all times. The license must be renewed annually and no animal shall be vaccinated without the issuance of a license or licensed without a current rabies vaccination.

(b) *Fees.* The annual fee for registration, licensing and issuance of tags shall be \$8.00 for each sterilized animal and \$20.00 for each non-sterilized animal. In the event a license tag is lost, a duplicate tag may be issued for a replacement fee of \$1.00 upon presentation of the original license receipt to the issuing agency. Veterinarians collecting such annual fees are entitled to retain \$2.00 from the fees collected for each tag issued to defray the administrative costs. At the beginning of each calendar year, the department of animal services shall be authorized to adjust the current fees, which adjustment shall be based on the actual cost to board, sterilize, vaccinate and microchip the animals as demonstrated by the costs incurred during the prior calendar year. The department of animal services shall annually post the current fees on the parish website, as well as in the public waiting area at the shelter.

(c) *Exemptions.* Fee-exempt registrations may be issued for the following:

- (1) Police, sheriff's department or other law enforcement dogs.
- (2) Service animals.
- (3) Licensed veterinary, vet or clinic animals in conduct of business.
- (4) Any person or entity that has a current animal establishment permit.

(d) *Hunting and show animals.* Animals used for hunting, on exhibition at American Kennel Club or other approved shows engaged in a specific "animal club" sponsored race or trial, or such animals while being transported to and from such events need not wear their collars nor their tags.

(e) *Counterfeiting and unauthorized use of tags prohibited.* Any person who counterfeits or imitates the license tag as provided by the parish department of animal services, or any person who shall put on an animal any such counterfeit or imitation tag, or who shall use a license tag on an animal for which it was not issued, shall be subject to the penalties provided for in subsection (g)(2) of this section.

(f) *Financial responsibility.* The department of animal services shall be responsible for the procurement, distribution and registration of license tags and shall have responsibility for the collection, accounting, administration and reporting of all fees, fines and penalties collected under the provisions of this article, excluding court assessed costs, fees and penalties.

(g) *Penalty for violating this section or disturbing dog's collar or tag.*

- (1) Except as otherwise provided in subsection (g)(2) of this section, whoever violates any provision of this section, or fails or neglects to perform any duty imposed by it, shall be fined not less than \$25.00 nor more than \$100.00 and the costs of prosecution or enforcement, or imprisoned for not more than 30 days, or both.
- (2) Any person who counterfeits, imitates or alters the license tag provided by the department of animal services, or any person who removes a license tag from any dog properly registered as herein provided for, or uses a license tag on an animal for which it was not issued, shall be fined not more than \$100.00 and the costs of prosecution or enforcement, or imprisoned for not more than 30 days, or both. Each counterfeit, imitation, alteration, removal or unauthorized use of a license tag shall constitute a separate violation.

(h) *Administrative hearing authorized.* In lieu of, or in addition to, enforcement of the criminal penalties as set forth in subsection (g) of this section, a violation of the provisions of this section may be enforced through the administrative hearing process of the bureau of administrative adjudication. Any civil fine imposed for a violation of this section shall be in accordance with the fine and costs set forth in subsections (g)(1) and (2) of this section.

(Code 1998, § 4-127.00; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-127.00), 6-2-2016)

Sec. 10-649. Policies and procedures; adoptions; animals in the custody of the department of animal services.

(a) *Definitions.* As used in this section the following words shall have the following meanings ascribed to them:

Adopter means a person who is legally competent to enter into a contract and who is adopting an animal from the releasing agency.

Adult animal means any animal that has reached the age of 180 days or more.

Out-of-parish releasing agency means any humane society, animal shelter and animal rescue organization or group, whether or not a duly created legal entity, which brings animals from outside the parish or state into unincorporated St. Tammany Parish for the purpose of having such animals adopted. The term "out-of-parish releasing agency" does not include any humane society, animal shelter or animal rescue organization or group that is located in, domiciled in or has its principal place of business in the parish.

Releasing agency means the department of animal services. The term "releasing agency" does not include an individual who occasionally renders humane assistance or shelter in the individual's home to an animal.

Sterilization means the surgical removal of the reproductive organs of an animal in order to render the animal unable to reproduce.

(b) *Animals brought to the department of animal services (DAS).*

- (1) *Unwanted animals.* Owners of unwanted animals may relinquish (i.e., sign over) ownership of such animal to the department of animal services at no cost to the owner. Any unwanted animal will immediately be put up for adoption, provided it has been deemed adoptable by the department of animal services. Animals that are put up for adoption will be held as long as possible. However, if the animal is deemed not to be adoptable, or the animal is terminally ill or severely injured when brought in, the animal may be euthanized.
- (2) *Found at large.* Any animal found unaccompanied by its owner or keeper and running at large on any road, street, or other public place, or upon any unenclosed land, or trespassing upon any enclosed or unenclosed lands of another, and which is brought into the DAS shelter, will be processed in the following manner:
 - a. If the animal is not wearing a collar bearing a tag showing the name and address of its owner or keeper or other identification in which to readily identify the owner or keeper, including, but not limited to, an electronic chip, the animal will be held for at least five days (not to include Saturdays, Sundays and holidays) to give the owner time to search for and claim it. If the animal is reclaimed, the owner shall be responsible to pay the reclaim fee and costs of necessary medical care.

- b. If the animal has identification of its owner, the owner shall be provided written notice that the animal must be claimed, and the owner reclaim fee paid, within seven days of receipt of said notice. If the animal is sick or injured and required immediate medical attention, the owner shall be responsible for the costs of such care and treatment.
 - c. If the animal is not claimed, and the requisite fees paid, within the applicable time set forth above, or the owner voluntarily relinquishes (i.e., signs over) ownership to the department of animal services, the animal will immediately be put up for adoption, provided it has been deemed adoptable by the department of animal services. Animals that are put up for adoption will be held as long as possible. However, if the animal is deemed not to be adoptable, or the animal is terminally ill or severely injured when brought in, the animal may be euthanized.
 - d. Livestock will be held according to state law and the livestock ordinance.
 - e. The provisions of this section shall not apply to potentially dangerous, dangerous, or vicious animals, which shall be governed by the provisions of sections 10-659 and 10-664.
 - f. The department is authorized to waive the owner reclaim fee set forth in subsection (4) of this section, if the owner reclaiming an animal agrees to sterilization of the animal.
- (3) *Adoption procedure.* The animal must be free to be adopted (i.e., held the required period or was signed over by the owner) and may be adopted in accordance with the following requirements:
- a. All animals must be sterilized, vaccinated and receive a microchip identification prior to the adoption. The department of animal services is authorized to perform the sterilization, vaccination and microchip procedures.
 - b. After picking out the animal to be adopted, the adopter will be required to sign an adoption agreement containing the following:
 - 1. The date of the agreement.
 - 2. The name, address and signature of the releasing agency and the adopter.
 - 3. A statement that the releasing agency does not guarantee the health or temperament of the animal, and if an animal is adopted and proves to be sick or diseased, the adopter can return the animal and pick another.
 - 4. A statement, printed in conspicuous bold print, that sterilization of the animal has been performed.
 - 5. A statement that the adopter guarantees that the animal will receive a health examination, heartworm check, general disease vaccinations and rabies vaccinations.

6. A statement that the releasing agency agrees to give title, possession and control of the animal only upon the adopter's compliance with the terms and conditions of the adoption agreement; the adopter agrees to return the animal, upon demand, if the adopter fails to comply with any provision of the agreement.
- c. Failure to comply with any of the adoption provisions shall be a violation of this article. If the person signing the adoption agreement fails to comply with any of the provisions of the adoption agreement, the director of animal services is authorized to institute an administrative hearing for the return of the animal and the imposition of a civil penalty not to exceed \$100.00.
- d. The sterilization requirements do not apply to an animal that is claimed from the releasing agency by a person who already owns the animal.
- e. The provisions of this section shall not apply to animals released to the United States armed forces, police or other law enforcement agencies, licensed veterinary facilities, or to licensed medical facilities.
- f. The adoption procedures, except for the sterilization and vaccination requirements, may be waived for recognized animal rescue groups.
- (4) *Fees.*

Adoption fee—Dog	\$65.00 (sterilization, vaccine and microchip)
Adoption fee—Cat	\$40.00 (sterilization, vaccine and microchip)
Owner first-time reclaim fee	\$25.00, plus \$5.00/day boarding fee
Owner second-time reclaim fee	\$50.00, plus \$5.00/day boarding fee
Owner third-time reclaim fee	\$100.00, plus \$5.00/day boarding fee
Rabies quarantine (bite cases)	\$150.00
Animal brought in by non-parish resident	\$15.00 per animal
Parish tag	\$8.00 per year for each sterilized animal
	\$20.00 for each non-sterilized animal

- a. If a dog or cat in the custody of the department of animal services is sick or injured and requires immediate medical attention, the owner shall be responsible for the costs of such care and treatment.
- b. At the beginning of each calendar year, the department of animal services shall be authorized to adjust the current fees, which adjustment shall be based on the actual cost to board, sterilize, vaccinate and microchip the animals as demonstrated by the costs incurred during the prior calendar year. The updated animal service fees shall be posted on the parish website, as well as in the public waiting area at the shelter.

- (5) *Euthanasia procedures.* The method of euthanasia utilized at the DAS shall be injection of sodium pentobarbital. Only staff members that are certified animal euthanasia technicians (CAET) through the state will be allowed to perform the procedure. Continuing training and support will be provided to the staff in euthanasia techniques. Fractious and feral animals will be sedated when necessary before being euthanized. Before being euthanized, animals will be double-checked by the staff to be sure that they have been held for the required amount of time, that all means to reach the owner have been used, and that there are no other holds on the animal.

(c) *Animals brought into unincorporated St. Tammany Parish by out-of-parish releasing agency.* It shall be prohibited for any out-of-parish releasing agency to bring any animals from outside of the state or parish and into unincorporated St. Tammany Parish for the purpose of having such animals adopted in unincorporated St. Tammany Parish, unless the following requirements are met:

- (1) The out-of-parish releasing agency has registered with the department of animal services, and has provided the department with:
 - a. The name, address and telephone number of the person, individually or as representative of the agency, who shall be responsible for the animal to be adopted.
 - b. The proper name of the releasing agency.
 - c. If an out-of-state agency, proof of registration with the Louisiana Secretary of State to conduct business in Louisiana.
 - d. Certification to act on behalf of the agency.
 - e. Listing of the animals to be adopted.
 - f. Copy of the adoption agreement to be used, if it is not the one utilized by STPDAS.
 - g. Certification that the animals have been sterilized prior to their adoption.
 - h. Certification that the animals have not been deemed potentially dangerous, dangerous, or vicious by any agency or jurisdiction.
- (2) The responsible person and/or representative signs an agreement to comply with the adoption procedures set forth in subsection (b)(3) of this section and to provide the department with a copy of each of the adoption agreements within ten days of the agreement being signed.

Failure to register or timely provide a copy of the required adoption agreement shall constitute a separate violation of this article and shall be subject to the imposition of a civil penalty of not less than \$100.00 nor more than \$300.00 for each violation.

(Code 1998, § 4-128.00; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-128.00), 6-2-2016)

Editor's note—The original policies and procedures for the parish department of animal services were enacted per Resolution P.J.S. No. 99-9132, March 18, 1999, in accordance with the recommendations of the animal control committee.

Sec. 10-650. Simple cruelty to animals; minimum care standards.

Any person who intentionally or with criminal negligence commits any of the following acts or omissions shall be guilty of simple cruelty to animals:

- (1) Overdrives, overloads, drives when overloaded, or overworks a living animal.
- (2) Torments, cruelly beats or unjustifiably injures any living animal, whether belonging to himself or another.
- (3) Having charge, custody, or possession of any animal, either as owner or otherwise, unjustifiably fails to provide it with proper food, proper drink, proper shelter, or proper veterinary care as set forth hereinbelow:
 - a. Fresh water for drinking shall be available to all species at all times. Each animal shall be provided with daily supply of clean, fresh, potable water in a sanitary manner and in a sufficient quantity to prevent unnecessary or unjustifiable suffering by the animal. Containers shall remain clean, free of fecal matter, urine and other debris and shall always remain easily accessible to the animal.
 - b. All animals shall be provided with daily food of sufficient quality and quantity to prevent unnecessary or unjustifiable suffering by the animal. All animals shall be fed in clean containers, free from contamination, which shall be easily accessible to the animal.
 - c. All animals shall be provided with adequate shelter from the elements as required to prevent unnecessary or unjustifiable suffering by the animal. In the case of a pet or companion animal that is kept outdoors, a shelter must have a minimum of three sides, a waterproof roof and a dry floor. Such shelter shall provide proper protection from the sun, rain, cold and the wind. Housing for animals shall be structurally sound and maintained in good repair. Housing for the animal shall allow, as a minimum, enough room for the animal to stand, sit and to turn around comfortably. Proper housing shall always remain easily accessible to the animal at all times.
 - d. Every animal shall be provided with veterinary care sufficient to prevent unnecessary or unjustifiable physical pain or suffering by the animal. An animal

exhibiting symptoms such as persistent vomiting or diarrhea should be afforded veterinary care. An animal shall be afforded veterinary care if known or suspected to have suffered an injury, accidental or deliberate, and exhibits such signs as shock, swelling, broken bones, open wounds, blistering, partial or total paralysis, bleeding or other such signs, or animals who are debilitated and weakened or those exhibiting symptoms of bloat or other life-threatening illnesses. An animal who has exhibited signs of severe parasitic infestation or disease such as infection, discharge, weight loss, abnormal skin condition or hair loss, tremors, inability to bear weight on a limb or lameness or any other such sign over a period of 24 hours or more must be afforded veterinary care within 24 hours. This does not apply to conditions that are chronic or permanent and that have previously been diagnosed and treated or are under veterinary care.

- (4) Abandons any animal. A person shall not be considered to have abandoned an animal if he delivers the animal to an animal control center. Owners of unwanted animals may bring and release such animals to the parish animal services center at no cost to the owner to be made available for adoption or other disposition at the discretion of the parish department of animal services.
 - (5) Impounds, confines or causes to be impounded or confined in a pound or other place, a living animal and fails to supply it during such confinement with proper food, proper drink, proper shelter or proper veterinary care.
 - (6) Carries, or causes to be carried, a living animal in or upon a vehicle or otherwise, in a cruel or inhumane manner. No animal shall be left unattended in a vehicle under conditions which cause unnecessary and unjustifiable suffering by the animal.
 - (7) Unjustifiably administers any poisonous or noxious drug or substance to any domestic animal or unjustifiably exposes an animal to any such drug or substance, whether mixed with food or not, with intent that the same shall be taken or swallowed by any domestic animal.
 - (8) Unjustifiably injures any animal belonging to another person.
 - (9) Mistreats any living animal by any act or omission whereby unnecessary or unjustifiable physical pain, suffering, or death is caused to or permitted upon the animal.
 - (10) Causes or procures to be done by any person any act enumerated in this section.
 - (11) An animal found running at large and brought to the animal services center will be processed in accordance with section 10-647.
- (Code 1998, § 4-129.00; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-129.00), 6-2-2016)

Sec. 10-651. Seizure and disposition of animals cruelly treated.

(a) When a person is charged with cruelty to animals, said person's animal may be seized by the arresting officer and held pursuant to this section.

(b) (1) The seizing officer shall notify the owner of the seized animal of the provisions of this section by posting written notice at the location where the animal was seized or by leaving it with a person of suitable age and discretion residing at that location within 24 hours of the seizure.

(2) The seizing officer shall photograph the animal within 15 days after providing notice of seizure and shall cause an affidavit to be prepared in order to document its condition in accordance with this section and R.S. 15:436.2.

(3) The seizing officer shall appoint a licensed veterinarian or other suitable custodian to care for any such animal. The custodian shall retain custody of the animal in accordance with this section. The department of animal services is a suitable custodian.

(4) The seized animal shall be held by the custodian provided for in subsection (b)(3) of this section for a period of 15 consecutive days, including weekends and holidays, after such notice of seizure is given. Thereafter, if a person who claims an interest in such animal has not posted bond in accordance with subsection (c) of this section, the animal may be humanely disposed of by sale, adoption, or euthanasia.

(c) A person claiming an interest in any animal seized pursuant to this section may prevent the disposition of the animal as provided for in subsection (b)(4) of this section by posting a bond with the court within 15 days after receiving notice of such seizure in an amount sufficient to secure payment for all reasonable costs incurred in the boarding and treatment for any seized animal for a 30-day period commencing on the date of initial seizure. Such bond shall not prevent the department, agency, humane society, or other custodian of the animal from disposing of the animal in accordance with subsection (b)(4) of this section at the end of the 30-day period covered by the bond, unless the person claiming an interest posts an additional bond for such reasonable expenses for an additional 30-day period. In addition, such bond shall not prevent disposition of the animal for humane purposes at any time, in accordance with subsection (e) of this section. The amount of the bond shall be determined by the department, agency, humane society or other custodian of the animal as authorized by the court in accordance with the current rate for board and on the condition of the animal after examination by a licensed veterinarian.

(d) Upon a person's conviction of cruelty to animals, it shall be proper for the court, in its discretion, to order the forfeiture and final determination of the custody of any animal found to be cruelly treated in accordance with this section and the forfeiture of the bond posted pursuant to subsection (c) of this section as part of the sentence. The court may, in its discretion, order the payment of any reasonable or additional costs incurred in the boarding or

veterinary treatment of any seized animal prior to its disposition, whether or not a bond was posted by the defendant. In the event of the acquittal or final discharge without conviction of the accused, the court shall, on demand, direct the delivery of any animal held in custody to the owner thereof and order the return of any bond posted pursuant to subsection (c) of this section, less reasonable administrative costs.

(e) Nothing in this section shall prevent the euthanasia of any seized animal, at any time, whether or not any bond was posted, if a licensed veterinarian determines that the animal is not likely to survive and is suffering, as a result of any physical condition. In such instances, the court, in its discretion, may order the return of any bond posted, less reasonable costs, at the time of trial.

(Code 1998, § 4-129.01; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-129.01), 6-2-2016)

Sec. 10-652. Search warrant; animal cruelty offenses.

If the complaint is made, by affidavit, to any magistrate authorized to issue search warrants in criminal cases, that the complainant has reason to believe that an animal has been or is being cruelly treated in violation of section 10-650, in any building or place, such magistrate, if satisfied that there is reasonable cause for such belief, shall issue a search warrant to any law enforcement officer authorized by law to make arrests for such offenses, authorizing any such officer to make a search of said building or place, and to arrest any person found violating section 10-650. Said warrant may also authorize said officer to seize any animal believed to be cruelly treated and to take custody thereof. This section shall not be construed as a limitation on the power of law enforcement officers to seize animals as evidence at the time of the arrest. (Code 1998, § 4-129.02; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-129.02), 6-2-2016)

State law reference—Similar provision, R.S. 14:102.3.

Sec. 10-653. Confined animals; necessary food and water.

When a living animal is impounded or confined in violation of section 10-650(a)(1)e, and continues without necessary food and water for more than 24 consecutive hours, any law enforcement officer may, as often as is necessary, enter any place in which the animal is impounded or confined and supply it with necessary food and water so long as it shall remain impounded or confined.

(Code 1998, § 4-129.03; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-129.03), 6-2-2016)

State law reference—Similar provision, R.S. 14:102.4.

Sec. 10-654. Animals left unattended in a vehicle.

(a) Any law enforcement officer who finds an animal left unattended in a vehicle, in a cruel or inhumane manner so as to violate the provisions of section 10-650(a)(1)f, shall be permitted to use all reasonable means, including breaking a window, in order to free a suffering animal, provided that all of which following additional conditions have been met:

- (1) The animal shows physical signs of heat exhaustion, convulsions, or other near death symptoms which require immediate action by the law enforcement officer in order to save the animal's life.
- (2) All reasonable attempts to contact the owner or driver of the vehicle must have been thoroughly exhausted.

(b) If all of the conditions of this section are met, the law enforcement officer and the parish shall be deemed not liable for any reasonable property damage resulting from the taking of such action to save the animal and the damage to the personal property was limited to what was absolutely necessary.

(Code 1998, § 4-129.04; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-129.04), 6-2-2016)

Sec. 10-655. Simple cruelty; criminal penalties.

(a) Whoever commits the crime of simple cruelty to animals shall be fined not more than \$1,000.00, or imprisoned for not more than six months, or both.

(b) In addition to any other penalty imposed, a person who commits the crime of cruelty to animals shall be ordered to perform five eight-hour days of court-approved community service. The community service requirement shall not be suspended.

(Code 1998, § 4-129.05; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-129.05), 6-2-2016)

State law reference—Similar provision, R.S. 14:102.1.

Sec. 10-656. Simple cruelty; administrative hearings.

(a) Administrative enforcement of a violation of sections 10-650, 10-653 and 10-654 may only be instituted and/or the administrative hearing proceed in those cases where a person has not been arrested or charged with a criminal violation of this section or R.S. 14:102 et seq. In such case, whenever an animal control officer has reasonable cause to believe that a violation of any provision of section 10-650, 10-653 or 10-654 has occurred, or currently exists, the animal control officer is authorized to institute civil enforcement of such violation, and the abatement thereof, through the administrative hearing process.

(b) Nothing in this section shall prevent the euthanasia of any animal in the custody of the department of animal services, at any time, if a licensed veterinarian determines that the animal is not likely to survive and is suffering, as a result of any physical condition.

(c) The administrative hearing process shall be commenced by serving a notice of animal cruelty violation. The notice shall be dated and may be served by personal service on the owner or keeper, by posting the notice in a conspicuous place at the location of the violation, or by leaving it with a person of suitable age and discretion residing at that location. Notice may be served by certified or registered U.S. mail to the owner or keeper, or both. In case of notice by U.S. mail, the date of the postmark shall be deemed the date of delivery. Any notification so sent and returned by the U.S. Post Office shall be considered as having fulfilled the notification requirement; provided that, in the case of such returned notice, if the person to be notified has a telephone number listed in the parish phone directory at least one attempt shall be made to notify the person by telephone.

- (1) The notice shall be, as much as possible, in laymen's language susceptible of understanding by a person of normal capacity, and shall, in large print, inform the person noticed of the alleged animal cruelty violation and the civil penalty.
- (2) If an administrative hearing is to be instituted by the department of animal services, whether or not the animal is in the custody of the department, the notice shall, in large print, inform the person of the date, time and location of the administrative hearing, that the person has a right to appear at the hearing to dispute the alleged violation, and of his right to present evidence and witnesses on his behalf. If the animal is in the custody of the department of animal services, the notice shall inform the person that the animal will be held for a period of 15 consecutive days, including weekends and holidays, or pending the administrative hearing.
- (3) If the animal is in the custody of the department of animal services and the violation is one that may be abated, and the animal returned to the owner or keeper without endangering the animal, the notice of violation shall inform the owner or keeper of the following:
 - a. The owner or keeper may reclaim the animal upon payment of the applicable costs and fees and verification that the conditions giving rise to the violation have been abated. Written notice of voluntary compliance by the owner or keeper is required, and may be provided by signing below the "Voluntary Compliance" section of the notice of violation. Written notice of voluntary compliance must be received by the department within 15 days of the date of the notice of violation.
 - b. The owner may appeal the department's determination that the animal has been cruelly treated by appealing the determination, in writing, within 15 days of the

date of the notice of violation. The appeal may be made by signing below the "Appeal—Request for Administrative Hearing" section on the notice of violation and returning same to the department within 15 days of the date of the notice.

- c. The notice shall inform the owner or keeper that the animal will be held for 15 days from the date of notice, unless the department receives written notice that he is appealing the determination or is willing to voluntarily comply with the requirements necessary to abate the conditions giving rise to the alleged violation. If such notice is not timely provided, the animal may be put up for adoption or may be humanely euthanized.

(d) If the administrative hearing officer, at the conclusion of the hearing conducted in accordance with the provisions of section 2-542, determines that a violation did not occur, or that the violation has since been abated and that the animal may be returned to the owner or keeper without endangering the animal, the hearing officer shall, on demand, direct the delivery of any animal held in custody to the owner thereof. If the hearing officer is satisfied that the person did violate any provision of section 10-650, 10-653 or 10-654, he may order any of the following, which shall be non-exclusive:

- (1) If the owner or keeper of an animal has not voluntarily surrendered the animal to the department of animal services, the hearing officer is satisfied that the animal is not presently in need of veterinary care, that the conditions giving rise to the violation have been corrected, that the animal is not likely to be cruelly treated thereafter, and that there is compliance with all other applicable provisions of this article (i.e., license, sterilization and vaccinations, for example), the hearing officer may impose any other reasonable condition deemed necessary for the protection of the animal and the public health, safety and welfare. Additionally, a civil penalty not to exceed \$500.00 may be imposed for each violation.
- (2) If the animal has not been taken into the custody of the department of animal services, and the hearing officer is not satisfied that all of the conditions referred to in subsection (d)(1) of this section have been met, the hearing officer may order that the violator immediately surrender the animal to the custody of the department of animal services, pending compliance with all of the aforementioned conditions or the delays for appealing the decision to a court of competent jurisdiction, or he may order that the person retain custody of the animal subject to meeting said conditions, within the time specified in the order, which must be verified in writing by the department of animal services. A civil penalty not to exceed \$500.00 may be imposed for each violation plus costs.

(e) Any person aggrieved by a decision of the parish hearing officer may appeal that decision to the 22nd Judicial District Court. Notwithstanding the provisions of section 2-565, if the animal is in the custody of the department of animal services, such appeal shall be perfected

within ten calendar days from the rendition of the order and shall be made returnable to the 22nd Judicial District Court in not more than 15 calendar days from the rendition of the order. The hearing officer may order the person to post an amount sufficient to cover the cost of boarding and caring for the animal for a period of time not to exceed 15 days. If the animal is not in the custody of the department, an appeal of the decision shall be in accordance with the provisions set forth in section 2-565.

(Code 1998, § 4-129.06; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-129.06), 6-2-2016)

Sec. 10-657. Minimum animal housing standards.

(a) The following are the minimum requirements for housing all pets in kennels, cages, tanks or other enclosures:

<i>Species</i>	<i>Weight or Age</i>	<i>Minimum Housing Dimensions</i>			<i>Number of Animals</i>
		<i>Width</i>	<i>Depth</i>	<i>Height</i>	
Adult dogs in cages	0—35 lbs.	36" (A)	36" (A)	30" (A)	1
		60" (A)	60" (A)	30" (A)	2
		90" (A)	90" (A)	30" (A)	3 max.
	36—65 lbs.	36" (A)	72" (A)	36" (A)	1
		72" (A)	72" (A)	36" (A)	2 max.
	66 lbs. and over	72" (A)	72" (A)	48" (A)	1 max.
Puppies in cages	0—15 lbs.	30"	30"	24"	1
		30"	30"	24"	2
		36"	36"	24"	3
		48"	48"	24"	5 max.
Adult cats in cages	Any size	24"	24"	24"	1
		36"	36"	24"	2 max.
Kittens in cages	Up to 4 mos.	24"	24"	24"	1
		24"	24"	24"	2
		36"	36"	24"	3
		48"	48"	24"	4

		36"	36"	24"	3
		48"	48"	24"	5 max.
		60"	36"	24"	6 max.
Hamsters	Any size	24"	12"	12"	8 max.

<i>Species</i>	<i>Weight or Age</i>	<i>Minimum Housing Dimensions</i>			<i>Number of Animals</i>
		<i>Width</i>	<i>Depth</i>	<i>Height</i>	
Adult dogs in runs	Any size	48"	72"	(Min. 12" higher than dog)	1
		48"	108"	(Min. 12" higher than dog)	2
		48"	120"	(Min. 12" higher than dog)	3 max.
Finches	Any size	19½"	10"	12"	4 max.
Canaries	Any size	19½"	14"	16"	3 max.
Parakeets	Any size	18"	18"	18"	3 max.
Cockatiels	Any size	20"	20"	18"	2 max.
Larger breed birds	Any size	24"	24"	58"	2 max.

(b) These dimensions may require modification to conform to the body sizes of certain breeds. In no case shall the cage height be less than six inches, plus the height of the dog at the withers, nor shall the width or depth be less than six inches, plus the length of the dog from the tip of the nose to the base of the tail.

(c) All animal rooms, cages, kennels, shipping containers and runs shall be of sufficient size to provide adequate and proper accommodations and protection from the weather for the animals kept therein. As a minimum, sufficient space must be provided for each and every animal in a single enclosure to, separately and together, stand up, lie down and turn around in a natural position.

(d) All confined or restrained animals shall be given exercise proper for the individual animal under the particular conditions. Dog kennel runs, if made of concrete, shall provide adequate draining for proper sanitation. Droppings must be disposed of and the runs periodically treated with an effective disinfectant.

(e) All caged birds must have enough room to move with ease. A caged bird shall be able to flap its wings without touching the sides of the cages.

(f) Reptiles. In addition to requirements for this section, each enclosure shall be provided with an environment or devices that allow for temperature regulation necessary to ensure the well-being of the species. The environment or devices shall be non-injurious, and may include, but are not limited to ambient temperature, hot rocks, artificial lights, natural sunlight and heat strips. Each enclosure shall be provided with a non-injurious substrate, including but not limited to gravel, newspaper, processed wood shavings, rocks, sand, or indoor-outdoor carpet.

Arboreal species of snakes or lizards shall be provided with a perch of sufficient height to allow for such specimen to perch or bask without any portion of its body or tail touching the floor, sides or roof of the enclosure. Enclosure sizes for all snakes or lizards shall be based on the total length of the longest specimen in the enclosure.

(1) *Snakes and glass lizards.*

- a. Snakes, except as otherwise provided, and glass lizards: For up to two specimens, a cage or enclosure having a perimeter equal to the length of the longest specimen, the width of the cage shall be ten inches or not less than 30 percent of the length of the longest specimen whichever is greater, and enclosure shall not be required to exceed 3 feet. For each additional specimen, increase perimeter by ten percent.
- b. Blood pythons or large constrictors that exceed 12 feet upon maturity: boas, pythons, or anacondas.
 1. Specimens up to five feet in length. For up to two specimens, a cage or enclosure 2.5 feet by one foot. For each additional specimen increase perimeter by ten percent. Constrictors of this size possessed for exhibition or sale are exempt from this minimum cage requirement but shall meet the requirements as indicated for snakes and glass lizards.
 2. Specimens five feet to 12 feet in length. For up to two specimens, a cage or enclosure with a perimeter equal to 1.25 times the length of the longest specimen. The width of the cage shall not be less than 30 percent of the length of the longest specimen and shall not be required to exceed three feet. For each additional specimen, increase perimeter by ten percent.
 3. Specimens greater than 12 feet in length. For up to two specimens, a cage or enclosure with a perimeter equal to the length of the longest specimen. The width of the cage shall not be required to exceed three feet. For each additional specimen, increase perimeter by ten percent.

(2) *Lizards (other than glass lizards).*

- a. Lizards up to six inches in length. For one or two lizards, a cage or enclosure 12 inches by eight inches, six inches high. For each additional lizard, increase enclosure size by one inch in length and width.
- b. Lizards seven to 12 inches in length. For one or two lizards, a cage or enclosure 20 inches by ten inches, 12 inches high. For each additional lizard, increase size by two inches in length and width.
- c. Lizards 13 to 24 inches in length. For one or two lizards, a cage or enclosure 30 inches by 12 inches, 12 inches high. For each additional lizard, increase size by three inches in length and width.

- d. Lizards 25 to 36 inches in length. For one or two lizards, a cage or enclosure 48 inches by 16 inches, 20 inches high. For each additional lizard, increase size by ten inches or 25 percent in length and width.
 - e. Lizards 37 inches to six feet in length. For one or two lizards, a cage or enclosure six feet by three feet, four feet high. For each additional lizard, increase size by 25 percent of the original floor area.
 - f. Lizards over six feet in length. For one or two lizards, a cage or enclosure nine feet by six feet, 4.5 feet high. For each additional lizard, increase the size by 25 percent of original floor area.
- (3) *Turtles, tortoises and box turtles.* Each enclosure for turtles, tortoises and box turtles shall have a pool of water. The pool area shall equal no less than two times the shell width by two times the shell length. For turtles, other than tortoises and box turtles, such pool shall allow submersion of the largest turtle. For soft-shelled turtles, a non-abrasive pool bottom is required. Enclosure and pool sizes for all turtles, tortoises and box turtles shall be based upon the size of the largest specimen in the enclosure.
- a. Turtles (other than tortoises and box turtles): For one or two turtles, an enclosure with an area at least five times the shell length by two times the shell width of the largest turtle. The pool area shall equal no less than two times the shell width, by two times the shell length of the largest turtle. A dry resting area equal to the size of the shell of the largest turtle shall be provided. For each additional specimen, increase original floor area and pool area by ten percent.
 - b. Tortoises and box turtles: For one or two tortoises or box turtles, an enclosure with a floor area ten times the shell size of the largest specimen in the enclosure. For additional specimens, the combined area covered by all their bodies shall not exceed 50 percent of enclosure area.
- (Code 1998, § 4-130.00; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-130.00), 6-2-2016)

Sec. 10-658. Rabies control and attack (bite) cases.

All dogs and cats shall be inoculated by a licensed veterinarian for rabies in accordance with the Louisiana Sanitary Code title 51 and shall wear the metal rabies inoculation tag given by the veterinarian at all times.

- (1) Should a dog or any other animal bite a person or be reported to have bitten a person within the limits of the parish, it shall be the duty of the owner, or the person having the same in his possession or under his control, immediately to notify the parish department of animal services, and surrender said dog or animal to any representative of the parish department of animal services, who is herewith authorized and empowered to enter the premises in order to make any inspection or examination of said dog or

animal as may be deemed necessary by the parish department of animal services. In those cases where the parish sheriff's office is notified that a dog or any other animal has bitten a person, the sheriff's office shall promptly notify the parish department of animal services. It shall be the duty of the parish department of animal services to impound, or cause to be impounded, any such dog or animal for a period of ten days for observation either in the hospital facilities of a licensed veterinarian or at the parish animal services center, or require such animal to be confined securely for a period of ten days by the person owning the same or having possession thereof in such manner and on such premises as may be designated by the parish department of animal services, or the parish department of animal services may order the destruction of such animal and send its head to the bureau of laboratories of the state department of health for a rabies laboratory test.

- (2) Home confinement shall be allowed only if the following conditions are met:
 - a. Current vaccination with an approved rabies vaccine;
 - b. Approval of the director of the parish department of animal services, or their designee;
 - c. Approval of exposed party; and
 - d. Agreement to the confinement conditions by the animal owner.
- (3) If the director of the parish department of animal services determines that such animal may be confined under the control or custody of the owner or person having control over it, said owner or person shall notify the parish department of animal services immediately if the animal shows any symptoms of sickness, or abnormal behavior, or escapes, and if such animal dies during confinement, such person having custody thereof shall surrender the carcass to the parish department of animal services. This section shall not apply, except in the discretion of the parish department of animal services, to such small caged pets as mice, rats, gerbils, hamsters or guinea pigs and any other animal that may be specifically excluded by the parish department of animal services.
- (4) Should any animal undergoing the ten days observation for having bitten a person show indication of rabies, it shall be the duty of the parish department of animal services to destroy such animal after confirmation of the diagnosis by a licensed veterinarian. The parish department of animal services and/or designated agency shall send the head of any such animal, and also the head of any animal which dies during the rabies quarantine, to the bureau of laboratories of the state department of health for a rabies laboratory test.
- (5) It shall be the duty of every veterinarian having an animal quarantined for a bite incident to submit a report to the parish department of animal services as to the condition of said quarantined animal on the initial day of observation and the tenth day immediately following the date of said bite incident.

- (6) If the bite case involves allegations of either a potentially dangerous animal, or a dangerous animal, and provided that all of the applicable requirements of the dangerous animal section have been met, any animal impounded or confined for rabies quarantine may be released upon completion of the ten days' observation period only upon authorization of the parish department of animal services or their authorized representative. Any such animal must have a valid license and vaccination before it may be released.
- (7) Animals exposed to rabies. If any animal is suspected of having been exposed to rabies, all persons having knowledge of such condition or event shall forthwith surrender such animal to the parish department of animal services or their representative, shall fully advise same of all the facts and circumstances involved. Such animal may be quarantined, confined, humanely destroyed, or released under the direction and supervision of the parish department of animal services as it deems advisable in rabies control.
- (8) It shall be unlawful to harbor or conceal an animal which has bitten or inflicted serious bodily injury on a human when a person knows or has reason to know that an animal has bitten or inflicted serious bodily injury on a human and the person intentionally harbors or conceals the animal from any law enforcement or animal control agency investigator or agent. (See R.S. 14:102.22.)
- a. The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:
- Animal control agency* means the department of animal services.
- Serious bodily injury* means bodily injury which involves unconsciousness, extreme physical pain or protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty, or a substantial risk of death.
- b. Whoever commits the crime of harboring or concealing an animal which has bitten or inflicted serious bodily injury on a human shall be fined not more than \$1,000.00 or imprisoned with or without hard labor, for not more than two years, or both.
- c. Any health care provider, as provided in R.S. 40:1299.41, who examines or treats any person who has been bitten by an animal or upon whom an animal has inflicted serious bodily injury shall report such bite or injury to the law enforcement or animal control agency for the location where the bite or injury occurred. Such report shall be made immediately, if possible, and in any event shall be made within 24 hours. The report shall include as much of the following information as is available:
1. The patient's name, date of birth, sex, and current home and work addresses.

2. The nature of the bite or injury that is the subject of the report.
 3. Any information about the location of the biting animal and the name and address of any known owner.
 4. The name and address of the health care provider.
- (9) Any person having possession of or responsibility for any quarantined or confined animal shall immediately notify the parish department of animal services if such animal escapes, or becomes or appears to become sick or dies; and in case of death of the animal while under quarantine or confinement shall immediately surrender the dead body to the parish department of animal services for diagnostic purposes.
- (Code 1998, § 4-131.00; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-131.00), 6-2-2016)

Sec. 10-659. Dangerous animals.

- (a) As used in this section, the term "dangerous animal" means:
- (1) Any animal which, when unprovoked, on two separate occasions within the prior 36-month period, engages in any behavior that requires a defensive action by any person to prevent bodily injury that occurs when the person and the animal are off the property of the owner or keeper of the animal;
 - (2) Any animal which, when unprovoked, bites a person causing an injury and is capable of causing serious bodily injury;
 - (3) Any animal which, when unprovoked, on two separate occasions within the prior 36-month period, has killed, seriously bitten, inflicted injury, or otherwise caused injury to a domestic animal off the property of the owner of the animal; or
 - (4) Any animal that has been deemed dangerous by another jurisdiction (i.e., another state, county, parish or municipality).
- (b) For the purposes of this section, the term "potentially dangerous animal" means:
- (1) Any animal which, when unprovoked, has killed, seriously bitten, inflicted injury, or otherwise caused injury to a domestic animal off the property of the owner or keeper of the animal.
 - (2) Any animal which, when unprovoked, engages in any behavior that requires a defensive action by any person to prevent bodily injury when the person and the animal are off the property of the owner of the animal.
- (c) The provisions of this section shall not apply to:
- (1) Any animal which is owned, or the service of which is employed, by any state or local law enforcement agency for the principal purpose of aiding in the detection of criminal activity, enforcement of laws, or apprehension of offenders.

- (2) Any animal trained in accordance with the standards of a national or regional search and rescue association to respond to instructions from its handler in the search and rescue of lost or missing individuals and which animal, together with its handler, is prepared to render search and rescue services at the request of law enforcement.
- (3) Proprietors of animal hospitals, to veterinarians, zoological gardens, theatrical exhibit, or a circus, provided that such animal hospital, veterinarian, zoological garden, theatrical exhibit, or circus possesses all permits required by the laws of this parish and state and complies with all other regulations concerning the keeping and maintaining of such animals.

(d) No animal shall be declared dangerous or potentially dangerous if at the hearing authorized by this section the evidence presented is sufficient to establish any of the following:

- (1) The person taking defensive action to prevent bodily injury had provoked the animal by teasing, tormenting, abusing, or assaulting the animal.
- (2) Any injury or damage is sustained by a person who, at the time the injury or damage was sustained, was committing a crime upon the property of the owner of the animal.
- (3) Any injury or damage is sustained by a person who, at the time the injury or damage was sustained, was teasing, tormenting, abusing or assaulting the animal.
- (4) Any injury or damage is sustained by a domestic animal which, at the time the injury or damage was sustained, was teasing, tormenting, abusing or assaulting the animal.
- (5) If the animal was protecting or defending a person within the immediate vicinity of the animal from an unjustified attack or assault.
- (6) If the injury or damage to a domestic animal was sustained while the animal was working as a hunting dog, herding dog, or predator control dog on the property of, or under the control of, its owner, and the damage or injury was to a species or type of domestic animal appropriate to the work of the dog.

(e) It shall be unlawful for any person to own, possess, keep or harbor a dangerous or potentially dangerous animal without properly restraining or confining the animal and complying with all other applicable requirements including, but not limited to, the requirement of registering the animal with the department of animal services and complying with the licensing requirements of this section.

(f) Impoundment.

- (1) Any law enforcement officer making an arrest for violation of this section may lawfully take possession of all animals on the premises where the arrest is made or in the immediate possession or control of the person being arrested.

- (2) In the event that an animal control officer or law enforcement officer has probable cause to believe that an animal is potentially dangerous or dangerous, and the animal is found to be at large, the animal shall be immediately impounded.
- (3) It shall be unlawful to harbor or conceal an animal which has bitten or inflicted serious bodily injury on a human when a person knows or has reason to know that an animal has bitten or inflicted serious bodily injury on a human and the person intentionally harbors or conceals the animal from any law enforcement or animal control agency investigator or agent. Any law enforcement officer or animal control officer may take possession of any animal that bites a person or is reported to have bitten a person within the limits of the parish. In such cases, the provisions of section 10-658 shall also be applicable.
- (g) Release from impoundment; hearing and voluntary compliance.
 - (1) Any animal impounded under the provisions of this section may be held pending the outcome of a hearing held in accordance with this section or until verification of voluntary compliance with the requirements applicable to the designation of the animal as potentially dangerous or dangerous.
 - (2) A notice of hearing shall be provided at the time of the notice of designation as a potentially dangerous or dangerous animal.
 - (3) Any owner aggrieved by a determination to designate his animal as potentially dangerous or dangerous may appeal that determination by requesting an administrative hearing on the form designating the animal as potentially dangerous or dangerous. In such case, the department of animal services shall institute the administrative hearing and provide notice thereof.
 - (4) A hearing shall not be required if the owner consents to voluntarily comply with all of the ordinance requirements applicable to the particular designation and signs a declaration of voluntary compliance. The animal may be held until the owner's compliance with the ordinance requirements applicable to the particular designation of the animal has been verified by the department of animal services.

(h) Destruction. Any animal control officer or law enforcement officer may kill any dangerous or vicious animal which cannot be safely taken up or impounded and no animal control officer or law enforcement officer shall be liable for damages by reason of such killing. (R.S. 3:2773D.)

Sec. 10-660. Requirements for harboring potentially dangerous and dangerous animals.

(a) *Potentially dangerous animal.* The owner or keeper of an animal that has been designated as potentially dangerous shall meet the following requirements. If the animal is not under the control of the department of animal services, the proof of compliance must be submitted to the

department within 30 days of the date of the signature for voluntary compliance, or the date of an order by the hearing officer, unless a shorter period is stated in the order by the hearing officer. Compliance with all requirements must be verified by the department of animal services prior to the animal being released to the owner or keeper.

- (1) The owner and/or keeper shall secure a permit from the department of animal services, renewable each year from the anniversary date of such issue.
- (2) The owner and/or keeper shall provide two color photographs of the animal that clearly depicts the color, approximate size, and facial characteristics of the animal.
- (3) The owner and/or keeper shall provide satisfactory proof that the animal has been vaccinated and has received a microchip identification tag.
- (4) The property of the owner and/or keeper is enclosed by means of a fence or structure, whether or not it is located along the boundary of the property, that is constructed in such a manner as to:
 - a. Prevent any unattended animal while outdoors and upon the premises of its owner or keeper, from going beyond or outside of the boundaries of the property; and
 - b. Not allow ready and unobstructed access to the animal by the general public.
- (5) If the property of the owner and/or keeper is not enclosed by means of a fence or structure as provided for in subsection (4) of this section, it is permissible for the owner and/or keeper to sign a declaration agreeing that:
 - a. The animal will not be allowed outside of the owner and/or keeper's dwelling unless the animal is restrained or in a cage or pen. Dogs must be restrained on a leash and collar having a minimum tensile strength of 300 pounds and not exceeding six feet in length; and
 - b. The animal shall be kept under the direct control and supervision of its owner and/or keeper at all times.
 1. The requirements for the maintenance of physical control over the animal shall not be satisfied by the mere chaining, roping, leashing, or similar restraining of the animal to inanimate objects such as stakes, trees, posts or buildings.
 2. Tethering of the animal is strictly prohibited.
- (6) The owner and/or keeper signs a declaration acknowledging that he is required to immediately notify the department of animal services whenever the animal is on the loose, is unconfined, has bitten a domestic animal or person, has died, been sold, or given away or has been relocated.

- (7) If the animal has died, been sold, transferred, or given away, or has been relocated, the owner and/or keeper shall provide written notice of the event to the department of animal services within two days thereof. The notice shall state that the animal has been sold, transferred, or given away, or has been relocated, and provide the name, address, and phone number of the new owner, or the new location of the animal. Additionally, at the time the animal is sold, transferred, or given away, the owner shall give written notice to purchaser, transferee or donee that the animal has been designated as a potentially dangerous animal by the parish department of animal services.

(b) *Requirements for harboring a dangerous animal.* The owner or keeper of an animal that has been designated as dangerous shall meet the following requirements. If the animal is not under the control of the department of animal services, the proof of compliance must be submitted to the department within 30 days of the date of the signature for voluntary compliance, or the date of an order by the hearing officer, unless a shorter period is stated in the order by the hearing officer. Compliance with all requirements must be verified by the department of animal services prior to the animal being released to the owner or keeper:

- (1) The owner and/or keeper shall secure a permit from the department of animal services, renewable each year from the anniversary date of such issue.
- (2) The owner and/or keeper shall provide two color photographs of the animal that clearly depicts the color, approximate size, and facial characteristics of the animal.
- (3) The owner and/or keeper shall provide satisfactory proof that the animal has been vaccinated and has received a microchip identification tag.
- (4) The animal shall be spayed or neutered, at the owner's expense.
- (5) The owner and the animal must complete a course of animal obedience training approved by the department of animal services.
- (6) The owner must procure and maintain in effect a policy of liability insurance, including coverage of claims arising from the conduct of the owner's animal, in an amount not less than \$200,000.00. Proof of insurance must be submitted to the department of animal services prior to the animal's release and annually thereafter upon renewal of the required permit. If the animal is not under the control of the department of animal services, the proof of insurance must be submitted to the department within 30 days of the date of the signature for voluntary compliance, or the date of an order by the hearing officer, unless a shorter period is stated in the order by the hearing officer.
- (7) While on the property of the owner or keeper, a dangerous animal shall, at all times, be kept indoors, unless the animal is being restrained in accordance with the below requirements or the animal is in a secure enclosure meeting the requirements set forth immediately below:
 - a. The term "secure enclosure" means a securely enclosed and locked pen or structure that must be designed and constructed to prevent the dangerous animal from

escaping and from coming into contact with either a human being, other than the owner or keeper, or any other animal. The materials used to construct the enclosure or pen must prevent the animal from escaping by digging out, going over and going through the enclosure. The enclosure or pen shall provide a humane existence for the animal, protection from the elements, provide adequate exercise room, light and ventilation and shall be kept in a clean and sanitary condition. Additionally, in the case of a dangerous dog, the pen or structure must have minimum dimensions that measure four feet wide, ten feet long and six feet high. Such pen or structure shall have sides that are securely embedded in concrete, a secure top, and a bottom or floor that is permanently attached to the sides.

- b. The term "restrained" means that whenever the dangerous animal is not indoors or in a secure enclosure on the property of the owner or keeper, for whatever reason, the animal shall be restrained in accordance with the following:
 - 1. A dangerous dog must be restrained on a leash and collar having a minimum tensile strength of 300 pounds and not exceeding six feet in length; and
 - 2. The animal shall be kept under the direct control and supervision of its owner and/or keeper at all times.

The requirement of restraining and being under the direct control of the owner or keeper shall not be satisfied by the mere chaining, roping, or leashing of the animal to inanimate objects such as stakes, trees, posts, or buildings. Tethering of a dangerous animal is strictly prohibited.

- (8) Whenever a dangerous animal is taken off of the property of the owner or keeper, for whatever reason, the animal must wear a muzzle that prevents it from biting a person or an animal. Further, it shall be unlawful to exercise, or walk, a dangerous animal upon the public streets, sidewalks, rights-of-way, parks and property of the parish.
- (9) The owner and/or keeper of a dangerous animal shall post and maintain signs on the property, and on the secure enclosure, which must be sufficient to warn the general public, including young children, that a dangerous animal is being kept on the property. At a minimum, the signs shall be placed on the secure enclosure and at each normal point of ingress and egress. The signs shall be so placed as to be readily visible to any person approaching the property and secure enclosure. The location where the signs must be displayed shall be determined by the department of animal services, and the department shall provide the signs to the owner and/or keeper at his expense.
- (10) The owner and/or keeper signs a declaration acknowledging that he is required to immediately notify the department of animal services whenever the animal is on the loose, is unconfined, has bitten a domestic animal or person, has died, been sold, or given away, or has been relocated.

- (11) If the animal has died, been sold, transferred, or given away, or has been relocated, the owner and/or keeper shall provide written notice of the event to the department of animal services within two days thereof. The notice shall state that the animal has been sold, transferred, or given away, or has been relocated, and provide the name, address, and phone number of the new owner, or the new location of the animal. Additionally, at the time the animal is sold, transferred, or given away, the owner shall give written notice to purchaser, transferee or donee that the animal has been designated as a dangerous animal by the parish department of animal services.

(Code 1998, § 4-132.01; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-132.01), 6-2-2016)

Sec. 10-661. Notice of designation as potentially dangerous or dangerous animal.

The director of the department of animal services is authorized to institute the administrative hearing process, which shall be commenced by serving a "Notice of Designation" as potentially dangerous or dangerous animal. The notice shall be dated and may be served by personal service on the owner or keeper, by posting the notice in a conspicuous place at the owner's or keeper's residence, or by leaving it with a person of suitable age and discretion residing at the owner's or keeper's place of residence. Notice may also be served by certified or registered U.S. mail to the owner or keeper, or both. In case of notice by U.S. mail, the date of the postmark shall be deemed the date of delivery. Any notification so sent and returned by the U.S. Post Office shall be considered as having fulfilled the notification requirement; provided that, in the case of such returned notice, if the person to be notified has a telephone number listed in the parish phone directory, at least one attempt shall be made to notify the person by telephone.

- (1) The notice of designation shall be, as much as possible, in laymen's language susceptible of understanding by a person of normal capacity, and shall, in large print, inform the person noticed of the determination to designate the animal as potentially dangerous or dangerous.
- (2) The notice of designation shall, in large print, also inform the person of the date, time and location of the administrative hearing, that the person has a right to appear at the hearing to dispute the dangerous or potentially dangerous designation, and of his right to present evidence and witnesses on his behalf. If the animal is in the custody of the department of animal services, the notice shall inform the person that the animal will be held for a period of 15 consecutive days, including weekends and holidays, or pending the administrative hearing.
- (3) If an administrative hearing is not to be instituted by the department, and the animal is in the custody of the department of animal services, the notice of designation shall inform the owner or keeper of the following:
 - a. The owner or keeper may reclaim the animal upon payment of the applicable costs and fees and upon the department's verification of compliance with all of the

requirements that are applicable to the particular designation. Written notice of voluntary compliance by the owner or keeper is required, and may be provided by signing below the "Voluntary Compliance" section of the notice of designation. Written notice of voluntary compliance must be received by the department within 15 days of the date of the notice of designation.

- b. The owner may appeal the department's designation of the animal as potentially dangerous or dangerous by appealing that determination, in writing, within 15 days of the date of the notice of designation. The appeal may be made by signing below the "Appeal—Request for Administrative Hearing" section on the notice of designation and returning same to the department within 15 days of the date of the notice.
- c. The notice shall inform the owner or keeper that the animal will be held for 15 days from the date of notice, unless the department receives written notice that he is appealing the determination or is willing to voluntarily comply with the requirements necessary to abate the conditions giving rise to the alleged violation. If such notice is not timely provided, the animal may be euthanized.

(Code 1998, § 4-132.02; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-132.02), 6-2-2016)

Sec. 10-662. Hearing.

(a) Upon the showing made by the parties at the hearing on the designation of the animal, the hearing officer shall determine whether the animal is a potentially dangerous animal or a dangerous animal. If the hearing officer determines that the animal is not potentially dangerous or dangerous, he shall order the designation rescinded and, if the animal is in the custody of the department, shall order the animal to be returned to the owner on demand. The owner shall not be charged a fee to reclaim the animal.

(b) In every case where the animal is established to be a potentially dangerous or dangerous animal, the court shall enter an order declaring the animal to be a potentially dangerous or dangerous animal and shall direct the owner of the animal to comply with the requirements established for the restraint and confinement of the animal as provided by law and all other requirements applicable to the particular designation. Unless a shorter time is stated in the order, the owner must comply with all requirements within 30 days from the date of the order. If the animal is in the custody of the department, they shall retain the animal until the owner has complied with the court's order. The owner shall be responsible for all reclaim fees, boarding fees, and/or medical fees incurred by the department for housing the animal, all of which must be paid before the animal is released. Whoever violates the provisions of the dangerous animal section shall be fined not more than \$300.00 and shall be ordered to pay all costs and expenses of keeping the animal and all costs and expenses required for compliance.

(c) Any person who fails to restrain and confine a potentially dangerous or dangerous animal as ordered by the hearing officer, or fails to comply with the requirements established for the restraint and confinement of the dog as provided by law and all other requirements applicable to the particular designation, shall be in violation of the order and shall be fined not less than \$100.00 nor more than \$500.00. Each day that the violation continues shall be a separate violation. Additionally, the hearing officer may enter any other order he deems reasonable for the protection of the public health, safety and welfare.

(d) An animal determined by the hearing officer to be a dangerous animal may be humanely euthanized if it is determined that the animal poses an immediate threat to public health and safety. The order shall require that the animal not be humanely euthanized prior to the expiration of the time for appeal to the district court or such other time as he deems reasonable. (Code 1998, § 4-132.03; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-132.03), 6-2-2016)

Sec. 10-663. Appeal.

The owner of the animal may appeal to the court of competent jurisdiction an order of the hearing officer determining the animal to be potentially dangerous or dangerous. Notwithstanding the provisions of section 2-565, such appeal shall be perfected within five calendar days from the rendition of the order and shall be made returnable to the 22nd Judicial District Court in not more than 15 calendar days from the rendition of the order. The hearing officer may order the person to post an amount sufficient to cover the cost of boarding the animal for a period of time not to exceed 30 days.

(Code 1998, § 4-132.04; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-132.04), 6-2-2016)

Sec. 10-664. Vicious animals.

(a) For the purposes of this section, the term "vicious animal" means any animal which, when unprovoked, in an aggressive manner, inflicts serious bodily injury on or kills a human being and was previously determined to be a dangerous animal under the criteria set forth in section 10-659(a).

- (1) It shall be unlawful for any person to own a vicious animal.
 - (2) Whoever violates the provisions of subsection (c) of this section shall be fined not more than \$500.00 or imprisoned for not more than six months, or both.
- (b) The provisions of this section shall not apply to:
- (1) Any animal which is owned, or the service of which is employed, by any state or local law enforcement agency for the principal purpose of aiding in the detection of criminal activity, enforcement of laws, or apprehension of offenders.

- (2) Any animal trained in accordance with the standards of a national or regional search and rescue association to respond to instructions from its handler in the search and rescue of lost or missing individuals and which animal, together with its handler, is prepared to render search and rescue services at the request of law enforcement.
- (3) Proprietors of animal hospitals, to veterinarians, zoological gardens, theatrical exhibit, or a circus, provided that such animal hospital, veterinarian, zoological garden, theatrical exhibit, or circus possesses all permits required by the laws of this parish and state and complies with all other regulations concerning the keeping and maintaining of such animals.

(c) Impoundment.

- (1) Any law enforcement officer making an arrest for violation of this section may lawfully take possession of all animals on the premises where the arrest is made or in the immediate possession or control of the person being arrested.
- (2) In the event that an animal control officer or law enforcement officer has probable cause to believe that an animal is vicious, and the animal is found to be at large, the animal shall be immediately impounded.
- (3) Any law enforcement officer or animal control officer may take possession of any animal that bites a person or is reported to have bitten a person within the limits of the parish. In such cases, the provisions of section 10-658 shall also be applicable.

(Code 1998, § 4-133.00; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-133.00), 6-2-2016)

Sec. 10-665. Appeal of vicious animal designation; notice.

(a) The notice of designation shall be, as much as possible, in laymen's language susceptible of understanding by a person of normal capacity, and shall, in large print, inform the person noticed of the determination to designate the animal as vicious.

(b) The notice shall be dated and may be served by personal service on the owner or keeper, by posting the notice in a conspicuous place at the owner's or keeper's residence, or by leaving it with a person of suitable age and discretion residing at that location. Notice may also be served by certified or registered U.S. mail to the owner or keeper, or both. In case of notice by U.S. mail, the date of the postmark shall be deemed the date of delivery. Any notification so sent and returned by the U.S. Post Office shall be considered as having fulfilled the notification requirement; provided that, in the case of such returned notice, if the person to be notified has a telephone number listed in the parish phone directory, at least one attempt shall be made to notify the person by telephone.

(c) The notice shall, in large print, inform the person noticed that he may appeal the department's designation of the animal as vicious by appealing that determination, in writing, within 15 days of the date of the notice of designation. The appeal may be made by signing below the "Appeal—Request for Administrative Hearing" section on the notice of designation and returning same to the department within 15 days of the date of the notice.

(d) The notice shall inform the owner or keeper that the animal will be held for 15 days from the date of notice, unless the department receives written notice that he is appealing the determination. If such notice is not timely provided, the animal may be humanely euthanized. (Code 1998, § 4-133.01; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-133.01), 6-2-2016)

Sec. 10-666. Hearing.

(a) Upon the showing made by the parties at the hearing on the designation of the animal, the hearing officer shall determine whether the animal is a vicious dog if the hearing officer determines that the animal is not a vicious animal, he shall order the designation rescinded and, if the animal is in the custody of the department of animal services, shall order the animal to be returned to the owner on demand. The owner shall not be charged a fee to reclaim the animal.

(b) In every case where the animal is established to be a vicious animal, the hearing officer shall enter an order declaring the animal to be a vicious animal and ordering the animal to be humanely euthanized. If the animal is not in the custody of the department of animal services, the hearing officer shall order that the animal be immediately surrendered to the custody of the department. The order shall require that the animal not be humanely euthanized prior to the expiration of the time for appeal to the district court or such other time as he deems reasonable.

(c) The owner of the animal may appeal to the court of competent jurisdiction an order of the hearing officer determining the animal to be vicious. Notwithstanding the provisions of section 2-565, such appeal shall be perfected within five calendar days from the rendition of the order and shall be made returnable to the 22nd Judicial District Court in not more than 15 calendar days from the rendition of the order. The hearing officer may order the person to post an amount sufficient to cover the cost of boarding the animal for a period of time not to exceed 30 days.

(Code 1998, § 4-133.02; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-133.02), 6-2-2016)

Sec. 10-667. Animal establishment permits.

(a) *Permits.*

(1) No person shall operate an animal establishment without first obtaining a permit from the parish department of animal services.

- (2) The applicant of an animal establishment permit shall abide by all parish animal establishment regulations. The animal control director may adopt animal establishment regulations such as those set forth in title 9 (Animal and Animal Products), chapter 1 (Animal and Plant Health Services), United States Department of Agriculture Animal Welfare Act of 1970 (Public Law 91579) or revisions thereto, or statutes of the state, or may promulgate and use any such nutritional or environmental standards which may be considered applicable and standard husbandry practices by expert opinion or literature, or by such organizations as the American Veterinary Medical Association (AVMA), the Humane Society of the United States (HSUS), the American Association of Zoological Parks and Aquariums (AAZP&A), or a qualified veterinarian.
 - (3) The department of animal services will provide a copy of the standards adopted, as provided in subsection (a)(2) of this section, to applicants with application for a permit. The applicant shall acknowledge receipt of the standards in the application.
 - (4) The permit period shall begin on the day the permit application is approved by the director. All applications for renewal of a permit for the ensuing year shall be filed with the department of animal services no later than the day of the annual inspection and a remittance therefor in cash, cashier's check or money order, in the proper amount as set forth hereinafter, payable to the department of animal services.
 - (5) Any person who maintains or operates an animal establishment shall pay an annual permit fee as provided hereinafter. If any person shall own or operate more than one facility, he shall be required to have a permit for each facility.
 - (6) The annual permit fee shall be \$200.00.
 - (7) A permit shall be required for all commercial kennels/breeders, public kennels, private kennels, pet shop, grooming shop, or where an owner has more than five animals, excluding livestock, over four months of age.
- (b) *Issuance and revocation of animal establishment permits.*
- (1) Parish animal control officers shall be required to conduct all inspections of animal establishments, and the department of animal services shall issue permits in compliance with this part and revoke permits for establishments not in compliance with this part.
 - (2) The department of animal services shall have the right of entry, at reasonable hours, on premises affected by this title and into all areas where animals are kept and maintained, for inspection to ascertain if the permittee is in compliance with the standards as set forth in subsection (a)(2) of this section. Failure of the owner to comply with the

standards as stated therein shall be cause for the revocation of the permit, a hearing before the bureau of administrative adjudication, and/or a misdemeanor summons to be issued.

- (3) If the parish department of animal services, after inspection, determines that the permittee is in violation of this part, it shall advise the permittee in writing of the violations and shall further inform the permittee that its failure to comply with the standards as provided in subsection (a)(2) of this section shall be cause for the removal of animals from such premises or areas, a hearing before the bureau of administrative adjudication, and/or a misdemeanor summons may be issued. The department of animal services shall give the permittee 14 days from receipt of the written notice to comply with the standards. Extended periods may be granted for good cause shown. If it shall be necessary for the department of animal services to remove or cause to be removed any animals as provided herein, it shall return the animals to the permittee upon their compliance with this part and the permittee's compensation to the department of animal services at a reasonable daily rate per animal.
- (4) Any person aggrieved by the decision of the department of animal services regarding violations of this part and its decision to suspend or revoke the permit upon the failure of the permittee to comply with this part, may take an appeal to a parish hearing officer with 15 days of receipt of written notification. The appeal is taken by filing a written notice of the aggrieved person's intent to appeal with the department of animal services.
 - a. The decision of the department of animal services shall be final unless appealed within the time and in the manner as set forth above. If it was necessary for the department of animal services to remove or cause to be removed any animals as provided herein, and the permittee has failed to comply and has not timely appealed to the parish hearing officer, the animals may be put up for adoption or humanely euthanized.
 - b. If an aggrieved person timely appeals to the parish hearing officer, and the hearing officer determines, based upon the evidence submitted, that the person was not in violation, or has subsequently come into compliance with this part, he may rescind the suspension or revocation of the permit and order the animals returned upon compensating the department of animal services or boarder at a reasonable daily rate per animal.
 - c. Should the hearing officer determine, based upon the evidence, that the person violated the provisions of this part and has not come into compliance, he may order any of the following, which shall be non-exclusive and shall become final upon expiration of the ten-day period for appeal to the 22nd Judicial District Court:
 1. That the animals be put up for adoption or be humanely euthanized;

2. That the violator pay a fine of not less than \$25.00 nor more than \$500.00;
 3. That the violator pay the costs of enforcement and all reasonable costs for the care and boarding of the animals.
 - d. Any person aggrieved by a decision of the parish hearing officer may appeal that decision to the 22nd Judicial District Court. If any animal is in the custody of the department of animal services, such appeal shall be perfected within ten calendar days from the rendition of the order and shall be made returnable to the 22nd Judicial District Court in not more than 15 calendar days from the rendition of the order. The hearing officer may order the person to post an amount sufficient to cover the cost of boarding and caring for the animal for a period of time not to exceed 30 days. If the animal is not in the custody of the department, an appeal of the decision shall be in accordance with the provisions set forth in section 2-565.
- (5) If an applicant is shown to have withheld or falsified any material information on its application, the department of animal services may refuse to issue a permit or license or may revoke a permit or license.
 - (6) A person denied a permit may not reapply for a permit until after a period of 30 days has elapsed from the date of the denial. Each application shall disclose any previous denial or revocation and shall be accompanied by a fee as set forth in this part.
 - (7) The animal establishment permit shall be displayed in a conspicuous place, so as to be plainly visible to any member of the general public.
 - (8) Any animal establishment selling avians, reptiles, amphibians, rodents, rabbits or other small animals must make a substantial effort to educate the prospective owner on the environmental and dietary requirements of each species being considered. Written materials regarding environmental and dietary requirements of said species and general counseling shall be considered as adequate educational tools.
 - (9) The sale, possession or ownership of any venomous snakes in the parish, except by an institution of higher education, zoo, or governmental agency, is prohibited.
 - (10) The department of animal services director shall be empowered to inspect and issue temporary permits that shall be valid, unless revoked, until the annual inspection occurs.
 - (11) It shall be unlawful for any animal establishment to offer for sale or trade any animal that is known or suspected to be ill, sick, injured, diseased or the carrier of a disease.
 - (12) Animal establishments shall keep all sick, injured, or diseased animals in a separate area away from healthy animals until they become healthy or are destroyed.
- (Code 1998, § 4-134.00; Ord. No. 01-0296, 5-3-2001; Ord. No. 03-0689, 6-5-2003; Ord. No. 09-2000, 2-5-2009; Ord. No. 16-3515, exh. A(4-134.00), 6-2-2016)

Sec. 10-668. Wild or exotic animal.

(a) No person may own, possess, or have custody of any wild or exotic animal unless that person first obtains a permit from the director or is exempted from obtaining such a permit as set forth herein.

(b) No person shall keep or permit to be kept on his or any other premises any wild or exotic animal for display or for exhibition purposes, whether gratuitously or for a fee, including by way of example, but not limited to, traveling or stationary reptile shows. This section shall not apply to zoological parks accredited by the American Association of Zoological Parks and Aquariums, circuses or veterinary clinics, performing animal exhibitions or governmental institutions.

(c) No person may sponsor, promote, or train a wild or exotic animal in, or attend as a spectator, any activity or event in which any wild or exotic animal engages in unnatural behavior or is wrestled, fought, mentally or physically harassed or displayed in such a way that the animal is abused or mentally or physically stressed or has the potential to injure a human being. This prohibition applies to events and activities taking place in either public or private facilities or property, and applies regardless of the purpose of the event, whether gratuitous or fiscal.

(d) No person shall own, keep or harbor any venomous snake in the parish, except institutions of higher learning, zoos or governmental agencies.

(e) No person shall allow a wild or exotic animal to escape.

(f) Permits. All applicants shall complete and submit an application form prior to licensing.

(1) *Exemptions; standards for issuing permits.*

a. The following persons are exempt from the permit requirement of this section:

1. A person possessing or having temporary custody of a sick, orphaned or injured wild animal solely for the purpose of temporarily keeping or transporting the animal to a licensed veterinarian or permitted wildlife rehabilitator or animal shelter, or to a federal, state, or local governmental official with authority to handle the animal.
2. Licensed veterinarians tending to injured or sick wild and/or exotic animals.
3. Any "research facility" within the meaning of section 2(d) of the Federal Animal Welfare Act, 7 USC 2132(e), licensed by the Secretary of Agriculture of the United States pursuant to that act.
4. The department of animal services or any agent or official thereof, acting in an official capacity.
5. Any agency or official of the federal, state, or local government, acting in an official capacity.

6. A zoo that is an accredited member of the American Association of Zoological Parks and Aquariums.
 7. State universities or other state agencies working with wild or exotic animals.
 8. Circuses.
 9. Agricultural operations as defined in R.S. 3:3602.
- b. Persons applying for permits must demonstrate to the director:
1. That the facility is not in a recognized subdivision in the parish.
 2. That the proposed ownership, possession or custody of the wild or exotic animal will enhance the species in question.
 3. That the applicant possesses the scientific and animal husbandry credentials and material resources to implement the proposed species enhancement program.
 4. That the applicant will be able to comply with the minimum care standards.
 5. That the wild animal or exotic will not be kept as a pet.
 6. That the applicant will be able to comply with any other applicable federal, state, local or municipal laws, titles or regulations, including those issued by the director under authority of this chapter.
 7. That the wild or exotic animal in question will not be used, directly or indirectly, in activities or events prohibited by this section.
 8. That the applicant can comply with all other terms, conditions and requirements as set forth by the director.
 9. That every animal be inspected by a licensed veterinarian every year that upon a determination that the animal is in good health, shall issue a health certificate and shall forward said certificate to the department of animal services.
 10. That the animal will not endanger the public health and safety and will be housed in a manner to prevent escape and to enable species-typical activities.
- (2) *Requisite provisions of the permit.*
- a. Any permit issued shall be consistent with the purpose and other provisions of this title.
 - b. The permit must specify:
 1. The number, species and exact identification of the individual animals authorized to be owned, possessed or held by the permit.
 2. The location where each animal will be kept.
 - c. The director may promulgate by rule any additional conditions or restrictions to be contained in permits consistent with the purpose and provisions of this title.

(3) *Application procedure.*

- a. *Application.* Each applicant for a permit shall submit a written application to the director, prior to possessing any animals in the parish.
- b. *Duration of permit.* The permit shall authorize the applicant to own, possess, or have custody of all animals specified in the permit for a period of one year or for a shorter period if deemed necessary by the director and specified on the permit.
- c. *Renewal of permits.* The director may renew a permit annually, after inspection, upon the applicant showing that the applicant continues to comply with all the requirements of this title.
- d. *Fees.* The fee per permit is \$200.00 annually.
- e. *Modification or revocation of permit.*
 1. The director shall have the power to modify or revoke any permit issued pursuant to this section for any of the following reasons:
 - (i) In order to make the permit conform to any regulation promulgated by the director.
 - (ii) In any case where the terms and conditions of the permit are violated.
 - (iii) Where a wild or exotic animal owned or possessed pursuant to a valid permit is found in the custody, care, possession or control of any person other than the permit holder or his agent or other persons specified on the permit, except when such animals are involved in formal breeding or propagation, loan agreements between zoological parks, aquariums, private breeders or rehabilitators with proper permits.
 - (iv) In any case where the permit holder or other person with possession or custody of the animals is found not to meet the minimum care standards or has violated any provisions of R.S. 14:102.
 - (v) When the number of animals listed on the permit changes, except in regard to animals that have given birth or have died; and these changes must be reported to the animal control center within one month of the event.
 - (vi) In any case where the permit holder or his agents denies the director or his agents access for inspection.
 - (vii) For nonpayment of any fees due under the provisions of this article.
 2. If the director revokes the permit, the animal shall be permanently removed from the custody of the permit holder and forfeited to the director to be disposed of accordingly.
 3. The director's decision to revoke the permit can be appealed to the parish adjudication within 15 days after the revocation.

- (4) *Grandfather clause.* Any wild or exotic animal which is housed or kept in the parish prior to this title becoming law, must meet all requirements of this title and be inspected and permitted or denied a permit by the director within six months of the effective date of the ordinance from which this article is derived.
- (5) *Liability insurance for wild or exotic animals.* The owner or keeper shall present to the director of the animal control center proof that the owner or keeper has procured liability insurance in the amount of at least \$200,000.00, covering any damage or injury which may be caused by such animal during the 12-month period for which licensing is sought, which policy shall contain a provision requiring the parish to be named as an additional insured and the parish shall be notified by the owner or keeper of any cancellation, termination or expiration of the liability insurance policy.

ARTICLE I. IN GENERAL**Sec. 14-1. Burning restrictions/safety precautions during periods of drought.**

(a) The authority to impose restrictions on any activities conducted within unincorporated areas of the parish as a result of drought conditions shall rest with the parish president.

(b) Restrictions shall be placed only when the parish president agrees that existing drought conditions warrant said restrictions.

(c) Restrictions shall be considered after informal consultation by the parish president with officials located within the state and/or parish and experienced in matters of climatology, meteorology, forestry, fire and/or public safety.

(d) Restrictions which may be placed by the parish president include, but are not limited to, outdoor burning activities, fireworks, water usage and measures to ensure citizen health and safety. Restrictions may be placed parish wide or limited to certain wards within the parish.

(e) Restrictions shall be imposed and established by a written "Notice of Restrictions due to Existing Drought Conditions" signed by the parish president; and which describes the conditions necessitating the restrictions, the type of restrictions imposed, the effective date of the restrictions, the length of time said restrictions are to remain in effect, not to exceed 30 days, and the areas of the parish covered by the restrictions. Subsequent notices extending the restrictions may be executed without limitation.

(f) A "Notice of Restrictions" shall cease to be effective and thus revoked upon expiration of its term, or by written declaration by the parish president with reasons for the revocation. (Code 1998, § 8-014.00)

Sec. 14-2. Reimbursement of costs by fire protection districts.

(a) Any fire protection district and any volunteer fire department shall have the authority to charge any person causing or contributing to a discharge of a hazardous or nonhazardous material or substance the extraordinary expenses of undertaking any remedial actions necessary to contain, abate, clean up, restore or remove the discharge.

(b) The governing authority of any fire protection district assessing charges for remedial costs for actions taken in the cleaning up of any discharge of hazardous or nonhazardous material or substance as provided in this section shall also have the authority to use any reasonable means to collect and enforce the collection of such costs.

(c) The governing authority of any fire protection district shall be entitled to recover the amount of said costs, together with all costs of court and reasonable attorney fees incurred in the enforcement of collection.

(Code 1998, § 8-015.00; Ord. No. 91-1537, 12-19-1991)

State law reference—Similar provisions, R.S. 33:1974.

Sec. 14-3. Technical codes adopted.

The parish hereby ordains that it adopts the most current edition of the National Fire Protection Association Life Safety Code (NFPA 101) and the National Fire Protection Agency Fire Code (NFPA 1) within the boundaries of St. Tammany Fire District No. 1, St. Tammany Fire District No. 4, St. Tammany Fire District No. 5, St. Tammany Fire District No. 8, St. Tammany Fire District No. 9, St. Tammany Fire District No. 11, St. Tammany Fire District No. 12 and St. Tammany Fire District No. 13 and permits St. Tammany Fire District No. 1, St. Tammany Fire District No. 4, St. Tammany Fire District No. 5, St. Tammany Fire District No. 8, St. Tammany Fire District No. 9, St. Tammany Fire District No. 11, St. Tammany Fire District No. 12 and St. Tammany Fire District No. 13 to adopt and enforce, through the creation of fire prevention bureaus, the most current editions of NFPA 101 and NFPA 1. (Ord. No. 17-3689, 3-2-2017)

Secs. 14-4—14-22. Reserved.

ARTICLE II. FIRE DEPARTMENTS**Sec. 14-23. Members to have special police powers.**

All regularly appointed members of the fire departments are hereby given the necessary special police powers for the purpose of enforcing the provisions of this article. (Code 1998, § 8-016.00; Ord. No. 226, Bk. 4, P. 5; Ord. No. 246, Bk. 4, P. 232; Ord. No. 248, Bk. 4, P. 244)

Sec. 14-24. Chief and other police officers to enforce.

It is hereby made the special duty of the chief of the appropriate fire departments, constables and other peace officers, who may be on duty and available for fire duty to respond to all fire alarms and assist fire departments in the protection of life and property, in regulating traffic, maintaining order and in enforcing observance of all sections of this article. (Code 1998, § 8-017.00; Ord. No. 226, Bk. 4, P. 5; Ord. No. 246, Bk. 4, P. 232; Ord. No. 248, Bk. 4, P. 244)

Sec. 14-25. Power of chief to make inspections and serve notice to abate fire hazards.

The chief or acting chief of any fire protection district or duly authorized volunteer fire department shall have authority to enter any and all buildings and premises within their respective jurisdictions at any reasonable hour for the purpose of making inspections and to serve notice upon the owner or occupant to abate, within a specified time, any and all fire hazards that may be found. (Code 1998, § 8-018.00; Ord. No. 226, Bk. 4, P. 5; Ord. No. 246, Bk. 4, P. 232; Ord. No. 248, Bk. 4, P. 244)

Sec. 14-26. Exceptions.

(a) A controlled fire or open burning of leaves, trash and yard debris, such as pine needles, pine cones, shrubs, brush and cut timber in the parish shall not be a violation of this chapter if the following guidelines are adhered to:

- (1) The fire area shall not be greater than eight feet in diameter;
- (2) The height of burning materials shall not be greater than four feet;
- (3) Burning shall only occur between sunrise and one hour before sunset;
- (4) The fire site shall not be unattended;
- (5) A functional water hose shall be located next to the fire site;
- (6) The fire site shall be located at least ten feet from the nearest property line;
- (7) There shall be no more than one fire site per home-site or parcel of land; and
- (8) The fire site shall be located at least 50 feet from any structure, if nearer than 50 feet from a structure, a container must be used.

(b) Notwithstanding this section, a violation of any of the above restrictions may result in the fire site being considered a fire hazard under this chapter.

(Code 1998, § 8-018.01; Ord. No. 91-1415, 3-21-1991)

Editor's note—New section 8-018.01 added to the Code of Ordinances under the authority of Ordinance No. 91-1415, 3-21-1991.

Sec. 14-27. Compliance with notice to abate fire hazard required.

Any person served with a notice to abate a fire hazard shall comply therewith promptly and inform the appropriate fire chief of such compliance.

point of beginning, proceed northerly along the centerline of the west mouth of West Pearl River to the intersection of the centerline of West Pearl River; thence proceed northerly along the centerline of West Pearl River to the intersection of the centerline of Salt Bayou; thence proceed west to the intersection of the centerline of Highway 433; thence proceed southeasterly to the northernmost intersection centerline of Highway 433 and centerline of Highway 90; thence proceed northeasterly along Highway 90 to a point approximately 5,000 feet north of the intersection of Highway 433 and Highway 90; thence proceed along a line to its intersection with the centerline of the Geohegan Canal; thence proceed southwesterly along the centerline of the Geohegan Canal to its intersection with the northernmost shore of the Rigolets; thence proceed easterly along said shore to the point of beginning.

- (2) The district has constituted since its creation (January 17, 1952), and shall continue to constitute, a public corporation and political subdivision of the state, and has had since its creation, and shall continue, to have all rights, powers and privileges granted by and conferred by the constitution and statutes of the state to fire protection districts, including the authority to incur debt, issue bonds and levy taxes.
(Code 1998, § 8-036.00; Ord. No. 632, Bk. 7, P. 547; Ord. No. 690, 2-17-1977; Ord. No. 92-1551, 1-16-1992)

Editor's note—New subsections 8-036.00(a) and (b) added to the Code of Ordinances under the authority of Ordinance No. 92-1551, 1-16-1992.

Sec. 14-54. Same—Appointments.

The district geographically encompasses Wards 8 and 9. There shall be two appointments by the parish. The two members shall consist of persons that are residents of and domiciled within the jurisdictional boundaries of Wards 8 and 9. The councilpersons of Wards 8 and 9 geographical boundaries shall have the authority to nominate one member for appointment by the parish council; there shall be one member nominated and appointed by the parish president.

(Code 1998, § 8-036.01; Ord. No. 632, Bk. 7, P. 547; Ord. No. 690, 2-17-1977; Ord. No. 88-972, 07-21-1988; Ord. No. 00-0157, 6-1-2000)

Sec. 14-55. Fire Protection District No. 2—Boundaries.

The parish council does hereby redistrict Fire Protection District No. 2 by altering and changing the existing boundaries; the boundaries of Fire Protection District No. 2 new shall be south of Interstate 12, including the Town of Madisonville and Flower Estates Subdivision, which is North of Interstate 12, and to read as follows:

Commencing at the intersection of the south right-of-way of 1-12 and the west boundary of the parish and Ward 1, also being the point of beginning; thence south along the west boundary of the parish and Ward 1 to the intersection with the north shoreline of Lake

Pontchartrain; thence east along said north shoreline to its intersection with the mouth of the Tchefuncte River; thence follow the meanderings of said river upstream to the northeast corner of Flowers Estates Subdivision; thence north 89 degrees 28 minutes west, 1,232.2 feet; thence south 21.8 feet; thence north 89 degrees 02 minutes west, 1,005.5 feet; thence north 00 degrees 02 minutes east, 229.1 feet to the north boundary of section 47, Township 7 south, Range 11 east. Thence along said north boundary north 89 degrees 22 minutes west, 1,010.2 feet to the intersection with the southeast right-of-way of state Highway 21; thence southwest along said southeast right-of-way to its intersection with the south right-of-way of Interstate 12; thence along said south right-of-way in a northwest direction to the west boundary of the parish and Ward 1, also the point of beginning.

(Code 1998, § 8-037.00; Ord. No. 623-A, Bk. 7, P. 519; Ord. No. 88-949, 6-16-1988)

Editor's note—Fire Protection District No. 2 as originally created by Ordinance No. 683-A encompassed the entire Ward 1 of St. Tammany Parish. Ordinance No. 88-949 redistricted and divided Fire Protection District No. 2 into two fire districts being Fire Protection District No. 2 (southerly) and Fire Protection District No. 13 (northerly). See section 8-037.00 for the new boundaries for Fire Protection District No. 2 and section 8-048.00 for boundaries of the new Fire Protection District No. 13.

Sec. 14-56. Same—Board of commissioners.

The parish is authorized to appoint two members. There shall be one member nominated and appointed by the parish council. There shall be one member nominated by joint concurrence of the parish president and the councilmembers from the districts protected by said fire protection district, and thereafter appointed by the parish council.

(Code 1998, § 8-037.01; Ord. No. 00-0157, 6-1-2000)

Sec. 14-57. Fire Protection District No. 3—Created; boundaries.

There is hereby created a fire protection district to be known as "Fire Protection District No. 3 of the Parish of St. Tammany, Louisiana," whose boundaries shall be the same of the 7th Ward as it existed on April 15, 1954.

(Code 1998, § 8-038.00; Res. No. 4-15-1954)

Sec. 14-58. Same—Board of commissioners.

The board of commissioners shall be comprised of five members. There shall be four members nominated and appointed by the parish council. There shall be one member nominated and appointed by the parish president.

(Code 1998, § 8-038.01; Ord. No. 00-0157, 6-1-2000)

Sec. 14-59. Fire Protection District No. 4—Created; boundaries.

There is hereby created a fire protection district to be known as "St. Tammany Fire Protection District No. 4," whose boundaries shall coincide with the boundaries of Ward 4 as

it existed on January 16, 1958, including the Town of Mandeville. (Created by Resolution dated 01/14/58) Boundaries amended to include the following described area, commonly known as River Oaks Subdivision, to-wit:

Sec. 18-3. Disposal of unhealthful materials.

(a) It shall be unlawful for the owner of any lot, place or area located on Lake Pontchartrain, or any waterway which has a current flow and is designated as a river or bayou on any official map of the state or any other body of water, depression or bed, whether or not there is a current flow present or water present within its bank, when such stream is identifiable on any official map of the state and the directional course of said stream indicates a discharge of water into

Lake Pontchartrain, to deposit or place, or to permit the deposition or placement on such lot, place or area, or upon any river bank or seashore, adjoining owner's lot, place or area any fill material comprised, either entirely or partly, of asphaltic and/or asbestos roofing shingles.

(b) The parish council, or its duly authorized representative, is hereby authorized and empowered to notify, in writing, the owner of any lot, place or area within the parish, or the agent of such owner, to remove any fill material, comprised in whole, or in part of asphaltic and/or asbestos roofing shingles deposited or placed on such owner's lot, place or area, or upon any river bank or seashore adjoining owner's lot, place or area located on Lake Pontchartrain, or any waterway which has a current flow and is designated as a river or bayou on any official map of the state or any other body of water, depression or bed, whether or not there is a current flow present or water present within its bank, when such stream is identifiable on any official map of the state and the directional course of said stream indicates a discharge of water into Lake Pontchartrain; provided that such written notice shall be by registered mail, addressed to said owner, or agent of said owner, at his last known address.

(c) Upon failure, neglect or refusal of any such owner, or agent of such owner to remove any fill material, comprised in whole or in part of asphaltic and/or asbestos roofing shingles deposited or placed on such owner's lot, place or area, or upon any river bank or seashore adjoining owner's lot, place or area located on Lake Pontchartrain or any waterway which has a current flow and is designated as a river or bayou on any official map of the state or any other body of water, depression or bed, whether or not there is a current flow present or water present within its bank, when such stream is identifiable on any official map of the state and the directional course of said stream indicates a discharge of water into Lake Pontchartrain, within ten days after receipt of the written notice provided for in subsection (b) of this section, or within ten days after the date of such notice, in the event the same is returned to the parish council by the post office department because of its inability to make delivery thereof, provided the same was properly addressed to the last known address of such owner, or agent, the parish council, or its duly authorized representative, is hereby authorized and empowered to order by parish forces or by contract and to pay for the removal of any fill material comprised in whole, or in part of asphaltic and/or asbestos roofing shingles.

(d) Whenever the parish council, or its duly authorized representative, has paid for removing any fill material, comprised in whole, or in part of asphaltic and/or asbestos roofing shingles as set forth in subsection (c) of this section, the actual cost thereof, plus accrued interest at the rate of eight percent per annum from the date of the completion of said work, shall be charged to the owner of such property on the next regular tax bill forwarded to such owner by the sheriff and ex-officio tax collector for the parish, if not paid by such owner prior thereto, which said charge shall be due and payable by said owner at the time of payment of such tax bill.

(e) If the full amount due the parish is not paid by such owner within ten days after the removing of any fill material, comprised in whole, or in part of asphaltic and/or asbestos roofing shingles as set forth in subsections (c) and (d) of this section; then, and in that case, the parish council, or its authorized representative, shall cause to be recorded in the mortgage office of the parish, a sworn statement showing the cost and expense incurred for the work and the date, place or property on which said work was done, and the recordation of such sworn statement shall constitute a lien and privilege on the property, and shall remain in full force and effect for the amount due in principal and interest, plus costs of court, if any, for collection, until final payment has been made. Said costs and expenses shall be collected in the manner fixed by law for the collection of taxes, and, further, shall be subject to a delinquent penalty of ten percent in the event same is not paid in full on or before the date the tax bill upon which said charge appears becomes delinquent, sworn statements recorded in accordance with the provisions hereof shall be prima facie evidence that all legal formalities have been complied with and that the work has been properly and satisfactorily done, and shall be full notice to every person concerned that the amount of that statement, plus interest, constitutes a charge against the property designated or described in the statement and that the same is due and collectible as provided by law.

(Code 1998, § 11-003.00; Ord. No. 87-824, 6-18-1987; Ord. No. 88-992, 10-20-1988; Ord. No. 90-1290, 6-21-1990)

Sec. 18-4. Failure to comply with provisions is a misdemeanor.

In addition to the above remedies, violations of the provisions of this section, or failure to comply with any of its requirements, shall constitute a misdemeanor. Any person who violates this section or fails to comply with any of its requirements shall upon conviction therefore be fined not less than \$50.00 per day, and in addition, shall pay all cost and expenses involved in the case; however, the maximum of aggregated fines are not to exceed \$500.00. Each day such violation continues shall be considered as a separate offense all in accordance with section 1-9. (Code 1998, § 11-003.01; Ord. No. 88-992, 10-20-1988)

Sec. 18-5. Appointed and acting inspectors empowered.

The director of permits and inspections, the director of development and all persons appointed as acting inspectors of the parish are empowered to serve a citation upon persons charged with violations of any provision contained in this chapter or to post a notice of violation at the place of violation.

(Code 1998, § 11-003.02; Ord. No. 88-992, 10-20-1988)

Sec. 18-6. Citation defined.

As used in this section, the term "citation" means a written or printed notice served upon the person charged with a violation. Such citation shall include, but may not be limited to, the following information:

- (1) The name of the person creating the violation, or the owner or person in charge of the premises at which the violation occurs.
 - (2) The date and place of violation.
 - (3) A short description of the violation followed by the number and section of the Code of Ordinances of the parish or supplements thereto and/or the number and section of the ordinance provision violated.
 - (4) The date and place at which the person shall appear and a notice that if the person does not respond to the citation, a warrant shall be issued for such person's arrest.
 - (5) A notice that the person charged may be represented by counsel, that he may plead guilty or not guilty, and that he has a right to a court hearing.

Sec. 18-35. Tower/structure height restrictions.

(a) Any tower/structure within the parish mosquito abatement district and measuring more than 165 feet in height shall be required to install a light atop said structure in order to identify its location and ensure the safety of all aircraft.

(b) On new structures, a grace period of 30 days, from the date construction is completed, will be allowed for compliance with the lighting requirement.

(c) The term "light" means an electric device equivalent to a beacon or similar apparatus to provide sufficient illumination, from dusk to dawn, for aircraft pilots to identify the location and height of such structures.

(Code 1998, § 11-020.00; Ord. No. 97-2711, 8-21-1997; Ord. No. 08-1824, 5-1-2008)

Secs. 18-36—18-58. Reserved.**ARTICLE III. HAZARDOUS SUBSTANCES AND WASTES*****DIVISION 1. GENERALLY****Sec. 18-59. Definitions.**

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Close proximity means a distance of 1,000 feet from the waterline or watermark of any herein designated stream, river or lake, at its highest recorded floodstage or tide, provided further, that

any such facility designated in section hereof shall be prohibited where upon certification by the parish engineer, any spill or runoff from such facility can or will gravitate at any time in the future to a stream, river or lake without regard to the distance to be traveled or the anticipated concentration or strength of the substance once it mixes with or enters the waters of any stream, river or lake.

Hazardous, dangerous and/or toxic substances mean those substances, chemicals, compositions or agents which are identified as any one or combination of the following substances:

- (1) Pesticides including insecticides, herbicides, fungicides and rodenticide;
- (2) Phenolic compounds;
- (3) Polynuclear aromatic hydrocarbons (PAH);
- (4) Elements limited to arsenic, cadmium, chromium, lead, mercury, selenium and thallium.

Any such substance which is identified by a trade name, common name or names used to identify a category of such substances, chemicals or agents shall apply to all such substances which have a substantial likeness or similarity in nature and use.

Lake, river, stream. The term "lake" means any body of water designated or named as a lake on any official maps of the state. The term "river" means any stream or body of water which has a current flow and designated as a river or bayou on any official map of the state. The term "stream" means any body of water, depression or bed whether or not there is a current flow present or water present within its banks, when such stream is identifiable on any official map of the state and the directional course of said stream indicates a discharge of water into any river as defined above or into tributaries of any river.

Storage facility means any facility or part of a facility wherein any hazardous, dangerous or toxic substance as herein described comprises or accounts for a substantial part of the business or use of said facility regardless of whether the substance is marketed individually or incorporated into another product.

(Code 1998, § 11-031.00; Ord. No. 81-269, 9-17-1981)

Sec. 18-60. Administration and enforcement.

(a) To ensure effective enforcement of the herein provisions the parish department of public works shall have all administrative jurisdiction over the enforcement of this article regarding review of all plans submitted by applicants and certification thereof.

(b) Any person, firm, company or corporation desiring to construct, use or maintain any facility described herein, where any of the identified chemicals, agents, compositions or substances are to be used, stored or transported within the parish, shall make application to department of public works for review and should said department decide that the facility is in

an area which will not allow any spill or runoff from such facility to gravitate hazardous, dangerous or toxic substances into any designated stream, river or lake, the engineer shall so certify and upon certification, such facility can be commenced in construction or use provided same complies with all other laws. All applications for such certification shall be accompanied by a true and accurate plan of the facility together with a map showing the exact geographical location of the proposed facility and said map shall show all ditches, drains, canals, streams, rivers and lakes within the vicinity of the proposed facility.

(Code 1998, § 11-032.00; Ord. No. 81-269, 9-17-1981)

Sec. 18-61. Use, storage of hazardous substances.

It shall be unlawful for any person, company or corporation to construct, maintain or operate any storage facility, processing plant or facility, wood preservation facility or transportation terminal wherein any hazardous, dangerous and/or toxic substances are to be used as a manufactured substance or chemical, or as a processing or preserving agent in said facilities, or wherein hazardous, dangerous and/or toxic substances are to be stored or transferred, in, upon or in close proximity to any herein designated waterway within the parish.

(Code 1998, § 11-033.00; Ord. No. 81-269, 9-17-1981)

Sec. 18-62. Construction of pipeline to transport hazardous substances prohibited.

It shall be unlawful to construct any pipeline within the area defined in section 18-59 wherein said pipeline is intended to transfer or transport any prohibited hazardous, dangerous and/or toxic substance as designated herein through any area as defined herein.

(Code 1998, § 11-034.00; Ord. No. 81-269, 9-17-1981)

Sec. 18-63. Violations; penalty; civil remedy.

(a) A violation of any of the provisions of this article shall constitute a misdemeanor and shall be punishable under section 1-9. For each day a violation occurs, the same shall constitute a separate offense regardless of whether said violation is of a continuing nature.

(b) There is also established herein a civil remedy at law separate and apart from any criminal violations herein for the removal of any facility constructed in violation of this article. The parish may petition any court of competent jurisdiction to have any such facility removed at the expense and costs of the owner thereof and any such petition shall not effect nor penalize any prosecution of criminal charges hereunder.

(Code 1998, § 11-035.00; Ord. No. 81-269, 9-17-1981)

Sec. 18-64. Hazardous/nonhazardous materials, fire protection districts to recover costs.

(a) Any fire protection district and any volunteer fire department shall have the authority to charge any person causing or contributing to a discharge of a hazardous or nonhazardous material or substance the extraordinary expenses of undertaking any remedial actions necessary to contain, abate, clean up, restore or remove the discharge.

(b) The governing authority of any fire protection district assessing charges for remedial costs for actions taken in the cleaning up of any discharge of hazardous or nonhazardous material or substance as provided in this section shall also have the authority to use any reasonable means to collect and enforce the collection of such costs.

(c) The governing authority of any fire protection district shall be entitled to recover the amount of said costs, together with all costs of court and reasonable attorney fees incurred in the enforcement of collection.

DIVISION 2. DISPOSAL

Sec. 18-87. Findings.

(a) The parish council finds that the surreptitious disposal of hazardous materials, at other than an established site established by the parish therefor to be regulated by the department of natural resources constitutes a real danger to the life, health, property and public safety of the citizens of the parish.

(b) The parish council recognizes the exclusive jurisdiction of the state department of natural resources, or its successor, over the generation, transportation and/or disposal of hazardous wastes and that it has pre-empted the field pursuant to the state Hazardous Waste Control Law (R.S. 30:2171 et seq.).

(Code 1998, § 11-051.00; Ord. No. 82-502, 12-16-1982)

Sec. 18-88. Wastes designated as hazardous.

(a) Hazardous wastes for the purpose hereof shall be any waste or combination of wastes, which because of its quantity, concentration, physical, chemical or infectious character may:

- (1) Cause or significantly contribute to the mortality or an increase in serious irreversible or incapacitating reversible illness; or
- (2) Pose a substantial present or potential hazard to human health or the environment.

(b) Same shall include, but are not necessarily limited to, containers of phosphorous, chlorine, nerve gas, bacterial or germ canisters, armed forces material designed for military purposes, including mines, bombs, tear gas in quantity, incendiaries, chemicals designed and stored for weed kills, fish kills or which, if inadvertently deposited in water wells, water systems,

rivers, streams or bayous would be dangerous to health or environment, and any others which may be listed presently or from time to time added to the list or register of hazardous wastes or byproducts of the state department of natural resources.

(Code 1998, § 11-052.00; Ord. No. 82-502, 12-16-1982)

Sec. 18-89. Authority of parish to create site; no site created.

Pursuant to R.S. 33:1236(31) the parish council is vested with the jurisdiction over the initial siting of facilities for the disposal of hazardous wastes and accordingly it is herewith ordained and declared that presently no such site exists under parish ordinance and further that none shall be created hereunder, unless by parish ordinance and after public hearing.

(Code 1998, § 11-053.00; Ord. No. 82-502, 12-16-1982)

Sec. 18-90. Burning, releasing into air or water declared illegal.

It shall be illegal for any entity, corporation, firm, association or individual to burn or release into the air or water of the parish any of such hazardous wastes or byproducts.

(Code 1998, § 11-054.00; Ord. No. 82-502, 12-16-1982)

Sec. 18-91. Exemptions.

Exempted herefrom shall be any military reservation or National Guard site within the parish when the storage or use of such products is consonant with the military training and necessary for such training.

(Code 1998, § 11-055.00; Ord. No. 82-502, 12-16-1982)

Sec. 18-92. Emergencies.

In an emergency, the consent and written approval of the sheriff of the parish and the director of the parish office of civil defense, or the parish office of emergency preparedness, as the case may be, must be first had and obtained so as to provide proper notice and alert to the citizens of the parish.

(Code 1998, § 11-056.00; Ord. No. 82-502, 12-16-1982)

Sec. 18-93. Violation; penalty.

Any violation hereof shall constitute a misdemeanor and shall be punishable as is provided in section 1-9.

DIVISION 3. REGULATION OF POLYCHLORINATED BIPHENYLS

Sec. 18-115. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Area of special concern means a school, day care center, nursing home, grain elevator, public building or auditorium, hospital, church or theater.

Area of special environmental concern means a flood hazard area or floodplain, wetland, surface or subsurface drinking water source in the parish. All land below the ten-foot contour line shall be presumed to be a flood hazard area or wetland.

Disposal means the discharge, deposit, injection, dumping, spilling, leaking or placing of a material into or on any land or water so that such material, or any constituent thereof, may enter the environment or be emitted into the air or discharged into any waters, including groundwaters; or the incineration of any material so that such material is emitted into the air.

Polychlorinated Biphenyls (PCB and PCB's) are defined, for the purpose of this division, as any chemical substance that is limited to the biphenyl molecule that has been chlorinated to varying degrees, or any combination of substances which contain such substances. The term "polychlorinated biphenyls" refer to any chemical substances and combinations of substances that contain greater than 50 ppm (on a dry weight basis) or greater of PCBs and any container, piece of electrical equipment, item or other device or material which either deliberately or unintentionally contains, includes as a part of it, or has been in direct contact with any PCB or PCBs at a concentration of 50 ppm or greater. Any chemical substances and combination of substances that contain less than 50 ppm of PCBs because of any dilution shall be included as PCB and PCBs. Substances that are regulated by this division include, but are not limited to, dielectric fluids, contaminated solvents, oils, waste oils, heat transfer fluids, hydraulic fluids, paints, sludges, slurries, dredge spoils, soils, materials contaminated as a result of spills, other chemical substances or combinations of substances, including impurities and byproducts, capacitors, transformers, contaminated containers and any other contaminated item, device or material.

Storage means the containment of any material on a temporary basis.

Treatment means any method, technique or process, including neutralization, designed to change the physical, chemical or biological character or composition of any material, so as to neutralize such material or render it nonhazardous or nontoxic, safer for transport, amenable for recovery or storage or reduced in volume. The term "treatment" includes any activity or processing designed to change the physical form or chemical composition of material, to render it nonhazardous or nontoxic.

(Code 1998, § 11-061.00; Ord. No. 85-381, 4-18-1985)

Sec. 18-116. Regulated areas.

(a) No facility for the treatment, storage or disposal of polychlorinated biphenyls may be located in an area of special environmental concern.

(b) No facility for the treatment, storage or disposal of PCBs may be located within one mile of an area of special concern.

(c) Any facility for the treatment, storage or disposal of PCBs located over an area of special environmental concern must be isolated from such area by a concrete slab two feet or more thick with a vertical permeability of less than one by ten minus eight centimeters/second.

(d) Any facility for the treatment, storage or disposal of PCBs shall meet all local regulations and ordinances applicable to the size and type of structure and the procedures conducted therein, as well as all applicable federal and state laws and regulations in addition to the provisions of this division.

(Code 1998, § 11-062.00; Ord. No. 85-381, 4-18-1985)

Sec. 18-117. Administration and enforcement.

(a) To ensure effective enforcement of the provisions of this division, the engineer shall have all administrative jurisdiction over the enforcement of this division regarding review of all plans submitted by applicants and certification thereof.

(b) Any person, firm, company or corporation desiring to construct, use or maintain any facility described herein, wherein any of the identified chemicals, agents, compositions or substances are to be used, stored or transported within the parish shall make application to the engineer for review and should such department decide that the facility is in an area which will not allow any spill or runoff from such facility to gravitate hazardous, dangerous or toxic substances into any herein designated stream, river or lake, the engineer shall so certify; and upon certification, such facility can be commenced in construction or use provided that the same complies with all other laws. All applications for such certification shall be accompanied by a true and accurate plan of the facility, together with a map showing the exact geographical location of the proposed facility; and the map shall show all ditches, drains, canals, streams, rivers and lakes within the vicinity of the proposed facility.

(Code 1998, § 11-063.00; Ord. No. 85-381, 4-18-1985)

Sec. 18-118. Violations and penalties.

Any person found by a court of competent jurisdiction to be in violation of this division shall be fined not more than \$500.00 and/or imprisoned for not more than six months for each violation. Any corporation, partnership or other legal entity found by a court of competent jurisdiction to be in violation of this division shall be fined not more than \$500.00 per violation, and any officers of such a legal entity found by a court of competent jurisdiction to be

knowingly in violation of this division shall be fined not more than \$500.00 and/or imprisoned for not more than six months for each violation. Each day's violation shall be construed as a separate offense.

DIVISION 4. HERBICIDES

Sec. 18-150. Prohibited.

It shall be unlawful for any person, group, company, corporation or organization to apply, use or incorporate the use of any herbicide, including, but not limited to, those registered with and/or approved by the U.S. Environmental Protection Agency or the state department of agriculture and forestry, for the management, control, eradication or maintenance of weeds, grass, trees, shrubs, foliage, vegetation or other natural growth in any parish right-of-way, ditch, servitude, drainage area, roadside, road shoulder, green area, buffer zone, waterway, neutral ground or median in the unincorporated areas of the parish.

(Code 1998, § 11-066.00; Ord. No. 93-1789, 8-19-1993)

Sec. 18-151. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Herbicide means any substance, chemical, toxic, element or composition thereof, commonly or professionally known, identified as, or used, for the purpose of destroying, eradicating, eliminating, killing, stunting or preventing weeds or the growth thereof.

Parish rights-of-way, etc.

Ditch means a natural or dedicated area which provides for the containment or flow of water from rain or adjacent drainage areas or waterways such as streams, creeks, ponds, lakes or rivers.

Drainage area means an area maintained for the purpose of channeling or preventing accumulation of water from surrounding land.

Easement means a designated right to use the property of another for specific purpose, i.e., drainage, utility easement.

Median/neutral ground means the area dividing or separating a roadway and not used for right of passage.

Right-of-way means any public way, street, road, alley, easement, servitude or access, which was dedicated to or acquired by the parish to provide means of access to abutting properties; whether paved, improved or unimproved, including those areas dedicated for proposed or future uses.

Roadside/road shoulder means natural or dedicated areas which are parallel, contiguous to, abut, adjoin, border, edge, connect or approach any public right-of-way, street or highway.

Servitude means a right-of-way through or across property belonging to another.
(Code 1998, § 11-066.01; Ord. No. 93-1832, 10-21-1993)

Sec. 18-152. Exemptions.

Exempt herefrom are hand held manual pump sprayers up to a maximum three-gallon capacity.
(Code 1998, § 11-066.02; Ord. No. 93-1832, 10-21-1993)

Sec. 18-153. Violations; penalties.

A violation of the provisions of this division shall constitute a misdemeanor and shall be punishable under section 1-9. For each day a violation occurs, the same shall constitute a separate offense regardless of whether said violation is of a continuing nature.

**ARTICLE IV. DISCHARGE OF SEWAGE INTO WATER BODIES OR WITHIN
FLOODPRONE AREAS**

Sec. 18-175. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Camp means any structure, floating or foundation-secured, used temporarily or occasionally as a dwelling; not used as a residence.

Floodprone means any area which is regularly subject to flooding, as determined by the United States Geological Survey or the Corps of Engineers.

Individual mechanical plant means any individual sewage system which employs aerobic bacterial action which is maintained by mechanical aeration.

Individual sewage system means any system of piping (excluding building plumbing), treatment device or other facility that conveys, stores, treats or disposes of sewage on the property where it originates and which utilizes the individual sewage system technology as prescribed in section 18-178.

Marine sanitation device (MSD) means any device designed for the handling, storage and/or disposal of domestic waste (sewage) generated aboard a vessel or camp.

Permit means a written document issued by the state health officer which authorizes the installation, construction and operation of an individual mechanical plant, individual sewage system or marine sanitation device or a modification of the existing system which affects the performance of the system.

Residence means any structure occupied customarily or most of the time as a dwelling, a place of primary residence.

Secondary treatment standard means a sewage affluent water quality standard which prescribes a maximum 30-day average concentration of biological oxygen demand (five-day) of 30 milligrams per liter, a maximum seven-day average concentration of biological oxygen demand (five-day) of 45 milligrams per liter, and a maximum daily average concentration of biological oxygen demand (five-day) of 60 milligrams per liter. The daily average concentration shall be based on at least three affluent portions collected at time intervals no shorter than one hour each and combined in a flow-weighted composite. The 30 day average, seven-day average, and the daily average are the arithmetic means of the values for all effluent samples collected in each period.

Septic tank system means any individual sewage system which consists of a septic tank flowed by an acceptable method of septic tank effluent treatment or disposal. A conventional septic tank system is a septic tank followed by a subsurface absorption field.

Sewage means human or domestic waste, except household consumer refuse, including conveying liquid from residences, buildings, industrial establishments, or other places, together with such groundwater, surface water, stormwater and other wastes as may be present.

Sewage system means any or all of the various components, including piping, plumbing, pumping and treatment facilities comprising a system designed for the collection and/or treatment and/or disposal of sewage.

(Code 1998, § 11-070.00; Ord. No. 84-209, 9-20-1984)

Sec. 18-176. Discharge of untreated sewerage prohibited.

All individuals who own, rent, lease, operate or manage any occupied premises, public or private, where people live, work or congregate in a floodprone area shall provide for sewage disposal in compliance with this article. The contents or effluent from any water closet, sink, lavatory, bathtub, shower drain, kitchen fixture and/or appliance, laundry fixture and/or

appliance, vault, privy, leaching pit, chemical toilet or any personal hygiene fixture or appliance not aforementioned, or septic tank, or from any portion of any individual sewage system shall not be discharged directly or indirectly into any street, gutter, ditch, watercourse, water shed, slough, body of water, or onto the surface of the ground, except where appropriate permits have been obtained.

(Code 1998, § 11-071.00; Ord. No. 84-209, 9-20-1984)

Sec. 18-177. Sewage system required.

(a) The owner of any property which is situated in a marsh or swamp, or on, over, or contiguous to any river, stream, bayou, lake or other waterway within or bordering the unincorporated portion of the parish, and on which there is located a residence, camp or any other structure which is occupied customarily or occasionally as a dwelling, must connect the toilet facilities and other plumbing fixtures within the said residence, camp or structure to a community-type sewage system where available, or to an individual sewage system specifically approved for the premises by the state health officer after determining that connection to a community-type sewage system is not feasible and that the installation and operation of an individual sewage system will not create a nuisance or public health hazard.

(b) Violation of this section shall constitute a misdemeanor and shall be punishable in accordance with the provisions of section 1-9.

(c) Enforcement of this section shall be effected only by employees or agents of the water services commission of the parish pursuant to the authority provided in R.S. 33:4064.1 et seq.

(d) For any existing residence, camp or other structure subject to the provisions of subsection (a) of this section, the effective date for enforcement of said provisions shall be July 1, 1993. (Code 1998, § 11-071.01; Ord. No. 92-1676, 11-19-1992)

Sec. 18-178. Permits.

(a) *Camps.* No person shall install, cause to be installed, materially alter, or operate an individual sewage system of any kind without first having obtained a permit from the state health officer. No person shall install, cause to be installed, or materially alter an individual sewage system of any kind except in accordance with the plans and specifications for the installation which have been approved as a part of a permit issued by the state health officer prior to the start of the installation or alteration. Any such permit shall be in writing and shall be issued only for marine sanitation devices. Detailed plans and specifications for each installation of an individual sewage system for which a permit is requested shall be submitted in advance for approval to the state health officer.

(b) *Residences.* No person shall install, cause to be installed, materially alter, or operate an individual sewage system of any kind without first having obtained a permit from the state health officer. No person shall install, cause to be installed, or materially alter an individual

sewage system of any kind except in accordance with the plans and specifications for the installation which have been approved as a part of a permit issued by the state health officer prior to the start of the installation or alteration. Any such permit shall be in writing and shall not be issued until the property and its surroundings have been inspected and it has been determined that connection to community-type sewage systems is not feasible, and that the condition of the soil, the natural drainage, the estimated population density, and other related factors are such that the construction and use of properly designed individual sewage facilities are not likely to create a nuisance or public health hazard. All permits for residences shall be for secondary sewage treatment only. Detailed plans and specifications for each installation of an individual sewage system for which a permit is requested shall be submitted in advance for approval to the state health officer.

(Code 1998, § 11-072.00; Ord. No. 84-209, 9-20-1984)

Sec. 18-179. Maintenance and operation.

Individual sewage systems shall be kept in service and in a serviceable condition sufficient to ensure compliance with the secondary treatment standard and to avoid creating or contributing to a nuisance to the public.

(Code 1998, § 11-073.00; Ord. No. 84-209, 9-20-1984)

Sec. 18-180. Enforcement.

Enforcement of this article shall be the responsibility of the parish engineering in conjunction with the state department of health and human resources, the state department of environmental quality and the parish health unit as supportive enforcement activists.

(Code 1998, § 11-074.00; Ord. No. 84-209, 9-20-1984)

Sec. 18-181. Penalties.

Any individual, owner of premises and/or installer of sewage system shall both be responsible for violations of this article and subject to the following penalty provisions:

- (1) First offense: \$100.00 fine and 30-day abatement notice.
- (2) Second offense and each offense thereafter: \$500.00 fine and mandatory 30-day sentence. Failure to abate within the 30-day notice shall subject offenders to second offense penalties.

(Code 1998, § 11-075.00; Ord. No. 84-209, 9-20-1984)

Secs. 18-182—18-200. Reserved.

ARTICLE V. PAIN MANAGEMENT CLINICS**Sec. 18-201. Definitions.**

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Department means the department of health and hospitals.

Pain management clinic.

- (1) The term "pain management clinic" means a publicly or privately owned facility which primarily engages in the treatment of pain by prescribing narcotic medications.
- (2) A pain management clinic operating on or before June 15, 2005, means a pain management clinic operating pursuant to an occupational license or certificate of operation which has not been suspended or revoked.

Primarily engaged means the majority of patients, 51 percent or more of the patients seen on any day a clinic is in operation, are issued a narcotic prescription for the treatment of chronic non-malignant pain. A physician who, in the course of his practice, treats patients with chronic pain, shall not be considered primarily engaged in the treatment of chronic non-malignant pain by prescribing narcotic medications provided that the physician:

- (1) Treats patients within their areas of specialty and who utilizes other treatment modalities in conjunction with narcotic medications;
- (2) Is certified by a member board of the American Board of Medical Specialties, or is eligible for certification based upon his completion of an ACGME (Accreditation Council for Graduate Medical Education) certified residency training program; and
- (3) Currently holds medical staff privileges that are in good standing at a hospital in the state.

(Ord. No. 14-3137, § 11-001.01(A), 5-1-2014)

Sec. 18-202. License required; process to obtain license.

A pain management clinic shall be required to obtain an occupational license in accordance with the parish license tax regulations and as provided as follows:

- (1) A pain management clinic that is required to be licensed by the department shall obtain a zoning approval verification from the parish department of development prior to applying for an occupational license with the parish tax collector.
- (2) The required zoning approval verification shall be submitted to the parish tax collector with the department's license application and occupational license application.

(3) Following the issuance of a pain management clinic license by the department of health and hospitals, the license holder shall file a copy of the license with the parish tax collector prior to commencing operations as a pain management clinic.
(Ord. No. 14-3137, § 11-001.01(B), 5-1-2014)

Sec. 18-203. Operation without valid occupational license unlawful.

It shall be unlawful for any pain management clinic to be operated without a valid occupational license.
(Ord. No. 14-3137, § 11-001.01(C), 5-1-2014)

Sec. 18-204. License and certificate of occupancy to be kept on file in clinic.

A valid occupational license and certificate of occupancy must be kept on file in the pain management clinic.
(Ord. No. 14-3137, § 11-001.01(D), 5-1-2014)

ARTICLE II. DISCRIMINATION AND FAIR HOUSING**Sec. 20-19. Policy.**

It is the policy of the parish to provide, within constitutional limitations, for fair housing throughout the parish.

(Code 1998, § 6-021.00; Ord. No. 80-69A, 11-6-1980; Ord. No. 96-2377, 2-15-1996)

Sec. 20-20. Definitions.

The definitions set forth in R.S. 51:2603 (Louisiana Equal Housing Opportunity Act—Definitions), as amended, shall be effective as definitions of the words, terms and phrases used in this chapter. All words, terms and phrases used herein, other than those specifically defined elsewhere in this chapter, shall have the respective meanings ascribed to them in R.S. 51:2603, as amended, and shall have the same scope and effect that the same words, terms and phrases have where used in R.S. 51:2603, as amended.

(Code 1998, § 6-022.00; Ord. No. 80-69A, 11-6-1980; Ord. No. 96-2377, 2-15-1996)

Sec. 20-21. Application of prohibitions.

(a) Subject to the provisions of subsection (b) of this section and section 20-25, the prohibitions against discrimination in the sale or rental of housing set forth in section 20-22 shall apply to all dwellings, except as exempted by subsection (b) of this section.

(b) Nothing in section 20-22 (other than subsection 20-22(3)) shall apply to any single-family house sold or rented by an owner; provided, that such private individual owner does not own more than three such single-family houses at any one time; provided, further, that in the case of the sale of any such single-family house by a private individual owner not residing in such house at the time of such sale or who was not the most recent resident of such house prior to such sale, the exemption granted by this subsection shall apply only with respect to one such sale within any 24-month period; provided, further, that such bona fide private individual owner does not own any interest in, nor is there owned or reserved on his behalf, under any express or voluntary agreement, title to or any right to all or a portion of the proceeds from the sale or rental of more than three such single-family houses at any one time; provided further that the sale or rental of any such single-family house shall be exempted from the application of this title only if such house is sold or rented:

- (1) Without the use in any manner of the sales or rental facilities or the sales or rental services of any real estate broker, agent or salesman or of such facilities or services of any person in the business of selling or renting dwellings or of any employee or agent of any such broker, agent, salesman or person; and

- (2) Without the publication, posting or mailing, after notice of any advertisement or written notice in violation of section 20-22(3), but nothing in this provision shall prohibit the use of attorneys, escrow agents, abstracters, title companies and other such professional assistance necessary to perfect or transfer the title.

(c) Rooms or units in dwellings containing living quarters occupied or intended to be occupied by no more than four families living independently of each other, if the owner actually maintains and occupies one of such living quarters as his residence.

(d) For the purpose of subsection (b) of this section, a person shall be deemed to be in the business of selling or renting dwellings if:

- (1) He has, within the preceding 12 months, participated as principal in three or more transactions involving the sale or rental of any dwelling or any interest therein;
- (2) He has, within the preceding 12 months, participated as agent, other than in the sale of his own personal residence in providing sales or rental facilities or sales or rental services in two or more transactions involving the sale or rental of any dwelling or any interest therein; or
- (3) He is the owner of any dwelling designed or intended for occupancy by, or occupied by, five or more families.

(Code 1998, § 6-023.00; Ord. No. 80-69A, 11-6-1980; Ord. No. 96-2377, 2-15-1996)

Sec. 20-22. Discrimination in the sale or rental of housing.

As made applicable by section 20-21 and, except as exempted by section 20-21(b) and section 20-25, it shall be unlawful:

- (1) To refuse to sell or rent after the making of a bona fide offer, or to refuse to negotiate for the sale or rental of, or otherwise make unavailable or deny, a dwelling to any person because of race, color, religion, sex, familial status or national origin.
- (2) To discriminate against any person in the terms, conditions or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection therewith, because of race, color, religion, sex, familial status or national origin.
- (3) To make, print or publish, or cause to be made, printed or published any notice, statement or advertisement, with respect to the sale or rental of a dwelling that indicates any preference, limitation or discrimination based on race, color, religion, sex, handicap, familial status or national origin, or an intention to make any such preference, limitation or discrimination.
- (4) To represent to any person because of race, color, religion, sex, handicap, familial status or national origin that any dwelling is not available for inspection, sale or rental when such dwelling is in fact so available.

- (5) For profit, to induce or attempt to induce any person to sell or rent any dwelling by representation regarding the entry or prospective entry into the neighborhood of a person or persons of a particular race, color, religion, sex, handicap, familial status or national origin.
 - (6) To discriminate in the sale or rental, or to otherwise make unavailable or deny, a dwelling to any buyer or renter because of a handicap of:
 - a. That buyer or renter;
 - b. A person residing in or intending to reside in that dwelling after it is so sold, rented or made available; or
 - c. Any person associated with that buyer or renter.
 - (7) To discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection with such dwelling because of a handicap of:
 - a. That person;
 - b. A person residing in or intending to reside in that dwelling after it is so sold, rented, or made available; or
 - c. Any person associated with that person.
- (Code 1998, § 6-024.00; Ord. No. 80-69A, 11-6-1980; Ord. No. 96-2377, 2-15-1996)

Sec. 20-23. Discrimination in the financing of housing.

It shall be unlawful for any bank, building and loan association, insurance company or other corporation, association, firm or enterprise whose business consists in whole or in part in the making of commercial real estate loans, to deny a loan or other financial assistance to a person applying therefor for the purpose of purchasing, constructing, improving, repairing or maintaining a dwelling, or to discriminate against him in the fixing of the amount, interest rate, duration or other terms or conditions of such loan or other financial assistance, because of the race, color, religion, sex, handicap, familial status or national origin of such person or of any person associated with him in connection with such loan or other financial assistance or the purposes of such loan or other financial assistance, or of the present or prospective owners, lessees, tenants or occupants of the dwelling or dwellings in relation to which such loan or other financial assistance is to be made or given; provided, that nothing contained in this section shall impair the scope or effectiveness of the exception contained in section 20-21(b).

(Code 1998, § 6-025.00; Ord. No. 80-69A, 11-6-1980; Ord. No. 96-2377, 2-15-1996)

Sec. 20-24. Discrimination in the provision of brokerage services.

It shall be unlawful to deny any person access to or membership or participation in any multiple listing service, real estate brokers organization or other service, organization or facility

relating to the business of selling or renting dwellings, or to discriminate against him in the terms or conditions of such access, membership or participation, on account of race, color, religion, sex, handicap, familial status or national origin.

(Code 1998, § 6-026.00; Ord. No. 80-69A, 11-6-1980; Ord. No. 96-2377, 2-15-1996)

Sec. 20-25. Exemptions.

Nothing in this title shall prohibit a religious organization, association or society or any nonprofit institution or organization operated, supervised or controlled by or in conjunction with a religious organization, association or society, from limiting the sale, rental or occupancy of dwellings which it owns or operates for other than a commercial purpose to persons of the same religion, or from giving preference to such persons, unless membership in such religion is restricted on account of race, color or national origin. Nor shall anything in this title prohibit a private club not in fact open to the public, which as an incident to its primary purpose or purposes provides lodgings which it owns or operates for other than a commercial purpose, from limiting the rental or occupancy of such lodgings to its members or from giving preference to its members.

(Code 1998, § 6-027.00; Ord. No. 80-69A, 11-6-1980; Ord. No. 96-2377, 2-15-1996)

State law reference—Similar provision, R.S. 51:2605.

Sec. 20-26. Interference, coercion, intimidation.

It shall be unlawful to coerce, intimidate, threaten or interfere with any person in the exercise or enjoyment of, or on account of his having exercised or enjoyed, or on account of his having aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by sections 20-21 through 20-24.

(Code 1998, § 6-028.00; Ord. No. 80-69A, 11-6-1980; Ord. No. 96-2377, 2-15-1996)

Sec. 20-27. Penalty.

Any person violating any of the provisions of this article shall be guilty of a misdemeanor, and upon conviction shall be subject to a fine not to exceed \$200.00 or imprisonment not to exceed 30 days, or both, as specified under section 1-9. Discrimination complaints may be filed with HUD.

(Code 1998, § 6-030.00; Ord. No. 80-69A, 11-6-1980; Ord. No. 96-2377, 2-15-1996)

Secs. 20-28—20-59. Reserved.

ARTICLE III. DISCRIMINATION IN EMPLOYMENT**Sec. 20-60. Applicability.**

The parish through the parish council adopts and will implement this plan to fulfill federal highway administration/the state department of transportation and development requirements, supplementing existing plans of similar nature.
(Code 1998, § 6-041.00; Ord. No. 81-178, 4-2-1981)

Sec. 20-61. Equal employment opportunity policy.

The parish council hereby adopts attachment E as its official policy statement on equal employment opportunity.
(Code 1998, § 6-042.00; Ord. No. 81-178, 4-2-1981)

Sec. 20-62. Equal employment opportunity officer.

(a) The parish government will designate an individual (for purposes of this plan, referred to hereinafter as the EEO officer) who will have the responsibility for, and is capable of effectively administering and promoting an active program of equal employment opportunity and is assigned adequate authority and responsibility to do so.

(b) The designated EEO officer is responsible and accountable to the following official(s): the parish president and the chief administrative officer.

(c) The EEO officer is responsible for: Equal Employment Opportunity and title VI, Civil Rights Act.

(d) Pertinent information relative to the designated EEO officer is provided in attachment E.
(Code 1998, § 6-043.00; Ord. No. 81-178, 4-2-1981)

Sec. 20-63. Dissemination and publicity of EEO policy.

(a) The parish president will in such manner and from he elects, convey his support of the EEO policy and affirmative action plan to key officials, managers and supervisors throughout the jurisdiction, charging each to cooperate with and assist the EEO officer and holding each responsible and accountable for effective EEO implementation within their respective area of operation.

(b) All members of the parish staff and work force who are authorized to hire, supervise, promote, recommend training, reassign, demote, discharge or otherwise recommend, cause or are substantially involved in any change in an employee's status, will be made fully aware of the jurisdiction's EEO policy, this affirmative action plan, and the jurisdiction's contractual

obligations and made accountable for effective implementation within the operational area each such person is assigned or involved in. To ensure that this commitment is carried out and met, the following actions will be taken, as a minimum:

- (1) Periodic meetings of supervisory and personnel office employees will be conducted, beginning within 45 days of adoption of this plan and thereafter no less often than once each year, at which times the jurisdiction's EEO policy and implementing procedures will be reviewed, explained and discussed. Such meetings will be conducted by the EEO officer or other knowledgeable official.
 - (2) Newly hired supervisory and personnel office employees will be given a thorough indoctrination by the EEO officer or other knowledgeable official covering all aspects of the jurisdiction's equal employment opportunity obligations and procedures within 30 days of their reporting for employment duties.
 - (3) Personnel engaged in direct recruitment activities will be instructed by the EEO officer or other knowledgeable official in the jurisdiction's procedures for locating and hiring minorities, females or other groups of persons under represented in the jurisdiction's work force.
 - (4) Documentation of meetings and other actions taken in fulfillment of subsections (b)(1) through (3) of this section will be maintained and available for review by federal highway administration, the state department of transportation and development authorities, upon request.
- (c) In order to make the parish's equal employment opportunity policy known to all employees, prospective employees and potential sources of employees, e.g., schools, employment agencies, labor unions (where appropriate), college placement offices, community organizations, etc., the parish will take the following actions:
- (1) Notices and/or posters setting forth the parish's equal employment opportunity policy will be placed in areas readily accessible to employees, applicants for employment and potential employees. Where actual posting or placing of notices and posters is beyond the authority and control of the parish, as may be the case in the properties of potential recruitment sources listed, information on the parish's EEO policy will be furnished such sources together with information on employment opportunities and how prospective employees may make application for employment.
 - (2) The parish's equal employment opportunity policy and the procedures utilized to implement the policy will be brought to the attention of employees by means of meetings, newsletters, employee handbooks or other appropriate and innovative means. Paramount effort will be made to ensure that every employee at all times knows the

name of the parish's EEO officer and the means by which to reach him promptly to discuss any matter relating to equal employment opportunity without fear of intimidation or retaliation.

(Code 1998, § 6-044.00; Ord. No. 81-178, 4-2-1981)

Sec. 20-64. Assessment of work force structure and personnel practices.

The parish has conducted, or if not, will conduct within 60 days of adoption of this plan, a thorough analysis and assessment of its organizational structure, work force composition and personnel practices, to include:

- (1) A classification plan review to correct inaccurate position descriptions and to ensure that positions are allocated to the appropriate classifications and further, that qualification requirements are closely job-related.
- (2) Efforts to restructure jobs and establish entry level and trainee positions to facilitate and encourage advancement within skill and occupational areas.
- (3) Efforts to eliminate "dead-end" positions and/or provide paths for lateral and upward mobility.
- (4) Through analysis of current work force composition by organizational units and by job groupings to determine if minorities, women or other groupings of personnel are under represented or disproportionately distributed, i.e., confined to certain areas of skill and responsibility or to certain pay levels only.
- (5) Identification of training needs and/or other barriers to progressive development and advancement of employees.

(Code 1998, § 6-045.00; Ord. No. 81-178, 4-2-1981)

Sec. 20-65. Goals and time tables.

(a) The parish will set specific, measurable and attainable hiring, placement and promotion goals, with reasonable target dates for attainment, in each area of underutilization of qualified employees or applicants for employment, particularly minorities and females.

(b) Goals and time tables will also be set for any other efforts and actions deemed necessary and effective to overcome deficiencies or remove barriers to employee development and advancement revealed by the assessment made in accordance with this section.

(c) Goals and time tables will be made known to all officials, managers and supervisors and each such person will be made responsible and accountable for their efforts to assist the jurisdiction toward attainment of the goals.

(d) The goals and time tables established by the parish are designed for use as a practical management tool and guide to the jurisdiction in its efforts to achieve its equal employment opportunity objectives. Such goals and time tables are not construed to be contractual

commitments to federal highway administration or the state department of transportation and development, nor will failure to attain any goals imply noncompliance with contractual requirements and/or agreements. Failure to establish goals and time tables will be viewed as a breach of contractual agreement, however.

(e) Notwithstanding the provisions of the preceding subsection, the parish will furnish federal highway administration/the state department of transportation and development a copy of current goals and time tables, if requested, and in any event, make them available for review by authorized officials of federal highway administration/the state department of transportation and development as evidence of the jurisdiction's affirmative action.

(Code 1998, § 6-046.00; Ord. No. 81-178, 4-2-1981)

Sec. 20-66. Recruitment and recruitment advertising.

(a) Consistent with personnel needs (i.e., vacancies, turnover rate, shortage of applicants and/or employees in certain skill areas, etc.) and unless precluded by a valid bargaining agreement, the parish will conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minority, female and other underrepresented group applicants. Such referral sources may include, but not be limited to, state employment agencies, schools, colleges, trade and professional organizations and minority group organizations. To meet this requirement, the parish will identify and most importantly, establish effective referral procedures with a sufficient number of such sources to ensure an adequate representation of minorities and females among applicants referred.

(b) In the event the parish has a valid bargaining agreement providing for exclusive referrals or a bargaining agreement providing that current employees who are union members be given preferential consideration, the parish will observe that agreement to the extent that the system permits the jurisdiction to comply with its equal employment opportunity contractual obligations. It has been held by various authorities that where adherence to such agreements has the effect of excluding or discriminating against minorities and/or women or obligates an employer to do so, adherence to such agreement violates federal financial assistance requirements.

(c) The parish will encourage present employees to refer minority group and female applicants for employment by posting appropriate notices or bulletins in areas accessible to such employees. In addition, information and procedures with regard to referring applicants will be discussed with employees.

(d) When advertising for employees through public media, the parish will include in all such advertisements the notation, "An Equal Opportunity Employer." All such advertisements will be published and/or broadcast in media having a known large readership and/or listening/viewing audience among minority groups within the area from which the jurisdiction's work force is normally derived.

(Code 1998, § 6-047.00; Ord. No. 81-178, 4-2-1981)

Sec. 20-67. Personnel actions.

Wages, working conditions and employee benefits will be established and administered, and personnel actions of every type including hiring, placement, upgrading, promotion, training, transfer, demotion, layoff and termination, shall be made without regard to race, color, religion, sex, national origin or to handicap of an employee except where job-related factors or reasonable accommodation for the handicapped person warrants. The following actions, as a minimum, will be taken:

- (1) The EEO officer will conduct periodic inspections of the jurisdiction's buildings and other properties where employees work to ensure that working conditions and employee facilities do not indicate discriminatory treatment.
- (2) The EEO officer will periodically evaluate payrolls and pay scales to determine any evidence of discriminatory wage practices.
- (3) The EEO officer will periodically review selected personnel actions (e.g., all new hires during a selected period, or all promotions, demotions, terminations, etc., again for a selected period) to determine whether there is evidence of discrimination as when a disparate number of minorities and/or women appear to be affected by the particular personnel action under review. Where such evidence is found, the EEO officer will promptly initiate appropriate corrective action. If the review indicates that the discrimination may extend beyond the particular action reviewed, such corrective action will include all affected persons.

(Code 1998, § 6-048.00; Ord. No. 81-178, 4-2-1981)

Sec. 20-68. EEO counseling and complaint procedures.

The parish, through its personnel policy, will establish effective procedures for counseling of employees on equal employment opportunity matters and for the receipt, investigation and resolution of complaints filed by employees.

(Code 1998, § 6-049.00; Ord. No. 81-178, 4-2-1981)

Sec. 20-69. Records and reports.

(a) The parish will keep such records as are necessary to determine compliance with equal employment opportunity contractual obligations. The records kept will be designed to show:

- (1) The number of minority and nonminority group members and women employed in each work classification;
- (2) The efforts and progress being made in locating, hiring, training, qualifying and upgrading minority and female employees;
- (3) The efforts and progress being made in cooperation with unions to increase employment opportunities for minorities and women, if applicable;

- (4) Contracts made with applicant referral sources and results obtained therefrom;
- (5) Equal employment opportunity complaints and/or charges of discrimination by employees.

(b) Adequate documentation will be maintained to show actions taken by the EEO officer and/or others in fulfillment of specific commitments of this plan (e.g., prescribed meetings, periodic reviews of personnel actions, etc.).

(c) All such records will be retained for a period of three years following termination of contractual agreement between the jurisdiction and the state department of transportation and development and/or federal highway administration, and such records will be available at reasonable times and places for inspection by authorized representatives of the state department of transportation and development and federal highway administration.

(d) The parish will provide such reports relative to its equal employment opportunity program and implementation as may be requested by the state department of transportation and development and/or federal highway administration.
(Code 1998, § 6-050.00; Ord. No. 81-178, 4-2-1981)

Sec. 20-70. Purpose for adoption of plan.

The foregoing plan has been adopted by the parish council to comply with the requirement of the state department of transportation and development for participation in the off-system bridge replacement and rehabilitation program.
(Code 1998, § 6-051.00; Ord. No. 81-178, 4-2-1981)

ARTICLE I. IN GENERAL

Sec. 22-1. Acreage tax.

There is hereby levied an annual acreage tax of \$0.02 per acre on all forest lands and cut over potential forest lands situated in all areas of the parish, except lands classified as marsh or swamp land subject to overflow. Said tax shall be assessed, collected, remitted and administered as provided by law.

(Code 1998, § 12-001.00; Ord. No. 103, Bk. 2, P. 164)

Sec. 22-2. Permits for seismographic exploratory work.

(a) *Required, fee, term, renewal.* A seismic exploratory permit from the parish government is hereby required of all parties engaging in seismic exploratory activities within the boundaries of the parish (excluding activities totally confined to state owned or controlled lands and water bodies). The seismic exploratory permit shall bear the signature of the parish president or authorized designee, and approval signature of the director of the department of permits and inspections or head of the department of public works. The fee for a seismic exploratory permit shall be established as \$100.00. Permits shall be valid for a period of six months and are subject to renewal for not more than two 90-day periods at the discretion of the parish president and the director of the department of permits and inspections or head of the department of public works.

(b) *Application information required.* All applications for seismic exploratory permits shall be submitted to the department of development - permits office ten days prior to the issuance of a permit. All applications shall contain the following information:

- (1) The name of the applicant (agent/representative and corporation);
- (2) Address of applicant;
- (3) Phone number;
- (4) Description of proposed work;
- (5) Location of proposed work;
- (6) Name of contractor;
- (7) Address of contractor; and
- (8) Phone number of contractor.

(c) *Additional information required.* The following information shall accompany and be attached to all applications for seismic exploratory permits:

- (1) A certificate of proof of current liability insurance, included therein shall be identification of the carrier, representative and claims telephone number;

- (2) Copies, including permit numbers, of all applicable state and federal agency permits, i.e., wildlife and fisheries commission, state mineral board, department of transportation, department of public safety, division of state police, and U.S. Corps of Engineers.

(d) *Public recordation.* It shall be the responsibility of the department of development - permits to record all applications for seismic exploratory permits with the parish clerk of court at the time of issuance. The fees for said recordation are to be borne by the applicant at the time of permit issuance.

(e) *Financial guarantee.* Upon the issuance of a seismic exploratory permit, the applicant/recipient shall provide a letter of credit in the sum of \$25,000.00 to the parish to ensure compliance with subsection (f) of this section.

(f) *Restoration of lands.* All operators conducting seismic activities shall exercise due and reasonable caution when traversing public rights-of-way and public lands and water bodies as to minimize disturbance to same. All public rights-of-way, public properties, existing and recognized natural drainage and engineered drainage shall be restored to its preexisting condition if damaged by work crews and/or equipment associated with the exploratory activity.

(g) *Monitoring.* It shall be the responsibility of the department of public works to review and inspect the seismic exploratory site prior to the commencement of any activity and upon the cessation of activity and vacation of the operator to ensure compliance with subsection (f) of this section. The operator shall be assessed a fee of \$75.00 for each such inspection to cover the costs of the department of public works of the parish.

(h) *Penalties for noncompliance.* Any person, firm or corporation violating any of the provisions or requirements of this section shall be deemed guilty of a misdemeanor and upon conviction shall be assessed a fine of not less than \$100.00 or be imprisoned for not more than 30 days, or both at the discretion of the court. Each day's violation shall be considered a separate offense.

(Code 1998, § 12-002.00; Ord. No. 1087, 12-11-1979; Ord. No. 84-91, 5-17-1984)

Sec. 22-3. Contractors/subcontractors required to register with sheriff.

(a) To the end that the parish, and the political subdivisions thereof may receive all taxes due in every instance, contractors and subcontractors desiring to engage in, prosecute, follow or carry on the business of contracting shall register with the parish sheriff as collector of sales and use tax for the parish, for each contract where the total contract price or compensation to be received amounts to more than \$20,000.00. The sheriff shall charge a fee for such registration in the amount of \$10.00 for each such contract.

(b) The term "contractor" is synonymous with the term "builder" and means a person, firm, partnership, corporation, association or other organization, or a combination of them, which undertakes to or offers to undertake to, or purports to have the capacity to undertake to, or

submits a bid to, or does himself or by or through others, construct, alter, repair, add to, subtract from, improve, move, wreck or demolish any building, highway, road, railroad, excavation or other structure, project, development or improvement or to do any part thereof, including the erection of scaffolding or other structure or works in connection therewith, and includes subcontractors and specialty contractors. As such, the term "contractor" shall include oil field service contractors, which shall consist of those contractors performing general oil well servicing, maintenance and construction when conducted as a single company unit. The term "general oil well servicing" shall include welding, pipe coating, pipe inspection, wireline service, automation, workover, logging, analysis, seismograph, installing and servicing equipment, packing, platform work, perforating and completion.

(c) No parish entity charged with the responsibility of issuing any permit, license or certificate necessary for the lawful commencement of any construction contract shall issue such permit, license or certificate to a contractor, until sufficient evidence is presented by the applicant that he has registered with the sheriff, as collector of sales and use tax in compliance with this section.

(d) The sheriff shall promulgate such rules and regulations and may have printed such forms as are necessary to effectuate the provisions of this section.

(e) Nothing herein shall be constructed so as to affect the licensing requirements of this chapter.

(Code 1998, § 12-004.00; Ord. No. 87-850, 8-20-1987; Ord. No. 87-882, 11-19-1987; Ord. No. 88-999, 11-17-1988)

Secs. 22-4—22-24. Reserved.

ARTICLE II. OCCUPATIONAL LICENSE TAX*

Sec. 22-25. Short title.

This article may be cited and otherwise referred to as the "St. Tammany Parish License Tax." (Code 1998, § 12-016.10; Ord. No. 608, Art. IX, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-26. Adoption of state law.

The amount of license tax levied in each case is hereby fixed, determined and ordained to be the same as the fixed, levied and collectable by the governing authority under, and shall be

*State law reference—Occupational license tax generally, R.S. 47:341 et seq.

granted in accordance with, the provisions of Louisiana State Revised Statutes, title 47, Art. 3, (R.S. 47:341—47:363) both inclusive as amended, and all other applicable laws, all of which for all purposes of this article are made a part hereof by reference as if written herein in extenso. (Code 1998, § 12-016.17; Ord. No. 608, Art. IX, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-27. General definitions.

For the purposes of this article, unless the context clearly otherwise requires or unless otherwise defined in specific portions of this article, the following words shall have the respective meanings ascribed to each in this section:

Business includes any business, trade, profession, occupation, vocation or calling.

Collector, for the purpose of this article, means the tax collector, finance office, treasurer or any other officer whose duty is to receive and collect the taxes and money due to this parish.

Contractor is synonymous with the term "builder" and means a person, firm, partnership, corporation, association or other organization, or a combination of them, which undertakes to or offers to undertake to, or purports to have the capacity to undertake to, or submits a bid to, or does himself or by or through others, construct, alter, repair, add to, subtract from, improve, move, wreck or demolish any building, highway, road, railroad, excavation or other structure, project, development or improvement, or to do any part thereof, including the erection of scaffolding or other structure or works in connection therewith and includes subcontractors and specialty contractors. As such, the term "contractor" includes oil field service contractors, which shall consist of those contractors performing general oil well servicing, maintenance and construction when conducted as a single company unit. The term "general oil well servicing" includes welding, pipe coating, pipe inspection, wireline service, automation, work-over, logging, analysis, seismograph, installing and servicing equipment, packing, platform work, perforating and completion.

Contractor's gross receipts, for the purpose of computing the license fee provided for in this article, means a contractor's gross receipts are determined the same for all contractors, whether or not they have a lump sum contract or a cost-plus contract. The gross receipts for a lump sum contract are based on the actual amount of the contract, whereas, the gross receipts for a cost plus contract are based on the actual cost of the contract to the owner, including the amount added thereto as a fee.

Fixed location, for the purpose of this chapter, means any permanent structure which is used to provide goods or services to consumers.

Gross commissions for travel agencies, for carrying on each business of travel agency, the license tax shall be based on gross commissions. The term "gross commissions for travel agencies" is defined as fees earned on the sales of tickets and provision of other services and shall not include actual ticket prices.

Gross income for real estate broker means, for carrying on each business of real estate broker, the license tax shall be based on gross income. The term "gross income for real estate brokers" is also defined as those fees from any source deposited into the real estate broker's agency's general fund account less escrow deposits, and less fees paid to cooperating real estate brokers. Notwithstanding any provisions herein to the contrary, the maximum amount paid by a real estate broker shall be \$2,200.00.

Peddler, for the purpose of this article, means any person who, for himself, or any other person, goes from house to house, or place to place, or store to store, exposing and selling merchandise which he carries with him and delivering the same at the time of or immediately after the sale or without returning to the base of business operation between the taking of the order and the delivery of the goods; however, any person who uses the same vehicle or a combination of one or more vehicles for the purpose of taking orders and delivering merchandise, regardless of the fact that the vehicle returns to the base of operations between the taking of the order and the delivery of the merchandise shall be deemed a peddler, unless such person can show that the merchandise delivered is accompanied by an invoice or delivery ticket prepared at the base of operations and which conforms to the original order and that the person delivering the merchandise has permitted no deviation from the original order by allowing the purchaser to reject, cancel, increase or decrease the quantity at the time of delivery or to offset against such quantity any merchandise delivered at a prior time which is being returned. The extension of the meaning of the term "peddler" shall not be interpreted so as to prevent rejection or cancellation of bona fide orders or the return of inferior merchandise, but shall be construed so as to prevent persons peddling merchandise from escaping their tax liability by subterfuge through means of so-called "standing order" or blanket advance orders, increase and decrease in quantities at the time of delivery, arbitrary rejections and cancellations, and offset of merchandise returned by reason of nonsale rather than obligation of warranty, all of which are hereby declared to be mere devices to prevent normal methods of operations so as to disguise the business of a peddler as an ordinary wholesale business. The term "peddler" also includes, but is not limited to, hawkers, itinerant vendors and any retail dealers not having a fixed place of business.

Person includes an individual, firm, corporation, partnership, association or other legal entity.

Retail dealers to institutional consumers, for the purpose of this article, means a retail dealer to institutional consumers, including all businesses selling, at retail from a fixed place of business, merchandise to dairymen, cattlemen or farmers, to federal, state, parish or municipal governments or institutions, to educational or charitable institutions, to hospitals, manufacturers, public utility companies, processors, refiners, fabricators, contractors, surveyors of natural resources, carriers of freight or passengers, pipelines, hotels and restaurants, provided that such sales constitute the major portion of the business.

Separate location, as used in this article, means a separate location exists, unless a similar or associated type of business is operated as a unit under a single roof or on the same contiguous tract of land.

Wholesale dealer, for the purpose of this article, except as specifically provided in this article, means any person who sells to other dealers, who in turn, resell.

(Code 1998, § 12-016.18; Ord. No. 608, Art. IX, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-28. Payment of tax.

(a) Except as otherwise expressly provided, the first license tax herein authorized to be levied shall be due and payable to the tax collector as follows: In the case of any business which is subject to license under this article, commencing on or after the effective date of the ordinance from which this article is derived, the license tax shall be due and payable on such date of commencement.

(b) Annually thereafter, all license taxes levied hereunder shall be due and payable on January 1 of each calendar year for which the license is due, except that for a new business commencing after January 1 of any calendar year, the first license shall be due and payable on the date the business commenced.

- (1) All licenses unpaid after the last day of February of the calendar year for which they are due shall be deemed delinquent and subject to the payment of delinquent interest and penalty. Delinquent interest and penalty shall be computed from March 1 of the calendar year for which they are due.
- (2) All licenses of new businesses unpaid on the date such business is commenced shall be deemed delinquent and subject to the payment of delinquent interest and penalty. Delinquent interest and penalty for such new businesses shall be computed from the date such business is commenced.

(c) Interest shall be collected at the rate of 18 percent per annum, or fractional part thereof, to be computed from the first date the license is delinquent, until it is paid; and in addition to the interest that may be so due, there shall also be collected a penalty equivalent to five percent for each 30 days, or fraction thereof, of delinquency, not to exceed 25 percent in aggregate of the license tax due.

(Code 1998, § 12-016.19; Ord. No. 608, Art. IX, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-29. New business; license required before commencing.

No person shall commence any business within the jurisdictional boundaries of the parish under the governance of the parish council without first paying a tentative license tax. Within 40 days after commencing the business, each person shall compute in the manner provided by

section 22-33, the balance of the license tax, if any, owed for the year in which the business started and pay such tax balance. When the business is begun prior to July 1 of any year, the tentative tax shall be the minimum annual rate for the particular class of business in cases in which the tax is based on gross receipts, sales, fees, premiums or commissions, or the full annual rate in cases in which the tax is based on a specific amount per unit. When the business is begun on or after July 1 of any year, the tentative tax shall be one-half of the minimum annual rate or the specific amount per unit, as the case may be.

(Code 1998, § 12-016.20; Ord. No. 608, Art. IX, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-30. Change of ownership or lessee.

(a) The license is issued in the name of the person making application and paying the initial fee and is not transferrable or assignable. If at any time during the license year a change of ownership takes place, the license period is from January 1, to the date of sale or change of lessee. A change of ownership occurs when a business is sold or leased, and does not include changes in partnership or corporate shares.

(b) The new owner or lessee shall obtain another business license, as the license issued to the former owner or lessee is not transferrable or assignable. The license period for the new owner or lessee covers the date of transfer of ownership or lease to December 31 of the license year. The collector shall be notified within ten days when a change is effected.

(Code 1998, § 12-016.21; Ord. No. 608, Art. IX, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-31. Separate license required for each location.

Only one license shall be required for each place of business, and the license shall be based upon the classification of business which constitutes the major portion of the taxable annual gross sales and receipts. However, any person operating coin vending or weighing machines shall obtain only one license, regardless of the locations of the machines. However, a separate license shall be required for hotels, motels, roominghouses and boardinghouses. Such license shall be in addition to the license required if other classes of business are operated in conjunction with the hotel, motel, roominghouse or boardinghouse.

(Code 1998, § 12-016.22; Ord. No. 608, Art. IX, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-32. Class of business.

In order to calculate the license fee for a business location at which business activities are carried on that fall under more than one tax basis schedule, gross receipts, fees or commissions for each group of activities falling under each schedule must be compared. The rate for the schedule which constitutes the major portion of the gross receipts, fees or commissions will be

used. However, the total gross receipts, fees or commissions for all business activities carried on at the business location, minus any applicable deductions, are applied to the schedule to compute the fee.

(Code 1998, § 12-016.23; Ord. No. 608, Art. IX, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-33. Period used where gross receipts is the measure of the license.

(a) The basis for determining the amount of the annual licenses provided by this article, where the license is measured by gross receipts shall be as follows:

- (1) If the business has been conducted previously by the same party, the annual gross receipts, gross fees or gross commissions earned, whether received or accrued, during the preceding calendar year for which the license is issued shall be the basis for determining the amount of the annual license.
- (2) If the business is begun during the calendar year for which the license is issued, the license for the year of commencement shall be based on the gross receipts, gross sales, premiums, gross fees or gross commissions earned, regardless of whether received or accrued, during the first 30 days of business, multiplied by the number of months, or major fraction thereof, remaining in the calendar year; however, any business which opens after June 30 of the year in question whose estimated gross receipts for the remainder of the year is less than one-half of the maximum gross receipts allowed in the minimum rate under the classification of the particular business, shall pay for the remainder of the year at one-half the minimum rate.
- (3) If the business is begun less than 30 days before the end of the calendar year for which the license is to be issued, the tax shall be based on the gross receipts, gross sales, gross premiums, gross fees or gross commissions earned, regardless of whether received or accrued, during the calendar year; however, one-half of the annual rate shall apply to such business whose gross receipts for the period operated during the calendar year is less than one-half of the maximum gross revenue allowed in the minimum rate under the classification of the particular business.
- (4) The license tax of the business for the calendar year following that of commencement shall be based on the gross receipts, gross sales, gross premiums, gross fees or gross commissions earned, regardless of whether received or accrued, during the previous year, divided by the number of days in operation during the year of commencement, and multiplied by 365.

(b) The date of beginning business for the purposes of this section shall depend upon the type of business involved, and shall be governed by regulations promulgated by the collector of revenue according to law.

(Code 1998, § 12-016.24; Ord. No. 608, Art. IX, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-34. Taxpayers to keep records; tax collectors to keep strict confidentiality.

(a) In general each person shall keep a reasonable record of his gross receipts, gross fees or commissions or loans made. This record shall be kept separately for each place of business, and shall be subject to examination and inspection by the collector or his duly authorized assistants.

(b) Except as otherwise provided by law, the records and files of the collector or the records and files maintained pursuant to a tax ordinance, excluding ad valorem property taxes and ad valorem property tax assessment rolls, of any political subdivision are confidential and privileged; and no person shall divulge or disclose any information obtained from such records and files, except in the administration and enforcement of the tax laws of this state or of a political subdivision of this state.

(c) No person shall divulge or disclose any information obtained from any examination or inspection of the premises or property of any person in connection with the administration and enforcement of the tax laws of this state or a political subdivision of this state, except to the taxing jurisdiction of his employment or, in the case of an already existing independent contractor arrangement, to the contracting taxing jurisdiction.

(d) Neither the collector nor any employee engaged in the administration or charged with the custody of any such records or files shall be required to produce any of them for inspection or use in any action or proceeding, except in an action or proceeding in the administration or enforcement of the tax laws of this state or of a political subdivision.

(e) Any officer, employee, or agent or any former officer, employee or agent of any political subdivision of the state who unlawfully discloses any information obtained from a return of a taxpayer or records and files of the collector, contrary to the provisions of this section, shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$10,000.00 or be imprisoned for not more than two years, or both.

(f) Nothing contained in this section shall be construed to prevent such persons from disclosing a return of a taxpayer or the records of the secretary as authorized by law in any judicial proceeding in which the state or any political subdivision thereof is a party.

(Code 1998, § 12-016.25; Ord. No. 608, Art. IX, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-35. Application for licenses.

(a) Every person subject to a license tax levied by this article shall apply to the collector for a license before the same becomes delinquent, as provided in this article. The application shall state all facts necessary to determine the amount of taxes due under this article.

(b) If the collector is not satisfied with the facts set forth in the application or for any reason desires to audit the books and records of the taxpayer, the collector or any of his authorized assistants may audit and inspect all records of the taxpayer that would have any bearing upon the amount of taxes due under this article.

(c) If an individual is an applicant for a license required by this article the applications must be signed by him; if a partnership or an association of persons, by a member of the firm; and if a corporation, by the proper officer thereof.

(d) Any intentional false statement as to any material facts in the application for a license under this article shall constitute a misdemeanor, and any person convicted thereof shall be fined not more than \$200.00 or imprisoned for not more than six months, or both.

(Code 1998, § 12-016.26; Ord. No. 608, Art. IX, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-36. Failure to pay tax; judgment prohibiting further pursuit of business.

Failure to pay the tax levied by this article shall ipso facto, without demand or putting in default, cause the tax, interest, penalties, and costs to become immediately delinquent, and the collector is hereby vested with authority, on motion in a court of competent jurisdiction, to take a rule on the delinquent taxpayer to show cause in not less than two or more than ten days, exclusive of holidays, why the delinquent taxpayer should not be ordered to pay the total amount due and owing under this article. This rule may be tried out of term and in chambers and shall always be tried by preference. If the rule is made absolute, the order therein rendered shall be considered a judgment in favor of the parish.

(Code 1998, § 12-016.27; Ord. No. 608, Art. IX, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-37. Collector authorized to make rules and regulations.

(a) The collector shall make and enforce all rules and regulations necessary for the proper, complete and equitable collection of the tax levied by this article. He may adopt different rules and regulations and forms for different classes or kinds of businesses, uniform as to each class, if by so doing, the collection of the full amount of taxes due under this article may be simplified and made more certain.

(b) The collector may make and publish reasonable rules and regulations, not inconsistent with law, for the enforcement of the provisions of this article and collection of the revenue hereunder.

(Code 1998, § 12-016.28; Ord. No. 608, Art. IX, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-38. Records to be kept by collector.

The collector shall keep an accurate record showing the names of every person paying taxes under this article, together with the business pursued, the amount of the license, and the date of the collection and the payment thereof.

(Code 1998, § 12-016.29; Ord. No. 608, Art. IX, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-39. Withholding of costs of collection.

The collector is authorized to withhold from the collection under this article not more than the percentage for collection of taxes as approved by the parish council and authorized by the state legislature.

(Code 1998, § 12-016.30; Ord. No. 608, 6-1, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-40. Disposition of collections.

All taxes collected under the provisions of this article, and all penalties, interest and costs, pertaining thereto, shall be paid to the tax collector. All monies collected, less allowable deductions and refunds, shall be paid to the parish government on or before the tenth day of the month following the month in which the taxes are collected, and shall be credited to the parish general fund.

(Code 1998, § 12-016.31; Ord. No. 608, 6-1, Bk. 7, P. 452; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-41. Retail dealers in merchandise, services and rentals.

(b) Persons engaged in the business of selling electricity or gas in more than one municipality, locality or community shall be deemed to have a place of business or business location in each such municipality and a license tax imposed by any municipality on such person shall be based on gross annual revenue derived by such person from the territorial jurisdiction of the taxing municipality only.

(c) A person engaged in the business of providing local exchange telephone service in more than one municipality or parish shall be deemed to have, but one place of business or business location in each such municipality or parish and a license tax imposed by any municipality or parish on such person shall be based on gross annual revenue derived by such person from the territorial jurisdiction of the taxing municipality or parish only.

(Code 1998, § 12-016.32.4; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-46. Businesses where license is based on flat fees.

The following types of businesses shall obtain an annual license based on the flat fee designated hereafter. For the purposes of this section, the minimum tax noted in section 22-29 for most new businesses for the first year of commencement or fractional part thereof does not apply.

(1) *Private banking or investment banking businesses.*

- a. For each business of carrying on a private banking house, business or agency, investment banking house, business or agency, a license based on a flat fee of \$500.00 shall be required.
- b. The term "investment banking" means a business that is carried on through the purchase or underwriting of security issues and their subsequent sale to investors.

(2) *Peddlers and itinerant vendors.*

- a. All peddlers, hawkers, itinerant vendors and every person who displays samples, models, goods, wares or merchandise on a temporary basis in any hotels, motels, store, storehouse, house, vehicle or any other place, for the purpose of securing orders for the retail sale of such goods, wares, or the like kind or quality, either for immediate or future delivery shall obtain a license based on a flat fee not to exceed \$200.00, provided that an itinerant vendor of agricultural products purchased directly from farmers or an itinerant vendor of seafood products who has either harvested the seafood himself or has purchased the seafood directly from commercial fishermen or shrimpers shall obtain a license based on a flat fee not to exceed \$100.00. A single event license may be obtained for a 72-hour time period at a fee of \$10.00.
- b. This section does not apply to the following classes: those persons making house to house or personal calls displaying samples and taking orders for shipment directly from the manufacturer; those persons making a business call or visit upon the verbal or written invitation of the inhabitant of the premises; those persons, or their representatives, engaged in the business of selling at wholesale, from a fixed place of business in this state, to licensed retail dealers; and vendors, or their

agents or representatives, in the sale or delivery of petroleum products when drawn, conveyed, and distributed from a stock maintained at a warehouse, distributing station, or established place of business.

- c. Parochial and municipal officers shall require all peddlers to exhibit their occupational license. The license shall indicate thereon the motor vehicle license number. They shall seize the merchandise and any vehicle or other conveyance used by the peddler to peddle the same, if the peddler fails or refuses to exhibit his license. All property seized shall be turned over to a court of competent jurisdiction, to be sold according to law, to satisfy the license due and enforce the privilege therefor. The rights of the holder of a chattel mortgage note or any vehicle seized shall not be affected or prejudiced as a result of the seizure.
- d. Whoever shall sell goods, wares, and merchandise as a peddler without first obtaining the license herein required shall be guilty of a misdemeanor and upon conviction shall be fined not less than \$500.00 or shall be imprisoned not more than 60 days or both.

(3) *Mechanical or electronic amusement machines or devices.*

- a. Every person engaged in the business of operating any coin-operated mechanical or electronic device, or who permits to be operated in his place of business, any coin-operated mechanical or electronic device to which a certificate of tax payment is not affixed or displayed as provided in subsection (e) of this section, shall pay a license tax of \$20.00 for each such machine or device, except that the license tax for each electronic pinball machine, flipper machine, video game or similar device shall be \$50.00 for each such device.
- b. The provisions of this subsection shall not apply in cases where the person engaged in the business of operating such mechanical devices is operating same under a written contract with and is solely sponsored by a nonprofit corporation for the purpose of conducting a fair, festival, or trade show which has as one of its objectives the promotion of agricultural and agri-industrial products. For the purposes of this subsection, the term "nonprofit corporation" shall be construed to mean only a nonprofit corporation which:
 - 1. Was organized under the provisions of ch. 2 of title 12 of the Louisiana Revised Statutes of 1950 prior to January 1, 1969; and
 - 2. Holds membership in good standing in an association organized for the purpose of promoting fairs, festivals and trade shows in the state.
- c. For the purpose of this subsection, a "coin-operated mechanical amusement device" is any machine or device operated by depositing a coin, token, slug or similar object for the placing of the device in readiness of play. This definition

includes, but is not limited to, the following devices: video games, merry-go-rounds, mechanical hobby horses, jukeboxes, pool tables, domino tables, bowling alleys, blood pressure monitors and pulse rate monitors.

- d. All such mechanical amusement devices subject to tax under this article and which do not return to the operator or player thereof anything but free additional games or plays, or, through the exercise of the skill of the operator or player, a merchandise prize, shall not be deemed to be classed as gambling devices, and neither this section nor any other act shall be construed to prohibit same. Payment of the tax imposed by this article shall not be held to legalize the operation of any machine or device defined herein which is prohibited by law. This article shall not be held to repeal any provisions of any law prohibiting the operation, possession, or use of any such machine or device.
- (4) *Evidence of payment.* The payment of the taxes levied by this section shall be evidenced by a certificate of tax payment, or a stamp, or similar evidence of tax payment which shall be issued by the collector. The certificate of payment shall be securely affixed or attached to each machine or other device with respect to which a tax has been paid, or if such certificate cannot be affixed, shall be prominently posted in the place in which the machine or device is located and near to such machine or device. If a machine or device is replaced by another, such other machine or device shall not be considered an additional device service. Certificates of tax payment or stamps are not transferable from one taxing jurisdiction to another.
- (5) *Enforcement.* The penalties and procedures of this article relating to the enforcement and collection of the taxes levied under the authority of this article shall apply to any person who has in his possession, control or custody any machine or device on which the license tax is imposed by this section and which is being operated without having a certificate of payment issued by the collector, as provided in subsection (5) of this section, affixed or attached thereto, or prominently posted in the place in which the machine or device is located and near to such machine or device. However, the penalties and procedures provided by this article shall not apply to lessees of such machines or devices, provided that the lessee can furnish the collector with adequate information regarding the name, address and business location of the lessor, against whom the penalties and procedures of this article shall apply.
- (6) *Professional sports.* For each person owning or carrying on a business known as "professional sports," a license based on a flat fee of \$1,000.00 shall be required. By way of extension and not of limitation, the business of professional sports shall include football, basketball and baseball games, where the individual participants are paid for their services. Sporting events that are provided for by special laws are exempt under this section.

- (7) *Circuses, concerts, carnivals and special events.* For each person operating a circus, carnival or other traveling show, and for each person or organization sponsoring a concert or other special event, including, but not limited to, gun shows, arts and crafts fairs, and antique shows, a license based on a flat fee of \$250.00 shall be required. This license shall be issued by the parish or municipality in which the event is located and shall be good for a period of ten days. Should the person or organization move the circus, concert, or other event to another jurisdiction in the state, a new license shall be required by that jurisdiction.
 - (8) *Hotels, motels, roominghouses, boardinghouses.* Any person operating a hotel, motel, roominghouse, boardinghouse, or nursing home shall pay an annual license tax of \$2.00 for each sleeping room contained in it; provided that any person operating a nursing home shall pay, in lieu of the additional license tax required of hotels in section 22-31 (separate license required for each location), a license tax in accordance with the provisions of section 22-41 (retail dealers in merchandise, services, and rentals) based on one-third of the total gross receipts of the nursing home.
 - (9) *All other businesses.* For all businesses not otherwise covered by or specifically exempted under this article, including, but not limited to, printers, lithographers, attorneys-at-law, accountants, oculists, physicians, osteopaths, dentists, chiropodists, bacteriologists, veterinarians, chemists, architects and civil, mechanical, chemical or electrical engineers engaged in the practice of their profession as an individual, or as a firm, partnership or corporation, the license shall be one-tenth of one percent of the annual gross receipts for professional fees for services rendered by the taxpayer, with minimum tax of \$50.00 and a maximum tax of \$2,000.00. The tax levied herein shall be levied only on the business and not separately on any individual who is employed by or is a member of the taxpayer which conducts its business as a firm, partnership or corporation.
 - (10) *Pharmacy.* For each business licensed by the state board of pharmacy as a pharmacy and 80 percent of gross revenues of the business comes from the filling of prescription drugs, the license shall be one-tenth of one percent of the gross annual sales of the total business activity, with a minimum tax of \$50.00 and a maximum tax of \$2,000.00. The tax levied herein shall be levied only on the business and not separately on any individual who is employed by or is a member of the taxpayer which conducts its business as a firm, partnership or corporation.
- (Code 1998, § 12-016.32.5; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987; Ord. No. 88-925, 3-17-1988; Ord. No. 91-1493, 9-19-1991)

Editor's note—This section amended by Ordinance No. 88-925, 3-17-1988 to change subsection (c)(1) to provide for a single event license for peddlers and itinerant vendors.

State law reference—R.S. 47:359, House Bill No. 283 (1991 session) authorizing parish governing authority to levy an occupational license tax on the operation of video draw poker devices in amount not to exceed \$50.00 per device.

Sec. 22-47. Exemptions.

(a) *Blind persons and their widows or orphans.* License taxes levied by this article shall not apply to blind persons who are exempted from license taxes by R.S. 23:3031 through 23:3033. The exemption provided by this subsection shall apply only where the business is conducted by a blind person exclusively for his own support or the support of his family.

(b) *Artists and craftsmen.* Any occupational license tax imposed on retail dealers not having a fixed place of business shall not apply to state artists and craftsmen who display their own original art and handicraft for sale at functions sponsored by nonprofit organizations.

(c) *Nonprofit organizations.* The occupational license tax required by this article shall not apply to those qualified nonprofit organizations which are exempt from the collection of sales and use taxes under the provisions of R.S. 47:305.14 or from the payment of federal income taxes under the applicable provisions of the Internal Revenue Code.

(d) *Specifically not exempt.* This subsection shall not be construed to exempt museums, menageries, circuses or other traveling shows from the license required by section 22-46(8), unless all of the proceeds from such shows are used for charitable, educational or religious purposes of the sponsoring qualified nonprofit organizations. It is the intention of this subsection to exempt such traveling shows where its entire proceeds, except for necessary expenses connected therewith, are used for the charitable, educational, and religious purposes of the sponsoring qualified nonprofit organizations.

(e) *Wholesale dealers in certain alcoholic beverages.* There shall be no license tax imposed, assessed or collected under the provisions of this article, on any person engaged in the business of selling at wholesale, malt, vinous, spirituous, alcoholic or intoxicating liquor containing more than six percent of alcohol by volume and beer, porter, ale, fruit juices and wine containing more than one-half of one percent of alcohol by volume.

(f) *Other exempted businesses.* Banks, homestead and building and loan associations, editors, cooperative-owned bank service companies, over-the-air broadcasters, as defined by the federal communications commission, publishers, clerks, laborers, ministers of religion, school teachers, graduated trained nurses, those engaged in agricultural or horticultural pursuits, those operating saw mills, and corporations organized and operated for the purpose of lending money to farmers for production purposes, the stock of which is owned by farmer members and employees of such corporations, shall be exempted from any provisions of this article. For purposes of this subsection, the term "bank service company" shall mean either of the following:

- (1) Any corporation which is organized to perform services authorized by 12 USC 1861 et seq., and all of the capital stock of which is owned by one or more insured banks.
- (2) Any limited liability company which is organized to perform services authorized by 12 USC 1861 et seq., and all of the members of which are one or more insured banks.

(g) *Manufacturers.* Manufacturers shall be exempted from any provisions of this article; however, manufacturers who sell their manufactured articles at retail shall be subject to the payment of a license tax on such retail sales as fixed by this article.

(h) *Disabled persons.* There shall be no license tax imposed, assessed, or collected under the provisions of this article on any person who is disabled to the extent that he is home-bound, confined to a bed or wheelchair, requires the aid and attendance of another person, and is unable to enter the normal work force.

(Code 1998, § 12-016.33; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-48. Deductions.

(a) *Petroleum taxes.* In calculating the gross sales at bulk or distributing plants engaged in the storage and sale of petroleum products, the taxpayer shall exclude therefrom that part of the purchase price paid by him for gasoline and motor fuels or lubricating oils as shall equal the manufacturer's or dealer's license, privilege or excise tax levied by federal or state statutes on the manufacturing, handling, storing, selling or consuming of gasoline, motor fuels or lubricating oils.

(b) *Undertaking and funeral directing.* The term "gross annual receipts," as used in this article, shall cover all of the receipts of the person carrying on the business of undertaking and funeral directing, except that deduction shall be allowed for collections made by one undertaker and funeral director for the account of another undertaker and funeral director, as shown by the books of both parties at interest.

(c) *Stocks and bonds, interstate sales.* In determining the amount of gross annual commissions and brokerage to be subject to the tax, each commission business operating on exchanges located outside the state shall deduct therefrom 40 percent in the case of purchases and sales of stocks and bonds consummated on exchanges located outside the state and 55 percent of purchases and sales of commodities consummated on exchanges located outside the state.

(d) *Retail or wholesale sales of motor vehicles and boats.* In determining the amount of gross sales and receipts to be subject to the tax for retail or wholesale dealers in motor vehicles, automobiles, motor trucks, motor busses, motorcycles, motor bicycles, motor scooters, motor tractors, motor propelled road machinery, farm implements, and equipment designed for use with tractors and other motor propelled equipment, trailers, semitrailers, aircraft or other motor propelled land vehicles and pleasure or commercial boats, the license shall be computed on the total gross sales from all sales, including, but not limited to, sales of parts and accessories, receipts from repair shops and sales and rental of motor vehicles; however, the gross sales and receipts of the above listed dealers shall not exceed \$700,000.00.

(Code 1998, § 12-016.34; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-49. Special provisions.

(a) No municipality or parish shall levy a license tax upon any person engaged in the business of contractor, who holds a license issued by the state licensing board for contractors, as defined in this article, either upon a cost-plus basis or upon other than a cost-plus basis, except the governing authority of the municipality or parish in which is located the principal place of business of such contractor within the state, as designated by the contractor. The maximum license tax paid by contractors licensed as required by this subsection shall not exceed \$750.00.

(b) The tax shall be computed on the basis of the schedules contained in this article according to the physical location of each place of business without regard to the location where the actual sale takes place or where a product or service is delivered or performed.

(c) For lessors with a place of business in this state, the tax shall be computed on the basis of the schedules contained in this article according to the physical location of such business without regard to the location where the leased property is situated within this state.

(d) A person engaged in the business of operating a railroad for the transportation of freight or passengers shall be deemed to be carrying on, but one business, and to have only one place of business which shall be the place where the general office within the state as designated by such person is located.

(e) Nothing in this article is intended to levy a tax on those receipts subject to the tax under the provisions of R.S. 22:833.

(f) Under the provisions of this article, no occupational license tax totaling more than \$50.00 levied against a small business will increase more than 25 percent in the first year over the occupational license tax it paid under the schedules of classifications used in 1985. The term "small business" shall be defined as any person who employs 15 full-time persons or less per business establishment and which has \$2,000,000.00 or less in gross annual sales or receipts. Any person not paying an occupational license tax in 1985 shall pay according to the appropriate schedule or classification in this article.

(g) In imposing the tax set forth in this article, any municipality or parish may grant such exemptions or deductions as it deems necessary.

(Code 1998, § 12-016.35; Ord. No. 87-815, 6-18-1987; Ord. No. 87-871, 10-15-1987)

Sec. 22-50. Failure to obtain license when required; penalty.

It is strictly prohibited for any person who is required to obtain a license under the provisions of sections 22-25 through 22-50 to conduct any business or activity governed by the provisions

thereof, prior to obtaining the required license. A violation of this requirement shall constitute a misdemeanor, and any person convicted thereof shall be fined not more than \$200.00 per day for each day the violation continues or imprisoned for not more than 30 days, or both.
(Code 1998, § 12-016.39; Ord. No. 05-1215, 12-1-2005)

Secs. 22-51—22-75. Reserved.

ARTICLE III. CHAIN STORE TAX*

Sec. 22-76. Scope.

The license herein authorized shall be in addition to ad valorem taxes and any other licenses prescribed or authorized under laws of this state or the ordinances of this parish. However, this tax shall not be imposed or collected on a chain store located within any municipality of this parish.
(Code 1998, § 12-020.10; Ord. No. 653, Bk. 8, P. 51)

Sec. 22-77. Levied.

There is hereby levied an annual chain store tax upon each person engaged in the business of operating or maintaining, as part of a group or chain, any store or stores within their respective boundaries, where goods, wares, merchandise or commodities of every description whatsoever are sold or offered for sale at retail under the same general management, supervision, ownership and control, and who are commonly recognized as a member of a chain and as a branch store.
(Code 1998, § 12-020.20)

Sec. 22-78. Amount.

(a) The license tax for the businesses described in this article shall be based on the number of stores or merchandise establishments included under the same general management, supervision, ownership and control, whether within the parish or not and whether within this state or not; the maximum license for each store or establishment shall be as follows:

<i>Number of Stores in Group</i>		
<i>At Least</i>	<i>But Not More Than</i>	<i>License</i>

(Code 1998, § 12-020.48; Ord. No. 653, Bk. 8, P. 51)

Sec. 22-79. Reports.

Every person engaged in a chain store business in this parish shall, on or before February 1 of each year, render to the parish tax collector a report containing a true and complete statement showing the number of stores or establishments operated or maintained in the parish, and the name, location and street address of each store, the total number of such stores whether in this state or not, as of the report date, and such other information as may be required by the parish tax collector. Whenever a new store is opened which was not included in the above mentioned report, a supplemental report setting forth the required information shall be filed prior to the expiration of 30 days after the date of opening.

(Code 1998, § 12-020.49; Ord. No. 653, Bk. 8, P. 51)

Sec. 22-80. Payment; separate licenses required; posting.

Payment of licenses authorized and levied hereunder shall accompany the report required per section 22-79 and become delinquent if not paid when due. Interest and penalties shall be assessed and collected together with all taxes due in the same manner as other taxes due the parish. A separate license shall be issued for each store for which the tax has been paid, as herein provided, and it shall be the duty of the licensee to post the license in a conspicuous place in each store.

(Code 1998, § 12-020.50; Ord. No. 653, Bk. 8, P. 51)

Sec. 22-81. Posting of license.

A person holding a license issued pursuant to the provisions of this article shall post such license in a conspicuous place in each store.

(Code 1998, § 12-020.51; Ord. No. 653, Bk. 8, P. 51)

Sec. 22-82. Due date, interest and penalties.

All taxes levied herein shall be due and payable on January 1 of each year and shall become delinquent March 1 of each year, and shall, after becoming delinquent, bear interest at the rate of one percent per month plus ten percent additional on both principal and interest as attorney fees in all cases where an attorney is called on to assist in the collection of such licenses. In addition, a penalty of five percent of the tax due for each 30 days or fraction thereof from the due date until the tax is paid, shall also be imposed, but is limited to a maximum of 25 percent.

(Code 1998, § 12-020.52; Ord. No. 653, Bk. 8, P. 51)

Sec. 22-83. Applicability of state law.

There is hereby incorporated into this section by reference all of the applicable provisions of state law relating to the assessments, collections, enforcement, interest, penalties and costs, and all other provisions, as amended.

(Code 1998, § 12-020.53; Ord. No. 653, Bk. 8, P. 51)

Sec. 22-84. Application for license.

(a) Every person subject to a chain store tax levied by this article shall apply to the tax collector in and for the parish for a license before the same becomes delinquent, as provided in this article. The application shall state all facts necessary to determine the amount of taxes due under this article.

(b) If the tax collector is not satisfied with the facts set forth in the application, or for any reason desired to audit the books and records of the taxpayer, the tax collector, or any of his authorized assistants, may audit and inspect all records of the taxpayer that would have any bearing upon the amount of taxes due under this article.

(c) Where an individual is an applicant for a license, required by this article, the application must be signed by him; there a partnership or an association of persons, by a member of the firm; and where a corporation, by the proper officer thereof.

(d) Any intentional false statement as to any material facts in the application for a license under this article shall constitute a misdemeanor, and any person convicted thereof shall be punished as provided in section 1-9.

(Code 1998, § 12-020.54; Ord. No. 653, Bk. 8, P. 51)

Sec. 22-85. Costs of collection.

The collector is authorized to withhold from the collections under this article not more than the percentage for collection of taxes as approved by the parish council and authorized by the state legislature.

(Code 1998, § 12-020.55; Ord. No. 653, Bk. 8, P. 51)

Sec. 22-86. Disposition of collections.

All taxes collected under the provisions of this article, and all penalties, interest and costs, pertaining thereto, shall be paid to the tax collector of the parish; all moneys collected less allowable deductions and refunds, shall be paid to the parish treasurer on or before the tenth day of the month following the month in which the taxes are collected, and shall be credited to the parish general fund.

provide their own camping equipment but pay fees and consideration for the location and placement and various services for such campers. The term "hotel" used herein shall not include camp and retreat facilities owned and operated by nonprofit organizations exempt from federal income tax under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) of the Internal Revenue Code provided that the net revenue derived from the organization's property is devoted wholly to the nonprofit organization's purposes.

Person, as used herein, shall have the same definition and meaning as that contained in R.S. 47:301(8) and shall include any individual, firm, copartnership, joint adventure, association, corporation, estate, trust, business trust, receiver, syndicate, this state, any parish, municipality, district or other political subdivision thereof or any board, agency, instrumentality or other group or combination acting as a unit, and the plural as well as the singular number.
(Code 1998, § 12-023.70; Ord. No. 674, Bk. 8, P. 197)

Sec. 22-117. Imposition and levy of tax.

(a) There is hereby levied and imposed within both the incorporated and unincorporated areas of the parish a tax upon the occupancy of hotel rooms, motel rooms and overnight camping facilities, including campgrounds, within the parish for the operations of the commission.

(b) The tax levied and imposed hereby is fixed at the rate of three percent of the rental or fee charged for such occupancy as defined and described in this article.
(Code 1998, § 12-023.72; Ord. No. 674, Bk. 8, P. 197; Ord. No. 93-1788, 8-19-1993; Ord. No. 95-2275, 9-21-1995)

Editor's note—By the authority of Ordinance No. 95-2275, 9-21-1995, the authority to levy the three percent hotel occupancy tax is transferred to the parish tourist and convention commission.

State law reference—Authority of St. Tammany parish council to levy and collect tax upon the occupancy of hotel rooms, motel rooms and overnight camping facilities not to exceed three percent of the rent or fee charged for such occupancy, R.S. 33:4574.1(M).

Sec. 22-118. Exemption.

The tax imposed by the provisions of this article shall not apply to the rent for hotel rooms rented to the same occupant for a period of 30 or more calendar days, or those hotel rooms rented on an annual contractual basis for consecutive or nonconsecutive days.
(Code 1998, § 12-023.73; Ord. No. 674, Bk. 8, P. 197)

Sec. 22-119. Collection from occupants; exemption.

The tax levied and imposed by this article shall be paid by the person who exercises or are entitled to occupancy of the hotel room, motel room, overnight camping facility or campground and shall be paid at the time the rent or fee of occupancy is paid.
(Code 1998, § 12-023.74; Ord. No. 674, Bk. 8, P. 197)

Sec. 22-120. Collection from dealers or operators.

The tax levied and imposed by this article shall be collectible from all persons engaged in as dealers or operators of the facilities for which this occupancy tax is imposed.

(Code 1998, § 12-023.75; Ord. No. 674, Bk. 8, P. 197)

Sec. 22-121. Payment in accordance with sales and use tax imposed by school board.

The taxes levied and imposed hereunder shall be due and shall be payable monthly at the same time and on the same dates as the sales and use tax imposed by the parish school board is due and payable.

(Code 1998, § 12-023.76; Ord. No. 674, Bk. 8, P. 197)

Sec. 22-122. Other collection provisions.

The parish council shall, as circumstances and necessity dictate, employ or arrange for a collector for the collection of and accounting for the tax imposed hereby. The parish president is hereby authorized to execute on behalf of the parish council an agreement with the sheriff to collect the aforesaid tax on behalf of the parish council and shall allow the sheriff to retain a percentage of the taxes collected to cover the cost and fair compensation for the services rendered in collecting, enforcing and remitting the tax to the parish tourist and convention commission.

(Code 1998, § 12-023.77; Ord. No. 674, Bk. 8, P. 197)

Sec. 22-123. Disbursement.

The proceeds of the tax levied herein, less a reasonable sum to be retained by the governing authority or authorities for a collection fee, shall be appropriated to the parish tourist and convention commission, and shall be used by the commission for the purpose of attracting conventions and tourists into the area of the jurisdiction of the commission or any other purpose authorized by law.

(Code 1998, § 12-023.78; Ord. No. 674, Bk. 8, P. 197)

Sec. 22-124. Budget, borrowing money; audit.

(a) The commission shall annually submit to the parish council a budget for its operations during the ensuing year, and the parish council shall have the right to approve or disapprove such budget. Upon approval of the budget by the parish council, the commission shall proceed to act thereunder.

(b) The commission may borrow money to pay its obligations that cannot be paid at maturity out of current revenue from the tax authorized herein but shall not borrow a sum greater than can be repaid out of the revenue received by the commission during the year in which the money is borrowed.

(c) The books of the commission shall be audited by an independent certified public accountant annually and said accountant shall make a written report of his audit to the parish council and the commission. Such report shall be furnished to the parish council not less than 30 days prior to the submission by the commission of its proposed budget to the parish council as provided by subsection (b) of this section.

(Code 1998, § 12-023.79; Ord. No. 674, Bk. 8, P. 197)

Sec. 22-125. Failure to pay tax—Court action.

Failure to pay any tax due as provided in this article shall ipso facto, without demand or putting in default, cause said tax, interest, penalties and costs to become immediately delinquent, and the parish council is hereby vested with authority, on motion in a court of competent jurisdiction, to take a rule on the said dealers or operators of the facilities for which this occupancy tax is imposed to show cause in not less than two or more than ten days, exclusive of holidays, after the service thereof, which may be tried out of term and in chambers, and shall always be tried by preference, why said dealer or person should not be ordered to cease from further pursuit of business as a dealer, and in case said rule is made absolute, the order thereon rendered shall be considered a judgment in favor of the governing authority, prohibiting such dealer from the further pursuit of said business until such time as he has paid the said delinquent tax, interest, penalties and costs, and every violation of the injunction shall be considered as a contempt of court, and punished according to law.

(Code 1998, § 12-023.80; Ord. No. 82-384, 6-17-1982)

Sec. 22-126. Same—Interest and penalties.

If the amount of tax due by the person or dealer is not paid on or before the 20th day of the month next following the month for which the tax is due, there shall be collected, with said tax, interest upon said unpaid amount, at the rate of 18 percent per annum, or fractional part thereof, to be computed from the first day of the month next following the month for which the tax is due until it is paid; and in addition to the interest that may be so due there shall also be collected a penalty equivalent to five percent for each 30 days, or fraction thereof, of delinquency, not to exceed 25 percent in aggregate, of the tax due, when such tax is not paid within 30 days of the date the tax first becomes due and payable, and in the event of suit, attorney's fees at the rate of 25 percent of the aggregate of tax, interest and penalty.

(Code 1998, § 12-023.81; Ord. No. 82-384, 6-17-1982)

Sec. 22-127. Same—Failure to make report; estimate of tax by collector.

(a) In the event any person or dealer fails to make a report and pay the tax as provided by this article, or in case the dealer or person makes a grossly incorrect report, or a report that is false or fraudulent, it shall be the duty of the collector to make an estimate for the taxable period of the occupancy of the facility and an estimate of the cost price of the occupancy and

assess and collect the tax and interest, plus penalty, if such have accrued, on the basis of such assessment, which shall be considered prima facie correct, and the burden to show the contrary shall rest upon the person or dealer. In the event such estimate and assessment requires an examination of books, records or documents, or an audit thereof, then the collector shall add to the assessment the cost of such examination, together with any penalties accruing thereon. Such costs and penalties when collected shall be placed in an account in the same manner as are the taxes collected under this article.

(b) If any person or dealer fails to make any return required by this article or makes an incorrect return, and the circumstances indicate willful negligence or intentional disregard of rules and regulations, but not intent to defraud, there shall be imposed, in addition to any other penalties provided herein, a specific penalty of five percent of the tax or deficiency found to be due or \$10.00, whichever is greater. This specific penalty shall be an obligation to be collected and accounted for in the same manner as if it were a part of the tax due and can be enforced either in a separate action or in the same action for the collection of the tax.
(Code 1998, § 12-023.82; Ord. No. 82-384, 6-17-1982)

Sec. 22-128. Selling or quitting of business.

If a person or dealer liable for any tax, interest or penalty hereunder shall sell his business or shall sell out his business or quit business; he shall make a final return and payment within 15 days after the date of selling or quitting business. His successor, successors, or assigns, if any, shall withhold sufficient purchase money to cover the amount of such taxes, interest and penalties due and unpaid until such time as the former owner shall produce a receipt from the collector showing that they have been paid, or certificate stating that no taxes, interest, or penalties are due. If the purchaser of a business fails to withhold purchase money as provided, he shall be personally liable for payment of taxes, interest and penalties accrued and unpaid on account of the operation of the business by any former owner, owners, or assignors.

Should an applicant not currently possess a valid permit issued by the state, the applicant shall be eligible for a 90-day permit to conduct games of chance allowable under the provisions of this division, provided that all net proceeds are escrowed with the parish. Should such permit be denied by the state, all proceeds shall be forfeited to the parish for the benefit of nonprofit community service organizations. In the event such permit is approved by the state, such funds shall be released to the organization conducting such games.

(Code 1998, § 12-026.00; Ord. No. 85-328, 1-17-1985; Ord. No. 85-546, 12-19-1985; Ord. No. 91-1450, 5-16-1991)

Sec. 22-186. Pull-tab games.

(a) *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Pull-tabs means single or banded tickets or cards each with its face covered to conceal one or more numbers or symbols, where one or more card or ticket in each set has been designated in advance as a winner.

(b) *Regulated.* No organization, distributor or manufacturer or any representative thereof, either with knowledge or in circumstances whereunder he reasonably should have known, shall possess, display, put out for play, sell or otherwise furnish to any person any deal of pull-tabs:

- (1) In which the winning pull-tabs have not been completely and randomly distributed and mixed among all other pull-tabs in the deal;
- (2) In which the location or approximate location of any of the winning pull-tabs can be determined in advance of opening the pull-tabs in any manner or by any device, including, but not limited to, any pattern in the manufacture, assembly or packaging of pull-tabs by the manufacturer, by any markings on the pull-tabs or container, or by the use of a light; or
- (3) Which does not conform in any respect to these requirements as to manufacturer, assembly or packaging.

(c) *Purchase.* A distributor shall not purchase or be furnished any deal of pull-tabs from a manufacturer of pull-tabs, unless all of the following conditions are met:

- (1) The manufacturer's label or trademark has been registered with the office of state police.
- (2) Each individual pull-tab manufactured has conspicuously set forth on it the name of the manufacturer or a label or trademark which identifies its manufacturer.
- (3) The pull-tab is of a type approved by the office of charitable gaming for use in the state. (Code 1998, § 12-026.01; Ord. No. 85-546, 12-19-1985)

Sec. 22-187. Exemptions.

A bona fide senior citizen recreation club, upon application to the parish shall be exempt from the licensing and reporting provisions of divisions 2 and 3 of this article. A bona fide senior citizen's recreation club for the purpose of this division shall be defined as an organization which is recognized and sanctioned by the local council on aging, composed wholly of members, age 60 years or greater, whose only function is to provide amusement and diversion for its membership exclusively.

(Code 1998, § 12-026.02; Ord. No. 85-328, 1-17-1985; Ord. No. 85-546, 12-19-1985)

Sec. 22-188. Application.

(a) Each applicant for a license under this division shall file with the parish council, or its designee, a written application therefor in the form prescribed by the parish council, duly executed and verified, in which shall be stated:

- (1) The name and address of the bona fide nonprofit organization or association;
- (2) The names and addresses of its officers;
- (3) The specific kind of game or games of chance intended to be held, operated and conducted by the applicant, and the place or places where, the date and the time when such game or games of chance are intended to be conducted by the applicant under the license applied for;
- (4) The items of expense intended to be incurred or paid in connection with the holding, operating and conducting of such game or games of chance and the names and addresses of the persons to whom, and the purposes for which, they are to be paid;
- (5) The specific purposes to which the entire net proceeds of such game or games of chance are to be devoted and in what manner;
- (6) Except as provided in R.S. 4:715, that no commission, salary, compensation, reward or recompense will be paid to any person for holding, operating or conducting, or assisting in the holding, operating or conducting of such games of chance;
- (7) A description of all prizes to be offered and given in all such games of chance to be held, operated and conducted under such license; and
- (8) A list containing the names and addresses of all of its officers and members. The lone exception to this provision would be in the case of churches, which are required to submit the names of those persons responsible for the operation of the game of chance, along with the names of all persons who would be working in conjunction therewith.

(b) In each application, there shall be designated an active member of the applicant under whom the game of chance described in application are to be held, operated and conducted; and, to the application shall be appended a statement executed by the applicant and by member so designated that he or they will be responsible for holding, operating and conducting of such game of chance in accordance with the terms of such license.

(Code 1998, § 12-026.03; Ord. No. 85-328, 1-17-1985; Ord. No. 85-546, 12-19-1985; Ord. No. 91-1450, 5-16-1991)

Sec. 22-189. Investigation.

Upon application for a permit, the state shall make, or cause to be made, an investigation of the qualifications of each applicant and the merits of the application, with due expedition after the filing of the application. The state shall determine whether the applicant is duly qualified to

hold, operate and conduct games of chance; whether the member of the applicant designated in the application to hold, operate, conduct or assist in holding, operating or conducting the game of chance are bona fide active members of the applicant, persons of good moral character and have never been convicted of crime. Upon the applicant's approval by the state, no investigation shall be made by the parish.

(Code 1998, § 12-026.04; Ord. No. 85-328, 1-17-1985; Ord. No. 85-546, 12-19-1985; Ord. No. 91-1450, 5-16-1991)

Sec. 22-190. License fee.

Each organization applying for a bingo license shall pay an annual fee in the amount of \$100.00. The fee shall be used by the parish council staff or any other permanent department deemed necessary by the parish council to handle the correspondence and/or supervision of bingo. An organization desiring a "one event" license shall submit an application in compliance with the provisions of this division. Such organization shall submit a \$25.00 fee for each such "one event" application. No more than four such "one event" applications shall be accepted from any one organization.

(Code 1998, § 12-026.05; Ord. No. 85-328, 1-17-1985; Ord. No. 85-546, 12-19-1985)

Sec. 22-191. Hearing; amendment of license.

(a) No application for the issuance of a license shall be refused by the parish council until after a hearing is held on due notice to the applicant, at which the applicant shall be entitled to be heard upon the qualifications of the applicant and the merits of the applications.

(b) Any license issued pursuant to the provisions of this division may be amended upon application made to the parish council if the subject matter of the proposed amendment could lawfully have been included in the original license.

(Code 1998, § 12-026.06; Ord. No. 85-328, 1-17-1985; Ord. No. 85-546, 12-19-1985)

Sec. 22-192. Revocation or suspension.

(a) The parish council shall have the power to revoke or suspend a license immediately upon the notification of an alleged violation of any provision of this division. The designated administrative department would then be compelled to call a public hearing on the alleged violation within 30 days of the suspension to determine whether or not the permit should be permanently revoked. The parish council may grant a temporary operating permit for the interim operation of the games pending the hearing, provided necessary safe-guards can be implemented compelling the organization to deposit all proceeds of the games into a special escrow account pending determination of the violation. Once a permit has been revoked, the organization is ineligible to apply for another permit for one calendar year.

(b) No organization which has had a permit previously revoked for violations of the terms of this division shall be eligible for a new license under this division, until a public hearing is held on its qualifications and there is a showing by the applicant of just cause as to why a permit should be issued.

(Code 1998, § 12-026.07; Ord. No. 85-328, 1-17-1985; Ord. No. 85-546, 12-19-1985)

Sec. 22-193. Form of license; display.

Each license granted by the designated administrative department pursuant hereto shall be in such form as the designated administrative department shall require or deem necessary and shall contain a description of the kind of game of chance authorized to be held, operated and conducted thereunder, a statement of the name and address of the licensee, of the names and addresses of the member or members of the applicant under whom such game of chance will be held, operated and conducted, of the number of times, or the hours during which, such game of chance are authorized to be conducted and the place where and of the specific purposes of which the entire net proceeds of such game of chance are to be devoted and any other information which may be required by the rules and regulations to be contained therein; and each license issued for the conduct of any game of chance shall be conspicuously displayed at the place where any game is to be conducted thereunder at all times during the conduct thereof.

(Code 1998, § 12-026.08; Ord. No. 85-328, 1-17-1985; Ord. No. 85-546, 12-19-1985)

Sec. 22-194. Calendar year.

Bingo permits shall be issued for the calendar year of July 1 to June 30.

(Code 1998, § 12-026.09; Ord. No. 91-1450, 5-16-1991)

Secs. 22-195—22-211. Reserved.

**DIVISION 3. REQUIRED STATEMENTS OF RECEIPTS, EXPENSES, PROFITS,
FEES AND RECORDS**

Sec. 22-212. Statement.

(a) No later than 15 days after the end of the calendar month in which a game of chance licensed under this article was held, operated or conducted, the organization or association which held, operated or conducted the game and its or members who were in charge thereof shall furnish to the designated administrative department a duly verified statement showing:

- (1) The amount of the gross receipts derived from each such game of chance, which shall include receipts from the sale of shares, tickets or rights in any manner connected with participation in the game or the right to participate therein;

- (2) Each item of expense incurred, or paid, and each item of expenditure made or to be made, including the name and address of each person to whom each such item has been, or is to be paid, with a detailed description of the merchandise purchased or the services rendered therefor;

(3) The net profit derived from each such game of chance, and the uses to which such net profit has been or is to be applied; and

(4) A list of prizes offered or given, with the respective values thereof.
- (b) It shall be the duty of each licensee to maintain and keep such books and records as may be necessary to substantiate the particulars of each such report.
- (c) It is herewith required of all organizations which are issued licenses to operate games of chance under this article to submit to the parish council quarterly reports (on the last working day of the month following that quarter) consolidating the monthly reports as follows:

<i>Covering Calendar Months of</i>	<i>Due</i>
January, February, March	April 15
April, May, June	July 15
July, August, September	October 15
October, November, December	December 31

(Code 1998, § 12-027.00; Ord. No. 85-328, 1-17-1985; Ord. No. 85-546, 12-19-1985; Ord. No. 89-1092, 5-18-1989)

Sec. 22-213. Designated administrative department empowered to examine records.

The designated administrative department shall have the power to examine or to cause to be examined the books and records of any organization or association to which a license is issued under this division, so far as they may relate to any transactions connected with the holding and conducting of any game of chance thereunder, and further, to examine any manager, officer, director, agent, member or employee thereof under oath in relation to the conduct of any such game of chance under any such license. Any information so received shall not be disclosed, except so far as may be necessary for the purpose of carrying out the provisions of this division. (Code 1998, § 12-027.01; Ord. No. 85-328, 1-17-1985; Ord. No. 85-546, 12-19-1985)

Sec. 22-214. Examination of records and audit fees.

(a) Additionally, all organizations which are issued licenses under the provisions of this division shall remit a fee to the parish government to provide for the examination and administration of records and audit fees based on a flat fixed rate of three percent of net proceeds (gross proceeds after allowable expenses) for each quarterly filing.

(b) All charitable organizations holding licenses under this division shall be given advance written notice of any proposed amendments in the future.

(Code 1998, § 12-027.02; Ord. No. 86-328, 1-17-1985; Ord. No. 91-1424, 3-21-1991; Ord. No. 91-1485, 9-19-1991)

Sec. 22-215. Immunity.

No persons, associations or corporation:

- (1) Possessing, selling or in any manner disposing of in the parish, any shares, tickets or rights to participate in any game or games of chance conducted or to be conducted under any license lawfully issued pursuant to this division;
- (2) Lawfully conducting or participating in the conduct of any such game of chance; or
- (3) Permitting the conduct of any such game of chance upon premises owned by him or it of any game of chance conducted or to be conducted under any license lawfully issued pursuant to this division shall be liable to prosecution or conviction for violation of any provision of R.S. 14:90; however, this immunity shall not extend to any person or corporation knowingly conducting or participating in the conduct of any game of chance under any license obtained by any false pretense or statement made in any application for such license or otherwise, possessing, selling or disposing of shares, tickets or rights to participate in, or permitting the conduct upon any premises owned by him or it of any game of chance conducted under any license known to him or it to have been obtained by any such false or fraudulent pretense or statement.

(Code 1998, § 12-027.03; Ord. No. 85-328, 1-17-1985; Ord. No. 85-546, 12-19-1985)

Sec. 22-216. Violations.

Any person who or which shall make any false statement in any application for a license under this division or shall fail to keep such books and records as shall fully and truly record all transactions connected with the holding, operating or conducting of games of chance under any such license or shall falsify or make any false entry in any books or records so far as they relate to any transaction connected with the holding, operating and conducting of any game of chance under any such license or shall falsify or make any false entry in any books or record so far as they relate to any transaction connected with the holding, operating and conducting of any game of chance under any such license or shall violate any of the provisions of this division or of any terms of such license shall be a disorderly person and if convicted as such shall, in addition to suffering any other penalties which may be imposed forfeit any license issued to it under this division and shall be ineligible to apply for a license under this division for one year thereafter.

(Code 1998, § 12-027.04; Ord. No. 85-328, 1-17-1985; Ord. No. 85-546, 12-19-1985)

Secs. 22-217—22-240. Reserved.

ARTICLE VI. PLACES OF PUBLIC AMUSEMENT

Sec. 22-241. Definitions.

As used in this article, the following terms shall mean as indicated below, unless the context otherwise requires:

License means the license required by the provisions of this article.

Licensee means a person holding a license required by the provisions of this article.

Places of public amusement. This term shall include the following:

Amusement park means any place commonly known as an amusement park, amusement ground or amusement center where swimming, dancing, games, exhibits or shows are carried on, conducted or allowed whether an admission fee is charged or not; provided that beer, wine or liquor is not sold, kept, provided or given away in connection with such amusement park.

Circus show means and includes all side-shows, circuses, traveling shows, animal shows, traveling carnivals, traveling or moving tent shows, exhibitions, temporary theaters or itinerant playhouses, excepting, however, motion picture theaters, playhouses being operated in a permanent structure, or the annual parish fair.

Dance hall means any place wherein dances are given, operated, conducted or permitted as a business enterprise, occupation or amusement whether or not music is provided by paid or amateur performers or by prerecorded means. It shall not mean dances conducted by any nonprofit or charitable organization; provided that the net profit from any dance does not accrue to the private profit of any person.

Music festivals mean and include any outdoor festival, carnival, dance or like musical activity, whether or not music is provided by paid or amateur performers or by prerecorded means, which is of a periodic nature and to which members of the public are admitted for a charge, whether or not said charge is directly or indirectly made.

Public swimming pool means a swimming pool to which members of the public are admitted for a charge, whether or not said charge is made directly or indirectly. The term shall not mean those swimming pools constructed on the business premises of motels, which pools serve exclusively the registered guests of said motel, or swimming pools operated by or for any municipality or recreation district.

(Code 1998, § 12-030.00; Ord. No. 628, Bk. 7, P. 537)

Sec. 22-242. Hours of operation.

All public amusements which are subject to license under this article shall close and cease operation continuously between the hours of 1:00 a.m. and 6:00 a.m. of each day.

(Code 1998, § 12-030.01; Ord. No. 628, Bk. 7, P. 537)

Sec. 22-243. License required.

Any person wishing to operate, maintain or conduct a place of public amusement shall first obtain a license to do so. No license shall be issued, however, until all conditions required have been met and fulfilled.

(Code 1998, § 12-030.02; Ord. No. 628, Bk. 7, P. 537)

Sec. 22-244. License application.

Any person desiring to operate or conduct a place of public amusement shall file a written application (consisting of an original and five copies) with the parish council, which shall contain the following facts and information:

- (1) The name, age, residence and mailing address of the person making said application. If the application is made by a partnership the names and addresses of the partners must appear. Where the applicant is a corporation, the application must be signed by the president, vice-president and secretary thereof and must contain the address of said corporate officers; and a certified copy of the articles of incorporation shall be submitted with the application.
- (2) A statement of the kind, character or type of place of public amusement, which the applicant proposes to conduct, operate or carry on.
- (3) The addresses or legal description of the place or premises where the proposed public amusement is to be conducted, operated or carried on, to include the following:
 - a. The applicant must submit proof of ownership of the place where the public amusement is to be conducted or a statement signed by the owner of the premises indicating his consent that the site be used for the proposed amusement.
 - b. The applicant must submit statement from the parish department of development, verifying that location of said public amusement is in compliance with the requirements as set forth in the parish zoning Ordinance No. 523, appendix C.
 - c. The number of days for which the license is sought.
 - d. An estimate of the number of customers, spectators, participants and other persons expected to attend the public amusement for each day it is conducted.

(Code 1998, § 12-030.03; Ord. No. 628, Bk. 7, P. 537; Ord. No. 86-660, 7-17-1986)

Sec. 22-245. License filing fee.

The clerk of court shall collect from the license applicant a filing fee of \$25.00 which shall be nonrefundable.

(Code 1998, § 12-030.04; Ord. No. 628, Bk. 7, P. 537; Ord. No. 86-628, 6-19-1986)

Sec. 22-246. Transmission of application; hearing.

(a) Upon receipt of the license application, the clerk of court shall file the original application and distribute one copy thereof to the sheriff, the parish health officer, the director of the department of public works, and the district attorney. These parish department heads shall thereupon cause an investigation of the application.

(b) The council clerk shall set the matter for public hearing at a regular meeting of the council, which shall be not later than 60 days from the date of the filing of the application. Ten days written notice of the date of such hearing shall be given to the applicant and to the parish departments receiving a copy of the application.

(c) The parish council shall, based upon the reports of the interested parish departments and on the testimony of witnesses and evidence presented at said hearing, grant the application, deny the application, or set conditions which must be met before a license may be granted.

(d) Where conditions are imposed pertaining to section 22-255, the parish clerk must certify to the tax collector that all conditions have been met before a license may be issued. The clerk shall require written notice from parish departments charged with responsibility under said section, that conditions have been met before issuing its certification.

(e) When the clerk of court certifies that conditions have been met, the tax collector shall immediately issue a license specifying the name and address of the licensee, the premises licensed and the number of days operation authorized.

(Code 1998, § 12-030.05; Ord. No. 628, Bk. 7, P. 537)

Sec. 22-247. Grounds for denial of license; notice.

(a) After holding the required public hearing, the parish council may deny issuance of a license if it finds any of the following:

- (1) That the applicant fails to meet the conditions imposed in this article.
- (2) That the proposed public amusement will be conducted in a manner and/or location not meeting the health or safety standards established by the ordinances of the parish or the laws of the state.
- (3) That the applicant has knowingly made a false, misleading or fraudulent statement of material fact in the application for license, or in any other document required by this article.
- (4) That the applicant, his employee, agent or any person connected or associated with the applicant as partner, director, officer, stockholder, associate or manager, has previously conducted the type of public amusement being applied for which resulted in the creation of a public or private nuisance.

- (5) That the applicant, his employee, agent or any person associated with applicant as partner, director, officer, stockholder, associate or manager has been convicted in a court of competent jurisdiction, by final judgment of:
 - a. An offense involving the presentation, exhibition, or performance of an obscene production, motion picture or play; or of selling obscene matter;
 - b. An offense involving lewd conduct;
 - c. An offense involving the use of force and violence upon the person of another; or
 - d. An offense involving misconduct with children.

(b) Where the application is denied, the secretary of the parish council shall mail to the applicant written notice of denial within 14 days of said action, which notice shall include a statement of the reasons the application was denied.

(Code 1998, § 12-030.06; Ord. No. 628, Bk. 7, P. 537)

Sec. 22-248. License fee.

A person desiring a license shall pay the appropriate fee indicated below:

- (1) For a dance hall, the sum of \$100.00 per year, payable in four equal quarterly installments in advance.
- (2) For an amusement park, the sum of \$100.00 per year, payable in four equal quarterly installments in advance.
- (3) For a public swimming pool, the sum of \$25.00 per year, payable in four quarterly installments in advance.
- (4) For a circus show, the sum of \$2,400.00 per year, payable in four equal quarterly installments in advance; provided, however, that a license may be issued on a daily basis, a fee for which is hereby set at \$50.00 per day of operation.
- (5) For a music festival, the sum of \$4,800.00 per year, payable in four equal quarterly installments in advance; provided, however, a license may be issued on a daily basis, a fee for which is hereby set at \$100.00 per day of operation.
- (6) A neighborhood or community benefit organization, organized for charitable or religious purposes, shall be exempt from paying the license fee provided in this section; provided net proceeds from such activity does not accrue to benefit any private person.

(Code 1998, § 12-030.07; Ord. No. 628, Bk. 7, P. 537)

Sec. 22-249. License term and renewal.

A license authorizes the conduct of a public amusement for a maximum of 356 days and shall be thereafter renewed. A license may be renewed upon the same terms, conditions and pursuant to the same procedures required herein for the issuance of an initial license.

(Code 1998, § 12-030.08; Ord. No. 628, Bk. 7, P. 537)

Sec. 22-250. Posting of license.

A licensee shall keep his license posted in a conspicuous place upon the premises at which the public amusement is conducted.

(Code 1998, § 12-030.09; Ord. No. 628, Bk. 7, P. 537)

Sec. 22-251. Grounds for revocation of license.

The parish council shall have the power to revoke any license, or to revoke and reinstate any license upon suitable conditions, when the following causes exist:

- (1) The licensee fails, neglects or refuses to pay to the tax collector the fee prescribed by this article.
- (2) The licensee, his employee or agent, fails, neglects or refuses to fulfill any or all of the conditions imposed with reference to this article.
- (3) The public amusement violates any law or regulations established by the ordinances of the parish or the laws of the state.
- (4) The licensee allows the public amusement to be conducted in a disorderly manner or knowingly allows any person to remain on the premises of the meeting while under the influence of intoxicating liquor, or any narcotic or dangerous drug.
- (5) The licensee, his employee or agent, is convicted of any of the offenses enumerated under section 22-255.

(Code 1998, § 12-030.10; Ord. No. 628, Bk. 7, P. 537)

Sec. 22-252. Revocation complaints.

Any person may file a complaint with the secretary of the parish council or may petition the parish council to conduct a hearing concerning the revocation of the license of any licensee. The council clerk shall give notice of the petition for hearing in accordance with the provisions of this article.

(Code 1998, § 12-030.11; Ord. No. 628, Bk. 7, P. 537)

Sec. 22-253. Notice of intent to revoke; hearing.

Notice of intent to revoke any license shall be given and the licensee shall be entitled to a hearing. The council clerk shall give notice, setting forth the causes for revocation and shall state the time and place at which the matter of revocation will be heard before the parish council. Said notice shall be mailed no later than ten days prior to the date set for hearing. The parish council shall hear all interested parties and may revoke a license only for one or more causes enumerated by section 22-255.

(Code 1998, § 12-030.12; Ord. No. 628, Bk. 7, P. 537)

Sec. 22-254. License conditions.

(a) At the hearing required under section 22-255 hereof, the parish council may establish conditions which must be met prior to the issuance of any license under this article, except that the parish council may take a matter under submission before determining which conditions shall be imposed. Where the council takes a matter under submission, written notice of any conditions imposed as prerequisite to the issuance of a license must be mailed to the applicant within 15 days of the original hearing.

(b) The conditions which may be imposed by the parish council regarding the parish's general police power for the protection of health, safety and property of local residents and persons attending such public amusements in the parish, are as follows:

- (1) *Police protection.* Every licensee shall employ at his own expense at least one private patrolman or guard, approved by the sheriff whose duty shall be the preservation of order and protection of property in and around the place of public amusement.
 - a. In the case of public amusements expected to attract large numbers of persons, provision for additional private patrolmen and security guards may be required. One patrolman or security guard for every 300 persons expected to be in attendance may be required.
 - b. Said patrolmen may be required to be licensed and to be in attendance, wearing uniforms, at all times the public amusement is in operation. Where the sheriff authorizes the employment of off-duty peace officers to meet the requirements of this article, said peace officers shall be under the direction and control of the sheriff. The sheriff must be satisfied that the requisite number of private patrolmen or guards will be provided at all times of operation, before a license is issued. Submittal by the applicant of a written agreement between said applicant and a licensed private patrol agency may be required.
- (2) *Water facilities.* Every licensee shall provide an ample supply of water for drinking and sanitation purposes on the premises of the public amusement. Quality and quantity of water and location of facilities must be approved by the parish health officer prior to the issuance of a license. In the case of outdoor public amusements, a supply of ten gallons of water for each person expected to be in attendance may be required. All water shall meet U.S. Public Health Service Standards. Public and/or private lavatories and drinking facilities may be required. Drainage and sewage systems relating to such facilities shall be adequate to the satisfaction of the parish health officer and shall be subject to his prior approval.
- (3) *Food concessions.* In case of public amusements proposed to be held in areas located a substantial distance from markets, restaurants or like eating establishments, applicant may be required to demonstrate that food will be available at the premises for each day of operation to adequately feed the number of persons expected to be in attendance.

Concessionaires must be licensed pursuant to local regulation and state laws. Quality and quantity of food and location of concessions must be approved by the parish health officer prior to the issuance of any license.

- (4) *Sanitation facilities.* Every licensee shall provide at least one closed toilet facility marked "Men" and one such facility marked "Women" on the premises of a public amusement. If large crowds are expected, a toilet for each 40 males and for each 40 females expected to be in attendance may be required.
 - a. Chemical toilets must be emptied at licensee's expense as necessary and according to procedures established by the parish health officer.
 - b. Every licensee shall be required to furnish at least one trash can with 32 gallons capacity for every 25 persons expected to be in attendance. Proof that the requisite quantity of trash and refuse receptacles will be available must be made to the parish health officer. Trash and refuse shall be emptied at licensee's expense as necessary and pursuant to procedures established by the parish health officer.
- (5) *Medical facilities.* Where a proposed public amusement is expected to attract large numbers of persons and is planned for a site which is located a substantial distance from existing medical treatment facilities, the applicant may be required to provide emergency medical treatment facilities on the premises of the public amusements. The location of such facilities, number of doctors, psychiatrists, psychologists, nurses and other aids needed to staff said facilities and the quantity of medical supplies, drugs, ambulances and other equipment that must be on the site, must be approved by the parish health officer prior to the issuance of any license under this article. The parish health officer shall calculate the need for medical service, based on the number of person expected to attend a public amusement, their expected age group, the duration of events planned and the possibility of exposure to inclement weather and outdoor elements.
- (6) *Parking areas.* Persons desiring to operate or conduct public amusements may be called upon to provide a separate parking space for every two persons expected to attend the public amusement by motor vehicle. Such individual parking spaces shall be clearly marked and shall be not less than nine feet wide and 20 feet long. The sheriff or his designated agent must approve an applicant's "parking plan" before a license shall be issued.
- (7) *Access and parking control.* Every licensee shall provide adequate entrance and exit to his public amusement premises and parking areas therefor. Necessary roads, driveways and entrance ways shall exist to ensure orderly flow of traffic into the premises from a highway or road which is a part of the parish system of highways or which is a highway maintained by the state. The sheriff must approve the licensee's plan for entrance and

exit before a license shall be issued. Additionally, any applicant may be required to show that traffic guards are under his employ to ensure orderly traffic movement and relieve traffic congestion in the vicinity of the public amusement area.

- (8) *Illumination.* Every licensee planning to conduct a public amusement after dark, or planning to allow persons who attend the public amusement to remain on the premises after dark, shall provide electrical illumination to ensure that those areas which are occupied are lighted at all times. The sheriff, or his designated agent, must approve an applicant's lighting plan as a prerequisite to issuance of a license hereunder. A licensee may be required to illuminate specific areas on the premises in accordance with the following scale of lighting intensity:

	<i>Footcandles</i>
Open area reserved for spectators	5 to 10
State areas	75 to 100
Parking and overnight areas	1 to 5
Restroom and concession areas	20 to 50

- (9) *Overnight camping facilities.* Every licensee authorized to allow persons who attend the public amusement to remain on the premises overnight shall provide camping facilities and overnight areas. Such areas and facilities must be approved by the parish health officer and department of permits and inspections prior to the issuance of any license.
- (10) *Bonds.* Any licensee may be called upon to post an indemnity bond and/or a performance bond in favor of the parish in connection with the operation of a public amusement. Bonds required by this article must be approved by the district attorney prior to issuance of a license.
- a. An applicant may be required to submit a surety bond written by a corporate bonding company authorized to do business in the state by the department of insurance, in an amount determined by the parish government. Said bond shall indemnify the parish, its agents, officers, servants, employees and the parish government against any and all loss, injury and damage of any nature whatsoever arising out of, or in any way connected with, said public amusement and shall indemnify against loss, injury and damage to both person and property.
- b. Additionally, the parish may demand that applicant provide a corporate surety bond written by a corporate bonding company authorized to do business in the state, indemnifying the parish and the owners of property adjoining the public amusement site for any costs necessitated for cleaning up and/or removing debris, trash, or other waste from, in and around the premises. Said bond shall be in an amount determined by the parish.

- (11) *Miscellaneous.* Any applicant may be required to meet any other condition prior to receiving a license to conduct a public amusement which is reasonably calculated as necessary to protect the health, welfare and property of local residents and persons attending a public amusement.

(Code 1998, § 12-030.13; Ord. No. 628, Bk. 7, P. 537)

Sec. 22-255. Violations; remedies of parish.

(a) It shall be unlawful for any person acting alone or in concert with another person to do any of the following:

- (1) Operate a public amusement, as herein defined, without first procuring license to do so.
- (2) Advertise, or otherwise publicly announce, that a public amusement will be held in the parish without a license first having been received for the conduct thereof.
- (3) Provide entertainment at a public amusement whether or not compensation is paid for the performance of said entertainment, with the knowledge that a license has not been obtained.
- (4) Operate, conduct or carry on any public amusement in such a manner as to create a public or private nuisance.
- (5) Exhibit, show or conduct within said place of public amusement any obscene, indecent, vulgar or lewd exhibition, show, play, entertainment or exhibit, no matter by what names designated.

(b) Any of the above enumerated violations shall constitute a criminal act and shall be punishable pursuant to ordinances of the parish and the laws of the state. It is provided however, that the parish retains any and all civil remedies, including the right of civil injunction for the prevention of said violations and for the recovery of money damage therefor.

ARTICLE VII. HEALTH SPAS; RECREATIONAL, ATHLETIC CLUBS; WEIGHT REDUCING CENTERS

Sec. 22-274. Definitions.

For the purposes hereof and unless the context indicates a different meaning, the words and/or phrases hereinafter listed for establishments selling memberships for such purpose shall mean:

Athletic club means any facility which is designed for, and provides athletic equipment, a gymnasium, track, basketball, handball and/or volleyball, tennis and racquetball courts, steam

rooms, weight lifting equipment; which provides for the teaching of any of the foregoing or any of the martial arts, etc.; which holds itself out to the public for such purpose or any combination of the foregoing purposes.

Commencement of business means, for a new business, the date of the first subscription or sale of membership or the date the establishment opens for business, whichever comes first. For an existing business, commencement of business shall mean the date of any new membership or the opening of any additional establishment or location.

Health spa means any facility which provides sauna baths, suntan lamps, exercises and/or exercise equipment, massages, steam baths, diet regimens and the like for group or individual sessions, and which holds itself out to the public for such uses or any combination of the foregoing.

Recreational club means any facility which provides pool tables, tennis courts, racquetball and/or handball courts, swimming pool and the like for the purpose of providing recreation and recreational facilities and which holds itself out to the public for such purpose or any combination of the foregoing.

Selling memberships mean the sale for cash or on terms to any person of a membership which extends more than 12 consecutive months or which exceeds in amount the sum of \$125.00, including interest for a shorter duration.

Weight reducing center means any facility which is designed for and provides equipment for weight control and/or muscle tone; which provides diets, dietary supplements, and the like; which holds itself out to the public for such purpose or any combination of the foregoing.
(Code 1998, § 12-037.00; Ord. No. 81-306, 12-17-1981)

Sec. 22-275. Applicability.

(a) Said establishments shall not be permitted to sell memberships for lump sums of cash which exceed a time period of 12 months or which exceeds in amount the sum of \$125.00, including interest, for a shorter duration if financed by the facility.

(b) Nothing contained herein shall be interpreted to restrict or impair in any way any obligation or contract in existence prior to the enactment of this article. Prior contracts of membership shall not be affected by the article. All contracts of membership to be entered into after the effective date of the ordinance from which this article is derived shall be governed by the provisions herein.

(Code 1998, § 12-037.01; Ord. No. 81-306, 12-17-1981)

Sec. 22-276. Restrictions on contracts for membership.

Contracts for membership in said establishment shall not be binding until 72 hours, excluding holidays and weekends, after both parties have executed said contract. During the

first 72 hours after the contract has been signed, either party to the contract shall have the uncontested right to cancel said contract. Financial contracts for memberships shall be owned and maintained by the establishment selling the memberships. It shall be a violation of this article to sell or otherwise transfer or pledge ownership of said notes and/or financial contracts to any other agency or institution.

(Code 1998, § 12-037.02; Ord. No. 81-306, 12-17-1981)

Sec. 22-277. Licensing.

(a) Before commencement of business, the owners thereof shall apply to the sheriff of the parish for a commercial license, in addition to an occupational license and they shall make an affidavit listing name and addresses of the owner, the name and addresses of the establishment, the cost of membership therein, the names and addresses of the operator thereof, if different from the owner; attached thereto will be the membership contract or contracts to be used; the affidavit will include the fact that the owners are citizens of the United States and that they have not been convicted of a felony, or pleaded guilty thereto, within the five years immediately preceding the application.

(b) In the event the owner or operator is a corporation, those holding more than ten percent each of the issued shares must each execute such an affidavit.

(c) If the establishment or facility is leased, a copy of the lease must be attached to the application.

(d) After processing the application, the sheriff shall forward same to the parish department of development - permits indicating that he has no objection thereto.

(e) The parish department of development - permits shall thereafter, at the first parish council meeting immediately following the receipt thereof, place same before the parish council for issuance or rejection of the license.

(f) The facility shall not be open for business until after the parish license is actually received and also a permit is received from DHHR or appropriate health agency, if the latter is required.

(g) The license shall be posted within the facility at a conspicuous place and readily available for inspection.

(h) The fee for the application for the parish license shall be \$50.00 payable to the sheriff's department.

(i) Once issued, the license need not be reissued, however the occupational license must be paid to the parish, unless:

- (1) The ownership changes; or
- (2) The license is revoked for cause.

(Code 1998, § 12-037.03; Ord. No. 81-306, 12-17-1981)

Sec. 22-278. Bond required.

Said establishments shall be bonded with a state firm on the sum of \$25,000.00 or in total amount of their prepaid yearly memberships whichever is higher. Said establishment shall supply proof to the sheriff's department of said bond at the time of application and thereafter of the total number of prepaid yearly memberships when their occupational licenses are renewed.

(Code 1998, § 12-037.04; Ord. No. 81-306, 12-17-1981)

Sec. 22-279. Exemptions.

The provisions of this article shall not apply to:

- (1) Such establishments as are already in operation; however, it shall apply if and when there is a change in ownership, in whole or in part.
 - (2) To any such establishments which are nonprofit and conducted as an adjunct to a school, church, synagogue, governmental agency or bona fide homeowners association or private club.
 - (3) To any establishment which does not sell or finance memberships, i.e., which operates on a noncontract basis wherein the customer pays only on "per visit" or "per each use".
- (Code 1998, § 12-037.05; Ord. No. 81-306, 12-17-1981)

Sec. 22-280. Penalty for violation.

(a) Any violation hereof shall constitute a misdemeanor punishable as is contained in section 1-9; should said violations continue, each day thereof will be a separate offense.

(b) Additionally or alternatively the parish council may suspend or revoke the license after an administrative hearing brought on the complaint of any agency or law enforcement officer of this parish.

(Code 1998, § 12-037.06; Ord. No. 81-306, 12-17-1981)

ARTICLE VIII. SALES AND USE TAX*

DIVISION 1. GENERALLY

Sec. 22-309. Purposes.

The proceeds of the tax shall be used as authorized by law.

***State law references**—Sales taxes generally, R.S. 33:2711 et seq.; Uniform Local Sales Tax Code, R.S. 47:337.1 et seq.

Sec. 22-310. Adoption of uniform local sales tax code.

Pursuant to the authority conferred by R.S. 47:337.4 (Levy of sales and use tax), the provisions of R.S. 47:337.1 et seq., as amended, commonly referred to as the "Uniform Local Sales Tax Code," are hereby adopted by reference and incorporated herein as if set out fully and shall apply in the assessment, collection, administration and enforcement of the tax imposed herein.

Sec. 22-311. Definitions.

The definitions set forth in R.S. 47:301 (Sales Tax—Definitions), as amended, shall be effective as definitions of the words, terms and phrases used in this article. All words, terms and phrases used herein, other than those specifically defined elsewhere in this article, shall have the respective meanings ascribed to them in R.S. 47:301, as amended, and shall have the same scope and effect that the same words, terms and phrases have where used in R.S. 47:301, as amended. As used in this article, the following words, terms and phrases have the meaning ascribed to each in this section, unless the contents clearly indicate a different meaning:

Collector means the sheriff and ex officio tax collector for the parish, and includes his duly authorized assistants.

District means the parish council, whose boundaries are coterminous, without limitation or restriction, with the boundaries of the parish council.
(Code 1998, § 12-170.20; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992; Ord. No. 02-0590, 12-5-2002)

Sec. 22-312. Imposition of tax.

(a) There is hereby levied a tax upon the sale at retail, the use, the consumption, the distribution and the storage for use or consumption in this district, of each item or article of tangible personal property, as defined herein, the levy of said taxes to be as follows:

- (1) At the rate of two percent of the sales price of each item or article of tangible personal property when sold at retail in this district; the tax to be computed on gross sales for the purpose of remitting the amount of tax due the district, and to include each and every retail sale.
- (2) At the rate of two percent of the cost price of each item or article of tangible personal property when the same is not sold but is used, consumed, distributed or stored for use or consumption in this district; provided there shall be no duplication of the tax.
- (3) At the rate of two percent of gross proceeds derived from the lease or rental of tangible personal property, as defined herein, where the lease or rental of such property is an established business or part of an established business, or the same is incidental or germane to the said business.

- (4) At the rate of two percent of the monthly lease or rental price paid by the lessee or renter, or contracted or agreed to be paid by lessee or renter to the owner of tangible personal property.
 - (5) There is hereby levied a tax upon all sales of services, as herein defined, in this state, at the rate of two percent of the amounts paid or charged for such services.
 - a. Notwithstanding any provision of law to the contrary, effective on April 1, 2016, the tax levied by this section shall not apply to the furnishing of interstate telecommunications services or international telecommunications services reflected on bills submitted by telecommunications service providers to their customers which are dated on and after that date, regardless of when such services are provided.
 - b. The tax levied in this section shall be collected from the dealer, as defined herein, shall be paid at the time and in the manner hereinafter provided, and shall be in addition to all other taxes, whether levied in the form of excise, license, or privilege taxes, and shall be in addition to taxes levied under the provisions of R.S. 47:341 et seq.
 - (6) At the rate of two percent of the gross proceeds derived from a transfer of mass-produced advertising items by an advertising business which manufactures the items itself to a client for the client's use, which transfer involves the furnishing of minimal services other than manufacturing service by the advertising business, however, notwithstanding any other provision of law to the contrary, no sales or use tax of any taxing authority shall be levied on any advertising service rendered by an advertising business, including but not limited to advertising agencies, design firms, and print and broadcast media, or any member, agent, or employee thereof, to any client whether or not such service also involves a transfer to the client of tangible personal property; provided that in no event shall tax be levied on charges for creative services which are separately invoiced.
- (b) The tax shall remain in effect without limit as to term or duration.
 (Code 1998, § 12-170.25; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-313. Imported goods, permits (licenses) required.

In order to prevent the illegal importation into the district of tangible personal property which is subject to the tax, and to strengthen and make more effective the manner and method of enforcing payment of the tax imposed by this article, the collector is hereby authorized and empowered to put into operation a system of permits whereby any person, or dealer, may import tangible personal property by truck, automobile, or other means of transportation other than a common carrier, without having said truck, automobile or other means of transportation seized and subjected to legal proceedings for its forfeiture. Such system of

permits shall require the person, or dealer, who desires to import tangible personal property into the district, which property is subject to tax imposed by this article, to apply to the collector for a sales tax registration certificate. The dealer may make as many copies of the certificate as necessary in order to ensure that one copy is displayed in every vehicle of the dealer which operated or may operate within the boundaries of the district.

(Code 1998, § 12-170.90; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-314. Taxes paid prior to merger, dissolution, etc.

No corporation organized under the laws of this state shall hereafter be dissolved, or effect a merger, reorganization or consolidation under any law of this state; by the action of the stockholders or by the decree of any court, until all taxes, fees, penalties and interest imposed on the corporation in accordance with provisions of this article shall have been paid in full. No foreign corporation which has obtained authority from this state to transact business in this parish may surrender such authority and withdraw from this state until all taxes, fees, penalties, interest, and other charges imposed upon said corporation in accordance with the provisions of this article shall have been fully paid.

(Code 1998, § 12-170.116; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-315. Not the intention to deprive dealer or governing body of legal remedy.

Nothing in this article shall be construed to deprive the dealer of any remedy in the review of any tax, or in any proceedings to collect the tax given such dealer by any other law, or to deprive the collector of any remedy for the enforcement of this article through any procedure or remedies expressly provided in this article imposing the tax herein levied or in any other law, nor shall this article be construed as repealing or altering any such laws, ordinances or resolutions.

(Code 1998, § 12-170.154; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-316. Tax in addition to all other taxes.

The tax levied herein is declared to be supplemental and in addition to all other taxes levied by and under the authority of the governing body of any kind or nature.

(Code 1998, § 12-170.156; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-317. Disposition of tax proceeds and revenues.

All taxes, revenues, funds, assessments, moneys, penalties, fees or other income which may be collected or come into the possession of the collector under any provision or provisions of this article shall be promptly deposited by the collector for the account of the parish government, which fund shall be reasonably identifiable and calculable; provided, however, any amount which is paid under protest or which is subject to litigation may be transferred to another account established by the collector pending final determination of the protest or litigation.

(Code 1998, § 12-170.160; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-318. Disposition of funds by collector.

Out of the funds received as a result of this article, the collector shall first deduct the costs of collecting the tax levied hereby and administering the provisions of this article as well as the various administrative procedures established herein.

(Code 1998, § 12-170.161; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-319. General sales and use tax; effective date.

This article shall be effective upon approval of the parish president. Amended ordinance to adopt the rules and regulations of the parish general sales and use tax are incorporated herein to be in full force and effect.

(Code 1998, § 12-170.177; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Ord. No. 89-1121, 7-29-1989 entitled "A Second Supplemental Sales Tax Bond Ordinance" of file with Bonding Ordinances of the parish council.

Sec. 22-320. Businesses subject to provisions.

All businesses covered by the sales tax enhancement plan shall be subject to the following additional collection provisions:

- (1) The tax collector may require that a business or contractor file a use tax return on purchases rather than payment of sales tax directly to the vendor. The tax collector is authorized to issue exemption certificates or such other documents that might be necessary to implement this procedure.
- (2) The tax collector may require that applicants for building permits complete a registration and use tax application form prior to issuance of the building permit.
- (3) The tax collector may require that all use tax be paid on a construction project or that a bond be filed in lieu thereof prior to issuance of an occupancy permit.
- (4) For buildings and stores in the developments referred to in the sales tax enhancement plan as Northshore Limited Partnership (NLP); manufacturers retail outlet (MRO), and undeveloped commercial properties (UCP), tax collections will be done as follows:
 - a. *Northshore limited partnership (NLP)*. The city, as agent for the parish tax collector, will collect the tax from the contractors and all stores in this development. The city shall retain the full tax until \$556,119.00 has been paid to the city. At the conclusion of that event, the tax collector for Sales Tax District No. 3 will collect one percent Sales Tax District No. 3 sales tax from the contractors and all stores in this development. The parish, as agent for the parish tax collector, will

collect one percent sales tax from the contractors and all stores in this development. The entire net tax collected by the tax collector for Sales Tax District No. 3 will be sent to the parish government.

- b. *Manufacturers retail outlet (MRO)*. The city, as agent for the parish tax collector, will collect the tax from the contractor and all stores in this development. The parish will retain the full tax until it recoups its costs of extending utility lines limited to a maximum of \$800,000.00. At the conclusion of that event, the tax collector for Sales Tax District No. 3 will collect one percent Sales Tax District No. 3 sales tax from the contractors and all stores in this development. The city, as agent for the parish tax collector, will collect one percent sales tax from the contractors and all stores in this development. The entire net tax collected by the tax collector for Sales Tax District No. 3 will be sent to the parish government.
- c. *Undeveloped commercial properties (UCP)*. The tax collector for Sales Tax District No. 3 will collect one percent Sales Tax District No. 3 sales tax from the contractors and all stores in these geographical areas. The city, as agent for the parish tax collector, will collect one percent sales tax from the contractors and all stores in these geographical areas. The entire net tax collected by the tax collector for Sales Tax District No. 3 will be sent to the parish government.

(Code 1998, § 12-180.01; Ord. No. 89-1063, 3-16-1989; Ord. No. 89-1149, 9-21-1989)

DIVISION 3. SALES TAX DISTRICT NO. 3*

Sec. 22-374. Created with bonding authority.

In accordance with the provisions of article VI, section 29 of the Constitution of the State of Louisiana of 1974 and other constitutional and statutory authority and under the guidelines of R.S. 47:301 through 47:317, there is hereby created Sales Tax District No. 3 of the parish comprising all of the parish, less and except those portions within the present corporate boundaries of any incorporated municipality (the "district"), hereby authorized to levy and collect a tax of two percent (the "tax") upon the sale at retail, the use, the lease or rental, the consumption, and the storage for use or consumption, of tangible personal property and on

*State law reference—Parish authorized to create sales tax district, R.S. 47:338.48.

sales of services in the district for a period of 20 years from the date of the first levy of the tax, with the net proceeds of the tax (after paying the reasonable and necessary expenses of collecting and administering the tax) to be deducted and used for the following purposes:

- (1) Constructing, overlaying and improving Priority I and Priority II roads, streets and bridges in the district (as designated by Ordinance No. 86-693, 9-4-1986).
- (2) Repairing and maintaining roads, streets and bridges in the district, including the acquisition of all equipment and materials and payment of all salaries directly in connection therewith; and, further, the district shall be authorized to fund the proceeds of the tax into bonds to be issued in series from time to time for the purpose of constructing, overlaying and improving Priority I and Priority II roads, streets and bridges in the district, to the extent and in the manner permitted by the laws of the state, including particularly subpart F, part III, ch. 4, title 39 of the Louisiana Revised Statutes of 1950, as amended.

(Code 1998, § 12-170.00; Res. No. 86-2494, 9-4-1986; Res. No. 86-2478, 9-18-1986; Spec. Elec. of 11-4-1986; Res. No. 86-2618, 11-20-1986)

Editor's note—Sales Tax District No. 3 created by special election approved by a majority of the voters as canvassed and declared by the parish council on 11-20-1986 and further by Ordinance No. 86-693, 9-4-1986 and Ordinance No. 86-730, 11-20-1986.

Sec. 22-375. Priority roads defined.

(a) Priority I roads shall be connector routes between state and federal highways and other main arteries, or as specifically designated and described in exhibit A to Ordinance No. 86-693 on file with the secretary of the parish council.

(b) Priority II roads shall be school bus routes, or state and federal highways and other main arteries, or as specifically designated and described in exhibit A to Ordinance No. 86-693 on file with the council clerk.

(c) Priority III roads shall be all other parish roads, streets and bridges or as specifically designated and described in exhibit A to Ordinance No. 86-693 on file with the council clerk.

(d) Sub-road districts shall be reimbursed for any costs incurred by said districts as a result of the constructing, overlaying and/or improving of Priority I and/or Priority II roads, streets and bridges in the district, set forth as specifically designated and described in exhibit A to Ordinance No. 86-693 on file with the council clerk, to the amount of \$12.00 per linear foot or the cost of such construction, overlay and/or improvement, whichever is less, pursuant to appropriate intergovernmental agreement.

(e) Upon duly providing for the constructing, overlaying and/or improving of all Priority I and Priority II roads, streets and bridges as specifically designated and described in exhibit A to Ordinance No. 86-693 on file with the council clerk, the parish council can then expand the lists

of roads, streets and bridges designated as Priority I or Priority II roads, streets and bridges by subsequent ordinance, and the parish council shall have the authority to use proceeds of the sales tax for the constructing, overlaying and improvement thereof.

(Code 1998, § 12-170.01; Ord. No. 86-693, 9-4-1986)

Sec. 22-376. Bonding of sales tax.

The parish council shall, to the extent permitted by law and as necessary to construct, overlay and improve Priority I and Priority II roads, streets and bridges, fund the net proceeds of the sales tax into sales tax bonds, and it is the intent of the parish council to fund said proceeds into such bonds as quickly as possible and to complete the improvements to be financed by the proceeds of such bonds within two years of the sale, issuance and delivery thereof.

(Code 1998, § 12-170.15; Ord. No. 86-693, 9-4-1986)

Sec. 22-377. Agreement; tax collector for Sales Tax District No. 3 and for City of Slidell.

The tax collector for Sales Tax District No. 3 is hereby authorized to enter into an administrative agreement with the tax collector for the City of Slidell concerning the collection of sales taxes from businesses subject to the sales tax enhancement plan.

(Code 1998, § 12-180.00)

DIVISION 4. COLLECTION OF TAX AND EXEMPTIONS

Sec. 22-398. Exemptions and exclusions from tax.

No exemption from this tax shall be granted unless the state exemption specifically provides that it applies to this district sales and use tax levies. In the absence of any such specific application of the state exemption of sales and use tax levies of any local governmental subdivision or school board, any state exemption granted pursuant to R.S. 47:337.9 et seq., as amended, shall be applicable only to the levy and collection of the state sales and use tax.

(Code 1998, § 12-170.35; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-399. Certificate (license) required.

In order to aid in administration and enforcement of provisions hereof, and collect all taxes imposed herein within three days after commencement or opening, every dealer purchasing or importing tangible personal property for resale shall file with the collector an application for registration certificate in a form prescribed by him. The collector shall issue without charge to each dealer who purchases or imports for resale, a registration certificate empowering such dealer to collect tax from the purchaser. A separate application must be submitted for each additional place of business of such dealer. Each certificate shall state the place of business to

which it is applicable. Such registration certificate shall be prominently displayed in all places of business of the dealer. A dealer who has no regular place of business shall attach such certificate to his cart, stand, truck, or other merchandising devise. Such certificate shall be nonassignable and non-transferrable and be surrendered immediately to collector upon dealer's ceasing to do business therein named.

(Code 1998, § 12-170.48; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-400. Manufacturer, wholesaler, dealer, etc.

A manufacturer, wholesaler dealer, jobber or supplier shall refuse to accept a certificate that any property upon which a tax is imposed by this division is purchased for resale, and shall collect the tax imposed by this division, unless the purchaser shall have a registration certificate to collect the tax imposed by this division; provided, however, that the payment of the tax by such purchaser shall not relieve the purchaser of the duty herein imposed upon such purchaser to collect the tax upon any resale made by him.

(Code 1998, § 12-170.49; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-401. Cost of accounting and remitting tax.

For the purpose of compensating the dealer in accounting for and remitting the tax levied by this division, each dealer shall be allowed 1.1 percent of the amount of tax due and accounted for remitted to the collector in the form of a deduction in submitting his report and paying the amount due by him. If the amount due was not delinquent at the time of payment.

(Code 1998, § 12-170.54; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-402. Collection of tax from dealer.

The tax imposed by this division shall be collected by the collector on behalf of the district from all persons engaged in business.

- (1) The collector is duly authorized and empowered to carry into effect the provisions of this division, and in pursuance thereof to make and enforce such rules as he may deem necessary. Such regulations when promulgated shall have the full force and effect of law. Promulgation shall be accomplished by publication at least one time in the official journal of the parish.
- (2) The collector may employ such personnel, including legal counsel on a fee or salary basis, as are necessary to assist in the collection of the taxes imposed hereunder.
- (3) Any duly authorized representative or deputy of the collector, when acting under his authority and direction, shall have the same power as is conferred upon the collector by this division.

- (4) The collector may conduct hearings and administer oaths, and examine under oath, any dealer and the directors, officers, agents and employees of any dealer, and any other witness relative to the business of such dealer in respect to any matter incident to the administration of this division.

State law reference—Similar provision, R.S. 47:337.29.

Sec. 22-427. Wholesale dealers and jobbers required to keep records.

In order to aid in the administration and enforcement of the provisions of this division and to collect all of the tax imposed by this division, all wholesale dealers and jobbers in this district are hereby required to keep a record of all sales of tangible personal property made in this district, whether such sales be for cash or on terms of credit. The record required to be kept by all wholesale dealers and jobbers shall contain and include the name and address of the purchaser, the date of the purchase, the article or articles purchased and the price at which the article is sold to the purchaser. These records shall be kept until the taxes to which they relate have prescribed and be open to inspection of the collector or his duly authorized assistants or deputies at all reasonable hours.

(Code 1998, § 12-170.82; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-428. Collector to keep records.

The collector shall keep a record of all of the official acts and shall preserve copies of all rules, decisions and orders made by him. Copies of such rules, decisions or orders and of any paper or papers filed in any office maintained by him in the administration of this division may be authenticated under his official signature and when so authenticated shall be evidence in all courts of the state of the same weight and force as the original thereof.

(Code 1998, § 12-170.85; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

State law reference—Similar provision, R.S. 47:1506.

Sec. 22-429. Records of collector confidential.

Except as otherwise provided by law, the records and files of general sales and use tax ordinance, of this district are confidential and privileged, and no person shall divulge or disclose any information obtained from such records and files except in the administration and enforcement of the tax laws of this district, or of another political subdivision of this state.

- (1) No person shall divulge or disclose any information obtained from any examination or inspection of the premises or property of any person in connection with administration and enforcement of the general sales and use tax laws of this district, except to the collector.
 - (2) Neither the collector nor any employee engaged in the administration or charged with the custody of such records or files shall be required to produce any of them for inspection or use in any action or proceeding, except in an action or proceeding in the administration or enforcement of the tax laws of this state or of a political subdivision.
- (Code 1998, § 12-170.86)

State law reference—Similar provision, R.S. 47:1508.

Sec. 22-430. Permitted uses of records of collector.

Nothing herein contained shall be construed to prevent the delivery, use, furnishing or publication of the records and files maintained pursuant to this division in any manner or method as prescribed under state law.

(Code 1998, § 12-170.87; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-431. Sentences for divulging information.

Whoever violates any provisions of this division by divulging information shall be punished by imprisonment for not more than two years or fined not more than \$10,000.00.

DIVISION 6. REFUNDS, REIMBURSEMENTS, AND REMEDIES

Sec. 22-456. Interest on tax.

If the amount of tax due by the dealer is not paid on or before the 20th day of the month next following the month for which the tax is due, there shall be collected, with said tax, interest upon said unpaid amount, at the rate of interest as provided for in R.S. 47:1601 (Interest and penalties—Interest on unpaid taxes), as amended, to be computed from the first day of the month next following the month for which the tax is due until it is paid; and in addition to the

interest that may be so due there shall also be collected a penalty in an amount equal to and applied in the same manner as set forth in R.S. 47:1602 (Interest and penalties—Penalty for failure to make timely return), as amended.

(Code 1998, § 12-170.97; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-457. Assessment by collector if report deemed fraudulent.

(a) In the event any dealer fails to make a report and pay the tax as provided by this division, or in case the dealer makes a grossly incorrect report, or a report that is false or fraudulent, it shall be the duty of the collector to make an estimate for the taxable period of the retail sales, or sales of services, of such dealer, or of the gross proceeds from rentals or leases of tangible personal property by the dealer, and an estimate of the cost price of all articles of tangible personal property imported by the dealer for use or consumption or distribution or storage to be used or consumed in this district and assess and collect the tax and interest, plus penalty, if such have accrued, on the basis of such assessment, which shall be considered prima facie correct, and the burden to show the contrary shall rest upon the dealer. In the event such estimate and assessment requires an examination of books, records, or documents, or an audit thereof, then the collector shall add to the assessment the cost of such examination, together with any penalties accruing thereon.

(b) If any dealer fails to make any return required by this article or makes an incorrect return, and the circumstances indicate willful negligence or intentional disregard of rules and regulations, but no intent to defraud, there shall be imposed in addition to any other penalties provided herein, a specific penalty of five percent of the tax or, deficiency found to be due, or \$10.00, whichever is greater. This specific penalty shall be an obligation to be collected and accounted for in the same manner as if it were a part of the tax due and can be enforced either in a separate action or in the same action for the collection of the tax.

(Code 1998, § 12-170.98; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

State law reference—Similar provisions, R.S. 47:337.28, 47:337.72, 47:337.73.

Sec. 22-458. Collector to notify debtors of delinquent dealer.

In the event that any dealer is delinquent in the payment of the tax herein provided for, the collector may give notice of the amount of such delinquency by registered mail to all persons having in their possession, or under their control, any credits or other personal property belonging to such dealer, or owing any debts to such dealer at the time of receipt by them of such notice and thereafter any person so notified shall neither transfer nor make any other disposition of such credits, other personal property, or debts until the collector shall have consented to a transfer or disposition, or until 30 days shall have elapsed from and after the receipt of such notice. All persons so notified must, within five days after receipt of such notice, advise the collector of any and all such credits, other personal property, or debts, in their possession, under their control or owing by them, as the case may be.

(Code 1998, § 12-170.100; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-459. Collector; authority to compel examination of books, records and invoices.

If any dealer, subject to make and file a return required by any of the provisions of this division, fails to render such return within the time required, or renders a return which is false or fraudulent, in that it contains statements which differ from the true gross sales, purchases, leases or rentals or other transactions, taxable under this division, or otherwise fails to comply with the provisions of this division, for the taxable period for which said return is made, the collector shall give such dealer 15 days' notice, in writing, requiring such dealer to appear before him or his assistant, with such books, records and papers as he may require, relating to the business of such dealer, for such taxable period; and said collector may require such dealer, or other agents or employees of such dealer, to give testimony or to answer interrogatories, under oath administered by the collector or his assistants, respecting the sale at retail, the use or consumption, or distribution, or storage for use or consumption, in this district or lease or rental of tangible personal property, or other transactions, subject to tax, or the failure to make report thereof, as provided in this division.

(Code 1998, § 12-170.104; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

State law reference—Similar provisions, R.S. 47:337.40—47:337.42.

Sec. 22-460. Dealer must submit to investigation.

If any dealer fails to make a return, or refuses to permit an examination of his, the dealer's, books, records, or papers, or to appear and answer questions within the scope of such investigation relating to the sale, use, consumption, distribution, storage, lease or rental of tangible personal property or sale of services, the collector may apply to any court of competent jurisdiction, for an order requiring such dealer to make such return or requiring the dealer, or his agents or employees, to appear and to answer any such questions or permit such examination, and the court or any judge thereof, shall thereupon issue an order, upon such reasonable notice as shall be prescribed therein, to be served upon said dealer or the agents or employees of such dealer, directing him or them to so appear and testify, and to produce such books, records, and papers as may be required. Any person, or any member of any firm, copartnership, joint venture, association, or corporation, or any agent or employee thereof, failing to comply with any such order shall be guilty of contempt, and shall be punished as provided by law in cases of contempt.

(Code 1998, § 12-170.105; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-461. Penalty for importation without permit.

The importation into this district of tangible personal property which is subject to tax, by truck, automobile, or other means of transportation other than a common carrier, without having first obtained a permit as described in this chapter (if the tax imposed by this division on said tangible personal property has not been paid), shall be construed as an attempt to evade payment of said tax and the same is hereby prohibited, and the said truck, automobile, or

means of transportation other than a common carrier, and said taxable property may be seized by the collector in order to secure the same as evidence in a trial and the same shall be subject to forfeiture and sale in the manner provided for in this division.

(Code 1998, § 12-170.106; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-462. Additional penalties imposed; remedies of the governing body and collector.

(a) The failure of any dealer who imports tangible personal property from outside the district into the district for use or consumption or distribution or storage to be used or consumed in this district, or who imports for lease or rental any tangible personal property subject to the provisions of this division, shall ipso facto make the said tax, interest, penalties, and costs delinquent and shall be construed as an attempt to avoid the payment of same which shall be sufficient grounds for attachment of such tangible personal property wherever the same may be located or found, whether said delinquent dealer be a resident or non-resident of this parish, and whether said tangible personal property is in the possession of said delinquent dealer or in the possession of other persons, firms, corporations, or association of persons; provided that it is the intention of this division to prevent the disposition of the said tangible personal property in order to ensure payment of the tax imposed by this division, together with interest, penalties, and costs, and authority to attach is hereby specifically authorized and granted to the collector.

(b) In addition to the penalties prescribed in this and the preceding section (section 22-492), any person, or dealer, who shall violate the provisions thereof, upon conviction shall be fined in a sum of not more than \$100.00 or imprisonment in jail for a period of not more than 90 days or by both such fine and imprisonment, in the discretion of the court. And, each importation or shipment by truck, automobile or other means of transportation, other than a common carrier, found to be in violation of the provisions of these sections shall constitute a separate offense.

(Code 1998, § 12-170.107; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-463. Further remedies for collection; corporate officers personally liable for tax.

The liability of any person or dealer arising from any tax, interest and penalty, or any of them, imposed by this division, from the time they are due, shall be a personal debt of such person, or dealer to the collector recoverable in any court of competent jurisdiction in an action at law by the collector. Such debts, whether sued upon or not, shall be a lien on all the property of such delinquent person, or dealer, except as against an innocent purchaser for value without notice in the actual course of business, and shall have preference in any distribution of the assets of the person, or dealer, whether in bankruptcy, insolvency, or otherwise. The proceeds of any judgment or order obtained hereunder shall be paid to the collector.

(Code 1998, § 12-170.108; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

State law reference—Similar provision, R.S. 47:337.46.

Sec. 22-464. Security or bond may be required.

The collector may require a bond or other security satisfactory to him for the payment of any taxes, fees, interest and penalties, or any of them, imposed pursuant to this division when he shall find that the collection thereof may be prejudiced without such security.

(Code 1998, § 12-170.109; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-465. Collector; three years before prescription of debt.

If any person, or dealer, shall fail to make a return or report as required by this division, the collector, after the last day on which the omitted report could have been filed without penalty, may make an estimate of the amount of taxes such person, or dealer, is liable to pay under the terms of this division, from any information he is able to conveniently obtain, and according to such estimate so made by him, assess the taxes, fees, penalties and interest due the collector from such person, or dealer, give notice of such assessment to such person, or dealer, and must make demand upon him for payment, or otherwise the said claim shall prescribe.

(Code 1998, § 12-170.110; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

State law reference—Similar provisions, R.S. 47:337.48.

Sec. 22-466. Collector; may increase tax requirement payable after examination of return.

After a return or report is filed under the provisions of this division, the collector shall cause to be examined and make such further audit or investigation as he may deem necessary, and if therefrom, he shall determine that there is a deficiency with respect to the payment of any tax due under this division, he shall assess the additional amount of tax, and any penalties and interest, or either of them due the collector from such person, or dealer and make demand upon him for payment.

(Code 1998, § 12-170.111; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-467. Collector; seizure and sale of any property.

If any dealer against whom taxes have been assessed under the provisions of this division shall refuse or neglect to pay such taxes within the time prescribed in this division, it shall be lawful for the collector, or his duly authorized representative, who is charged with the enforcement of collection of such taxes, to enforce collection of such taxes, together with such interest and other additional amounts as are added by law, by distraint and sale of any property or rights to property belonging to the delinquent dealer.

(Code 1998, § 12-170.113; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-468. Collector to certify refund.

When, to secure compliance with any of the provisions of this division any moneys shall have been deposited with the collector by any dealer, and shall have been paid over to the collector and the collector shall be satisfied that such dealer has fully complied with all such provisions,

the collector shall so certify and authorize repayment from any appropriations available for such purpose to such dealer of such moneys, or such part thereof as the collector shall certify has not been applied by him to the satisfaction of any indebtedness arising under this division. (Code 1998, § 12-170.129; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-469. Legal remedy concerning interstate commerce or other act of Congress.

This section shall be construed to provide a legal remedy in the state, city, or federal courts, by action of law, in case such taxes are claimed to be an unlawful burden upon interstate commerce, or the collection thereof, in violation of any act of Congress or the United States Constitution, or in any case where jurisdiction is vested in any of the courts of the United States; provided that upon written request of the dealer and upon proper showing by such dealer that the principle of law involved in an additional assessment is already pending before the courts for judicial determination, the said dealer, upon agreement to abide by the decision of the courts may pay the additional assessment under protest, but need not file an additional suit. In such cases the tax so paid under protest shall be segregated and held by the collector until the question of law involved has been determined by the courts and shall then be disposed of as therein provided.

(Code 1998, § 12-170.137; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

DIVISION 7. COLLECTOR'S POWERS

Sec. 22-488. Other administrative provisions.

The collector is empowered to carry into effect the provisions of this division and in pursuance thereof to make and enforce such rules as he may deem necessary in administering the provisions of this division and other policies or procedures established by his office.

(Code 1998, § 12-170.145; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-489. Collector granted power to make rules.

The collector shall have the power to make and publish reasonable rules and regulations, not inconsistent with this division or the laws and the constitution of this state or of the United States, for the enforcement of the provisions of this division and the collection of the revenues and penalties imposed by this division.

(Code 1998, § 12-170.146; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-490. Collector to design forms, dealer's responsibility.

The collector shall design, prepare, print, and furnish to all dealers or make available to said dealers, all necessary forms for filing returns, and instructions to ensure a full collection from

dealers and an accounting for the taxes due, but failure of any dealer to secure such forms shall not relieve such dealer from the payment of said taxes at the time and in the manner herein provided.

(Code 1998, § 12-170.147; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-491. Cost of collection borne by collector.

The cost of preparing and distributing the report forms and paraphernalia for the collection of said tax, and of the inspection and enforcement duties required herein, shall be borne by the collector.

(Code 1998, § 12-170.148; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-492. Authority to administer oaths, take dispositions, etc., collector for administration.

It shall be lawful for the collector, or any deputy by him duly designated, to receive the written oath of any person signing any application, disposition, statement or report required by the collector in the administration of this division.

(Code 1998, § 12-170.150; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-493. Authority to conduct hearings, etc., given to collector for administration.

The collector, or any deputy by him duly designated, or his legal counsel, may conduct hearings and have administered and examined under oath, any dealer and the directors, officers, agents and employees of any dealer, and any other witnesses, relative to the business of such dealer in respect to any matter incident to the administration of this division. Such examinations or hearings shall be at a time convenient to the dealer within 14 days after requested by the collector in writing.

(Code 1998, § 12-170.151; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-494. Notice by personal service or U.S. mail; mail presumptive of receipt.

Any notice required to be given by the collector pursuant to this division, may be given by personal service on the dealer for whom it is intended, or be mailed to the dealer for whom it is intended, addressed to such dealer at the address given in the last report filed by him pursuant to the provisions of this division, or if no report has been filed, then to such address as may be obtainable. The mailing of such notice shall be presumptive evidence of its receipt by the dealer to whom it is addressed.

(Code 1998, § 12-170.152; Ord. No. 86-730, 11-20-1986; Ord. No. 92-1666, 11-19-1992)

Sec. 22-495. Collector authorized to authenticate documents.

The collector shall maintain official copies of this division, which may be authenticated under his official signature, and when so authenticated, shall be evidence in all courts of the state of the same weight and force as the original thereof. For authenticating of any such copy, he shall be paid a fee of \$5.00.

Sec. 22-578. Fee for franchises on essential utilities.

A uniform annual franchise fee of two percent, as evidenced by the attached table and fee schedule, shall be imposed on all new and renewed franchises established and hereinafter to be

***State law reference**—St. Tammany Parish authorized to levy tax on sale at retail of cigarette papers that are not packaged with tobacco, R.S. 47:338.261(B)(1).

granted and/or established by the parish council pursuant to R.S. 33:4361(A)(1), (2), (3) and (4); said franchise fee is being imposed due to financial emergency that exists in the parish general fund as a result of state mandated costs; said franchise fee of two percent shall be computed on the gross sales or revenue derived from that portion of the parish being, lying and situated outside the corporate limits of any village, town or municipality.
(Code 1998, § 12-200.00; Ord. No. 89-1207, 12-21-1989)

Sec. 22-579. Quarterly payments of fee.

The franchise fee shall be payable quarterly on or before April 15 for the first quarter, July 15 for the second quarter, October 15 for the third quarter, and January 15 for the fourth quarter. Attached to the payment of the franchise fee will be a statement showing the gross sales or revenue derived from the unincorporated portions of the parish for the months reported. Delinquent balances shall accrue interest at 12 percent per annum beginning on the first day following the due date of the payment of said franchise fee.
(Code 1998, § 12-200.01; Ord. No. 89-1207, 12-21-1989)

Sec. 22-580. Duty of franchisee.

(a) It shall be the duty of every franchisee required to make a report and pay any fee under this article to keep and preserve suitable records of the gross sales or revenue subject to this article, and such other books of account as may be necessary to determine the amount of tax due hereunder, and other information as may be required by the parish treasurer; and it shall be the duty of every such franchisee, moreover, to keep and preserve for a period of three calendar years, in addition to the current year, all records of gross sales or revenue subject to this article; and all such books or other records shall be open to examination at all reasonable hours by the parish treasurer or any of his authorized agents.

(b) Any information required during the conduct of the audit shall be furnished to the parish treasurer or his duly authorized agent without cost. Such information may include, but is not limited to, specialized reports accumulating data from electronic data processing records.
(Code 1998, § 12-200.02)

Sec. 22-581. Failure to report.

In the event any franchisee fails to make a report and pay the franchise fee as provided by this article, or in case the franchisee makes a grossly incorrect report or a report that is false or fraudulent, it shall be the duty of the parish treasurer to make an estimate for the delinquent reporting period of gross sales or revenue of such franchisee and assess and collect the fee and interest, plus penalty, if such have accrued, on the basis of such assessment, which shall be considered prima facie correct, and the burden to show the contrary shall rest upon the franchisee.

(Code 1998, § 12-200.03; Ord. No. 89-1207, 12-21-1989)

Sec. 22-582. Fraudulent return of franchisee.

Any franchisee, its agent or employee, required to make, render, sign or verify any return as aforesaid, who makes a false or fraudulent return with intent to evade a fee hereby imposed, or fails to comply with any provision of this article shall be guilty of a misdemeanor, and upon conviction shall be fined not more than \$200.00, or be imprisoned in jail for not more than 60 days, or shall be punished by both fine and imprisonment, at the discretion of the court.
(Code 1998, § 12-200.04; Ord. No. 89-1207, 12-21-1989)

Sec. 22-583. Authority of parish treasurer.

The parish treasurer shall be authorized to enter into a formal installment payment agreement with a taxpayer for the collection of past due fee, penalty and interest, when in his opinion it is in the best interest of the parish to do so.
(Code 1998, § 12-200.05; Ord. No. 89-1207, 12-21-1989)

Sec. 22-584. Exemption defined.

Any public or governmental entity supported by tax dollars is hereby exempt from this annual fee.
(Code 1998, § 12-200.06; Ord. No. 89-1207, 12-21-1989)

ARTICLE I. IN GENERAL**Sec. 24-1. Definitions.**

The definitions set forth in R.S. 32:1 (Louisiana Highway Regulatory Act—Definitions), as amended, shall be effective as definitions of the words, terms and phrases used in this chapter. All words, terms and phrases used herein, other than those specifically defined elsewhere in this chapter, shall have the respective meanings ascribed to them in R.S. 32:1, as amended, and shall have the same scope and effect that the same words, terms and phrases have where used in R.S. 32:1, as amended. The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Public levee means a levee that is publicly owned or maintained by the parish or is under the jurisdiction and control of a political subdivision thereof.

Sec. 24-2. Louisiana Highway Regulatory Act adopted.

Pursuant to the authority conferred by R.S. 32:42, the provisions of R.S. 32:1—32:399, commonly referred to as the Louisiana Highway Regulatory Act, and all regulations of the state department of transportation and development and the secretary of the state department of public safety adopted pursuant thereto, which govern the operation of motor vehicles, traffic and streets, are hereby adopted and made applicable to the operation of motor vehicles, traffic and streets within the parish, other than on state-maintained highways and outside of the incorporated municipalities, except as such are in conflict or inconsistent with the provisions of this chapter and as are inapplicable by their nature.

Sec. 24-3. Violation and penalty.

Unless a specific penalty is provided elsewhere in this chapter, any violation of a provision under this chapter shall constitute a misdemeanor punishable pursuant to section 1-9.

Secs. 24-4—24-24. Reserved.**ARTICLE II. OPERATION****Sec. 24-25. Driving vehicles across ditches.**

It shall be unlawful for any person to drive any vehicle across any ditch, except on a parish bridge or crossing.

(Code 1998, § 13-001.00; Ord. of 11-17-1915; Ord. of 4-11-1922)

Sec. 24-26. Motor vehicles prohibited on levees.

(a) *Prohibited.* The following actions are prohibited:

- (1) No person shall operate a motor vehicle upon any public levee that is located in unincorporated parish.
- (2) No person shall operate a motor vehicle upon any levee that is privately owned and maintained after having been forbidden to do so, either orally or in writing, including by means of any sign hereinafter described, by any owner, lessee, or custodian of the property or by any other authorized person. For the purposes of this section, the above-mentioned sign means a sign posted on the immovable property, or part, portion or area thereof, at a place or places where such sign may be reasonably expected to be seen. Such sign shall be on a white background with large block letters, no less than four inches high, which read, "Motor Vehicles Prohibited on Levee."

(b) *Penalty.* Whoever violates the provisions of this section shall be guilty of a misdemeanor. The following penalties shall be imposed for a violation of this section:

- (1) For the first offense, the fine shall be \$200.00 or imprisonment for not more than 30 days, or both.
- (2) For the second offense, the fine shall be \$350.00 or imprisonment for not more than 30 days, or both.
- (3) For the third offense and all subsequent offenses, the fine shall be \$500.00 or imprisonment for not more than 30 days, or both.

(c) *Exemption.* The following persons may be exempt from the provisions of this section:

- (1) A duly commissioned law enforcement officer in the performance of his duties.
- (2) Any firefighter, whether or not a member of a volunteer or other fire department and any employee or agent of the state department of agriculture and forestry engaged in locating and suppressing a fire.
- (3) Emergency medical personnel engaged in the rendering of medical assistance to an individual.
- (4) Any federal, state or local government employee, public utility employee or agent engaged in suppressing or dealing with an emergency that presents an imminent danger to human safety or health or to the environment.
- (5) Any federal, state, public utility employee or agent, or local government employee, including employees of the parish department of engineering, department of public works and levee or drainage district, in the performance of duty in inspecting, guarding, maintaining or repairing the levees.

- (6) In the case of a levee that is privately owned and maintained, an employee of the owner, lessee or custodian of the immovable property while performing his duties, functions and responsibilities in the course and scope of his employment.
- (7) A professional land surveyor or his authorized personnel, engaged in the "Practice of Land Surveying," as defined in R.S. 37:682.
- (8) Any person authorized by the owner of the levee or by a court of law.
- (9) Any person exercising the mere rite of passage to an enclosed estate, as otherwise provided by law.
- (10) Nothing in this section shall interfere with the crossing over any public levees, at ramps, crossings or inclines established under plans and specifications of the department of public works.

(Code 1998, § 13-001.01; Ord. No. 09-2011, 3-5-2009)

Editor's note—New section 24-26 was created under the authority of Ordinance No. C.S. 09-2011, 3-5-2009, which provides that all ordinances or parts of ordinances in conflict herewith are hereby repealed. To the extent that any provision of section 15-718.00 may be inconsistent with, or in conflict with, the provisions of this section, the provisions of this section shall govern.

Sec. 24-27. Vehicles prohibited around Meadow Lake Detention Pond.

(a) *Prohibited.* A "No Motorized Vehicles" zone is hereby established around Meadow Lake Detention Pond.

(b) *Exemptions.* Exempt herefrom are any law enforcement officials engaged in the pursuit of his duties, or individuals contracted by or representing the parish in connection with the maintenance or preservation of such detention pond.

(Code 1998, § 13-001.01.1; Ord. No. 02-0499, 7-11-2002)

Sec. 24-28. No trespassing in parish detention ponds and on levees.

(a) *Prohibited.* It shall be unlawful for any person to be upon, within or around any parish owned detention pond or levee.

(b) *Exemptions.* Exempt herefrom are any law enforcement officials engaged in the pursuit of their duties and parish personnel or authorized contractors in connection with the maintenance of said levees and detention ponds.

(Code 1998, § 13-001.02; Ord. No. 02-0541, 9-5-2002)

Sec. 24-29. Parking for over 48 hours.

(a) It shall be unlawful for any person or entity to park or abandon a vehicle on any public street, highway or roadway for longer than 48 consecutive hours.

(b) Vehicles parked or abandoned in excess of 48 consecutive hours shall be removed from the street, highway or roadway by authorized personnel of the parish or the sheriff's office and stored in accordance with the provisions of ch. 16 of title 32 of the Louisiana Revised Statutes (Louisiana Towing and Storage Act—R.S. 32:1711 et seq.).

(c) Violators of this section shall be notified by the sheriff's office according to state law.

(d) The parish shall provide suitable serially numbered forms in triplicate for notifying violators to appear in answer to charges of violating this section, said forms to be given to the sheriff's office, which shall make the notification.

(e) The disposition of any vehicle which may be impounded pursuant to the provisions of this section shall be in accordance with the applicable provisions of ch. 1 and ch. 16 of title 32 of the Louisiana Revised Statutes.

Editor's note—New section 24-30 is hereby created under the authority of Ordinance No. 90-1299, 6-21-1990.

Sec. 24-31. No parking in designated fire zones and/or designated handicap parking spaces.

(a) *Off-street designated handicap parking spaces.* It shall be unlawful for any vehicle to park in an off-street designated handicap parking space, unless a valid handicap vehicle license or permit which is easily identified or openly displayed, has been issued by the state.

(b) *Off-street fire safety zone.* It shall be unlawful for any vehicle to park in an off-street fire safety zone around a commercial structure as designated by the state.

(c) *Issuance of citation.* A sheriff's deputy or any bona fide or deputized police officer shall have the right to issue a traffic citation to any driver or operator of any motorized vehicle which is parking in established off-street parking space or fire zone who is in violation of subsections (a) or (b) of this section.

(Code 1998, § 13-002.02; Ord. No. 96-2498, 9-19-1996)

Sec. 24-32. No parking zones.

Parking on parish roadways in general is prohibited by sections of this Code. Any regulation required for a specific roadway or area of roadway shall be implemented by ordinance of the

governing authority, however, same shall not be included within the Code of Ordinances. Records of all "No Parking Zones" or variations thereof, shall be retained by the department of public works.

(Code 1998, § 13-002.03; Ord. No. 98-2910, 7-23-1998)

Sec. 24-33. Traffic signs, signals, etc., ratified.

All signs, signals, markings and devices regulating traffic on roads and bridges which are part of the parish road system, including, but not limited to, speed limit signs, parking signs, stop signs, yield signs and weight limit signs, which are in place on the adoption date of the ordinance from which this Code is derived are hereby ratified and confirmed, and such signs shall be deemed to have been authorized by the parish council.

(Code 1998, § 13-003.00)

Sec. 24-34. No thru trucks.

Regulations of the "No Thru" operation of trucks and/or vehicles on parish roadways (or portions thereof) shall be implemented by ordinance of the governing authority, however, same shall not be included within this Code. Records of all "No Thru" zones or variations thereof, shall be retained by the department of public works.

(Code 1998, § 13-004.00; Ord. No. 98-2910, 7-23-1998)

Sec. 24-35. Defacing, removing, etc., traffic signs.

No person shall deface, destroy, remove, interfere with, tamper with, or have in their possession, any traffic-control signs, signals, devices or markings.

(Code 1998, § 13-005.00; Ord. No. 177, Bk. 3, P. 118; Ord. No. 425, Bk. 7, P. 198; Ord. No. 88-947, 5-19-1988)

Sec. 24-36. Allowing contents of vehicle/mud from tires to fall onto roadway prohibited; closing of violator's business; other penalties.

(a) No person, firm or corporation shall operate any truck or other vehicle on any parish road in such a manner or condition that the contents can blow or fall out of such vehicle or that mud from its tires can fall upon the roadway.

(b) If any person, firm or corporation owns and/or operates any business or enterprise within the parish from which vehicles are operating and entering onto parish roads, whereon mud or other debris is being deposited by any such vehicle, said business is subject to being closed at the direction of the parish legislative body by means of an injunction in any court of competent jurisdiction.

(c) In addition to any civil remedy available to the parish, any person, firm or corporation who shall be guilty of operating or allowing any person, firm or corporation to operate any vehicle in violation of this section shall be punished by a fine of not more than \$500.00 or imprisonment for not more than 30 days, or by both such fine and imprisonment. For second and subsequent offenses, the punishment shall be by fine of not more than \$500.00 or imprisonment for not more than 30 days, or by both such fine and imprisonment.
(Code 1998, § 13-006.00; Ord. No. 1128, 3-20-1980; Ord. No. 97-2634, 4-17-1994)

Sec. 24-37. Speed limits in general.

Except as otherwise provided herein, no person shall operate or drive a vehicle or automobile upon any highway, road, street and/or bridge situated within the unincorporated limits of this parish (federal and state highways excepted) at a speed greater than the following:

- (1) *Hard surface or concrete highways, roads, streets and/or bridges.* The speed limit for hard surface or concrete highways, roads, streets and/or bridges is 25 miles per hour, unless otherwise posted.
- (2) *All other highways, roads, streets and/or bridges.* The speed limit for all other highways, roads, streets and/or bridges is 25 miles per hour.
- (3) *Speed to be governed by existing conditions.* That no person shall operate or drive a vehicle or automobile upon the highways, streets, roads and/or bridges within this parish at a speed greater than is reasonable and prudent under the circumstances, conditions and potential hazards then existing, having due regard for traffic thereon, surface conditions, the width thereof and the condition of the weather. Whoever violates this subsection shall be guilty of prima facie speeding.
- (4) *Department of engineering to determine speed limits.* The parish department of engineering is herewith vested and delegated with the power, authority and discretion in application and furtherance of sound engineering and transportation principles and caution, to establish and designate a lower speed limit on any portion or all of any parish highways, streets, roads and/or bridges than is hereinabove shown; it shall also similarly have the power and authority to regulate the speed limits and to establish and designate same at a greater speed limit than that above shown, except that in no event shall said greater speed limit exceed 55 miles per hour on hard surface or concrete parish highways, roads, streets and/or bridges, nor 45 miles per hour on parish highways, streets, roads and/or bridges otherwise surfaced. It shall be the responsibility of the parish department of public works to post the appropriate speed limit signs established by the department of engineering.
- (5) *Speed to be governed by signs.* No person shall operate or drive any vehicle or automobile upon any highway, street, road and/or bridge in this parish (state and federal highways excepted) at a speed greater than is posted thereon.

- (6) *Authority to establish different speed limits for different vehicles.* The parish department of engineering shall have the authority to legally establish and post speed limits differing with the type of vehicle traversing the surface.
 - (7) *Authority to establish and post traffic control devices.* The parish department of engineering is herewith vested with the authority to establish and post traffic-controls; e.g., stop, yield or slow signs, rumble bumps or any such other controls and postings as it deems necessary. It shall be the responsibility of the parish department of public works to post the appropriate traffic control signs/measures established by the department of engineering.
 - (8) *Violation; penalties.* Whoever shall violate any provision of this section shall be fined not more than \$100.00 or serve not more than 30 days in the parish jail, or both. For second and subsequent convictions, the violator shall be fined not more than \$500.00 or serve not more than 90 days in the parish jail, or both.
- (Code 1998, § 13-007.00; Ord. No. 1103, 1-17-1980; Ord. No. 80-70, 11-6-1980; Ord. No. 88-945, 5-19-1988; Ord. No. 97-2730, 9-25-1997; Ord. No. 98-2910, 7-23-1998)

Sec. 24-38. Dangerous, distracting or unreasonably loud noises from a motor vehicle.

It shall be unlawful to operate any motor vehicle while emitting therefrom any unreasonably loud noises which may distract the operator of such vehicle, which may impair the ability of the operator to hear and respond to emergency vehicles or to the warning sounds of a horn from another vehicle, which may distract the operators of other vehicles or which may distract pedestrians. The operator of a motor vehicle is prohibited from operating a vehicle with a device or source that is actually emitting such unreasonably loud noises, which shall include, but are not limited to, radios, stereos or any other sound systems or devices, including those that are commonly referred to as "boom boxes," and any vehicle that is not equipped with a muffler that is in good working order, or any vehicle being operated with a muffler that has been rendered inoperative. The owner and/or occupants of any parked vehicle that is emitting therefrom any unreasonably loud noise while the vehicle is not being operated upon the roadway, shall be subject to all applicable nuisance provisions set forth in chapter 14, including section 26-1(4) and (5), section 26-2(5) and (6), and section 26-111.

(Code 1998, § 13-008.00; Ord. No. 04-0984, 10-7-2004)

Sec. 24-39. Compression engine brakes.

(a) *Use of unmuffled compression engine brakes prohibited.* No person shall use motor vehicle brakes which are in any way activated or operated by the compression of the engine exhaust of such motor vehicle or any unit or part thereof within the unincorporated areas of the parish, unless such braking system is equipped with a functional muffler. Such prohibition shall not apply if an emergency situation exists, and the use of unmuffled compression engine brakes is necessary for the protection of persons or property.

(b) *Use of muffled compression brakes prohibited in certain areas.* No person shall use motor vehicle brakes which are in any way activated or operated by the compression of the engine exhaust of such motor vehicle or any unit or part thereof, regardless of the presence of a muffling device on said compression brakes, within the following described areas of unincorporated parish. Such prohibition shall not apply if an emergency situation exists and the use of compression engine brakes is necessary for the protection of persons or property:

- (1) Barker's corner; specifically, the areas within one-half mile of the intersections of Million Dollar Road and Highway 1081 (a.k.a. Stafford Road) with Highway 437; within one-half mile of both intersections of Highway 40 with Highway 1129; and on Highway 437 beginning one-half mile south of the intersection of Million Dollar Road and Highway 437, extending to Highway 1129 one-half mile north of the intersection Highway 40 and Highway 1129.
- (2) On Highway 1077 (a.k.a. Turnpike Road) and on Highway 1078 (a.k.a. Bennett Bridge Road) within one-half mile of the intersection of Highway 1077 and Highway 1078.
- (3) On Highway 437 between River Road and Hwy 1081 (a.k.a. Stafford Road).

(c) *Definition of brake.* The term "brake" means any device used for slowing, halting or stopping the movement of any vehicle.

(d) *Definition of compression engine brake.* The term "compression engine brake" means any motor vehicle brake that is operated by the compression of the engine exhaust of the motor vehicle or any unit or part thereof. A compression engine brake is also commonly known and referred to as a "jake brake."

(e) *Posting.* Signs identifying those areas where use of muffled compression brakes is prohibited shall read "Use of Engine Brakes Prohibited, St. Tammany Parish Code section 13-009.00". The parish department of public works is authorized and directed to post appropriate signs on parish roads consistent with the provisions of this section. Placements of signs on state highways shall first receive approval by the state department of transportation and development and the department of public safety.

ARTICLE III. OPERATION ON PRIVATE ROADS AND SUBDIVISIONS**DIVISION 1. GENERALLY****Sec. 24-67. Traffic controls.**

The following traffic controls shall be applicable to the subdivisions described in this article:

- (1) Preferential right-of-way at an intersection may be indicated by stop signs or yield signs.
- (2) Except when directed to proceed by a police officer or traffic control signal, every driver and operator of a vehicle approaching a stop intersection indicated by a stop sign shall stop before entering the crosswalk on the near side at a clearly marked stop line, but if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection. After having stopped, the driver shall yield the right-of-way to all vehicles which have entered the intersection from another highway or which are approaching so closely on said highway as to constitute an immediate hazard.
- (3) The driver or operator of a vehicle approaching a yield sign shall slow down to a speed reasonable for the existing conditions, or shall stop if necessary, before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, at a clearly marked stop line, but if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway. Having slowed or stopped in this manner, the driver shall yield the right-of-way to any pedestrian legally crossing the roadway on which he is driving, and to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard.

Sec. 24-68. Violations.

Whoever violates the provisions of this article shall be guilty of a misdemeanor and shall be fined not more than \$100.00 or imprisoned for not more than 30 days, or both, in the discretion of the court.

Sec. 24-69. Enforcement.

Any sheriff's deputy or bona fide or deputized police officer is herewith authorized and empowered to halt any motorized vehicle operating on the roadways, streets, and subdivisions streets described in this article if the vehicle is exceeding the speed limit, has failed to obey a stop or yield sign, has parked in a designated "No Parking" zone or for the purpose of determining whether or not the operator thereof has in his possession a valid and current state operator's license, or for any other violation of motor vehicle laws or ordinances and to issue citation therefor.

Sec. 24-70. Maintenance and indemnification.

The homeowners' associations of the subdivisions described in this article shall be responsible for maintaining and keeping up the roads within said subdivision, and maintaining and keeping up the various stop signs, speed limit signs and other traffic signs within the subdivision. The homeowners' associations of the subdivisions described in this article agree to hold harmless and indemnify the parish and the parish sheriff from any and all damages that may occur from the placement of any such signs, and from authorizing the sheriff to enforce the speed limit, stop signs and other traffic controls within said private development.

ARTICLE IV. VEHICULAR SIZE LIMITATIONS

Sec. 24-460. Limitation for Indian Mound Lane.

(a) To provide for the health and safety of the residents of this parish, more specifically those of Indian Mound Lane (8-P-008), Ward 8, District 13, it shall be unlawful for any person to operate any bus or truck having in excess of two axles on Indian Mound Lane.

- (1) *Enforcement.* Enforcement shall be directed and empowered to the sheriff's department of the parish and any other authorized agent of the parish having jurisdiction.
- (2) *Signs.* Signs shall be the responsibility of the department of public works to post and maintain the appropriate signs.

(b) It shall be unlawful for any commercial bus or similar multipassenger commercial conveyance of 35 or more passenger capacity to have access to or traverse Indian Village Road or Indian Mound Lane in the parish.

(c) Exemptions. Exempted from the provisions hereof are commercial taxicabs, limousines, police, law enforcement and emergency vehicles.

(Code 1998, § 13-020.00; Ord. No. 90-1317, 7-19-1990; Ord. No. 90-1384, 12-20-1990)

Sec. 24-461. Load limits and permits.

(a) There is hereby established, as a maximum load limit on all hard-surfaced parish roads, a gross weight of 12 tons or eight tons per axle unless posted otherwise. There is established as a maximum load limit on all parish bridges a maximum gross weight of five tons or eight tons per axle, unless posted otherwise.

(b) Overload operations exceeding these maximum load limits require a permit to exceed these limits for a specified number of trips or days as required by the director of the department of public works or parish engineer. Such a permit shall be issued only if good cause and need is justified. All permits shall stipulate the roads to be traveled.

(c) In order to obtain a permit it will be necessary to provide a bond in the form of a certified check or other surety satisfactory to the department of public works to ensure that any damage caused by such overloading will be repaired by the parties responsible for overload operation.

(d) The amount of the bond will not exceed the actual estimated cost of repairing and/or resealing the bituminous surfaced roads to be used by overloaded vehicles or in the actual estimated cost of repairing the bridges to be used by the overloaded vehicles.

(e) The bonds will be returned at the end of the overload operations after an inspection by personnel from the department of public works and after repairs, if any are required, have been completed to the satisfaction of the director of public works.

(f) In the event the permit holder does not make the repairs, if any are required, within 30 days after the expiration of the permit, the surety will be used to make the repairs by personnel employed by the parish and any balance returned to the permit holder.

ARTICLE V. FOR-HIRE VEHICLES CERTIFICATE OF PUBLIC NECESSITY AND CONVENIENCE (CPNC)*

Sec. 24-479. Purpose.

The purpose of this article is to ensure safe and reliable passenger transportation by licensing, controlling, and regulating each privately operated for-hire vehicle in the unincorporated areas of the parish.

(Code 1998, § 13-030.00; Ord. No. 93-1737, 5-20-1993)

Sec. 24-480. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

For-hire vehicles mean any privately operated motor or power driven vehicle providing transportation service for which compensation is charged per capita, per mile or per destination. As used in this article, the following shall refer to forms of for-hire vehicles:

Dray means any vehicle drawn by an animal.

Limousines mean any vehicle carrying from six to nine passengers.

Taxicabs mean any vehicle carrying six passengers or less, including the driver or operator.

Vans/buses mean any vehicle carrying 12 or less passengers.

(Code 1998, § 13-030.01; Ord. No. 93-1737, 5-20-1993; Ord. No. 99-3075, 5-20-1999)

Sec. 24-481. Certificate of public necessity and convenience (CPNC) required by operators of for-hire vehicles.

(a) Any person, corporation, partnership or association in the business of operating for-hire vehicles as a common or contract carrier of persons or property for compensation on roads in the unincorporated areas of the parish will be required to obtain a certificate of public necessity and convenience (CPNC) if the point of origin is in unincorporated St. Tammany Parish.

***State law reference**—The Public Passenger Motor Vehicle Responsibility Law, R.S. 45:200.1—45:200.17.

(b) It shall be unlawful for any person to operate or permit any other person to operate a for-hire vehicle, or to transport or offer to transport passengers for hire in any vehicle from another parish, without having first applied for and received the appropriate CPNC in the manner provided herein, providing that the fare originates in unincorporated St. Tammany Parish.

(Code 1998, § 13-030.02; Ord. No. 93-1737, 5-20-1993)

Sec. 24-482. Application for CPNC.

(a) Each individual seeking to obtain a CPNC license for a for-hire vehicle as well as to operate a for-hire vehicle shall make written application to the designated administrative department for same, shall meet the requirements as established by law, and shall certify that all requirements have been properly satisfied. No license shall be granted if the applicant fails to meet the requirements or if the applicant provides false, misleading or incomplete information. Licenses issued on the basis of false, misleading or incomplete information furnished by the applicant may be revoked by the designated administrative department.

(b) If the applicant is a corporation, association or partnership, all of the partners or the principal officers of the organization and the persons actually exercising the executive direction of the organization shall be listed on the applications. All of the provisions applicable to individuals shall apply to and be required of such principal partners or officers, and the failure of any of them to meet such requirements shall be grounds to deny the application of such corporation, association or partnership.

(c) All changes of such partners or officers who have submitted applications shall be reported to the designated administrative department within ten working days of such change, and such new officers, partners or other executive managing personnel shall individually file applications within that time. The failure to certify within such time or to possess the qualifications required of individuals under this article shall be cause for the suspension of all permits held by such corporation, association or partnership.

(Code 1998, § 13-030.03; Ord. No. 93-1737, 5-20-1993)

Sec. 24-483. Requirements.

(a) *LPSC authority.* Any applicant for a CPNC on a bus, van or limousine must possess a current LPSC authority issued by the state public service commission.

(b) *U.S. Coast Guard inspection/license.* Any motor driven watercraft carrying five or more passengers must possess proper inspection issued by the U.S. Coast Guard and all operators of such for-hire motor driven watercraft must possess a proper Coast Guard license (copy of license to be retained on file by parish).

(c) *Age and literacy.* Applicants for CPNCs must be 21 years of age and must be able to read and write English. In the case of a partnership or corporation, said provisions must be satisfied by the qualification of principal partners or duly registered officers.

(d) *Citizenship and residency.*

(1) *Citizenship.* An applicant for any CPNC license must be a citizen of the United States. Proof of citizenship shall be submitted by the applicant at the time the application is made.

(2) *Residency.* An applicant for a CPNC from a contiguous parish must have or designate an agent for service of process and provide same to the designated administrative department.

(3) *Organizations.* If the applicant is a corporation or partnership, the above requirements for a CPNC shall be satisfied by the qualification of all duly registered officers of the corporation or principal partners of the partnership. Copies of articles of incorporation or partnership agreement must be furnished.

(e) *Occupational license.* Applicants for CPNCs must obtain a parish occupational license in accordance with chapter 12 of this Code, and the same must be prominently displayed in the vehicle at all times.

(f) *Proof of ownership and for-hire registration.* Applicants for CPNCs must submit proper proof of ownership for all vehicles to be licensed (title, bill of sale, purchase agreement or lease agreement for not less than two years), as well as a "For-Hire Vehicle" registration certificate to be prominently displayed in the vehicle.

(g) *Operator's license.* All owners and operators of CPNC licensed road vehicles shall be required to possess a current state chauffeurs drivers license, CDL or proper LPSC. All owners/drivers of for-hire road vehicles shall provide the designated administrative department with the names, addresses and driver's license numbers of all persons permitted to drive any such vehicle. Likewise, the designated administrative department must be notified in writing within five working days after the employment of any new driver or the termination of any driver, with the actual employment or termination date being provided in said notice.

(h) *Background record check.* All CPNC applicants must submit to a police background check to be conducted by the parish sheriff's department. One felony conviction or more than three misdemeanor convictions over the past five years will automatically disqualify the applicant from receiving a CPNC. Further, any conviction of driving while intoxicated, reckless operation of a motor vehicle, and/or hit-and-run driving within the past three years will be considered automatic disqualification from obtaining a CPNC operator license from the type of vehicle for which the offense occurred.

(i) *Drug testing.* All CPNC applicants must submit to urinalysis screening for drug and/or alcohol abuse. Testing shall be done in such a manner as to ensure privacy and screening will be performed by an approved testing laboratory which adheres to N.I.D.A. guidelines. All test results and relevant information will be strictly confidential. The presence or detection of any alcohol, drugs or controlled dangerous substance as defined under state law, without valid prescription for the applicant or used in excess of prescribed dosages, will be considered automatic disqualification.

(j) *Insurance prerequisite.* All CPNC vehicle applicants shall submit proof of insurance or ability to be insured by an admitted company licensed to do business in the state, or a surplus line company licensed in the state with a rating in the A.M. Best Guide of at least A, Class IX.

- (1) Applicants must submit to the parish a certificate of insurance or an actual policy of insurance providing for personal injury and property damage liability coverage for each vehicle to be licensed. Property damage must be separated from liability coverage. Combined single limits will not be accepted.
- (2) No for-hire vehicle shall be permitted to operate on streets and roads in the unincorporated areas of the parish until the applicant has furnished sufficient proof of insurance coverage with the parish in the amounts of \$100,000.00, \$300,000.00 and \$500,000.00.

(Code 1998, § 13-030.03; Ord. No. 93-1737, 5-20-1993; Ord. No. 99-3075, 5-20-1999)

Sec. 24-484. Issuance of CPNCs.

The director of the department of permits shall investigate all applicants for a CPNC and the merits of each application. A written report of the findings and recommendations from the investigation shall be submitted to the designated administrative department. The designated administrative department shall determine whether or not any CPNC will be granted or denied. No application shall be denied without a hearing being held thereon, unless granting of a CPNC would cause the licensed motor vehicles in the parish to exceed the specified limit. Existing CPNC holders and other interested parties may appear as intervenors in such hearings.

- (1) *CPNCs generally.* In determining whether a CPNC should be issued, the director of the department of permits shall consider the following:
 - a. Whether the requirements of the certificate of public necessity and convenience can be met and complied with only by the issuance of additional certificates of public necessity and convenience;
 - b. The resulting effect of an issuance upon the business of existing certificate holders and upon the existing agencies of mass transportation;
 - c. The effect upon traffic congestion and safety of the public using the streets and said for-hire vehicles;

- d. The effect upon working conditions, wages or other compensation paid to drivers of taxicabs or other motor vehicles being operated under existing CPNCs;
 - e. In the case of a new CPNC company, the applicant must establish the fact that the service to be provided is not and/or cannot be adequately provided by existing CPNC companies; or
 - f. Any other facts which the director may deem relevant.
- (2) *CPNCs for taxicabs.* In determining whether a certificate of public necessity and convenience shall be granted to an applicant to operate a taxicab from a contiguous parish to pick up passengers or property in the parish, the director of permits shall take into consideration the number of vehicles licensed. No more than 20 certificates of public necessity and convenience to operate a taxicab in the parish shall be issued by the director of permits.
- (3) *Limousines.* In the case of new limousine companies, the applicant must have proof of title or leasing agreements for at least two, seven or nine passenger limousines and the limousines must not be more than five years old. No more than 20 certificates of public necessity and convenience to operate limousines in the parish shall be issued by the director of permits.
- (4) *Vans, buses.* All applicants for certificates of public necessity and convenience for vans or buses must provide proof of title, leasing agreement or proof of purchase and the required insurance coverage dependent upon passenger capacity.
- (Code 1998, § 13-030.04; Ord. No. 93-1737, 5-20-1993; Ord. No. 99-3075, 5-20-1999)

Sec. 24-485. Denial; revocation; suspension.

The designated administrative department shall have the sole authority to deny, revoke or suspend any certificate of public necessity and convenience.

(Code 1998, § 13-030.05; Ord. No. 93-1737, 5-20-1993)

Sec. 24-486. Permanent disqualification for certain offenses.

(a) Applicants for a driver's permit or CPNC shall never have been convicted anywhere under the laws of this state or any other state or of the United States of the offense or offenses equivalent thereto of homicide, negligent homicide, aggravated rape, aggravated battery, simple rape, aggravated kidnapping, aggravated burglary, armed robbery, attempted aggravated battery, attempted aggravated rape, attempted aggravated robbery, aggravated assault or sale of narcotics.

(b) Applicants for a driver's permit or CPNC shall never have been convicted of multiple felony offenses or multiple traffic offenses involving injury or death.

(Code 1998, § 13-030.05.1; Ord. No. 93-1737, 5-20-1993)

Sec. 24-487. Prescription of certain offenses.

(a) Applicants for a driver's permit or CPNC shall not have been convicted of any felony other than those listed in section 24-486, or pandering, prostitution, soliciting for prostitution or illegal possession or use of narcotics within five years of the date of filing an application; nor shall the applicant have served any part of a sentence therefore within five years before the date of filing such application.

(b) An applicant who is otherwise qualified to obtain a driver's permit or CPNC who has been convicted of a disqualifying offense under this section may appeal to the parish council within ten working days from the notice of disqualification by the department, provided that the applicant has received a pardon for said offense or committed said offense while a minor or where extenuating or mitigating circumstances are present.

(Code 1998, § 13-030.05.2; Ord. No. 93-1737, 5-20-1993)

Sec. 24-488. Specific causes for suspension or revocation.

(a) The parish council, or its duly designated representative, is authorized to suspend, for a period not exceeding 90 days, or revoke, pursuant to the applicable procedure, any driver's permit or CPNC for due cause whenever said party has to his discredit one of the following:

- (1) Conviction in any court for violating any of the disqualifying provisions of this article;
- (2) Finding, after administrative hearings as set out hereinafter, that the holder of the permit or CPNC has failed to comply with the provisions of this chapter;
- (3) A combination of convictions in any court and/or suspensions totaling five within one year;
- (4) Operation of a vehicle regulated by the provisions of this article when the operator's permit is under suspension; or
- (5) Investigation by the director of the department of permits revealing that the permit holder falsified or concealed information which would have disqualified said applicant as a recipient of a permit under this article.

(b) A driver's permit for a road vehicle shall also be suspended or revoked for due cause whenever the party has to his discredit one of the following:

- (1) Conviction in any court for driving while intoxicated, while impaired or while under the influence of alcohol, drugs or any controlled dangerous substance; or
- (2) Five or more moving violation convictions or three or more convictions of moving violations period of 12 months.

(Code 1998, § 13-030.05.3; Ord. No. 93-1737, 5-20-1993)

Sec. 24-489. No addiction to intoxicating drugs.

The applicant for a driver's permit or CPNC shall not be addicted to the use of intoxicating liquors and shall not use any alcohol, drugs or controlled dangerous substance as defined under state law, without valid prescription for the applicant from a licensed physician or used in excess of prescribed dosages. The physician shall have stated in writing that the applicant's ability to operate a vehicle will not be impaired by use of the drug.

(Code 1998, § 13-030.05.4; Ord. No. 93-1737, 5-20-1993)

Sec. 24-490. Narcotics tests and mandatory revocation for use of narcotics.

(a) Each applicant shall furnish a written certificate or statement from the coroner of the parish that he has been examined within ten days of applying for such permit by the coroner or by a competent person under his discretion or an approved testing laboratory and found not to use any alcohol, drugs or controlled dangerous substance as defined under state law, without valid prescription for the applicant from a licensed physician or used in excess of prescribed dosages.

(b) The parish council, chief administrative officer, or director of permits may, pursuant to notice in writing, periodically require the holder of any CPNC or driver's permit issued under this article to take additional tests by the coroner of the parish, or by an approved testing laboratory, acting under the direction of said officer, to determine if such holder uses any alcohol, drugs or controlled dangerous substance as defined under state law, without valid prescription for the applicant from a licensed physician or used in excess of prescribed dosages. It shall be the right of the parish council or its designated representative to revoke, pursuant to the applicable administrative procedure, the CPNC or driver's permit should the coroner or approved testing laboratory certify in writing at any time that an examination shows that such holder does use any of the narcotic drugs or any barbituric acid derivatives or central nervous system stimulant as defined herein.

(Code 1998, § 13-030.05.5; Ord. No. 93-1737, 5-20-1993)

Sec. 24-491. Police record check.

All applicants for driver's permits or CPNCs shall submit to a police record check through the sheriff's department, and a copy of the report shall be attached to the application and kept on file by the department of permits.

(Code 1998, § 13-030.05.6; Ord. No. 93-1737, 5-20-1993)

Sec. 24-492. Provisions for hearing/appeal of denial/revocation of driver's permit or CPNC.

(a) The parish council or its designated representative may deny or revoke the issuance of a driver's permit or a CPNC whenever, in the exercise of reasonable and sound discretion and after giving notice and affording the applicant or holder a hearing thereon, it has been

determined that the applicant or holder is in violation of this article. The parish council shall conduct a hearing in accordance with the provisions of R.S. 49:951 et seq. (Rules of Administrative Procedure).

(b) In the event the hearing results in the denial or revocation of a CPNC, the party involved may thereafter appeal to the parish council within ten working days of such ruling to determine if said ruling is justified in the exercise of reasonable and sound discretion.

(Code 1998, § 13-030.05.7; Ord. No. 93-1737, 5-20-1993)

Sec. 24-493. Suspension hearing.

(a) The director of the department of permits or a duly designated agent shall have the authority to suspend for not more than 90 days the CPNC or driver's permit of a holder in violation of any section of this article, provided that the party shall be first afforded notice of a hearing at which the holder will be permitted to present a defense, the convocation of such a hearing in the parish council chambers, and the written reasons for the suspension by the parish council in the event of a decision of suspension.

(b) In the event that the hearing results in the suspension of a CPNC or driver's permit, the party involved may appeal to the 22nd Judicial District Court.

(Code 1998, § 13-030.05.8; Ord. No. 93-1737, 5-20-1993)

Sec. 24-494. One-year prohibition against application after revocation.

No person whose CPNC or permit has been revoked, pursuant to the procedure required by this article, shall be permitted to file an application for a new permit or CPNC within a period of 12 months after such revocation. If after such period application is made, the applicant shall be required to meet all the requirements and qualifications provided in this article for original applicants. The director of permits has the discretion to issue a probationary license or permit at an established fee for a period of 12 months. Such probationary license or permit shall be subject to administrative review and revocable by the director of permits in the exercise of sound discretion for any violation of the law.

(Code 1998, § 13-030.05.9; Ord. No. 93-1737, 5-20-1993)

Sec. 24-495. Corporate officers subject to penal provisions.

Whenever a corporation, partnership or association shall violate any of the penal provisions of this article, such violation shall also be deemed to be that of the individual officers, directors, partners or agents of such corporation who had personally authorized, ordered or perpetuated such violation. Any such officer, director, partner or agent shall be punished in the same manner and to the same extent as herein provided for an individual.

(Code 1998, § 13-030.06; Ord. No. 93-1737, 5-20-1993)

Sec. 24-496. General or attempted noncompliance; penal provisions.

The noncompliance with any mandatory or prohibitory provision of this article shall constitute an offense and a violation hereof. Any person charged with a violation of this article and found guilty of an offense thereof shall be subject to punishment by a fine and/or imprisonment at the discretion of the 22nd Judicial District Court not to exceed the maximum penalty provisions as defined in section 1-9. Any person convicted of an attempt to violate the provisions of this article shall be sentenced to not more than one-half the maximum fine and/or imprisonment as defined in section 1-9.

(Code 1998, § 13-030.07; Ord. No. 93-1737, 5-20-1993)

Sec. 24-497. Liability coverage for-hire vehicles.

All applicants and/or individuals holding CPNCs are required to have in full force and effect separate policies of liability insurance coverage for personal injury and property damage. Proof of insurance must be furnished to the parish.

(Code 1998, § 13-030.08; Ord. No. 93-1737, 5-20-1993)

Sec. 24-498. Liability for certificate holders.

Such persons to whom CPNCs have been issued in accordance with the provisions of this article shall be liable and answerable in damages for all injuries or damages whatsoever caused directly or indirectly by the use or operation of the CPNC holder's for-hire vehicles, whether at the time of the injury or damages such for-hire passenger vehicles were being used or operated by owner, agent, servant or employee or other persons not agents, servants or employees of the holder, unless proof is shown that the vehicle was stolen.

(Code 1998, § 13-030.08.1; Ord. No. 93-1737, 5-20-1993)

Sec. 24-499. Temporary CPNC for special events.

The director of the department of permits is hereby authorized to issue temporary CPNCs for special events and special needs subject to the following restrictions:

- (1) The temporary CPNC will be valid beginning at 12:00 noon on the day prior to the special event and will end at 12:00 noon the day following the special event.
- (2) No certificate shall be issued to other than a holder of a current group tour and special sightseeing, limousine, or a per capita sightseeing CPNC.
- (3) Certificates shall only be issued for vehicles which qualify for a CPNC by being properly licensed, registered and insured.
- (4) Operators of such licensed vehicles shall themselves be licensed by the state to drive said vehicle; said license being a valid state chauffeur driver's license.

- (5) All fees and charges for temporary certificates issued under this section shall be as outlined in this article.
- (6) There shall be compliance with all applicable provisions of this Code for the parish prior to the issuance of the temporary CPNC for special events.
(Code 1998, § 13-030.09; Ord. No. 93-1737, 5-20-1993; Ord. No. 99-3075, 5-20-1999)

Sec. 24-500. Liability coverage required.

No for-hire vehicle subject to the provisions of this article shall be permitted to operate on streets or roads in the unincorporated areas of the parish by any owner and/or operator until such party shall have first provided personal injury and property damage liability coverage for each such vehicle in the manner and in the amount specified hereinafter. The department of permits shall maintain a continuous check of the liability coverage of each taxicab and for-hire vehicle specified in this article and shall not permit any such vehicle to operate without the required coverage.

(Code 1998, § 13-030.08.2; Ord. No. 93-1737, 5-20-1993; Ord. No. 99-3075, 5-20-1999)

Sec. 24-501. Coverage by insurance policy.

No insurance policy to provide coverage shall be accepted, unless the same shall be written by a public insurance company authorized to do business in the state; shall be issued to such person, persons, firm or corporation; shall be in the amounts specified and shall conform to all requirements of this article; and shall stipulate that any person or persons, firm or corporation, who may sustain damage to their person or property resulting from such negligent operation of such vehicles, shall have their right of action on said policy as fully and to the same extent as if said policy were made and executed directly in favor of the claimant for such damages. No policy will be accepted for a shorter period than six months. Such insurance written under this section may be in either an "admitted" company or a "surplus line" company certified to do business in this state, provided that if same be written in a surplus line company, such company shall have a minimum rating with A.M. Best Company of A, Class IX. However, if the insurance written under these provisions is for a nonmotorized (i.e., animal drawn) vehicle and is written in a surplus line company, such company shall have a minimum rating with A.M. Best Company of B+, Class VII. It shall be incumbent on the CPNC holder to inform the parish if and when insurance is no longer in effect.

(Code 1998, § 13-030.08.3; Ord. No. 93-1737, 5-20-1993)

Sec. 24-502. Effectiveness of certificate.

The certificate for any and all for-hire vehicles of an owner thereof shall be effective and operation shall be permitted thereunder only so long as the insurance requirements as to such vehicle shall remain in force as therein provided.

(Code 1998, § 13-030.08.4; Ord. No. 93-1737, 5-20-1993)

Sec. 24-503. Enforcement.

The provisions of this section may be enforced by appropriate civil remedy in any court of competent jurisdiction by governmental authority or by any person having an interest affected, directly or indirectly, by any violation thereof.

(Code 1998, § 13-030.08.5; Ord. No. 93-1737, 5-20-1993)

Sec. 24-504. Revocation of for-hire vehicle license for failure to provide liability coverage.

Unless the CPNC holder furnishes the parish department of permits with satisfactory evidence of required legal liability coverage prior to the expiration of the first seven days of the ten-day notice specified in this article, or upon the third notice of cancellation within a 12-month period, the CPNC shall be subject to revocation after a hearing held by the parish council as set forth herein.

(Code 1998, § 13-030.08.6; Ord. No. 93-1737, 5-20-1993)

Sec. 24-505. Required liability coverage for all for-hire vehicles.

The liability coverage for all for-hire vehicles shall be represented by a policy of liability insurance issued by an insurance company for payment of a sum of not less than \$100,000.00 to satisfy all claims for damages by reason of bodily injury to, or death of, any one person resulting from any one accident, and, subject to said limit for one person, for payment of a sum not less than \$300,000.00 to satisfy all claims for damages by reason of bodily injury to, or death of, two or more persons, resulting from any one accident; and for payment of a sum not less than \$50,000.00 to satisfy all claims for damage to property resulting from any one accident, by reason of the ownership, operation, maintenance or use of such vehicle upon any street or road the unincorporated areas of the parish.

(Code 1998, § 13-030.08.7; Ord. No. 93-1737, 5-20-1993; Ord. No. 99-3075, 5-20-1999)

Sec. 24-506. Bus and limousine CPNC applications.

A CPNC shall be issued for buses or limousines only after a written application is filed with the department of permits, a public hearing is convened, due notice is given to applicant, as well as to all competing companies, stating they might appear as interveners, and finding is reached by the director of permits that public convenience and necessity require the issuance of a certificate to said applicant.

(Code 1998, § 13-030.10; Ord. No. 93-1737, 5-20-1993)

Sec. 24-507. Regulation of vehicles.

(a) Road vehicles must be in good mechanical condition and display a current state inspection certificate. Vehicles purchased for the express use of serving as taxicabs within the parish shall be no older than five years. Said vehicles may remain in service indefinitely as long as they comply with the safety standards of the state and the other provisions of this article.

(b) All CPNC vehicles must be registered in the owner's name with the parish, giving the class, type, seating capacity, make, manufacturer, motor number and serial number, design and color scheme and any lettering and marks to be used thereon. The owner is required to pay a fee of \$25.00 for each registration. The registration certificate must be prominently displayed in the vehicle at all times.

(c) Change of ownership of or title to any CPNC vehicle for the operation of which a registration certificate has been issued shall automatically revoke such certificate unless the parish is notified of such a change and transfers the unexpired portion of said certificate to the new owner or to a substitute vehicle in case of destruction or replacement of vehicle for which the original permit was issued.

(Code 1998, § 13-030.11; Ord. No. 93-1737, 5-20-1993)

Sec. 24-508. Vehicle inspections.

No person shall operate a vehicle that does not have the appropriate vehicle inspection sticker required by state law or federal regulations.

(Code 1998, § 13-030.12; Ord. No. 93-1737, 5-20-1993)

Sec. 24-509. Operation of for-hire vehicle.

Every motor vehicle used in the business of transporting passengers for-hire shall use the streets or roads in the unincorporated areas of the parish subject to all traffic rules and regulations that may from time to time be issued by the state police, the sheriff and/or the parish council, and shall at all times be operated in a manner consistent with public welfare and safety.

(Code 1998, § 13-030.13; Ord. No. 93-1737, 5-20-1993; Ord. No. 99-3075, 5-20-1999)

Sec. 24-510. Police to regulate operation, parking.

(a) Operators of CPNC vehicles must obey all parish ordinances regarding traffic, parking, vehicular safety requirements, and all other regulatory laws governing vehicle operation applicable in the parish.

(b) It shall be the duty of the sheriff, the state police, or duly authorized law enforcement officers, to regulate the operation and parking of every vehicle operated as a public taxi or vehicle for hire hereunder on the streets in the unincorporated areas of the parish; which parking shall be regulated in a manner which will prohibit the undue blocking of traffic or the undue use of particular sections of streets for parking purposes by taxicabs and vehicles for hire, and all operators of the same are forbidden from posting any sign, poster or placard which in any manner restricts parking privileges of the general public unless signs are specifically authorized by order of the parish council.

(Code 1998, § 13-030.13.1; Ord. No. 93-1737, 5-20-1993)

Sec. 24-511. Restricted fares.

(a) It shall be unlawful for any person operating a for-hire vehicle, who is not licensed in the parish, to provide pickup service for seven citizens in the unincorporated areas of the parish.

(b) For-hire vehicle operators licensed in another parish are prohibited from accepting fares originating in the unincorporated areas of this parish, unless they possess a CPNC issued by the parish council.

(c) Exempt herefrom are licensed for-hire vehicles, i.e., limousines and buses, which provide charter services or contract services for weddings and funerals. Operators of such vehicles will be required to furnish a "Round-Trip Contract" to perform such services.

(Code 1998, § 13-030.14; Ord. No. 93-1737, 5-20-1993)

Sec. 24-512. CPNC schedule of fees.

The fee to be paid to the parish council for issuance of a certificate of public necessity and convenience (CPNC) or operator's license for a CPNC vehicle is hereby fixed as follows:

Taxicab/vehicles of six or less passengers	\$25.00
Limousines/vehicles six to nine passengers	\$25.00
Vans/buses/vehicles 12 or less passengers	\$25.00
Group tours/special sightseeing	\$25.00
Per capita sightseeing	\$25.00
Special events/charter	\$25.00
Temporary license—Per day, per vehicle	\$10.00

(Code 1998, § 13-030.15; Ord. No. 93-1737, 5-20-1993; Ord. No. 99-3075, 5-20-1999)

Sec. 24-513. Duration; renewal.

Every permit issued hereunder shall be for a period of five years and may be revoked by the parish council at any time for any violation of the provisions of this article, and must be renewed by every operator of taxicabs or other vehicles for-hire each and every year from date of the issuance of the original permit, it being the intention of this article that no for-hire vehicle be operated for carrying passengers unless it be expressly authorized by the parish council, after compliance with all regulations contained in this article.

(Code 1998, § 13-030.15.1; Ord. No. 93-1737, 5-20-1993)

Sec. 24-514. Applicant to pay all license fees.

Each applicant, upon issuance of a CPNC hereunder by the parish council to conduct the business provided for herein, shall pay promptly all license fees required by the laws of the state and by the ordinances of this parish, and shall at all times while operating the said business pay all licenses and fees promptly when due.

(Code 1998, § 13-030.15.2; Ord. No. 93-1737, 5-20-1993)

Sec. 24-515. Exemptions; exceptions.

(a) Exempt from requirements established herein are educational, religious and nonprofit groups/organizations using for-hire vehicles in connection with field trips, scholastic or athletic events, church related activities, senior citizens activities and charitable events.

(b) Any person, corporation or partnership in possession of a valid occupational license issued by the parish municipality to operate a for-hire road vehicle shall be exempt from the provisions and requirements hereof, provided said license was issued prior to the enactment of this chapter.

(Code 1998, § 13-030.16; Ord. No. 93-1737, 5-20-1993; Ord. No. 99-3075, 5-20-1999)

ARTICLE I. IN GENERAL

Sec. 26-1. Purpose and definition.

The purpose of these articles is to define and prohibit conduct that constitutes a "nuisance." Conduct that is defined as a nuisance is expressly prohibited and shall constitute a misdemeanor punishable according to the penalties and provisions set forth in section 26-9, which shall apply to all nuisances, unless a separate penalty is otherwise provided. In this regard, conduct that is a "nuisance" is hereby defined as any unlawful act or omission, or suffering or permitting any condition or thing to be or exist, which act, omission, condition or thing either:

- (1) Injures or endangers the health, safety or well-being of others;
- (2) Essentially interferes with, obstructs or tends to obstruct or renders dangerous for passage any public or private street, highway, sidewalk, stream, ditch or drainage;
- (3) Injures, damages, threatens to damage or tends to depreciate the value of any public or private property;
- (4) Essentially interferes with the right of privacy within ones home or unreasonably interferes with the use of ones residential property, including sounds and noises as enumerated in section 26-2(5); or
- (5) Actually causes, or imminently threatens to cause, material and substantial disruption within the community or is an invasion of the rights of others, including sounds and noises as enumerated in section 26-2(6).

(Code 1998, § 14-001.00; Ord. No. 04-0943, 8-5-2004)

Sec. 26-2. Illustrative enumeration.

The following acts and/or omissions and the maintaining, using, placing, depositing, leaving or permitting to be or remain on any public or private property of any of the following items, conditions or actions are hereby declared to be and constitute a nuisance; provided, however, these enumerations shall not be deemed nor construed to be conclusive, limiting or restrictive:

- (1) Noxious weeds and other rank vegetation.
- (2) Accumulation of rubbish, trash, refuse, junk discarded or abandoned major appliances, such as refrigerators, freezers, ranges or other machinery, metal, tin and/or other discarded or abandoned materials, metals, lumber or other things, on any vacant lot or any portion of any occupied lot, neutral ground, street, sidewalk, drainageway or any public or private right-of-way.
- (3) Any condition which provides harborage for rats, mice, snakes and other vermin.

- (4) Any building or other structure which is in such a dilapidated condition that it is unfit for human habitation, or kept in such an unsanitary condition that it is a menace to the health of people residing in the vicinity thereof, or presents a more than ordinarily dangerous fire hazard in the vicinity where it is located.
- (5) All noises and sounds, including animal noises, that are unreasonably loud and intrusive, raucous, jarring or disturbing and which essentially interfere with the right of privacy within ones home or unreasonably interfere with the use of ones residential property, which is defined to include single-family, duplex or multifamily dwellings, nursing homes, outpatient surgical facilities and similar facilities.
- (6) All noises or sounds that are unreasonably loud and intrusive, raucous, jarring or disturbing and which actually cause, or imminently threaten to cause, material and substantial disruption of the activities of such places as schools, courts, churches or businesses.
- (7) All obnoxious and/or dangerous odors and stenchs, as well as the conditions, substances or other causes which give rise to the emission or generation of such odors and stenchs.
- (8) The carcasses of animals or fowl not disposed of within a reasonable time after death.
- (9) The pollution of any public well or cistern, stream, lake, canal or body of water by sewage, dead animals, creamery, industrial wastes or other substances.
- (10) Any building, structure or other place or location where any activity which is in violation of local, state or federal law is conducted, performed or maintained.
- (11) Any accumulation of stagnant water permitted or maintained on any lot or piece of ground.
- (12) Dense smoke, noxious fumes, gas, soot or cinders in unreasonable quantities.
- (13) Contractor's rubble, defined for the purposes hereof as the residue from construction, building demolition or razing of parts or the whole of structures and the residue of "do it yourself" repairs or other like operations, including excavation.
- (14) Building debris which is defined for the purposes hereof as plaster, roofing, concrete, brickbats, sand, discarded electrical wiring, lumber, pipes and fixtures resulting from construction repair, renovation or remodeling of any building, structure or appurtenance thereto.
- (15) Camps, buildings and structures determined to be unsafe or dangerous by the parish chief building official.
- (16) The placing of fill material comprised in whole or in part of asphaltic and/or asbestos roofing shingles on any lot, place or area situated on Lake Pontchartrain or any water-way which has a current flow and is designated as a river or bayou on any official

map of the state or any other body of water, depression or bed, whether or not there is a current flow present or water present within its bank, when such stream is identifiable on any official map of the state and the directional course of said stream indicates a discharge of water into Lake Pontchartrain, to deposit or place, or to permit the deposition or placement on such lot, place or area, or upon any river bank or seashore said lot, place or area any fill material comprised, either entirely or partly, of asphaltic and/or asbestos roofing shingles.

- (17) Tree cuttings and other associated debris in public or private drainageways, drainage servitudes, ditches or natural or manmade canals.
- (18) The placing, throwing, sweeping, depositing or blowing of grass clippings, pine needles, pine cones, shrubs, brush, cut timber, the trimmings or clippings from hedges, shrubs and/or other landscaping plants or trees, or any other yard debris, onto a public road or into any natural or manmade drainage channel, canal, easement or roadside ditch. Any individual and/or company that is engaged in the business or regular activity that is commonly referred to as a landscape maintenance or grass cutting business shall be responsible to collect and properly dispose of all clippings, trimmings and/or other yard debris, rather than causing it, or allowing it to become, deposited on the roadway or into the drainage channel, canal, easement or roadside ditch.

(Code 1998, § 14-002.00; Ord. No. 04-0943, 8-5-2004; Ord. No. 05-1175, 8-4-2005)

Sec. 26-3. Fires for yard debris.

(a) Except as provided in subsection (d) of this section, the burning of leaves and yard debris, such as pine needles, pine cones, shrubs, brush and cut timber shall not be a violation of this chapter, provided that:

- (1) The fire area shall not be greater than eight feet in diameter;
- (2) The height of burning materials shall not be greater than four feet;
- (3) Burning shall only occur between sunrise and one hour before sunset;
- (4) The fire site shall not be unattended;
- (5) A functional water hose shall be located next to the fire site;
- (6) The fire site shall be located at least ten feet from the nearest property line;
- (7) There shall be no more than one fire site per homesite or parcel of land;
- (8) The fire site shall be located at least 50 feet from any structure, if nearer than 50 feet from a structure, a container must be used;
- (9) The fire shall not emit dense smoke, noxious fumes, gas, soot or cinders in unreasonable quantities so as to violate section 26-1.

A violation of any of the above restrictions may result in the fire site being considered a nuisance under this chapter.

(b) The restrictions listed in subsection (a) of this section that are set forth in subsections (a)(1) through (8) of this section shall not apply in the event that the controlled fire or open burning of leaves and yard debris, as stated herein, is located a distance of 1,000 feet or more from the nearest dwelling. However, such controlled fire or open burning of leaves shall not present a fire hazard and, as provided in subsection (a)(9) of this section, shall not emit dense smoke, noxious fumes, gas, soot or cinders in unreasonable quantities so as to violate section 26-1.

(c) The provisions of this section are not intended nor shall they lessen the responsibility of all persons to abide by other ordinances of this parish, and laws of this state governing the matters herein addressed.

(d) Prohibited:

- (1) Notwithstanding the provisions of subsection (a) of this section, the provisions of section 14-26 or any other provision, the burning of leaves and yard debris, such as pine needles, pine cones, shrubs, brush and cut timber in the following areas is strictly prohibited to-wit:
 - a. Those areas of Council District 4 that are located east of the Tchefuncte River. Accordingly and for clarification, those areas of Council District 4 situated west of the Tchefuncte River, which areas are currently within the boundaries of voting precincts MD1 and 102, are not included within the prohibition.
 - b. The area bounded on the north by Interstate 12, on the south by the north bank of Ponchitolawa Creek, on the west by the eastern bank of the Tchefuncte River and on the east by the western right-of-way of U.S. Highway 190, which area was formerly within the boundaries of Council District 4 and comprises the area within the current boundaries of voting precinct 306.
- (2) Notwithstanding the provisions of subsection (a) of this section, the provisions of section 14-26 or any other provision, the burning of leaves and yard debris, such as pine needles, pine cones, shrubs, brush and cut timber on any lot or parcel of land less than 12,600 square feet in size within any parish approved subdivision is strictly prohibited. (Code 1998, § 14-003.00; Ord. No. 04-0943, 8-5-2004; Ord. No. 05-1213, 12-1-2005; Ord. No. 08-1826, 6-5-2008; Ord. No. 09-2128, 9-3-2009; Ord. No. 11-2614, 10-6-2011)

State law reference—Authority of parish to enact ordinances prohibiting and regulating the burning of leaves, limbs, branches or yard debris as public nuisances, R.S. 33:1236(31).

Sec. 26-4. Notice to abate.

Whenever a nuisance is found to exist within the parish, the sheriff, enforcement officers of the parish department of planning and permits, the parish health officer and the chief of the

applicable fire protection district, or any of their duly designated representatives, shall have the authority to give written notice to abate the nuisance to the owner or occupant of the property upon which such nuisance exists or upon the person causing or maintaining the nuisance. Where the nature and circumstances of a particular nuisance violation warrants immediate enforcement, the sheriff's office may arrest or issue a misdemeanor summons in lieu of the notice to abate. In addition, an enforcing official shall have the authority to summarily abate any nuisance which, by its nature, creates an immediate hazard to life and/or property.
(Code 1998, § 14-004.00; Ord. No. 04-0943, 8-5-2004)

Sec. 26-5. Contents of notice.

The notice to abate a nuisance issued under the provisions of this article shall contain:

- (1) An order to abate the nuisance or to request a hearing within a stated time, which shall be reasonable under the circumstances.
- (2) The location of the nuisance, if the same is stationary.
- (3) A description of what constitutes the nuisance.
- (4) A statement of acts necessary to abate the nuisance.
- (5) A statement that if the nuisance is not abated as directed and no request for hearing is made within the prescribed time, the parish will abate such nuisance and assess the cost thereof against such person.

(Code 1998, § 14-005.00; Ord. No. 04-0943, 8-5-2004)

Sec. 26-6. Service of notice.

The notice to abate a nuisance shall be served as any other legal process may be served pursuant to law.

(Code 1998, § 14-006.00; Ord. No. 04-0943, 8-5-2004)

Sec. 26-7. Abatement by parish.

Upon the failure of the person upon whom notice to abate a nuisance is served pursuant to the provisions of this article to abate the same, the enforcement officer or other duly designated officer of the parish shall proceed to abate such nuisance and shall prepare a statement of costs incurred in the abatement thereof.

(Code 1998, § 14-007.00; Ord. No. 04-0943, 8-5-2004)

Sec. 26-8. Costs of parish declared lien.

Any and all costs incurred by the parish in the abatement of a nuisance under the provisions of this article shall constitute a lien against the property upon which such nuisance existed,

which lien shall be filed, proven and collected as provided for by law. Such lien shall be notice to all persons from the time of its recording, and shall bear interest at the legal rate thereafter until satisfied.

(Code 1998, § 14-008.00; Ord. No. 04-0943, 8-5-2004)

Sec. 26-9. Penalties.

Any person who shall violate any of the provisions of this chapter; or who shall violate or fail to comply with any order made hereunder, within the time fixed therein, shall severally for each and every violation and noncompliance, respectively, be guilty of a misdemeanor punishable by a fine of not less than \$100.00 nor more than \$500.00, or by imprisonment for not more than 30 days, or both such fines and imprisonment. Unless specifically provided otherwise, each day that any violation of this chapter shall continue shall constitute a separate offense. The imposition of a penalty for any violation shall not excuse the violation nor shall the violation be permitted to continue. All such persons shall be required to correct or remedy such violations or defects within a reasonable time, and when not otherwise specified, the application of the above penalty shall not be held to prevent the enforced removal of prohibited conditions.

(Code 1998, § 14-009.00; Ord. No. 04-0943, 8-5-2004; Ord. No. 05-1175, 8-4-2005)

Sec. 26-10. Unhealthful materials, weeds, grass, debris.

(a) It shall be unlawful for the owner of any lot, place or area within all subdivisions, within 100 feet of all homes, business places or establishments and within 100 feet of the exterior right-of-way limits of all state highways and parish roads or streets in the parish, or the agent of such owner, to permit on such lot, place or area, or upon any sidewalk abutting same, any weeds, grass or deleterious, unhealthful growths over 15 inches in height, trash, debris, refuse, discarded or noxious matter, that may be growing, lying or located thereon.

(b) That the parish government, or its duly authorized representative, is hereby authorized and empowered to notify, in writing, the owner of any lot, place or area within the parish, or the agent of such owner, to cut, destroy and/or remove any such weeds, grass or deleterious, unhealthful growths over 15 inches in height, trash, debris, refuse, discarded or noxious matter, found growing, lying or located on such owner's property, or upon the sidewalk abutting same; provided that such written notice shall be by certified mail, addressed to said owner, or agent of said owner, at his last known address.

(c) That upon failure, neglect or refusal of any such owner, or agent of such owner, to cut, destroy and/or remove such weeds, grass or deleterious, unhealthful growths over 15 inches in height, trash, debris, refuse, discarded or noxious matter, growing, lying or located upon such owner's property, or upon the sidewalk abutting same, within 15 days after receipt of the written notice provided for in the preceding section, or within 15 days after the date of such notice, in the event the same is returned to the parish government by the U.S. Post Office because of its inability to make delivery thereof, provided the same was properly addressed to the last known

address of such owner, or agent, the parish government, or its duly authorized representative, is hereby authorized and empowered to order by parish personnel or by contract to pay for the cutting, destroying and/or removal of such weeds, grass or deleterious, unhealthful growths over 15 inches in height, trash, debris, refuse, discarded or noxious matter.

(d) That, whenever the parish government, or its duly authorized representative, has paid for the cutting, destroying and/or removing of such weeds, grass or deleterious, unhealthful growths over 15 inches in height, trash, debris, refuse, discarded or noxious matter, as set forth in the preceding section, the actual cost thereof, plus accrued interest at the rate of eight percent per annum from the date of the completion of said work, shall be charged to the owner of such property on the next regular tax bill forwarded to such owner by the sheriff and ex-officio tax collector for the parish, if not paid by such owner prior thereto, which said charge shall be due and payable by said owner at the time of payment of such tax bill.

(e) That if the full amount due the parish is not paid by such owner within ten days after the cutting, destroying and/or removal of such weeds, grass or deleterious, unhealthful growths over 15 inches in height, trash, debris, refuse, discarded or noxious matter, as set forth in the two preceding sections; then, and in that case, the parish government, or its authorized representative, shall cause to be recorded in the mortgage office of the parish, a sworn statement showing the cost and expense incurred for the work and the date, place or property on which said work was done, and the recordation of such sworn statement shall constitute a lien and privilege on the property, and shall remain in full force and effect for the amount due in principal and interest, plus costs of court, if any, for collection, until final payment has been made; said costs and expenses shall be collected in the manner fixed by law for the collection of taxes, and, further, shall be subject to a delinquent penalty of ten percent in the event same is not paid in full on or before the date the tax bill upon which said charge appears becomes delinquent, sworn statements recorded in accordance with the provisions hereof shall be prima facie evidence that all legal formalities have been complied with and that the work has been properly and satisfactorily done, and shall be full notice to every person concerned that the amount of that statement, plus interest, constitutes a charge against the property designated or described in the statement and that the same is due and collectible as provided by law.

(f) In addition to the above remedies, violations of the provisions of this chapter, or failure to comply with any of its requirements, shall constitute a misdemeanor. Any person who violates this chapter or fails to comply with any of its requirements shall, upon conviction therefore, be fined not less than \$50.00 per day, and in addition, shall pay all cost and expenses involved in the case; however, the maximum aggregated fines are not to exceed \$500.00. Each day such violation continues shall be considered as a separate offense all in accordance with section 1-9.

(g) The director of permits and inspections, the director of parish development and all persons appointed as acting inspectors of the parish are empowered to serve a citation upon persons charged with violations of any provision contained in this section or to post a notice of violation at the place of violation.

(h) As used in this section, the term "citation" means a written or printed notice served upon the person charged with a violation. Such citation shall include, but may not be limited to, the following information:

- (1) The name of the person creating the violation or the owner or person in charge of the premises at which the violation occurs;
- (2) The date and place of violation;
- (3) A short description of the violation followed by the number and section of the ordinance or code article provision violated;
- (4) The date and place at which the person shall appear and a notice that if the person does not respond to the citation a warrant shall be issued for such person's arrest; and
- (5) A notice that the person charged may be represented by counsel, that he may plead guilty or not guilty, and that he has a right to a court hearing.

State law reference—Parish authority to compel grass cutting and removal of weeds, R.S. 33:1236(21).

Sec. 26-11. Prohibited tree cuttings and associated debris.

It shall be unlawful for any individual, tree trimming company, public utility company or other company, and its employees, engaged in tree trimming operations to leave or permit to remain on any public or private drainageways, drainage servitudes, ditches or natural or manmade canals any tree cuttings and other associated debris. Except as otherwise provided herein, individuals, tree trimming companies and public utility or other companies shall be responsible to contemporaneously remove all such tree cuttings and other associated debris resulting from tree trimming operations.

- (1) *Emergencies.* During times of emergencies, because of damage occasioned by such events as hurricanes, tornadoes, force majeure or other catastrophic events, when such tree trimming operations are necessary to restore such things as power or other public utility services, tree cuttings and other associated debris shall be permitted to remain for a reasonable time under the circumstances. Clean-up of trees and limbs that are broken and blown over by forces such as wind and rain or structural failure shall not be the responsibility of said utility companies or their tree contractors. The responsibility for clean-up of trees and debris due to wind or rain or structural failure shall belong to each respective individual property owner. However, under no circumstances shall post storm tree trimming activities result in debris being placed in and left to remain in any drainageway, drainage servitude, ditch or natural or manmade canal.
- (2) *Contemporaneous removal.* Except in cases of emergencies, which shall not include prestorm activities, all tree cuttings and other associated debris shall be removed from

the location where the activity is being conducted contemporaneously with the tree trimming activity of that particular day and no tree cuttings and associated debris shall be permitted to remain at the site.

- (3) *Notice.* Whenever the public nuisance set forth in this section exists within the parish, in violation of section 26-2, the enforcing agency shall order the company creating the nuisance to immediately remove all cuttings and other associated debris from the site. Such order shall:

- a. Be in writing;
- b. Specify the public nuisance and its location;
- c. Specify the corrective measures required and the enforcement measures that may be taken;
- d. Provide for compliance within ten days from the service thereof;
- e. Provide for an opportunity for a pre-enforcement hearing and extension of time by written request received by the enforcing agency within ten days; and
- f. The order or notice shall be served upon a domestic or foreign corporation by personal service upon the designated agent or by sending the notice by certified mail, return receipt requested, to the address of the designated agent as shown on the records of the secretary of state. If the corporation has failed to designate an agent, if there is no registered agent by reason of death, resignation or removal, or if the person attempting to make service certifies that he is unable, after due diligence to serve the designated agent, service may be made by:
 1. Service on any officer or director or any person named as such in the last report filed with the secretary of state;
 2. By personal service on any employee of suitable age and discretion at any place where the business of the corporation is regularly conducted; or
 3. By any other method of service authorized by law for service of lawsuits in civil cases.

- (4) *Time period.* Within the ten-day period following service of notice, the company shall either remove all tree cuttings and associated debris or apply to the enforcing agency for a pre-enforcement hearing and request for extension of time, which shall set forth the reasons why such an extension should be granted. If the company fails to remove the cuttings and associated debris within the ten-day period of notification, and fails to timely request a hearing and extension of time, the parish may have the cuttings and associated debris removed at the expense of the company.

- (5) *Notice presumed from refused certified mail.* For the purposes of this section, when service of notice by certified mail has been refused, the company is deemed to have received notice in accordance with the provisions of this section, and the ten-day period commences to run on the date of refusal.
- (6) *When immediate action is required.* Nothing herein shall be construed to prevent the parish, without notice and opportunity for pre-enforcement hearing, from removing, or having removed, at the expense of the responsible company, any cuttings or associated debris that is actually blocking drainage or ingress and egress, or which otherwise presents an imminent threat to public safety.
- (7) *Requirement of bond.* Any company that has been determined to have violated the provisions of this section, on at least two occasions, may be required to post bond, in the amount of \$5,000.00, which may be applied to satisfy the costs of any future violations of this section.

Secs. 26-12—26-40. Reserved.

ARTICLE II. ABANDONED OR INOPERATIVE VEHICLES ON PUBLIC OR PRIVATE PROPERTY*

Sec. 26-41. Findings, declarations and authority.

The regulations and provisions of this article shall not preclude, supersede or repeal any enforcement measures taken, or procedures and regulations adopted, in accordance with the authority granted under R.S. 32:473.1 and this Code, section 24-29. The regulations contained within the sections of this article shall be considered as additional and/or supplemental regulations to those contained in section 24-29.

- (1) *Findings and declarations.* In addition to and in accordance with the determination made and the authority granted to remove abandoned, inoperative, dismantled or wrecked vehicles as public nuisances, the parish council makes the following findings and declarations:
 - a. The prolonged presence of abandoned, inoperative, dismantled or wrecked vehicles on public and/or private property are found to present a significant and immediate threat to public health and safety as well as to the environment, necessitating their expedient removal from public and private property. These threats include posing a safety hazard to children who might use the abandoned, inoperative, dismantled or wrecked vehicles as playgrounds; rusting automobiles

***State law references**—Abandoned motor vehicles generally, R.S. 32:471 et seq.; parish authority to regulate abandoned vehicles, R.S. 33:4876.

representing a health hazard to those who may come into contact with them; and the damage that such vehicles and debris are sure to cause to the underlying property through the leakage of hazardous fluids into the surrounding ground or water. The environmental and health hazards of these vehicles have been noted by the state department of environmental quality (DEQ, Hurricane Katrina Debris Management Plan (DEQ 2005). The hazards from automobiles include gasoline and diesel fuel, refrigerants, lubricating oils, mercury ABS switches, mercury convenience switches, lead acid batteries, brake and transmission fluid, antifreeze and tires.

- b. The accumulation of abandoned, inoperative, dismantled or wrecked vehicles on public and/or private property are also found to create a condition tending to reduce the value of property, to promote blight and deterioration, to invite plundering, to create fire hazards, to constitute an attractive nuisance creating a hazard to the health and safety of minors, to create a harborage for rodents and insects, and to be injurious to the health, safety and general welfare.
 - c. Further, an abandoned, inoperative, dismantled or wrecked vehicle on public property, particularly on a street, shoulder, sidewalk, neutral ground or right-of-way constitutes a traffic hazard and imminent threat to public safety.
 - d. Therefore, the presence of such abandoned, inoperative, dismantled or wrecked vehicles on public or private property, except as may be expressly hereinafter permitted, is declared to constitute a public nuisance which may be abated as such in accordance with the provisions of this article.
- (2) *Authority.* This article is adopted pursuant to the authority set forth in R.S. 33:4876, 33:1236, 33:471 et seq., and all other applicable authority authorizing the governing authority of any parish to enact ordinances regulating or prohibiting abandoned motor vehicles on public property, left unattended for more than three days, and regulating or prohibiting the storing or abandoning of junk, wrecked or used automobiles or motor vehicles, or any part or parts thereof, on any vacant lot or any portion of any occupied lot within the parish, to provide for the removal and disposition thereof, to charge the vehicle owner or the property owner therefor, and to otherwise provide with respect thereto, and to provide enforcement and procedures with respect to damaged and inoperable motor vehicles on occupied private property.
- (Code 1998, § 14-016.00)

Sec. 26-42. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Abandoned junk, wrecked or used automobiles or motor vehicles on private property means a motor vehicle, situated upon any occupied or unoccupied private property, which is totally

inoperable and is so damaged or dismantled as to be a total loss. The term "total loss" means that the cost to repair a damaged or dismantled motor vehicle exceeds the value of such vehicle, as determined by any recognized national appraisal book. Lack of current and/or valid registration, inspection sticker or license plate alone does not constitute abandoned, inoperative condition.

Abandoned motor vehicle on public property means a motor vehicle that is inoperable and is left unattended on public property for more than 24 hours or is inoperable and left unattended on the shoulder, neutral ground or sidewalk of any public street, road or right-of-way for more than 24 hours.

Antique vehicle means any motor vehicle 25 years or older, which is operable and substantially in its original condition. These vehicles must be registered as antiques and display antique license plates.

Enforcing agency means the chief of police, sheriff, code enforcement office or director of public works, as well as their duly authorized agents.

Motor vehicle or *vehicle* means every device by which persons or things may be transported upon a public highway or bridge, except devices moved by human power or used exclusively upon stationary rails or tracks, and includes a motor vehicle, which is commonly referred to as a car, any passenger vehicle, truck, tractor, tractor-trailer, truck-trailer, motor home, motorcycle, trailer or semitrailer propelled or drawn by mechanical power. A trailer or semitrailer shall be a separate vehicle.

Owner of the motor vehicle means the last registered owner.

Owner of the premises means the owner of the land on which the vehicle is located, as shown on the last equalized assessment roll.

Secured motor vehicle means any abandoned junk, wrecked or used automobiles or motor vehicles on private property, which is completely enclosed within a building, garage or under a carport, or is otherwise covered and placed at the rear of a residence or other primary structure that is located on the property in such a manner that the vehicle is not otherwise visible from the street or other public or private property.

Unoccupied property means vacant land and property upon which there is a residential or commercial structure that would constitute "blighted property," a "derelict and dangerous structure" or be considered "vacant or not lawfully occupied," although "secured," as those terms are defined in Ordinance C.S. No. 05-1104, May 5, 2005, and set forth in article III of this chapter.

(Code 1998, § 14-017.00; Ord. No. 06-1325, 7-6-2006)

Sec. 26-43. Prohibition.

(a) It shall constitute a public nuisance, in violation of this article, for an abandoned motor vehicle to remain on public property for more than three days. Such violation shall be a misdemeanor, punishable as set forth hereinbelow.

(b) It shall constitute a public nuisance, in violation of this article, to have one or more abandoned junk, wrecked or used automobiles or motor vehicles on "occupied or unoccupied private property," as that phrase is defined under this article, unless such vehicle is a "secured motor vehicle," as that term is defined in this article, or is a motor vehicle that is considered to be an exception to this article. Such violation shall be a misdemeanor, punishable as set forth hereinbelow.

(Code 1998, § 14-018.00)

Sec. 26-44. Exceptions.

This article shall not apply to:

- (1) A motor vehicle which is completely enclosed within a building, garage or under a carport, or is otherwise covered and placed at the rear of a residence or other primary structure that is located on the property in such a manner that the vehicle is not otherwise visible from the street or other public or private property;
- (2) Any motor vehicle in an appropriate storage place or depository maintained at a location where such business is authorized under the comprehensive zoning ordinance and other regulatory ordinances of the city-parish;
- (3) Any motor vehicle in operable condition specifically adapted or constructed for racing or operation on privately owned drag strips or raceways;
- (4) Any antique vehicle retained by the owner for collection purposes, as defined herein, rather than for salvage or for transportation; and
- (5) Any motor vehicle stored as the property of a member of the Armed Forces of the United States who is on active duty assignment.

(Code 1998, § 14-019.00; Ord. No. 06-1325, 7-6-2006)

Sec. 26-45. Notice and procedure for removal.

(a) The following shall be contained within a notice that is posted on any abandoned motor vehicle on public property, and abandoned junk, wrecked or used automobiles or motor vehicles on private property:

- (1) Description of the motor vehicle: make, model, type, license number and VIN number, if determinable;
- (2) Location of vehicle, including municipal address where applicable;

- (3) Date and time of posting;
- (4) Name of enforcing officer, enforcing agency and telephone number;
- (5) A statement that the identified motor vehicle will be removed from its location because of one of the following conditions:
 - a. *In the case of an abandoned motor vehicle on public property.* Warning, this vehicle has been posted for being in violation of a parish ordinance that prohibits abandoned motor vehicle on public property, and must be removed, within 72 hours following the date and time shown on this notice, or the vehicle will be removed and stored, at the owner's expense and disposed of in accordance with law.
 - b. *In the case of abandoned junk, wrecked or used automobiles or motor vehicles on unoccupied private property.* Warning, this vehicle has been posted for being in violation of a parish ordinance that prohibits abandoned junk, wrecked or used automobile or motor vehicle on unoccupied private property and must be removed, within 15 days following the date and time shown on this notice, or the vehicle will be removed and stored, at the owner's expense and disposed of in accordance with law.

(b) In the case of abandoned junk, wrecked or used automobiles or motor vehicles on private property that is occupied, in lieu of posting a notice on the vehicle as provided in part one of this section, the enforcing agency shall provide written notice to the owner of the premises, by registered or certified mail, return receipt requested, which shall provide the following:

- (1) Description of the motor vehicle: make, model, type, license number and VIN number, if determinable;
- (2) Location of vehicle, including municipal address where applicable;
- (3) Name of enforcing officer, enforcing agency and telephone number;
- (4) A statement that the vehicle is in violation of a parish ordinance that prohibits abandoned junk, wrecked or used automobile or motor vehicle on occupied private property, and that the vehicle must be removed or secured within 15 days of the date of this notice, or a request for administrative hearing must be requested, in writing, within 15 days following the date of this notice. The vehicle may be secured and the nuisance abated by completely enclosing the vehicle within a building, garage or under a carport, or by covering the vehicle and placing it at the rear of a residence or other primary structure that is located on the property in such a manner that the vehicle is not otherwise visible from the street or other public or private property. Warning, if the vehicle is not removed or secured within 15 days of the date of this notice, or an administrative hearing requested within 15 days of the date of this notice, and the

administrative hearing officer thereafter determines that you are in violation of the ordinance, the administrative hearing officer may order the vehicle to be removed and stored, at the owner's expense, and disposed of in accordance with law.

(Code 1998, § 14-020.00)

Sec. 26-46. Notice presumed from refused certified mail.

For purposes of this article, when the owner of the premises, or owner of the vehicle, has been served notice by registered or certified mail, return receipt requested, as set forth in section 26-45(b), and such registered or certified mail is refused, the owner is deemed to have received notice in accordance with the provisions of this article, and the 15-day period commences to run on the date of refusal.

(Code 1998, § 14-020.01; Ord. No. 06-1325, 7-6-2006)

Sec. 26-47. Investigation and enforcement.

(a) An officer of the enforcing agency is authorized to enter private property, without the consent of the owner of the premises, for the purpose of investigating and/or posting any motor vehicle, when the enforcing officer reasonably believes that there is a violation of this article.

(b) Following the posting of any motor vehicle and/or service of written notice, an officer of the enforcing agency is authorized to enter private property, without the consent of the owner of the premises, for the purpose of removing any motor vehicle that is determined to be in violation of this article and authorized to be removed.

(c) The removal, storage and disposition of any motor vehicle, which is found to be in violation of this article and subject to removal by the enforcing agency, shall be conducted in accordance with the provisions of this article.

(d) The parish may employ its own personnel, equipment and facilities for the removal and/or the storage of any vehicle determined to be in violation of this article or may employ such persons, equipment and facilities for the purpose of removing, storing and disposing of any such vehicles.

(Code 1998, § 14-021.00)

Sec. 26-48. Penalty for failing or refusing to comply.

(a) The failure or refusal to comply with the provisions of this article shall constitute a misdemeanor, and the violator shall be subject to the issuance of a misdemeanor summons. The penalty shall be a fine up to \$500.00 or 30 days imprisonment, or both such fine and imprisonment for each violation.

(b) In the case of one or more abandoned junk, wrecked or used automobiles or motor vehicles on occupied or unoccupied private property, each vehicle found to be in violation of this article shall constitute a separate offense. Each day that the nuisance remains, following expiration of the time to remove or secure the vehicle, or to apply for an administrative hearing, shall constitute a separate offense and a civil penalty of \$50.00 per day shall be imposed.

(c) In all cases where a vehicle has been determined to be in violation of this article, and the vehicle is removed and stored by the enforcing agency as authorized, the owner shall be responsible for all costs and charges associated with the removal, storage and disposition of such vehicle. If a vehicle is removed and stored by the enforcing agency, and the vehicle is subsequently claimed by the owner or representative, the owner or representative, upon claiming the vehicle, shall be responsible for the payment of all costs and charges associated with the removal, storage and disposition of said vehicle. The costs and charges associated with the removal and storage of a vehicle shall not exceed the amount of \$200.00, for removal, and \$30.00 per day storage.

(d) In lieu of, or in addition to, the issuance of a misdemeanor summons, the failure or refusal to comply with the provisions of this chapter is enforceable by imposition of civil penalties, through the bureau of administrative adjudication, and/or by civil action in district court.

(Code 1998, § 14-022.00)

Sec. 26-49. Notice of removal, storage, disposition and associated costs.

(a) Whenever any motor vehicle is found to be in violation of this article and the requirements to remove the motor vehicle have been satisfied, the vehicle may be removed from public or private property, in accordance with the following: The motor vehicle shall be removed to, and stored at, a parish designated storage area, pending notice in accordance with the following:

- (1) *Notice.* Within 72 hours of removal, the owner of the vehicle, or the owner of the private property from which the vehicle was removed, shall be provided with notice of the removal and the intended disposition of the vehicle in the following manner:
 - a. By registered or certified mail, return receipt requested, addressed to the last registered owner of the vehicle, or to the owner of the private property as shown on the last equalized assessment roll.
 - b. The notice shall inform the owner of the specific location where the vehicle is being stored and shall provide a telephone number that the owner may call for more information and assistance.
 - c. The notice shall include a copy of any posting notice that was placed on the vehicle.

- d. The notice shall inform the owner of the vehicle that unless the vehicle is claimed in person, by the owner or representative of the owner (the insurer, lien holder, mortgage holder or agent with written authority of the owner), within three months of the mailing of the notice, the vehicle shall be considered abandoned and, therefore, public property to be disposed of in accordance with the provisions set forth in subsection (2) of this section.
- e. The notice shall inform the owner of the costs and charges that must be paid upon claiming the vehicle.

For purposes of this article, when the owner of the premises, or owner of the vehicle, has been sent notice by registered or certified mail, return receipt requested, and such certified mail is refused, the owner is deemed to have received notice in accordance with this provision, as of the date of the refusal.

- (2) *Disposition following second notice.* At the expiration of the three-month period in which to claim the vehicle that was removed and stored, any vehicle that has not been claimed by the owner, within three months of the notice of removal and intended disposition, shall be deemed to be an abandoned vehicle and the enforcing agency may thereafter dispose of the vehicle in the following manner:
 - a. In the case of any vehicle that was removed from public or private property and stored, as set forth hereinabove, and the owner has not claimed the vehicle within the three-month period allowed following notice of the removal and the intended disposition, the owner shall be sent a second notice, by registered or certified mail, return receipt requested, which shall be sent to the owner at his last known address. The notice shall inform the owner that the vehicle shall be sold to the highest bidder, unless said owner, on or before the date of sale, claims the vehicle and pays the costs and charges imposed, which amount shall be set forth in the notice. The costs and charges shall not exceed the amount of \$200.00 for towing/removal and \$30.00 per day storage. In any case where the owner, or his representative, does not claim the vehicle and pay the costs and charges within the time allowed, the enforcing agency may proceed to dispose of the vehicle in accordance with the provisions hereof.
 - b. Before the sale of any such vehicles, the enforcing agency shall have them appraised by a competent appraiser and shall publish a notice of the proposed sale of said vehicle or vehicles in the official journal of the parish not less than three times within a ten-day period prior to the date of said sale. The published notice shall contain a complete list of the vehicles to be sold, the date and place of said sale and notification that said vehicles will be sold either individually or in globo to the highest bidder therefor, all in the discretion of the parish authority.
 - c. All funds received from the sale of a motor vehicle under the provisions hereof shall be set aside and placed in a separate account established therefor by the

parish. If, within one year following the date of the sale, the owner or lien holders of any of said vehicles shall present sufficient proof of his ownership or lien, the said owner or lien holder shall be entitled to the amount received for his individual vehicle less the costs and expenses of the sale, as well as all charges and costs due and owing for removal and storage of said vehicle. Any funds not claimed within one year following the date of sale shall be deposited to the general fund of the parish.

(Code 1998, § 14-023.00; Ord. No. 06-1325, 7-6-2006)

Sec. 26-50. Right to enter upon private property.

The enforcing agency, or its duly authorized agents, shall be authorized to enter upon private property or public property to investigate a vehicle or parts thereof, alleged to be a nuisance pursuant to this article.

(Code 1998, § 14-024.00)

Sec. 26-51. Notice to owner or occupant to abate public nuisance on occupied or unoccupied premises.

(a) Whenever any public nuisance, as provided for herein, exists on occupied or unoccupied premises within the parish in violation of section 26-47, the enforcing agency shall order the owner of the vehicle, or the owner or the occupant of the premises whereon such public nuisance exists, to abate or remove the same. Such order shall:

- (1) Be in writing;
- (2) Specify the public nuisance and its location;
- (3) Specify the corrective measures required and the enforcement measures that may be taken;
- (4) Provide for compliance within 15 days from the service thereof; and
- (5) Provide for an opportunity for a pre-enforcement hearing before the parish director of parish development by written request received by the enforcing agency within ten days of receipt of notice.

(b) The order shall be served upon the owner or occupant of the premises by serving him personally or by sending the order by certified mail, return receipt requested, to the address of the premises or of the owner if different from the premises and the address shown by the state department of motor vehicles for the vehicle in question.

(c) Within the 15-day period after service of notice, the owner or occupant of the premises, or the owner of the vehicle, shall abate the nuisance by:

- (1) Removing the nuisance from the premises; or

(2) Enclosing the vehicle as provided in section 26-49(a).

(d) It shall be the responsibility of the owner or occupant of the property, or owner of the vehicle, to notify the enforcing agency as soon as the vehicle has been removed or enclosed. Upon notification, the enforcing agency will set up an appointment in order to verify that compliance has taken place.

(e) If owner or occupant of the premises, or the owner of the vehicle, fails to abate the nuisance within the 15-day period of notification and fails to timely request a hearing, the enforcing agency may issue a misdemeanor summons to the owner or occupant of the premises or may seek to have the vehicle removed from the premises by means of injunctive relief and imposition of civil penalties.

(Code 1998, § 14-025.00)

Sec. 26-52. Notice presumed from refused certified mail.

For purposes of this article, when the owner of the premises, or owner of the vehicle, has been served notice by certified mail as set forth in section 26-51, and such certified mail is refused, the owner is deemed to have received notice in accordance with the provisions of this article and the 15-day period commences to run on the date of refusal.

(Code 1998, § 14-026.00)

Sec. 26-53. Failure or refusal to comply.

(a) The failure or refusal to comply with the provisions of this article shall constitute a misdemeanor, and the violator shall be subject to the issuance of a misdemeanor summons. The penalty shall be a fine up to \$500.00 or six months imprisonment, or both, for each violation.

(b) In lieu of the issuance of a misdemeanor summons, or in addition thereto, the failure or refusal to comply with the provisions of this article may be enforced by imposition of civil penalties and injunctive relief. Each day that the nuisance remains, following expiration of the time to apply for a hearing as set forth in section 26-51(a)(5), shall constitute a separate offense and a civil penalty of \$50.00 per day shall be imposed.

(Code 1998, § 14-027.00)

Sec. 26-54. Removal from occupied premises when owner's whereabouts are unknown or notice is returned unclaimed.

When there is an abandoned, inoperative, junked or wrecked vehicle on premises that are unoccupied and the identity or whereabouts of the owner of the premises is unknown or unascertainable after a diligent search has been made, or if notice sent to the last record owner of the property by certified mail has been returned as unclaimed, then the enforcing agency shall place an advertisement in the official journal of the parish for the whereabouts of the owner on two occasions within a period of 30 days. If no response is forthcoming after the

30-day period, then the enforcing agency may take possession of the vehicle and remove it from the premises in accordance with the provisions of R.S. 32:471 et seq. The enforcing agency may thereafter dispose of the vehicle in the same manner as provided in R.S. 32:471 et seq. (Code 1998, § 14-028.00)

Sec. 26-55. Removal of vehicles from private property.

Private property owners, whether commercial or residential, have the power, as authorized by general law, to cause vehicles to be removed from their property illegally situated thereon. In any case where an owner requests any law enforcement agency having jurisdiction, to cause to be removed from his property a vehicle said by the property owner to be illegally situated on his property and has filed with such law enforcement agency an acceptable indemnification agreement, such law enforcement agency shall be authorized and empowered to cause the vehicle to be removed by wrecker service in accordance with established policies and procedures for obtaining of wrecker services by law enforcement agencies in the parish. been declared vacant, uninhabitable and hazardous by the administrative hearing officer are hereby declared to constitute a public nuisance, which is expressly prohibited and which may be abated as such in accordance with the provisions of this part.

(b) For purposes of this article, any property defined as "blighted property," "derelict and dangerous," "otherwise dangerous to human life" or "vacant or not lawfully occupied" shall constitute a public nuisance. Any property that is determined to be a public nuisance, following due notice and a hearing conducted in accordance with the provisions set forth herein, shall be ordered by the hearing officer to be secured and repaired, or the violation corrected, or, depending upon the circumstances, shall declare the property condemned and order it to be demolished and removed. Additionally, the hearing officer shall have all such other authority as set forth hereinafter.

(Code 1998, § 14-030.00)

Sec. 26-85. Standards and definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Blighted property, for the purposes of, and in order to meet the provisions of R.S. 14:107.3:

- (1) *Blighted property* means those commercial or residential premises, including lots, which have been declared vacant, uninhabitable and hazardous by an administrative hearing officer. Such premises may include premises which, because of their physical condition, are considered hazardous to persons or property, have been declared or certified blighted and have been declared to be a public nuisance by an administrative hearing officer.
- (2) *Housing violations* mean only those conditions in privately owned structures which are determined to constitute a threat or danger to the public health, safety and welfare or to the environment.
- (3) *Public nuisance*, for the purposes of blighted property, means any garage, shed, barn, house, building or structure, that by reason of the condition in which it is permitted to remain, may endanger the health, life, limb or property of any person, or cause any hurt, harm, damages, injury or loss to any person in any one or more of the following conditions:
 - a. The property is dilapidated, decayed, unsafe or unsanitary, is detrimental to health, morals, safety, public welfare and the well-being of the community, endangers life or property or is conducive to ill health, delinquency and crime.
 - b. The property is a fire hazard.
 - c. The conditions present on the property and its surrounding grounds are not reasonably or adequately maintained, thereby causing deterioration and creating

a blighting influence or condition on nearby properties and thereby depreciating the value, use and enjoyment to such an extent that it is harmful to the public health, welfare, morals, safety and the economic stability of the area, community or neighborhood in which such public nuisance is located.

Derelict and dangerous.

- (1) The phrase "derelict and present a danger to the health and welfare," as used herein, shall include, but is not be limited to, buildings or structures which have any of the following characteristics:
- a. Those which are structurally unsafe, as follows:
 - 1. Those which have interior walls or other vertical structural members that list, lean or buckle to such an extent that a plumb line passing through the center of gravity falls outside the middle third of its base.
 - 2. Those which, exclusive of the foundation, show 33 percent or more of damage or deterioration of the supporting member or members or 50 percent of damage or deterioration of the nonsupporting, enclosing or outside walls or covering.
 - 3. Those which have improperly distributed loads upon the floors or roofs or in which the same are overloaded, or which have insufficient strength to be reasonably safe for the purpose used.
 - 4. As a result of deterioration, inadequate maintenance, damage by fire, wind or other causes so to have become dangerous to life, safety, morals or the general health and welfare of the occupants or people of the parish.
 - b. Those which are unhealthful, as follows:
 - 1. Those which are so dilapidated, decayed or unsanitary or which so utterly fail to provide the amenities essential to decent living that they are unfit for human habitation, or are likely to cause sickness or disease, so as to work injury to the health, morals, safety or general welfare of those occupying such building.
 - 2. Reserved.
 - c. Those which constitute a fire hazard, as follows:
 - 1. Those buildings containing electrical wiring and appliances in dangerous and defective conditions likely to cause fire. Electrical wiring and appliances installed, or in use, which are not in compliance with the provisions of any ordinance of the parish regarding such wiring or appliances and the installation thereof shall be deemed dangerous and defective.
 - 2. Those buildings containing gas plumbing or appliances in dangerous or defective condition likely to cause fire. Gas plumbing or appliances installed

or in use which are not in compliance with the provisions of any ordinances of this parish regulating such plumbing and appliances and the installation thereof shall be deemed dangerous and defective.

3. Those buildings which contain combustible or explosive matter or accumulation of rubbish, trash or unnecessary accumulation of waste paper, boxes, shavings or any highly flammable materials especially liable to fire, therein, or in close proximity thereto.
4. Those buildings containing numerous openings in the walls or other unstopped spaces throughout, attributable to vandalism or general disrepair, which increased the risk of conflagration in the area.
5. Those buildings which are vacant and have windows, doors or other openings, which remain unsecured permitting entry by unauthorized persons.
6. Those buildings which contain other fire hazards in violation of the National Fire Prevention Act, the State Fire Marshal Act, the building code and provisions of this Code or other ordinances of this parish if the violation is of such a nature that the building constitutes a danger to its occupants and/or others.

d. Those which are otherwise dangerous to human life, as follows:

1. Those, regardless of their structural condition, which have during times that they were not actually occupied by their owners, lessees or other invitees, been left unsecured from unauthorized entry to the extent that they may be entered and utilized by vagrants or other uninvited persons as a place of harborage or may be entered and utilized by children as a play area.
2. Those which have part thereof which are so attached that they may fall and injure members of the public or property.
3. Those which are not provided with adequate egress.
4. Those buildings existing in violation of any provisions of this Code, the building code, the fire code or other ordinances of this parish if the violation is of such a nature that the building constitutes a danger to its occupants and/or others.

- (2) *Vacant or not lawfully occupied* means a building or other structure including, but not to be limited to, any premises which is not actually occupied by its owner, lessee, or other invitee, and has been left unsecured or inadequately secured from unauthorized entry to the extent that the premises may be entered and utilized by vagrants or other invited persons as a place of harborage or any premises which by reason of dilapidation, deterioration, state of disrepair or other such status is otherwise detrimental to or endangers public safety, health or welfare. The property does not have to have been declared blighted.

- (3) *Secured*, for the purposes of this section, means the closing of the building or structure by means of placing or attaching boards or other materials over doors, windows and other means of entrance in order to prohibit persons from entering the building or structure and in order to maintain it in its present condition without further damage to such building or structure or danger to the public welfare and safety. A building that is boarded up, fenced or otherwise secured in any manner may, nevertheless, be deemed to be a dangerous building under the foregoing criteria if:
 - a. The building constitutes a danger to the public even though secured from entry; or
 - b. It is found that the means utilized to secure the building are not adequate to prevent unauthorized entry of the building.

(Code 1998, § 14-030.01)

Sec. 26-86. Hearing; notice and placarding of building or structure.

(a) Hearings before the administrative hearing officer shall be conducted in accordance with the provisions set forth in section 2-562 of the Hearing Practice and Procedures.

- (1) If a building or structure has, upon inspection, been found to be in violation of the provisions set forth hereinabove, the building shall be posted with a violation notice in accordance with section 2-562(b) and written notice of the hearing shall be made in accordance with the provisions of section 2-562.
- (2) After completion of the presentation of testimony by all parties appearing at the scheduled hearing, the hearing officer shall make written findings of fact as to whether or not the building or structure constitutes "blighted property," "derelict and dangerous," "otherwise dangerous" or "vacant or not lawfully occupied" according to the definitions and standards set forth in section 26-47.

(b) If the hearing officer finds that the building or structure is in violation of the standards and definitions set forth in section 26-47, the hearing officer shall issue an order directing the owner, occupant and all other persons having an interest in said building as shown by the mortgage and conveyance records of the parish where the land is located:

- (1) That the building shall be vacated if same is occupied and the hearing officer finds that the building is in such condition as to make it dangerous to the health, safety or welfare of its occupants;
- (2) That the building shall be either repaired or demolished and removed, at the owner's option, if it can reasonably be brought into compliance by repair;
- (3) That the building be demolished and removed if it cannot reasonably be repaired; and
- (4) If the building is unoccupied and the condition of the building is such that it may be brought into compliance by securing it from unauthorized entry, then the order may provide that it be secured and be kept secured and may include or adopt written

specifications that must be complied with in securing the building and the order may provide that the building be demolished and removed if it is not secured in compliance therewith.

(c) If the hearing officer finds that the building or structure is in violation of the standards and definitions set forth in section 26-47, the hearing officer shall order that the parish place a notice in a conspicuous place on such building; such notice to read as follows:

- (1) This building has been found to be a dangerous building. Occupancy of this building is prohibited by law as such occupancy is dangerous to the health, safety and welfare of its occupants. This notice is posted (here the notice shall set forth the date and hour such notice is posted). All persons must vacate this building not later than 48 hours after the time of posting and shall not re-enter the same until the parish finds that the building has been repaired so as to be in compliance with the ordinances of the parish with the requisite permits and inspections. This notice shall remain on this building until it is repaired or demolished.

- (2) If the hearing officer finds that the building is in such condition that repairs are allowed, the hearing officer shall order that the parish post a notice in conspicuous place on such building, such notice to read as follows:

"This building has been found to be a dangerous building by the parish. No person shall enter this building except persons authorized by the owner who enter solely for the purpose of correcting the hazardous conditions therein with the requisite permits and inspections of the parish. This notice shall remain on this building until it is repaired or demolished."

- (3) The persons having an interest in the property shall be given a reasonable period of time in which to comply with the hearing officer's order, such period not to exceed 30 days, unless, in the judgment and discretion of the hearing officer, it is determined that a greater period of time is necessary. The order shall state the date by which the action ordered must be completed, and state that the parish agency or department having enforcement responsibility shall cause the building to be vacated, repaired and/or demolished if the persons having an interest in the property do not comply with the order. The order of the hearing officer shall be served on all persons having an interest in the property as provided in section 2-562(i).

(d) A copy of the order of the hearing officer shall also be filed in the mortgage and conveyance records of the parish in which the land lies.

(e) If the persons having an interest in the property fail to comply with the order of the hearing officer within the time specified in the order for compliance, the parish agency or department having enforcement responsibility shall cause such building to be vacated, repaired and/or demolished pursuant to the order of the hearing officer.

(f) In any instance in which an order had been issued that a building be brought into compliance by securing the building and the owner complies with the order by securing the building, the hearing officer's case file shall, nevertheless, remain active for a period of three years from the date of signature of the order. The parish agency or department having enforcement responsibility may request that the hearing officer reconvene the hearing if he receives evidence that the building has not remained secured and is in contravention of this article. Upon notice to the owner, lien holders, occupants and other persons having an interest in the property, the hearing officer shall reconvene the hearing. If the hearing officer finds that the building remains a dangerous building notwithstanding the owner's efforts to secure it, he may issue a revised order that the building be demolished.

(Code 1998, § 14-030.02)

Sec. 26-87. Emergencies.

(a) In cases where it reasonably appears that there is immediate danger to the health, life or safety of any person, unless the building is immediately repaired, vacated, demolished or secured, the parish agency or department having enforcement responsibility shall report such facts to the director of the department of inspection and code enforcement. If the director finds that there is in fact an immediate danger to the health, life or safety of any person, unless the building is immediately repaired, vacated, demolished or secured, he shall cause the immediate repair, vacation, demolition or securing of such building, without any requirement for notice to the owner or interested parties in advance.

(b) Whenever the director causes a building to be repaired, vacated, demolished or secured pursuant to this section, he shall cause a notice, as described in section 2-562(b), to be posted on the building.

(c) Further, whenever the director causes a building to be repaired, vacated, demolished or secured pursuant to this section, he shall also cause notice to be given to the owners and lien holders of the building, all persons having possession of any portion thereof, and all other persons who may have an interest in the building that a hearing will be held concerning the orders issued in connection therewith. The notice shall set forth the specific conditions which render the building an immediate danger, within the standards set forth hereinabove, the date, time and place of such hearing, that all persons having an interest in the building may appear in person and/or be represented by an attorney, and may present testimony and may cross examine all witnesses. The notice shall comply with the provisions set out in section 2-562, however, the hearing shall be held as soon as it is reasonably possible, but in no case later than ten days after the director of the parish agency or department having enforcement responsibility has caused the building to be repaired, vacated, demolished or secured, unless all persons having either an ownership interest or a possessory interest in the building request a continuance of the hearing. At such a hearing, the burden shall be upon the parish to show that there was an immediate danger to health, life or safety necessitating immediate action, and whether

the building constitutes a dangerous building within the provisions of this article at the time of the hearing. After completion of the presentation of the testimony by all parties appearing, the hearing officer shall make written findings of fact as to whether or not the building was an immediate danger to health, life or safety necessitating the action taken by the director of the department of inspection and code enforcement, and whether the building was a dangerous building within the provisions of this article. If the hearing officer finds that there was an immediate danger to public health, life or safety that required the action that was taken, all administrative expenses and any cost of repair or demolition shall be calculated and assessed to the owners of the building, and shall constitute a lien and privilege on the land on which the building stands or stood, which shall bear legal interest at the rate provided by law. If the hearing officer finds that the building, at the time of the hearing, constitutes a dangerous building within the provisions of this article, he shall issue an order for its abatement as set out in section 26-47. The provisions of sections 26-47 and 2-562 shall be applicable to any such order.

(Code 1998, § 14-031.00)

Sec. 26-88. Caused by or related to the effects of natural disasters.

(a) When removal of debris and demolition of structures from private properties is necessitated by the effects of a natural disaster or other related causes, the parish will adopt and incorporate, in full, a plan for demolition and removal set out by parish council resolution and/or by emergency executive order of the parish president, which will govern the demolition and removal of said structures and debris.

(b) With respect to the provisions of this section, any and all requirements to assess or levy fees, costs, liens and the like may be waived by the office of the parish president.

(c) With respect to the provisions of this section, any and all requirements for notice may be waived by the office of the parish president.

(d) Where there exists any conflict between an adopted plan under this section and the provisions of article III of this chapter, the plan shall control.

(e) Where there exists any conflict between an adopted plan and an emergency executive order, the executive order shall control.

(Code 1998, § 14-031.01; Ord. No. 06-1271, 3-2-2006)

Sec. 26-89. Civil penalty.

For any violation of the provisions of this article, a civil penalty of not less than \$100.00 per day and no more than \$500.00 per day shall be imposed by order of the hearing officer. Each day that the violation exists shall constitute a separate violation. In addition to the imposition

of the aforesaid penalty, the hearing officer shall order the violator to pay all costs and fees incurred by the parish for securing, demolition or removal, or both, of such structures, and for maintenance of property in a sanitary condition.

(Code 1998, § 14-032.00)

Sec. 26-90. Liens.

Liens for removal and securing dangerous structures, maintenance of property, interest, and the assistance of national guard:

- (1) Upon failure of the property owner to pay any fine levied by the hearing officer, or any costs incurred by the parish for securing, or demolition or removal, or both, of such structures, and for maintenance of property in a sanitary condition, the hearing officer or finance director of the parish may file a certified copy of the order levying a fine or fines or a copy of an invoice reflecting the amount of such costs and fees with the recorder of mortgages, and the same, when so filed and recorded, shall operate as a lien and privilege in favor of the parish against the property.
- (2) Any fine, costs and interest on costs incurred by the parish shall be paid prior to cancellation of the lien. The rate of interest shall not exceed the rate of legal interest, as provided in Civil Code article 2924, and shall be computed from the date of recordation of the lien until paid or enforced.
- (3) The lien obtained by the parish shall not only include the costs provided for in subsection (1) of this section, but shall include all attorneys' fees and all costs incurred in the locating of the owner, notification of the owner and the enforcement and collection of the amount secured by the lien.
- (4) In accordance with R.S. 33:4754, the parish's privilege and lien shall prime all other liens or privileges against the property filed after the notice to the owner is filed with the recorder of mortgages pursuant to this section, regardless of the date on which the parish's lien and privilege is perfected, except that the parish's lien and privilege will not prime other tax liens against the property.
 - a. After the parish has levied such fine or fines or incurred such costs as constitute the lien and privilege on the property, the director of finance or equivalent officer may add said amounts to the next ad valorem tax bill of the owner, and said amount shall be subject to the same interest and penalties as delinquent ad valorem taxes.
 - b. If within six months after the filing of the lien provided for in this section, the property owner fails to pay such lien and any interest thereon, the director of finance or equivalent officer of the parish may offer for sale and subsequently sell or otherwise convey such property. The procedure for notice, advertisement, and sale of the property shall be governed by the law applicable to the sale of real

property for delinquent municipal or parish taxes except that the property owner's right of redemption shall be limited to six months from the time the property is sold. Redemption by the original owner shall require reimbursement of any expenses incurred by the purchaser in the purchase and renovation of the property in addition to payment of liens placed on the property pursuant to this section, interest thereon, and any amounts required by law applicable to the redemption of property sold for delinquent taxes.

- c. Alternatively, the privilege and lien may be enforced in the district court pursuant to the Code of Civil Procedure, and may be enforced either against the subject property or against the owner personally by ordinary process and subsequent seizure and sale or garnishment of other movable or immovable property of the owner pursuant to the Code of Civil Procedure.
 - d. The amount of any parish lien operating against the property and any interest accruing thereon may be canceled in whole or in part by the governing authority of the parish in order to facilitate the sale or disposition of the property for the unpaid lien.
 - e. The provisions of this section shall not apply to any building or appurtenances on agricultural land when such land is used for agricultural purposes.
- (5) The governing authority of the parish may request and the adjutant general may assign subject to the approval of the governor, national guard personnel and equipment to assist in the removal and demolition of condemned buildings, structures, or public nuisances. The provisions of this subsection shall be applicable when the budget for the demolition and removal of condemned structures has been expended by the governing authority of the parish. However, the request must be accompanied by documentation that all procedural protections and substantive restraints have been adhered to by the parish. In the event all procedural protections and substantive restraints have been adhered to by the parish, the parish and its personnel and the national guard and its personnel shall not be liable to the owner of the building, structure, or public nuisance for any damages sustained resulting from the demolition of the building, structure, or public nuisance.
- (Code 1998, § 14-032.00)

Sec. 26-91. Appeals.

Any person jointly or severally aggrieved by any decision of the parish hearing officer shall have a right to appeal the decision in accordance with the provisions set forth in section 2-565. (Code 1998, § 14-033.00; Ord. No. 05-1104, 5-5-2005)

ARTICLE IV. NOISE AND SOUND

Sec. 26-111. Investigating and enforcing noise violations.

It is hereby declared that at certain levels, sounds may be detrimental to the health, safety and well-being of the citizenry. Therefore, the parish prohibits sounds that constitute a nuisance, as defined in section 26-1(4) and (5), and illustrated in section 26-2(5) and (6). In the investigation and enforcement of the provisions relating to sound, consideration shall be given to the time, place and manner or nature of the sound complained of (i.e., emergency work, impulsive sound or amplification). Additionally, to aid the enforcing agency in determining if the particular sound constitutes a nuisance as defined in section 26-1(4) and (5), and illustrated in section 26-2(5) and (6), definitions and decibel levels are established in the following sections of this article.

(Code 1998, § 14-135.00; Ord. No. 15-3351, § 14-135.00, 7-9-2015)

Sec. 26-112. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Decibels means a unit of level when the base of the logarithm is the tenth root of ten and the quantities concerned are proportional to power.

Emergency work means work made necessary to restore property to a safe condition following a public calamity or work required to protect persons or property from an imminent exposure to danger or work by private or public utilities when restoring utility service.

Impulsive sound means a sound of short duration, usually less than one second, with an abrupt onset and rapid decay. Examples of sources of impulsive sound include, but are not limited to, explosions, drop forge impacts, and the discharge of firearms.

Sound means an oscillation in pressure, particle displacement, particle velocity or other physical parameter, in a medium with internal forces that causes compression and rarefaction of that medium. The description of sound may include any characteristic of such sound, including duration, intensity and frequency.

Sound level means, in decibels (dB), the sound measured with the (A) weighting and slow response by a sound level meter.

Weekend means Friday, Saturday and Sunday, and includes holidays as established by the parish.

Weekday means any day Monday through Thursday.

Secs. 28-6—28-28. Reserved.**ARTICLE II. LITTER PREVENTION****Sec. 28-29. Definitions.**

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Court means any justice of the peace court in the parish and/or any division of the 22nd Judicial District Court for the parish and/or Slidell City Court.

Litter means all waste material, except as provided and defined in R.S. 30:2173(2), including, but not limited to, disposable packages, containers, sand, gravel, rubbish, cans, bottles, refuse, garbage, trash, debris, dead animals, furniture or appliances, automotive parts, including, but not limited to, tires and engines, trailers, boats and boating accessories, tools and equipment and building materials, or discarded materials of any kind and description. The term "litter" shall not include agricultural products that are being transported from the harvest or collection site to a processing or market site, if reasonable measures are taken to prevent the agricultural product from leaving the transporting vehicles. The term "litter" also shall not include recyclable cardboard being transported in compressed bundles to processing facilities. The term "agricultural product," as used in this definition, means all crops, livestock, poultry and forestry; and all aquacultural, floricultural, horticultural, silvicultural and viticultural products. Whenever the term "parish" is used in this article concerning the commission of act in violation of the provisions of this article or a litter abatement ordinance of the parish, then the term shall be construed to mean the jurisdictional area where the offense was committed, including, but not limited to, the jurisdictional boundaries of the parish and all its waterways.

Public or private property means the right-of-way of any road or highway, levee, any body of water or watercourse or the shores or beaches thereof, any park, playground, building, refuge or conservation or recreation area, and residential or farm properties, timberlands or forests. (Code 1998, § 15-001.00; Ord. No. 01-0284, 3-1-2001; Ord. No. 04-0916, 6-3-2004)

Sec. 28-30. Purpose and scope.

It is the purpose of this article and it is hereby declared to be the policy of the parish to implement a comprehensive plan to regulate litter and to eliminate litter as much as possible in a manner that will:

- (1) Protect the public health, safety and welfare;
- (2) Prevent land, water and air pollution;
- (3) Prevent the spread of disease and the creation of nuisances;
- (4) Conserve natural resources; and
- (5) Enhance the beauty and quality of the environment.

(Code 1998, § 15-001.01; Ord. No. 01-0284, 3-1-2001)

Sec. 28-31. Litter abatement officer.

(a) The litter abatement officer shall have the right to administer and enforce the provisions of this article. The litter abatement officer's rights and duties shall include, but shall not be limited to, those described in this section.

(b) The litter abatement officer shall have the right to inspect private property to determine if the property owner is in compliance with the provisions of this article. Routine inspections of public and private property in the parish shall be made by the litter abatement officer in such frequency to ensure consistent compliance with the provisions of this article. A property owner shall allow free access to the litter abatement officer; provided that the entrance and activity is undertaken after reasonable notice and during normal business hours, and after notifying the property owner of presence on the property for the purpose of making such inspections as may be necessary to determine compliance with the requirements of this article, or any other applicable statute, or for the purpose of making written and documented notice of any violation, or recommendations for their correction and the date by which corrections shall be accomplished.

(c) The litter abatement officer shall have the right to investigate complaints of violations of this article. The litter abatement officer shall assist the district attorney's office and/or the administrative hearing officer.

(d) The litter abatement officer's interpretation of the rules, regulations, ordinances, or code of the parish shall not supersede any actions that may be taken by code enforcement of the parish planning office, constables, justices of the peace, and the district attorney's office of this parish and the administrative hearing officer.

(e) After any curative measure mentioned herein is not adequately resolved, the litter abatement officer shall have the right to refer or recommend to the parish district attorney's office and/or the parish administrative hearing officer, that legal proceedings be initiated against a property owner who is in violation of the provisions of this article or any litter abatement ordinance of the parish.

(f) The litter abatement officer shall have the right to enforce the provisions of this article or any litter abatement ordinance of the parish, by citing the offender via a citation, summons or other means provided by law.

Sec. 28-32. Responsibility.

(a) The owner, his agent and occupant of any property shall maintain the premises in a sanitary and litter-free condition.

(b) No person shall place, deposit or allow to be placed or deposited on his premises or any other premises to include any public street, road or alley any refuse or other objectionable waste, except in a manner described in this article.

(c) The owner, his agent and occupant of any premises, and other persons having responsibilities as described herein, shall be responsible for the proper storage, collection, transportation and final disposal of all refuse originating on the premises, by a method or methods described in this article.

(Code 1998, § 15-001.02; Ord. No. 01-0284, 3-1-2001)

Sec. 28-33. Intentional littering prohibited; criminal penalties.

(a) No person shall intentionally dispose or permit the disposal of litter upon any public place in the parish, upon private property in the parish not owned by him, upon property located in rural areas in the parish not owned by him, or in or on the waters of the parish, whether from a vehicle or otherwise, including, but not limited to, any public highway, public right-of-way, public park, beach, campground, forest land, recreational area, trailer park, highway, road, street or alley, except when such property is designated by the parish, or by any of its agencies or political subdivisions, for the disposal of such litter and such person is authorized to use such property for such purpose.

(b) If the litter is disposed from a motor vehicle, boat or conveyance, except a bus or large passenger vehicle or a school bus, all as defined in R.S. 32:1, there shall be an inference that the driver of the conveyance disposed of the litter. If such litter was possessed by a specific person immediately before the act of disposing, there shall be an inference that the possessor committed the act of disposing.

(c) When litter disposed in violation of this section is discovered to contain any article, including, but not limited to, letters, bills, publications or other writings that display the name of a person or any other manner indicate that the article belongs or belonged to such person, there shall be an inference that such person has violated this section.

- (1) The person shall be cited for the offense by means of a citation, summons or other means provided by law.
- (2) Whoever violates the provisions of this section shall, upon first conviction, be fined \$250.00 and sentenced to serve eight hours of community service in a litter abatement work program as approved by the court.
 - a. Upon second conviction, an offender shall be fined \$500.00 and sentenced to serve 16 hours of community service in a litter abatement work program as approved by the court.
 - b. Upon third or subsequent conviction, an offender shall be fined \$1,250.00, have his motor vehicle driver's license suspended for one year, be imprisoned for not more than 30 days, and be sentenced to serve 80 hours of community service in a litter abatement work program as approved by the court, or all or any combination of the aforementioned penalties provided by this subsection.
 - c. The judge may require an individual convicted of a violation of this section to remove litter from parish highways, public rights-of-way, public playgrounds, public parks or other appropriate locations for any prescribed period of time in lieu of the penalties prescribed in this section.

(d) A person may be found guilty and fined under this section although the commission of the offense did not occur in the presence of a law enforcement officer if the evidence presented to the court establishes that the defendant has committed the offense.

(e) For the purposes of this section, each occurrence shall constitute a separate violation.

(f) In addition to penalties otherwise provided, a person convicted under this section shall:

- (1) Repair or restore property damaged by or pay damages for any damage arising out of the violation of this section.
- (2) Pay all reasonable investigative expenses and costs to investigative agency or agencies.
- (3) Pay all other reasonably related costs and expenses of any nature whatsoever incurred by the parish, including, but not limited to, administrative expenses, attorney fees, and all costs.

(Code 1998, § 15-001.03; Ord. No. 01-0284, 3-1-2001; Ord. No. 08-1763, 3-6-2008)

Sec. 28-34. Gross littering prohibited; criminal penalties.

(a) No person shall intentionally dispose or permit the disposal of any household or office furniture or appliances, automotive parts, including, but not limited to, tires and engines, trailers, boats and boating accessories, tools and equipment, building materials and bags or boxes of household or office garbage or refuse upon any public place in the parish, upon private property in the parish not owned by him, upon property located in rural areas in the parish not owned by him, or in or on the waters of the parish, whether from a vehicle or otherwise, including, but not limited to, any public highway, public right-of-way, public park, beach, campground, forest land, recreational area, trailer park, highway, road, street, or alley except when such property is designated by the parish, or by any of its agencies or political subdivisions, for the disposal of such litter and such person is authorized to use such property for such purpose.

(b) If the litter herein as defined is disposed of from a motor vehicle, boat or conveyance, except a bus or large passenger vehicle or a school bus, all as defined by R.S. 32:1, there shall be an inference that the driver of the conveyance disposed of the litter. If such litter was possessed by a specific person immediately before the act of disposing, there shall be an inference that the possessor committed the act of disposing.

(c) When litter disposed in violation of this article is discovered to contain any article, including, but not limited to, letters, bills, publications or other writings that display the name of a person or in any other manner indicate that the article belongs or belonged to such person, there shall be an inference that such person has violated this section.

(d) The person shall be cited for the offense by means of a citation, summons or other means provided by law.

- (1) Whoever violates the provisions of this section shall, upon first conviction, be fined not less than \$500.00 nor more than \$1,000.00 and sentenced to serve eight hours of community service in a litter abatement work program as approved by the court.
- (2) Upon second conviction an offender shall be fined not less than \$1,000.00 nor more than \$2,500.00 and sentenced to serve 24 hours of community service in a litter abatement work program as approved by the court.
- (3) Upon third or subsequent conviction, an offender shall be fined not less than \$1,500.00 nor more than \$5,000.00 have his motor vehicle driver's license suspended for one year, be imprisoned for not more than 30 days, or sentenced to serve not less than 48 and not more than 100 hours in a litter abatement work program as approved by the court, or all or any combination of the aforementioned penalties.

(e) The court may require an individual convicted of a violation of this section to remove litter from state highways, public rights-of-way, public playgrounds, public parks, or other appropriate locations for any prescribed period of time in lieu of the penalties prescribed in this section.

(f) A person may be found guilty and fined under this section although the commission of the offense did not occur in the presence of a law enforcement officer if the evidence presented to the court establishes that the defendant has committed the offense.

(g) For the purposes of this section, each occurrence shall constitute a separate violation.

(h) In addition to penalties otherwise provided, a person convicted under this section shall:

- (1) Repair or restore property damaged by or pay damages for any damage arising out of the violation of this section.
- (2) Pay all reasonable investigative expenses and costs to the investigative agency or agencies.
- (3) Pay all other reasonably related costs and expenses of any nature whatsoever incurred by the parish, including, but not limited to, administrative expenses, attorney fees, and all costs.

(Code 1998, § 15-001.04; Ord. No. 01-0284, 3-1-2001)

Sec. 28-35. Commercial littering prohibited; civil penalties; special court costs.

(a) No person shall dispose or permit the disposal of litter resulting from industrial, commercial, mining or agricultural operations in which the person has a financial interest upon any public place in the parish, upon private property in this parish not owned by him, upon property located in rural areas in this parish not owned by him, or in or on the waters of this

parish whether from a vehicle or otherwise, including, but not limited to, any public highway public right-of-way, public park, beach, campground, forest land, recreational area, trailer park, highway, road, street or alley; except, when such property is designated by the parish or by any of its agencies or political subdivisions for the disposal of such items and such person is authorized to use such property for such purpose.

(b) No person shall operate any truck or other vehicle in such a manner or condition that litter resulting from industrial, commercial, mining or agricultural operations in which the person is involved can blow or fall out of such vehicle or that mud from its tires can fall upon the roadway.

(c) If the litter is disposed of from a motor vehicle, boat or conveyance, except a bus or large passenger vehicle or school bus, all as defined by R.S. 32:1, there shall be an inference that the driver of the conveyance disposed of the litter. If such litter was possessed by a specific person immediately before the act of disposing, there shall be a permissive rebuttable presumption that the possessor committed the act of disposing.

(d) When litter disposed in violation of this section is discovered to contain any article, including, but not limited to, letters, bills, publications or other writings that display the name of a person or in any other manner indicates that the article belongs, or belonged, to such person, there shall be a permissive rebuttable presumption that such person has violated this section.

(e) A person shall be jointly and severally liable for the actions of its agents, officers and directors for any violation of this section by any agent, officer or director in the course and scope of his employment or duties.

(f) The person shall be cited for the offense by means of a citation, summons or other means provided by law.

(g) Any person found liable under the provisions of this section shall:

- (1) Pay a civil penalty of \$100.00.
- (2) Repair or restore property damaged by or pay damages for any damaging arising out of the violation of this section.
- (3) Pay all reasonable investigative expenses and costs to the investigative agency or agencies.
- (4) Pay for the cleanup of the litter unlawfully discarded by the defendant.

(h) Any person found liable under the provisions of this section shall pay special court costs of \$50.00 in lieu of other costs of court that shall be disbursed as follows:

- (1) Twenty dollars shall be paid to the judicial expense fund for that judicial district, or to the justice of the peace or the city court, as the case may be.

- (2) Twenty dollars shall be paid to the office of the district attorney, or to the constable or to the municipal prosecuting attorney, as the case may be.
- (3) Ten dollars shall be paid to the clerk of the district court, or to the justice of the peace or the city court, as the case may be.

(i) A person may be held liable and fined under this section although the commission of the offense did not occur in the presence of a law enforcement officer if the evidence presented to the court establishes that the defendant has committed the offense.

(j) For the purposes of this section, each occurrence shall constitute a separate violation.
(Code 1998, § 15-001.05; Ord. No. 01-0284, 3-1-2001)

Sec. 28-36. Littering prohibited; civil penalties; special court costs.

(a) No person shall dispose or permit the disposal of litter upon any public place in this parish, upon private property in this parish not owned by him, upon property located in rural areas in this state not owned by him, or in or on the waters of this state whether from a vehicle or otherwise, including, but not limited to, any public highway public right-of-way, public park, beach, campground, forest land, recreational area, trailer park, highway, road, street or alley.

(b) No person shall operate a motor vehicle on any highway or a boat on any waters in such a manner or condition that the contents can blow or fall out of such vehicle or boat.

(c) No person shall dispose of litter in such a manner that the litter may be carried away or deposited by the elements upon any parts of said public or private property or waters.

(d) If the litter disposed of is from a motor vehicle, boat or conveyance, except a bus or large passenger vehicle or a school bus, all as defined by R.S. 32:1, there shall be an inference that the driver of the conveyance disposed of the litter. If such litter was possessed by a specific person immediately before the act of disposing, there shall be a permissive rebuttable presumption that the possessor committed or permitted the act of disposing.

(e) When litter disposed in violation of this section is discovered to contain any article, including, but not limited to, letters, bills, publications or other writings that display the name of a person or in any other manner indicates that the article belongs, or belonged, to such person, there shall be a permissive rebuttable presumption that such person has violated this section.

(f) The person shall be cited for the offense by means of a citation, summons or other means provided by law.

(g) Persons found liable under the provisions of this section shall be assessed the following penalties:

- (1) For a first violation, such person shall be either fined \$75.00 or be given the option to perform eight hours of community service in a litter abatement work program in lieu of the assessed fine.

- (2) For a second violation and each subsequent violation, such person shall either be fined \$500.00 or be given the option to perform 16 hours of community service in a litter abatement work program in lieu of the assessed fine.

(h) Persons found liable under the provisions of this section shall pay special court costs of \$100.00 in lieu of other costs of court and the special court costs shall be disbursed as follows:

- (1) Twenty dollars shall be paid to the judicial expense fund for that judicial district, or to the justice of the peace or the city court, as the case may be.
- (2) Twenty dollars shall be paid to the office of the district attorney, or to the constable or to the municipal prosecuting attorney, as the case may be.
- (3) Ten dollars shall be paid to the clerk of the district court, or to the justice of the peace or the city court, as the case may be.
- (4) Twenty-five dollars shall be paid to the state treasury for credit to the Keep Louisiana Beautiful Fund.
- (5) Twenty-five dollars shall be paid to the law enforcement agency that issued the citation.

(i) A person may be held liable and fined under this section although the commission of the offense did not occur in the presence of a law enforcement officer if the evidence presented to the court establishes that the defendant has committed the offense.

(j) For the purposes of this section, each occurrence shall constitute a separate violation. (Code 1998, § 15-001.06; Ord. No. 01-0284, 3-1-2001; Ord. No. 08-1763, 3-6-2008)

Sec. 28-37. Community service litter abatement work program and indemnification.

(a) A court approved community service litter abatement program may be created by the office of the parish president. Such program shall supervise persons ordered by state and local courts to perform community service work collecting or removing litter. If such program is not created, a fee schedule shall be established by the court having jurisdiction over the matter.

(b) If a community service program is established, a person who participates in a community service litter abatement work program shall have no cause of action for damages against the entity conducting the program or supervising his participation therein, nor against any employee or agent of such entity, for any injury or loss suffered by him during or arising out of his participation in the program, unless the injury or loss was caused by the intentional or grossly negligent act or omission of the entity or its employee or agent. The entity shall not be liable for any injury caused by the individual participating in the program, unless the gross negligence or intentional act of the entity or its employee or agent was a substantial factor in causing the injury. No provision hereof shall negate the requirement to provide an offender with necessary medical treatment as statutorily required.

(Code 1998, § 15-001.07; Ord. No. 01-0284, 3-1-2001)

Sec. 28-38. Distribution of fines; parish beautification fund and establishment of litter control.

(a) All fines, either civil or criminal, collected pursuant to this article or any applicable state law shall be deposited in a beautification fund administered by the office of the parish president for the purpose of encouraging, organizing and coordinating volunteer local antilittering campaigns, to pay expenses for litter clean up, collection, enforcement, prosecution and prevention, and to purchase and operate equipment in connection thereof, all in accordance with R.S. 33:1236.2 and 33:1236(54).

(b) The office of the parish president may establish a litter control section within the parish to enforce the provisions of this section.

(Code 1998, § 15-001.08; Ord. No. 01-0284, 3-1-2001)

Sec. 28-39. Jurisdiction and procedure; justice of the peace; constable.

A justice of the peace shall have concurrent jurisdiction over the litter violations occurring in the parish. In addition, a constable may issue summons and serve subpoenas anywhere in the parish all in accordance with R.S. 13:2586. Prosecution of litter violations and compensation in criminal cases of a justice of the peace and constable shall be in accordance with R.S. 13:2587.1 and 13:2589.

(Code 1998, § 15-001.09; Ord. No. 01-0284, 3-1-2001)

Sec. 28-40. Adopt-A-Road program.

To fulfill the obligations and responsibilities assigned to it under R.S. 30:2521, the parish has developed a program to be known as "Adopt-A-Road" whereby an individual, business or private civic organization may adopt section of parish roadway or parks for the sole purpose of controlling litter along that section of road. Included in the responsibilities of any business or private civic organization that chooses to participate in the program shall be the following:

(1) Develop a functional plan to influence and encourage the public to improve the appearance of the road or park.

(2) Conduct four general cleanups annually for two years.

(Code 1998, § 15-001.10; Ord. No. 01-0284, 3-1-2001)

Sec. 28-41. Reimbursements to justice of the peace courts.

All fines collected by the justice of the peace courts for litter violations pursuant to R.S. 25:1101 et seq. shall be paid to the parish pursuant to R.S. 25:1112. The parish shall reimburse the justice of the peace court which handles the litter violations for the time spent and expenses incurred pursuant to R.S. 13:2589(B). This reimbursement shall consist of 50 percent of the fines collected by the parish from the justice of the peace courts.

(Code 1998, § 15-001.11; Ord. No. 89-1148, 9-21-1989; Ord. No. 01-0284, 3-1-2001)

Sec. 28-42. Bottles/glass containers prohibited.

(a) *Prohibited.* It shall be unlawful for any person to dump, throw or have in his possession any bottle, container or other item made of glass while on the premises of any public park, beach, playground, campground or other recreational facility in the unincorporated areas of this parish.

(b) *Enforcement.* Enforcement of this section is authorized, directed and empowered to the sheriff's department, state police, justices of the peace and duly authorized parish violation officials.

(c) *Violation.* Any violation of this section shall constitute a misdemeanor punishable as contained in section 1-9, and may be tried in the 22nd Judicial District Court or any appropriate justice of the peace court in the parish in accordance with Acts 250 and 296 of the 1989 Legislature.

(d) *Fines.* Any fines collected by the justice of the peace courts for violations hereof shall be paid to the parish pursuant to R.S. 25:1101 et seq., and the parish shall reimburse said courts pursuant to R.S. 13:2589(B).

(Code 1998, § 15-001.12; Ord. No. 92-1622, 7-16-1992)

Secs. 28-43—28-95. Reserved.

ARTICLE III. WATERWAYS**DIVISION 1. GENERALLY****Sec. 28-96. Obstruction of waterways and shoreline; Lake Road Boat Launch.**

(a) It shall be unlawful for any person to obstruct the waterways and shoreline within 1,000 feet of the Lake Road Boat Launch by docking any vessel, the placement of any structure, permanent or temporary, or any other obstruction possibly impeding the access or safe use of the launch area.

(b) Enforcement of this section is authorized, directed and empowered to the sheriff's department and the parish department of public works.

(c) Any person found to be in violation of the provision of this section shall be subject to the penalty provisions of section 1-9.

(Code 1998, § 15-002.01; Ord. No. 84-294, 12-20-1984)

ARTICLE V. NONCONTROLLED SUBSTANCES

Sec. 28-210. Unlawful distribution or sale; definition; violation and penalty.

(a) It shall be unlawful for any person to knowingly deliver, distribute, sell or exchange a noncontrolled substance as defined in subsection (b) of this section upon either:

- (1) The express representation that the substance is a narcotic or controlled substance;
- (2) The express representation that the substance is of such nature, quality or appearance that the recipient of said delivery will be able to distribute said substance as a controlled substance; or

(3) Circumstances under which a reasonable person would be led to believe that the substance is a controlled substance. For the purpose of this section, it shall be prima facie evidence of such circumstances if any two of the following factors are established:

- a. The noncontrolled substance was packaged in a manner normally used for the illegal delivery of controlled substances.
- b. The delivery or attempted delivery included an exchange of or demand for money or other valuable property as consideration for delivery of the substance, and the amount of such consideration or money was substantially in excess of the reasonable value of the noncontrolled substance.
- c. The physical appearance of the finished product containing the substance is substantially identical to a specified controlled substance.

(b) Noncontrolled substance as used in this section is hereby defined as any substance which is not listed or scheduled as a controlled substance or narcotic under the general law of the state.

(c) In any prosecution for a violation of subsection (a) of this section, it shall not be a defense that the accused believed the noncontrolled substance to actually be a controlled substance.

(d) A violation of any of the provisions of this section shall be a misdemeanor and upon conviction, the violator shall be punished under section 1-9.

(Code 1998, § 15-310.00; Ord. No. 81-230, 7-9-1981)

ARTICLE VI. TRAINS

Sec. 28-229. Speed limit of trains—Carr Drive Crossing.

(a) *Maximum speed.* A speed limit is herewith imposed and provided on all rail traffic operating in an unincorporated area of the parish $1\frac{1}{4}$ miles on either side of Carr Drive Crossing, a total distance of $2\frac{1}{2}$ miles, at a maximum of 25 miles per hour.

(b) *Violation; penalty.* Whoever shall violate said speed limit shall be guilty of a misdemeanor punishable as is provided in section 1-9.

(c) *Enforcement.* The sheriff's department is charged with the enforcement of this section. Should a violation occur, the sheriff or any sheriff's deputy shall have the right and power to stop the locomotive propelling the train; additionally, the sheriff or any sheriff's deputy shall have the right and power to remove the engineer therefrom and to impound the train until

proper bond is posted; alternatively, the sheriff or his deputy may cite the railroad or railway by recording the serial number on the locomotive, together with the time, date, place and recorded speed thereof.

(Code 1998, § 15-411.00; Ord. No. 82-412, 7-15-1982)

Sec. 28-230. Same—From North Shore of Lake Pontchartrain to Highway 41.

(a) *Maximum speed.* A speed limit of 35 miles per hour is herewith imposed and provided on all rail traffic operating in an unincorporated area of the parish from the North Shore of Lake Pontchartrain to Louisiana Highway 41.

(b) *Violation; penalty.* Whoever shall violate said speed limit shall be guilty of a misdemeanor punishable as is provided in section 1-9.

(c) *Enforcement.* The sheriff's department is charged with the enforcement of this section. Should a violation occur, the sheriff or any sheriff's deputy shall have the right and power to stop the locomotive and issue a citation to the engineer of the locomotive propelling the train; additionally, the sheriff or any sheriff's deputy shall have the right and power to remove the engineer therefrom and to impound the train until proper bond is posted; alternatively, the sheriff or his deputy may cite the railroad or railway by recording the serial number on the locomotive(s), together with the time, date, place and recorded speed thereof.

(Code 1998, § 15-411.01; Ord. No. 85-330, 1-17-1985)

Sec. 28-231. Same—Southern Railroad Tracks, Slidell area.

(a) *Maximum speed.*

- (1) It shall be unlawful for any person having immediate control of any freight railroad train to permit said train to be operated within the unincorporated limits of the parish from Brown Switch Road north for a distance of four-tenths mile at a speed in excess of 35 miles per hour.
- (2) It shall further be unlawful for any person having immediate control of any passenger railroad train to permit said train to be operated within the unincorporated limits of the parish from Brown Switch Road north for a distance of four-tenths mile at a speed in excess of 45 miles per hour.

(b) *Violation; penalty.* Whosoever shall violate said speed limit shall be guilty of a misdemeanor punishable as is provided in section 1-9.

(c) *Enforcement.* The sheriff's department is charged with the enforcement of this section. Should a violation occur, the sheriff or any sheriff's deputy shall have the right and power to stop the locomotive and issue a citation to the engineer of the locomotive propelling the train; additionally, the sheriff or any sheriff's deputy shall have the right and power to remove the

engineer therefrom and to impound the train until proper bond is posted; alternatively, the sheriff or his deputy may cite the railroad or railway by recording the serial number on the locomotive(s), together with the time, date, place and recorded speed thereof.

ARTICLE VII. MINORS, CURFEW AND CONTROL

Sec. 28-256. Definitions.

For the purpose of this section the following words shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Custodian means a person having legal responsibility for the care or custody of a minor as the term "parent" is defined in Louisiana Code of Juvenile Procedure, article 13(11).

Minor means any unmarried natural person under 17 years of age who is not fully emancipated pursuant to the Louisiana Civil Code, art. 385; the term "he", as used herein, also includes females under said age.

Permit means to knowingly fail to prevent, or failure to prevent, due to lack of reasonable efforts or concern, to supervise and control.

Reasonable errand means a minor's presence in public pursuant to his custodian's direction in order to accomplish a legitimate family function in a normal and customary fashion considering the time of day. The term "reasonable errand" is also presumed to exist when a juvenile remains in public pursuant to his custodian's direction for purposes of the juvenile's employment in compliance with the state child labor laws.

Remain means to unnecessarily tarry, stay, loiter or be idle.

Sheriff's department means the department of the sheriff of the parish situated in the parish courthouse, Covington, Louisiana, or as from time to time changed by said sheriff.
(Code 1998, § 15-512.00; Ord. No. 83-540, 3-17-1983)

Sec. 28-257. Curfew for minors—Established.

Unless accompanied by his custodian, it shall be unlawful for any minor, whether on foot or in a vehicle, to wander or to travel, loiter, stroll, play, traverse or remain in or upon any public street, road, highway, avenue, alley, park or other public place situated in the unincorporated areas of the parish between 11:00 p.m. and 5:00 a.m. beginning Sunday through Thursday nights lasting into the next morning and between 12:01 a.m. and 5:00 a.m. Saturday and Sunday mornings or on mornings of legal holidays, except as to New Year's Eve and New Year's Day on which days this restriction commences at 1:00 a.m. until 5:00 a.m. This restriction shall

not apply to any minor who is engaged in an emergency mission, nor shall it apply to any minor who is in the performance of a reasonable errand. Nor shall the provisions of this article apply to any minor when said minor is in attendance or en route to and from any officially sponsored church, school or civic event.

(Code 1998, § 15-513.00; Ord. No. 83-540, 3-17-1983)

Sec. 28-258. Same—Enforcement procedures.

(a) If a police officer reasonably believes that a minor is violating section 28-257, the officer shall warn the minor that he is in violation of the curfew and shall request the minor to give his complete name and address, and how to contact his custodian. The officer shall then direct the minor to proceed immediately to his home or place of abode.

(b) If the minor fails to obey these directions, or refuses to furnish the officer with the requested identification information, or has been subjected to a prior curfew warning during that same night, the officer shall take such minor to the sheriff's department in Covington, Louisiana, or the nearest sheriff's substation or nearest municipal (or town) police department headquarters, whichever is the closest to contact the minor's custodian and release said minor to his custodian.

(Code 1998, § 15-514.00; Ord. No. 83-540, 3-17-1983)

Sec. 28-259. Same—Violations; penalties.

(a) Any minor violating the provisions of section 28-257 or 28-258 shall be found to be "in need of supervision" as defined in the Louisiana Code of Juvenile Procedure, article 13(13).

(b) Any custodian violating the provisions of section 28-257 or 28-258 shall be fined not less than \$50.00 nor more than \$100.00 for each offense.

(Code 1998, § 15-515.00; Ord. No. 83-540, 3-17-1983)

ARTICLE VIII. FIREWORKS

Sec. 28-282. Regulation of fireworks.

(a) *Definitions.* The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Fireworks means all incendiary, explosive devices and pyrotechnical explosive devices commonly referred to as fireworks or firecrackers.

Retailer means any person engaged in the business of making sales of fireworks at retail to persons other than a distributor or a jobber.

Sale means the sale, barter, exchange or gift or offer thereof, and each such transaction made by any person, whether as principal, proprietor, agent, servant or employee.

(b) *Regulations.*

- (1) It shall be unlawful to sell any items of fireworks as a retailer without first obtaining a license to be issued by the director of parish development.
- (2) An applicant, to engage in the sale of fireworks as a retailer, must complete an application on a form provided by the parish, setting forth such facts and information as the parish may determine necessary and proper.
- (3) All applications shall be accompanied by a copy of the previous year's sales tax return or retail license. All licenses issued by the parish shall be transferable.
- (4) Effective May 1, 1992, there is established a moratorium on all fireworks stands and retail outlets in Parish Council District 5, Precinct 306, the area comprising the east and west side of Highway 190 north of I-12, specifically the service road in Parish Council District 5, Precinct 306, which leads to Walmart, Sears, the Cinema, Kings Forest and Helenberg areas. No application for licenses within Parish Council District 5, Precinct 306, for possession, sale, offering for sale and use of fireworks shall be received unless the applicant has been issued a permit on or before December 31, 1991.

(c) *Prohibitions.*

- (1) The sale of fireworks within unincorporated areas of Ward 4 is prohibited. Unincorporated Ward 4 area encompasses that portion of the parish as described in section 2-37, less and except areas contained within the boundaries of any municipality or areas contained within the boundaries of Parish Council District 7.
- (2) The sale of fireworks within the unincorporated area of Ward 8, less and except the portion in Parish Council District 6, is hereby prohibited.

(d) *Enforcement.* It shall be the duty of the parish sheriff to enforce the provisions of this section.

(Code 1998, § 15-617.00; Ord. No. 85-378, 4-18-1985; Ord. No. 90-1240, 3-15-1990; Ord. No. 92-1548, 1-16-1992; Ord. No. 92-1587, 4-23-1992; Ord. No. 14-3240, 11-6-2014)

ARTICLE IX. TRESPASSING

Sec. 28-313. Trespassing upon structures, movables and nonmovables; violations and penalties.

(a) *Prohibited.* No person shall enter any structure, watercraft, or movable owned by another without express, legal or implied authorization.

(b) *Entering property.* No person shall enter upon immovable property owned by another without express, legal or implied authorization.

(c) *Remaining on property.* No person shall remain in or upon property, movable or immovable, owned by another without express, legal or implied authorization.

(d) *Violation and penalty.* It shall be an affirmative defense to a prosecution for a violation of subsections (a), (b) or (c) of this section, that the accused had express, legal or implied authority to be in the movable or on the immovable property. For purposes of this section, the term "enclosed plot of land" means any plot of land that is enclosed or surrounded by artificial boundaries, such as public roads, wire fences, walls or flagged or painted lines, if such flagging or paint is used not less than once every 20 yards, or any combination of the above, or by natural boundaries such as running streams and rivers, or that which is enclosed partially by artificial boundaries and partially by natural boundaries.

(e) *Enforcement.* Enforcement of this section is authorized, directed and empowered to the sheriff's department of the parish, the state police, and duly commissioned agents and officers of the state wildlife and fisheries.

(f) *Exemption.*

- (1) The following persons may enter or remain upon the structure, watercraft, movable or immovable property of another:
 - a. A duly commissioned law enforcement officer in the performance of his duties.
 - b. Any firefighter, whether or not a member of a volunteer or other fire department, and any employee or agent of the state department of agriculture and forestry engaged in locating and suppressing a fire.
 - c. Emergency medical personnel engaged in the rendering of medical assistance to an individual.
 - d. Any federal, state or local government employee, public utility employee or agent engaged in suppressing or dealing with an emergency that presents an imminent danger to human safety or health or to the environment.
 - e. Any federal, state or local government employee, public utility employee or agent in the performance of his duties when otherwise authorized by law to enter or remain on immovable or movable property.
 - f. Any person authorized by a court of law to enter or remain on immovable property.
 - g. Any person exercising the mere rite of passage to an enclosed estate, as otherwise provided by law.

- (2) The following persons may enter or remain upon immovable property of another, unless specifically forbidden to do so by the owner or other person with authority, either orally or in writing:
- a. A professional land surveyor or his authorized personnel, engaged in the "Practice of Land Surveying", as defined in R.S. 37:682.
 - b. A person, affiliate, employee, agent or contractor of any business which is regulated by the state public service commission or by a local franchising authority or the federal communication commission under the Cable Reregulation Act of 1992 or of a municipal or public utility, while acting in the course and scope of his employment or agency relating to the operation, repair, or maintenance of a facility, servitude or any property located on the immovable property which belongs to such a business.
 - c. Any person making a delivery, soliciting, selling any product or service, conducting a survey or poll, a real estate licensee or other person who has a legitimate reason for making a delivery, conducting business or communicating with the owner, lessee, custodian or a resident of the immovable property, and who, immediately upon entry, seeks to make the delivery, to conduct business or to conduct the communication.
 - d. An employee of the owner, lessee or custodian of the immovable property while performing his duties, functions and responsibilities in the course and scope of his employment.
 - e. The owner of domestic livestock or his employees or agents while in the process of retrieving his domestic livestock that have escaped from an area fenced to retain such domestic livestock.
 - f. The owner of a domestic animal while in the sole process of merely retrieving his domestic animal from immovable property and not having a firearm or other weapon on his person.
 - g. Any candidate for political office or any person working on behalf of a candidate for a political office.
 - h. The owner or occupant of a watercraft or vessel traveling in salt water engaged in any lawful purpose for the purpose of retrieval of his property or for obtaining assistance in an emergency situation.

(g) *Trespassing.* A minor ten years old or younger shall not be arrested, detained or apprehended for the crime of trespass.

(h) *Violation; penalty.* Whoever violates the provisions of this section shall be fined not more than \$500.00 or imprisoned not more than 91 days, or both. Upon a second or subsequent conviction, regardless of whether second offense occurred before or after first conviction, the

offender shall be imprisoned for not more than six months, or shall be fined not more than \$500.00, or both, provided that any offense under this section committed more than five years prior to the commission of the crime for which the offender is being tried shall not be considered in the assessment of penalties hereunder.

(Code 1998, § 15-700.00; Ord. No. 92-1594, 4-23-1992)

Sec. 28-314. Exclusion of provisions for Parish Council District 6.

(a) The provisions of section 28-313 are excluded from Parish Council District 6 as established therein.

(b) The provisions of said ordinance are more stringent than state law and hereby deemed to be unenforceable in said Parish Council District 6 due to the geographical nature of the district and the many areas utilized by the public.

(c) Only state trespass laws will be recognized and enforced in the geographical area of said Parish Council District 6.

(Code 1998, § 15-700.01; Ord. No. 92-1594, 4-23-1992; Ord. No. 92-1665, 11-19-1992)

Sec. 28-315. Trespassing—Parish prison.

(a) No person shall remain on the grounds of the parish prison, and shall be deemed as trespassing, after being instructed to leave said property by any law enforcement officer or any other official prison personnel.

(b) This section shall not apply to any law enforcement officer nor to any individual who is transacting lawful prison, or judicial system, business.

(c) Any person found to be in violation of this section shall be subject to a fine of not more than \$100.00 and/or imprisonment for a period of not more than ten days.

(Code 1998, § 15-702.00; Ord. No. 02-0573, 11-7-2002)

Sec. 28-316. Same—Prohibited on levees within Drainage District No. 4.

(a) *Prohibited.* It shall be unlawful for any person, whether on foot, bicycle, or in a vehicle of any type, to travel, loiter, walk, play, jog, traverse or encroach upon any levee within the boundaries of Drainage District No. 4.

(b) *Exemptions.* Exempt herefrom are any law enforcement officials engaged in the pursuit of his duties, or individuals contracted by or representing Drainage District No. 4 in connection with the maintenance or preservation of such levees.

(c) *Signage.* Drainage District No. 4 is directed to purchase, post and maintain appropriate and visible signs to be located at strategic places on its levees to notify individuals of the prohibitions outlined hereinabove.

Sec. 28-362. Drug-traffic loitering.

A person is guilty of drug-traffic loitering if he remains in a public place and intentionally solicits, induces, entices or procures another to engage in unlawful conduct contrary to R.S. 40:966 through 40:971.1.

(Code 1998, § 15-850.01; Ord. No. 93-1725, 4-15-1993)

Sec. 28-363. Prohibited conduct.

(a) Among the circumstances which may be considered in determining whether the person intends such prohibited conduct are that he:

- (1) Is seen by the officer to be in possession of drug paraphernalia;
- (2) Is a known drug trafficker;
- (3) Repeatedly beckons to, stop, or attempts to stop, passers-by, or engages passers-by in conversation;
- (4) Repeatedly stops or attempts to stop motor vehicle operators by hailing, waiving of arms or any other bodily gesture;
- (5) Circles an area in a motor vehicle and repeatedly beckons to, contacts or attempts to stop pedestrians;
- (6) Is the subject of any court order, which directs the person to stay out of any specified area as a condition of release from custody, a condition of probation or parole or other supervision or any court order, in a criminal or civil case involving illegal drug activity; or
- (7) Has been evicted as the result of his illegal drug activity and ordered to stay out of a specified area affected by drug-related activity.

(b) A person is not guilty of drug-traffic loitering if he merely remains in a public place without also intentionally soliciting, inducing, enticing or procuring another to engage in unlawful conduct contrary to R.S. 40:966 through 40:971.1.

(Code 1998, § 15-850.02; Ord. No. 93-1725, 4-15-1993)

Sec. 28-364. Enforcement.

The enforcement responsibility of the provisions herein is authorized, directed and empowered to the parish sheriff, the state police and any bona fide or deputized police officer of a municipal law enforcement agency in the parish.

Secs. 28-365—28-390. Reserved.**ARTICLE XII. SECURITY SYSTEMS AND FALSE ALARMS*****Sec. 28-391. Purpose.**

(a) The purpose of this article is to encourage alarm system users and alarm businesses to assume increased responsibility for maintaining the mechanical reliability and the proper use of alarm systems, to reduce unnecessary police emergency response to false alarms, and thereby to protect the emergency response capability of the sheriff's office from misuse.

(b) This article governs burglary and/or robbery alarm systems, provides for fines for excessive false alarms, provides for discontinuation of the sheriff's office response to excessive false alarms, provides for punishment of violations and establishes a system of administration.
(Code 1998, § 15-925.00; Ord. No. 06-1310, 6-1-2006)

Sec. 28-392. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings respectively ascribed to them, unless the context clearly indicates a different meaning:

Activation means making the alarm system operational for purposes other than testing, that may result in a law enforcement agency response to that site.

Alarm administrator means a person designated by the sheriff to administer, control and review alarm dispatch requests; and coordinate false alarm notification letters, enforcement and fines.

Alarm appeals board means a board established to hear an appeal timely requested on a decision rendered by the alarm administrator.

Alarm business means the business by an individual, partnership, corporation or other entity of selling, leasing, maintaining, servicing, repairing, altering, replacing, moving or installing any alarm system or causing to be sold, leased, maintained, serviced, repaired, altered, replaced, moved or installed any alarm system in or on any building, structure or facility.

***State law reference**—Life Safety and Property Protection Licensing Act, R.S. 40:1664.1 et seq.

Alarm system means any assembly of equipment, devices, mechanical or electrical, arranged or used for the detection of a hazardous condition or an unauthorized entry or attempted entry into a building, structure or facility, or for alerting persons of a hazardous condition or the commission of an unlawful act within or upon a building, structure or facility, and which emits a sound, or transmits a signal or message when activated, to which annunciation the sheriff's department or other law enforcement agency may be summoned to respond. For purposes of this chapter, the term "alarm system" shall not include:

- (1) An alarm installed on motor vehicles, boats or other movables not connected/attached to a fixed protected property site.
- (2) An alarm installed upon the premises occupied by the United States government, by the state or by the parish.
- (3) Any device or system designed solely to give notice or alert of a medical emergency.

Alarm system monitoring company means any individual, partnership, corporation or other entity that engages in the business of monitoring property, burglary, robbery or panic alarms, and of reporting any activation of such alarms to the sheriff's office. Such a company must have a monitoring station, which is the use of a system or a group of systems in which the operation of circuits and devices at a protected property are signaled to, recorded in, and supervised from a central monitoring station having trained operators who, upon receipt of a signal, take such action as required by the nature of the signal received.

Alarm system user or *user* means the person, firm, partnership, association, corporation, company or other entity which owns, leases, controls or occupies any building, structure or facility wherein an alarm system is maintained.

Alarm systems in apartment complexes.

- (1) Contracted for by an individual tenant means that if an alarm system is installed or maintained by an individual tenant within an apartment complex, then the tenant is responsible for false alarm dispatches emitted from the alarm system in the tenant's unit and the payment of fines.
- (2) Furnished by the apartment complex as an amenity means that if the owner or property manager of an apartment complex provides and maintains alarm systems in each unit as an amenity, then the owner or property manager of the apartment complex is responsible for false alarm dispatches emitted from these alarm systems in all of these units collectively and the payments of any fines.

Audible alarm system means an alarm system that emits an audible sound or message which can be heard off-premises. Such an audible local area alarm may or may not be monitored by an alarm system monitoring company, and such audible sound is intended to alert neighbors or other residents of the local area to summon the sheriff's office. (See *Local alarm*.)

Automatic dialing device means a device which is interconnected to a communications system and is programmed to select a predetermined delivery number and transmit by voice message, code signal or otherwise an emergency message indicating a need for emergency response. Such a device is part of an alarm system which automatically sends over a communications system, by direct connection or otherwise, a prerecorded message or coded signal to report an emergency.

Conversion/takeover means the transaction or process by which an alarm system user, alarm business or alarm system monitoring company takes over control of an existing alarm system which was previously controlled by another alarm system user, alarm business or alarm system monitoring company.

Dispatch means to direct sheriff's office units to a location where there has been a report made, by whatever means, that sheriff's office assistance or investigation is needed.

False alarm means an alarm signal, eliciting a response by the sheriff's office when a situation requiring such response does not exist, including, but not limited to, the activation or transmission of any alarm signal caused by human error, mechanical or electronic malfunction, negligence of the alarm system user or user's agent or employee, whether or not the exact cause of the alarm activation is determined, or any other activation or transmission of any alarm signal where no actual emergency exists. Severe weather, power outages, transmission line malfunctions, acts of God, malicious acts of persons not under the direction or control of the alarm system user, acts of terrorism, or any other cause clearly beyond the control of the alarm system user may be considered in determining if an alarm activation was false and whether any occurrence, fine, warning or other action will be taken against the alarm system user as provided for by this section.

Grace period means a specified length of time from the date of installation, or system conversion/takeover during which no occurrence, fine or penalty is assessed for false alarms.

Holdup alarm system means any system, device or mechanism, activated by human action as a result of or in response to robbery or attempted robbery at the alarm site. (See *Panic alarm*.)

Local alarm means an alarm system which when activated causes an audible or visual signaling device to be activated only on the premises upon which the system is installed and which is intended to be heard or seen by others outside of the protected premises.

No response means sheriff's deputies will not be dispatched to investigate a report of an alarm signal.

Notice means written notice given by service upon the alarm system user or given through first class U.S. mail, postage prepaid, to the alarm system user's last known mailing address.

Panic alarm means any system, device or mechanism, activated by an individual on or near the premises, to alert others that a robbery or other crime is in progress, or that the user is in

need of immediate assistance or aid in order to avoid injury or bodily harm. The term "panic alarm" includes the manual entry of any combination of numbers into a keypad intended for emergency summons of the sheriff's office.

Response means the arrival of a law enforcement officer at the premises where an alarm system has been activated, indicating an emergency at those premises.

Site means each location requiring an individual alarm system. An alarm system site is determined by each separate and distinct physical address.

Suspension means the temporary cessation of the sheriff's office response to the site of an alarm system.

Verification means any attempt, by the alarm business, or alarm system monitoring company to verify the need for a sheriff's office dispatch by contacting the alarm system site by telephone, electronically, via a communications system, or by visual means, whether or not an actual contact with a person is made, before requesting a sheriff's office dispatch.
(Code 1998, § 15-926.00; Ord. No. 06-1310, 6-1-2006)

Sec. 28-393. Alarm system operation and maintenance.

An alarm system user shall:

- (1) Maintain the premises containing an alarm system in a manner that ensures proper operation of the alarm system.
- (2) Maintain the premises and the alarm system in a manner that will minimize or eliminate false alarm dispatches.
- (3) Make every reasonable effort to respond or cause a contact person to respond to the alarm system's location within a reasonable period of time when notified by the alarm administrator or the sheriff's office to deactivate a malfunctioning alarm system, to provide access to the premises, or to provide security for the premises.
- (4) Not manually activate an alarm for any reason other than the occurrence of an event for which the alarm system was intended to be activated.
- (5) Instruct all personnel who are authorized to place the system or device into operation of the appropriate method of its operation.

(Code 1998, § 15-930.00; Ord. No. 06-1319, 6-1-2006)

Sec. 28-394. Sheriff's office response to alarm notifications.

(a) *Deputy on the alarm scene.* Whenever an alarm is activated, thereby requiring an emergency response to the location by the sheriff's office, a sheriff's deputy on the scene of the activated alarm system shall inspect the area protected by the system and determine whether

the alarm was false or was caused by a criminal offense or attempted criminal offense. The deputy shall affix to the main premises entrance at that location a notification indicating the date, time and responding deputy unit number.

(b) *Notification and tracking.* The deputy responding to the alarm scene will verify the address location and communicate to the sheriff's office dispatcher the disposition of the call which will be recorded into the sheriff's office computer aided dispatch system. In the event of a false alarm, any weather conditions or other possible contributing factors which could have led to the false alarm shall be recorded in the dispatcher's computer record.

(Code 1998, § 15-931.00)

Sec. 28-395. Penalty for false alarms.

(a) *Sending of false alarms.* The sending of an alarm signal eliciting a response by the sheriff's office when a situation requiring a response by the sheriff's office does not in fact exist, including, but not limited to, the activation or transmission of any alarm signal caused by human error, mechanical or electronic malfunction, negligence of the alarm system user or alarm system user's agent or employee, or any other activation or transmission of any alarm signal where no emergency exists, whether the exact cause of the alarm activation is determined, is prohibited. Severe weather, power outages, transmission line malfunctions, acts of God, malicious acts of persons not under the control of the alarm system user, acts of terrorism or any other cause clearly beyond the control of the alarm system user may be considered in determining if an alarm activation was false and whether any occurrence, fine, warning or other action will be taken against the alarm system user as provided for by this section.

(b) *Unlawful activation of a holdup or panic alarm.* No person shall activate any robbery, holdup or panic alarm for the purpose of summoning police except in the event of an unauthorized entry, robbery or other crime being committed or attempted on the premises or in the event the person needs immediate assistance in order to avoid injury, property loss or bodily harm. The unnecessary dispatching of the sheriff's office for robbery, holdup or panic alarms will be counted against the alarm site as a false alarm.

(c) *Grace period.* Beginning with the date of alarm activation or alarm conversion/takeover, there shall be a 30-day grace period. During the 30-day grace period, false alarms will not be counted as an occurrence toward the total for the calendar year, nor will the alarm system user be subject to any fine, warning or other action as provided for in this section.

(d) *Penalties for sending of false alarms.* The sending of a false alarm constitutes a violation of this section. It shall be the responsibility of the alarm system user to provide the necessary documentation in order to verify the alarm system's date of purchase, conversion/takeover date, or installation to authenticate the grace period and administrative warnings, fines and/or suspension of a sheriff's office response may be assessed/imposed upon an alarm system user by the alarm administrator for excessive false alarms during a calendar year as follows:

<i>Number of False Alarms</i>	<i>Penalty</i>
1 to 3	No fine assessed. Alarm user identification letter issued for 2nd and 3rd false alarm.
4 to 5	\$25.00 fine per false alarm to alarm system user.
6 to 7	\$50.00 fine per false alarm to alarm system user.
8 to 9	\$75.00 fine per false alarm to alarm system user.
10 and above	Notice of suspension issued. (Nonresponse by police.)

All funds derived from the fines contained in this article, except those fines imposed and collected by the district court, shall be allocated to the operating budget of the sheriff's office. Except for the fines collected by the district court, it shall be the responsibility of the sheriff's office or a designated collection agency or agencies to collect such fines.

Suspension requirements fulfilled—Reinstatement—\$100.00 fine.

(e) *Training waiver.* Once per calendar year, an alarm system user shall have a false alarm fine, with the exception of the reinstatement fine, waived upon payment of all prior fines imposed through this section and submission of written documentation of the alarm system user having attended training recognized by the alarm industry to reduce false alarms.

(f) *False alarm annual count.* At the end of the calendar year, the false alarm count will revert to zero, provided all charges, fees, and fines have been paid. Multiple alarms from the same site on a single calendar day may be counted as only one false alarm for the purposes of penalty assessment.

(g) *Alarm user identification letter.* Upon receipt of the second and third false alarm report, the alarm administrator shall send an alarm user identification letter by regular mail to the occupant of the alarm site. The alarm system user shall be accountable for accurately completing the requested identification information and returning same to the police department alarm administrator. The letter shall include:

- (1) The name, birth date, driver's license number, social security number, address and telephone numbers of the person who is the alarm system user and who is responsible for the proper maintenance and operation of the alarm system. In the case of a firm, corporation, partnership, association, company or organization, an individual shall be designated and identified as the corporate officer, partner, associate or company representative who will be held accountable as the responsible person for the alarm site.
- (2) The classification of the alarm site as either residential, commercial or apartment.
- (3) The name, address and phone number of the alarm business performing the alarm system installation, activation, conversion/takeover and business responsible for providing repair service to the alarm system.
- (4) The name, address and phone number of the alarm system monitoring company, if different from the installing alarm business, and if applicable.

(h) *Failure to return alarm user identification letter.* Failure to return the alarm user identification letter within ten days after the third false alarm report notification shall cause the alarm administrator to send a suspension notification letter by certified mail, return receipt requested, to the occupant of the alarm site, notifying the occupant that the sheriff's office will not respond to any future alarms at the alarm site. Continued reporting of alarms to the sheriff's office under suspension status shall subject the alarm system user to prosecution in district court and a fine of not less than \$150.00 and not more than \$250.00 for each violation. The alarm administrator may reinstate the alarm system user for failure to submit the alarm user identification letter after the alarm system user applies in writing for reinstatement. An alarm user, suspended for failure to respond to the alarm user identification letter, may reapply for reinstatement in writing. The alarm administrator may reinstate sheriff's office response privileges to the alarm user after the user provides the information requested in the alarm user identification letter and after payment of a \$100.00 fine. However, any false alarms which occur after reinstatement shall be added to the existing number of false alarms attributable to the alarm user in that calendar year for purposes of determining the appropriate penalty provided in subsection (d) of this section, entitled "Penalty for sending false alarms".

(i) *Warning notification letter.* The alarm administrator shall send a "notification of false alarm and fine" by regular mail to notify the alarm system user and the alarm business and/or alarm system monitoring company of each false alarm when a fine is applicable, and the consequences of the failure to pay the fine. The alarm administrator shall also inform alarm system users of their right to appeal the finding of any false alarm to the sheriff via the alarm administrator or his designee.

(j) *Failure to pay fine.* If an assessed fine has not been paid within 30 days of the day the notice of fine was mailed by the alarm administrator and there is no appeal pending on the finding of the false alarm, the alarm administrator shall send a second notice of false alarm and fine by certified mail, return receipt requested, along with a notice of late fee of \$25.00. If payment is not received within ten days of the day such notice was received, the alarm system user shall be in violation of this section, subject to prosecution in district court and shall be fined, upon conviction, not less than \$100.00 nor more than \$250.00 within any 30-day period, or shall perform community service, or both, and may result in "nonresponse" to the alarm system user's alarm. A "notice of suspension of sheriff's office response" shall be sent by the alarm administrator to the alarm system user, alarm business, and/or alarm system monitoring company by certified mail, return receipt requested.

(k) *Suspension warning; "No response" to excessive alarms.* After the eighth false alarm, the alarm administrator shall send notification to the alarm system user by certified mail, return receipt requested, and a copy by regular mail to the alarm business and/or alarm system monitoring company, which shall contain the following information:

- (1) That the eighth false alarm has occurred.

- (2) That if two more false alarms occur within the calendar year, sheriff's deputies will not respond to any subsequent alarms without the approval of the sheriff through the alarm administrator.
- (3) That such approval may only be obtained by applying in writing for reinstatement. The alarm administrator may reinstate the alarm system user only upon finding that reasonable effort has been made to correct the cause of the false alarms. Examples of such reasonable effort may include written documentation of:
 - a. A service inspection by the alarm business for repair of any mechanical failures;
 - b. Modifications or improvements made to the alarm system and/or the alarm system user having completed training recognized by the alarm industry to reduce false alarms.
- (4) That the alarm system user has the right to contest the finding of a false alarm by the alarm administrator through a "false alarm validity hearing" held by the alarm appeals board. The request for such a hearing must be in writing and filed with the alarm administrator within 15 days of receipt of the notice of false alarm.
- (5) The assessment of the \$75.00 fine.

(l) *Application of suspension.* After the tenth false alarm within a calendar year or if an alarm system user has failed to submit the alarm-user identification letter within ten days of receipt of the third false alarm report notification, there may be no police response to subsequent alarms without the approval of the sheriff through the alarm administrator. The alarm administrator shall send a "notice of suspension of police response" to:

- (1) The sheriff's office communications division so that the computer aided dispatch address file history can be recorded.
- (2) The alarm system user by certified mail, return receipt requested.
- (3) The alarm business and/or alarm system monitoring company by certified mail, return receipt requested. The suspension of sheriff's office response to an alarm location shall begin ten days after the date of receipt of the notice of suspension of sheriff's office response to the alarm system user unless a written appeal of the suspension has been made to the sheriff through the alarm administrator.

(m) *Sheriff's office authority to suspend alarm response.* Nothing herein is intended to affect the inherent authority of the sheriff of the parish to exercise discretion in the operation and administration of his office. The sheriff's office is further authorized by this section to use discretion in deciding whether to direct police units to an alarm location where a suspension of police response has been implemented and there has been a report made that police assistance or investigation is needed. All dispatch decisions are made subject to competing priorities and available police response resources and at the discretion of the sheriff.

(n) *Appeal through the alarm administrator.* An alarm system user who wants to appeal a false alarm determination by the alarm administrator, fines, suspension of sheriff's office response, or an alarm system user's request for reinstatement, may file same with the sheriff through the alarm administrator for hearing. The request must be in writing and must be made within 15 days of the alarm system user having received the notification of action. Failure to appeal the determination in the required time period results in a conclusive presumption of the validity of the alarm administrator's determination. If a hearing is requested, written notice of the time and place of the hearing shall be served on the alarm system user by the alarm administrator by certified mail, return receipt requested, which date shall not be more than 21 nor less than ten days after the filing of the request for hearing. The alarm system user shall have the right to present to the alarm administrator alarm appeals board written and/or oral evidence. The alarm administrator shall consider the evidence offered and issue written findings waiving, expunging or entering penalties provided by this article on an alarm system user's record as appropriate. Confirmation submitted by an alarm system user that an alarm business has been notified and summoned for an alarm system repair or service call, may be considered sufficient evidence to not continue accruing any further false alarms at this site until that alarm business has completed such documented service and/or repair within a reasonable period of time. If false alarm designations are entered on the alarm user's record, the alarm administrator may pursue fine collection accordingly.

(o) *Suspension requirements fulfilled-reinstatement.* The alarm system user may request an appeal hearing before the alarm administrator as specified above. At this hearing, the alarm system user must present evidence to the alarm administrator that the alarm system user has taken corrective action to repair, modify, or install alarm equipment that will serve to prevent future false alarms at that site. Written documentation provided by an alarm business shall be required. Such correction may also include mandatory user false alarm reduction training through a recognized class. Upon receipt of this documentation and payment of the \$100.00 fine, the alarm administrator shall reinstate the sheriff's office response status. The false alarm count will return to zero for that calendar year upon installation of a new alarm system or upon correction or modification of an existing alarm system.

(p) *Reinstatement denied.* If the alarm administrator determines that the action taken will not substantially reduce the likelihood of false alarms, the request for reinstatement shall be denied. The alarm administrator shall give notice by certified mail, return receipt requested, to the alarm system user that police response will be suspended and notify the alarm system user as to what is necessary in order to have the response status reinstated. If the alarm system user's request for reinstatement has been denied by the alarm administrator, the alarm system user may, within 15 days of receipt of a notice of suspension, appeal this decision by filing a written request for review by the alarm appeals board.

(q) *Continued reporting of alarms while under suspension.* It shall be a violation of this section for an alarm system user to cause or allow notification to the sheriff's office from an alarm site which has a suspended police response status. A user must disconnect and prevent

the signal, audible and electronic, of a suspended alarm system to cause notification to the sheriff's office by an alarm system monitoring company from the audible noises emitted from a local alarm system. An alarm system user who violates this provision is subject to prosecution in district court and a fine of not less than \$150.00 and not more than \$250.00 for each violation.

(Code 1998, § 15-932.00; Ord. No. 06-1310, 6-1-2006)

Sec. 28-396. Alarm appeals board.

(a) *Composition of the board.* The sheriff's office shall convene an alarm appeals board to address unresolved disputes pertaining to the findings of false alarms by the alarm administrator, fines, suspension or requests for reinstatement of sheriff's office response, or any other issues of a common interest to the sheriff's office, alarm industry and/or alarm system users. The alarm appeals board shall be comprised of five members: two sheriff's office representatives designated by the sheriff, two alarm industry representatives designated by the local chapter of the state Burglar and Fire Alarm Association, and one representative selected from alarm system users. The terms of board members are as follows: The terms of the two sheriff's office representatives shall be determined by the sheriff; the terms of the other board members shall be one year, running from January 1 to December 31. Board members may succeed themselves. No member of this board shall be liable for any civil action for any act performed in good faith in the execution of his duties as a board member. The alarm industry, including alarm businesses and alarm system monitoring companies shall not be responsible for the collection of any fines levied against alarm system users for violating the requirements of this article.

(b) *Appeal from fines.* The alarm appeals board shall conduct a hearing in those matters requested for appeal that have been ruled on by the alarm administrator. The alarm appeals board shall consider evidence offered by any interested persons. The board shall make its decision on the basis of a preponderance of evidence presented at the hearing including, but not limited to, evidence that a false alarm dispatch was caused by a defective part that has been repaired or replaced or that an alarm dispatch request was caused by a criminal offense. The board must render a decision within 30 days after the request for an appeal is filed. If decision is not rendered within 30 days, the alarm administrator's ruling stands. The board shall affirm, reverse or modify the action of the alarm administrator. The decision of the board is final as to administrative remedies with the parish.

(c) *Appeal from denial or suspension.* The alarm appeals board shall conduct a hearing and consider evidence offered by any interested persons. The board shall make its decision on the basis of a preponderance of the evidence presented at the hearing including, but not limited to, certification that alarm system users have been retrained, that a defective part has been repaired or replaced, or that the cause of the false alarm has been otherwise corrected. The board must render a written decision within 30 days after the request for an appeal is filed. If decision is not

rendered within 30 days, the alarm administrator's ruling stands. The board may affirm, reverse or modify the action of the alarm administrator. The decision of the board is final as the administrative remedies.

(d) *District court proceedings.* The alarm appeals board shall have no standing with respect to the adjudication of proceedings within district court relative to false alarms.

(Code 1998, § 15-933.00; Ord. No. 06-1310, 6-1-2006)

Sec. 28-397. No liability of the parish.

The parish assumes no liability for any defects in the operation of any alarm system or transmission of signals, for any failure or neglect of any person associated with the installation, operation or maintenance of an alarm system, for any failure or neglect of any alarm system user, for the transmission or receipt of alarm signals or any failure or neglect to respond upon receipt of an alarm from any source. In the event that the sheriff finds it necessary to suspend police response or to otherwise provide for the disconnection of any alarm system, the parish shall have no liability for such action. No special duty other than that owed to the general public shall be created by virtue of this section or as a result of the transmission to or receipt of alarm signals by the sheriff's office.

(Code 1998, § 15-934.00; Ord. No. 06-1310, 6-1-2006)

Secs. 28-398—28-428. Reserved.

ARTICLE XIII. AIRBOATS

Sec. 28-429. Unauthorized airboats prohibited.

It is recognized that the use of airboats on real property without the express written permission of landowners poses eminent hazards within the parish; therefore, it shall be unlawful for any commercial or recreational airboat to commit a trespass on private or public real property.

(Code 1998, § 15-950.00; Ord. No. 94-1941, 3-17-1994; Ord. No. 06-1449, 12-7-2006)

Sec. 28-430. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Airboat means any watercraft propelled by means of an air propeller powered by an engine of at least 25 horsepower.

Idle speed and *No wake zone* means bare steerage speed, the slowest speed the vessel can travel while allowing the operator to maintain directional control of the vessel to produce the minimum water surface turbulence.

Sign means any "No Trespass" or "Posted" sign placed on immovable real property in such place or places where the signs may reasonably be expected to be seen. A sign forbidding entry on the property shall be conspicuously posted or exhibited at the entrances of said property regulated by this section.

(Code 1998, § 15-951.00)

Sec. 28-431. Operation of airboats.

(a) It shall be unlawful to operate an airboat at more than idle speed within 300 feet of a public boat launch, a public docking facility adjacent to a public boat launch or any residence within the boundaries of unincorporated parish.

(b) Airboats shall at all times be operated in compliance with all parish, state and federal laws and regulations, and any restrictions placed on the use of the airboats in a letter of no objection or other use-specific written permission issued by any affected property owner.

(c) No person shall go upon or remain in or upon or attempt to go into or upon any immovable real property which belongs to another, for the purpose of operating or using an airboat, after having been forbidden to do so, either orally or in writing, including by means of any sign placed in conformity with this article, by any owner, lessee or custodian of the property or by any other person authorized by any such persons.

(Code 1998, § 15-952.00)

Sec. 28-432. Enforcement.

(a) Enforcement of this article is authorized, directed and empowered to state and local law enforcement agencies, and duly commissioned officers with state or federal wildlife and fisheries agencies.

(b) No person shall be convicted of violating trespass provision of this article if a sign was not in place at the time of the alleged violation. It shall be unlawful for any person to remove, without the permission of the landowner, any properly posted "No Trespass" sign posted or exhibited at the entrances of any property in accordance with this article.

(Code 1998, § 15-953.00)

Sec. 28-433. Exemptions.

This article shall not apply to any emergency, police, fire, ambulance or other government vessels, airboats or other watercraft when same is being operated in an official capacity. In addition, no person shall be found in violation of this article by reason of being upon property without authorization when the reason for such is a maritime or other emergency.

(Code 1998, § 15-954.00)

Sec. 28-434. Penalty.

Any person who violates any of the provisions of this article; or who violates or fail to comply with any order made hereunder, within the time fixed therein, shall severally for each and every violation and noncompliance, respectively, be guilty of a misdemeanor punishable by a fine of not less than \$100.00 nor more than \$500.00, or by imprisonment for not more than 30 days, or both such fines and imprisonment. Each day that any violation of this article continues shall constitute a separate offense.

(Code 1998, § 15-955.00; Ord. No. 06-1449, 12-7-2006)

Secs. 28-435—28-451. Reserved.**ARTICLE XIV. VEHICLES DURING FLOOD STAGE****Sec. 28-452. Operation of vehicles/watercraft upon flooded streets.**

Whenever facts and circumstances exist which result in the full or partial flooding of a street, a person shall not operate or permit the operation of a vehicle or watercraft upon such affected street in a manner which endangers or may likely endanger a person or property thereon or in proximity thereto. For the purposes of this section, which is or may be damaged by the intentional or negligent operation of the vehicle or watercraft:

- (1) Any law enforcement officer duly authorized to enforce the ordinances of the governing authority of the parish, shall be authorized to enforce the provisions of this article.
- (2) Any person who observes a violation of this article is authorized to notify the appropriate law enforcement authority of such violation within 24 hours of the violation. Said person by affidavit shall provide the authority with the description of the offender and/or the offending vehicle or watercraft and, if known, the license or registration number of the offending vehicle or watercraft.
- (3) Said authority may issue a citation to the offender and/or the owner of the vehicle or watercraft involved or, in the case of a leased vehicle, the lessee of the vehicle involved, on the bases of the information provided by the person as set forth in the aforementioned subsection.
- (4) Any person convicted of violating this article shall be subject to the penalty provision which is set forth in section 1-9.

(Code 1998, § 15-975.00; Ord. No. 95-2251, 7-20-1995; Ord. No. 95-2252, 7-20-1995)

Sec. 28-453. Use of local waterways during flood stage.

Upon the declaration by the director of emergency preparedness of a state of emergency for all or a portion of a waterway in the parish, a person shall not operate or permit the operation of a watercraft on a waterway in the parish in a manner which endangers or may likely endanger

a person or property thereon or in proximity thereto. Such operator shall proceed only at a speed that is reasonable and prudent under the conditions and potential hazards existing and shall have due regard for the marine traffic and property thereon or nearby and other relevant atmospheric, waterway, lighting and geographical conditions. For the purpose of this section, property and corporeal and incorporeal property, any of which is or may be damaged by the intentional or negligent operation of the watercraft:

- (1) Any law enforcement officer duly authorized to enforce the ordinances of the governing authority of the parish shall be authorized to enforce the provisions of this article.
- (2) Any person who observes a violation of this article is authorized to notify the appropriate law enforcement authority of such violation within 24 hours of the violation. Said person by affidavit shall provide the authority with the description of the offender and/or the offending watercraft and, if known, the registration number of the offending watercraft.

ARTICLE XV. REGISTRATION OF SEX OFFENDERS; VERIFICATION PROCEDURES*

Sec. 28-475. Findings; purpose.

(a) The legislature has found that sex offenders, sexually violent predators and child predators often pose a high risk of engaging in sex offenses, and crimes against victims who are minors even after being released from incarceration or commitment and that protection of the public from sex offenders, sexually violent predators and child predators is of paramount governmental interest. The legislature has also found that local law enforcement officers efforts to protect their communities, conduct investigations, and quickly apprehend offenders who commit sex offenses and crimes against victims who are minors, are impaired by the lack of information available to law enforcement agencies about convicted sex offenders, sexually violent predators, and child predators who live within the agency's jurisdiction, and the penal and mental health components of our justice system are largely hidden from public view and that lack of information from either may result in failure of both systems to meet this paramount concern of public safety. Restrictive confidentiality and liability laws governing the release of information about sex offenders, sexually violent predators, and child predators have reduced willingness to release information that could be appropriately released under the public disclosure laws, and have increased risks to public safety. Persons found to have committed a sex offense or a crime against a victim who is a minor have a reduced expectation

***State law reference**—Registration of sex offenders, sexually violent predators, and child predators, R.S. 15:540 et seq.

of privacy because of the public's interest in public safety and in the effective operation of government. Release of information about sex offenders, sexually violent predators, and child predators to public agencies, and under limited circumstances to the general public, will further the governmental interests of public safety and public scrutiny of the criminal and mental health systems so long as the information released is rationally related to the furtherance of those goals.

(b) It is the express policy of this state to assist local law enforcement agencies efforts to protect their communities by requiring sex offenders, sexually violent predators, and child predators to register with state and local law enforcement agencies, to require the exchange of relevant information about sex offenders, sexually violent predators, and child predators among state, local and federal public agencies and officials, and to authorize the release of necessary and relevant information about sex offenders, sexually violent predators, and child predators to members of the general public as provided under state law.

(c) In order for the parish to further assist local law enforcement officers efforts to protect this community, conduct investigations, and quickly apprehend offenders who commit sex offenses and crimes against victims who are minors, it is necessary that the sheriff's office have an effective means of continuing verification of the information and notifications that sex offenders are required to provide.

(Code 1998, § 15-985.00)

Sec. 28-476. Definitions.

Where necessary for clarification or interpretation of this article, reference to the definitions and provisions of state law is permissible.

(Code 1998, § 15-985.01)

Sec. 28-477. Procedure for verification.

Any person who currently resides in the parish, or who moves into the parish, and is required by state law to register for life with the sheriff of the parish of his residence and/or with the chief of police, shall be required to continuously have on his person, commencing upon registration with the parish sheriff, a location tracking electronic monitoring device for the purpose of providing an ongoing verification of the registrant's stated residence within this parish, the location of enrollment or worker status at an institution of post-secondary education, the location where the registrant provides recreational instruction, and in order to ensure that all required information is accurate and that all required notifications are current and are being provided within the designated areas.

(Code 1998, § 15-985.02)

Sec. 28-478. Fee for monitoring.

The sheriff of the parish is hereby authorized to charge a fee for the cost of the electronic device and the costs associated with the monitoring thereof.
(Code 1998, § 15-985.03)

Sec. 28-479. Penalties.

(a) Any person who fails or refuses to wear a location tracking electronic monitoring device, when required to do so under the provisions of this article, shall be guilty of a misdemeanor punishable by a fine of not less than \$500.00 and imprisonment of not less than 30 days in the parish jail.

(b) Any person who tampers with a location tracking electronic monitoring device shall be guilty of a misdemeanor punishable by a fine of not less than \$500.00 and imprisonment of not less than 30 days in the parish jail.

(c) When a person is required to comply with the provisions of this article, it shall be unlawful for any person to assist that person in avoiding or circumventing any of the requirements of this article. Any person who is found guilty of assisting a person in avoiding or circumventing the requirements of this article shall be guilty of a misdemeanor punishable by a fine of not less than \$500.00 and imprisonment of not less than 30 days in the parish jail.

ARTICLE XVI. URINATION AND DEFECATION IN PUBLIC PROHIBITED

Sec. 28-495. Urination in public.

Urination in public is the willful and intentional urination by a person in a public place, in a place not intended for such purposes, or in a place open to the public view. Whoever commits the crime of urination in public shall be guilty of a misdemeanor.
(Ord. No. 16-3527, § 15-986.01, 6-2-2016)

Sec. 28-496. Defecation in public.

Defecation in public is the willful and intentional defecation by a person in a public place, in a place not intended for such purposes, or in a place open to the public view. Whoever commits the crime of defecation in public shall be guilty of a misdemeanor.

ARTICLE I. IN GENERAL**Sec. 30-1. North Shore Beach Park.**

(a) *Rules and regulations.* For the health, benefit and enjoyment of beach patrons and the neighborhood surrounding North Shore Beach on Debbie Drive in Slidell, Louisiana, the following rules and regulations shall apply to both the beach and the adjacent park property:

- (1) The hours of operation are daylight to dark.
- (2) No glass containers allowed.
- (3) No littering or dumping allowed.
- (4) No smoking allowed.
- (5) No open fires, firearms or fireworks allowed. This shall not apply to the display of fireworks with express parish authority, nor to duly authorized law enforcement agents on bona fide assignments.
- (6) Dogs, horses or other pets are not allowed, except guide dogs accompanying visually impaired persons or hearing ear dogs accompanying hearing impaired persons.
- (7) No audio or playing of electronic, amplified music before 9:00 a.m.
- (8) Nuisance noises and sounds that are unreasonably loud and intrusive, so as to be disruptive within the park or surrounding community are prohibited (see also chapter 26).
- (9) No overnight camping.
- (10) Motorized or electric vehicles are not allowed.
- (11) Swimming and other similar water activities will be at patrons' own risk. The parish provides no lifeguards.
- (12) Motorized boats and personal watercraft are not allowed on the shoreline of Lake Pontchartrain adjacent to North Shore Beach Park.
- (13) Alcoholic beverages will not be allowed except for special events. A special event organizer/sponsor must obtain a temporary alcohol permit and conform to section 6-30(d) and state law in accordance with L.A.C. title 55, part 7, section 323 and any other applicable state law.
- (14) Parking of motorized or electric vehicles of any kind for patrons of North Shore Beach Park shall at all times be limited to any of the 26 parking spots fronting on Debbie Drive, the location of which have previously been designated by the parish department of public works and/or other parish departments.

- (15) The no parking on entire right-of-way shall be on Debbie Drive starting at a point 100 feet east of Clara Drive going east for 1,000 feet less and except a 200-foot area designated and with signage depicting this area by public works. The parking area will be for single perpendicular parking only. All parish and fire station employees will be exempt.
- (16) Use of any dumpster or garbage receptacle placed on the premises of North Shore Beach Park at the discretion of the parish government shall at all times be limited to patrons of North Shore Beach Park, and during regular hours of operation as noted above in subsection (a)(1) of this section. A dumpster or garbage receptacle shall only be used to contain trash, debris, refuse and other non-toxic material generated at North Shore Beach Park. Furthermore, it shall be unlawful to dump, place or deposit the following items in any such dumpster or garbage receptacle:
- a. Furniture, including, but not limited to, sofas, couches, tables, beds, mattresses, chairs, recliners and/or similar items;
 - b. Electronics and appliances, including, but not limited to, televisions, computers, lamps, air conditioners, stoves, water heaters, dishwashers, freezers, washing machines, dryers and/or similar items;
 - c. Household attachments and/or home construction, repair or building supplies, including, but not limited to, doors, windows, tiles, wood, carpets, cabinets, bricks, concrete and/or similar items;
 - d. Hazardous waste or toxic items;
 - e. Waste products from commercial operations;
 - f. Any items which might affect the health or enjoyment of any patron of North Shore Beach Park;
 - g. Deceased animals, reptiles or livestock, or any remains, entrails or waste thereof.
- (17) It shall be unlawful for any person to intentionally break, disturb or remove any dumpster or garbage receptacle that has been placed on the premises of North Shore Beach Park by the parish government or parish-authorized collection authorities, or the contents therein.

(b) *Penalty.* Except where state law or parish ordinance supersedes and provides for more stringent penalties, any person violating the provisions of this section shall be subject to a fine of not more than \$500.00 or imprisonment in the parish jail for not more than 30 days, or both, in the discretion of the court.

(c) *Enforcement.* Enforcement of this section shall be by the parish sheriff's office or any other applicable agency with jurisdiction to enforce the provisions stated herein.

(Code 1998, § 16-001.00; Ord. No. 1158, 5-22-1980; Ord. No. 81-212, 6-4-1981; Ord. No. 12-2771, 7-12-2012; Ord. No. 16-3555, 8-4-2016)

Sec. 30-2. Campgrounds, amusement parks—Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Amusement parks means places of amusement as defined in section 22-241.

Campground means any privately owned land or area offered for use and/or occupancy to the public as a recreational or playground facility where spaces are rented on a temporary or short term basis to campers or other persons who utilize the facilities overnight or on a temporary basis, or a mobile home or trailer park offered for use and/or occupancy to transients for hire for less than seven consecutive days, any or all of the foregoing operated as a commercial venture and for profit potential and for which a parish occupational license is required. As so used, same shall include private parks open to the public for a fee and recreational facilities whether or not overnight camping is permitted.

Manager means the person designated by the owner to operate or supervise the daily operations of the campground or amusement park. The term "manager" also means "operator" and the terms are used interchangeably.

Owner means the title owner thereof.
(Code 1998, § 16-002.00; Ord. No. 82-423, 8-19-1982)

Sec. 30-3. Same—Applicability.

This chapter shall apply only in the unincorporated areas of the parish.
(Code 1998, § 16-003.00; Ord. No. 82-423, 8-19-1982)

Sec. 30-4. Same—Written warnings and signs required; contents.

(a) The owner and/or manager of any campground or amusement park, as defined herein, is required to issue a written warning to all such campers or users thereof advising them that all property surrounding such campground or facility is under private ownership and that all legal property rights vest with the owner thereof and that the general trespass laws of the state apply uniformly to the parish, and that the trespass law will be enforced and that violators thereof are subject to prosecution.

(b) The written warning can be on the reverse side of a receipt, on a separate document or paper or in lieu, thereof, a copy of this chapter can be issued to each person or camper. The warning must be given upon arrival of the camper at the campground and if a copy of this chapter is not provided, the warning shall contain the following language or words:

"Warning all property outside this campground or amusement park that is not owned by the owners of this facility is private property under private ownership. Louisiana trespass laws apply to private property in compliance therewith. Violations of trespass laws shall be strictly enforced and can subject violators thereof to criminal prosecution."

(c) It is further required of each campground and amusement park owner and/or operator to place a sign, at his own expense, at the campground or amusement park property line, but on campground or amusement property, where it can easily be read by each person traveling said street or road exiting the campground or amusement park, said sign required to measure a minimum of four feet by four feet whereupon the following message or words shall be placed:

The term "warning" shall be at least three inches in height. All other lettering shall be a minimum of two inches in height.

(Code 1998, § 16-004.00; Ord. No. 82-432, 8-19-1982)

Sec. 30-5. Same—Failure to issue written warnings and post signs.

It shall be unlawful and a misdemeanor punishable as is contained in section 1-9 for any owner and/or manager to fail to issue the written warning and post and maintain the warning signs required hereunder.

(Code 1998, § 16-005.00; Ord. No. 82-423, 8-19-1982)

Sec. 30-6. Authority to regulate conduct at recreational district facilities.

The boards of commissioners of parish recreational districts are authorized to promulgate guidelines, rules and regulations governing the conduct of participants and spectators of events at recreational district facilities, to provide for the consequences in the event of a violation thereof, and shall adopt procedures for the enforcement of same. In exercising the authority granted hereby, the board of commissioners has authority to gather evidence, hold quasi-judicial proceedings, and provide for the punishment of any violations, which may include prohibiting the violator from entering the recreational district property under their control.

ARTICLE XIV. TAMMANY TRACE*

Sec. 30-369. Restrictions for Tammany Trace.

(a) *Prohibited.* It shall be unlawful for any person, group or organization to be on or to use any portion of Tammany Trace that has not been officially opened to the public, unless express written permission has been obtained from the parish. Violators will be subject to prosecution under state trespass laws and subject to all fines and/or imprisonment coincidental therewith.

(b) *Public use.* As areas are officially opened for public use, same will be posted accordingly.

(c) *Exceptions.* Exempt herefrom are law enforcement officials, parish employees, agents, servants and representatives, and those individuals contracted with by the parish for professional services in connection with development and/or improvements to Tammany Trace. (Code 1998, § 16-131.00; Ord. No. 93-1706, 3-18-1993; Ord. No. 94-2024, 7-21-1994)

Sec. 30-370. Tammany Trace defined.

Tammany Trace is a 31 mile long by approximately 200 feet wide linear park located between Covington and Slidell, Louisiana, connecting Abita Springs, Mandeville and Lacombe to the end points. Tammany Trace is composed of a main trail, a horse trail, and various other recreational and support facilities. (Code 1998, § 16-131.01; Ord. No. 94-2024, 7-21-1994)

Sec. 30-371. Rules and regulations.

The following are the approved rules and regulations established in connection with Tammany Trace:

- (1) *General rules.*
 - a. Hours of operation are daily from 7:00 a.m. to dark.
 - b. Please stay on the appropriately marked trails. Pedestrians should stay on the west shoulder or to the right along each side of the trail. Slower traffic should stay to the right in each direction. Passing traffic should notify slower traffic that they are passing either by voice, horn or bell.

***Editor's note**—The St. Tammany Parish Council acquired a 31 plus mile section of the abandoned Illinois Gulf Railroad corridor in 1992 through a Federal Grant Purchase. The area has been dedicated to the public for recreational use and is identified and known as "Tammany Trace." It is Louisiana's first Rails to Trails conversion, and follows the 31 plus mile section of the old Illinois Gulf Rail Corridor, connecting Covington, Abita Springs, Mandeville, Lacombe and Slidell. Out of concern for the safety and well-being of the general public and to ensure that the area is maintained for the purpose intended, it is necessary to establish rules and regulations governing the use of Tammany Trace.

- c. Obey all federal, state and local traffic laws. Laws will be strictly enforced in accordance with fines associated with violations.
 - d. Park only in designated areas. Unauthorized parking is subject to being towed and/or ticketed.
 - e. No trespassing on private property.
- (2) *Prohibited.* The following is prohibited on Tammany Trace or its facilities:
- a. Camping.
 - b. Fires.
 - c. Carrying or discharging of firearms or fireworks.
 - d. Use of glass containers.
 - e. Hunting.
 - f. Littering.
 - g. Pets on main trail.
 - h. Racing.
 - i. Unauthorized solicitation.
 - j. Swimming, wading or diving.
 - k. Unauthorized structures.
 - l. Alcoholic beverages are prohibited on the Tammany Trace and/or its facilities except during special events. A special event organizer/sponsor must obtain a temporary alcohol permit and conform to section 6-30(d) and state law in accordance with L.A.C. title 55, part 7, section 323 and any other applicable state law.
 - m. Only authorized motorized vehicles are allowed on Tammany Trace.
 - n. Do not disturb plant vegetation. Tammany Trace traverses an environmentally sensitive area of the parish.
 - o. Handling of wildlife found on Tammany Trace is prohibited. Please contact Tammany Trace Ranger or appropriate parish authorities if there is a problem.
- (3) *Specific trail rules.*
- a. Horses stay in assigned areas.
 - b. A Coggins test is required for horses using Tammany Trace.
 - c. Do not exceed 15 miles per hour speed limit.
 - d. Horses must be kept at a walk in the area designated for horses on the main trail.
 - e. Helmets, knee pads, elbow and wrist guards are required for rollerbladers.

- f. Helmets are required for off-road biking (when such area has been constructed).
 - g. Obey all traffic signs along the trail.
 - h. Stay in designated areas only. Stay out of drainage ditches and other such structures not constructed for recreational purposes.
 - i. When you see hazard signs and reflective markings on the main trail, these signs denote possible danger areas. Move as close to the center of the trail as traffic will allow.
- (4) *Bridge etiquette.* Rollerbladers yield to cyclists; cyclists yield to joggers; joggers yield to walkers; walkers yield to horses. Helmets for cyclists and horsemen are strongly recommended and encouraged. Ride at your own risk if no helmet is worn. The parish is not responsible for injuries resulting from lack of proper equipment, improperly maintained equipment, improperly used equipment or improper or unsafe use of Tammany Trace facilities.
- (5) *Construction.*
- a. Absolutely no one shall use areas designated either as "Under Construction" or signed as "No Trespassing." These areas are unsafe and are not open to the general public. Further, only authorized personnel are allowed to enter these areas.
 - b. Tammany Trace is ADA accessible, and the parish encourages use of the trail by all, regardless of race, creed, sex, ethnic origin or physical impairment.
 - c. Commissioned Tammany Trace Rangers are empowered to patrol the trace, and write and issue citations to offenders.

(Code 1998, § 16-131.02; Ord. No. 94-2024, 7-21-1994; Ord. No. 14-3257, 12-4-2014; Ord. No. 15-3403, § 16-131.02, 10-1-2015)

Sec. 30-372. Requirements for Tammany Trace right-of-way access.

(a) *Definitions.* The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Access means any intrusion or use of the right-of-way.

Alternative means any method of achieving a similar result of the project goal.

Driveway means a private roadway providing access to one single-family residential structure.

Facility means any roadway, driveway, highway, structure or utility.

Landlocked means the inability to access a public road or other servitude of ingress or egress.

Parish planning commission is an extension and creation of the parish council. The said commission shall review the access request application and may grant or deny said access request application.

(b) *Presumption of best use.* The Tammany Trace corridor was acquired for its best and most necessary use and benefit as a transportation corridor and to preserve that corridor intact for future transportation uses. Therefore, those requesting access to/or within the Tammany Trace corridor shall bear the burden of proof relative to the need for such access. The Tammany Trace corridor presently is in interim use by the parish council as a multiple use transportation and recreation linear corridor.

(c) *Incompatibility.* The parish council shall deny any requests for access which, in its sole discretion, would adversely affect, or is incompatible to, the Tammany Trace corridor.

(d) *Minimum requirements for access.* In general, access to/or within the Tammany Trace corridor will not be granted. Access may only be granted in special circumstances where all of the following minimum requirements are met:

- (1) It is proven that there is an absolute need for the facility and/or access;
- (2) It is established and proven that there is no other alternative to the access of the Tammany Trace for such facility and/or access;
- (3) It is proven that the facility does not interfere with the present or future use of the Tammany Trace corridor; and
- (4) It is proven that all possible planning has been carried out to minimize adverse and harmful effects to the Tammany Trace corridor which would result from such facility or access thereto.

(e) *Additional requirements for roadways.* In addition to the above minimum requirements, requests for roadway crossings or intrusions may only be granted where all of the following additional requirements are met:

- (1) It is proven that the construction of a service road is not possible to avoid a roadway crossing or intrusion; and
- (2) The proposed roadway crossing or intrusion shall be a separated grade crossing allowing the Tammany Trace to remain at grade.

(f) *Exceptions.* There shall be no exceptions to the minimum requirements for access. However, the following circumstances may be considered exceptions to the additional requirements for roadways:

- (1) Individual private driveways or farm crossings that access one single-family residential structure; and

- (2) A temporary at-grade crossing to allow access until a separated grade structure can be constructed. The granting of a temporary at-grade crossing shall be for a period not to exceed one year.

(g) *Request for access.* The access request application may be considered only after the requesting party completes and submits an application providing information which would allow the parish department of development to determine the extent and impact of the access requested. The parish council shall establish and may amend, from time to time, any standards, criteria, guidelines, procedures or forms for receiving, reviewing and acting on applications for access to/or within the Tammany Trace corridor.

- (1) The access request application shall include the following information:

- a. Name and address of the applicant and responsible party;
- b. A plat indicating the precise location of the requested access and the surrounding area;
- c. A statement indicating the nature, purpose and need for the requested access;
- d. A statement and plat indicating all other possible ingress and egress including, but not limited to, all roads and servitudes which allow, or may allow, alternatives to the access requested;
- e. Approved and completed plans and specifications of the requested access; and
- f. An acknowledgment and agreement holding harmless and indemnifying the governing authority, its agencies, servants and employees from any and all liability, of whatever nature or kind, which may arise in connection with the said requested access.

- (2) The aforementioned application requirements shall be presented to the planning commission for its review and consideration. The planning commission shall make a formal recommendation to the parish council at the earliest practicable date regarding the application request. Should the planning commission recommend that application be granted, same shall be transmitted to the secretary of the parish council to initiate the review thereof by the parish council. Should the planning commission deny the application, the same procedure shall apply. However, a vote of two-thirds shall be required to override the recommendation from said planning commission.

(h) *Public notice.* Public notice of access request applications shall conform to the public notice requirements in place for all matters considered by the planning commission.

(i) *Granted access requirement.* In the event that the requested access is favorably recommended by the planning commission and approved by the parish council, the applicant shall then, prior to effecting access, enter into a written agreement which shall contain, but not be limited to, the following terms:

- (1) That the governing authority, its agencies, servants and employees shall be held harmless and indemnified as set forth above. If deemed necessary, the governing authority, at its option, may require a policy of insurance insuring the governing authority against such liability.
- (2) That the access shall be constructed in conformity with the plans and specifications submitted with the access request application.
- (3) That the applicant shall provide a warranty letter of credit, or other completion bond, satisfactory to the governing authority, ensuring the timely and proper completion of any work or construction done to effect the said access.
- (4) That the applicant acknowledges that its access is granted subject to any and all rights, titles, interests, servitudes and/or easements which are held, or may be held, by any other entity, person, firm or corporation including, but not limited to, the United States Department of Transportation, the state department of transportation or the federal highway administration. And further, that the applicant specifically waives any and all warranty of title and relieves and releases the governing authority, its agencies, servants and employees from any and all liability, of whatever nature or kind which may arise, or has arisen, in connection therewith.
- (5) That the applicant shall be responsible for and required to provide maintenance to the land and/or any structure or improvement, appertaining to the access, during the term of the said access.
- (6) That the applicant acknowledges and agrees that the governing authority shall not, in any fashion, be prohibited from establishing, conducting, operating or maintaining any activity, as may be deemed necessary by the governing authority, to be conducted within the Tammany Trace corridor including, but not limited to, usage beneath, over or across said granted access.
- (7) That the applicant shall not alter the granted access in any fashion without the prior written approval of the governing authority which may or may not be granted at the sole discretion of the said governing authority.
- (8) That upon termination or expiration of the term of the access agreement, the applicant, at the sole option and discretion of the governing authority, may be required to remove any infrastructure or improvement appertaining to the access and further may be

required, at the sole option and discretion of the governing authority, to return the site of the access to its original condition as it existed immediately prior to the granting of the said access.

(Code 1998, § 16-131.03; Ord. No. 97-2728, 9-25-1997)

Sec. 30-373. Use of Tammany Trace facilities; rates.

(a) *Mobile stage trailer.* The Map 24 Mobile Stage Trailer ("Stage"), is available to rent at a rate of \$500.00 per event. Additional terms and conditions, including insurance requirements, will be set forth in a user agreement which must be completed prior to the event. Proof of the required insurance must be produced prior to any use of the stage.

(b) *The trace.* If the entire length of the trace is being used for an event, the rate shall be \$450.00 per day. If the event will not use the full length of the trace, the rate shall be \$200.00 per day. Additional terms and conditions, including specific portion of the trace to be used and insurance requirements, are to be set forth in a user agreement, which must be completed prior to the event. Proof of the required insurance must be produced prior to any use of the trace.

(c) *Koop Drive area.* The deck areas behind the caboose are available to rent at the rate of \$75.00 for a two-hour period. Covered areas 1 and 2, across from the playground, are available to rent at the rate of \$50.00 for a two-hour period. The Kid's Town Pavilion is available to rent at the rate of \$75.00 per hour, with a two-hour minimum. Additional terms and conditions, including insurance requirements, will be set forth in a user agreement which must be completed prior to the event. Proof of the required insurance must be produced prior to any use of the Koop Drive area facilities.

ARTICLE XVI. SCENIC NEIGHBORHOODS

Sec. 30-419. Purpose.

(a) Within the parish, there are many unique and distinctive residential neighborhoods which contribute significantly to the overall character and scenic beauty of the parish. They are worthy of recognition because of natural, historical, architectural or cultural features which enhance the quality of life for parish residents. As a matter of public policy, parish government aims to recognize and promote the value of these residential neighborhoods by the designation of these areas as "Scenic Neighborhoods."

(b) The purposes of a scenic neighborhood designation in residential neighborhoods are as follows:

- (1) To recognize and encourage desirable and unique physical features, design characteristics, historical or cultural charm;
- (2) To inspire, cultivate, and preserve scenic features which enhance quality of life for residents;
- (3) To foster new compatible growth; and
- (4) To provide residents and property owners with a tool for encouraging and strengthening civic pride.

(Code 1998, § 16-138.00)

Sec. 30-420. Designation criteria.

To be designated as a scenic neighborhood, the area must meet the following criteria:

- (1) Possess distinctive natural, historical, architectural or cultural features that create a cohesive identifiable setting unique within the parish;
- (2) Possess special scenic characteristics such as creek beds, parks, greenbelts, gardens, street landscaping, nature trails or water features;
- (3) Abuts or links designated historical, architectural or cultural landmarks;
- (4) Abuts or links designated nature preserves or scenic rivers; and/or
- (5) Has an organized homeowner or neighborhood association which actively works to preserve the neighborhood's scenic characteristics.

(Code 1998, § 16-138.01)

Sec. 30-421. Designation procedures.

The creation of a scenic neighborhood shall be considered upon one of the following:

- (1) A petition to the parish council for designation as a scenic neighborhood by at least 51 percent of the property owners within the proposed scenic area; or

- (2) The parish council, on its own initiative or at the request of parish administration, may consider the creation of a scenic neighborhood.
(Code 1998, § 16-138.02)

Sec. 30-422. Signs.

Following the designation of a scenic neighborhood by ordinance of the parish council, it shall be the sole obligation and expense of the homeowners residing therein to obtain and place appropriate signs indicating that said area is a "St. Tammany Parish Scenic Neighborhood." Permission is herewith granted to place said signs on parish roads or rights-of-way, provided written approval therefor is first had and obtained from the department of public works.
(Code 1998, § 16-138.03)

Sec. 30-423. Scenic neighborhoods created.

The following areas are hereby designated as the parish scenic neighborhoods:

"Bogue Rivers Nature Preserve"—consisting of Bogue Glen Subdivision and Magnolia Gardens Subdivision.

ARTICLE XIX. ST. TAMMANY PARISH FISHING PIER

Sec. 30-490. The parish fishing pier defined.

The parish fishing pier consists of approximately 2,000 feet of both spans of the abandoned I-10 Bridge closest to the north shore of Lake Pontchartrain which has been converted into a pedestrian fishing pier (hereafter "Fishing Pier"). The primary goal is to provide pedestrian access to Lake Pontchartrain's most productive fishing grounds and to establish this area as a multifaceted nature recreational district. Its proximity to Slidell, New Orleans, and the nearby Rigolets where Lake Pontchartrain meets the waters of the outer basin make this a prime location for a project of this type. The goal of the parish fishing pier is for it to be utilized for recreation, education and at the same time honor the location for its history. In order to ensure the health, safety and welfare of the citizens of the parish and the patrons of the parish fishing pier, it is necessary to enact pier rules and regulations.

(Code 1998, § 16-160.00; Ord. No. 11-2653, 12-1-2011)

Sec. 30-491. The parish fishing pier rules and regulations.

(a) *Pier rules and regulations.*

- (1) Pier entrance fees shall be \$5.00 for individuals 12 and over for fishing from the pier; visitors 12 and over who do not fish from the pier will be charged \$1.00; and children under 12 can enter for free. Thereafter, changes to the entrance fees can be changed by policy issued by the parish president.

- (2) Visitors under the age of 16 must be accompanied by an adult.
 - (3) All fisherman shall dispose of fishing line properly so as to not harm or kill wildlife.
 - (4) Feeding of birds is prohibited.
 - (5) Each fisherman shall be properly licensed.
 - (6) Pets are not permitted.
 - (7) Diving from the pier or from any parish structure or property is prohibited.
 - (8) Swimming in any portion of Lake Pontchartrain in and around the pier, parish property or structure is prohibited, and at each person's own risk.
 - (9) No fires, fireworks or cooking allowed on the pier, parish property or structure.
 - (10) No glass containers allowed on pier property or structure.
 - (11) No cast nets or crab traps allowed on the pier, parish property or structure.
 - (12) No sitting or climbing on rails.
 - (13) No smoking allowed on wooden structure.
 - (14) All trash must be disposed of properly. Do not litter or throw anything in the water.
 - (15) No bicycles, skateboards or other wheeled conveyances except those used by handi-capped persons.
 - (16) Respect wildlife and the surrounding area and keep noise to a minimum.
 - (17) No business solicitation allowed on the pier, parish property or structure.
 - (18) Public use of the pier will be at patrons' own risk. The parish provides no protection from the wildlife and/or other risks of harm.
 - (19) The only alcoholic beverage regularly allowed on the pier is beer, if contained in a plastic or aluminum container.
 - (20) Other alcoholic beverages will be allowed on the pier only during special events. A special event organizer/sponsor must obtain a temporary alcohol permit and conform to section 6-30(d) and state law in accordance with L.A.C. title 55, part 7, section 323 and any other applicable state law.
- (b) *Pier hours.* The hours of operation will be established by policy issued by the parish president and may be adjusted seasonally. ***State law reference**—Parish and parish council regulation of peddlers, R.S. 33:4831 et seq., 47:359(C).

PRE-PRESS COPY

ARTICLE I. IN GENERAL**Sec. 32-1. Definitions.**

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Peddler means any individual, whether a resident of this parish or not, traveling by foot, wagon, automobile, motor truck or any other type of conveyance, from place to place, from house to house, or from street to street, for the sale of, as well as the selling, offering for sale or taking or attempting to take orders for the sale of goods, wares and merchandise, personal property of any nature whatsoever for future delivery, or for services to be furnished or performed in the future, whether or not such individual has, carries or exposes for sale a sample of the subject of such sale or not or whether he is collecting advance payments on such sales or not; provided that such definition shall include any person who, for himself, or for another person, hires, leases, uses or occupies any building, structure, tent, railroad boxcar, boat, hotel room, lodginghouse, apartment, shop or any other place within this parish for the sole purpose of exhibiting samples and taking orders for future delivery, or soliciting funds or promoting political and/or religious ideologies.

(Code 1998, § 17-001.00; Ord. No. 90-1224, 1-18-1990)

Sec. 32-2. Exceptions to chapter.

The provisions of this chapter shall not apply to the following:

- (1) Sales made to dealers or permanent merchants by commercial travelers selling in the usual course of business.
- (2) Sheriffs, constables, bona fide assignees, receivers or trustees in bankruptcy or other public officers selling goods, wares and merchandise according to law.
- (3) Bona fide residents of the state selling fruits, vegetables, dressed meats, fowl or farm products which were produced on land within the state, owned or controlled by such vendor.
- (4) Nonprofit organizations as defined by ch. 2, Louisiana Revised Statute 12, shall be exempt from the provisions of this chapter upon obtaining a fee free parish permit by producing a copy of their certificate of incorporation as described by R.S. 12:205 and signing the appropriate parish form attesting to their nonprofit nature and having said form duly notarized by a licensed notary. Said parish permits or a copy thereof must be carried on the person at all times while engaged in any activity regulated by this chapter and must be produced on demand when so requested by an official or citizen of the

parish. The parish fee free permits issued under the provisions of this section shall be valid only from 8:00 a.m. until 9:00 p.m. in the area of the parish zoned residential and shall not be valid for solicitors upon any property posted with "No Soliciting" signs. (Code 1998, § 17-002.00; Ord. No. 90-1224, 1-18-1990)

Sec. 32-3. Entrance to premises restricted.

It shall be unlawful for any peddler to enter upon any private premises when such premises are posted with a sign stating "No Peddlers Allowed" or "No Solicitations Allowed" or other words to such effect. (Code 1998, § 17-003.00)

Sec. 32-4. Refusing to leave.

Any peddler who enters upon premises owned, leased or rented by another and refuses to leave such premises after having been notified by the owner or occupant of such premises, or his agent, to leave the same and not return to such premises, shall be deemed guilty of a misdemeanor. (Code 1998, § 17-004.00)

Sec. 32-5. Misrepresentation.

It shall be unlawful for any peddler to make false or fraudulent statements concerning the quality of his goods, wares, merchandise or services for the purpose of inducing another to purchase the same. (Code 1998, § 17-005.00)

Sec. 32-6. Hours of operation.

It shall be unlawful for any peddler to engage in the business of peddling within the parish between the hours of one-half hour before sunset and 9:00 a.m. the following morning, or at any time on Sundays, except by specific appointment with or invitation from the prospective customer. (Code 1998, § 17-006.00)

Secs. 32-7—32-30. Reserved.

ARTICLE II. PERMIT

Sec. 32-31. Required.

It shall be unlawful for any person to engage in business as a peddler within this parish without first obtaining a permit to do so. (Code 1998, § 17-018.00)

Sec. 32-32. Application.

Applicants for a permit under this article shall file with the designated administrative department a sworn application in writing, in duplicate, on a form to be furnished by the said secretary, which shall give the following information:

- (1) The name and a description of the applicant;
 - (2) The permanent home address and full local address of the applicant;
 - (3) A brief description of the nature of the business and the goods to be sold;
 - (4) If employed, the name and address of the employer, together with credentials establishing the exact relationship;
 - (5) The length of time for which the right to do business is desired;
 - (6) The place where the goods or property proposed to be sold, or orders taken for the sale thereof, are manufactured or produced, where such goods or products are located at the time the application is filed and the proposed method of delivery;
 - (7) A photograph of the applicant, taken within 60 days immediately prior to the date of filing of the application, which picture shall be two inches by two inches showing the head and shoulders of the applicant in a clear and distinguishing manner;
 - (8) A statement as to whether or not the applicant has been convicted of any crime, misdemeanor or violation of any municipal or parish or county ordinance, the nature of the offense and the punishment or penalty assessed therefor;
 - (9) Whether the applicant, upon any sale or order, shall demand, accept or receive payment or deposit of money in advance of final delivery;
 - (10) The last five municipalities, counties or parishes wherein the applicant has worked before coming to this parish; and
 - (11) Such other relevant information as may be required by the investigation of the applicant.
- (Code 1998, § 17-019.00)

Sec. 32-33. Occupational license a prerequisite.

No permit shall be issued under the provisions of this article, unless the applicant shall have first obtained both the state and parish occupational license required for the activity such applicant wishes to engage in.

(Code 1998, § 17-020.00)

State law reference—Exemption of blind persons from license, privilege or vocational tax for peddling, R.S. 46:372.

Sec. 32-34. Driver's license.

At the time of filing his application for a permit required by this article, the applicant shall present his driver's license, if he has one, to the secretary of the parish council.
(Code 1998, § 17-021.00)

Sec. 32-35. Application fee.

At the time of filing the application, each applicant shall pay the following:

- (1) The state police (cashier's check or money order only).
 - (2) The parish government \$15.00.
 - (3) Sheriff of the parish \$5.00 to cover the cost of issuance thereof.
- (Code 1998, § 17-022.00; Ord. No. 85-510, 10-17-1985)

Sec. 32-36. False information.

It shall be unlawful for any person to give any false or misleading information in connection with his application for a permit required by this article.
(Code 1998, § 17-023.00)

Sec. 32-37. Fingerprints.

At the time of making application for a permit required by this article, the applicant shall submit to fingerprinting by the sheriff.
(Code 1998, § 17-024.00)

Sec. 32-38. Bond.

(a) Every applicant, not a resident of the parish, or who is a resident of the parish and represents a firm whose principal place of business is located outside the state, shall file with the designated administrative department a surety bond running to the parish in the amount of \$2,000.00, with surety acceptable to and approved by the designated administrative department, conditioned that the applicant shall comply fully with all the applicable provisions of this Code, the ordinances of the parish and state law regulating and concerning the business of peddling and guaranteeing to any citizen of the parish that all money paid as a down payment will be accounted for and applied according to the representations of the peddler, and further guaranteeing to any citizen of the parish doing business with such peddler that the property purchased will be delivered according to the representations of such peddler. Action on such bond may be brought in the name of the parish to the use or benefit of the aggrieved person.

(b) If the applicant is an agent, employee, canvasser or solicitor of a corporation authorized to do business in this state or registered under the Fictitious Name Act of the state, such corporation or fictitious name business may furnish one bond in the amount of \$2,000.00 for any and all of its agents, employees, canvassers or solicitors.
(Code 1998, § 17-025.00)

Sec. 32-39. Service of process.

Before any permit shall issue under this article, there shall also be filed with the designated administrative department an instrument in writing, signed by the applicant under oath, nominating and appointing the designated administrative department his true and lawful agent, with full power and authority to acknowledge service of notice of process for and on the behalf of such applicant; and service of summons in any action brought upon the applicant's bond shall be deemed made when served on the designated administrative department.
(Code 1998, § 17-026.00)

Sec. 32-40. Investigation.

Upon receipt of an application for a permit required by this article, the original shall be referred to the sheriff, who shall cause such investigation of the applicant's business and moral character to be made as he deems necessary for the protection of the public good. The sheriff shall complete his investigation within one week of receiving the application.
(Code 1998, § 17-027.00)

Sec. 32-41. Denial.

If, as a result of investigation, the applicant's character or business responsibility is found to be unsatisfactory, the sheriff shall endorse on the application his disapproval and his reasons for the same, and return the application to the designated administrative department, who shall notify the applicant that his application is disapproved and that no permit shall be issued.
(Code 1998, § 17-028.00)

Sec. 32-42. Issuance.

If, as a result of investigation, the character and business responsibility of the applicant are found to be satisfactory, the sheriff shall endorse on the application his approval, execute a permit addressed to the applicant for the carrying on of the business applied for and return the permit along with the application to the designated administrative department, who shall, upon payment of any required fee, deliver the permit to the applicant.
(Code 1998, § 17-029.00)

Sec. 32-43. Contents.

Each permit issued under this article shall contain the signature and seal of the issuing officer and shall show the name, address and photograph of the permittee, the class of permit issued and the kind of goods to be sold thereunder, the amount of fee paid, the date of issuance and the length of time the same shall be operative, as well as the permit number and other identifying description of any vehicle used in such business.

(Code 1998, § 17-030.00)

Sec. 32-44. Record.

The designated administrative department shall keep a permanent record of all permits issued under this article.

(Code 1998, § 17-031.00)

Sec. 32-45. Display.

Every peddler having a permit issued under the provisions of this article and doing business within the parish shall display his permit upon the request of any person, and failure to do so shall be deemed a misdemeanor.

(Code 1998, § 17-032.00)

Sec. 32-46. Duration.

Every permit issued under the provisions of this article shall be valid for the period of time stated therein, but in no event shall any such permit be issued for a period of time in excess of 12 months.

(Code 1998, § 17-033.00)

Sec. 32-47. Revocation.

Any permit issued under the provisions of this article may be revoked by the parish for the violation by the permittee of any applicable provision of this Code, state law or parish ordinance, rule or regulation.

Secs. 32-48—32-66. Reserved.

ARTICLE III. SOLICITORS AND DISTRIBUTION ON PUBLIC HIGHWAYS

Sec. 32-67. General findings.

Pedestrians distributing materials to or soliciting from occupants of motor vehicles located on the traveled portion of public highways, involving an interaction between the pedestrian

distributing or soliciting and an occupant of a motor vehicle, is hazardous to public safety both for occupants of motor vehicles and for pedestrians engaging in such distribution or solicitation. The prohibitions set forth in this article are narrowly tailored to serve the significant interest of promoting and protecting the public health, safety, and welfare and that said prohibitions leave open ample alternative channels of communication throughout the unincorporated parish.

(Ord. No. 16-3528, § 17-040.00(a), 6-2-2016)

Sec. 32-68. Intent.

It is the intent of this article to protect the health, safety and general welfare of the citizens of the parish; to assure the free, orderly, uninterrupted movement of motor vehicles on public highways within the unincorporated parish limits; and to provide for safety in the interest of pedestrians and occupants of motor vehicles located on public highways in the parish. This article is intended to apply evenhandedly to all persons who engage in the activities proscribed herein, regardless of their message.

(Ord. No. 16-3528, § 17-040.00(b), 6-2-2016)

Sec. 32-69. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Highway intersections.

- (1) The term "highway intersections" includes the entire area embraced within the connection of widths between boundary lines of two public highways or a highway and any other public street which join one another at, or approximately at, right angles, or the area within which vehicles traveling upon public highways or a public street meeting a public highway join at any other angle and come in conflict.
- (2) Where a public highway includes two roadbeds (typically divided by a median), then every crossing of each roadbed of such divided highway by an intersecting highway or public street shall be regarded as a separate intersection. In the event such intersecting highway or public street also includes two roadbeds, then every crossing of two roadbeds of such highways or public streets shall be regarded as a separate intersection.

Legally parked means a vehicle that is standing, stopped or parked in an area designated or legally authorized for parking.

Public highway includes the entire width between the boundary lines of every roadway maintained by the state as a state highway or part of the National System of Interstate and Defense Highways, and open to the use of the public for the purpose of vehicular travel,

including bridges, causeways, shoulders, roadbeds, and medians of state maintained highways, interstate highways, interstate connector roads, and highway intersections within unincorporated St. Tammany Parish.

Public street means the entire width between the boundary lines of every way or place of whatever nature publicly maintained and open to the use of the public for the purpose of vehicular travel, other than a public highway.

Soliciting means to seek or to plead, to entreat and ask, to lure or tempt a person.

Traveled portion includes travel lanes, turn lanes, and other portions of the roadbed that are generally used for motor vehicle travel and is not an area designated or legally authorized for parking.

(Ord. No. 16-3528, § 17-040.00(c), 6-2-2016)

Sec. 32-70. Prohibitions.

No pedestrian shall go upon any public highway for the purpose of:

- (1) Soliciting or attempting to solicit donations, contributions, employment, business, or sales or exchanges of any kind, or in any manner, from an occupant of a motor vehicle when the motor vehicle is on the travelled portion of a public highway and when the solicitation or attempted solicitation results in or is intended to result in a transfer of money or any other item between the solicitor and an occupant of the motor vehicle;
- (2) Distributing or attempting to distribute any product or material to an occupant of a motor vehicle when the motor vehicle is on the travelled portion of a public highway and when the distribution or attempted distribution results in or is intended to result in a transfer of product or material between the distributor and an occupant of the motor vehicle.

(Ord. No. 16-3528, § 17-040.00(d), 6-2-2016)

Sec. 32-71. Exceptions.

The prohibitions in section 32-70 shall not apply to:

- (1) Solicitation or attempted solicitation of donations, contributions, employment, business, sales or exchanges of any kind directed toward pedestrians on sidewalks.
- (2) Distribution or attempted distribution of any product or material to pedestrians on sidewalks.

(Ord. No. 16-3528, § 17-040.00(e), 6-2-2016)

Sec. 32-72. Penalty.

Whoever commits the crime of solicitation or distribution on a public highway shall be fined not more than \$200.00, or imprisoned for not more than six months, or both.

***State law reference**—Authority of parish to establish and maintain public library, R.S. 25:211 et seq.

PRE-PRESS COPY

Sec. 34-1. Established; location.

There is hereby established the parish public library, said library to be located at the parish seat and in other designated towns and wards in the parish.

(Code 1998, § 19-001.00; Ord. No. 104, Bk. 2, P. 172)

Sec. 34-2. Board of control.

(a) The parish public library shall be governed by a board of control, of which the parish president shall serve as an ex-officio member. There shall be seven parish-wide appointments with six members nominated parish-wide and appointed by the parish council. There shall be one remaining member nominated and appointed by the parish president. All terms shall be for a period of five years.

(b) The president shall appoint or designate any other parish council person in his stead to serve on, attend or otherwise participate on the board. The appointment or designation by the president of a council person may be made without the need of further parish ordinance or resolution.

(c) In the event that the councilmembers do not desire to attend or participate, then the president may appoint or designate any person other than a parish councilperson in his stead to serve, attend or participate on said board without further approval or ratification by the council.

(d) The board of control shall have all of the authority in respect to the parish public library as is conferred upon it by law.

(Code 1998, § 19-002.00; Ord. No. 104, Bk. 2, P. 172; Ord. No. 84-138, 6-21-1984; Ord. No. 00-0109, 2-17-2000; Ord. No. 00-0157, 6-1-2000)

Sec. 34-3. Finances.

The parish public library shall be equipped, maintained, operated and supported at the expense of the entire parish, including the incorporated towns therein, and all taxes levied and assessed, whether general or special, for its establishment, support and maintenance, shall be borne proportionately by all of the taxable property of the parish, including that within incorporated municipalities.

(Code 1998, § 19-003.00; Ord. No. 104, Bk. 2, P. 172)

Sec. 34-4. Library millage allocation.

The parish council acting in its capacity as the governing authority of the parish and the library board of control agree on the following: the library board of control will receive the full 100 percent of the library millage allocation.

(Code 1998, § 19-003.01; Ord. No. 89-1120, 7-20-1989)

Sec. 34-5. Video recording of movies rated "R" or "NC-17."

(a) It is the policy of the parish council that there exists an expectation of responsibility associated with the dissemination of video recordings of movies rated "R" or "NC-17" to children under 17, and said responsibility fundamentally and legitimately rests with the entity which has custody and control of such material.

(b) As such relates to restricting the actual or potential dissemination by the parish public library of video recordings of movies rated "R" or "NC-17" to children under 17, said public library shall reasonably and responsibly apply the general provisions of the voluntary movie rating system that are established by the Motion Picture Association of America, except as otherwise provided as follows.

(c) The parish council urges and requests the library board of control to establish and oversee the continuous implementation of a rule and regulation wholly consistent with the provisions set forth in subsection (b) of this section, but that said provisions shall not apply whenever any parent or legal guardian of a child under 17 executes a written waiver of the aforesaid general provisions for such child on an appropriate form which is made a part of a library board of control rule and regulation which is wholly consistent with the provisions set forth in subsection (b) of this section.

ARTICLE I. IN GENERAL**Sec. 35-1. Closing, abandoning, revoking dedication of streets, roads.**

(a) *Definitions.* The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Abandonment means any parish road, street or alley, opened or unopened, which cannot or should not be maintained because the expenses thereof cannot be justified or because same is no longer needed for public use. In such a case, the property shall revert back to the property owners on each side of the abandonment from the centerline of the street as prescribed by statutory law.

Closings mean that the street, road or alley or portion thereof is no longer needed for public use at that particular time, upon the review and findings of fact by the parish planning commission and the parish council. Said street, road or alley may be declared private and therefore restricted in use and maintained in common by the private property owners abutting said street, road or alley. Closings may be declared by ordinance for an indefinite period of time or reviewed on an annual basis for reconsideration.

Parish planning commission is an extension of and creation of the parish council, in which said commission initially reviews applications for abandonment, closings or revocations.

Parish road maintenance system, for the purposes of this section, means those roads, streets and alleys which have been placed on a roster or list as adopted by the parish council by ordinance, signifying that said roads, streets and alleys are to be maintained by the parish department of public works.

Revocation means the surrender of any rights, titles and interests by the parish in any public road, street or alley and the improvements thereunto.

Street, road or alley, for the purposes hereof, means any public way set aside for public use and travel which was dedicated to or acquired by the parish to provide means of access to abutting property. It is not necessary that any formal act of acceptance should have occurred, and it is immaterial whether or not said street, road or alley has ever been opened, used or accepted into the parish road maintenance system. For the purposes herein, the terms "street," "road" and "alley" may be used interchangeably.

(b) *Application requirements.* An application must be filed with the department of development to initiate either the closing, abandonment or revocation of any parish street, road or alley. Said application shall contain the following information:

- (1) A cover letter (typed) indicating whom is requesting the abandonment, closing or revocation; the full name, mailing address and phone number of the applicant, and the reasons for submission of an application.

- (2) Notarized letters of no objection (typed) shall be obtained by the applicant from all current property owners whose property abuts the street, road or alley which is intended to be abandoned, closed or revoked. For the purposes of this chapter, the term "abutting" means property immediately adjacent to or at the start or end of.
 - a. Said notarized letters must contain the names and addresses of those property owners whose property abuts the street, road or alley intended to be abandoned, closed or revoked.
 - b. If a notarized letter cannot be obtained from an adjacent property owner for reasons unknown, the parish shall contact said owner to solicit a response as to their failure to submit and sign said letter. If said owner does not respond to the parish solicitation within ten days after being contacted, the applicant shall be released from their obligation to supply said notarized letter of no objection.

However, if the owner does respond and indicates, in writing, that they have or will have a valid use of the street, road or alley that abuts their property; and if the planning commission, upon review of the facts regarding said response is substantiated, said application for abandonment, closing or revocation shall be dismissed from the docket and hence from any further consideration.

- (3) Five blue line or black line prints of a bona fide survey containing measurements, degrees and bearing cells. Inclusive of the plotting of all utilities located on the street must be obtained. Said survey must be certified by a state registered engineer or land surveyor and stamped with an official seal. Signature lines shall be placed on the survey for signatures by and for the parish council president, chairman or secretary of the planning commission, chairman of the public works committee, parish engineer, clerk of court, date and file number.
- (4) A legal description (typed) describing the boundaries of the property to be abandoned, closed or revoked shall be submitted with the required survey.
- (5) Notarized letters of no objection (typed) shall be obtained by the applicant from all utilities whose facilities are located in the parish street, road or alley which is intended to be abandoned, closed or revoked.
- (6) The aforestated application requirements shall be presented to the planning commission for its review and consideration. The planning commission shall make a formal recommendation to the parish council at the earliest practicable date regarding the application request. Should the planning commission recommend closing, abandonment or revocation, same shall be transmitted to the secretary of the parish council for him to initiate the review thereof by the parish council. Should the planning commission deny the application, the same procurement shall apply; however, a vote of two-thirds of the parish council membership (nine votes) shall be required to reverse the recommendation from said planning commission.

(c) *Public notice.*

- (1) Applications which are received for abandonment, closing or revocation shall be advertised in summary form in the official parish journal once a week for three consecutive weeks prior to the meeting of the planning commission, declaring that said property may no longer be needed for public purposes.
- (2) Public notice signs shall be posted on or in the immediate vicinity of the property proposed for abandonment, closing or revocation at least ten days prior to the initial hearing date of the planning commission. Said signs shall contain an accurate statement of what action is being requested as well as indicate the date, time and location of the initial public hearing.

(d) *Ordinance provisions.*

- (1) All streets, roads or alleys declared by the parish governing authority as abandoned, closed or revoked shall be procured by separate ordinance.
- (2) All transfers of real property disposed of by the parish shall include a general provision within the ordinance that all mineral rights shall be retained by the parish, unless otherwise specifically noted within said ordinance by act, agreement of placation.
- (3) The ordinance may include provisions by which the parish shall retain servitudes or easements for future use relative to utilities and drainage.
- (4) The ordinance shall stipulate whether the property was disposed of by a private cash sale or by reversion as prescribed by statutory law.

(e) *Method of disposal of immovable property.*

- (1) *Procurement.* Subsequent to the parish council adopting an ordinance to abandon, close or revoke a street, road or alley as set forth in subsection (d) of this section, the parish may initiate the sale of said property through procurement of the following:
 - a. The parish shall commission an appraisal of the property to be conducted by a certified appraiser to determine the fair market value of said property. An appraiser shall be chosen by the director of the department of development at the applicant's expense. Said applicant shall be required to remit a deposit in the amount of at least \$250.00 in order for the appraisal to be procured.
 - b. After the appraisal has been procured and the fair market value of the property determined, the property shall then be offered for sale to the applicant through means of a private cash sale as permitted by statutory law. All sales of disposed property are final and will become effective upon the recordation of the sale and corresponding ordinance adopted by the parish council.
 - c. The parish president shall have the exclusive authority to execute the sale, transfer or exchange of any immovable property for fair compensation.

d. If the applicant decides not to purchase the property for whatever reasons, the parish council shall rescind their approval for abandonment, closing or revocation by separate ordinance.

(2) *Utility servitude.* All transfers of the real property hereunder, when so ordered, shall reserve a servitude allowing the continued existence, maintenance and operation of any existing electric, gas, telephone and/or cable facilities under terms reasonably accepted to such utility.

(f) *Reversionary rights.* Streets, roads or alleys shall be returned to the applicant free of any encumbrances upon completion of the abandonment, closing or revocation process if one of the following conditions are applicable:

- (1) The property has not been in the control of the parish by either formal or tacit dedication or maintenance for a period of at least ten years; or
- (2) The applicant is the original grantor of the property or one of the heirs or legatees of whom granted said property to the parish for public use.

In the event that subsection (f)(1) of this section is applicable, statutory law requires that property that is revoked shall revert to the present owner or owners of land contiguous thereto, up to the centerline of the property thereof.

(g) *Fees.* A fee of \$150.00 shall be submitted for each application received. A fee of \$125.00 shall be retained by the department of development for administrative and recordation costs and \$25.00 shall be remitted to the designated administrative department to offset the cost of publication.

(Code 1998, § 20-001.00; Ord. No. 295, Bk. 5, P. 26; Ord. No. 81-263, 9-17-1981; Ord. No. 84-45, 3-15-1984; Ord. No. 85-422, 6-20-1985; Ord. No. 87-851, 8-20-1987; Ord. No. 93-1700, 2-18-1993; Ord. No. 94-2025, 7-21-1994)

Sec. 35-2. Cutting or disturbing road surfaces.

It shall be unlawful to cut or disturb parish road surfaces for the purpose of laying gas, water or other pipes, or for any other purpose whatever, without prior approval of the parish council.
(Code 1998, § 20-002.00; Ord. No. 241, Bk. 4, P. 168)

Sec. 35-3. Parish council approval required prior to construction of roads for public use.

It shall be unlawful for anyone to commence construction on any road that may be intended for future unrestricted public use without prior approval of the parish council.
(Code 1998, § 20-003.00; Ord. No. 256, Bk. 4, P. 395)

Sec. 35-4. Road maintenance.

It shall be unlawful for parish forces to perform work within any right-of-way, road, street, etc., that is not a part of the parish selective road maintenance system inventory. In order for the parish council to accept a private road, excluding subdivisions, into the parish selective road maintenance system inventory, same shall be by ordinance and only after the following requirements are met.

(Code 1998, § 20-004.00; Ord. No. 98-2893, 6-18-1998)

Sec. 35-5. Accepting private roads, excluding subdivisions, into the parish selective road maintenance system inventory.

(a) *Initial/preliminary.* A letter must be signed by all of the property owners involved stating their intentions to dedicate and construct a right-of-way to parish specifications. The letter shall be addressed and sent to the parish engineer and shall include the following:

- (1) That the right-of-way to be dedicated shall be a minimum of 60 feet.
- (2) That the right-of-way must serve two or more individual legal parcels of land, defined as follows:
 - a. A road becomes eligible when it serves two or more property owners. A property owner is not served by a road if there are no entrances to his property from subject road. An entrance onto the properties must exist and be used on a continuing basis by the property owners.
 - b. That applicant agrees to comply with all the parish, state and federal laws.
 - c. That the roadway will be constructed to parish standards and the surface shall be consistent with that of the public road off which it runs, as follows:
 1. Roadway construction shall conform to the standards established as per the State of Louisiana Department of Transportation and Development Standard Specifications for Roads and Bridges (Silver Book, 1992 edition, or latest edition thereto).
 2. Minimum right-of-way standards shall include a width of 60 feet and a road surface width of 20 feet with four foot shoulders and ditches at 3:1 slope grade.
 3. The road base shall consist of a minimum of six inches of sand-clay-gravel or an approved equivalent, and a surface treatment minimum of four inches of gravel for gravel roads, and a minimum of two inches of asphaltic concrete for hard-surfaced roads, depending upon test results.
 4. The test of base materials must indicate 95 percent Standard Proctor or better.

5. U.S. Army Corps of Engineers wetlands approval must be obtained either by a letter from the Corps stating that the right-of-way is not subject to jurisdictional wetlands requirements or by the applicant's submission of an approved section 404 permit and/or an approved section 10 permit.
6. A survey plat and process verbal legal description for the right-of-way.
7. Documentation for drainage and road design with soil borings must be submitted for review and supplied by a licensed civil engineer.
8. Must indicate if land clearing is required. If required, all vegetation, tree stumps, and organic matter must be removed from the site.
9. The applicant shall be required to submit a traffic signage plan for the purpose of providing proper traffic signage. Traffic signage plan specifications shall be in accordance with street identification and traffic control signs; installation regulated, as depicted in the supplemental section of the parish subdivision Ordinance No. 499, and all signs must be in place prior to obtaining final approval.
10. The applicant shall submit a "Naming of Road Form" (attached) indicating three choices of road names, the same of which must be approved by the 911 Addressing Office.

(b) *Construction.*

- (1) Upon receipt of the letter of intent and support documentation to the department of engineering, same shall be reviewed and if acceptable, a work order will be issued to begin construction.
- (2) Responsibility for on-site inspection shall be that of the applicant to retain a registered civil engineer, to provide for on-site inspections and observation during all construction activities, including those contingent herein and drainage. Said engineer shall provide periodic inspection reports to the department of engineering for review and filing. These inspection reports are required on a weekly basis. The engineer is to advise the department of engineering whenever major phases of the work commences, so that parish inspectors may observe as necessary.

(c) *Final acceptance.*

- (1) *Warranty obligation.* Upon completion of all construction activities and a final inspection of the department of engineering, the governing authority may impose on said streets sought to be accepted into the parish selective road maintenance system a maintenance (warranty) letter of credit which shall be in an amount to be fixed by the governing authority based on the recommendation of the parish engineer and shall be of a term of not less than one year.

- (2) *Required funds.* Upon the setting of the warranty obligations by the governing authority, the applicant shall place the required funds or other sureties with the department of finance.
- (3) *Amount of warranty.* The amount of the warranty obligations set by the department of engineering shall be based on the standards established in section 40-071.01 warranty and performance obligations, subdivision regulatory Ordinance No. 499. The warranty obligation will be released by resolution of the governing authority upon satisfactory inspection by the department of engineering and submission of the following documents by the applicant.
- a. A notarial act of dedication shall be signed by each person who wish to dedicate to the parish the portion of the right-of-way that crosses their property. Said act shall be prepared in a legally binding format by a notary public and submitted to the department of engineering.
 - b. A title insurance policy in favor of the parish on the caption of the property to be dedicated.
 - c. A survey and process verbal legal description of the right-of-way to be dedicated, prepared by a state licensed surveyor, must be provided to the parish.
- (d) *Inclusion into parish selective road maintenance system inventory.*
- (1) Upon the release of the warranty obligation, the department of engineering shall inform the department of public works that said right-of-way meets parish road specifications.
 - (2) The department of public works shall create an ordinance for the governing authority to adopt accepting said right-of-way into the parish selective road maintenance system inventory.
 - (3) Upon the adoption of the ordinance by the governing authority, the parish shall assume full ownership and responsibility for the right-of-way and the applicant shall be released from any further obligations, requirements or conditions.
- (e) *Exemption.* Any provision herein may be waived by a two-thirds vote of the governing authority provided that the applicant submits documentation adequate to support the request for waiver.
- (Code 1998, § 20-004.01)

Sec. 35-6. Tacit dedications of roads/streets.

(a) Tacit dedication as defined in R.S. 48:491(B) is quoted, "All roads and streets in this state which have been or hereafter are kept up, maintained, or worked for a period of three years by authority of a parish governing authority within its parish . . . shall be public roads or streets, as the case may be, if there is actual or constructive knowledge of such work by adjoining

landowners exercising reasonable concern over their property." As of 1984, the parish council has not authorized maintenance on any road not listed in the selective road maintenance system. An Attorney General Opinion given in 1984 states that whether a road is a public road cannot be determined by listing the users. Example: A private drive does not become a public road simply because it is used by mail carriers, school busses, etc. A road becomes eligible when it serves two or more property owners. A property owner is not served by a road if there are no entrances to his property from subject road. An entrance onto the properties must exist and be used on a continuing basis by the property owners. No employee of the parish has the authority to maintain any road not currently in the maintenance system.

(b) As of June 30, 1989, all roads listed in the parish selective road maintenance system inventory and listed on the road inventory are designated as public roads. Any road petitioned for acceptance after this date, be they expressed or implied (Tacit) dedication, will conform to this policy.

(Code 1998, § 20-004.02; Ord. No. 89-1133, 8-17-1989; Ord. No. 98-2893, 6-18-1998; Ord. No. 99-3180, 10-21-1999)

Sec. 35-7. Culverts.

(a) *Definitions.* The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Culvert means a device, of whatever shape or contour, designed to be covered with earth, shell, gravel or any overlay of whatsoever nature or kind, the purpose of which, in size, diameter and strength is to provide safe traverse thereover and to accommodate drainage, natural or dedicated, with the least impedance thereto.

Department of engineering means the said department in the parish as presently created, or as hereafter may be reorganized, merged or consolidated and any successor parish agency thereto.

Drainage includes flow areas or ditches, be they natural or dedicated.

Drive-in theater means an outdoor theater with an outdoor screen which provides for ingress and egress from a parish roadway.

Entrances which generate heavy traffic, includes, but is not necessarily limited to, such commercial or noncommercial establishments, amusement parks, and/or buildings and/or ventures which generate vehicular traffic of such high proportion and count that the entry to or exit from same constitutes traffic hazards, dangers or slowdowns.

Exemption or *exempted* includes any person or installation to which this section does not apply; provided, however, that this section shall not be construed to relieve or release any person from driveway permit requirements under state law as pertains to installations for ingress or egress to state highways or state roads.

Gas station includes any site where fuel pumps or islands containing such fuel pumps are used or employed to sell or dispense gas, oil, lubricants, liquid or bottled, at wholesale or retail.

Grade means that incline or slant longitudinally or latitudinally, as determined by a transom or other device to allow for ramp purposes as well as to ensure the flow of water in the ditch which is traversed; for the purposes hereof, it shall further include the depth at which the culvert is to be installed.

Person includes any individual or individuals, and any firm, association, partnership or corporation, or any legal entity.

Road includes any highway or street in the parish road maintenance system whether paved, improved or unimproved. The term "road" includes dedicated rights-of-way for proposed and/or future roads.

Special purpose includes any need for construction which allows for housing or enclosures requiring a culvert necessary to provide for the flow of water.

Store includes any wholesale or retail commercial establishment offering any commodity or wares for sale, or which may be dispensed therefrom with or without charge.

(b) *Permission for culvert and driveway required if private property to be connected to parish road.* In all cases where a culvert is to be installed and/or a driveway constructed between private property and a parish owned and/or parish maintained roadway, application for approval of the driveway shall be submitted to the department of engineering who shall determine that the driveway meets current roadway and traffic safety standards and conforms to existing drainage requirements for the area. A violation of this provision shall be deemed a public safety hazard and, in addition to any other enforcement actions and/or penalties, the parish has authority to institute appropriate and immediate court proceedings to restrain, correct or abate such violation through the issuance of a temporary restraining order and in due course, a preliminary and permanent injunction.

(c) *Exemption.* The department of engineering review of culvert verification under the parish building permit process shall suffice in lieu of this requirement.

(d) *Installation standards and specifications.* All culverts shall be purchased and installed by the landowner or person required to install same in conformity with the following:

- (1) The driveway or approach is for the bona fide purpose of securing access to private property and is not for the purpose of parking or servicing vehicles on the road shoulder or right-of-way.

- (2) All driveways, approaches or other improvements on the right-of-way, after having been constructed, shall at all times be subject to inspection and the right is reserved to require such changes, additions, repairs and relocations to be made as may at any time be considered necessary to permit the relocation, reconstruction, widening and maintaining of the highway and/or road and/or to provide proper and safe protection to life and property on or adjacent to the roadway; that the cost of making such changes, additions, repairs and relocations shall be borne by the property owner.
- (3) No driveway, approach or other improvement constructed on the right-of-way shall be relocated or its dimensions altered without the written permission of the department of engineering.
- (4) The property owner agrees to hold harmless the parish, the department of engineering, and its duly appointed agents and employees against any action for personal injury or property damage sustained by reason of the exercise of this section.
- (5) The location, design and construction of the driveway described above shall be in accordance with the following rules and regulations:
 - a. The frontage of any parcel of property adjacent to a public road shall be considered to be confined between lines drawn from the intersection of the property lines with the right-of-way lines of the road to the roadway surface or to the curbing, if any, and perpendicular to the axis of the road; or if the axis is a curve, to the center of curvature; or a combination of the two. Those lines shall be known as boundaries.
 - b. Generally no more than two combined entrances and/or exits shall be allowed any parcel of property the frontage of which is less than 200 feet. Additional entrances or exits for parcels of property having a frontage in excess of 200 feet shall be permitted only after showing of actual convenience and necessity. When frontage is 50 feet or less, only one combined entrance and exit shall be permitted.
 - c. All culverts positioned within the drainage system shall be constructed of concrete, bituminous coated corrugated metal (16 gauge minimum) or plastic in accordance with Louisiana Department of Transportation and Development Standard Specifications for Roads and Bridges (Silver Book, 1992 edition or latest edition thereto).
 - d. The minimum length of any culvert installed shall be as follows:
 1. Residential—20 feet;
 2. Commercial—30 feet.
 - e. Any culvert installed shall be required to provide an adequate turning radius to protect the integrity of the culvert and drainage structure.

- f. The area between driveways shall remain unimproved and open for drainage flow. This area shall be considered restricted and may be filled only as hereinafter provided.
- g. The distance between the inner edges of entrance and exit shall be not less than ten feet where they intersect either the right-of-way line or the road surface.
- h. No entrance or exit shall be so constructed that any part of such entrance or exit shall be less than five feet from the boundaries as defined above.
- i. The grade of entrance and exit shall slope downward away from the road surface at a rate of not less than one-quarter inch in one foot or not more than one inch per foot for a distance of not less than ten feet; provided that, when curbing or curb and gutter is removed, the entrance and exit shall be constructed of concrete and the grade of entrance and exit shall conform to the grade of sidewalks, if any, and a neat junction between the apron of the entrance and exit and the sidewalk shall be made. The curbing shall be returned into the entrance and exit on a radius of not less than three feet nor more than 15 feet.
- j. The construction of parking areas on the road right-of-way is specifically prohibited. Those places of business requiring parking space for their customers shall provide same on their own premises.
- k. No driveways parallel to the road shall be constructed on the right-of-way in front of gasoline pumps or other structures requiring an outside drive. Such pumps and structures are to be located a minimum distance of ten feet from the right-of-way line in order that the outside drive shall not encroach on the right-of-way. (A 15-foot setback is recommended.)
- l. Drainage in highway side ditches shall not be altered or impeded and the applicant must provide, at his expense, suitable and approved drainage structures at entrances and exits.
- m. The same material may be used for driveways that is used to surface the premises unless the character of traffic or adjacent improvements require concrete.
- n. All entrances and exits shall be so located that vehicles approaching or using them will be able to obtain adequate sight distance in both directions along the road in order to maneuver safely and without interfering with traffic.
- o. No entrance or exit at the intersection of two parish roads shall be within the area between lines drawn perpendicular to the centerline, or axis, of the road from points on the right-of-way lines, a distance of 25 feet from the intersection of said right-of-way lines; provided that this distance may be reduced at the discretion of the department of public works to 15 feet in the case of a roadway intersecting a street; further provided that no part of any entrance or exit be within the radius of any intersecting highway or street; further provided that at intersections where

additional right-of-way has been secured for the roadway back of the prolongation of the normal right-of-way lines in order to provide for the channelization of traffic, or more adequate sight distance, no part of any entrance or exit shall be permitted to encroach on such additional right-of-way. The areas described above shall be considered as restricted and may be filled only as hereinafter provided.

- p. No entrance or exit at or near a roadway intersection where one or both of the roadways has a median divider or neutral ground, at crossings in esplanades, at bridges or other points of special hazard, shall be so located that any part of such entrance or exit shall be within the following restricted areas:
 - 1. Those portions of the right-of-way shown as restricted areas on the department of engineering (or state highway department) standard drawings of approaches and restricted areas which may be secured by a person at his expense as required.
 - 2. Those portions of the right-of-way that, because of their proximity to special traffic facilities, any entrance or exit constructed thereon would, in the opinion of the department of engineering, constitute an undue delay and confusion.
- q. The area between entrance and exit, and those portions of the right-of-way which have been defined hereinabove as restricted areas, may be filled in only when the following requirements have been fully complied with, and upon adoption of a resolution by the governing authority.
- r. Letter addressed to the parish engineer requesting permission to enter the parish right-of-way for the purpose of installing subsurface drainage.
- s. Drainage design of the subsurface system certified by a licensed state-registered engineer. The following design criteria must be satisfied:
 - 1. Drop inlets must be constructed for every 50 feet of pipe.
 - 2. Largest pipe that can fit in existing ditch must be used for design, including the driveway culvert.
 - 3. Surface drainage shall be provided so that all surface water on the filled-in areas shall be carried away from the roadbed in a suitable manner. The drainage opening underneath the filled-in area shall be adequate to carry the water in the roadway side ditches.
 - 4. Elevations, top of casting and pipe inverts must be shown on the drawings to demonstrate compliance with the given design criteria.
- t. Signed and notarized hold harmless agreement.
- u. Copy of liability insurance coverage naming the parish as an additional insured party.

- v. Data relative to the proposed location, relocation, design and construction of driveways as may be required by the department of public works shall be furnished by the applicant. The applicant shall make any and all changes or additions necessary to make the proposed driveways or approaches satisfactory to the said department.
- w. Signing for warning and protection of traffic in instances where excavations are made in the shoulder of the roadway, or in the roadway surfacing, or where workmen, equipment or materials are in close proximity to the roadway surfacing, shall be in accordance with requirements set forth by the Louisiana Department of Transportation and Development (LA DOTD) Manual on Uniform Traffic Control Devices (MUTCD).
- x. Drive-in theaters and other enterprises which generate heavy traffic:
 - 1. All applications for entrance and exit facilities to drive-in theaters, as well as to any other enterprise which generates a heavy concentration of traffic, shall be accompanied by a plan drawing and an area sketch drawn to scale.
 - 2. The position of the screen is to be such that the picture is not visible from the main roadway.
 - 3. The ticket office is to be located so as to provide a storage area between it and the right-of-way line for an equivalent of 15 percent of the rated vehicle capacity of the theater. The total storage area inside and outside of the ticket office shall be the equivalent of 30 percent of the rated vehicle capacity of the theater. The parking or storage of vehicles on the road or within the limits of the road right-of-way will not be permitted.
 - 4. The entrance and exit shall be clearly defined by signs installed off the road right-of-way.
 - 5. Manual control, either by deputized officers of the sheriff's department or by theater personnel off the roadway, shall be used at the exits to regulate traffic when the theater is emptying. Undue delay to through traffic on the road will not be permitted.

(e) *Exemptions.*

- (1) The parish and/or its contractors or assigns may remove and/or replace culverts in association with a drainage and/or road project.
- (2) When initiated by a property owner outside of a drainage and/or road project, the parish's department of public works may install an owner-provided culvert; provided, however, that the department of public works has satisfactorily determined that the department's installation of the culvert benefits the public drainage. The property owner shall supply an applicable culvert at owner's expense. The department of public

works will install the owner-provided culvert and cover same with aggregate when scheduling allows and in conjunction with other maintenance to be undertaken in the subject area. Any necessary cuts to a hard surface (i.e., concrete, asphalt) to install the culvert may be performed by public works and replaced with aggregate (i.e., crushed rock, gravel). Otherwise, the owner is responsible for replacement and/or repair of hard surfaces.

(f) *Interpretation.*

- (1) Nothing herein shall be construed to create, cause or place in the parish, nor in any of its officials, agents, servants or employees, any liability or responsibility for any claim for personal injury or property damage or whatsoever, save and except as a direct result of their actionable negligence.
- (2) Nothing herein shall be construed as estoppel or prohibition against any removal or realignment of any culvert installed hereunder as may be from time to time required by the parish; nor shall same prevent, release, prohibit or hinder any action by the parish which may be required to enforce the provisions of this section, or as same may be hereafter amended, or for any injunctive relief or damages and costs.
- (3) Any installation which is ordered to be removed or realigned by the parish engineer shall be at the sole expense of the property owner or the person installing same, or to their successors in title and any, each, and every culvert installation, whether or not a permit is required, shall be at the sole risk of the property owner or installer. This removal or realignment shall include repair of any damage or disturbance caused to the road ditch or shoulder.

(g) *Violations; penalties.*

- (1) It shall be unlawful and shall constitute a misdemeanor punishable as is included in section 1-9, and each and every day of violation shall constitute a separate offense, to violate any of the provisions of this section.
- (2) It shall be similarly unlawful and punishable for any parish employee to singularly or in concert with others violate or aid and abet or conspire with any other person to violate any of the provisions hereof. It shall also be illegal for any parish employee to specify or direct any person installing culverts to a particular manufacturer, retailer, wholesaler or installer of culvert, pipe, and/or surface materials; or to use parish equipment or materials in the preparation for, installation of, or surfacing of culverts other than that required in performance of their inspection duties.
- (3) Additionally, any parish employee who violates any of the provisions hereof shall be subject to dismissal from parish employment.

(Code 1998, § 20-005.00; Ord. No. 98-2893, 6-18-1998; Ord. No. 99-3069, 5-20-1999; Ord. No. 16-3589, 9-1-2016)

Sec. 35-8. Obstruction of roads or bridges.

(a) It shall be unlawful for any person to place, load or unload, pile or stack, any wood, logs, timber, concrete washout, building debris, fill, gravel, sand, port-o-lets, dumpsters, equipment, fences, plant vegetation, or other obstruction upon the shoulder, ditch, or road or bridge, or any part of the parish roads or bridges or to obstruct in any other manner any parish road, bridge, shoulder or drainage structure.

(b) In addition to any enforcement actions established by this Code, the parish has the authority to take any administrative action necessary, inclusive of placing holds on building permits and/or inspections, to rectify the violation and obtain restitution for same.

(Code 1998, § 20-006.00; Ord. of 7-10-1900; Ord. of 12-8-1925; Ord. No. 96-2500, 9-19-1996; Ord. No. 98-2903, 6-18-1998)

Sec. 35-9. Trees.

It shall be unlawful for any person, except duly authorized agents or employees of the parish to cut or deface any shade trees which are located upon the rights-of-way of public roads.

(Code 1998, § 20-007.00; Ord. of 5-8-1923)

Sec. 35-10. Live oak trees protected.

(a) *Prohibited.* It shall be unlawful for any person to cut, trim, remove, damage or deface any live oak tree, which has a circumference of 18 inches or larger when measured three feet from the ground, located on parish property or within parish rights-of-way, without first obtaining the consent and approval of the director of the parish department of public works. The director shall respond to any request within five working days. Upon receipt of said consent and approval, any trimming, maintenance, or removal of live oak trees (as specified above) shall be performed under the supervision of a professional licensed arborist. In the event of an emergency, a written statement outlining the reasons contributing to such situation shall be furnished to the public works director within 72 hours of any action taken.

(b) *Exemption.* Exempt herefrom are duly authorized agents, official and employees of parish, state or federal agencies engaged in the pursuit of their duties, or those individuals assigned to provide protection for the citizens of this parish.

(c) *Violation; penalty.* Any violation of this section shall constitute a misdemeanor punishable in accordance with section 1-9.

(Code 1998, § 20-007.01; Ord. No. 92-1599, 5-21-1992; Ord. No. 98-2893, 6-18-1998)

Editor's note—New section 35-10 added under the authority of Ordinance No. 92-1599, adopted 5-21-1992.

Sec. 35-11. Fishing from specific bridge prohibited.

Fishing from the bridge crossing Doubloon Bayou on Peterson Road in Ward 8 is hereby prohibited. Signs shall be posted on both ends of such bridge stating "No Fishing From Bridge".

(Code 1998, §20-008.00; Ord. No. 697, 2-17-1977)

Sec. 35-12. Naming or renaming streets.

(a) *When allowed.* Street names and name changes in the unincorporated areas of the parish may be initiated in the following manner:

- (1) By application of a developer or subdivider to the planning commission under the subdivision review process.
- (2) By submission to the parish Communications District No. 1 of a request from the department of public works.
- (3) By a petition to the parish Communications District No. 1 signed by at least 50 percent plus one of the property owners owning or fronting the public or private street.
- (4) By request of the parish Communications District No. 1.
- (5) The director of the department of public works shall be allowed to make administrative road name changes to the parish road inventory that only involve correcting a misspelled name or typographical error to conform same with the name reflected on the parish wide 911 map.

(b) *Street name criteria.* All street names shall conform to all policies and rules hereafter established and to the following street name criteria:

- (1) Requests to change the name of a public or private street, road, or thoroughfare shall be considered only in its entire length.
- (2) Street names shall not be duplicated for private or public street right-of-way. Spelling differences on similar sounding names do not remedy duplication.
- (3) Suffixes such as drive, road, parkway, avenue, court, loop, circle, etc., do not remedy duplication. Directional prefixes and suffixes may be allowed and will remedy duplication, however, such streets must have a common alignment.
- (4) Private street name signs shall be identical to public street name signs, except for color as follows:
- (5) The parish Communications District No. 1 will maintain a parish wide map of all road names which shall coordinate with the U.S. Postal Service, city municipal address maps and the parish road inventory (for public maintained roads only).

- (6) Streets or roads may be "offset" or "jog" with the same name provided the "jog" or "offset" is not more than 125 from centerline to centerline.
 - (7) Existing street names must be used in those instances where a new street is a direct extension of an existing street or logical extension thereof.
 - (c) *Submission contents.* All submissions for street name changes shall contain the following:
 - (1) The location of the street to be named/renamed;
 - (2) The current name, if any;
 - (3) The proposed name;
 - (4) The names and addresses of all abutting property owners, on "Property Owner Certificates" obtained from the parish assessor, must be provided by the applicant;
 - (5) The appropriate signatures of the property owners;
 - (6) The required filing fee if established in this section, parish fees and service charges.
 - a. Requests and resolutions shall be submitted to the department of development addressing the coordinator, who shall also verify that street names within subdivisions are in compliance with the above criteria.
 - b. Requests will be reviewed and forwarded with support documentation, with specific emphasis on whether a conflict exists to the parish Communications District No. 1 within 30 days.
 - c. The parish Communications District No. 1 will review the request at its next regular meeting and forward its recommendation to the governing authority for adoption of an ordinance to implement the change.
 - d. The district shall have the right to recommend the rejection of any name change request which is not in the best interest of providing emergency services to the parish.
 - e. Upon adoption of the ordinance, all relative maps and data files will be adjusted to reflect same and the department of public works will post signs accordingly on those roads under its jurisdiction.
- (Code 1998, § 20-009.00; Ord. No. 81-264, 9-17-1981; Ord. No. 84-105, 5-17-1984; Ord. No. 84-210, 9-20-1984; Ord. No. 92-1547, 1-16-1992; Ord. No. 98-2893, 6-18-1998; Ord. No. 99-3041, 3-18-1999; Ord. No. 99-3116, 7-15-1999)

Sec. 35-13. Location/placement of public and private utilities in parish rights-of-way relative to new developments/subdivisions and relocation of existing utilities.

(a) *Regulated.* All public and private utility equipment and collection and/or distribution lines shall be located as detailed in attachment A to this section. Note: Attachment A is on file with the original ordinance in the office of the clerk of the parish council.

(b) *Exemptions.* Any deviations/exemptions from the prescribed standards must be approved prior to construction and/or installation by the parish engineer, or his designated representative. Exemptions shall be allowable for subdivisions of record.

(c) *Violations.* Any individual, corporation, their agents and/or contractors not conforming with the provisions of this section shall be subject to the penalty provisions as herein contained. Each day's offense shall be construed to be a separate and individual offense.

(d) *Enforcement.* The enforcement responsibility of the provisions of this section shall reside with the department of public works.

(e) *Penalties.* Violation of this section shall constitute a misdemeanor punishable under the provisions of section 1-9. Each day of violation shall constitute a separate offense. (Code 1998, § 20-010.00; Ord. No. 85-364, 3-21-1985)

Sec. 35-14. Procedure for placement of public and private utilities in parish rights-of-way

(a) *Part 1.*

- (1) The purpose of this section and sections 35-16 through 35-23 shall be to establish the procedure for placement of public and private utilities within parish rights-of-way, proposed parish rights-of-way, or waterways, as well as the notification process for same. The term "utility" shall be generally defined and considered in its most common sense definition as any business enterprise, service or related activity which affects the public interest. It is further understood that for the purpose of this section, the following list is merely illustrative and not intended to be exhaustive: cable TV, video services, information services, data services, internet services and technological services shall be considered a utility and, as such, shall be bound by the guidelines of these sections, together with any other applicable provisions of this Code.
- (2) The parish, through its appropriate departments, may establish additional procedures and guidelines necessary to place into effect the purpose of this chapter.
- (3) The parish may establish an application process for requests to enter rights-of-way and waterways to include, but not limited to: proposals for installation of towers, equipment, cable, fiber and such related equipment or materials; schematic drawings; surveys; title examination/proof of insurance/ownership information; as-built drawings; site plans; wetland determinations; environmental assessments.
- (4) The application may include, but is not limited to, the following information: a written request for permission to enter the right-of-way, including the purpose of the request; ownership information; right-of-way dedication; wetlands determination and/or wetlands permit from the U.S. Corps of Engineers and other respective environmental

agencies; a site plan of applicant's property with relationship to the proposed structure or structures and the parish road right-of-way and any other servitudes, both public and private.

- (5) The parish is also empowered to impose and assess certain requirements, including, but not limited to, additional right-of-way dedication or donation; creation of additional servitudes; hold harmless/indemnity agreements; proof of liability insurance; proof of the parish named as an additional-named insured; letters of credit; proof of performance bonding; maintenance agreements; responsibility for costs of relocation of utilities; engineering services; permits; and the like.
 - (6) The parish shall have the right to review, approve and/or reject any plan submitted to the parish.
 - (7) Should any provision of this section conflict with a valid franchise agreement between the utility and the parish government, the franchise agreement shall prevail.
 - (8) Notwithstanding the fact that a utility shall comply with the provisions of this section, utilities providing services to the parish residents shall enter into a franchise agreement with the parish for the use of the rights-of-way for the provision of services, unless directly prohibited by law.
- (b) *Part 2.*
- (1) Further, except as provided in section 35-27(c), installation of underground utilities shall not include central water and community sewerage in those cases where the department of engineering and department of environmental services has determined that such installation is not warranted due to nonexistent community or regional sewerage or water facilities.
 - (2) Any other provision notwithstanding, all new subdivisions, and any "dormant subdivision" or "subdivision of record" where a developer applies for permission to enter the parish right-of-way for the purpose of gaining access to property pursuant to the provisions of section 35-27, must have utilities installed underground and conform to all other requirements of sections 35-14 through 35-28.
 - (3) Waiver of regulation. Cases may occur where the installation of underground utilities cannot reasonably be complied with without causing undue hardship. If the developer or property owner of record reasonably believes that he cannot comply with the provision requiring the installation of underground utilities, he may make a request in writing to the chairperson of the planning commission, stating that he is requesting a waiver of the provision requiring the installation of underground utilities and set forth the specific reasons therefor. The planning commission may grant such waiver as it deems proper by a resolution adopted by not less than a two-thirds majority affirmative vote of the planning commission membership. Such approved waiver shall be filed with

the director of the department of public works, director of the department of engineering and director of the department of development and will be so noted in the files. (Code 1998, § 20-010.01; Ord. No. 90-1288, 6-21-1990; Ord. No. 90-1331, 9-20-1990; Ord. No. 06-1223, 1-5-2006)

Editor's note—New section 35-14 created under the authority of Ordinance No. 90-1288, adopted 6-21-1990 and amended by Ord. No. 06-1340, adopted 7-6-2006.

Sec. 35-15. Notification of parish officials.

(a) *Notification.* All utility companies shall be required to notify the division of utility regulation and enforcement of the department of public works, in writing, 48 hours prior to entering any parish right-of-way for the purpose of installing and/or repairing any utility. If the parish is equipped to be notified through the DOTTIE System, notification through same shall suffice.

(b) *Written notification requirements.* Written notification shall include, but not be limited to, the following information:

- (1) Company name;
- (2) Subcontractor, if applicable;
- (3) Parish road name;
- (4) Location of work;
- (5) Date work to be done;
- (6) Description of work to be done; and
- (7) Estimated completion date, if requested.

(c) *Emergency notification.* In the event of any emergency, it shall be the responsibility of the utility company to notify the division of utility regulation and enforcement of the department of public works within three working days after such emergency. Notification of emergency work shall include all information listed above.

(d) *DOTTIE Notification.* It is expressly understood that notification to the division of utility regulation and enforcement of the department of public works does not relieve the utility company of their obligation to notify DOTTIE of any activity within the right-of-way.

(e) *Exception.*

- (1) Notification shall not be required for the installation or repair of aerial lines, excluding vertical structures and support poles. However, it shall be incumbent upon the utility company performing such work to notify the division of utility regulation and enforcement of the department of public works of any damage caused to the road or drainage

structure within three working days. In the event that damage is caused and notification is not received as specified above, penalties shall be assessed beginning on the fourth day.

- (2) Notification shall not be required for sewer and water taps on the backside of the ditch that are clearly outside of the drainage and roadside structure, and would not impair the flow line of the ditch or enter the road bed itself. However, proper backfill is still required.

(Code 1998, § 20-010.02; Ord. No. 90-1288, 6-21-1990; Ord. No. 90-1331, 9-20-1990)

Editor's note—New section 35-15 created under the authority of Ordinance No. 90-1288, adopted 6-21-1990.

Sec. 35-16. Location and placement.

(a) *Collection and distribution lines.* Except as otherwise provided in subsection (c) of this section, all public and private utility equipment and collection and/or distribution lines shall be located as detailed in attachment A of Ordinance No. 90-1331, as well as in accordance with the requirements listed below:

- (1) It shall be unlawful to cut any parish roadway for the purpose of installing any utility. When crossing lanes, utilities shall be bored or jacked and installed through a casing in accordance with LDOTD (Louisiana Department of Transportation and Development) specifications, as follows:
 - a. High pressure transmission lines shall be a minimum of 72 inches below road crown.
 - b. All other lanes shall be a minimum of 36 inches below the road crown, or a minimum of 24 inches below the ditch bottom, whichever is deeper.
- (2) All underground utilities paralleling lanes shall be a minimum of 24 inches below the surface or invert of ditch, whichever is deeper. Exception: Telecommunication and cable TV service lines may be buried a minimum of eight inches below the back side of the ditch only. This exception is conditioned upon and shall apply to a utility company only if the parish receives a hold harmless agreement from that utility company and that same is approved by the division of utility regulation and enforcement of the department of public works. Said agreement shall hold the parish, its employees, as well as any person performing work for the parish, harmless for any damage caused to these lines, as well as, any cost incurred for same.
- (3) All utilities paralleling lanes shall be placed on the back side of the ditch as shown on attachment "A" of Ordinance No. 90-1331.
- (4) Trenches shall be backfilled and tamped or compacted with acceptable materials in accordance with LDOTD standards (Gold Book) and shall be maintained as required.

- (5) Except as otherwise provided hereinbelow, after August 15, 2008, with the exception of utility poles, placement of new above ground utility housing structures larger than three cubic feet is prohibited within the parish rights-of-way.

(b) *Utility structures less than three cubic feet.* Above ground structures less than three cubic feet in size shall be no more than two feet from the rights-of-way line and shall not obstruct rights-of-way maintenance, ingress and egress to property or traffic. The proposed placement of structures less than three cubic feet in size in the right-of-way of a tacit dedication or in any right-of-way less than 50 feet wide shall be submitted to the department of engineering and shall be subject to the review and approval by the director of the department of engineering.

(c) *Structures three cubic feet to 45 cubic feet.* The location and placement of utility structures in the parish right-of-way that are more than three cubic feet, but less than 45 cubic feet in size may require the approval of the planning commission, following a public hearing for that purpose, and in all cases shall be subject to the following requirements. Individual structures greater than 45 cubic feet are prohibited. For purposes of this chapter, the term "utility structure" means the utility cabinet housing the equipment.

- (1) *Permit.* The procedure and standards for granting permission to enter parish right-of-way for gaining access to property shall be applicable to the extent that such procedures and standards are not inconsistent with the provisions of this section, which shall be controlling. The applicant shall file an application and the following documents with the department of development. The department of development shall promptly submit a copy thereof for review and recommendations by the department of public works and department of engineering. Application and construction work drawings are also required to be submitted to the department of permits for the issuance of a building permit, which may be done at the same time that the below required documents are filed with the department of development. However, a building permit shall not be issued until the application has received administrative approval from each department or the application has been approved by the planning commission. In the event of an appeal from the planning commission to the parish council, the final approval shall be that of the parish council:

- a. A site plan for the installation and placement of the particular utility structure, which shall include the following specifications: the overall dimensions/measurements of the utility cabinet/equipment housing and foundation; the proposed location of the installation within the right-of-way, providing measurements of the distance of the foundation from the back of the ditch along the right-of-way, from the edge of the paved or gravel surface of the roadway, from the property line abutting the right-of-way, and the nearest side lot line of the property abutting the right-of-way. Where the structure is proposed to be located within 200 feet of an intersecting road or right-of-way, measurements of the distance from the inter-

secting road or right-of-way shall also be provided; any additional information determined to be necessary by a parish department charged with review and approval of the application and plans.

- b. A photograph of a prototype of the utility structure to be installed, a photograph of the proposed site on the right-of-way that also depicts any intersecting road or right-of-way within 200 feet, and a photograph of the abutting property.
- (2) *Criteria.* The following criteria shall be applicable to the review and approval required by this section for installation of a utility equipment structure:
- a. The extent of the parish's right-of-way must be of sufficient width behind any existing roadside drainage ditch to allow for the installation of the utility equipment structure in accordance with the below criteria and in consideration of the relocation requirements of subsection (c)(4) of this section;
 - b. The installation and placement of the utility equipment structure shall not obstruct or impede drainage in any roadside ditch or other drainage feature and shall not interfere with the parish's maintenance thereof;
 - c. The installation of a utility equipment structure cannot be made to fit within a parish right-of-way by means of installing a culvert in the roadside drainage ditch and installing the utility structure over any part of the culvert. Such an installation is strictly prohibited;
 - d. The installation and placement of the utility structure shall not obstruct the sight line of a vehicle attempting to enter or exit a road from an intersecting road or a private driveway and shall not otherwise interfere with the safe movement of traffic on such road or at such intersection;
 - e. The installation and placement of the utility structure shall not obstruct or interfere with the parish's maintenance of the right-of-way. To ensure that the structure does not interfere with the parish's maintenance of the right-of-way, and to mitigate the potential for damage to the utility structure by parish maintenance equipment, the following criteria shall be applicable:
 - 1. Considering such factors as public safety, drainage and right-of-way maintenance, the extent of the available right-of-way, the necessity for locating the structure next to an existing utility structure or equipment, and the proximity of a less obtrusive, but equally viable alternative site, the utility structure shall be located at a point on the right-of-way nearest to the side lot line of the private property it is located in front of.
 - 2. Considering such factors as public safety and the extent of the available right-of-way in relation to the abutting property line and roadside drainage ditch, a maintenance perimeter of at least 30 inches, but not more than 60 inches, shall be required around the utility structure's foundation. The

maintenance perimeter may be established as a maintenance free perimeter made of concrete, asphalt, other impervious material or such other material that will inhibit plant growth. Such perimeter must be level with the immediately surrounding surface of the right-of-way maintained by the parish.

3. When the operation of the utility equipment in the structure that is proposed to be installed necessitates that it be located near another utility structure, the structure to be installed should immediately abut the existing utility structure/equipment and a 30-inch maintenance perimeter provided around both structures as if a single utility structure. If the two structures are separated, an appropriate maintenance perimeter is to be provided around both structures.
 4. In lieu of the maintenance free perimeter referred to hereinabove, a landscaping perimeter may be required upon consideration of the existing landscaping and aesthetics of the surrounding area.
 - f. Should advances in technology permit the use of utility equipment in a smaller utility cabinet/structure, the larger cabinet/structure is to be replaced with a smaller cabinet/structure whenever the equipment being housed in the larger cabinet/structure is to be replaced with the more advance equipment that can be housed in a smaller cabinet/structure. If the equipment ceases to be used for the purposes for which it was installed, the equipment and structure, including foundation, shall be promptly removed, and the right-of-way restored to the condition of the surrounding area of the right-of-way, at the expense of the utility company responsible for its installation or its successor.
- (3) *Post installation maintenance of perimeter.* The utility company owning and/or maintaining the utility equipment following the installation of the structure housing the equipment shall be responsible for maintaining the perimeter area that is established around the structure.
- a. Where landscaping is installed in the maintenance perimeter, the utility company shall be responsible for maintaining the landscaped perimeter at regular intervals to avoid an overgrowth of weeds or an unsightly and unkept appearance.
 - b. The utility company shall provide the name and contact information for the person designated by the utility company to oversee the maintenance of the perimeter areas around the utility structures. The information shall be provided to the department of public works and the utility company shall ensure that the name and contact information is kept current. If a maintenance complaint is received by the utility contact person, either from an employee of the parish or a resident, the utility contact person shall provide a written disposition of the complaint, within 15 days, to the complainant and to the office of code enforcement.

- c. The utility company shall provide a letter of credit to the department of finance in the amount of \$25,000.00, which is for the purpose of ensuring that maintenance is performed as required by this section. Failure to provide a written disposition in accordance with subsection (3)(b) of this section shall constitute authority for the parish to perform any required maintenance and to recover the costs thereof under the letter of credit provided for such purpose.
- (4) *Relocation required by road or drainage improvements.* When selecting a site for installation of the utility equipment structure, the utility company should take into consideration the possible need for relocation of the equipment and structure in the event that the parish undertakes improvements to an existing road or right-of-way after installation. In this regard, the structure should be located as near as possible to the boundary line of the right-of-way and abutting property. Should an installed structure be determined to interfere with a planned improvement, or would no longer meet the criteria set forth in this section as a result of the improvements, the utility company responsible for the initial installation, or its successors and assigns, shall be responsible to relocate the utility equipment structure at its expense. The utility company shall be given reasonable notice of the proposed improvement and the required relocation. A minor shifting of a few feet in the location of the structure must be appropriately noted on the originally approved plan and shall not require planning commission approval.
- (5) *Insurance, indemnification and hold harmless.* The utility company shall provide the parish with a written indemnification and hold harmless from and for any responsibility and liability for any claims and/or actions for damages arising out of the installation of a utility equipment structure provided for in subsection (c) of this section. Notwithstanding the foregoing, the utility company shall not indemnify the parish for any damages, liability or claims resulting from the negligence or willful misconduct of its officers, agents or employees. Unless self-insured, the utility company shall also provide the department of finance with proof of current liability insurance, naming the parish as an additional insured for any liability arising out of the installation of the utility equipment structure.
- (6) *Staff report; and planning commission hearing, when required.* Upon receipt of an application, the departments charged with the responsibility of reviewing and evaluating the application shall conduct a site inspection and submit its report and recommendations for inclusion in the department of development staff report. When a public hearing is required, the department of development and/or the department of engineering shall be responsible for advertising the proposed utility installation application for public hearing before the planning commission. The advertisement shall be published no less than twice during a ten day period in the official Parish Journal and/or newspaper of local circulation in the vicinity of the site of the proposed utility installation indicating the date, time and place of the hearing. No application to install

utility equipment governed by subsection (c) of this section shall be acted upon or administered to without the benefit of hearing thereon, except as provided in subsection (d) of this section. In addition, it shall be the obligation of the department of development and/or the department of engineering to ensure that proper public notice, by way of signs, be posted on or in the vicinity of the proposed installation site at least ten days prior to the public hearing. Said signs shall indicate the date, time and place of the public hearing to review the application.

- (7) *Variances.* Variances may be granted by the planning commission upon favorable vote of a majority of the membership of the commission.
 - (8) *Violation.* Any proposed change/amendment to a plan approved by the planning commission shall require planning commission approval of the change/amendment. Any alteration or change in such a plan that has not been approved by the planning commission, and any installation that is not in conformity with an approved plan, whether approved administratively or by the planning commission, shall constitute a violation of these regulations and is strictly prohibited.
 - (9) *Appeal.* Any person claiming to be aggrieved by a decision of the planning commission may appeal to the parish council, through the department of development, in written form filed within ten days following the planning commission hearing. The appeal may be heard by the parish council at its next regularly scheduled meeting following the ten day appeal period. The parish council shall have the exclusive right to overturn any planning commission decision by a majority vote of the membership of the parish council.
- (d) *Administrative approval.* An application to install a utility structure governed by subsection (c) of this section may be acted upon or administered to without the benefit of a planning commission hearing thereon, only when there is compliance with the permit and criteria requirements of subsection (c) of this section, and the following requirements are satisfied:
- (1) *Public notice to property owners.* The applicant shall provide, and submit acceptable proof of, notice of the proposed installation of the utility structure to the owner of the property abutting the location of the proposed installation and to the property owners in the immediate vicinity of the proposed location. For purposes of this chapter, owners in the immediate vicinity means the owners of the properties within a 150 foot radius of the proposed location of the utility structure. When the property abutting the location of the proposed installation is located at an intersection, owners in the immediate vicinity shall also mean the owners of the properties at that intersection. For example, the owners of the property located on the four corners, or on the corner and on the opposite sides of the streets. The applicant shall make every reasonable effort to work with the hereinabove described property owners to choose a location for the structure which will minimize its impact on the surrounding area.

- (2) *Acceptable proof of notice.* Except in those cases provided for in subsection (3) of this section, waiver of notice and no objection, the applicant shall provide a written notice of the proposed installation to the hereinabove described property owners via U.S. mail or commercial delivery. The notice shall, in clear language, inform the owner of the proposed location of the installation and that the owner shall have 30 days from the delivery date of the notice in which to notify the department of development of any objection to the proposed installation. Ownership is to be determined based on the most current listing of the parish assessor. The notice shall include the following information:
- a. The address and telephone number of the parish department of development;
 - b. A photograph of a prototype of the utility structure to be installed and a drawing showing the proposed location of the equipment within the right-of-way and in relation to the boundary lines of the owner's property, providing measurements of the distance of the foundation from the back of the ditch along the right-of-way, from the edge of the paved or gravel surface of the roadway, from the property line abutting the right-of-way, and the nearest side lot line of the property abutting the right-of-way.
- (3) *Waiver of notice and objection.* In those instances where the representatives of the applicant discuss the proposed location of the utility structure with the hereinabove described property owners, the notice provided for in subsection (2) of this section may be waived. The waiver of notice must identify the owner and his property, must identify the location of the proposed utility installation site in relation to the property, and must contain a statement that the owner, having been made aware of all relevant information concerning the proposed installation of the utility structure, has no objection to the utility structure being installed at the proposed site. The waiver of notice must be signed and dated by the owner.
- (4) *Administrative approval.* In those cases where the applicant has satisfied all of the other applicable requirements of this chapter, and has obtained a signed waiver from each of the owners of the property in the immediate vicinity of the site of the proposed installation, administrative approval shall be granted. In those cases where one or more waivers have not been provided, administrative approval may only be granted when proof of written notice and the delivery thereof is provided, and there is no record of an objection being made to the department of development within the 30 day period following delivery of written notice. In all other cases, approval of the planning commission must be obtained.

Editor's note—Section 35-16 created under the authority of Ordinance No. 90-1288, adopted 6-21-1990, Ordinance No. 90-1331, adopted 9-20-1990, and Ordinance No. 10-2305, adopted 8-5-2010.

Sec. 35-17. Public and private utilities in and adjacent to certain parish road rights-of-way.

(a) All public and private utility equipment and collection and/or distribution lines within or adjacent to the following parish road rights-of-way shall be located subsurface pursuant to parish standard requirements, as well as, the additional requirements listed below. Aerial utility lines are expressly prohibited:

- (1) Fairway Drive Extension.
- (2) Emerald Forest Boulevard.
- (3) Falconer Drive Extension.
- (4) Holy Trinity Drive.

(b) It shall be unlawful to cut any parish roadway for the purpose of installing any utility. When crossing lanes, utilities shall be bored or jacked and installed through a casing in accordance with LDOTD (Louisiana Department of Transportation and Development) specifications, as follows:

- (1) High pressure transmission lines shall be a minimum of 72 inches below road crown.
- (2) All other line shall be a minimum of 36 inches below the road crown, or a minimum of 24 inches below the ditch bottom, whichever is deeper.

(c) All underground utilities paralleling lanes shall be a minimum of 24 inches below the surface or invert of ditch, whichever is deeper.

(d) All utilities paralleling lanes shall be placed on the back side of the ditch. Exception: Telecommunication and cable TV service lines may be buried a minimum of eight inches below the back side of the ditch only. This exception is conditioned upon and shall apply to a utility company only if the parish receives a hold harmless agreement from that utility company and that same is approved by the division of utility regulation and enforcement of the department of public works. Said agreement shall hold the parish, its employees, as well as any person performing work for the parish, harmless for any damage caused to these lines, as well as, any cost incurred for same.

(e) Trenches shall be backfilled and tamped or compacted with acceptable materials in accordance with LDOTD standards (Gold Book) and shall be maintained as required.

(Code 1998, § 20-010.03.01; Ord. No. 12-2857, 11-1-2012)

Editor's note—New section 35-17 created under the authority of Ordinance No. 08-1845, adopted 6-5-2008.

Sec. 35-18. Prior approval for exemption.

Any deviation/exemption from the prescribed standards contained herein, must be approved prior to construction and/or installation by the division of utility regulation and enforcement of the department of public works.

(Code 1998, § 20-010.04; Ord. No. 90-1288, 6-21-1990; Ord. No. 90-1331, 9-20-1990)

Editor's note—New section 35-18 created under the authority of Ordinance No. 90-1288, adopted 6-21-1990.

Sec. 35-19. Enforcement.

It shall be the responsibility of the division of utility regulation and enforcement of the department of public works to review and inspect the site after completion. In the event that damage is caused to the right-of-way through activity of the utility company or their agents, the division of utility regulation and enforcement of the department of public works shall notify the utility company in writing by certified letter. The cost of repairing the damage shall be the sole responsibility of the utility company. Approval shall be required from the division of utility regulation and enforcement of the department of public works of all specifications, as well as, contractor who will perform any corrective action required as stated in this section. This section does not apply to exceptions listed under section 35-15.

(Code 1998, § 20-010.05; Ord. No. 90-1288, 6-21-1990; Ord. No. 90-1331, 9-20-1990)

Editor's note—New section 35-19 created under the authority of Ordinance No. 90-1288, adopted 6-21-1990.

Sec. 35-20. Violations.

Any individual, corporation, their agents and/or contractors not conforming with the provisions of sections 35-15 through 35-23 shall be subject to the penalty provisions as herein contained. Each day's offense shall be construed to be a separate and individual offense.

(Code 1998, § 20-010.06; Ord. No. 90-1288, 6-21-1990; Ord. No. 90-1331, 9-20-1990)

Editor's note—New section 35-20 created under the authority of Ordinance No. 90-1288, adopted 6-21-1990.

Sec. 35-21. Penalties.

Violation of these sections shall constitute a misdemeanor punishable as follows:

- (1) \$500.00 per day, commencing five working days after notification of damage if reasonable efforts have not been made to repair damage, until such time that repairs are completed to the satisfaction of the division of utility regulation and enforcement of the department of public works. Five working days shall not apply to exceptions listed under section 35-15(c);

- (2) \$250.00 for lack of notification. Each day of violation shall constitute a separate offense. Nothing herein contained shall prevent the parish from taking such other lawful actions as necessary to prevent or remedy the violation.
- (3) \$500.00 per day, commencing on the 31st day following the date of written request, for failing to respond to a written request for a utility company to identify the location and depth of a utility line that has been placed within a parish right-of-way.

(Code 1998, § 20-010.07; Ord. No. 90-1288, 6-21-1990; Ord. No. 90-1331, 9-20-1990; Ord. No. 07-1510, 2-1-2007)

Editor's note—New section 35-21 created under the authority of Ordinance No. 90-1288, adopted 6-21-1990.

Sec. 35-22. Warranty required.

The security required by this section shall be either a funded letter of credit or a bond approved by the federal register with the parish listed as obligee, as follows:

- (1) A blanket security of \$10,000.00; or
- (2) A minimum security per event of \$2,500.00.

(Code 1998, § 20-010.08)

Editor's note—New section 35-22 created under the authority of Ordinance No. 90-1288, adopted 6-21-1990.

Sec. 35-23. Enforcement of security.

(a) In the event a utility company causes damage to parish property resulting in a contractor having to take corrective action as provided in section 35-19, then, at the completion of all such corrective work, the parish will present the invoice for said corrective work to the responsible utility company, and the utility company shall have 30 days from its receipt to pay said invoice. In the event the utility company fails to pay said invoice within the 30 days, the parish may, at its option, take any appropriate action to execute on the security required by this section.

(b) In the event that the above security has to be called for any reason a new security will be established, as follows: the security shall increase in \$10,000.00 increments for each occurrence. (Code 1998, § 20-010.09; Ord. No. 90-1288, 6-21-1990; Ord. No. 90-1331, 9-20-1990)

Editor's note—New section 35-23 created under the authority of Ordinance No. 90-1288, adopted 6-21-1990.

Sec. 35-24. Effective date.

Sections 35-13 through 35-23 became effective immediately upon adoption. (Code 1998, § 20-010.10; Ord. No. 90-1288, 6-21-1990; Ord. No. 90-1331, 9-20-1990)

Editor's note—New section 35-24 created under the authority of Ordinance No. 90-1288, adopted 6-21-1990.

Sec. 35-25. Service monitoring fee.

(a) A uniform service monitoring fee of two percent on gross sales derived from the unincorporated portions of the parish is hereby imposed on all municipally owned utility companies currently operating in the parish without a valid, written service agreement, on all renewed service agreements with municipal utility companies currently operating in the parish with a valid, written service agreement, and on all publicly owned utility companies that wish to establish a franchise service area in unincorporated portions of the parish in the future pursuant to R.S. 33:4361, said service agreement fee is being imposed to fund the monitoring of all activities associated with the placement and location of public utilities in parish rights-of-way.

(b) The service agreement fee will be computed according to a two percent schedule and payable quarterly on or before April 15 for the first quarter, July 15 for the second quarter, October 15 for the third quarter, and January 15 for the fourth quarter. Attached to the payment of the franchise fee will be a statement showing the gross sales or revenue derived from the unincorporated portions of the parish for the months reported. Delinquent balances shall accrue interest at 12 percent per annum beginning on the first day following the due date of the payment.

(Code 1998, § 20-010.11; Ord. No. 97-2710, 8-21-1997)

Sec. 35-26. Use of parish right-of-way.

Use of parish right-of-way for any purpose, including, but not limited to, the following, requires prior approval of the parish governing authority or permission of the appropriate department as authorized by the governing authority:

- (1) Department of public works:
 - a. Placement of landscaping.
 - b. Placement of recreational structures, permanent or mobile.
 - c. Placement of sign.
 - d. Use of road/streets for parades or other organized activity.
- (2) Department of engineering:
 - a. Placement of subsurface drainage in excess of 50.
 - b. Gaining access to property.
 - c. Placement of utilities (see section 35-13).

(Code 1998, § 20-011.00)

Sec. 35-27. Procedures and standards for granting permission to enter parish right-of-way for gaining access to property.

(a) The application process may include, but is not limited to, the following information: a written request for permission to enter the right-of-way, including the purpose of the request; ownership information; right-of-way dedication; wetland determination and/or wetland permits from the Corps of Engineers and other respective environmental agencies and a site plan of the applicant's property with relationship to the proposed structure and the parish road right-of-way and any other servitudes, both private and public.

(b) Conditions which may be imposed on an applicant which must be incorporated within the resolution include, but are not limited to, the following information:

- (1) Requiring additional right-of-way to be dedicated to the parish or the establishment of servitudes in cases when the right-of-way does not meet the current right-of-way widths as established in chapter 125, or requiring in cases of limited right-of-way widths the provision to allow a one-way access as long as the one-way access provides an entrance and a different exit (terminus) to an approved roadway.
- (2) Requirements which will limit the applicant and any assignees by providing a hold harmless agreement and utilization of the access by an individual until the time that the access is upgraded to parish standards and accepted into the parish's road maintenance system.
- (3) Requirements which will bind the applicant or any assignees to a maintenance obligation of the access until such time as the parish agrees to accept the portion of the right-of-way into the parish's road maintenance system, by execution of notice of acknowledgment and responsibility.
- (4) The applicant will be responsible for all expenses regarding improvements, relocation of utilities, engineering services, permits, damage and recordation which may be associated with the right-of-way.
- (5) The parish engineer must review and approve a road design and drainage plan prepared by a licensed state-registered engineer. The parish engineer may require additional off-site work to minimize the potential impact of the proposed construction with special emphasis regarding drainage. The road and drainage design must meet the road standards as established under chapter 125.
- (6) Any developer/applicant proposing to develop lots within a "dormant subdivision" or "subdivision of record" must submit for review and approval of the parish engineer a drainage plan that meets the detention requirements of chapter 125. Where applicable, such developer/applicant shall be entitled to claim a credit toward drainage impact fees due the parish under the authority of chapter 2, article XVII, and, where applicable, shall be entitled to claim credit/reimbursement from any drainage impact fees that have

been paid into the "Drainage Impact Fee Escrow Account" by the owners of lots that are not owned by the developer/applicant but would be receiving the benefits of said storage requirements.

- (7) Liability insurance policy must be included, naming the parish as an insured party.
- (8) Provisions for the establishment of a performance and warranty letter of credit, when applicable and utilized in the same manner as performance letters of credit are utilized as per chapter 125.
- (9) Applicant and assignees enter into an agreement to delay the hard surfacing requirements for roads to a future date, when applicable, but are bound to meet those requirements either in participating in a front foot assessment or other parish-approved method at an appropriate time when the road may be reasonably allocated to adjoining property owners and/or assignees.
- (10) Allow the department of engineering to establish a time period for commencement and completion of construction and to delay the issuance of building permits unless appropriate letters of credit are accepted.

(c) Any application for the opening and/or extension of any unopened parish right-of-way located within the boundaries of unincorporated St. Tammany Parish shall include provisions for the concurrent installation of central water and community sewerage to the property being accessed provided said property is located within 1,000 feet (of existing central water and community sewerage lines measured along the parish right-of-way.

(Code 1998, § 20-011.01; Ord. No. 98-2893, 6-18-1998; Ord. No. 04-0983, 10-7-2004; Ord. No. 05-1214, 12-1-2005; Ord. No. 09-2173, 12-3-2009; Ord. No. 14-3199, 9-4-2014)

Sec. 35-28. Ditches/drainage structures.

It shall be unlawful for parish forces to perform any activity within any drainage structure that is not a part of the parish drainage inventory, unless otherwise authorized by the governing authority.

(Code 1998, § 20-012.00)

Sec. 35-29. Acceptance of private drainage structures, excluding subdivisions, into the drainage inventory.

(a) *The department of engineering will review any request made for new drainage structures.* The department of engineering will establish criteria to determine the feasibility of proceeding with the project based upon need, cost, projected benefit and impact to the area. Upon favorable determination of feasibility, the following will be required prior to acceptance by the governing authority:

- (1) A notarial act of dedication shall be signed by each person or group of persons who wish to dedicate to the parish the appropriate right-of-way deemed necessary by the department of engineering. Said act shall be prepared in a legally binding format by a notary public and submitted to the department of engineering.

- (2) A tax research certificate, from the office of the sheriff of the parish, indicating that all property taxes and assessments against the property to be dedicated have been paid for the three most recent tax years, and clear mortgage and conveyance certificates, from the office of the clerk of court of the parish, indicating that those who propose to dedicate the right-of-way are the sole and only owners and that there are not legal or financial encumbrances in the public records that apply to the owners, and by extension their property, or the property itself, must be run on the caption of the right-of-way to be dedicated and submitted to the parish for review.
 - (3) A survey and proces verbal legal description of the right-of-way to be dedicated, prepared by a state-licensed surveyor, must be provided to the parish.
- (b) *Inclusion into the parish drainage inventory.*
- (1) The department of engineering shall inform the department of public works that said right-of-way meets drainage inventory criteria.
 - (2) The department of public works shall create an ordinance for the governing authority to adopt accepting said right-of-way into the drainage inventory.
 - (3) Upon the adoption of the ordinance by the governing authority, the parish shall assume full ownership and responsibility for the right-of-way.
- (c) *Construction.* The department of public works will be responsible for the construction, based upon the department of engineering recommendations, and will provide all future maintenance of the structure.
- (d) *Exemption.*
- (1) Any provision herein may be waived by a two-thirds vote of the governing authority provided that the applicant submits documentation adequate to support the request for waiver.
 - (2) Servitudes may be accepted in lieu of right-of-way if determined by the parish engineer to be acceptable.

(Code 1998, § 20-012.01; Ord. No. 98-2893, 6-18-1998)

Sec. 35-30. Tacit dedication of drainage ditches.

A drainage ditch shall be added to the drainage inventory by ordinance of the governing authority upon certification by the department of public works that same has been maintained by parish personnel for a period of three years or more prior to 1998, the date of adoption of the original drainage inventory.

(Code 1998, § 20-012.02; Ord. No. 98-2893, 6-18-1998)

Sec. 35-31. Road and drainage security.

The departments of public works and engineering are granted the authority to require and establish adequate security, as follows, on any project for which it is determined that security is needed to ensure that the integrity of the road and/or drainage structure is retained:

- (1) For all industrial type projects using parish roads and bridges, a funded letter of credit or bond is required in an amount as determined by the departments of public works and engineering.
- (2) A funded letter of credit or bond on any project this is not considered active under a parish-issued building permit.
- (3) When an active parish-issued building permit is in place, a hold can be placed on the issuance of the certificate of occupancy for said permit if it is determined that an activity performed under same has caused damage to the road and/or drainage structure.

Any security established under this section shall be released upon satisfactory completion of the project or payment from the responsible party for any damage incurred to the road and/or drainage structure.

(Code 1998, § 20-013.00; Ord. No. 98-2893, 6-18-1998; Ord. No. 14-3149, 6-5-2014)

Sec. 35-32. Placement of advertising signs in parish rights-of-way.

(a) *Title.* This article shall be known and may be cited as the "St. Tammany Parish Advertising Signs on Rights-of-Way."

(b) *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Parish means the jurisdictional boundaries of the parish of St. Tammany and all its waterways.

Political sign means any sign urging the election or defeat of any candidate seeking any political office, or urging the passage or defeat of any ballot measure.

Real estate sign means any temporary sign pertaining to the sale, lease or rental of land or buildings, which is erected or displayed on the lot or parcel to which it applies.

Right-of-way means any portion of ground dedicated to the parish for public use as a street or other use.

Sign means a medium of communication, including its structure and component parts, which is used or intended to be used to attract attention to its subject matter or location usually for advertising purposes.

Sign owner means that person who owns a sign and/or is responsible for a sign. In those cases in which an owner cannot be determined, the owner of the subject being advertised shall be deemed the owner of the sign.

Snipe sign means a sign which is tacked, nailed, posted, pasted, glued or otherwise attached to poles, stakes or to other like objects.

(c) *General prohibition.* The erection, installation, maintaining or otherwise placing or permitting to remain upon any parish highway, right-of-way, including the shoulder, bank and outer or far side thereof, street, roadway, emergency lane, median of any commercial advertising sign, snipe sign, poster, marker, placard, notice, light, signal light, warning of direction sign, is prohibited, except insofar as specifically excepted according to provisions made in this chapter.

(d) *Exemptions from general prohibition.* The above prohibition shall not apply to the following:

- (1) Signs placed by the parish department of public works and parish department of development, or by order of the parish president or parish council to direct, warn, caution or inform the traveling public for the convenience and safety thereof;
- (2) Signs placed by the state department of transportation and development or other state agency for the purpose of informing or warning the public of a regulation made pursuant to law by such agency in keeping with its purposes, the safety, convenience or welfare of the public;
- (3) Signs placed by the authorities of incorporated municipalities within their corporate limits, in those instances where a parish road crosses or enters a municipal corporation;
- (4) Signs placed by railroad companies at or near railroad crossings, where required or permitted by law.

(e) *Permits; temporary required.* The parish director of parish development, or his designee, may issue temporary permits, or certificates of authority, permitting the advance placement on private property, of temporary signs with the purpose of directing guests, members of organizations or other persons to a spot or location where a permitted special event will be held.

(f) *Issuance; removal of signs.* Any such temporary permit shall be in writing and signed by the issuing officer, and it shall provide that after the permitted special event, all such signs shall be removed by the person to whom the temporary permit is issued; a sum estimated as sufficient to defray the expense of removing the signs if such permittee fails to do so, shall be collected at the time the temporary permit is issued. The security shall be returned when satisfactory evidence of the removal of such signs by permittee has been presented to the issuing official.

(g) *Issuance under other ordinance or resolution.* If the parish council, by resolution or ordinance, grants a special permit, either temporary or permanent, for the placement of any sign in the right-of-way of any road, such resolution or ordinance shall not be deemed a repeal of these procedures, but shall be deemed an exception, along with those exceptions listed above.

(h) *Procedures for removal of structures, signs, obstacles, objects, deposits/things within right-of-way.*

- (1) *Apparent value.* When structures, signs, obstacles, etc., are of a permanent nature with significant value, the sign owner will be notified by certified mail to remove it within five days. When items do not have significant value but do retain some apparent value, the owner shall be notified orally to remove it within five days. All signs of significant or apparent value will be marked with a "Notice of Violation" at the time of owner notification. If the owner is unknown or cannot be found, a "Notice of Violation" shall be affixed to the object setting forth that it must be removed within five days from the date specified. Failure to remove within the specified period of time services as forfeiture of all rights thereto and the parish government remove the object for its own use, dispose of it in any way deemed necessary. The owner and any other person responsible therefore remains liable for any damages to the public property or expenditures of public funds resulting from the installation or removal of such items.
- (2) *No apparent value.* Structures, signs, obstacles, etc., that have no apparent value will be summarily removed and destroyed or disposed of in the most cost effective manner available. Items in this category are wooden stake signs, small cardboard signs, light paper signs, signs nailed to utility poles, snipe signs, signs deemed to be a traffic hazard or obstacle to right-of-way maintenance.
- (3) *Political, real estate, or similar type signs.* Political, real estate, or similar type signs shall not be located within the public right-of-way. Large signs (i.e., plywood with two by four supports, or signs that exceed four square feet in surface area) will be marked with a "Notice of Violation" and removed after five days. The ultimate disposition of political, real estate or similar type signs will be provided in subsection (2) of this section.
- (4) *Potential traffic hazard or obstacle to maintenance.* Any structure, sign, headwall, obstacle, object, deposit or thing which is potentially hazardous or interferes with road or structure maintenance subsection (2) of this section.

(i) *Removal and disposal.* Any commercial advertising sign, snipe sign, poster, marker, placard, notice, light, signal light, warning of direction sign, or any other sign as defined in the foregoing sections, considered to be of no apparent value or potential traffic hazard or obstacle to maintenance is subject to immediate removal and disposal by the department of permits and regulatory, department of development, code enforcement/violations officers, department of

environmental services, litter abatement, the parish constables, as soon as possible after either of those departments and/or officials is made aware of the location of such signs on public property or within the right-of-way.

(j) *Litter violation.* Any violation of the aforementioned sections shall be considered a violation of this Code and is subject to the civil and criminal procedures provided therein. (Code 1998, § 20-014.00; Ord. No. 02-0551, 10-10-2002; Ord. No. 03-0615, 2-6-2003)

Sec. 35-33. Mailboxes within parish right-of-way.

Mailboxes are permitted within parish rights-of-way, provided that they meet the following specifications:

(1) *Types of mailboxes and installation.*

- a. Mailboxes must be constructed of sheet metal, plastic or similar weight material, with weight not to exceed 11 pounds.
- b. Newspaper boxes may be mounted below the mailbox, on the side of the mailbox support, or on their own post alongside.
- c. No more than two mailboxes can be mounted on a support structure unless the configuration has met U.S. Department of Transportation crash test standards.
- d. A single four by four inch square or four-inch diameter wooden post, or light gauge pipe with a strength no greater than two-inch standard steel pipe, must be embedded no more than 24 inches in the ground.
- e. The mailbox and its support will be considered hazardous to motorist when the support exceeds the described structural limitations.
- f. Any other type mailbox or installation not conforming to these specifications are not approved for placement within parish right-of-way, and therefore exist at the sole liability of the property owner.

(2) *Placement and reinstallation.*

- a. The location and construction of mailboxes shall conform to the rules and regulations of the U.S. Postal Service.
- b. Contact your local post office for instructions on the height (normally 42 inches to 46 inches) and side of the road where your mailbox should be located.
- c. Parish is charged with maintaining parish rights-of-way, as such, should damage occur to any nonconforming mailbox (i.e., multiple mailboxes, metal cylinders, structures made of brick, stone or other similar materials) or nonconforming post (i.e., large steel post, railroad ties, telephone poles, etc.) located with parish right-of-way, the parish shall not be held liable.

- d. Should the parish cause irreparable damage to an approved mailbox while performing maintenance activities, the parish's total liability assumed shall be reimbursement of a sum not to exceed \$40.00. This sum is based on the current prevailing market value of standard mailbox and pole for this area and is only subject to adjustments to reflect annual changes based on the Consumer Price Index for All Urban Consumers (CPI-U) as published by the U.S. Department of Labor, Bureau of Labor Statistics, Washington, D.C. inclusive of any applicable sales taxes; or replacement with a standard mailbox and pole.

(Code 1998, § 20-015.00; Ord. No. 05-1200, 10-6-2005)

Sec. 35-34. Major road right-of-way protection for future expansion.

(a) The regulations set forth in this section shall be applicable to the following major roads that need to be improved and/or widened in order to address the existing volume of traffic, level of service and traffic safety:

- (1) LA 59 from LA 1088 to Harrison Avenue.
- (2) LA 1077 from 1-12 to U.S. 190.
- (3) LA 21 from Bootlegger to 8th Avenue.
- (4) LA 434 from U.S. 190 to LA 36.
- (5) LA 25 from U.S. 190 to the Washington parish line.
- (6) LA 1088 from LA 59 to LA 36.
- (7) U.S. 11 from U.S. 190 to LA 41.
- (8) LA 437 (Lee Road) from U.S. 190 to LA 40 (Barkers Corner).

(b) The following protected area for future road improvements and/or widening is established for any road listed in subsection (a) of this section: That area between the centerline of the road and a parallel line extending out from the centerline a distance of 75 feet on both sides of the road.

(c) No building, structure or parking area shall be constructed or placed within the protected area established in subsection (b) of this section, where a parcel to be developed is located with frontage on a major road listed in subsection (a) of this section.

(d) Pursuant to the provisions of R.S. 33:4780.46(3)(B), section 7.0402(A)(2) of Land Use Ordinance No. 523, and section 3.0104(B)(2) of the Unified Development Code, volume 1-Zoning, the board of adjustment shall have the power to hear and decide all matters referred to it or upon which it is required to pass pursuant to ordinance. In accordance with the aforesaid authority, and the authority set forth herein, the board of adjustment shall hear and decide any written application filed by a person claiming to be aggrieved by application of the requirements of this chapter. Upon written application filed with the department of develop-

ment, setting forth the practical difficulties or unnecessary hardships in meeting the requirements of this chapter, the board of adjustment shall hear and decide whether to vary or modify the application of the requirements of this chapter.

Sec. 36-1. Political signs; temporary permits.

(a) Any person desiring to distribute or display a political sign in connection with an organized campaign in support of or opposition to and candidacy, political slate or ticket, or ballot proposal shall first make an application to the department of planning and development for the issuance of a temporary sign permit. Such application shall include the name, address and telephone number of the applicant. The applicant for the permit shall provide the department of development with specimen copies of all signs to be distributed or displayed under the permit.

(b) The department of planning and development shall issue the requested permit upon receipt of the application and specimens provided for in subsection (a) of this section. Said permit shall authorize the distribution, erection and display of an unlimited number of signs of the type or types submitted by the applicant.

(c) Any such permit shall be issued for a period of time not to exceed 90 consecutive calendar days, however, that in the event that signs are distributed, erected or displayed under any such permit in connection with any candidacy or ballot proposal which involves more than one election, the permit shall automatically extend to the tenth day following the date of the general election to which the sign pertains.

(d) No political sign shall be erected or displayed in any public right-of-way.

(e) No political sign shall exceed 32 square feet in sign face area.

(f) The applicant shall remove all political signs erected or displayed under any permit issued to him under the provisions of this section no later than ten calendar days following the last election to which the signs pertain. Upon the failure to timely remove such signs, the parish may thereafter remove and dispose of any remaining signs.

(Code 1998, § 12-005.00; Ord. No. 96-2421, 5-16-1996)

Sec. 36-2. Placement of advertising signs in parish rights-of-way.

This article shall be known and may be cited as the "St. Tammany Parish Advertising Signs on Rights-of-Way."

(Code 1998, § 15-005.06)

Sec. 36-3. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Political sign means any sign urging the election or defeat of any candidate seeking any political office, or urging the passage or defeat of any ballot measure, but not including any billboard owned or maintained by a commercial firm or advertising company when leased or used as a political sign.

Real estate sign means any temporary sign pertaining to the sale, lease or rental of land or buildings, which is erected or displayed on the lot or parcel to which it applies.

Right-of way means any portion of ground dedicated to the parish for public use as a street or other use.

Sign means a medium of communication, including its structure and component parts, which is used, or intended to be used, to attract attention to its subject matter or location usually for advertising purposes.

Sign owner means that person who owns a sign and/or is responsible for a sign. In those cases in which an owner cannot be determined, the owner of the subject being advertised shall be deemed the owner of the sign.

Snipe sign means a sign which is tacked, nailed, posted, pasted, glued or otherwise attached to poles, stakes or to other like objects.
(Code 1998, § 15-005.07)

Sec. 36-4. General prohibition.

The erection, installation, maintaining or otherwise placing or permitting to remain upon any parish highway, right-of-way, including the shoulder, bank and outer or far side thereof, street, roadway, emergency lane, median, of any commercial advertising sign, snipe sign, poster, marker, placard, notice, light, signal light, warning of direction sign, is prohibited, except insofar as specifically excepted according to provisions made in this chapter.
(Code 1998, § 15-005.08)

Sec. 36-5. Exemptions from general prohibition.

The prohibition mentioned in section 36-4 shall not apply to the following:

- (1) Signs placed by the parish department of public works and the parish department of planning, or by order of the parish president or parish council to direct, warn, caution or inform the traveling public for the convenience and safety thereof;
- (2) Signs placed by the state department of transportation and development or other state agency for the purpose of informing or warning the public of a regulation made pursuant to law by such agency in keeping with its purposes, the safety, convenience or welfare of the public;
- (3) Signs placed by the authorities of incorporated municipalities within their corporate limits, in those instances where a parish road crosses or enters a municipal corporation;
- (4) Signs placed by railroad companies at or near railroad crossings, where required or permitted by law.

(Code 1998, § 15-005.09)

Sec. 36-6. Permits; temporary required.

The director of parish development, or his designee, may issue temporary permits, or certificates of authority, permitting the advance placement on private property, of temporary signs with the purpose of directing guests, members of organizations or other persons to a spot or location where a permitted special event will be held.

(Code 1998, § 15-005.10; Ord. No. 03-0615, 2-6-2003)

Sec. 36-7. Issuance; removal of signs.

Any such temporary permit shall be in writing and signed by the issuing officer, and it shall provide that after the permitted special event, all such signs shall be removed by the person to whom the temporary permit is issued; a sum estimated as sufficient to defray the expense of removing the signs if such permittee fails to do so, shall be collected at the time the temporary permit is issued. The security shall be returned when satisfactory evidence of the removal of such signs by permittee has been presented to the issuing official.

(Code 1998, § 15-005.11; Ord. No. 03-0615, 2-6-2003)

Sec. 36-8. Issuance under other ordinance or resolution.

If the parish council, by resolution or ordinance, grants a special permit, either temporary or permanent, for the placement of any sign in the right-of-way of any road, such resolution or ordinance shall not be deemed a repeal of these procedures, but shall be deemed an exception, along with those exceptions listed in section 36-4 in exemptions from general provisions.

(Code 1998, § 15-005.12)

Sec. 36-9. Procedures for removal of structures, signs, obstacles, objects, deposits/things within right-of-way.

(a) *Apparent value.* When structures, signs, obstacles, etc., are of a permanent nature with significant value, the sign owner will be notified by certified mail to remove it within five days. When items do not have significant value, but do retain some apparent value, the owner shall be notified orally to remove it within five days. All signs of significant or apparent value will be marked with a notice of violation at the time of owner notification. If the owner is unknown or cannot be found, a notice of violation shall be affixed to the object setting forth that it must be removed within five days from the date specified. Failure to remove within the specified period of time serves as forfeiture of all rights thereto and the parish government may remove the object for its own use, and dispose of it in any way deemed necessary. The owner and any other person responsible therefore remains liable for any damages to the public property or expenditures of public funds resulting from the installation or removal of such items.

(b) *No apparent value.* Structures, signs, obstacles, etc., that have no apparent value will be summarily removed and destroyed or disposed of in the most cost effective manner available. Items in this category are wooden stake signs, small cardboard signs, light paper signs, signs nailed to utility poles, snipe signs, signs deemed to be a traffic hazard or obstacle to right-of-way maintenance.

(c) *Political, real estate, or similar type signs.* Political, real estate or similar type signs shall not be located within the public right-of-way. Large signs (i.e., plywood with two by four supports, or signs that exceed four square feet in surface area) will be marked with a notice of violation and removed after five days. The ultimate disposition of political, real estate or similar type signs will be provided in subsection (b) of this section.

(d) *Potential traffic hazard or obstacle to maintenance.* Any structure, sign, headwall, obstacle, object, deposit or thing which is potentially hazardous or interferes with road or structure maintenance because of its location or type of construction will be removed as provided for in subsection (b) of this section.

(Code 1998, § 15-005.13; Ord. No. 03-0615, 2-6-2003)

Sec. 36-10. Removal and disposal.

Any commercial advertising sign, snipe sign, poster, marker, placard, notice, light, signal light, warning of direction sign, or any other sign as defined in the foregoing sections, considered to be of no apparent value or potential traffic hazard or obstacle to maintenance is subject to immediate removal and disposal by the department of permits and regulatory, department of planning, code enforcement/violations officers, department of environmental services, litter abatement, or the parish constables, as soon as possible after either of those departments and/or officials is made aware of the location of such signs on public property or within the right-of-way.

ARTICLE I. IN GENERAL**Sec. 38-1. Purpose and scope.**

(a) *Purpose.* It is the purpose of this chapter and it is hereby declared to be the policy of the parish to ensure a comprehensive solid waste management system to regulate the storage, collection, transportation, processing and disposal of solid waste and to eliminate litter as much as possible in a manner that will:

- (1) Protect the public health, safety and welfare;
- (2) Prevent land, water and air pollution;
- (3) Prevent the spread of disease and the creation of nuisances;
- (4) Conserve natural resources; and
- (5) Enhance the beauty and quality of the environment.

(b) *Scope.* This chapter is applicable to all solid waste storage, collection, transportation, processing and disposal operations within the unincorporated areas of the parish.

(c) *Purpose of following articles.* The purpose of the following articles is to:

- (1) Establish procedures, regulations and standards by which the public health and safety and the environment is protected by ensuring that safe, sustainable and proper techniques are employed to better manage solid waste in the unincorporated areas of the parish;
- (2) Build upon the existing litter abatement ordinances;
- (3) Create licensure and registration requirements and procedures for the unincorporated portions of the parish and to establish penalties for violations thereof;
- (4) Licensure in the parish is a privilege and not a right;
- (5) To permit and authorize the parish the specific authority to promulgate rules and regulations on an on-going basis and as needed under the circumstances;
- (6) Ensure that all individuals are both informed and responsible for their actions regarding solid waste that may affect the public health and the environment and the community now and in the future;
- (7) Support activities that will promote reduction, reuse and recycling and sustainable diversion of materials found in the wastestream;
- (8) Augment, supplement and support existing state controls pertaining to solid waste; and

- (9) To impose penalties and fines concerning illegal collection, transfer and/or disposal activities.

(Code 1998, § 9-001.00; Ord. No. 01-0284, 3-1-2001; Ord. No. 11-2588, 9-1-2011)

Historical note—Promulgated by the department of environmental quality, office of solid and hazardous waste, solid waste division, L.R. 19:187 (February 1993), amended by the office of environmental assessment, environmental planning division, L.R. 26:2514 (November 2000), amended by the office of the secretary, legal affairs division, L.R. 33:1018 (June 2007).

Sec. 38-2. Authority.

(a) An ordinance authorizing and providing for the parish to establish standards and requirements, together with promulgation of binding rules and regulations, for solid waste management operations within the unincorporated areas of the parish; requiring licenses and/or permits for storage, collection, transportation, processing and disposal of solid waste embodying and supplementing the minimum standards and requirements established by rules of the state department of environmental quality (DEQ) as promulgated under title 33, part VII et seq., of the Environmental Regulatory Code (ERC) and ch. 9 ; providing for enforcement of said requirements; imposing penalties for failure to comply with these provisions; requiring performance bonds and insurance; promulgate rules and regulations; and promoting the health, safety and welfare of the public. This chapter is adopted pursuant to the express authority set forth in R.S. 33:4169.1, and all other applicable statutes and regulations pertaining to the licensing, collection, storage, hauling, transfer, disposal and diversion of solid waste.

(b) This chapter shall consider the state Environmental Quality Act (R.S. 30:2001 et seq.) which established the enforcement authority and procedures for carrying out the purposes of the Act. The state solid waste operator certification and training program (R.S. 37:3151 et seq.) created the state solid waste operator certification and training program. The principle domicile of the board shall be that of the department of environmental quality. The provisions in this chapter are intended to provide for additional requirements in the parish.

(Code 1998, § 9-002.00)

Sec. 38-3. Definitions.

(a) Any and all definitions contained herein are comparable to those found in title 33 of Environmental Regulatory Code, part VII, subpart 1, ch. 1, section 115. The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, unless the context otherwise requires:

Acceptable household quantities mean waste which is otherwise unacceptable waste, but which is contained in garbage, refuse and municipal solid waste from normal household activities. For the purpose of this definition, the term "household" includes any residential dwelling unit or place of transient residence.

Acceptable nonhousehold waste means waste which is otherwise unacceptable waste, but which is contained in garbage, refuse and municipal solid waste generated from commercial, industrial or community activities, where the quantity of such unacceptable waste contained in any load delivered to the designated facility does not constitute a significant portion of such load. No amount of hazardous waste that is regulated by law is acceptable waste.

Acceptable waste includes garbage, household refuse, tree and yard trimmings, furniture and municipal solid waste from residential and commercial waste generated by stores, offices, restaurants, warehouses and other nonmanufacturing activities that is not otherwise defined as hazardous waste or unacceptable waste. In addition, construction and demolition (C&D) waste is acceptable, which includes building materials and rubble resulting from construction, remodeling, repair, paving and demolition. The term "acceptable waste" also includes wood, brick, concrete, metal, wallboard, insulation and other nonhazardous building materials. Any community waste which is generated and collected which is not otherwise defined herein as hazardous waste or unacceptable waste. The definition of "acceptable waste" shall not be construed to mean that every type of acceptable waste may be deposited at a particular solid waste management facility or solid waste transfer station.

Administrative hearing officer means that person authorized, as per law, to conduct hearings and issue rulings for the parish.

Agency means and refers to the environmental protection agency, its agent or representative. In the case of the state, that means region VI.

Agricultural waste means nonhazardous waste resulting from the production and processing of agricultural products, including manures, pruning and crop residues. The term "agricultural waste" does not include solid wastes defined as industrial solid waste in this section.

Air contaminant means the presence in the outdoor atmosphere of any dust, fume, mist, smoke, vapor, gas or other gaseous fluid, or particular substance, differing in composition from or exceeding in concentration, the natural components of the atmosphere, such as, but not limited to, the resulting ambient conditions created by the unlawful burning of solid waste.

Air pollution means the presence in the outdoor atmosphere of any air contaminant or combination thereof in such quantity, of such nature and duration, and under such conditions as would be injurious to human health or welfare, to animal or plant life, or to property, or to interfere unreasonably with the enjoyment of life or property.

Ash means the incombustible material that remains after a fuel or solid waste is incinerated.

Backyard compost site means a site used to compost food scraps, garden wastes, weeds, lawn cuttings, leaves and prunings from a single-family or household, apartment building or single commercial office, a member of which is the owner, occupant or lessee of the property.

Brush disposal facility means a site used exclusively for disposal of trees and tree parts including stumps, branches and their attached leaves.

Bulky waste includes large items with weights or volumes greater than those allowed for individual household-type containers as described in section 16-4(b). Bulky waste includes, but is not limited to, automobile parts (fenders, seats and other parts not exceeding 400 pounds), furniture and toys, large tree limbs and shrubbery, fence boards, rugs and carpeting, construction debris, as defined below in this section. The term "bulky waste" does not include dead animals, hazardous waste and stable waste.

Bulky waste requiring boom truck collection includes those bulky waste items which are unable to fit in the back of a rear loader; those that weigh more than 75 pounds but less than 400 pounds and/or measuring between four feet and six feet in length.

Bulky waste suitable for manual collection includes those bulky waste items capable of fitting in the back of a rear end loader; those that do not exceed four feet in length and 75 pounds in weight (the 4/75 Rule).

Canister system means a facility where solid waste is deposited in mechanically serviced containers as an intermediate step of congregating solid waste from several properties for periodic removal of the accumulated waste by commercial hauler. Similar to a transfer station (see below).

Closure means actions to prevent or minimize the threat to public health and the environment posed by a facility that no longer accepts the solid waste for which it operated or was permitted, including the removal of contaminated equipment, the removal of liners, grading, applying final cover, seeding of final cover, installation of monitoring devices, construction of groundwater and surface water diversion structures and gas control systems as necessary.

Co-compost means the controlled biological decomposition and management of selected organic solid waste that is mixed with a nutrient source, most commonly sewage sludge, which results in an innocuous, stable, humus product which can be used as a soil conditioner.

Co-disposal means the disposal of nonhazardous industrial wastes together with mixed municipal solid waste at a waste facility.

Collection means the aggregation of waste from the place at which it is generated and includes all activities up to the time the waste is delivered to a waste facility. The term "collection" may include either manual or automated systems.

Collection facility means a facility where one or more containers are located, that is used to accumulate solid waste generated by and delivered by more than one household or commercial establishment for pickup by a transporter, including, but not limited to, facilities typically located in rural areas where garbage collection does not occur. The term "collection facility" does not include containers that receive only solid waste generated on property that is

contiguous with the property on which the container is located (e.g., containers located at and receiving solid waste only from a multiunit dwelling or a commercial establishment or an industrial establishment).

Commercial hauler means any person, entity or corporation who owns, operates, leases or subleases vehicles or services for the purpose of contracting to collect or transport solid waste or source separated materials from residential, commercial or industrial property.

Commercial solid waste means all types of solid waste generated by stores, offices, restaurants, warehouses and other business or manufacturing activities, excluding residential and industrial wastes.

Compactor means any container which has compaction mechanisms, whether stationary or mobile.

Compost means solid waste which has undergone biological decomposition of organic matter and has been stabilized using composting or similar technologies, to a degree, that is beneficial to plant growth and that is used, or sold for use, as a soil amendment, artificial topsoil, growing-medium amendment or other similar uses.

Compost facility means a site used to compost solid waste including all structures used to control drainage, collect and treat leachate, storage areas for the incoming waste and the final product. A composting facility may include various types of compost operations, including but not limited to windrow, in-vessel or static pile facilities.

Composting means the controlled microbic degradation of organic waste to yield a humus-like product. Generally, the compost itself is a solid waste which has undergone biological decomposition of organic matter and has been stabilized using composting or similar technologies, to a degree, that is beneficial to plant growth and that is used, or sold for use, as a soil amendment, artificial topsoil, growing-medium amendment or other similar uses.

Construction/demolition debris means nonhazardous waste generally considered not water-soluble, including, but not limited to, metal, concrete, brick, asphalt, roofing materials (shingles, sheet rock, plaster), or lumber from a construction or demolition project, but excluding asbestos-contaminated waste. Regulated asbestos-containing material—RACM—As defined in LAC 33:111.5151.B), white goods, furniture, trash or treated lumber. The admixture of construction and demolition debris with more than five percent by volume of paper associated with such debris or any other type of solid waste (excluding woodwaste or yard trash) will cause it to be classified as other than construction/demolition debris.

Containment means isolating, controlling and monitoring waste in a waste facility in order to prevent a release of waste from the facility that would have an adverse impact upon human health and the environment.

Cover material means approved material that is used to cover compacted solid waste in a land disposal site. Important general characteristics of good cover material are low permeability, uniform texture, cohesiveness and compactibility. The term "cover material" is also known as daily cover.

Curbside recycling bin means any bin approved by the department for the purpose of curbside collection of recyclable materials.

Curing area means an area where organic material that has undergone the rapid initial stage of composting is further stabilized into a humus-like material.

Demolition landfill means an area of land used for the disposal of demolition waste.

Demolition waste means nonputrescible solid waste from the construction, remodeling, repair or demolition of structures, including buildings and paved roads. It includes waste building materials, packaging and rubble such as concrete, brick, bituminous concrete, wood, masonry, glass, trees, structural metals, insulation, roofing material and plastic building parts. It may also include other waste materials accepted by the department. The term "demolition waste" does not include uncontaminated earth or rock, hazardous materials, asbestos, industrial waste or appliances.

Department means the parish department of environmental services, an agency within the administrative branch of the parish government.

DEQ means the state department of environmental quality, as created by R.S. 30:2001 et seq.

Disposal or *dispose* means the discharge, deposit, injection, dumping, spilling, leaking or placing of any waste into, or on, any land or water so that the waste, or any constituent thereof, may enter the environment or be emitted into the air, or discharged into any waters, including groundwater. Abandonment of solid waste, whether or not it comes into contact with land or water, is also considered disposal.

Disposal site or *facility* means a waste facility that is designed or operated for the purpose of disposing of waste in or on the land, together with any appurtenant facilities needed to process waste for disposal or transfer to another waste facility, which has been approved by the department and all other applicable local, state and federal agencies.

Dumping means the illegal placement of any solid waste anywhere other than an approved facility or container.

Dwelling means a residential building or portion thereof intended for human occupancy, but not including hotels, motels, boardinghouses or roominghouses.

Environmental Regulatory Code means the rules and regulations of the state department of environmental quality that are codified pursuant to R.S. 49:954.3.

Facility means the actual land and associated appurtenances used for storage, processing and/or disposal of solid wastes, but possibly consisting of one or more units. Any earthen ditches leading to or from a unit of a facility and that receives solid waste are considered part of the facility to which they connect, except for ditches lined with materials capable of preventing groundwater contamination. The term "facility" does not necessarily mean an entire industrial manufacturing plant.

Financial assurance means monetary mechanisms, which are used to ensure proper closure, post closure care and contingency action at a site or facility.

Floodplain means the areas adjoining a watercourse or water basin that has been or hereafter may be covered by a regional floodplain.

Garbage means solid waste that includes animal and vegetable matter from the handling, preparation, cooking and serving of foods (including grease trap waste), but that does not include industrial solid waste.

Generate means the act or process of producing waste, including the production or aggregation of waste occurring at an intermediate disposal facility.

Generator means any person, business, institution and/or governmental entity that generates solid waste.

Groundwater means water below the land surface in the zone of saturation.

Hauler means any person or entity in the business of the collection and transportation of solid waste.

Hazardous waste includes any chemical, compound, mixture, substance or article which is designated by the United States Environmental Protection Agency or appropriate agency of the state to be "hazardous" as that term is defined by or pursuant to federal and state laws and regulations, including LAC 33:V. subpart 1 and the Resource Conservation and Recovery Act and subsequent amendments. Residential solid waste normally contains some hazardous wastes; however, household hazardous wastes are exempt from federal and state hazardous waste regulations and may be disposed of with household solid waste. Therefore, residential waste is not considered to be hazardous waste as used in this chapter.

Herbaceous means any nonwoody plant.

Household means a single, detached dwelling unit or a single unit of a multiple dwelling unit.

Household hazardous waste means any material (including garbage, trash and sanitary wastes in septic tanks) derived from households (including single and multiple residences, hotels and motels, bunk houses, ranger stations, crew quarters, campgrounds, picnic grounds and day use recreation areas) that exhibit characteristics of or that is listed as hazardous waste under the state department of environmental quality rules.

Illegal dumping means the depositing of solid wastes into a body or stream of water or on the surface of the ground at a location, except as authorized by applicable federal, state or local permits.

Inactive (or abandoned) facility means a solid waste storage, processing or disposal facility that no longer receives solid waste and has not been closed in accordance with the state solid waste regulations.

Incineration means the process by which solid wastes are burned for the purpose of volume and weight reduction in permitted and licensed facilities designed for such use.

Incinerator generally means a furnace designed for the volume reduction of solid waste by burning in a fire box with proper controls and temperature range with stack emissions which do not exceed any air pollution control limits established by the state department of environmental quality, means including any enclosed device using controlled-flame combustion that neither meets the criteria for classification as a boiler nor is listed as an industrial furnace and is not a boiler nor an industrial furnace as defined in LAC 33:V.109.

Incinerator ash means residual solid waste, which has been received, thermally oxidized and/or decomposed by an incinerator.

Incinerator waste-handling facility means a facility that processes solid waste which has been received, thermally oxidized and/or decomposed by an incinerator.

Industrial solid waste means solid waste generated by a manufacturing, industrial or mining process, or which is contaminated by solid waste generated by such a process. Such waste may include, but is not limited to, waste resulting from the following manufacturing processes: electric power generation; fertilizer/agricultural chemicals; food and related products; byproducts; inorganic chemicals; iron and steel manufacturing; leather and leather products; nonferrous metals manufacturing/foundries; organic chemicals; plastics and resins manufacturing; pulp and paper industry; rubber and miscellaneous plastic products; stone, glass, clay and concrete products; textile manufacturing; and transportation equipment. The term "industrial solid waste" does not include hazardous waste regulated under the state hazardous waste regulations or under federal law, or waste which is subject to regulation under the office of conservation's statewide order No. 29-B or by other agencies.

Industrial solid waste facility means a facility for the processing, storage and/or disposal of industrial solid waste.

Infectious waste means waste that contains pathogens of sufficient virulence and quantity that exposure to it could result in an infectious disease in a susceptible host person or animal that has been or may have been exposed to a contagious or infectious disease.

Intermediate disposal means the preliminary or incomplete disposal of solid waste including, but not limited to, transfer station operations, open burning, incomplete land disposal, incineration, composting, reduction, shredding, compression, recycling, processing, resource recovery and any other management or handling of waste short of final disposal.

Junk means scrap copper, brass, rope, rags, batteries, paper, trash, rubber debris, ferrous material, nonferrous material, inoperable automobiles, farm and construction machinery and parts thereof.

Junkyard means an establishment or place of storage and deposit which is maintained, operated, or used for storing, buying or selling junk, or for the maintenance or operation of an automobile graveyard, at which the waste, vehicle body or discarded material stored is equal in bulk to three or more motor vehicles.

Land disposal facility means any tract or parcel of land, including any constructed facility, at which solid waste is disposed of in or on the land.

Land pollution means the presence in or on the land of any waste or waste byproducts in such quantity, of such nature and duration, and under such condition as would negatively affect any waters of the state, create air contaminants, cause air pollution or contaminate soils at the site making the site unacceptable for further use.

Landfarm means a facility for the disposal of solid wastes in which waste are applied to the land and/or incorporated into the soil for biological reduction and soil attenuation.

Landfill means a facility for the disposal of solid waste, other than landfarms or surface impoundments, that disposes of solid waste by placing it on or into the land surface and usually also compacting and covering with suitable cover material to a depth and at a frequency sufficient to control disease vectors and odors and in a manner that protects human health and the environment.

Land-spreading/land application means the placement of waste or waste byproducts on or incorporated into the soil surface.

Land-spreading/land application site means any land used for the purpose of land-spreading or the land application of waste or waste byproducts.

Leachate means a liquid that has passed through or emerged from solid waste and may contain soluble, suspended or miscible materials removed from such wastes.

Leachate management system means the structures constructed and operated to contain, transport and treat leachate, including liners, collection pipes, detection systems, holding areas and treatment facilities.

License/licensee means the landowner, owner, operator or other person given authority by the department to establish, operate and maintain a solid waste management activity, collect and transfer solid waste to a disposal site or facility.

Litter abatement officer means litter enforcement officer employed by the parish to enforce litter ordinances and codes through the administrative adjudication process as authorized by R.S. 33:1236(54)(B) and all other applicable statutes.
